

## Scholarship and Stipend Application for Summer 2009 Programs

The Seattle Community Colleges have limited funds to support district-sponsored study abroad/service learning programs. Awards typically range from \$250 to \$1,000. Scholarships are awards applied directly toward your program fee. Stipend awards involve an agreement to provide service in return for the funds, such as making presentations on Global Impact, performing a specific role/responsibility on the trip, etc. In selecting recipients, the Committee considers the academic, personal and, in some cases, technical qualifications of each applicant. *Please note that funds are limited and we are unable to award a stipend or scholarship to every applicant.* If you receive an award, the funds will be applied directly to your study abroad/service learning program fees. If you cancel your participation in the study abroad program or the program is cancelled for some reason, you will not receive your scholarship/stipend amount in a refund.

**Eligibility:** In order to be eligible for a scholarship from the Seattle Community Colleges, you must either be registered for SCCD courses for Spring or pre-registered for Summer or Fall 2009 (not including only the study abroad course item). Limited funds are also available for students registered at other academic institutions who are participating in Global Impact. Please follow the guidelines below.
