Step 6: Open the email from **Okta** with the subject line “*Account password reset*”. If you don’t see the email in your inbox, please check your junk or spam folders.

Step 7: Click **Reset Password**. Reminder! The link expires 1 hour after you receive it.

The screenshot shows the etcLink password reset interface. At the top is the etcLink logo. Below it is the heading "Reset your password". Underneath, the "Password requirements" are listed as a bulleted list. A red arrow points from this list to a separate list of requirements on the right. Below the requirements are two input fields: "New password" and "Repeat password", both containing masked characters. A red box highlights these two fields and the "Reset Password" button below them. Another red arrow points from the left towards the "New password" field. At the bottom right, there is a link that says "Back to sign in".
