

**Associate of Arts Articulation Agreement between  
Seattle Community College District  
and  
The University of Victoria  
Victoria, BC, Canada**

To create a clear and easy pathway for students of the Seattle Community College District (SCCD), consisting of North Seattle Community College, South Seattle Community College and Seattle Central Community College, to transfer to and complete their baccalaureate degree at the University of Victoria, this direct transfer agreement (DTA) outlines transfer requirements, provisions, and related advertising considerations. This DTA does not guarantee admission to the university or to the specific program/major.

1. Upon completion of the Associate of Arts degree (A.A.) degree or a minimum of 45 credits at the Seattle Community Colleges, students with a minimum cumulative grade point average (GPA) of 2.0 or C on their most recent year of full-time studies will be considered by the University of Victoria. Pre-articulated courses are listed in Appendix A, and will be applied to the student's degree program according to their chosen major.
2. All courses will be considered for transfer on a course by course basis. As elective (General Education) requirements are determined individually by each major department at UVic, Seattle Community College transfer students should select appropriate classes following the guidelines for their major and the list of pre-articulated courses in Appendix A. Transfer students to UVic must complete a minimum of 30 upper level UVic units (60 credits) at UVic in order to meet UVic degree and residency requirements
3. International students who successfully complete ENGL& 101 and/or ENGL& 102 will have met the English language proficiency requirements of the University of Victoria, and will not need to submit separate proof of English proficiency at the time of application.
4. SCCD and the University of Victoria may choose to co-develop written materials outlining for SCCD students programs, policies and procedures relevant to this DTA. This DTA will be publicized in newsletters, course schedules and other promotional materials.

This agreement will remain in effect until a mutually agreed-upon change is deemed necessary. This agreement may be terminated by the SCCD or the University of Victoria with appropriate written notification. Each institution agrees to provide termination notice one year prior to intended change.

SCCD and the University of Victoria officially authorize this agreement on \_\_\_\_ day of \_\_\_\_\_, 20\_\_\_\_, with the agreement becoming effective immediately.
