Welcome

When our students talk about North, they talk about excellent instruction and student support services. They praise the faculty’s and staff’s knowledge of their areas, pride in work, and true concern for student learning. They also cite North’s safe campus, diverse student population, vibrant learning communities, robust technology, and convenient location in the Northgate area, five miles north of the Seattle city center in a quiet residential neighborhood. The campus occupies 62 acres, including 11 acres of environmentally sensitive wetlands.

Many of our students transfer successfully to four-year colleges and universities. North’s “College Pathways Program” offers events, publications, resources and advising especially designed for transfer students. Our small classes and emphasis on learning skills and critical thinking help our students to succeed. Online classes provide a convenient option, as do evening courses.

Other students find success in the workplace by choosing from more than 40 career training programs. All of these programs are developed and refined in cooperation with employers. As a result, training matches employers’ needs and leads to employment opportunities.

North also helps adults earn their GED, learn English, enhance their basic skills and/or pursue a new skill or leisure time interest.

North also provides a rich student life. Concerts, plays, intercollegiate basketball, fitness programs, an award-winning literary magazine, and special events that highlight North’s diverse student population add depth to the students’ experiences.

President, North Seattle Community College
**Specialized Training Centers**

**Sand Point Education Center**

Sand Point Education Center houses more than 100 Continuing Education classes. The former elementary school’s gymnasium, auditorium and stage, and spacious grounds facilitate a variety of classes that promote both professional and personal growth. In addition to weekday and evening schedules, classes are also held on Friday nights, Saturdays and Sundays.
Academic & Student SUPPORT SERVICES

ADVISING Center
(206) 527-3658
The Advising Center provides resources and assistance for students who are planning to transfer to a four-year college or those preparing for a career. Advisors help students to select courses and programs to reach their educational goals. Students seeking degrees or certificates attend new student orientation sessions, where they receive information about North and their program of study, and are assisted in selecting classes. Currently enrolled students work with advisors to develop educational plans based on the degrees or certificates they are pursuing. The Advising Center is open to all current and potential students on a drop-in basis. Visit www.northseattle.edu/enroll/advise/.

COUNSELING Center
(206) 527-3676
The Counseling Center offers individual appointments, classes and workshops, and online self-help to help students identify career interests, select programs of study and investigate careers and majors. It also offers students help to improve concentration, study skills, test taking, time management, and other academic skills; to manage stress, crisis, and communication; and to strengthen emotional and social skills. Visit www.northseattle.edu/services/counseling/.

CAREER SERVICES and INTERNSHIPS
Career Services
(206) 527-3685
Career Services provides students with full-time and part-time job listings, job search training, labor market information, and assistance clarifying career and occupational goals. Career Services also has a computer lab with Internet access to support student job searches and career planning. Visit www.northseattle.edu/services/career/.

Internships
(206) 527-3686
Internships provide students with the opportunity to earn college credit while gaining practical work experience in their field of study. The Internship Program begins with CWE 101, which is a 2-credit course designed to assist students in developing an internship. Once an internship is developed, CWE 110 provides 3 credits for the internship. Visit www.northseattle.edu/services/career/serecruit.htm.

COMPUTER Labs
(206) 527-3630
Students at North have access to 40 computers in the Library and 50 more in the open computer lab in IB3303. In addition, all students with a properly equipped laptop who have paid the computer lab fee can access the North wireless network. Visit www.northseattle.edu/kiosk/netid/netidfaq.htm.

DISABILITY Services Office
(206) 527-3697
FAX (206) 527-3635
The Disabilities Services Office was created to establish a campus environment that is inclusive of students with disabilities. Students who have a disability are encouraged to meet with the Disability Services staff as early as possible to discuss appropriate accommodations. Contact Disability Services prior to registration and provide certified documentation. Students are expected to take an active role in talking with faculty and staff members about their disability, adaptation and accommodation needs.

Support services include advocacy, sign language interpreters, counseling, notetakers, readers, special testing accommodation and consultation with faculty. Requests for services must be made in a timely fashion: 4 weeks for interpreters and 6 weeks for Brailling or books on tape. Students must be registered for the classes in which they are receiving services.

These same services are also available for staff, faculty and campus events (at least 3 days advance notice needed). The Office also sponsors awareness workshops, faculty training, and gives referrals to disability resources. Visit www.northseattle.edu/services/ds.htm.

DISTANCE Learning
See page 88 for D.L. at North, and page 16 for detailed information on district-wide D.L. options.

FINANCIAL AID
See page 27 for information about Financial Aid.
INTERNATIONAL Programs
(206) 527-3672
FAX (206) 527-3794
isp@sccd.ctc.edu

International Programs (IP) oversees admissions, activities and services for students who have non-resident visas. IP processes admission applications for international students and assists them after admission. Contact this office for information about admissions, or for assistance with academic issues, immigration regulations, housing or personal concerns. Field trips and other student activities promoting intercultural communication and enhanced experience of American culture are provided by this office. Visit www.northseattle.edu/services/intl.htm.

See page 22 for more information.

LIBRARY and MEDIA SERVICES
(206) 527-3607

Library and Media Services offers a wide range of books, journals, magazines, videos, CDs, and DVDs for checkout or use in the library or classroom. Computer workstations provide access to the online library catalog, the Internet, databases, magazines, journals, newspapers, encyclopedias, and more. Students have access to the collections of all Seattle Community Colleges and a national library collection database. Librarians can help students take full advantage of library resources. The librarians also offer non-credit and for-credit classes in information literacy.

Media equipment available includes VCRs, televisions, DVD and CD players, slide projectors, sound systems, video cameras, and computers with data projectors. Listening/viewing carrels, individual study carrels and group study rooms are available throughout the library. Visit http://dept.sccd.ctc.edu/nslib/.

MULTICULTURAL Programs
See page 80.

SENIOR ADULT EDUCATION Programs
(206) 527-3783

Because North Seattle Community College believes that learning is a lifelong process, the college offers classes especially for senior citizens. Classes are normally held during daytime hours on and off campus. Tuition ranges from $21.40 to $75 per five- to ten-week course. Students can register by mail or on campus. Visit www.northseattle.edu/senior/.

TESTING Center
(206) 527-3674

Students seeking a degree or certificate or enrolling in most English or mathematics classes must take placement tests prior to registration. These tests help the student and advisor to select appropriate classes. The placement tests are offered during weekly drop-in hours and at other posted times. ESL placement tests and GED exams require appointments. Contact the Testing Center. Visit www.testing.northseattle.edu.

TUTORING Services

The Loft (206) 526-0078
Math Learning Center (206) 527-3746

There are two major tutoring centers at North Seattle Community College, and many departments offer subject-specific tutoring arranged through the department secretary.

The Loft Writing Center is located in the Library and offers tutoring assistance on reading, writing, listening or speaking assignments for any class offered at North. The multimedia lab in the Loft offers computer software intended to strengthen skills in reading, writing, listening, vocabulary, spelling and pronunciation in English and other languages. Visit www.northseattle.edu/services/loft/.

The Math Learning Center is located in ED1845A and offers tutoring assistance to all students enrolled in math, science or computer science classes. Videotapes in basic math, algebra and trigonometry are available.

VETERANS Services
(206) 527-3699

The Veterans Affairs office assists veterans, reservists and eligible family members to receive VA educational benefits. Visit www.northseattle.edu/services/veteran.htm.

See page 28 for financial aid information.
WOMEN’S Center  
(206) 527-3696
The Women’s Center assists students, both women and men, who need information and referrals regarding scholarships, childcare, low cost housing, rental assistance, and affordable health care. The center provides referrals for domestic violence, sexual assault, divorce, and personal and family counseling. It also sponsors programs on gender issues. Visit www.northseattle.edu/services/women/.

WORKFIRST Programs  
(206) 527-7655
The state-funded WorkFirst Program is designed for students receiving cash assistance from Temporary Assistance for Needy Families (TANF) and for low-income working parents who wish to upgrade their skills to prepare for better jobs. Participating students receive funding for tuition and books. North’s WorkFirst Program has three components, described below. Visit www.northseattle.edu/programs/workforce/index.htm.

Family Literacy
This full-time program offers students the opportunity to learn English as a Second Language, earn their GED, prepare for professional/technical programs, learn parenting skills, improve basic technology skills, learn life skills and time management, and develop skills to prepare for employment.

Individualized Customized Job Skills Training (CJST)
CJSTs are short-term job training certificate programs 2-3 quarters in length. These certificate programs enable students to build a college credit base as they acquire solid industry-focused skills.

High-Wage/High-Demand Job Training Program
The High-Wage/High-Demand Program provides certificates in programs that require a minimum of 5 to 6 quarters. These certificate programs are for demand occupations in the Seattle/King County area that offer average starting wages of more than $15 an hour.

ART Gallery  
(206) 528-4557
The Art Gallery offers exhibits and activities from October through June. It is located in IB 1322A, near the Bookstore. Visit www.northseattle.edu/services/art.htm.
Hours: 11:00-3:00 Weekdays 5:00-8:00 W-Th evenings

BOOKSTORE  
(206) 527-3637
The Bookstore is well-stocked with new and used textbooks, supplemental course materials, general interest books, school supplies, and sundry items. The Bookstore offers a year-round textbook buy-back service. Visit www.northseattle.edu/services/bookstore.htm.

CHILDCARE Center  
(206) 527-3644
Funded by the Associated Student Body and parent fees, the Child Care Center provides an affordable, convenient, and educational child care setting for the children of North students. Licensed by the Department of Health & Human Services, the Center serves children from 18 month to 5 years. Call for a tour and fee information. Visit www.northseattle.edu/services/childcare/.
Hours: 7:30 a.m. - 4:00 p.m. Monday through Friday

COPY Center  
(206) 527-3616
Copying is done by Copy Center staff or on a self-service copier. Various sizes and colors of paper, including résumé-quality, are available. The Copy Center also creates transparencies for classroom presentations. U.S. Fax service is also available. The Copy Center is located next to the Bookstore.

FOOD Services  
(206) 528-4401
North provides three dining areas: the Cafeteria, Munch Mart, and Espresso Area. Food service is available in the cafeteria during the academic quarter, but not during quarter breaks. Limited food service is available in the Munch Mart during quarter breaks.
HOUSING
(206) 527-3641
On-campus housing is not available. However, a bulletin board lists various accommodations that are available in the local area. Call if you need housing or if you have a room or apartment available for students to rent.

SAFETY
(206) 527-3636
The well-being and safety of students are of utmost importance. The office provides notices of possible threats and maintains a campus crime log. In the event of an on-campus crime, serious accident or injury, students should call 911 first, and then notify campus Security. Contact the office for non-life threatening incidents or injuries as well. Campus pay phones are programmed for one-button, free calls to security and 911. Visit http://www.northseattle.edu/services/security.htm.
See page 38 for additional information on personal safety.

STAGE ONE THEATER
(206) 527-3636
Stage One Theater presents a major theatrical production each quarter. These productions offer students the opportunity to work as performers, designers, stage managers, technicians and other positions, often learning alongside professional directors and guest performers.

Student ATHLETICS
(206) 527-3745 Men’s Basketball Program
(206) 527-3773 Women’s Basketball Program
The intercollegiate men’s and women’s basketball teams, the Seattle Community Colleges Storm, are based at North. Storm teams compete in the 33-member Northwest Athletic Association of Community Colleges conference. Students from all three Seattle Community Colleges are eligible to try out for the teams. Athletic scholarships are available to qualified students. Visit www.northseattle.edu/services/athletics.

Student CLUBS
(206) 527-3641
Clubs provide students with opportunities to develop leadership skills and to cultivate personal and intellectual growth. Participation provides practical experience in planning, organizing and working in teams. For information about the types of student clubs, contact the program coordinator or visit the Student Government Office in room 1353B, College Center building.

Student GOVERNMENT
(206) 527-3641
Student Government members work and collaborate with campus staff to represent and advocate for the interests and concerns of the student body. Members receive a stipend and provide an opportunity to learn, practice and strengthen leadership skills. Visit www.northseattle.edu/services/govt.htm.

Student INSURANCE
For information on Student Health Insurance, contact the Cashier’s Office at 206-527-3627.
See page 32 for information on Student Accident Insurance.

Student LEADERSHIP & MULTICULTURAL Programs
(206) 527-3643
These programs provide opportunities for students to develop leadership skills, foster intellectual and personal growth, and network and grow friendships through participating in co-curricular and leisure activities in a welcoming, supportive environment that values, celebrates and reflects diversity.
The program designs student-centered programs that complement learning, build leadership skills, shape campus policies and procedures, promote student participation, instill personal confidence, and encourage goal setting and values clarification to develop responsible citizens for a multicultural and global society. Visit www.northseattle.edu/services/sleaders.htm.
Student NEWS / POLARIS
(206) 527-3645
Polaris is written, edited, and published for and by students, who are paid a stipend. A publications board comprised of students, faculty, and administrative staff sets policy guidelines and provides advice. Students interested in joining the editorial or production staff should contact the Polaris Office. Visit www.northseattle.edu/services/polaris.htm.

TRANSPORTATION & PARKING
(206) 526-0060
North is served by several Metro bus routes. Carpooling, walking, busing, biking and van pooling are encouraged and possibly rewarded. Contact the transportation coordinator in security at 526-0060 for more information. Student Metro bus passes can be purchased at the Cashier’s Office at special discounted rates.

Parking
(206) 527-3636
On-campus parking is available to those students who buy a permit. Due to space limitations, students are advised to buy a parking permit when registering. State motor vehicle laws and city traffic codes are strictly enforced. The campus speed limit is 15 m.p.h. Visit www.northseattle.edu/services/transport.htm.

WELLNESS CENTER / Student Recreation
(206) 527-3631
Information Line (206) 527-3649
The Wellness Center offers a variety of fitness activities such as yoga, Pilates, resistance training and cardiovascular training. The center is available to all students who have paid the Wellness Center fee. Visit www.northseattle.edu/services/wellness.

AFFILIATE Organizations

Alumni Association
(206) 527-3604
The Alumni Association at North Seattle Community College was established to build and sustain meaningful relationships with past students in order to foster the success of current and future students. All students who have attended the college, even if they did not complete a certificate or degree, are considered alumni. The goals of the Alumni Association are to provide alumni recognition; encourage participation in lifelong learning; offer professional development and networking opportunities; establish volunteer opportunities, including mentorship for current students; and gather feedback to enhance college programs and services. Membership is free. Visit www.northseattle.edu/info/alumni.htm.

North Seattle Community College Education Fund
(206) 527-3604
A non-profit 501(c)(3) organization guided by a board of community and business leaders, the Education Fund works to provide support for the college in the form of scholarships, tutoring, equipment, program grants, professional development for faculty and staff, as well as campus enhancements. Since its establishment in 1986 as the NSCC Foundation, the Education Fund has distributed more than $4 million in scholarships and annually distributes over $125,000 in scholarships to deserving students. Students interested in scholarship opportunities should contact the Education Fund office. Visit www.northseattle.edu/info/foundation.htm.
Definition and Rationale
OF GENERAL EDUCATION
See page 4.

GENERAL EDUCATION
Learning Outcomes
Students will...
● Think critically in reading and writing
● Use quantitative reasoning processes
● Communicate creative and critical ideas in writing
● Access, evaluate and apply information from a variety of sources
● Apply computer competency to goals
● Work and communicate effectively in groups
● Deal constructively with diversity issues and conflict
● Understand ideas that shape human history and cultures
● Understand artistic expression as an essential human phenomenon
● Identify and understand principles of physical and life sciences
● Understand the individual and his/her relationship to community
● Understand the United States as a multicultural society
● Understand the elements of a global society

An expanded version of these outcomes is available at www.northseattle.edu/info/outcomes.htm.

ASSOCIATE OF SCIENCE DEGREE
Learning Outcomes
Students completing the Associate of Science Degree should:
● Recognize the interdisciplinary nature of the sciences and use scientific inquiry to critically evaluate a proposal, claim, process or theory.
● Generate significant questions about the physical world and use the tools of science or engineering to design and conduct an experiment; draw conclusions based on a systematic collection and analysis of qualitative and quantitative data.
● Recognize and interpret the meaning of quantitative and mathematical symbols and apply appropriate logic, tools, and processes to make meaningful decisions and solve problems. Utilize multiple representations, including graphical, symbolic, numerical, and narrative, to analyze and solve problems.
● Obtain, comprehend, analyze, evaluate, internalize and act upon knowledge in order to understand and communicate complex scientific systems and reasoning.
● Use appropriate documentation to exchange spoken, written, and visual information in order to communicate effectively and to participate as an effective team member within the scientific community and other appropriate settings.
● Apply scientific or technical knowledge and practice to a variety of disciplines in order to understand issues, solve problems and engage in responsible practices.
● Apply modes of inquiry from the social sciences to issues and problems found in individuals’ lives and work, in their local, national, and global communities, and to find effective and ethical solutions to society’s problems and challenges.
● Explore, interpret and represent human experience through the arts.
ACADEMIC PROGRAMS
(206) 527-7306
North Seattle Community College offers a full range of college transfer courses that apply toward a four-year program of study. In addition to the Associate of Arts (A.A.) and Associate of Science (A.S.) degrees, North also offers an Associate in Business (A.B.) degree, and Associate of Fine Arts (A.F.A.) degrees in Art and Music. For complete information on the A.A. degree, see pages 7-10.

Students are encouraged to complete a two-year degree program for greater ease of transfer to a four-year institution, but can take individual classes for transfer. It is strongly recommended that students confer with an academic advisor to ensure course transferability.

Students planning to earn an A.A., A.F.A., A.B. or A.S. degree must meet minimum standards of preparation. Those whose records and test scores indicate a need for additional preparation may be required to complete preliminary work in the college preparatory program.

College transfer courses are offered in several disciplines, including:
- American Ethnic Studies
- Anatomy & Physiology
- Anthropology
- Art
- Astronomy
- Biology
- Botany
- Business
- Chemistry
- Communications
- Computer Science
- Drama
- Earth Science
- Economics
- Engineering
- English
- Environmental Science
- Geography
- Geology
- Global Studies

These fields of study are grouped into three Areas of Knowledge and are included throughout the A.A. degree curriculum.

See pages 7-10 for A.A. or A.S. degree requirements.

ASSOCIATE OF SCIENCE DEGREE (A.S.)
Direct Transfer Agreement

The Associate of Science (A.S.) is also intended to be a transfer degree. However, there are certain major areas of study in which the student may not be able to take all the courses necessary to transfer with junior standing. Please contact an advisor for more information on this degree program.

A.S. Degree requirements include satisfactory completion of at least 90 approved credits with a 2.0 cumulative GPA. At least 15 college level credits must be earned at the Seattle Community College granting the degree.

Associate of Science TRANSFER

The Associate of Science transfer degree is intended for students who wish to transfer as juniors to four-year institutions in the state of Washington.

A.S. degree requirements include satisfactory completion of at least 90 approved credits with a 2.0 cumulative GPA. At least 15 college level credits must be earned at the Seattle Community College granting the degree.

Two different study options are offered:
1. biological sciences, environmental/resources sciences, chemistry, geology and earth sciences
2. engineering, computer science, physics and atmospheric science.

Course requirements and GPAs vary from one transfer university to another. Contact an advisor.

ASSOCIATE IN BUSINESS (A.B.)
Direct Transfer Agreement

This business degree is designed for students who plan to transfer in the area of business studies. It will satisfy the lower division general education (core) requirements and the lower division business requirements at Washington’s public four-year colleges and universities.

Associate in Business Requirements

This degree shall be granted only to students who have completed 90 college level credits with a minimum cumulative grade point average of at least 2.0, and a 2.0 minimum in ENG 101 & 102, BUS 200 or 210 or MAT 109, ECO 200 & 201, MAT 117 or 124, ACC 210, 220, & 230. At least 15 college credits must be at North.
NOTE: While many Washington state universities accept transfer of this degree, each has individual requirements and/or acceptable course substitutions needed for their specific programs. Also, admission to many business schools is competitive and higher grades are often required. It is essential to learn the requirements of your transfer school and to consult the Advising Center.

**GENERAL EDUCATION REQUIREMENTS**

**Communication Skills**
ENG 101 Composition ............................. 5
ENG 102 Composition ............................. 5

**Quantitative/Symbolic Reasoning Skills**
ACC 210 Financial Accounting Fundamentals I .... 5
ACC 220 Financial Accounting Fundamentals II ... 5
ACC 230 Fundamentals of Managerial Accounting .... 5
BUS 210 Business & Economic Statistics - OR -
MAT 109 Elementary Statistics ..................... 5

**Visual, Literary, and Performing Arts**
Choose from a minimum of two different prefixes* .... 15

**Individuals, Cultures, and Societies**
ECO 200 Principles of Economics/Microeconomics ... 5
ECO 201 Principles of Economics/Macroeconomics ... 5
Non-ECO prefix course ................................ 5

**The Natural World**
MAT 107 Elements of Calculus** .................... 5
Physical, biological, and/or earth sciences .......... 10
(at least one 5-credit laboratory course must be included)

**BUSINESS REQUIREMENTS**
ACC 210 Financial Accounting Fundamentals I .... 5
ACC 220 Financial Accounting Fundamentals II ... 5
ACC 230 Fundamentals of Managerial Accounting .... 5
BUS 200 Introduction to Law .......................... 5
General Electives*** .................................. 10

TOTAL CREDITS 90

*A minimum of 5 credits must come from a US Cultures course in Visual, Literary, and Performing Arts or Individuals, Cultures, and Societies.

**MAT 124 Calculus with Analytic Geometry II may be substituted.

***Highly recommended as general electives: BUS 101 as early as possible and BUS 215.

---

**Special Opportunities for UPPER DIVISION COURSES**

**UNIVERSITY OF WASHINGTON BOTHELL**
(206) 527-3658

North and the University of Washington Bothell offer dual enrollment for students pursuing a bachelor’s degree in business, computer science, or interdisciplinary studies. Contact the Advising Center. Students can enter the program after completing 45 credits toward their associate’s degree, and then continue to complete their AA while taking upper-level courses at UWB.

---

**WESTERN WASHINGTON UNIVERSITY AT NORTH SEATTLE COMMUNITY COLLEGE**
(206) 527-3719

Western Washington University’s Extended Education and Summer Program offers the following evening programs at North Seattle Community College: Elementary Teacher Education, B.A.E. and Elementary Teacher Certification (K-8); Secondary Teacher Education, M.I.T. and Secondary Teacher Certification (4-12). Contact the program office for more information.

---

**Degrees & Certificates in FINE ARTS**

**Arts, Humanities and ABE Division**
(206) 527-3709

A Certificate of Fine Arts is offered in Art and Drama, and an Associate of Fine Arts degree is offered in Art and Music. Students must complete at least 15 college transfer level credits (numbered 100 or above) with a GPA 2.0 or better at North Seattle Community College.

**Certificate of Fine Arts in Art**

Candidates for the Certificate of Arts (C.F.A.) in the field of Art must complete a minimum of 85 credits in college transfer-level courses (numbered 100 and above) with a GPA of 2.0 or better. At least 15 or these credits must be taken at North. The C.F.A. certifies completion of approved work and is suitable for art professionals, but it is not a transfer certificate. Please see the Associate of Fine Arts degree for transfer information.

Art students are required to be advised by a full-time art faculty member. Some art courses are offered only once a year, so consultation is critical. Any course substitutions require approval. Faculty recommends two studio courses per quarter as maximum. Although it may be possible to complete the C.F.A. in two years, more time is encouraged to better assimilate skills and allow for more flexible scheduling. Students must submit a portfolio of at least 8 pieces during their final quarter, for final approval by faculty, in order to be granted the C.F.A.

Most General Education requirements are met by art course content (communication by ART 251, 252, 253; human relations by ART 290); however, students must take a 5-credit computation course.

**REQUIRED ART COURSES**

ART 101 Design ........................................ 5
ART 102 3-D Design ................................... 5
ART 111 Drawing ....................................... 5
ART 112 Figure Drawing .............................. 5
ART 113 Figure Drawing .............................. 5
ART 251/252/253  Art History (5 ea.)  ............... 15
ART 290  The Art Business  ..........................  5
ART ELECTIVES (either group)  ....................... 4-5
ART Electives – group 1  ............................. 15
ART Electives – group 2  ......................... 12-15

GENERAL EDUCATION REQUIREMENT
Computation Course  ......................... 5

Select from MAT 107 or higher, BUS 116 or ACC 101 or higher.

TOTAL CREDITS  76-80

*APPROVED ART ELECTIVES
Approved Art Electives must be taken in sequence; however, completion of a sequence is not required.

Group 1: 2-Dimensional Art
ART 110  Practical Scientific Illustration  .......... 5
ART 114,115 Digital Photography  .............. 5 ea.
ART 121,122,123 Printmaking  .................. 5 ea.
ART 202,202,203 Painting  ....................... 5 ea.
ART 205,206,207 Watercolor  .................... 5 ea.
ART 210,214 Computer Art  ....................... 5 ea.

Group 2: 3-Dimensional Art
ART 211,212,213 Sculpture  ....................... 5 ea.
ART 221,222,223 Ceramics  ....................... 5 ea.
ART 285  Metal Techniques for Small-Scale Sculpture  ... 4

Associate of Fine Arts Degree in Art (A.F.A.)
Candidates for the Associate of Fine Arts in Art must complete a minimum of 100 college transfer-level course credits (numbered 100 and above) with a GPA of 2.0 or higher. At least 15 credits must be earned at North Seattle Community College.

The A.F.A degree does not currently transfer with the same transfer rights to area colleges as the A.A. degree does. However, it is accepted by The Evergreen State College and some other colleges. Students seeking a Bachelor of Arts or Bachelor of Fine Arts degree should consult North’s A.A. degree requirements, their art advisor, and the university to which they intend to transfer about equivalency requirements.

All A.F.A. students in art must have an art advisor to plan their program. All studio art courses must be taken in sequence. Not all courses are offered each quarter. Substitutions require approval.

Along with the course requirements, the A.F.A. in Art has General Education requirements. During the final quarter students must submit a portfolio of at least 8 pieces for evaluation.

REQUIRED ART COURSES
ART 101  Design  ................................. 5
ART 102  3-D Design  .......................... 5
ART 111  Drawing  .............................. 5
ART 112  Figure Drawing  ...................... 5
ART 113  Figure Drawing  ...................... 5

ART 221,222,223 Ceramics  ....................... 5 ea.
ART 285  Metal Techniques for Small-Scale Sculpture  ... 4

Certificate in Fine Arts (C.F.A.) in Acting
Candidates for the Certificate in Fine Arts in Acting must have successfully completed 90 credits in college transfer-level (numbered 100 and above) courses with a GPA of 2.0 or better. At least 15 credits must be earned at North Seattle Community College.

The C.F.A. in Acting is not a transfer program, so students seeking a B.A. or B.F.A. in Drama should consult the degree requirements for the Associate of Arts degree at North and the graduation requirements for the university to which they intend to transfer. C.F.A. students in drama must work with a drama advisor to plan their two-year program. Any course substitutions require approval. C.F.A. in Acting students must submit a portfolio of work and/or a special performance during their final quarter for evaluation by the drama faculty.
The C.F.A. in Acting includes General Education requirements of 5 credits each of communication, computation and human relations courses.

**REQUIRED ACTING COURSES**

DRA 121  Beginning Acting. ......................... 5
DRA 100  Introduction to Theatre .................... 5
DRA 121,123  Intermediate Acting (5 ea.) .......... 10
DRA 221,222,223  Advanced Acting (5 ea.) ....... 15
DRA 298  Portfolio or Public Performance. .......... 5

**DRA-MAP-RELATED ELECTIVES** .................. 20-25

*Select 20 credits from the Drama-related list below.

**TECHNICAL THEATER ELECTIVES** ............... 15

**Select 15 credits from Technical Theater list below.

**GENERAL EDUCATION REQUIREMENTS**

All General Education credits should be completed by 4th quarter.

Communication course. ............................. 5
Select from CMN 100, 120, 150, or 210 (5 ea.)

Computation course ................................. 5
Select from MAT 107, BUS 116 or ACC 132 (5 ea.) or MAT 110 (3 credits)

HumanRelations course .............................. 5
Select from PSY/SOC 245, SOC 102 or PSY 110 (5 ea.)

TOTAL CREDITS .............................. 90

**DRA-MAP-RELATED ELECTIVES**

Choose 20 credits from

ART 100, 105, 251, 252, 253 .......................... 5 ea.
ART 104 ............................................. 3
DRA 115 ............................................. 5
ENG 133, 141, 142, 211, 212, 213, 221, 222, 223, 228, variable 5 ea.
HUM 104, 110, 200 .................................... 5 ea.
MUS 100 ............................................. 5
MUS 120, 121, 122, 123 ............................... 2 ea.
MUS 140 ............................................. variable 2-5
MUS 142 OR MUS 143 ................................ variable 1-2

**TECHNICAL THEATER ELECTIVES**

To be taken for 2-5 credits each, in at least 3 different quarters. Students should arrange their credit needs before enrolling.

DRA 211, 224, 231, 241, 251, 261 ........................ variable 2-5

---

**Associate of Fine Arts in Music (A.F.A. Degree)**

Candidates for the Associate of Fine Arts in Music must complete at least 92 credits in college transfer-level courses (numbered 100 and above) with a GPA of 2.0 or higher. At least 15 credits must be earned at North Seattle Community College.

The A.F.A. in Music is a degree that not only allows music majors to obtain required transfer courses, but also rewards successful students for their work at North. The A.F.A. is not universally recognized as a transfer degree like the A.A. degree, but all courses are currently transferable. Students seeking a Bachelor of Arts degree with a music major should consult both the Seattle Community Colleges A.A. degree requirements and those of university to which they intend to transfer. All A.F.A. in Music candidates must have a music advisor. During the final quarter students must present a special performance/project/ recital for evaluation by the music faculty.

**REQUIRED MUSIC COURSES**

MUS 101  First Year Theory & Ear Training .......... 5
MUS 102, 103  First Year Theory (5 ea.) .......... 10
MUS 123,201,202,203  Piano Class* (2 ea.) ....... 8
MUS 201, 202, 203  Second Year Theory** (3 ea.) ... 9
MUS 299  Practicum in Music .......................... 1
PianoClass* ........................................ 4
Performance Group*** ............................... 12-30
Applied Music ....................................... 5-10
Related Elective ..................................... 5

**GENERAL EDUCATION ELECTIVES**

Computation course .................................. 3-5
Visual, Literary & Performing Arts course .......... 5

Suggested course: DRA 121 Acting

Individuals, Cultures & Societies course .......... 5
The Natural World .................................. 5
U.S. Cultures or Global Studies .................... 5

TOTAL CREDITS .................................. 92-117

*Piano proficiency required; if proficient, may substitute vocal or instrumental classes; choose MUS 121, 122, 123 or MUS 221, 222, 223.

**Currently this requirement is met by MUS 130 and 299. See advisor for information.

***Majors are urged to participate in more than one performance group for added ensemble experience.
ADULT BASIC EDUCATION

(206) 527-7303

Adult Basic Education (ABE) provides instruction for those who want to improve basic English and math skills or earn a GED in order to get better jobs, continue their education, and improve their lives.

Students must attend an orientation session and meet with the adult education advisor to enroll and to receive details. See course descriptions under Adult Basic Education for details and call the office for fees.

To take an ABE classes, a student must be a U.S. citizen, have permanent resident status, or have a green card. Students with different visa status, for example B2, F2, or J2, should visit the Office of International Students Programs in room CC 2461E, or call (206) 527-3672.

Each of the programs in this area is designed to meet a particular set of student needs.

See page 11 for further information.

PRE-COLLEGE COURSES

(206) 527-7303

Many students entering college or returning after some time need additional work to prepare for college courses. Seattle Community Colleges offer a series of courses in English, mathematics and human development. Placement is determined by performance on entrance tests required for admission to the specific college program. Courses in this category are those numbered below 100. Look in the course description sections for English, mathematics and human development.

ENGLISH AS A SECOND LANGUAGE

(206) 527-7303

English as a Second Language classes are offered to help non-English speaking persons understand, speak, read and write English in order to carry out daily personal activities, to get, keep or advance in a job, continue their educational goals, or increase their understanding of American culture.

Classes are designed for pre-literate to high-intermediate levels. For a student to be eligible for ESL classes, he or she must be a U.S. citizen, have permanent resident status, or be a refugee or immigrant. Emphasis is on improving skills for listening, speaking, reading and writing. See course descriptions under English as a Second Language for details. Students may begin at any time during the quarter as space becomes available. Contact the ESL advisor or Testing Office for placement test information and fees. Contact the ESL advisor or the Admissions/Registration Office to begin classes.

Note: International Students take ESL classes through International Programs, page 22.

CAREERS

Professional-Technical Programs

See pages 90 - 116 for this list of programs.

CONTINUING EDUCATION

COMMUNITY SERVICE CLASSES

(Non-credit and non-graded classes)

(206) 527-3705

Community Service classes are non-credit and non-graded. Believing that learning is a life-long process of discovery and adventure, North’s Continuing Education program provides non-credit courses to adults who wish to update or learn a new skill or explore a new interest. Students can select from more than 300 classes in the areas of art and crafts, business, cooking, computers, personal finance, music and drama, photography, travel, and sports and exercise. In addition to classes, North’s Continuing Education sponsors monthly business networking breakfasts. For more information and a full class listing, visit www.learnatnorth.org.
COMPUTER TRAINING PROGRAMS
(206) 527-3705
North offers a broad selection of non-credit computer classes ranging from Cisco, Web Designer and .Net applications to entry-level computer use. Continuing Education has a class for all skill levels.

CUSTOMIZED BUSINESS TRAINING
(206) 985-3980
Customized training allows a company to respond to the need to upgrade and expand the technical and professional skills of its employees. Classes are provided at the company’s site or at one of our convenient locations.

5 | DISTANCE LEARNING

Distance Learning
(206) 527-3738
The Distance Learning Office at North provides logistical support and information to “distance learners,” as well as campus students in web-enhanced classes. Academic divisions and workforce education programs offer many credit courses and curricula through several non-traditional delivery modes, including fully online and hybrid online instruction, videocassette and video streamed media, and two-way live teleconferencing. These delivery modes bring new learning options and opportunities to students who have diverse learning styles, those who require flexibility in their schedules, and those who do not live within commuting distance. Students can earn an A.A. Degree and/or receive specific certificates through fully online courses.

HIGH SCHOOL / COLLEGE LINKS

Running Start
(206) 527-3682
The Running Start program gives academically motivated high school students who are at the 11th or 12th grade level, and whose test scores place them in college-level coursework, the opportunity to take college level courses for high school and college credit at the same time. Visit http://www.runstart.northseattle.edu

See page 19 for more detail.

TechPrep
(206) 903-3222
Tech Prep is a dual-credit national educational program that awards community college workforce education credits to students by recognizing comparable learning in the high school.

See page 19 for more detail.

Upward Bound
(206) 527-7762
Upward Bound, a program funded by the Department of Education, provides high school students with services that support better academic performance during high school and prepares them for college admissions. The program serves high school students from four area high schools: Franklin, Roosevelt, Summit K-12 and Indian Heritage Middle College.

Upward Bound offers support to its program participants throughout the year. Academic year services include after school sessions, tutoring, academic advising, college preparation, field trips and cultural events. In the summer, students gather on the North campus for seven weeks of academic classes and activities to simulate the experience of college.

See page 20 for more detail.

Career Link Academy
(206) 528-4517 or (206) 527-3743
North Seattle Community College offers a unique educational program for young people 16-21 years old who have left high school without graduating. The Academy provides progress and support towards high school credit and support for GED completion as well as open entry/open exit enrollment. The program features career and education exploration, applied academics, short-term technical skills classes, work-based learning, access to college technical programs and advising/support services. There is no charge for tuition. Visit www.northseattle.edu/services/cla/.

6 | HIGH SCHOOL—COLLEGE GED

North offers several options for high school students who would like to begin college classes during high school, and other options for those who have not completed high school.
GED PREPARATION
Arts, Humanities & Adult Basic Education Division
(206) 527-7303
The General Educational Development (GED) is a certificate of successful completion of the five-part GED test (reading, writing, social studies, science, and math). It is an equivalent of a high school education and is usually accepted in place of a diploma. The GED Preparation program prepares adult students 18 and older to take the exams. Students review reading, math, grammar, writing, and test-taking. GED students generally have between 8th- and 12th-grade level skills. These classes stress math for practical problem-solving, English usage, and reading comprehension and test-taking skills.

PREREQUISITE: Placement by orientation coordinator or instructor permission.
GED 050 GED Test Preparation
GED 051 GED Math
GED 060 Advanced GED Preparation
GED 061 Advanced GED Math

See page 20 for additional information.

INSTITUTE OF ENGLISH
(206) 527-3672
The North Seattle Institute of English (NSIE) is an intensive English and college bridge program for international students. NSIE prepares non-native speakers of English to enter American colleges and universities. NSIE also offers English as a Second Language classes for non-university bound students, such as business and technical professionals, summer quarter students, spouses of students and other visitors on non-student visas. Students study at different levels based on their English proficiency. Quarterly classes develop skills in conversation, listening, reading, writing, grammar, study skills, note-taking, academic paper writing, vocabulary and idioms, and American culture. An additional class is offered in computer applications and a computerized language laboratory is available.

Advanced students may take a regular college class. Successful completion of the NSIE program enables those who plan to become North Seattle Community College students to enter one of the college’s academic or technical programs without a TOEFL requirement.

See page 22 for more information on international programs.

HIGH SCHOOL COMPLETION
Arts, Humanities & Adult Basic Education Division
(206) 527-7303
High School Completion offers students 19 years of age and older who have not completed work for a high school diploma, the opportunity to earn a diploma by taking specific courses at North and the other Seattle Community Colleges for high school credit. Also visit www.northseattle.edu/programs/prep/highschl.htm.

See pages 20-21 for details on two options for high school completion. Also see Career Link Academy, above.

7 | INTERNATIONAL Programs

TRAVEL / STUDY ABROAD
(206) 587-3806
See page 23 for information on district-wide Travel/Study Abroad courses.

8 | WORKER RETRAINING Program

WORKER RETRAINING
(206) 527-3787
The Worker Retraining program offers a variety of services to individuals who have been laid off and are collecting unemployment insurance, are displaced homemakers, or had to close a small business due to the economic downturns. To get started on a new career, interested individuals should attend a Worker Retraining orientation session. The Worker Retraining Program offers:

- Tuition assistance (subject to availability of funds)
- Educational planning
- Interest assessment
- Career advising/counseling
- Job search skills
- Internships
- Job placement

Visit www.northseattle.edu/wrp or see page 24 for additional information on the Worker Retraining Program.
### Professional / Technical PROGRAMS

North Seattle Community College offers more than 40 degrees and certificates in workforce education areas. The programs (varying in length from one to seven quarters) are designed to prepare students for careers and/or to expand skills in their career area. North Seattle Community College, including these programs, is accredited by the Northwest Commission of Colleges and Universities.

#### ACCOUNTING

**Business, Engineering, and Information Technologies Division**  
(206) 527 3730

The Accounting program provides indepth study in the field of accounting and advanced accounting studies for those preparing to take professional examinations. It leads to an accounting certificate or associate's degree and prepares graduates for employment in the industry. It is recommended that three quarter accounting sequences (e.g., 210, 230) be completed at the same campus.

### Accounting

This two year program prepares students for immediate accounting and future supervisory positions. The program includes accounting and business skills as well as college transfer and supporting courses designed to strengthen the students' self-assurance and leadership qualities.

### Associate of Applied Science Degree (A.A.S.)

### Computerized Accounting Technology

The Computerized Accounting Technology certificate is a four-quarter program designed to provide students with computerized accounting skills using state-of-the-art accounting software. The program bridges the gap between manual and computerized accounting systems with students gaining and expertise with basic, mid-range, and sophisticated accounting systems. This program will provide graduates with viable entry and/or advancement in the accounting job market with both large and small organizations.

**ALLIED HEALTH SCIENCES**

**Health and Human Services Division**

(206) 527-3790

North Seattle Community College offers an Associate of Applied Science (A.A.S.) degree in Allied Health Sciences for graduates of certificate programs in Medical Assisting, Practical Nursing, and Pharmacy Technician. These programs are listed in alphabetical order in this section of the catalog.

**Associate of Applied Science Degree (A.A.S.)**

**DEGREE CRITERIA INCLUDE:**

1. A NSCC health occupation certificate with a minimum of 45 technical credits specific to that occupation. Graduates from similar programs at other Washington community colleges or accredited vocational-technical schools may also be candidates.
2. Completion of specific technical courses, related General Education and liberal studies.
3. Completion of 90 credit hours.
4. An overall grade point average of 2.0. Other requirements may be established by faculty or administrative policies.

**PROGRAM REQUIREMENTS FOR MEDICAL ASSISTING, PHARMACY TECHNICIAN & PRACTICAL NURSING:**

a. 45 (minimum) - 60 (maximum) vocational-technical credits.

b. Minimum of 25 credits in General Education or related instruction courses: Communication (5); Computation/Quantitative Reasoning (5); Human Relations (5); and 10 credits from the list of approved courses for the A.A. degree, which must include 5 credits from U.S. Cultures or Global Studies.

c. Up to 20 elective credits may be taken as necessary to complete the 90 credits required for the degree.

For more information on healthcare programs, see www.seattlecolleges.com/healthcare.

**ARCHITECTURAL ENGINEERING DRAFTING**

**Business, Engineering, and Information Technologies Division**

(206) 527-3730

Training provided in this program is directed toward the construction and design industry, and prepares students for a growing number of entry-level jobs in engineering, construction firms and public agencies. Coursework includes both computer drafting and conventional hand drafting, as well as basic applied mechanics, cost estimating, shop drawing preparation and construction materials and processes. The two-year sequence leads to an Associate of Applied Science degree. A one-year certificate is also offered. The program includes General Education requirements, providing a well-rounded educational experience.

Communication, Business & Media Electives ** 10

TOTAL CREDITS 95

*must be eligible for ENG 101 through English Placement Exam or complete ENG 097/098.
**Consult advisor regarding individual course prereqs. or individual advanced student status.
***Take 10 credits not already taken from this list: CMN 291, 292, 293, 294.
+BUS 210 prerequisite: MAT 098, or MAT 116.
++Select from approved list. See Advisor.
**CULINARY ARTS/HOSPITALITY / FOOD SERVICE**

North Seattle Community College’s Culinary Arts program is no longer accepting new students.

We encourage you to check out the extensive culinary arts programs, certificates and Associate of Arts degrees offered by Seattle Central Community College and South Seattle Community College, both of which are part of the Seattle Community Colleges.

**EARLY CHILDHOOD EDUCATION**

Health and Human Services Division
(206) 527-3783

North offers both a certificate and an Associate of Applied Science degree in early childhood education. The A.A.S. degree in early childhood education is a two-year teacher preparation program focusing on the educational and developmental needs of children from birth to 8 years old. Career opportunities include positions as a childcare teacher, preschool teacher or instructional assistant in special education classrooms.

**Early Childhood Education**

**Certificate and Associate of Applied Science Degree (A.A.S.)**

**GENERAL EDUCATION**
Select 5 credits from each of the following categories (total of 20 credits). Contact the Advising Office for approved courses:

- Communication (written or oral) 5
- Computation/Quantitative Reasoning 5
- US Cultures or Global Studies 5
- Visual, Literary, Performing Arts or Natural World 5

**RELATED INSTRUCTION**

Paraeducator Certificate

The Paraeducator Certificate is currently under revision. Contact the division office at (206) 527-3783 for additional information.

ELECTRONICS

Business, Engineering, and Information Technologies Division
(206) 527-3730

Electronics and associated technologies taught at North prepare students for careers in this diverse and expanding field. Ongoing changes in the electronics technology programs reflect changing community and industry needs. Instruction emphasizes a hands on approach, the use of sophisticated test equipment unique to each discipline and a solid base of pertinent information. These programs provide high-skill learning opportunities, including professional certification and Associate of Applied Science Degree options.

To accommodate students in as many segments of the industry as possible, day (D) and evening (E) programs are offered in the following areas: Biomedical Equipment Technology, Electronic Telecommunications, Electronics Engineering Technology, Electronics Technology*, Electronics Technology Certificate*, Industrial Power & Control Technology and Industrial Power & Control Technology Certificate.

NOTE: Students interested in Electronics Technology should contact the program advisor at (206) 527-3757, or the Advising Center at (206) 527 3658 before enrolling. Courses and programs are transferable to certain four year institutions.
Broadband Cable
This certificate program will prepare students for entry level positions in the Broadband Cable TV industry.

ELECTRONICS
ENGINEERING TECHNOLOGY

Business, Engineering, and
Information Technologies Division
(206) 527-3730

The Electronics Engineering Technology program is being significantly revised to reflect the American Electronics Association standards of a high-performance worker. The programs will include more choices for specialized study in the form of small credit modules of learning. During the revision, these programs will continue to provide skilled learning opportunities, including professional certification and Associate of Applied Science degrees.

This program provides a solid framework for advanced training in electronic engineering at a polytechnic or four-year institution. It also provides an excellent foundation in applied engineering for students who wish to enter the workforce immediately.

NOTE: Because of the complexity regarding course sequence and prerequisites, students should seek advanced planning assistance with an advisor.

ELECTRONICS TECHNOLOGY

Business, Engineering, and Information Technologies Division
(206) 527-3730

This newly updated program reflects the American Electronics Association (AEA) standards for a technician in a high-performance workplace. The program provides a solid concept base for students who seek specialized training in electronics, and leads to a certificate or Associate of Applied Science degree.

The certificate program provides basic entry-level training for a variety of electronic job positions such as production testing and service; technician assistance; automatic test equipment operation; prototype testing and assembly; specialized electronically controlled equipment; and other support positions.

**EMERGENCY MEDICAL TECHNICIAN (EMT)**

Health and Human Services Division  
(206) 527-3790  
The Department of Social and Health Services specifies the Emergency Medical Technician (EMT) knowledge and skills required to qualify as an EMT. In addition, a number of policies have been adopted by the faculty and administration at North Seattle Community College to fulfill the needs of the program’s graduates and employers and to maintain accreditation with the Office of Emergency Medical Services for King County and the State Office of Emergency Medical Services, Washington State Department of Health in Olympia.  
Students need to contact the Health and Human Services Division office to obtain specific requirements for enrollment in this course. A written entrance exam is required.  
AHE 190 Emergency Medical Technician (EMT) ............... 8  
AHE 191 EMT Continuing Education ......................... 2-5  
For more information about healthcare programs, see www.seattlecolleges.com/healthcare.

**ENGINEERING DESIGN TECHNOLOGY**

Business, Engineering, and Information Technologies Division  
(206) 527-3730  
This program is currently under review. Please contact the division office for more information.

**ENGINEERING DESIGN TECHNOLOGY / MECHANICAL DESIGN SPECIALIZATION**

Business, Engineering, and Information Technologies Division  
(206) 527-3730  
This program provides training in engineering, design and drafting practices and principles for mechanical manufacturing related industries. The curriculum covers materials drafting and design, industrial design, principles of design layout, costing, manufacturing breakdown and scheduling. Math, communication skills, CAD, machining fundamentals and CNC operations are included. It is recommended that students wishing to transfer to a four-year college also take MAT 120, EGR 210 and 220.

Program requirements and course offerings are revised periodically to reflect industry changes. Contact the division office for the latest information.

HOSPITALITY / FOOD SERVICE / CULINARY ARTS

The North Seattle Community College Culinary Arts program is no longer accepting new students.

We encourage you to check out the extensive culinary arts programs, certificates and Associate of Arts degrees offered by Seattle Central Community College and South Seattle Community College, both of which are part of the Seattle Community Colleges.

HVAC DESIGN

Business, Engineering, and Information Technologies Division
(206) 527-3730

The HVAC Program is currently under revision. Contact the division office for additional information.

INDUSTRIAL POWER & CONTROL TECHNOLOGY

Business, Engineering, and Information Technologies Division
(206) 527-3730

The Industrial Power and Control Technology program offers both a two-year course of study leading to an Associate of Applied Science degree and a one-year course of study leading to a certificate. The program prepares students for immediate employment and future advancement in companies and organizations that manufacture, sell, service, design and support electrical and electronic systems that control machinery, automation and/or processes. Graduates work in areas such as industrial/maintenance electrician, technical sales specialist, field service technician, and substation operator apprentice.

The first year focuses on courses in the Electronics Technology program. Students learn DC fundamentals and circuit analysis, solid-state electronic devices and circuits, and analog and digital circuits. The second year of the program focuses on industrial power and control technologies. Subjects covered include AC fundamentals and circuits, fundamentals of fluid power and electromechanical systems, DC and AC rotating machinery, transformers, single-phase and three-phase circuits, motor control and programmable logic controllers (PLC’s), electric drives, advanced digital and analog circuits, and microprocessor fundamentals.

INTERNERSHIPS

Internships/Cooperative Education
(206) 527-3686

Internships provide students with the opportunity to earn college credit while gaining practical, “hands on”, work experience in their field of study. The Internship Program consists of CWE 101 “Portfolios, Job Search and Interviewing” and CWE 110 “Internships”. CWE 101 is a 2-credit course designed to assist students in developing an internship and CWE 110 provides 3 credits for the actual internship itself. For more information regarding the Internship Program at North please contact the internship office directly.

MEDICAL ASSISTING

Health and Human Services Division
(206) 527-3790

North’s Medical Assisting program is accredited by the Commission on Accreditation of Allied Health Education Programs (CAHEP, 1361 Park St., Clearwater, FL 33756), on recommendation of the Curriculum Review Board of the American Association of Medical Assistants’ Endowment (AAMAE). Graduates of this program are also eligible for the Washington State Health Care Assistant (HCA) certificate at levels A, C and E, obtainable through an employer. State certification does NOT constitute a “certified” medical assistant. The CMA credential is obtained through a national exam (see the program advisor for details).

This is an open-entry/open-exit, self-paced, variable-length program. It combines traditional instruction with computer- and text-assisted and individualized learning appropriate to student needs. Students must practice hands-on procedures, take exams and complete competency check-offs in the classroom with an instructor. Instructors, classrooms and equipment will be available during scheduled hours. Students are encouraged to establish a regular schedule each quarter to foster successful completion of as much work as possible at the college where assistance is available.

For more information on healthcare programs, see www.seattlecolleges.edu/healthcare.

Certificate

PREREQUISITES

Courses taken within the last ten years or COMPASS test is required. Contact Testing Center.

Math: MAT 097 - Elementary Algebra.

English: ENG 101 - Composition, or EGR 231 - Technical Writing.

General: A high school diploma or GED, or 18 years of age. Certain tech-prep agreements can be accepted (see MA program advisor). Applicant should have oral English skills sufficient to communicate accurately with others in the medical field.

*All program courses must be successfully completed prior to taking the externship course.*

**BUS 140 and BUS 236 are non-modular (not self-study) courses, but are required for the program.**

### Clinical Lab Assisting

An option of the Medical Assisting program, this program is intended to prepare the student for entry-level positions in a clinical laboratory such as phlebotomist or clinical lab assistant. Students study such topics as basic anatomy and physiology along with medical terminology and pathology, lab safety, regulations/legal requirements, specimen collection and preparation, phlebotomy, performing various ‘CLIA-waived’ tests and 7 hours of HIV/AIDS. Students gain hands-on experience in phlebotomy and lab testing by performing procedures in the classroom.

This is an open-entry/open-exit, self-paced, variable-length program. It combines traditional instruction with computer- and text-assisted and individualized learning appropriate to student needs. Students must practice hands-on procedures, take exams and complete competency check-offs in the classroom with an instructor. Instructors, classrooms and equipment will be available during scheduled hours. Students are encouraged to establish a regular schedule each quarter to foster successful completion of as much work as possible at the college where assistance is available.

**Medical Transcription**

An option of the Medical Assisting program, this program is intended to provide more in-depth training in transcription for current medical professionals who want to enhance their qualifications. Students with no medical training may complete the program and acquire entry-level medical transcription skills. Students will study basic anatomy and physiology, medical terminology and common pathology, as well as communication skills.

This is an open-entry/open-exit, self-paced, variable-length program. It combines traditional instruction with computer and text–assisted and individualized learning appropriate to student needs. Students must practice hands-on procedures, take exams and complete competency check-offs in the classroom with an instructor. Instructors, classrooms and equipment will be available during scheduled hours. Students are encouraged to establish a regular schedule each quarter to foster successful completion of as much work as possible at the college where assistance is available.

Medical Office Administration

An option of the Medical Assisting program, this program is intended to prepare the student for work in the administrative/clerical area in the ambulatory care setting. Students learn administrative skills from basic clerical to more advanced management. Anatomy and physiology, terminology and pathology are also studied to enhance understanding of the entire operation of the clinic/office. This program does not include hands-on patient care tasks or procedures.

This is an open-entry/open-exit, self-paced, variable-length program. It combines traditional instruction with computer- and text-assisted and individualized learning appropriate to student needs. Students must practice hands-on procedures, take exams and complete competency check-offs in the classroom with an instructor. Instructors, classrooms and equipment will be available during scheduled hours. Students are encouraged to establish a regular schedule each quarter to foster successful completion of as much work as possible at the college where assistance is available.

Instruction in additional areas that are vital in the medical field is provided. Some examples are safety, hygiene, communication, computation, human relations, professionalism, work habits and job search skills. Students will have additional expenses other then the fees charged by the college. A separate list is available at the division office or from an advisor.

For more information on healthcare programs, see www.seattlecolleges.edu/healthcare.

Basic Medical Reception
An option of the Medical Assisting program, this program prepares the student for entry-level positions such as front desk, receptionist, or file clerk. A student may return and complete additional courses to obtain additional certificates without repeating courses already taken within a specific period.

This is an open-entry/open-exit, self-paced, variable-length program. It combines traditional instruction with computer- and text-assisted and individualized learning. Students must practice hands-on procedures, take exams and complete competency check-offs in the classroom with an instructor during scheduled hours. Students are encouraged to establish a regular schedule each quarter.

Instruction in additional areas that are vital in the medical field is provided: safety, hygiene, communication, computation, human relations, professionalism, work habits and job search skills. Students will have additional expenses other than the fees charged by the college. A separate list is available at the division office or from an advisor. Program prerequisite: Completion of Medical Terminology.

NANOTECHNOLOGY
Math, Science and Social Science Division
(206) 527-3746

The nanotechnology degree prepares graduates for entry level technician positions in the nano/microfabrication industry and related manufacturing industries. Nano/micro-technology is the basis for the manufacturing of a wide range of technology products such as computer chips, flat panel displays, solar power arrays, robotics, industrial parts, biological implants, and DNA monitoring, medical and pharmaceutical equipment.

This is a cross-disciplinary program combining elements of materials science, chemistry, biology and physics, electronics and engineering. Students will be exposed to clean room procedures including an understanding and maintenance of nano/micro fabrication and characterization equipment. The multidisciplinary design of this program will provide graduates with the skills to enter a wide range of materials-based industries.

NURSING, PRACTICAL
Health and Human Services Division
(206) 527-3790

Candidates for the Practical Nursing certificate must meet specific course requirements established by the Washington State Board for Practical Nurse Examiners. The four quarter program prepares graduates for practical nursing careers in acute care, long-term care and out-patient services.

The first quarter is devoted to classroom and laboratory studies emphasizing nursing skills, general medical knowledge and behavior. The remaining program includes extensive clinical experience in health care agencies.

New daytime classes begin in fall and spring quarters. Contact the Health and Human Services division office for entry requirements, information on approval procedures, the application process and the schedule for orientation/advising sessions.

For more information on healthcare programs, see www.seattlecolleges.edu/healthcare.

PROGRAM PREREQUISITES

TOTAL CREDITS 120

PARENT EDUCATION

Health and Human Services Division
(206) 527-3783

North Seattle Community College offers parent education programs with classes held on- and off-campus during fall, winter and spring quarters. In addition, parents may utilize online classes that are offered every quarter.

Parents who enroll in the “Parent Education Child Study Laboratory” participate once a week with their child in a parent operated cooperative preschool, pre-3, toddler or infant education program.

Enrolled parents also attend parenting classes and learn decision making and group management skills as officers or committee members in the cooperative.

The program gives parents the opportunity to:

- study child development and behavior.
- learn new ways to interact with children.
- share ideas and experiences with other adults.
- share in their child’s early development and group experiences.

PHARMACY TECHNICIAN

Health and Human Services Division
(206) 527-3790

Pharmacy technicians support pharmacists, who are legally responsible for all prescription orders and drug dispensing. The program emphasizes knowledge and skills associated with the varied responsibilities of the pharmacy technician. Graduates of the program are employed in hospitals, home infusion, long-term care, independent and chain community pharmacies, outpatient clinics, insurance carriers, and pharmacy software companies. Employment opportunities have remained strong in this health service occupation since its inception in 1975.

Applicants should contact the Health and Human Services division office regarding enrollment and current information about the program. The program begins in fall and spring quarters.

For more information about healthcare programs, see www.seattlecolleges.edu/healthcare.

RADIOLOGIC TECHNOLOGY
Health and Human Services Division
(206) 527-3790
North Seattle Community College, in cooperation
with Bellingham Technical College, offers a Radiologic
Technology A.A.S. degree to prepare students for careers
in the high-demand field of Radiologic Technologist.
Students attend classes and complete their hands-on
clinic training through North, but are enrolled through
Bellingham Technical College. Students learn online,
through computer lab activities, video conferencing,
and radiology lab activities at clinical sites at various
locations and in the traditional classroom at North.
For more information about healthcare programs,
see www.seattlecolleges.edu/healthcare.

REAL ESTATE
Business, Engineering, and
Information Technologies Division
(206) 527-3730
The North Seattle Real Estate Program offers skills,
degrees and certificates necessary to satisfy Washing-
ton State licensing requirements, industry continuing
education requirements, and promotes excellence in the
chosen real estate specialty. All courses are approved for
Washington State and federal licensing continuing edu-
cation requirements and are taught by industry experts.

WATCh TECHNOLOGY INSTITUTE

Workforce Education Programs
(206) 528-4620

The Watch Technology Institute is the only watchmaking school on the West Coast. This program utilizes the same curriculum as the Watchmakers of Switzerland Training and Educational Program (WOSTEP), which is internationally regarded in the watchmaking industry. The Watch Technology program accepts 12 students per year and requires 3000 hours of instruction over 8 quarters. After the successful completion of the program, students may take the WOSTEP exams for certification. Interested students should contact Elaine Rolf at (206) 526-0169 or email her at erolf@sccd.ctc.edu.

Students can enroll in the following classes which are optional and not required for the certificate or degree: ART 281 (4cr), ART 282 (4cr), and ART 283 (4cr).
