

**Associate of Arts/Associate of Science Articulation Agreement between  
Seattle Community College District  
And  
Boise State University**

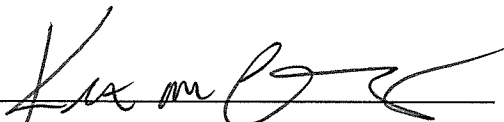

To create a clear and easy pathway for students of the Seattle Community College District (SCCD), consisting of North Seattle Community College, South Seattle Community College and Seattle Central Community College, to transfer to and complete their baccalaureate degree at Boise State University, this direct transfer agreement (DTA) outlines transfer requirements, provisions, and related advertising considerations. This DTA does not guarantee admission to the university or to the specific program/major.

1. Upon completion of the Associate of Arts degree (A.A.) degree or the Associate of Science degree (A.S.) at the Seattle Community Colleges, students will be accepted by Boise State University at junior status with 90 quarter transfer credits (60 semester credits). Transferring students with an Associate's degree must have a minimum cumulative grade point average (GPA) of 2.0-0. Courses numbered lower than 100-level are not included in this transfer agreement.
2. All academic credits taken at the Seattle Community Colleges will transfer, however no more than 105 quarter credits (70 semester credits) will count toward the degree. The student must meet minimum grade requirements in major-specific courses.
3. The student will be considered "Core Certified" and the core requirements will be deemed fulfilled. Notwithstanding the foregoing, the student must satisfy all requirements for a specific major. (For example, Chem 111 is a required course for Chemistry majors at Boise State. If a student seeking a degree in Chemistry transfers from one of the Seattle Community Colleges with an associate of science degree, but has not yet completed Chem 111, the student would be required to satisfactorily complete that course prior to being awarded a baccalaureate degree).
4. International students who complete ENG 101 and ENG 102 with a grade of C- or higher will have met the English proficiency requirements of Boise State University, and will not need to submit separate proof of English proficiency at the time of application.

5. SCCD and Boise State University may choose to co-develop written materials outlining for SCCD students programs, policies and procedures relevant to this DTA. This DTA will be publicized in newsletters, course schedules and other promotional materials.

This agreement will remain in effect until summer 2012 or until a mutually agreed-upon change is deemed necessary. This agreement may be terminated by the SCCD or Boise State with appropriate written notification. Each institution agrees to provide termination notice one year prior to intended change.

SCCD and Boise State University officially authorize this agreement on the fifteenth (15<sup>th</sup>) day of February, 2011 with the agreement becoming effective immediately.
