**SEATTLE COLLEGES**  
North • Central • South

# Reach Your Career Goals Faster

Plan your college path and follow your ambition. Through Running Start, you can enroll at one of the Seattle Colleges while you finish high school. Shape your education with tuition-free college courses that challenge and motivate you. Grow your skills, explore your interest, and become the professional you want to be.

“”

I am a Running Start student studying science courses for my AS degree. My plan is to study public health on a pre-med track. Running Start helped me think about my future and prepare for higher education. I am now going into the UW with 90 college credits and a wealth of knowledge about college.

– Silas Healy  
Ballard High School Graduate  
Seattle Colleges Running Start Student

“”

Running Start is so amazing and opened up so many doors for me. I always knew that I wanted to go into fashion and when I found out that I could do that through Running Start for free, it was the best news ever.

– Madeline Wood  
Seattle Colleges Running Start Graduate

# Let's Talk Benefits

- Finish high school and earn college credit at the same time
- Take college classes for free
- Qualify for professional technical careers when you graduate high school
- Start working and earning professionally sooner
- Earn your associate degree and get a head start on completing a bachelor's degree

## Choose Your Path

Whether you want to complete an associate degree before transferring to a four-year bachelor's or pursue a technical career, Running Start gives you the opportunity to earn college credit while in high school and reach your goal faster.

Have you always been into aviation and aerospace? Try our Aeronautical Technology classes. Do you spend your free time cooking up new recipes? Keep it up with our Culinary Arts program. There are many career programs available at Seattle Colleges — North, Central, or South — where you can make the most of your education by focusing on your interest and build your future with the skills and knowledge you want to gain now.

Check with the Seattle Colleges campus you're considering to see which of their many degree and professional and technical career training options are right for you.
