Where Do You Want Your Education To Take You?

1 | Academics
   COLLEGE TRANSFER 5
   Take courses which transfer to a four-year university or earn a two-year A.A. or A.S. degree.

2 | ADULT BASIC EDUCATION
   ESL 12
   Improve your English, math or reading skills and/or prepare for future college-level course work. Non-native speakers study English as a Second Language.

3 | Careers
   PROFESSIONAL & TECHNICAL PROGRAMS 13
   More than 135 short-term, 1- and 2-year degree and certificate programs and two 4-year B.A.S. degrees.

4 | CONTINUING EDUCATION/Lifelong Learning 17
   Find hundreds of diverse, non-credit courses for personal and professional growth.

5 | DISTANCE EDUCATION/eLearning 18
   Fit your time and location with one course or a full-time schedule of online, hybrid or video courses.

6 | HIGH SCHOOL–COLLEGE GED 21
   Earn college credits while in high school through Tech Prep or Running Start, or complete high school requirements or a GED.

7 | INTERNATIONAL Programs 24
   International students study ESL, Intensive English, or pursue career or college transfer courses.

8 | WORKER RETRAINING 26
   Explore opportunities for laid-off or displaced workers to get training for new high-demand jobs.

GETTING STARTED
See page 27 for enrollment and financial aid information.
MISSION
The Seattle Community Colleges will provide excellent, accessible educational opportunities to prepare our students for a challenging future.

VISION
The Seattle Community Colleges will be learning-centered -
- in providing high-quality and innovative education
- in preparing our students for success and lifelong learning

VALUES
We value -
- teaching and learning
- students
- diversity
- partnerships

ACCREDITATION
The Seattle Community Colleges are state-supported public institutions accredited by the Northwest Commission on Colleges and Universities*, an institutional accrediting body recognized by the Council for Higher Education Accreditation and the U.S. Department of Education. Each college is accredited individually; Seattle Vocational Institute is accredited jointly with Seattle Central.

*NWCCU, 8060 165th Avenue NE, Suite 100, Redmond, WA 98052

ABOUT THE CATALOG
This catalog is published for information purposes and is designed to assist prospective students in program planning. The information in this catalog reflects current programs, requirements, and costs as of May 8, 2010. Every effort is made to ensure accuracy at the time of publication; however, the catalog is not an irrevocable contract between the student and the Seattle Community Colleges. The colleges reserve the option to amend, modify or revise any content or provisions of this catalog without notice, because of changes in policies, personnel, curricula or funding. For the most current information, go to www.seattlecolleges.edu.

LEARNING COMMUNITIES
at the Seattle Community Colleges

The three Seattle Community Colleges offer students opportunities to study in learning communities through a variety of approaches that link or cluster classes, often around a theme. Examples are Coordinated Studies courses and linked courses. A major objective of learning communities is to help students discover the interdisciplinary and integrative nature of knowledge by experiencing several different perspectives. Students learn how to collaborate in problem-solving groups, experience the importance of writing in the learning process, and develop independent and critical thinking skills through seminars exploring books, small group work and visual media.

Coordinated Studies

An alternative to the traditional individual course model, Coordinated Studies courses integrate two or more disciplines into one team-taught course in which students meet for longer periods during the week and earn 8-10 or more credits. Although students receive credit for standard Seattle Community College courses such as ENGL& 101 (English Composition I), ANTH 201 (Contemporary Issues in Anthropology), or GEOL 108 (Minerals, Gems and Fossils), they concentrate on exploring a theme, problem or question, such as “Escaping the Matrix: Discourse of Power,” “Ways of Knowing: How We Choose What to Believe,” “Inheriting the Future,” “Insatiable Appetites: Food, Culture and Power” or “Minerals and Metal Arts.”

Linked Courses

In linked courses students choose from a list of designated paired classes whose content is coordinated by the instructors through common assignments. Students need to register for both “linked” classes. While not as intensive as the Coordinated Studies model, linked courses also provide integrated learning.

COMMON COURSE NUMBERING
and “&” Courses

www.seattlecolleges.edu/coursesearch.aspx

As of Summer Quarter 2008, all Washington state community and technical colleges are using a Common Course Numbering (CCN) system. The system identifies courses that are equivalent at community colleges throughout the state to make it easier for students who may transfer between two-year colleges. Some course numbers, prefixes and titles have been changed to comply with these new standards. The courses with an ampersand “&” after the prefix code are part of the Common Course Numbering system. However, courses without an “&” will continue to transfer between two-year and four-year colleges under individual Direct Transfer Agreements, as in the past.

GENERAL EDUCATION
at the Seattle Community Colleges

Definition

General Education is college-level work that introduces students to the content and methods of major areas of knowledge including humanities and fine arts, the natural sciences, mathematics, and the social sciences. General Education emphasizes the following outcomes:

- Attitudes necessary to function as a citizen and lifelong learner
- Intellectual skills required for college level inquiry and competence
- Knowledge and awareness of the complex world in which we live

Rationale

The purpose of General Education is to provide educational depth and breadth through development of essential skills in reading and writing, research and information literacy, critical thinking, problem-solving, understanding individuals and cultures, creative expression, and quantitative and scientific reasoning. These transferable skills support students as they continue in higher education, move forward in careers, and continue the process of lifelong learning.

Learning Outcomes

Each college has developed learning outcomes and specific degree requirements to support these General Education goals. See college sections for details.
The College Transfer program offers courses in a wide range of academic fields common to undergraduate study in colleges and universities. These courses meet requirements for associates’ degrees and will transfer to four-year institutions within guidelines established by those schools. The courses and programs offered are designed to enable the student to make a successful transition to a four-year institution.

Students who plan to transfer to a specific college or university should work with a transfer advisor, and also request information from the four-year institution(s) they want to attend.

ASSOCIATE OF ARTS (A.A. – DTA) Degree

The Associate of Arts (A.A.) degree (Direct Transfer Agreement or DTA) is a 90-credit transfer degree that fulfills the general education requirements for most four-year degrees in arts and sciences. To earn the A.A. degree, students must achieve a cumulative grade point average of 2.0 or better in courses numbered 100 and above, complete at least 15 credits at the Seattle Community College awarding the degree, and meet the requirements outlined below. Students should contact college advising offices for listings of courses that satisfy degree requirements. Students planning to transfer to a four-year institution should be aware that they must complete all admission requirements for their destination institution. In addition, students are encouraged to give early consideration to possible majors and obtain information about requirements for these majors at their destination college or university.

A.A. Degree Learning Outcomes

The Seattle Community Colleges A.A. degree is designed to fulfill a set of seven desired learning outcomes for the general education of a college undergraduate in the United States in the 21st century. Students completing the Associate of Arts degree should:

1. Have college-level knowledge and skills in critical thinking, quantitative analysis, and written composition.
2. Have college-level mastery of information literacy and technology literacy.
3. Have effective skills for in-person and media-based interactions with individuals and within groups.
4. Understand methods and modes of inquiry specific to traditional and contemporary areas of knowledge in the humanities and arts, natural and physical sciences, mathematics, and the social sciences.
5. Understand the interdisciplinary nature of knowledge.
6. Understand the United States as a multicultural society.
7. Understand the global society and processes of

TRANSFER DEGREES Summary

Associate of Arts (A.A. – DTA)
Two-year degree designed to transfer to a four-year college or university.

Central, North, South

Associate in Business (A.B. – DTA)
Two-year degree designed to transfer to a four-year college or university.

North, South

Associate in Elementary Education (A.E.E. – DTA/MRP)
Direct Transfer/Major Ready Pathway to a B.A. in Elementary Education (K-8) programs in the state of Washington.

Central, South

Associate in Math Education (A.M.E. – DTA/MRP)
Direct Transfer/Major Ready Pathway to a B.A. in Math Education degree (grades 6–12) programs in the state of Washington.

Central

Associate of Science Degree (A.S. – DTA)
Two-year degree designed to transfer to a four-year college or university.

Central, North, South

Associate of Science - Transfer Degree (A.S.)
Two-year degree designed to transfer to a four-year college or university in two major areas of science.

Option 1 biological sciences, environmental/resource sciences, chemistry, geology & earth sciences
Option 2 engineering, computer science, physics & atmospheric science

Central, North, South

Associate in Fine Arts (A.F.A.)

North

Associate of Applied Science (A.A.S. and A.A.S.-T) Degrees
See page 3.

Central, North, South

Bachelor of Applied Science (B.A.S.) Degrees

Applied Behavioral Science B.A.S. - Central
See page 14 and pages 56–57.

Hospitality Management B.A.S. - South
See page 14 and page 135.
globalization from mostly, but not exclusively, non-Western and indigenous perspectives.

See pages 8–9 for detailed A.A. Degree Requirements at the Seattle Community Colleges.

**Associate of Arts: Special Emphasis Areas**

Students planning to transfer to a four-year institution and pursue a specific field of study should work closely with their advisor to plan their Associate of Arts (A.A.) degree. In addition to the A.A. degree, special courses of study have been designed for the following areas of emphasis at the Seattle Community Colleges.

- **ASIAN PACIFIC ISLANDER STUDIES - SOUTH**
  This interdisciplinary transfer degree program examines history and contemporary issues affecting Asians, Asian Americans and Pacific Islanders. Asian Pacific Islander Studies students can transfer to a four-year institution offering programs and degrees in a number of fields, including American/Comparative Ethnic Studies or Asian Studies. Degree requirements for this degree differ from the general A.A. Degree requirements. Contact South Seattle Community College Advising Office for details.

- **DEAF STUDIES - CENTRAL**
  The Deaf Studies emphasis offers two years of intensive study in American Sign Language and Deaf culture, providing a cultural and communication foundation about deafness and Deaf culture. It is designed for students who plan to work in agencies which provide services for the deaf and hard of hearing; for students seeking further degrees in fields such as education, social work, counseling or linguistics; and for those seeking enhanced communication and relationships with deaf relatives, co-workers, friends and consumers. Contact Seattle Central Advising Office for further information.

- **SUSTAINABLE AGRICULTURE (SAGE) - CENTRAL**
  This new emphasis offers a suite of core courses and four areas of focus: Urban Food Systems, Small Farm Systems, Farmland Ecological Restoration and International Sustainable Development. For details, contact Seattle Central Community College Advising Office: www.seattlecentral.edu/learn/sage.

**ASSOCIATE IN BUSINESS (A.B. – DTA) Degree**

The Associate of Arts in Business Degree is designed to satisfy lower division general education and business requirements at Washington’s public four-year colleges and universities. See page 90 (North) and/or page 134 (South) for details.

**ASSOCIATE IN ELEMENTARY EDUCATION (A.E.E. – DTA) Degree**

K-8 Education Pre-Major - Central, South

Designed for students transferring to a four-year university, this program provides a solid foundation for direct transfer to B.A. in Elementary Education (K-8) programs in the state of Washington. Although a 2.0 in each course and overall GPA is required to earn the A.E.E./DTA degree, many competitive programs require a 3.0 or better in program prerequisites or overall GPA. Students must also take the WEST-B test and have 30-80 hours of supervised work with children.

See page 56 (Central) and/or page 134 (South) for details.
ASSOCIATE IN MATH EDUCATION
(A.M.E. – DTA) Degree

Secondary (9-12) Math Education Pre-Major - Central
Designed for students transferring to a four-year university to pursue a secondary math education teaching degree. This program provides a solid foundation for B.A. in Math Education degree programs (grades 6-12) in the state of Washington. Although a 2.0 in each course and overall GPA is required to earn the A.M.E./DTA degree, many competitive programs require an overall average of 3.0 or better. WEST-B and WEST-E/Praxis II tests are required. See page 56 for further information.

ASSOCIATE OF SCIENCE (A.S. – DTA) Degree

The Associate of Science (A.S. – DTA) is a transfer degree. However, there are certain major areas of study in which the student may not be able to take all the courses necessary to transfer with junior standing in his/her major. Contact an advisor for more information on this degree program. For specific courses leading to a pre-major in a number of science fields, refer to the College Transfer section for each college.

Degree requirements include satisfactory completion of at least 90 approved credits with a 2.0 cumulative GPA. At least 15 credits in college-level courses (100 or above) must be earned at the Seattle Community College granting the degree.

ASSOCIATE OF SCIENCE TRANSFER (A.S.) Degree

The Associate of Science (A.S.) is also a transfer degree for students who wish to transfer as juniors to four-year institutions in the state of Washington.

Degree requirements include satisfactory completion of at least 90 approved credits with a 2.0 cumulative GPA. At least 15 credits in college-level courses (100 or above) must be earned at the Seattle Community College granting the degree.

Two different study options are offered:
1. biological sciences, environmental/resources sciences, chemistry, geology and earth sciences
2. engineering, computer science, physics and atmospheric science

Students should contact an advisor for specific program requirements.

ASSOCIATE OF FINE ARTS (A.F.A.)

North Seattle Community College offers an Associate of Fine Arts (A.F.A.) degree in art and in music. Both degrees require at least two years of study and include many of the A.A. degree requirements as well as specific requirements in either art or music. While the A.F.A. degree prepares students to transfer to four-year institutions, the only college to which an A.F.A. recipient can currently transfer with junior standing is The Evergreen State College.
Basic Requirements 15 credits

Electives 30 credits

Areas of Knowledge Distribution Requirements 45 credits

A.A. Degree Total 90 Credits

Special Requirements included within the 90-credit total
Within the 90 credits required for the A.A. degree, students must complete special requirements in Integrated Studies, Communication, U.S. Culture and Global Studies, as listed below. Students should consult their college advising office for a current listing of these courses. Specially designated courses that satisfy these requirements differ by college. Special designation credit for courses taken at one of the Seattle Community Colleges will transfer to other colleges in the district.

- At least 8 credits of Integrated Studies (This requirement may be met through specially designated individual courses, linked courses, or coordinated studies programs)
- At least one course in Communication
- At least one course in U.S. Cultures
- At least one course in Global Studies

Basic Requirements 15 Credits

English &101 and &102 10 credits

Intermediate Algebra (IA) Proficiency
All students must demonstrate proficiency in intermediate algebra. Proficiency may be demonstrated in one of the following ways:

- In high school, complete three years of study at the level of algebra, geometry and second-year algebra
  - Second-year algebra must be completed with a minimum 2.0 grade.
  - The second algebra course may be completed in high school if the first-year algebra course is completed in middle school.
  
  Note: Arithmetic, pre-algebra, business math, and statistics will not count toward the requirement.

- OR complete MATH 098 with a minimum 2.0 grade
- OR place into and complete MATH &107 with a minimum 2.0 grade (Placement is through an approved placement test)
- OR place into and complete a mathematics course from either of the following lists with any passing grade (Placement is through an approved placement test)

List 1: These courses are recognized by Seattle Community Colleges, the University of Washington, and most Washington baccalaureate institutions as demonstrating intermediate algebra proficiency. Students should check the requirements of their destination institution: MATH 102, 116, 120, &141, &142, &148, &151, &152, &153, 220, 224, 238, 239

List 2: Although recognized by Seattle Community Colleges and some Washington baccalaureate institutions as demonstrating intermediate algebra proficiency, the following courses are not recognized for that purpose by the University of Washington. Students should check requirements of their destination institution: MATH 103, 109, 170.

Quantitative/Symbolic Reasoning 5 credits
Students completing the QSR requirement will be able to use quantitative or symbolic reasoning to understand, analyze, interpret and solve problems. Successful completion of any of the following classes satisfies the QSR requirement for Seattle Community Colleges. These courses may also satisfy the QSR requirement at baccalaureate institutions. Students should check the requirements of their destination institution.

- MATH 102, 103, &107*, 109, 116, 120**, &131, &132, &141, &142, &148, &151, &152, &153, 220, 224, 238, 239
  (* If using MATH &107 to meet both the IA proficiency requirement and the QSR requirement, students must earn a minimum 2.0 grade in the course.)
  (** MATH 120 does not meet the QSR requirement at University of Washington.)

- ASTR &110
- BUS 210
- CHEM &139, &161, &162, &163, 191, 192
- CSC 110, 111, 142, 143
- ECON &201, &202
- ENGR 142
- PHIL &106
- PHYS &121, &122, &123, &221, &222, &223
- PSYC 217

Electives 30 Credits
Electives include:

- All college transfer courses numbered 100 or above
- Accounting, business administration and transfer engineering classes
- Physical education activity courses (3-credit maximum)
- A maximum of 15 credits from a combination of the following:
  - Workforce Education (Professional-Technical) courses numbered 100 and above
  - Human Development courses (HDC) numbered 100 and above (6-credit maximum)
  - Library research courses (6-credit maximum)
  - Cooperative Work Experience (CWE) courses numbered 100 and above (5-credit maximum)
College Transfer A.A. Degree Requirements continued…

AREAS OF KNOWLEDGE DISTRIBUTION REQUIREMENTS 45 CREDITS

This listing may change. Students should confer with their college advising office for the most current information.

VISUAL, LITERARY AND PERFORMING ARTS (Humanities and Arts) 15 CREDITS

Choices must include a minimum of two different course prefixes. No more than 5 credits each of a world language at the 100 level and a studio/performance class (*asterisked below) may be applied to the distribution requirements.

American Sign Language: ASL &121, &122, &123, 210, &221, &222, &223
Chinese: CHIN &121, &122, &123, &221, &222, &223

INDIVIDUALS, CULTURES AND SOCIETIES (Social Sciences) 15 CREDITS

Choices must include a minimum of two different course prefixes.

American Ethnic Studies: AME 150, 151, 160, 201
Anthropology: ANTH &100, &106, 113, &125, 130, 135, 201, &206, &210, 211, 212, 213, &216, &228, 275
American Sign Language: ASL 120, 125
Economics: ECON 100, 102, &201, &202, 240
Environmental Science: ENV 150, 200, 202, 208, 214, 294
Geography: GEG 100, 102, 200, 207, 230, 260
International Studies: ISP 101, 105, 110, 120, 160, 170, 201, 205, 210, 220, 234, 251, 255, 260, 261, 270

THE NATURAL WORLD (Natural and Physical Sciences, Mathematics) 15 CREDITS

Choices must include a minimum of two different prefixes; 5 credits must be in a lab science (*asterisked below). Students may choose up to 5 credits from the following list of courses: Anthropology, Computer Science, Engineering, Geography, Mathematics, Philosophy, Psychology (see specific courses below).

Anatomy & Physiology: BIOL 128*, &241*, &242*
Astronomy: ASTR &100, &110*, 201
Botany: BOT 110*, 112*, 113*
Enviromental Science: ENV 150, 160, 170, 201, 202*, 203, 205, 208, 221
Health: HEA 125, 150, 160, 225
Material Science: MSC 101
Meteorology: MEY 100
Nanotechnology: NANO 101*
Nutrition: NTR 105*, 150, 155
Oceanography: OCEA &100, 101*
Physics: PHYS &100, 107*, &121*, &122*, 123*, &221*, &222*, &223*
Sustainability: SUST 101

Up to 5 credits total allowed from the following group:

Anthropology: ANTH &204, &205, 275
Computer Science: CSC 110, 111, 142, 143
Engineering: ENGR &111, 140, 142, &214, &215, &224, &225, 271
Geography: GEG 205

Total credits required for associate of arts degree 90 CREDITS

College Transfer Courses Number 102 and above.
Technical math courses NOT usable for transfer purposes.

Philosophy: PHIL &106
Psychology: PSYC 222
TRANSFER POLICY and PROCESSES

Transfer Assistance
Transfer services and information are available at all three Seattle Community Colleges through the campus Advising/Transfer Centers. During their first few quarters of study at the Seattle Community Colleges, students are encouraged to explore the various options for majors at four-year institutions and to become knowledgeable about admissions and graduation requirements for any majors they are considering.

Representatives from local four-year institutions visit all three Seattle Community College campuses on a regular basis to provide information regarding admissions deadlines and transfer requirements.

Ultimately, it is the student’s responsibility to become knowledgeable about the admissions and graduation requirements of the four-year institution he or she plans to attend.

Reciprocity Agreement
Washington community and technical colleges offer reciprocity to students transferring within the state’s community and technical college system who are pursuing A.A., A.B., A.S. or A.S.–T degrees. Students who complete an individual course that meets distribution degree requirements or fulfills entire areas of their degree requirements at one college will be considered to have met those same requirements if they plan to complete the same degree when they transfer to another community or technical college in Washington. These degree requirements include Communication Skills, Quantitative Skills, or one or more Distribution Area requirements. Students must initiate the review process and must be prepared to provide necessary documentation. For complete information, students should contact the Registrar’s Office at each college.

See “Common Course Numbering” on page 4.

Transfer of Credits to Four-Year Institutions
Students who plan to transfer to a four-year college or university are advised to give careful consideration to the following information:

1. Students transferring to a four-year institution may apply a maximum of 90 (quarter) transferable community college credits to a baccalaureate degree. More credits may transfer at the discretion of the receiving institution.

2. It is possible to transfer with fewer than 90 credits, but special requirements may be imposed.

3. Students who plan to graduate with the A.A. or A.S. degree should make sure they have also met the admission requirements for the transfer institution. Completion of the A.A. degree alone may not necessarily fulfill admission requirements at some four-year institutions.

4. Transferable courses are numbered 100 and above, but not all courses so numbered are transferable. Receiving institutions determine which credits transfer into the college. Students planning to transfer should plan as early as possible, contacting those institutions to which they plan to transfer.

5. Unless a transfer agreement with the Seattle Community Colleges is in effect, the four-year school may impose additional general education requirements.

6. Graduation requirements for the bachelor’s degree are established by the four-year institution. Students at the community college should choose courses according to graduation requirements of their chosen college or university. Students planning to transfer should plan as early as possible in their college programs using the following guide:

- Consult a current catalog of the chosen school to determine entrance requirements and suggested freshman and sophomore programs in the major field of interest.

- Confer with a college advisor about fulfilling these requirements.

- Confer with an admissions officer at the four-year institution regarding further curriculum and transfer regulations.

- Check carefully a quarter or two before transfer to be sure all requirements will be met to the satisfaction of the four-year institution.

Transfer Rights & Responsibilities

Student Rights and Responsibilities

1. Students have the right to clear, accurate, and current information about their transfer admission requirements, transfer admission deadlines, degree requirements, and transfer policies that include course equivalencies.

2. Transfer and freshman-entry students have the right to expect comparable standards for regular admission to programs and comparable program requirements.

3. Students have the right to seek clarification regarding their transfer evaluation and may request the reconsideration of any aspect of that evaluation. In response, the college will follow established practices and processes for reviewing its transfer credit decisions.

4. Students who encounter other transfer difficulties have the right to seek resolution. Each institution will have a defined process for resolution that is published and readily available to students.

5. Students have the responsibility to complete all materi-
als required for admission and to submit the application on or before the published deadlines.

6. Students have the responsibility to plan their courses of study by referring to the specific published degree requirements of the college or academic program in which they intend to earn a bachelor’s degree.

7. When a student changes a major or degree program, the student assumes full responsibility for meeting the new requirements.

College and University Rights and Responsibilities
1. Colleges and universities have the right and authority to determine program requirements and course offerings in accordance with their institutional missions.

2. Colleges and universities have the responsibility to communicate and publish their requirements and course offerings to students and the public, including information about student transfer rights and responsibilities.

3. Colleges and universities have the responsibility to communicate their admission and transfer-related decisions to students in writing (electronic or paper).

Transfer Agreements
Direct Transfer Agreements with Four-Year Institutions
The baccalaureate (four-year) colleges and universities in Washington state listed below subscribe to the Intercollege Relations Commissions (ICRC) Guidelines for direct transfer agreement (DTA). The Seattle Community Colleges offer both Associate of Arts and Associate of Science DTA degrees that meet ICRC Guidelines. The DTA associates’ degrees are recognized as fulfilling most, if not all, of the general education requirements for these institutions. Students who complete a DTA will normally be granted junior standing upon admission. Students should check with their intended transfer institution for further details regarding any additional general education, major prerequisites and admission requirements. This list is subject to change. See your advisor for updated information and details of transfer.

*These institutions have restrictions and exceptions to the DTA.

Other Transfer Agreements
Seattle Community Colleges have partnerships and transfer agreements with a number of other four-year institutions (such as Indiana University – Purdue University Indianapolis and San Francisco State University), and are continually pursuing new ones. For the most accurate list of all transfer agreements, visit the Advising and Transfer Centers.

Other Transfer Opportunities
Bachelor’s Degree Program Partnerships with North
- Eastern Washington University: B.S. in Electrical Engineering
- Washington State University Online: various online degrees
- Western Washington University: B.A. in Education, K-8, Special Education and Elementary Certification

See page 90 for details.

Bachelor’s Degree Program Partnerships with South
- Eastern Washington University: B.S. in Technology, Applied Technology Option
- Heritage University: B.A. in Education, K-8 and ESL
- City University: B.S. in Business Accounting, Business Administration or Business Management

See pages 135 for details.
Adult Basic Education/ESL

Adult BASIC EDUCATION

Adult Basic Education (ABE) classes are for adults who already know English but wish to improve their basic reading, writing, and math skills. Reading and writing are integrated to give students the foundation for effective communication. Skills emphasized will help students prepare for the General Education Development (GED) or apply to a community or technical college.

ENGLISH as a Second Language/ESL

English as a Second Language (ESL) classes are offered to help non-native speakers communicate in English and increase their understanding of American culture. Conversation, pronunciation, reading, writing, and grammar are taught with special emphasis on the English skills needed for survival and employment. The courses advance to note-taking, composition, oral presentation, and class discussion at high levels.

NOTE: International Students should take ESL classes through International Programs, page 24.

PRE-COLLEGE English, Mathematics and Human Development Courses

Many students entering college or returning after some time away from studies need additional work to prepare for college-level courses. For these students, the Seattle Community Colleges offer a series of courses in English, mathematics and human development. Placement in one or more of these courses is determined by performance on placement tests required for admission to the specific college program or courses. Courses in this category are those numbered below 100. They are described in the course description sections for English, mathematics and human development. For further information, contact the Basic and Transitional Studies program advisor at Central, the ABE program advisor at North, and the Academic Programs advisor at South.
The Seattle Community Colleges offer more than 135 workforce education and training programs. These programs offer certificates and/or degrees, and vary from 1 to 7 quarters in length. They are designed to prepare students for specific careers. Several professional-technical programs also offer short-term training certificates; students may build skills and add certificates over time to progress in their fields. Contact the program office for further information.

ASSOCIATE OF APPLIED SCIENCE (A.A.S.) Degree

The Associate of Applied Science (A.A.S.) degree prepares students to compete for employment through development of technical and related skills and instruction in academic subjects appropriate to the occupational field.

To earn a degree within the Seattle Community Colleges, a student must complete at least 90 credits and have a minimum cumulative grade point average of 2.0. At least 15 credits must be earned at the Seattle Community College granting the degree. Students should consult an advisor or division counselor for specific GPA requirements in their programs of study.

Programs are designed and updated by advisory committees, made up of local industry leaders and labor representatives, to reflect current employment trends.

Instructors bring industry experience as well as education and training to the classroom. All full-time instructors hold vocational instructor certificates and stay informed of industry changes.

A core of general education and/or related instruction courses is regarded as essential for all A.A.S. degree programs and all certificate programs of an academic year or more in length. College-level courses (100 and above) in communications, computation, human relations and selected courses from humanities, natural sciences and social sciences are required. Additional topics may include safety and environmental awareness.

Some A.A.S. programs and some courses in A.A.S. degree programs may transfer to four-year colleges or universities. Consult a program advisor or transfer institution concerning course transferability prior to enrollment.

ASSOCIATE OF APPLIED SCIENCE - T (A.A.S.-T) Degree

The Associate of Applied Science - T degree is designed to assist students who initially enrolled for a professional-technical degree and who then seek to transfer to a four-year institution for a bachelor’s degree. Degree requirements include satisfactory completion of at least 90 approved credits with a 2.0 cumulative GPA. At least 15 credits in college-level courses (100 or above) must be earned at the Seattle Community College granting the degree. The A.A.S.-T degree is based on technical courses required for job preparation but also includes transfer degree general education courses. In general, technical degree programs are not designed for general transfer to other colleges or universities; the A.A.S.-T degree prepares students for specific bachelor’s degree programs at specific institutions. Students should contact the appropriate community college division dean or Advising Office for a current list of four-year colleges accepting the A.A.S.-T degree.
BACHELOR OF APPLIED SCIENCE (B.A.S.)
Applied Behavioral Science
The Bachelor of Applied Science (B.A.S.) in Applied Behavioral Science at Seattle Central Community College is designed to offer a substantive, human services four-year degree for direct service practitioners. This program is designed for students with an Associate of Applied Science two-year degree in social and human services, or a related degree. Applications are accepted for Fall and Spring quarter entry. A minimum 2.0 cumulative GPA is required for application; however, entry to the program is competitive.

Please see page 56 for further details.

Hospitality Management
The Bachelor of Applied Science (B.A.S.) in Hospitality Management at South Seattle Community College prepares those students who have completed a two-year technical degree or approved associate’s degree with a broad set of competencies in the hospitality industry. Students take upper-division classes in management, marketing, human resource and technical positions. This program is unique in its focus of providing applied management training in the hospitality industry.

See page 135 for more information.

CERTIFICATE Programs
Certificate programs prepare graduates for employment in a wide variety of professional and technical careers. Requirements include satisfactory completion of an approved program of study with a minimum 2.0 cumulative grade point average. For admission to a certificate program, an applicant must be at least 18 or be a high school graduate.

Tests and a minimum proficiency may be required for certain programs. Waiting lists and application fees may be required of others. Education and work experience may be accepted to satisfy part of the certificate requirements if specifically related to the individual program of study.

Credits earned in certificate programs are generally applicable toward the A.A.S. degree.

NOTE: Courses must be numbered 100 or above to count toward certificate programs.

RELATED INSTRUCTION for Certificates and Degrees
Definition
Each Professional-Technical certificate or degree of 45 credits or more includes Related Instruction, the non-technical portion of study providing instruction in the areas of communication, computation, and human relations.

Rationale
The purpose of Related Instruction is to provide educational depth and breadth through development of essential skills in reading and writing, research and information literacy, in-person and media-based communication, critical thinking, problem-solving, understanding individuals and cultures, and quantitative or symbolic reasoning. These transferable skills support students as they continue in higher education, move forward in careers, and continue the process of lifelong learning.

Certificates of 45 credits or more
Related Instruction may be taught as embedded content (33 hours in each area) or as separate courses aligned with program outcomes.

Associate of Applied Science Degree
A.A.S. students will complete classes in Related Instruction college-level courses, including classes in communication, computation, and human relations. Individual programs will identify courses which fulfill these requirements.
## Professional-Technical Programs

Degrees and certificates are offered in the professional and technical career areas listed below. For a current list: www.seattlecolleges.edu/district/catalog/ccprotech.aspx.

South Seattle Community College
(206) 764-5339
www.learnatsouth.org

CLASS SCHEDULES for Continuing Education

Each college Continuing Education Department publishes a class schedule. These schedules and other information are available through the websites listed above.

COMMUNITY Education

Serving the community by offering a wide range of courses at reasonable cost, Community Education classes are mostly non-credit and non-graded. Most of the classes are taught by community members who are experts in their fields.

Classes include personal enrichment or professional development in areas as diverse as arts and crafts, computers, dance and exercise, food and wine, foreign languages, gardening, job hunting, financial planning and more. Many Continuing Education classes are available online as well.

Computer training classes are available for all skill levels in applications such as Word, Excel, Microsoft Office, computer languages, database software, web design, programming, networking and more.

Classes may range from one evening to a full quarter in length. Costs vary by class.

FINANCIAL PLANNING

South Seattle Community College is an affiliate of the College for Financial Planning, offering classes for those seeking to develop a career or study for national certification as a financial planner.

PUGET SOUND INDUSTRIAL EXCELLENCE CENTER

Georgetown Campus of South Seattle Community College
http://Georgetown.southseattle.edu/
(206) 768-6853

The Puget Sound Industrial Excellence Center (PSIEC) offers customized contract training programs designed to meet specialized workforce training needs. The center serves as a focal point for business, labor and community in support of economic development, educational opportunities, family wage jobs and global competitiveness in greater South King County. The PSIEC provides customized workforce training in manufacturing, transportation, distribution, logistics and construction. New training programs focus on green jobs training, including energy conservation, energy auditing, building science, and environmental sustainability practices. As part of the Seattle Community Colleges, the PSIEC has direct access to a wide range of high-quality instructors and training resources. The center also hosts career fairs and workforce development initiatives.

SENIOR ADULT Education

South Seattle offers classes and discussion groups especially designed for senior adults. Classes normally are held during the daytime, on campus or in senior or retirement centers. Generally there are no long assignments, exams or grades. Reduced tuition is available for some offerings.

TEACHER PREPARATION

Central offers a non-credit Teaching English as a Second Language (TESOL) Certificate and other teacher education preparation classes.

North offers teacher clock hours for most of its course offerings.

South offers courses for those working toward a Career and Technical Education Certification in Washington state. This program is for business and industry professionals who would like to become secondary CTE teachers.

Contract TRAINING

Business and industry representatives can select from a full range of management and employee training, certificate training programs and development services through customized or contract training and certificate training programs offered by Continuing Education. These courses may be held at the employer’s site or at the Seattle Community Colleges. Continuing Education Units may be granted to meet professional development requirements.
Distance Education/eLearning

The Seattle Community Colleges offer a wide range of Distance Education/eLearning options using a variety of technologies, including online courses, videotape/DVD courses, and telecourses offered through the Seattle Community Colleges cable channel, SCCtv. The colleges are fully accredited, and with more than 150 courses to choose from, students can earn an A.A. degree online at their own pace.

Distance Education/eLearning students experience the same curriculum, content and challenge as on-campus students at the Seattle Community Colleges and are able to earn the same degree. Classes require students to structure their own schedules, balancing their time around the assignments and requirements of the class. Courses usually contain more reading and assignments to ensure that student learning will be as rigorous as similar on-campus classes.

Experienced instructors are available for one-on-one communication, as are online study groups and discussion forums with other students. Students communicate with their instructors through bulletin boards, email and telephone. Many classes have chat rooms for student-to-student interaction.

Students can work directly with an advisor who will recommend courses relevant to the student’s goals, and develop an individualized degree completion plan. State tuition applies in most courses and may be covered by financial aid. All three campuses have Distance Education/eLearning offices that students may visit in person.

Types of Distance Education/eLearning Courses

Online Courses

Coursework for online courses is generally completed over the Internet, within a quarterly timeframe. Students will be given textbook reading and lesson assignments. Online study groups, student discussion forums, and contact with the course instructor via email enhance the learning experience.

Fully online courses may not require campus visits. However, some online courses may require on-campus visits during exam times; check the individual course description. Classes require Internet access and an email address. Submission and grading of student work takes place online. Most classes use bulletin boards for online discussion and do not require live chat. Some online classes also incorporate professionally produced video materials. Enrollment follows the quarterly college schedule.

Students can also take Washington Online (WAOL) courses through the Seattle Community Colleges. Washington
Online is a cooperative effort of Washington state’s community and technical colleges to deliver coordinated online instruction. A team of faculty members representing several community colleges develops Washington Online courses; the instructor may be a faculty member at another Washington state community or technical college. Enrollment follows the quarterly college schedule.

Hybrid Online Courses
Hybrid online courses provide students with the scheduling flexibility of fewer campus visits while covering the same materials as an equivalent class held entirely on campus. Hybrid online classes usually have at least one on-campus meeting per week combined with a “virtual classroom” website incorporating regular communications with the instructor and other students (through a bulletin board discussion), online content and lessons, and interactive Web-based activities. These courses often use on-campus exams as assessment tools. Enrollment follows the quarterly college schedule.

Telecourses, DVDs or Videotape Courses
Televised courses are offered through Seattle Community Colleges cable channel, SCCtv in Seattle. Telecourses involve viewing programs at specified times, reading textbook assignments, and completing lessons outlined in the study guide that students receive upon registration. DVD or videotape courses are similar to telecourses. DVDs or videotape series may be available for purchase or rent. Contact the individual campus Distance Education/eLearning offices for available options. On-campus meetings are generally not required for these courses. However, students may be required to take their exams on campus. Students who are not able to come to campus may find their own proctor to supervise the exams. Assignments are submitted to the instructor by mail, in person, fax, online or email. Enrollment follows the quarterly college schedule.

Videostreaming and Video-on-Demand
For students with broadband Internet connections, the Seattle Community Colleges offer online classes that incorporate video-on-demand. Professional telecourse series and college-produced video materials are videostreamed anytime students need to view them and DVDs or videotapes may also be rented or purchased for some classes. These classes are available to all students. Enrollment follows the quarterly college schedule.

Interactive Multisite Courses
Interactive Multisite Courses (also called ITV) are broadcast to and from Seattle colleges (or around the world) via two-way live interactive teleconferencing. Students from different campuses see and interact with one another and their instructor in specially designed classrooms. Instructors may spend time visiting each participating Seattle Community College. Enrollment follows the quarterly college schedule. Note: Not available at Seattle Central.

Correspondence Courses
Correspondence studies are conducted by mail, and students receive study guides with a course outline, a list of required textbooks, and instructions on how to complete specific lessons. Students submit completed assignments to the Distance Education/eLearning Office for evaluation by the instructor, who will return them to the student with comments. Consult with a counselor or advisor before enrolling.

TECHNICAL REQUIREMENTS
Minimum requirements for online, WAOL, videostreaming and hybrid courses include:

- Access to a PC with a Pentium processor (Windows 2000, XP, Vista, 7) or comparable Macintosh computer (OS X or later versions) with at least 32mb RAM
- A reliable internet connection (DSL or cable modem connection recommended)
- Browser requirement: Latest versions of Firefox (PC/MAC) or Internet Explorer (PC)
- This list contains links to common “plug-ins.” Any or all of these might be required for an individual course.
  - Adobe Acrobat
  - Java Runtime
  - QuickTime – for some movies
  - Macromedia Flash – for some movies
  - Microsoft PowerPoint Viewer 2003 & 2007
  - Word Viewer 2003
  - Excel Viewer 2003 & 2007
  - OpenOffice (compatible with Microsoft Office, free download)

Courses with audiostreaming or videostreaming will require sound and video cards and a broadband (DSL or cable modem) Internet connection. Technology fees allow students to use campus computers and Internet accounts. For more information on Washington Online, visit www.washingtononline.org.

Technical requirements for telecourses and other visual media courses require access to TV and VCR or DVD player (for some courses) and to audiocassette recorder (for some courses). Word-processed assignments are required in some cases.
**ADDITIONAL FEES**

Online technology, licensing, DVD/video rental and video streaming fees may apply. Washington Online courses (WAOL) require a technology fee. Information about the fees can be found in the quarterly class schedule available online.

**ADVISING for Distance Education/eLearning**

Distance Education/eLearning classes are very popular and fill before the quarter begins. Students who register early usually receive an email, postcard or orientation packet with specific information that will provide a head start. Students are encouraged to register early. Upon registration, students must visit the online college website to determine the next steps.

Books and study guides for most Distance Education/eLearning courses may be ordered online or purchased at the campus bookstore. Academic advising can help students decide whether Distance Education/eLearning is a good option for their personal situations. Students can reach an advisor through email at dlweb@sccd.ctc.edu, by calling 1-888-801-3607, or by visiting college websites listed on page 18.

There are also Distance Education/eLearning offices located on each campus.

---

**Seattle Community Colleges**

**TELEVISION & IRIS EDUCATION**

(206) 985-3928  
www.scctv.net  
www.iriseducation.org

The Seattle Community Colleges television station, SCCtv, offers high quality education and community programming. SCCtv broadcasts to residents of Seattle on Comcast channel 28, Millennium channel 19 and simulcasts to the world via www.scctv.net. The self-funded station received two Emmy Awards in 2009, in recognition of the station’s innovative work.

SCCtv creates unique original programming such as Professor Fred’s Movie Marvels. This programming is shared with other community college television stations across the country from Seattle to New York. With programs like Unsilenced, a documentary revealing the music created by prisoners in the WWII Nazi concentration camps, and This Land is Our Land, which follows a gay and lesbian choir during a tour of Western states, SCCtv continues to provide a voice to our diverse community.

SCCtv’s IRIS Education division serves as a portal for the world’s largest educational video producers, providing the digital delivery system, hosting and streaming for thousands of hours of educational content. This content is streamed to hundreds of higher education institutions and more than 77,000 high schools and K-12 schools throughout the United States and Canada.

For programming information and to watch SCCtv on the web visit www.scctv.net.
High School–College Programs

The Seattle Community Colleges offer several programs that allow students still in high school to learn about, prepare for, or take college courses. Students may find out about and enroll in these programs through their high school counselors. In addition, each college offers High School Completion courses and preparation and testing for the General Equivalency Development (GED).

CONCURRENT

High School/College Programs

Running Start

Central  (206) 587-3820  
http://seattlecentral.edu/runstart

North  (206) 527-3682  
http://runstart.northseattle.edu/

South  (206) 764-5805  
http://dept.seattlecolleges.edu/running/

Running Start is a program for high school juniors and seniors who qualify for college-level work through college placement testing. This program provides tuition-free college-level credit courses that may count toward both high school requirements and college credit at the same time. Tuition is paid by the state through the student’s public high school. Students should consult their high school counselor and the college Running Start Office for placement testing and applications. Students pay for books, transportation and applicable fees. Online Virtual Running Start courses allow students to take college courses from home, the school library or the workplace.

Upon completion of an associate’s degree, a Running Start student may submit a written request for a high school diploma to receive one from the college.

For more information, visit www.virtualcollege.org.

Tech Prep

District  (206) 903-3222

South  (206) 768-6720

www.techprepseattle.org

A dual-credit national educational program, Tech Prep awards community college workforce educational credit by recognizing comparable learning in the high school. There are two TechPrep programs: TechPrep Seattle is a partnership between the Seattle Community Colleges and Seattle Public Schools; the Puget Sound Career Consortium - TechPrep is a partnership of seven high school districts and South Seattle Community College and Highline Community College. TechPrep is designed for high school students who plan a career that will require a certificate or an Associate of Applied Science degree from a community college. It strives to avoid duplicating curriculum content, sets high academic standards and prepares students to meet real-world career demands.

Tech Prep courses are open to all students, but only those who complete the TechPrep course and registration requirements will qualify for college credit. Students should contact an advisor to see if their high school learning can qualify them for Tech Prep college credit. TechPrep is tuition-free.

Bright Future

SVI  (206) 587-6304

Bright Future is a partnership between the Seattle Public Schools and Seattle Vocational Institute. Students can complete all their minimum graduation requirements at their high schools and take vocational classes at Seattle Vocational Institute in one of six certificate programs. The work-based learning component offers work-related opportunities, including job shadowing, mentors, clinical experiences, internships, service-learning, apprenticeships, and field trips to potential employment sites. Bright Future offers each student comprehensive case management to assure success in the program. Bright Future students begin their college careers early and develop marketable skills for future employment.

High School to College Preparation Programs GED

Career Link Academy at South

(206) 768-6475

The Career Link Academy at South Seattle Community College prepares students for success in college and their career while they work toward earning a high school diploma. The program serves students between the ages of 16 and 21 who have left high school without a diploma or have a GED and want to gain skills for success in college and beyond. Tuition for students is free and support is available for transportation, books, supplies and work-related needs.

Career Link at South offers support through this program and other campus programs for students to enroll in regular college classes. All Career Link students receive ongoing academic advising and assistance to ensure they are on track to graduate and have a High School & Beyond plan in place.
TRIO Educational Talent Search
South  (206) 768-6474
This college access program serves 600 students each year from six secondary schools located in south and west Seattle. Participants are primarily low-income students whose parents did not complete a four-year degree. Students explore their options for colleges, universities, training programs and future careers. The program provides exposure to post-secondary educational options as well as test preparation advising, personal counseling, academic advising, and cultural activities. TRIO ETS provides the opportunity to visit colleges and offers assistance in applying for college, financial aid and scholarships.

Upward Bound
North  (206) 527-7762
http://webshares.northseattle.edu/upwardbound/
South  (206) 764-6676
www.southseattle.edu/programs/upwardbd.htm
Upward Bound, a program funded by the Department of Education, provides high school students with services that support higher academic performance during high school. The goal is to maximize students’ potential for graduation from high school and subsequent college enrollment. The program works closely with low-income and first generation college-bound students, parents, and the high schools to help guide each student in developing a strong sense of self and in acquiring the tools necessary for a successful college experience.

Upward Bound provides personalized instruction in basic academic skills, science, foreign language, and other arts and academic disciplines; personal counseling; academic advising; social and cultural activities; and assistance in applying to colleges and for financial aid and scholarships.

The program includes spending six weeks on campus at either North or South during the summer for intensive academic and college preparatory activities. North Seattle Community College hosts 70 high school students from three area high schools: Franklin, Roosevelt and American Indian Heritage Middle College. South Seattle Community College hosts 50 high school students with disadvantaged backgrounds from Evergreen High School and Tyee High School.

General Educational Development (GED)
Central  (206) 587-4180
North  (206) 527-7303
South  (206) 764-5363
SVI  (206) 587-4935
Adults may demonstrate that they have reached an education level equal to a high school diploma by taking the General Educational Development (GED) test. Students who pass the GED test earn a GED certificate, accepted by colleges, vocational programs, trade unions, and many employers as equivalent to a high school diploma. Contact the college offices for fee information. To prepare for this test, the Seattle Community Colleges offer courses that cover the subjects tested, such as reading, writing, mathematics, science and social studies. The course also covers the science and social studies skills required to pass the test. The class stresses math for practical problem-solving, English usage, reading comprehension and test-taking skills.

A prerequisite for enrollment in GED classes is the ability to read at or above eighth grade level, or completion of ABE Level 4.

See page 227 for course descriptions under General Educational Development.

HIGH SCHOOL COMPLETION Options
Central  (206) 587-5408
North  (206) 527-7303
South  (206) 764-5805

- All students who are 21 years of age and older and who earn an associate’s degree of any type from Seattle Community Colleges are eligible to submit a written request for and to receive a college-based high school diploma. These individuals are not required to complete the State Board of Education high school graduation requirements.

- Running Start students who complete an associate’s degree are eligible to request a high school diploma at any age. These individuals are not required to complete the State Board of Education high school graduation requirements.

- The Seattle Community Colleges also offer High School Completion options to students who have not completed their high school diploma. With this option students must have a minimum of 19 credits which include required courses. Students will also need to complete a culminating project, a “High School and Beyond” plan, and pass the High School Proficiency Exam (HSPE).

Students planning to work towards a high school diploma should obtain a copy of “Requirements for the High School
Diploma” from the Advising or Admissions Office for complete information. These individuals are required to complete the State Board of Education’s high school graduation requirements. The requirements are listed below.

**Option A:**

**Standard High School Diploma**

*(95 college credits)*

A high school diploma may be earned by completing 95 college credits, including required and approved elective courses. Transfer credit may be approved for courses completed at other institutions; the final course must be taken at one of the Seattle Community Colleges and a minimum of 2.0 GPA must be achieved.

Students who have not completed high school and are age 19 or older may enroll in this option for a reduced tuition. Students 18 or younger must pay full tuition unless enrolled in a Running Start program through a participating high school.

**REQUIRED COURSES**

Requirements may vary slightly from college to college. A number of other courses may be substituted for these requirements. Obtain a copy of “Requirements for the High School Diploma” and advice from a counselor or advisor at the college you plan to attend.

*Note: A 5-credit class equals one year of study in high school.*

- English ................................................................. 15
- Fine Arts (Drama, Music or Art) .......................... 5
- Pacific Northwest or Washington State History .......... 5
- U.S. History I (includes U.S. Constitution) ............... 5
- Contemporary World Problems, World History or World Geography ................................................. 5
- Mathematics Series (Pre-Algebra, Algebra I or math class at student’s placement level) ..................... 10
- Science (Two science courses, one of which must be a lab science, for which prerequisites have been met) 10
- Occupational Education (May be chosen from any Professional-Technical courses) ............................ 5
- Physical Education (May be waived with permission) ................ 2
- Health ........................................................................ 5
- Approved Electives (from college transfer or Professional/Technical courses; quantity varies, depending on number of required courses), minimum ........................................... 28

**REQUIRED CREDITS** 67

**ELECTIVE CREDITS** 28

**TOTAL CREDITS** 95

---

**Option B:**

**Associate Degree Conversion Diploma**

*NOTE: This option is not automatic, and procedures vary from campus to campus. Consult an advisor.*

Upon successful completion of the Associate of Arts (A.A.) or Associate of Science (A.S.) degree, and by taking the following courses, the student may be granted a high school diploma in addition to the A.A. or A.S. degree: U.S. History I (5) or POLS& 202 (5) and Washington State History (5) or satisfaction of requirement.

**SUBSTITUTING COURSES**

Several pre-college transfer and college transfer courses may be substituted for required high school courses. Students who want to earn college credit while fulfilling high school graduation requirements should consult with the Advising Center or high school completion program director.

**ELECTIVE COURSES**

Elective courses may be selected from the high school completion program and the following areas: vocational, general studies (liberal studies), college preparatory courses in math and English. Work experience may also qualify for credit. Credits may be granted on proof of satisfactory employment (405 hours = 1 high school credit or 5 college credits).

**Tuition Waiver for High School Completion**

80% of the regular tuition is waived for students who fulfill the following criteria:

1. Age 19 or older
2. Resident of the State of Washington

To receive a tuition waiver, a student must submit an application for high school diploma completion. If the student selects the associate’s degree option, only the courses listed above for Option B will be covered by the waiver.

Students 18 years old and younger who have not graduated from high school must pay the standard tuition fees for their courses unless they enroll in Running Start (see page 21). Non-residents will be charged the resident tuition fee. These students must also be approved to attend one of the Seattle Community Colleges by the Director of Admissions or College Underage Advisor and obtain a letter of release from their school district. Seattle Public School District students should contact the Office of Student Placement.
International Programs

The Seattle Community Colleges welcome students from other countries for study in academic and technical programs as well as Intensive English programs. The colleges are committed to fostering international awareness and understanding and encourage the sharing of ideas and cultures generated by international students on campus.

INTERNATIONAL PROGRAMS at the Seattle Community Colleges

Each college offers programs for international students and for Study Abroad. Contact the International Programs office on each campus for details about what is offered and how to participate:

Seattle Central Community College
International Education Programs
1701 Broadway, ISC 100
Seattle, WA 98122 USA
Telephone: (206) 587-3893
Fax: (206) 587-3868

SERVICES AND PROGRAMS for International Students

Each college has an International Program office with services including admission, college and cultural orientation, immigration and academic advising, social activities, trips, transcript evaluation for credit transfer, and housing referrals. See the International Program websites for more information.

ADMISSION GUIDELINES for International Students

- Students should apply through the college of their choice, since admission procedures and registration schedules vary from college to college. Contact the individual college for specific information.
- Applicants must demonstrate adequate financial support to cover the period of study in order to meet visa requirements. International students pay the non-resident tuition rates.
- Applicants must be at least 16 years of age and have completed 10th grade at the time of enrollment.
- Application for admission by itself does not guarantee acceptance. Students must receive official notification of admission in order to enroll.

Note: International students should begin the application process well in advance of the quarter for which admission is desired in order to allow time for processing the application, to make passport and visa arrangements, and to prepare for departure.

Guidelines for Continuing Enrollment for International Students

Students must:
- Comply with Homeland Security requirements, including proper documentation, a valid passport, I-94 and I-20
- Complete 12 credit hours each quarter (as assigned by an advisor) while maintaining a satisfactory GPA
- Provide proof of medical and accident insurance coverage or purchase the college insurance plan at the time of registration. This is required to prevent possible financial difficulties in the case of illness or accident
**Types of Programs Available for International Students**

**Intensive English**
Students enroll in general English courses at beginning, intermediate and advanced levels.

**College Bridge**
Students develop academic skills to prepare for college/university level studies, and may enroll in one or more college level courses.

**College Transfer**
Students enroll in the two-year Associate of Arts (A.A.) or Associate of Science (A.S.) degree at the Seattle Community Colleges, which is equivalent to the first two years at a university. The associate’s degree transfers to hundreds of four-year colleges and universities around the USA. Students enjoy lower tuition and smaller class sizes than at most four-year colleges.

**Professional-Technical**
Students can choose from more than 135 degree and certificate programs in professional and technical fields. Programs vary in length from one to seven quarters.

**FAST TRACK High School Completion**
Students can complete their high school diploma and earn their associate’s degree at the same time.

**Summer Session**
Students can choose from a range of college and English programs during the summer term.

**Programs for U.S. Students Studying and Volunteering Abroad**
The Seattle Community Colleges encourage students to study abroad as a way to enhance their educational experience. Interested students should visit the International Programs Study Abroad website to see a list of current programs and other resources on study abroad, service-learning and internships abroad. Information about financing study abroad is also available at the Study Abroad site: http://www.seattlecolleges.edu/international/.

**Travel/Study Courses**

Cooperative Education
(206) 587-5422 www.seattlecentral.edu/coop

Travel/Study courses provide students with an opportunity to earn credits for various travel/study experiences in an international setting. Students can earn credit for language enhancement, research-based or work/internship/volunteer activities. Because these are contract courses, students are charged a per-course fee.

worker retraining program

All four of the Seattle Community College campuses offer Worker Retraining programs to provide retraining opportunities for unemployed and dislocated workers in the state of Washington. A “dislocated worker” is defined as an individual unlikely to return to employment in the individual’s principal occupation or previous industry because of diminishing demand for his or her skills, occupation, or industry.

eligibility
Eligibility for Worker Retraining includes those who:
- Are receiving Washington state unemployment benefits.
- Have exhausted Washington state unemployment benefits within the last 24 months.
- Have received a WARN letter from their employers.
- Are unemployed or under-employed displaced homemakers.
- Have had to close their business due to economic downturn.
- Are vulnerable workers.
- Are disaster impact workers.
- Are recently separated veterans.

financial assistance and other support
Those who meet eligibility requirements above, may qualify for tuition and financial assistance through Workforce Training funds and other sources, and possibly for fees, books, bus pass and/or childcare. Other campus services in career planning and job search skills are also available.

accreditation
The Seattle Community Colleges are state-supported public institutions accredited by the Northwest Commission on Colleges and Universities*, an institutional accrediting body recognized by the Council for Higher Education Accreditation and the U.S. Department of Education. Each college is accredited individually; Seattle Vocational Institute is accredited jointly with Seattle Central.

*NWCCU, 8060 165th Avenue NE, Suite 100, Redmond, WA 98052
Getting STARTED

6 Steps to Enrolling

1. Apply for Admission
2. Apply for Financial Aid
3. Take Placement Tests
4. Consult with an Advisor
5. Register for Classes
6. Pay Tuition and Fees

1 | APPLY for Admission

The Seattle Community College District operates on an open door admission policy (District Policy 305). Consistent with available space and resources, each campus admits those persons who:

- Are competent to profit from the curriculum offerings of the District; and
- Would not, by their presence or conduct, create a disruptive atmosphere within the College District inconsistent with its purpose; and
- Are 18 years of age or older; or
- Are high school graduates; or
- Have applied for admission under the provisions and qualifications of student enrollment options programs such as Running Start or a successor program; or through other local student enrollment option programs. However, an applicant transferring from another institution of higher education who meets the above criteria, but who is not in good standing at the time of his or her transfer, may be conditionally admitted on a probationary status as determined by the chief administrative officer or his or her designee;

OR

- Are students age 16 and over who meet the provisions of Title III of the Workforce Investment Act who may then enroll in certain adult basic education classes. Individuals admitted into such classes will be allowed to continue as long as they are able to demonstrate, through measurable academic progress, an ability to benefit from the curriculum offerings.
- If not qualified under subsections above, has filed an appropriate written release from the public, private or home school he or she is attending or last attended, provided they are at least 16 years of age or older.

Admissions Exception

The college does not desire to replace or duplicate the functions of the local public schools; however, persons may request special admission on a course-by-course basis, provided they are at least 16 years of age or older. Criteria for granting admission are: competency at an appropriate academic, artistic, and/or technical talent level and the ability to participate in an adult learning environment.

Specific admissions procedures are available in the registrar’s office at each campus and at www.seattlecolleges/studentrules.aspx.

NEW STUDENT Admission

To apply, students have three options:

1. Complete and submit an online admissions application. The online application form is available at: www.seattlecolleges.edu/Prospective Students/Getting Started. Additional application information is also available at each of the college websites:
   - Central: seattlecentral.edu/getstarted
   - North: northseattle.edu/enroll
   - South: southseattle.edu/enrolling
   - SVI: http://sviweb.sccd.ctc.edu
   - Distance Education: www.seattlecolleges.edu/distance

OR

2. Download a printed application, complete it and mail it to your selected campus. Addresses are on the inside of this catalog cover.

OR

3. Complete a paper or web online admission application in person at the college.

For those intending to transfer in credits from another college or university for evaluation, submit official copies of transcripts from any community colleges, universities or technical schools attended.

NOTE: For some programs at Seattle Central, high school transcripts may be required.
ENROLLING AT MORE THAN ONE Seattle Community College

Intra-District Registration/Concurrent Enrollment

Students may enroll at more than one of the Seattle Community Colleges without paying more than the maximum tuition at any one college; however, additional class or college fees may be incurred. When applying online, submit separate applications for each college.

NOTE: Financial aid recipients may receive aid through only one college. See the Financial Aid office at your home college four weeks prior to the beginning of the quarter if you plan to enroll in more than one college in the district.

READMISSION of Former Students

Students who were not enrolled for the most recent quarter, but who were previously enrolled at the Seattle Community Colleges, may enroll during open registration. Students should update their address information when registering.

NOTE: At Central, students may register with currently enrolled students if not more than five years have passed.

Contact the Registration Office for an appointment.

Students who were dismissed for disciplinary or academic reasons must see the Vice President for Student Services.

Students who pause (drop out) for a quarter or more and are interested in graduating should be aware that they may choose to fulfill requirements in effect from an earlier catalog, provided:

1. the Vice President for Instruction agrees to the earlier requirements; OR
2. not more than five years have elapsed since the student first enrolled under the earlier catalog; AND
3. courses required for completion are still offered.

Students are advised that if they graduate under an earlier catalog some current transfer requirements of four-year institutions may not be satisfied.

RESIDENCY Requirements

Residents — U.S. Citizens

To qualify for in-state (resident) tuition applicants must have lived in Washington state for reasons other than educational purposes for one full year prior to the first day of the quarter in which resident fees are requested. A financially dependent student may also be eligible for resident tuition if one or both parents or legally appointed guardian(s) have maintained a domicile in Washington for one full year prior to the first day of the quarter. Establishing permanent state residency includes compliance with Washington state laws, vehicle and driver’s license registration and registration to vote in this state, if applicable.

Applicants may qualify for in-state tuition fees without establishing residency if they:

a) hold a graduate service appointment, designated as such by an institution, and involving not less than twenty hours per week.
b) reside in the state of Washington and are an employee, or the dependent child of an employee, not less than half-time with a state institution.
c) are on active military duty and stationed in Washington state or a member of the Washington National Guard.
d) are an immigrant refugee or the spouse or dependent child of an immigrant refugee.
e) are a dependent of a Congressional member representing the state of Washington.

Contact the Registration Office for more information on additional legal requirements to qualify for these exemptions.

Those who do not meet the residency requirements or eligibility for exemption are assessed tuition and fees based on “non-residency” status.

Residents — Non-U.S. Citizens

Effective July 1, 2003, Washington state law changed the definition of “resident student” so that certain students who are not permanent residents or citizens of the United States are eligible for resident student status — and eligible to pay resident tuition rates — when they attend public colleges and universities in this state. The law does not make these students eligible to receive need-based state or federal financial aid. To qualify for resident status, students must complete an affidavit/declaration/certification if they are not permanent residents or citizens of the United States, but have met one of the following conditions:

CONDITION ONE:

a) resided in Washington state for three (3) years immediately prior to receiving a high school diploma, AND
b) completed the full senior year at a Washington high school, AND
CONDITION TWO:

a) completed equivalent of high school diploma (GED), AND
b) resided in Washington state for the three (3) years immediately before receiving the equivalent of the diploma, AND
c) continuously resided in the state since earning the equivalent of a high school diploma.

Students who meet one of the above conditions must also certify that they will be filing an application to become a permanent resident of the United States as soon as they are eligible to apply. Students must also certify that they are willing to engage in activities designed to prepare them for citizenship, including citizenship and civics review courses.

Students who meet these conditions and would like to pay resident tuition rates should contact the college Registration Office:

INTERNATIONAL Student Admission

See pages 24 for information on International Student Admission and Guidelines.
DETERMINATION of FINANCIAL AID

Using information provided on financial aid forms, a determination is made of the amount a student is expected to contribute toward his or her expenses for the academic year. The amount a student can pay is subtracted from the cost of attendance to determine the amount of need.

To be eligible for financial aid, a student must:
- Be a citizen, naturalized citizen, refugee, or immigrant to the United States
- Have a high school diploma, a GED certificate, or demonstrate the ability to benefit from the educational program pursued
- Demonstrate financial need as determined by the free application for federal student aid (FAFSA)
- Enroll in an approved certificate or degree program and take required coursework
- Be registered with the Selective Service, if required
- Not owe a refund or repayment on prior financial aid received, or have a student loan in default at these or prior colleges attended
- Make satisfactory academic progress as defined by each campus

Maintaining Eligibility
Students are required to make satisfactory academic progress in their chosen course of study. Students are advised to check with the campus Financial Aid Office for requirements.

Types of Financial Aid/Opportunity Pathways
Three basic kinds of financial aid are available for students. Financial aid may consist of one or more of:

1. **Grants, Scholarships, & Waivers:** Students do not repay grants, scholarships and waivers if satisfactory academic progress is maintained. Grants include Pell Grant, Supplemental Educational Opportunity Grant (SEOG), Washington State Need Grant (SNG), Academic Competitiveness Grant (ACG) and Institutional Grant.

2. **Employment:** Work-study programs provide part-time employment.

3. **Loans:** Contact the campus Financial Aid Office for information about participation in loan programs.

A variety of scholarships is offered. Amounts, eligibility criteria and deadlines vary. Check with the Financial Aid Office for information and application forms.

Opportunity Grants: Eligible students pursuing approved pathways* may receive funding to cover tuition and mandatory fees up to 45 credits (990 clock hours) and up to $1000 per academic year for tools, texts and supplies.

* See “opportunity grants” on college websites for a list of approved programs. For additional grant information, visit www.sbctc.ctc.edu/s_opportunitygrants.aspx

Grant Eligibility
- Washington state resident
- Enrolled in an eligible program of study
- Family income at or below the 200% federal poverty level
- Financial need based on FAFSA
- No previous degree or certificate (preferred, but not required)

Opportunity Grant Coordinators:
- Central (206) 587-6937

  http://sviweb.sccd.ctc.edu/f_opportunity_grant.htm

FINANCIAL Assistance for VETERANS

Veterans Affairs Offices
- Central & SVI (206) 587-4147
- North (206) 527-3699
- South (206) 764-5811

The Veterans’ Affairs Offices provide services to help veterans and eligible dependents receive and maintain VA educational benefits while in school. Benefits handled by college staff include the Montgomery G.I. Bill, post 9/11 G.I. Bill, Veterans Education Assistance Program/VEAP, Reserve Education Assistance Program, Benefits Program for Dependents and Surviving Spouses, Selective Reserve Assistance Program, Vocational Rehabilitation Program and others. The office maintains attendance records and monitors academic progress, provides tutorial and work-study benefits (for some veterans), and approves eligibility for tuition discounts for eligible veterans, their spouses and/or their dependents.
To receive benefits, students must contact the Veterans' Affairs campus office prior to the beginning of the academic quarter. If students are transferring from another school or are applying through the Veterans Administration, they must also contact the office to ensure all application requirements have been met. All veterans must apply for a credentials evaluation as soon as possible and notify the office immediately of any changes in address, program, dependents, enrollment, etc.

It is important that students be aware of all requirements outlined by the college and the Department of Veteran's Affairs to fulfill educational objectives. Veterans and eligible dependents receiving benefits are required to maintain specific academic standards in order to retain benefits. Some classes or courses of study are not applicable for benefits.

Veterans' Waivers
Subject to limitations, Veterans or National Guard members, and their children and spouses, may be eligible for tuition waivers. For more information about eligibility, contact the Veterans' Affairs Office at each campus.

THE APPLICATION PROCESS
How to Apply for Financial Aid
Apply at www.fafsa.ed.gov. Be certain to complete the application according to instructions.

When to Apply
All application documents must be accurately completed and delivered to the Financial Aid Office by the published deadline date. For exact dates see the “Deadline” section of the Consumer Information brochure available at each campus. It is recommended that the student begin this process as soon as possible.

Students need to apply only once each school year, but they must reapply every year of attendance. Applications are processed in the order received. Late applicants must plan to pay for their own tuition by the tuition deadline and purchase their own books so that they are ready to begin class on the first day of school. Aid will be disbursed later in the quarter to eligible, late-aid applicants.

Notification
Students are mailed a financial aid notification letter indicating award types and amount per quarter. It is important to read the award notice carefully, sign and return it to the Financial Aid Office if required. Students are also notified by letter if they are ineligible for financial aid.

Disbursement of Funds
Financial aid grants and tuition waivers are first applied to tuition and fees charged at cashiering. Any remaining balance of grants and loans is disbursed to the student in the form of a check. Work-study awards are disbursed through a payroll check every two weeks as the money is earned. Each campus provides detailed instructions regarding disbursement of funds.

Students receiving support from outside agencies should make certain the agency has sent its authorization to the Financial Aid Office at least a week before the tuition payment deadline.

Withdrawal Penalties
If a student withdraws from school or drops more than the required credits to maintain aid, financial aid stops. Tuition refunds are not returned to the student but credited to the appropriate financial aid account. In the case of official withdrawal, students may be required to repay a percentage of their cash disbursement and/or tuition and fees. If a student drops out without notifying the school, he/she may be billed for the entire amount. Repayment is required before receiving consideration for any further aid, to register for future quarters, or to have transcripts released to another institution. Students should contact the campus Financial Aid Office for details.

Financial Aid Information CHANGES
Information in this publication regarding financial aid is subject to change without notice and does not constitute an agreement between the colleges and the students.
3 | **Take PLACEMENT TESTS**

Most new students are required to take the placement test. The exam serves to place students accurately into appropriate courses. Possible exemptions to sitting for the exam are recent proof of college-level English and math with a 2.0 or better GPA, other recent placement test scores, some training or performance courses. Contact the Testing and Assessment Office or college website with your questions, and for current fees and study guides.

4 | **CONSULT with Advisor on Program and Classes**

The Seattle Community Colleges provide educational advising to new and enrolled students (District Policy 315). Advising is available to help plan a course of study and select the appropriate classes. At North and South, advisors provide information on Professional-Technical programs and academic transfer programs as well as admission requirements for four-year institutions. At Central, the Workforce Education Manager provides information on Professional-Technical programs, and advisors provide information on academic programs as well as admission requirements of four-year institutions. Advising centers maintain a broad collection of catalogs/transfer guides from colleges, universities, and vocational schools.

Each college also has orientation sessions which new students are encouraged to attend.

For more information contact:

**Central Advisor**
Central@scdd.ctc.edu
(206) 587-4068

**North Advisor**
North@scdd.ctc.edu
(206) 527-3658

**South Advisor**
South@scdd.ctc.edu
(206) 764-5387

**SVI Admissions**
(206) 516-2948

5 | **Official ENROLLMENT & REGISTERING for Classes**

The Seattle Community Colleges require official enrollment before a student may enter any class. Official enrollment is the process of registering for classes and payment of tuition and fees.

Students may register for classes by using campus online services (see below) or completing an enrollment form, and then paying tuition.

The Seattle Community Colleges operate on a quarter system. The quarterly course schedules are published approximately 6 weeks before the start of a quarter and are available through campus online services, at campus registration desks or by mail. Registration information is provided to all new and currently enrolled students. Current students receive priority in registering.

Check the academic calendar on the back inside cover of this catalog or at www.seattlecolleges.edu/academiccalendar.aspx.

---

**ONLINE Services**

Online registration via the college websites is available for students seven days a week from 5 a.m. to 11 p.m. Students can use online services to register/add/drop classes, get quarterly grades, look up registration appointments, check financial status, change their PIN, or pay for classes by credit card or deferred payment plan. For more registration information, visit the campus website or contact the campus Registration Office.

**NOTE:** Email is the primary mode of communication with students at the three campuses. These emails may include information about admissions, deadline dates, registration, waitlist status updates, dropping for non-payment, residency, transfer credit evaluation and graduation. Email address changes can be made through the following websites:

**Central:**
https://sccdweb.sccd.ctc.edu/seacen/stuaddr/waci203.html

**North:**
https://sccdweb.sccd.ctc.edu/nsckiosk/stuaddr/waci203.html

**South:**
https://sccdweb.sccd.ctc.edu/seasou/stuaddr/waci203.html
ATTENDANCE POLICY

Students may not attend any class unless they have officially registered and paid tuition and fees. (Exception: students who are enrolling using a space-available waiver.) Instructors may not allow a student to attend their class if the student’s name is not on the class roster. Students who are officially enrolled in credit classes must be in attendance or communicate with the instructor no later than the first scheduled class. Students who are absent without prior approval of the instructor or the division/department chair may be withdrawn by the college.

NOTE: Students should not assume that they have been dropped if they have not attended class on the first day; instead, they should officially withdraw. See “Dropping Classes” on this page.

ADDING Classes

After initial registration, students may add classes through the end of the tenth day of the quarter (through the eighth day in Summer Quarter). Instructor permission may be required. Students may add classes online during designated time periods, or may complete an Add/Drop form in person at the Registration Office.

NOTE: Students may petition for a late registration based on documentation demonstrating extenuating circumstances. Late registration petitions will only be considered for those students who attended classes prior to the 10th day of the quarter (8th day for summer). Cost is $10.00 per credit.

DROPPING Classes

To drop a course, students must complete the official withdrawal procedure, as listed in the campus quarterly schedule:

1. During the first two weeks of the quarter, students may withdraw from a class and no record of the course will appear on the transcript.
2. From the third week through the eighth week of the quarter (ninth day through sixth week in Summer Quarter), students may withdraw and a “W” will be recorded and will remain on the student’s transcript. After a “W” is issued, the course may be repeated only one more time.
3. After the eighth week (sixth week for Summer Quarter) students may not officially withdraw from a class regardless of academic status.

NOTE: Students cannot officially drop a class by simply informing the instructor of the withdrawal or by ceasing to attend class. Students must complete an Add/Drop process through online services or at the Registration Office, before the course withdrawal is considered official. Students should check the quarterly schedule for online service availability. Instructors have the option of issuing a failing grade to students who do not go through the official withdrawal process.

Current CONTACT INFORMATION

Students must maintain a current email address, telephone number and mailing address with the college to receive correspondence regarding registration status, financial aid, grades and other information.

Updates may be made via web online student services at each of the college websites or at the Registration Office.
PAY Tuition and Fees

Where and When to Pay Tuition and Fees
Students are not officially registered until tuition and fees have been paid in full to the college or contracted for full payment with a deferred payment plan for monthly tuition payment (see below). Payments must be received prior to the posted tuition deadline. Payments can be made online through the college website, through the mail or in person. VISA, Master Card, American Express and Discover credit cards may be used for online payment of tuition and fees. These credit cards, debit cards and checks in the exact amount of the tuition and fees are also accepted for payment at the cashier’s window. Cashiers are located near the Registration Offices at each of the campuses.

Seattle Central Community College  (206) 587-4108
North Seattle Community College  (206) 527-3627
South Seattle Community College  (206) 764-5388
Seattle Vocational Institute  (206) 587-4978

Optional Payment Plans for Tuition
Each of the Seattle Community Colleges offers a deferred payment service called e-Cashier through our partner, Nelnet Business Solutions. Enrollment in this program enables students to make automated monthly tuition payments from a bank account, debit card or credit card. Students must have a tuition/fee balance of $100 or more to be eligible for this option. Students taking Continuing Education classes and International students are not eligible for this option. For further information:

North:  www.northseattle.edu/kiosk/facts.htm
South:  www.southseattle.edu/services/facts.htm

TUITION
Tuition at community and technical colleges in Washington state is charged by credits, rather than by part-time or full-time status. In addition to credit load, tuition is also determined by residency*. International students are required to carry a credit load of 12 or more to maintain their status.

*See page 28, Residency Requirements.

19-25 credits
Resident/On-Campus
. . . . . .  . . . . $78.40 for each credit between 19 and 25
Non-resident/On-Campus
. . . . . .  . . . . $250.40 for each credit between 19 and 25

NOTE: Students in Professional-Technical programs that require more than 18 credits per quarter (e.g., Culinary Arts) pay a reduced rate for those credits. See the program website.

Distance Education
For current Distance Education/eLearning tuition and fees, see www.seattlecolleges.edu/distance.

Tuition Changes
Tuition is subject to change by the Washington State Legislature. The Seattle Community College District reserves the right to change any of its fees or charges without notice.

NOTE: Figures listed are for tuition and fees for 2010-2011 only. For more current figures, go to www.seattlecolleges.edu/tuitionfees.aspx or refer to the quarterly class schedule for each college.
### Student FEES

**NOTE:** Figures and information listed are for fees for 2010-2011. For more current figures, go to www.seattlecolleges.edu/tuitionfees.aspx or refer to the quarterly class schedule for each college.

#### Technology Fee
- **$3 per credit**
  
  A technology fee of $3 per credit (for those taking more than 3 credits) assures student access to the latest technologies to enhance learning. These fees help to equip student laboratories, including access to email accounts. At Central, this fee maximum is $54 (18 cr.); at North and South, this fee maximum is $30.

#### Student Identification Card
- **$5 (non-refundable)**

  The student identification card fee, which is non-refundable, is issued to all new and returning students.

#### Class and Lab Fees
- **varies**

  Some classes require special fees for equipment, laboratory use, material or personal instruction. Such fees are listed in the quarterly class schedules.

#### Audited Class Fees
- **same as regular class fees**

#### Transportation Fee
- **$10 per quarter**

  A $10 per quarter Transportation Management Fee (TMP) is charged to students enrolled for 10 or more credits at standard tuition rates. This fee allows these students to exercise one of the following options:
  - Purchase a subsidized quarterly bus pass, called the ORCA Pass, from the Cashier’s Office.
  - Receive a one-time reimbursement of up to $60 each quarter on a ferry pass.

  For more information, call the campus Transportation Coordinator:
  - **Seattle Central Community College** (206) 344-4393
  - **North Seattle Community College** (206) 526-0060
  - **South Seattle Community College** (206) 763-5157
  - **Seattle Vocational Institute** (206) 587-4942

#### Special Program Fees
- Refer to campus quarterly schedule for information and fees related to the following programs:
  - Adult Basic Education ESL/GED Preparation
  - Adult High School (age 19 or older)
  - Apprentice-Related
  
  **Non-credit & Community Service Program Fees**

  Refer to campus quarterly schedule for information and fees for non-credit and community service classes and courses related to the following programs:
  - Continuing Education
  - Emergency Medical Training
  - Industrial First Aid
  - Parent Ed Cooperatives

#### Other Fees
- **NOTE:** These fees are non-refundable.

  Credit by Examination credits are equivalent to course tuition.
  - **English/Math Placement Tests** $17.00 ea.
  - **GED Test** $75.00
  - **GED Test Retest (per section)** $15.00 ea.
  - **Official Transcripts** $4.00 ea.
  - **Work Experience Evaluation** $100.00 per course

### Student INJURY & SICKNESS INSURANCE PLAN

Student injury and sickness insurance is available to students registered for 6 or more credits. Provided by Summit America Insurance Services, L.C., the policy provides broad coverage at a comparatively inexpensive rate. Student insurance must be purchased during the first two weeks of each quarter. An informational brochure is available from the Cashier’s Office at North and South; from the Student Leadership office at Central; and from the Registrar’s Office at SVI. More information is available at www.summitamerica-ins.com.

### REFUNDS

#### General Refunds

Tuition and fees (those that are refundable) will be refunded if complete or partial withdrawal from classes is accomplished within the first twenty (20) calendar days of the regular college quarter starting date (District Procedure 605.30.1). Fees and tuition refunds are returned automatically once students have officially dropped online or in person with the refund schedule below:

- **Withdrawal resulting from classes canceled by District** 100%
- **Before the first day of the college quarter** 100%*
- **During the first five (5) instructional days of the college quarter** 100%*
From the sixth (6) instructional day through the twentieth (20) calendar day of the college quarter. ............... 50%*
No refunds after the first twenty (20) calendar days of the college quarter. ............... 0%
*Subject to administrative fee of $5.50.

There is no charge for dropping classes if no refund is involved. Allow at least two weeks from the time of payment for refund processing.

Financial Aid Refunds
Refunds to financial aid recipients will be refunded to the appropriate financial aid account as required by federal and state regulations, including those students who are dismissed for disciplinary reasons.

International Refunds
International students who attend one of the Seattle Community Colleges on a visa and make advance payments must have enrolled at the college in the quarter for which they are requesting a refund and must provide documentation establishing extenuating circumstances, such as visa denial or medical reasons.

Intensive English Language Program Refunds
Withdrawal prior to first class. ............... 100%
During the first five calendar days ............... 80%
From the sixth (6) through the fourteenth (14) calendar days ............... 50%
No refund after the fourteenth (14) calendar day .... 0%

Continuing Education Programs and Community Education Classes
North Seattle Community College and South Seattle Community College Refund Policy:
Before 48 hours prior to first day class ............... 100%*
No refunds for cancellations within 48 hours of start of class or after class begins ............... 0%
*Subject to administrative fee

Seattle Central Community College: ............... varies
Due to the wide array of programs offered by Seattle Central’s Continuing and Professional Education, refund policies are tailored to specific programs and courses. For specific refund information, call (206) 587-5476.

Other Refunds
Disciplinary Reasons: No refund will be given to a student who is dismissed from the District for disciplinary reasons. (Policy 605.30.4)
Failure to follow procedures: No refund will be given to a student who fails to follow official withdrawal procedures. (Policy 605.30.4)

Summer quarter, short or irregular courses: Shorter courses, programs and summer quarter will also be refunded, but on appropriately shortened time frames.

Lab Fees: Lab fees are based on consumption of supplies and materials. Those which are refundable will be refunded on the same schedule as tuition. (Policy 605.30.6)
Parking Fees: Parking fees will be refunded only in the case of 100% withdrawal from the college, in which case the fees will be refunded on the same schedule as tuition. (Policy 605.30.7)

WAIVERS
State Employees
Permanent Washington state employees working 50% of full-time equivalency (FTE) may register on a space-available basis using the State Tuition Waiver. Persons wishing to use this waiver may register between the 6th through the 10th instructional days of the quarter (5th and 8th for summer) after obtaining the instructor’s permission. The cost is $20 for the first 6 credits and is non-refundable. Students are responsible for any additional charges such as class fees, books, photo ID, transportation fee, or the Universal Technology fee.

NOTE: The following stipulations apply to the State Employees Waiver:
- This waiver cannot be used for Continuing Education classes or Distance Education WAOL classes
- Employees in the K-12 systems are eligible for the Washington State Employee Waiver with verification that they are teachers or certificated instructional staff employed at public common and vocational schools, holding or seeking a valid endorsement and assignment in a state-identified shortage area (go to http://www.sbctc.cte.edu/college/_f-tuitionwaivers_stateemployees.aspx for a current list of the state-identified shortage areas). A new certification of employment form must be presented each quarter
- Students enrolled in more than 6 credits will be charged at the regular tuition rate for all credits in excess of 6
- Students who enroll prior to the 6th day of the quarter (5th for summer) will forfeit their waiver eligibility
- Please contact the Admissions/Registration Offices at each campus to request a Certification of Employment form, or download one from the district website

Waivers for Veterans
Senior Citizen Waiver
Washington state resident seniors, 60+ years, can enroll in two state-funded classes for audit or credit on a space available basis. Some exceptions do apply. Students attempting to use the waiver should go to class on the first day of the class. Using the standard registration form, obtain instructor’s signature if space is available and submit it to the Admissions/Registration Office beginning the sixth day (fifth day for summer) of the quarter through the tenth day (eighth day for summer) of the quarter. Cost is $5 per class. This rate is applicable only for two state-funded classes. Regular tuition will be charged for more than two classes. Students are responsible for any additional charges such as class fees, books, photo ID, transportation fee, Universal Technology fee, etc. (Continuing Education, WAOL, ESL courses and financial aid recipients are not eligible for this program.) Students who enroll prior to the sixth day of the quarter (fifth for summer) will forfeit their waiver eligibility. This waiver is not available to students who plan to use the course credits gained thereby for increasing credentials or salary schedule increases.

STUDENT PROGRESS

Grades & Transcripts

Student Progress
Students are expected to make satisfactory academic progress while enrolled at the Seattle Community Colleges. Academic progress is defined in terms of a student’s grade point average (GPA) and how much time a student takes to complete a degree or certificate program. Time is a function of credits (or clock hours) attempted and earned. (District Policy 311)

Minimum GPA: A grade point average of 2.0 is required.

Credits Earned/Credits Attempted: Students enrolled in degree or certificate programs must, on a quarterly basis, successfully complete at least 75 percent of the credits or clock hours attempted when they reach a minimum of 30 attempted credits or clock hours.

Degree/Certificate Completion: Students who are enrolled in degree or certificate programs must complete their programs in at least 125 percent of the credit or clock hour program requirements. Students who do not meet the above requirements may be subject to corrective actions. Copies of these rules and procedures are available online at each college website:
www.seattlecentral.edu/registration/stu_prog_policy.pdf
www.northseattle.edu/enroll/admit/policy/progress.htm
www.southseattle.edu/campus/progress.htm
http://sviweb.sccd.ctc.edu/c_policies.htm

Graduation Requirements
To earn a degree within the Seattle Community College District, a student must complete at least 90 credits and have a minimum cumulative grade point average of 2.0. At least 15 credits must be earned at the Seattle Community College granting the degree.

Graduation Process
Students nearing graduation must review graduation requirements with an advisor, faculty coordinator or division counselor (depending on each campus). After it is determined that the student will complete the coursework required, it is the student’s responsibility to apply for the award. Applications are available in the Registration Office, Advising Office and division offices. Upon approval, the award will be issued. (Students must refer to their program of study for requirements on specific certificates and degrees.) Students apply to graduate during the quarter prior to the one in which the award requirements will be completed.

Transfer-In Credits and Graduation: Students must apply to have their transfer credits evaluated no later than one quarter prior to applying for graduation.

NOTE: With approval of the dean, students may elect to graduate either under the catalog in effect at the time they complete the graduation requirements or under the provisions of an earlier official catalog, provided that (a) not more than five years have elapsed since the student first enrolled under that earlier catalog and (b) the courses required for completion are still offered. The dean may make suitable substitutions in cases where courses are no longer offered.

Students are advised that if they graduate under an earlier catalog some current transfer requirements of four-year institutions may not be satisfied. Students are advised to contact the transfer institution for current requirements.

Academic RECOGNITION
Students are recognized for outstanding academic achievements through the Dean’s List or President’s List awards at the college they are currently attending. These awards are posted to the student’s official academic transcript.

Dean’s List: Students must have 10 or more credits per quarter at the college they are currently attending and a 3.5 quarterly GPA.

President’s List: Students must have accumulated 30 or more credits at the college they are currently attending and have a 3.8 or higher cumulative GPA.

Phi Theta Kappa Academic Honor Society
Phi Theta Kappa International Academic Honor Society recognizes outstanding students who have achieved academic excellence at two-year public and private colleges. Phi Theta Kappa offers students the chance to serve their
grades and credits

standard grading system

the Seattle community colleges use a numerical grading system. Numerical grades may be considered equivalent to letter grades as follows:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Numerical Range</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>4.0–3.9</td>
</tr>
<tr>
<td>A-</td>
<td>3.8–3.5</td>
</tr>
<tr>
<td>B+</td>
<td>3.4–3.2</td>
</tr>
<tr>
<td>B</td>
<td>3.1–2.9</td>
</tr>
<tr>
<td>B-</td>
<td>2.8–2.5</td>
</tr>
<tr>
<td>C+</td>
<td>2.4–2.2</td>
</tr>
<tr>
<td>C</td>
<td>2.1–1.9</td>
</tr>
<tr>
<td>C-</td>
<td>1.8–1.5</td>
</tr>
<tr>
<td>D+</td>
<td>1.4–1.2</td>
</tr>
<tr>
<td>D</td>
<td>1.1–0.9</td>
</tr>
<tr>
<td>D-</td>
<td>0.8–0.7</td>
</tr>
<tr>
<td>E</td>
<td>0.0</td>
</tr>
</tbody>
</table>

many programs and individual course sequences require a minimum of a 2.0 grade in order to continue with additional courses or studies. Be sure to know the specific requirements for your courses, program or college-transfer major. Consult with your advisor or counselor.

grade-point average (GPA) is determined by dividing total points earned by total credit hours attempted.

non-traditional grading options

the following letter grade options are not universally accepted by other institutions and could jeopardize the transferability of courses and financial aid status. See your advisor.

I—Incomplete Indicates that the student performed at a passing level, completed most of the course requirements, and intends to make up the missing work. An Incomplete is given only at the discretion of the instructor when the student has attended regularly, done satisfactory work, and furnished satisfactory proof to the instructor that the work cannot be completed because of illness or other circumstances beyond the student’s control. Coursework must be completed during the following quarter, excluding Summer Quarter. If the student fails to remove the “I” by completing the coursework in the specified time period, the “I” will remain on the transcript. The instructor must file a written statement of reasons for giving the Incomplete, listing a description of the work which the student will need to do to remove it, with the dean of the division in which the course is offered. If the student elects to repeat a course rather than make up the work, the “I” will remain on the transcript. The grade earned will compute in the GPA; after receiving an “I” in a course, a student may repeat that course only once.

S—Satisfactory With Credit Used for individual progress, clinical, and skill development courses. This symbol is not used for college transfer courses numbered 100 and above, except designated pass/fail courses as approved by the Office of Instruction.

N—Audit To audit a course means to register for and attend class without receiving a grade or credit. An “N” grade, rather than credit, is recorded on the transcript. Students must officially register to audit a course. Registration for an “N” may be made until the end of the second week of the quarter without the instructor’s signature or the end of the eighth week (sixth week of Summer Quarter) with the instructor’s approval and signature. Students are responsible for consulting with the instructor regarding class requirements. After an “N” is issued, the course may be repeated no more than one (1) more time. If the instructor’s requirements for an “N” are not satisfied by the student during the course, the instructor may issue an “NC” (No Credit) symbol. Students changing their status from audit to credit or credit to audit must make official changes within specific deadlines.

NC—No Credit Indicates that the student did not fulfill the requirements for receiving an “S” grade, an “N” grade or a numerical grade in the course. A student in good standing may request an “NC” symbol from the instructor prior to the final examination, granted at the instructor’s discretion. After an “NC” is issued, the course may be repeated no more than one (1) more time. An “NC” does not affect a student’s GPA.

W—Official Withdrawal This grade will be recorded and will remain on the student’s transcript. After a “W” is issued, the course may be repeated no more than one (1) more time. (See “Adding or Dropping Classes” page 33).

Y—Ongoing Course Used for a course that is two or more quarters in length. The final grade for the course will be reported at the last quarter.

Repeating a Course

there are two situations in which a student may repeat a course. Both the initial course and repeated course must be taken at the same campus.

1. GPA Improvement. A credit course may be taken no more than two times total. Upon successful completion of a repeated course, the student can submit a formal request to the Registration Office to have the highest of the two decimal grades used in the GPA computation. Unless specifically requested, the first grade and the repeat grade will be averaged.

NOTE: the student will be credited only once for the class. It is the student’s responsibility to notify the Registration Office when the repeated course is completed.
2. Multi-quarter continuous training courses use the same course number from quarter to quarter. In this situation credits earned are cumulative, and all grades are used to determine the GPA.

   NOTE: Students planning to transfer to four-year institutions should be aware that many four-year institutions have strict policies on course repeats. We recommend checking with the Advising Office before repeating a class to determine potential course transfer difficulties.

Grade Errors or Changes
Report grade errors or grade changes immediately to the Registration Office. Grade errors reported after two consecutive quarters may not be changed. Students are encouraged to consult with their instructors before initiating a grade review process as outlined in the complaint procedure available through the Vice President for Student Services’ Office at each college.

After a course grade has been assigned, supplemental or additional class work will not be accepted for the purpose of changing that grade except in the case of an “I” (incomplete) grade.

   NOTE: Students must complete the coursework as directed by the instructor during the following quarter (excluding Summer Quarter).

Transferring Credits from Other Colleges
For students pursuing a degree or certificate, an evaluation of incoming credits request may be submitted after transcripts from other institutions are received. Students will be sent a copy of their evaluated coursework.

Limitations on Transfer of Courses or Credits
Transfer credit is not normally awarded for the following types of study or coursework: (1) courses taken at colleges or universities that are not regionally accredited; (2) non-credit courses and workshops; (3) remedial or college preparatory courses; and (4) sectarian religious studies. Also see the Reciprocity Agreement for College Transfer Programs on page 10.

Credit by Examination & Credit by Work Experience
Colleges may award credit by examination to a student not formally enrolled in a class by requiring the student to pass a comprehensive examination on the subject matter of the course. Individual programs at individual colleges may offer credit for work experience.

Students must have completed a minimum of 9 residence credits with a GPA of 2.0 or better before applying for credit by examination. Credits earned by examination or work experience shall be graded and each division or department will determine the minimum grade standards for granting credit by examination.

The charge for taking an examination will be in addition to the tuition and fees paid for regular college enrollment. The charge may vary, but shall not exceed the standard resident tuition and operating fee charged for the number of credits earned, excluding the services and activity fee. Credits earned by examination will be noted as such on the transcript. Credits by examination and by work experience may not exceed 25% of the necessary credits for a degree or certification. Credits earned by examination are not considered residence credits.

For college credit option information at North: www.northseattle.edu/enroll/credentials/options.htm.

TRANSCRIPTS
Official, sealed transcripts are required by other institutions when students transfer. Official transcripts (a copy of a student’s permanent academic record) must be requested in writing from the Registration Office of the college where the classes were taken. Cost is $4 per copy and requires two working days for processing. In compliance with the Family Educational Rights and Privacy Act of 1974, grade transcripts will be released only upon written request.

Students can get an unofficial transcript at no cost, via Student Online Services at the college website. Transcripts will not be released if students have not fulfilled all financial obligations to the college.

GED transcripts (copy of test scores) must be requested in writing from the campus Testing Office, and include the student’s social security number and signature. There is a $3 charge per copy.

STUDENT RULES
Responsibilities & Right to Know

RECORDS
Confidentiality of Records (FERPA)
The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. & 1232g; 34 CFR Part 99) is a federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education. Information about Seattle Community Colleges students is collected, maintained, and used to meet the college’s educational objectives. Students are protected against improper disclosure of their records. These rights begin the first day of class and extend to all former students.

Student Rights and Educational Records

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their educational records. These rights include:

1. The right to inspect and review the student’s education records within 45 days of the day the College receives a request for access. A student should submit a written request that identifies the record(s) the student wishes to inspect. The College official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the college official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

2. The right to request the amendment of the student’s education records that the student believes are inaccurate, misleading or otherwise in violation of the student’s privacy rights under FERPA. A student who wishes to ask the College to amend a record should write the college official responsible for the record, clearly identify the part of the record the student wants changed, and specify why it should be changed. If the College decides not to amend the record, as requested, the College will notify the student in writing of the decision and the student’s right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of a right to a hearing.

3. The right to provide written consent before the College discloses personally identifiable information from the student’s education records, except to the extent that FERPA authorizes disclosure without consent.

The College discloses education records without a student’s prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interests. A school official is a person employed by the College in an administrative, supervisory, academic, research or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the College has contracted or is assigned to provide a service instead of using College employees or officials (such as an attorney, auditor, collection agent, or a clinical, intern, or extern site); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for the College.

In addition, upon request, the college discloses education records without consent to officials of another school in which a student seeks or intends to enroll.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the College to comply with the requirements of FERPA. The name and address of the office administering FERPA is: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Ave. SW, Washington, DC 20202-5901.

Disclosure of Student Directory Information

The College may disclose the following directory information unless a student affirmatively submits a written notice to the Registrar’s Office requesting his/her directory information not be released. Directory information includes:

- Student’s name
- The act of enrollment in the college
- Date(s) of enrollment
- Division or area of study
- Awards granted to the student by the college
- Participation in officially recognized activities in sports
- Weight and height of athletic team members
- Email address

Exceptions

For more information on exceptions to the requirement, see Policies and Procedures 380. Student Records at www.seattlecolleges.edu/DISTRICT/currentstudents/studentrulescs.aspx.

Additional Information

For more information regarding student rights, students should contact the Registration Office on each campus.

Student Identification Numbers

Student identification numbers are used in college transactions. Students are assigned individual student identification numbers (SID numbers) for use in college transactions such as web-based services and other student services. To comply with federal laws, the colleges are required to ask for the student’s Social Security Number (SSN) or Individual Taxpayer Identification Number (ITIN). Colleges use the SSN/ITIN to report American Opportunity Tax Credit or Lifetime Learning tax credit, to administer state-federal financial aid, to verify enrollment, degree and academic transcript records, and to conduct institutional research. Pursuant to state law (RCW 28B.10.042) and federal law (Family Rights and Privacy Act), the college will protect the student’s SSN from unauthorized use and/or disclosure. If a student does not submit a SSN/ITIN, the student will not be denied access to the college; however, the student may be subject to civil penalties (refer to Internal Revenue Service Treasury Regulation 1.6050S-1(e)(4) for more information).
BEHAVIOR, ENVIRONMENT & PHYSICAL SAFETY

Campus Security Offices
Students should use the same caution as they would in any public place in taking care of their personal safety and personal belongings. Campus safety-security offices provide helpful information for the campus community.

Call 911 for serious emergencies.
Central (206) 587-5442
North (206) 527-3636
South (206) 763-5157
SVI (206) 587-4933

Safety & Security
Students are obligated to respect the rights of others and to refrain from any actions endangering the health, safety, and welfare or property of others. Students are expected to comply with the policies, procedures and regulations approved by the Board of Trustees and with Washington state and federal regulations.

For additional information: www.seattlecolleges.com/DISTRICT/prospectivestudents/studentrules.aspx

Campus Crime Data
Statistics on criminal incidents, as required by the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, are available at college safety/security offices, as well as on individual campus websites. For the last three years, campus crime data, along with general information, is provided by the Office of Postsecondary Education of the U.S. Department of Education: www.ope.ed.gov/Security.

Accidents
The students’ well-being and safety are of utmost importance. It is vital that everyone follow strict safety procedures recommended in all classes, particularly professional-technical classes. In the event of an on-campus accident or injury, students and faculty should report the accident to the Security Office so the injury can be addressed and an accident report completed. Do not hesitate to immediately call 911 for serious injuries. Instructors must be notified if the accident occurs during class.

Alcohol and Drugs
Alcohol and drugs are prohibited. The district prohibits the abuse of alcohol and the unlawful manufacture, distribution, possession and use of illicit drugs. This policy applies to all employees and students of the Seattle Community Colleges while they are on District property or while they are conducting college business, regardless of location. To provide a healthy, safe, and secure working and learning environment, each employee and student of the Seattle Community College District is expected to be in an appropriate mental and physical condition to perform assigned duties and fully participate in the learning process. Seattle Community College District Policy 249 (“Drug-Free Workplace”), and resources for students and employees who need assistance with substance abuse problems, are outlined in a brochure available on each campus and at www.seattlecolleges.edu/policies.aspx.

National Institutes of Health provide a list of drugs and their dangers and effects: http://www.nida.nih.gov/drugpages.html.

Firearms
The possession of firearms on campus is not allowed.

Workplace Violence/Hostile Work Environment
Workplace violence or a hostile work environment will not be tolerated at the Seattle Community Colleges (District Policy 451).

Sexual Harassment
The Seattle Community College District is committed to providing a working and educational environment that is free from sexual harassment of any kind. It is not tolerated at any District institution.

All employees and students have the right to a working and educational environment free from sexual harassment.

This institution defines sexual harassment as unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature.

Employees and students are encouraged to report their concerns or complaints about sexual harassment. Retaliation against any individual for making a complaint about or cooperating in a sexual harassment investigation is not permitted.

Student complaints regarding sexual harassment shall be processed in accordance with District Policy and Procedure 419.

Smoking
Smoking is prohibited indoors, and within 25 feet of the entrance to any public building, per Washington state law.

Traffic Laws
State motor vehicle laws and the Seattle traffic code apply to campus traffic. The campus speed limit is 15 miles per hour unless posted otherwise.

Disciplinary Action
Disciplinary action will be taken against students who violate standards of conduct established by the college. If informal procedures do not resolve the issue, formal committee proceedings may be initiated.
HIV/AIDS
Transmission of HIV and Prevention of AIDS
To ensure the health and well-being of our college community, and to be in compliance with state codes, the Seattle Community Colleges provide the following resources for information about transmission of the Human Immunodeficiency Virus (HIV), the causative factor leading to Acquired Immune Deficiency Syndrome (AIDS).
Complete and current information about specific risk factors for HIV/AIDS is available at the Seattle/King County Department of Health.

EMERGENCY PREPAREDNESS & COMMUNICATIONS
The Seattle Community Colleges work together to develop and share procedures and communications tools for use during unforeseen emergencies. Because the safety of students and staff is of greatest concern, a variety of systems are now available at each campus, and safety measures are being strengthened on an ongoing basis.
Among resources available to students, faculty and staff is a Campus Alerts system that is used to send messages to cell phones and personal email addresses in case of a campus emergency or unplanned closure. To register for the system: https://alert.seattlecolleges.edu.
For more information about emergency communications and contacts, preparing for an emergency, and procedures for closure at the Seattle Community Colleges: www.seattlecolleges.edu/emergencies.aspx

District-wide INFORMATION & POLICIES
Equal Opportunity Statement and Accommodation for District Students and Employees
The Seattle Community College District is committed to the concept and practice of equal opportunity for all its students, employees, and applicants in education, employment, services and contracts, and does not discriminate on the basis of race or ethnicity, color, age, national origin, religion, marital status, sex, gender, sexual orientation, Vietnam-era or disabled veteran status, political affiliation or belief, citizenship/status as a lawfully admitted immigrant authorized to work in the United States, or presence of any physical, sensory, or mental disability, except where a disability may impede performance at an acceptable level. In addition, reasonable accommodations will be made for known physical or mental limitations for all otherwise qualified persons with disabilities. Inquiries regarding compliance and/or grievance procedures may be directed to the college’s Title IX/RCW 28A.640 officer and/or Section 504/ADA coordinator.

Legal Authority: U.S. Americans with Disabilities Act (PL. 93-112) and RCW 49.60.

To be eligible for disability-related services, students must have a disability as defined by the Americans with Disabilities Act of 1990 (ADA) and Section 504 of the Rehabilitation Act of 1973. Under the ADA and Section 504, a person has a disability if he or she has a physical or mental impairment that substantially limits one or more of the major life activities (walking, standing, seeing, speaking, hearing, sitting, breathing, and taking care of oneself).

On each campus, Disability Support Services is the designated office that obtains and files disability-related documents, certifies eligibility for services, helps determine academic adjustments, and consults for the provision of such accommodations. Academic adjustments are provided to ensure access to all community college courses, programs, counseling, activities, and facilities.

Disability Support Services provides or arranges a variety of auxiliary services to the community college, such as sign language interpreters, assistive technology, examination accommodations, and academic assistance. Auxiliary requests such as Braille or books on tape are to be requested at least 6 weeks in advance. There may be a delay in services with less notification. Request for interpreting services with less notice for high profile events.  

Disability Support Services Offices

Disability Support Services offers different services, including physical and programmatic accommodations to persons with documented disabilities. This is carried out within the overall goals and mission of the Seattle Community Colleges Policy and Procedure 387 “Reasonable Accommodations for Students with Disabilities.”

Reasonable Accommodations for Students with Disabilities

Alternative Telephone Access

People who are deaf, hard of hearing, speech-disabled may access the colleges through free communication services provided by the Washington Relay Service:

TTY text-telephone: 7-1-1 or 1-800-833-6384
Voice carry-over (VCO): 1-800-833-6386
Hearing carry-over (HCO): 1-800-833-6388
Speech-to-speech (STS): 1-877-833-6341

Speech-to-speech (STS): 1-877-833-6341

Disability Support Services offices provide physical and programmatic accommodations to persons with documented disabilities. This is carried out within the overall goals and mission of the Seattle Community Colleges Policy and Procedure 387 “Reasonable Accommodations for Students with Disabilities.”

Legal Authority: U.S. Americans with Disabilities Act (PL. 93-112) and RCW 49.60.

Official Policies & Procedures Relating To Students
Student rules in the Washington Administrative Code
The official rules for students at the Seattle Community Colleges can be found in the Washington Administrative Code, Chapter 132F-121 WAC – Student Activities, Rights and Discipline. The Washington Administrative Code (WAC) is the official compilation of all current rules that have been adopted by state institutions of higher education and other state administrative agencies. http://apps.leg.wa.gov/WAC/default.aspx?cite=132F-121

District Policies Relating to Students
Seattle Community College policies may be viewed at www.seattlecolleges.edu/policies.aspx.
Every reasonable effort has been taken to ensure the accuracy of this information. However, readers are encouraged to contact the individual Student Services departments at each college for further information.

Student Progress (Academic)
See page 37.

Student Complaints
The Seattle Community Colleges have established procedures to assist students who feel they have a complaint relating to grades or an action by a member of the college community.
Before pursuing formal action, students are encouraged to first pursue an informal resolution. Students have 15 calendar days from the end of the informal process or within 90 days of the cause of the complaint to submit a formal complaint. Contact the respective Complaints Officer at each campus for further information.

MEMBERSHIPS
The Seattle Community College District is a member of several national organizations for higher education, including the American Association of Community Colleges (AACC), American Association for Women in Community Colleges (AAWCC), Association of Community College Trustees (ACCT), Council for Advancement and Support of Education (CASE), League for Innovation in the Community College, Higher Education and Research Development Institute (HERDI), and the National Council for Black American Affairs (NCBAA).
In Washington, the District holds membership in the Trustees Association for Community and Technical Colleges (TACTC), the Washington Association of Community and Technical Colleges (WACTC), the Governor’s Aerospace Futures Alliance Board, and Staff Training for Technical and Community Colleges (STTACC).
Regionally, the District belongs to the Seattle/King County Economic Development Council (Enterprise Seattle), Workforce Development Council Board, Port Jobs Board, Seattle Goodwill Board, Prosperity Partnership, Seattle Chamber of Commerce, and the Northwest Commission of Colleges and Universities (NWCCU).
Welcome

The first community college in the city of Seattle, Seattle Central Community College has served the higher education and training needs of more than 500,000 students since 1966. Professional-technical certificate and associate degree programs, college transfer and associate degree programs, and a four-year baccalaureate degree in Applied Behavioral Science are all offered through the college.

Seattle Central sits atop Capitol Hill in the heart of Seattle, with easy access by bus or car from any part of town. Light rail is currently under construction to connect the campus to the University of Washington area. The Capitol Hill location offers a wide variety of choices for shopping, dining and entertainment.

At Seattle Central thousands of students have trained for new careers in high-demand areas. The college offers hands-on training in 30 professional-technical programs in fields such as dental hygiene, information technology, wood construction, apparel design, and more.

Seattle Central provides a high-quality college education that is approximately half the price of a four-year college or university. Each year, about 600 students transfer from Seattle Central to one of Washington’s public and private baccalaureate schools, nearly one-half of them going to the University of Washington-Seattle.

The Seattle Central community reflects all walks of life and all corners of the globe. More than 50% of Seattle Central students are people of color, and ages range from 16 to 80.

Seattle Central offers opportunities for beginning college students, transfer students, professional-technical students and those seeking second or third careers. Please visit in person or online: www.seattlecentral.edu.

**Specialized Training Centers**

**Seattle Maritime Academy**

4455 Shilshole Ave NW, Seattle, WA 98107
(206) 782-2647

Seattle Maritime Academy is located on the working waterfront of the Lake Washington Ship Canal, where it is a regional resource for Coast Guard-approved training courses and entry-level Engineering and Deck courses. The Academy offers certificate programs in Marine Deck Technology and Marine Engineering Technology, as well as community service training in a variety of marine-related subjects. The Academy also provides customized training under contract to private-sector companies, government agencies, military units and unions.

**Wood Construction Center**

2310 So. Lane, Seattle, WA 98144
(206) 587-5460

The Wood Construction Center has trained Northwest woodworkers since 1936. Programs include core training in safety, skills, tools and materials, and specializations in Cabinetmaking, Carpentry or Boat Building. Students can earn either an Associate of Applied Science degree, a program certificate or a series of skill-specific certificates. The Center also offers evening community education classes at a variety of skill levels.

---

*Source: State Board for Community and Technical Colleges Data Warehouse
**State-funded
ADVISING Center
(206) 587-4068

The Advising Center helps students select classes based on background and test results. Advisors provide students with up-to-date academic information before and during registration. They help students select courses that meet their individual academic goals as well as the requirements for two-year degrees and/or transferring to a four-year institution.

CAREER Services

Career Information Center
(206) 344-4383

The Career Information Center provides career exploration assessments and web-based resources, college program information, college major relationship to careers, and books and publications on a wide variety of career-related topics. In addition, the Center coordinates and delivers career-related presentations in classrooms and the community and offers scholarship and grant information, applications and assistance.

Career Placement Center
(206) 344-4383

The Career Placement Center offers the following resources and services to enrolled students: individual career counseling; job/work-study listings; job search information; résumé and employment letter critiques; on-campus employer/agency recruiting visits; an annual career fair; and access to a computer for résumé and cover letter preparation for other career-related searches.

CLASS SCHEDULE Quarterly
(206) 587-3800
www.seattlecentral.edu/course/class-schedule.php.

Each college produces a quarterly class schedule listing the specific courses being offered that quarter. This schedule is available approximately six (6) weeks before the start of each quarter in both printed and online formats. Call to receive a printed copy and to be put on the mailing list. To view or download the online class schedule, visit the website.

COLLEGE SUCCESS Program
(206) 516-3169

The College Success program serves former foster youth. It can provide financial assistance and support services during college. Visit Room BE 4174 for more information and to sign up for the program.

COLLEGE TRANSFER Center
(206) 587-5469

Services in the College Transfer Center are available to all registered Seattle Central students who want to transfer to a four-year college or university to pursue a bachelor’s degree. The Transfer Center enables Seattle Central students to learn about transfer opportunities and to meet representatives from local and national four-year schools at college fairs, events and workshops each quarter.

The Center houses college catalogs, transfer guides, applications, and transfer planning materials. There are two student computers to help students conduct college searches, complete online applications and write transfer essays. The staff is available to answer questions and provide support throughout the transfer process.

COMPUTER Center
(206) 587-4194

The Computer Center is available to all Seattle Central students and has PC and Macintosh computers. Current Seattle Central enrollment, a thumb drive, and payment of the Universal Technology Fee and/or the Computer Lab fee are required. Students without computer experience are encouraged to enroll in one of the MIC 102 introductory short courses. Free introductory workshops sponsored by student leadership are also offered in the Computer Center.

COUNSELING Services

Student Development and Services
(206) 587-3851

Counseling services at Seattle Central include educational, career and personal counseling. The primary goals of counseling are the retention of students and facilitating access. Counselors teach students strategies to develop critical thinking skills, set academic goals, develop skills for employment, engage in lifelong learning, maintain personal wellness, and interact in a diverse environment. Counselors work in divisions throughout the college.
**DISABILITY Support Services**
(206) 587-4183 (V/TTY)

The role of the Disability Support Services office is to provide physical and academic accommodations to persons with documented disabilities. This office obtains and files disability-related documents, certifies eligibility for services, helps determine academic adjustments, and consults for the provision of such accommodations. Academic adjustments are provided to ensure access to all community college courses, programs, counseling, activities and facilities.

Disability Support Services provides or arranges a variety of auxiliary services such as sign language interpreters, assistive technology, exam modifications and academic assistance. To avoid delays, auxiliary requests such as Brailling and books on tape require six weeks’ advance notice. Interpreting services for ongoing classes require four weeks’ notice and interpreting services for special requests or one-time services need at least one week’s notice.

Located in BE 1112, this office also offers consultations to faculty and staff to help design accommodations that provide equal access.

*Please see page 43 for specific details and additional information on eligibility and policies.*

---

**INTERNATIONAL EDUCATION Student Services**
(206) 587-3893

This student services office can help international students get started in their educational programs and adjust to the Seattle area. It offers advising, counseling, activities and additional resources.

*See page 24 for additional information about International Programs.*

---

**LIBRARY & MEDIA Services**

Circulation (206) 587-4050
Reference (206) 587-5421
Media (206) 587-4053

Library & Media Services is located in BE2101. The library offers a wide range of information resources and services. Resources include collections of books, ebooks, periodicals, DVDs, CDs, online databases, and Internet access. Study rooms, photocopiers, media equipment, wireless laptop computers and open lab computers are also available. Students may connect their own computers to the Internet via wi-fi.

Librarians teach library research credit courses and workshops and provide reference services for those seeking individual research help.

---

**MULTICULTURAL Services**
(206) 587-4085

Seattle Central’s diverse student population is supported by many offices in achieving academic goals. Multicultural Services promotes institutional responsiveness to the needs of students of color and students of diverse cultural backgrounds. The office develops innovative projects, collaborates with other college departments and divisions on multicultural programs and activities, presents professional development activities on multiculturalism and diversity, and disseminates information on diversity resources for students, faculty and staff. The office facilitates such programs as The Annual Students of Color Conference which supports the critical thinking and leadership skills of students of color.

---

**SENIOR ADULT Education**

Washington state residents 60 years old or older may register for up to two courses taken for either audit or credit at a fee of $5.00 per class. Seniors register on a space-available basis beginning the second week of the quarter but prior to the tenth day of the quarter. Students should attend class the first week of the quarter with instructor permission while waiting to find out if class space is available. If the instructor allows the student to attend, the student should pick up an enrollment form from the registration or information center to obtain instructor’s signature to enroll. Students are responsible for any additional charges, such as I.D. card, lab fees, activity fee, transportation fee, books or supplies. When seniors enroll for more than two courses, they pay for the additional credits at regular tuition rates.
**Student ACADEMIC ASSISTANCE**

(206) 587-3852

Student Academic Assistance, a Trio program funded by the U.S. Department of Education, promotes the success of low-income and/or first-generation students, or students with disabilities. It provides support services which include personal, academic and career counseling, transfer advising, visits to colleges and universities, personal growth and study skills workshops and tutoring services. The office is located on the first floor near Advising, 1102B.

**TESTING Office**

GED: (206) 587-6915
Office Information: (206) 587-6344
www.seattlecentral.edu/testing/

The Testing Office offers Math and English placement tests, ASL placement tests, GED exams and exam proctoring services for other institutions. Testing schedules and detailed descriptions of each exam offered are available by phone and by clicking on “schedule” on the website.

---

**TUTORING Services**

**College-wide Tutoring**

(206) 587-5463 or 587-3852

Seattle Central’s college-wide tutoring service provides one-to-one and group tutoring in all content areas. Tutors assist students in recognizing their success and thereby building positive attitudes toward learning. Tutors will collaborate with faculty to help students understand assignments and provide support to students through tutoring and the development of skills necessary for academic success in the classroom. The College-wide Tutoring Center is located on the mezzanine (2nd floor) of the Broadway Edison Building and on the first floor of the Science & Math Building for science and math tutoring.

---

**VETERANS’ AFFAIRS**

(206) 587-4147

For information about using VA benefits to attend Seattle Central Community College or how to qualify for a Veteran’s tuition discount, visit http://seattlecentral.org/finaid/veterans.php or contact the Veterans’ Coordinator. The office is located inside the Financial Aid Office, Broadway-Edison Building Room 1104C.

For a complete description of the educational benefits available to veterans and their dependents, as well as assistance for students interested in pursuing careers in the military, visit the U.S. Veterans Affairs website at http://www.va.gov.

---

**WOMEN’S Programs**

801 E. Pine, Room 202
Seattle, WA 98122
(206) 587-3854
www.seattlecentral.edu/womens-prog

Women’s Programs assists women in identifying and achieving their educational and career goals. Women’s Programs place a special emphasis on support for low-income returning women students and women pursuing non-traditional career options. Financial assistance for tuition, books and emergency funds is available to students who qualify. Students can access program information on the website.

The Women’s Forum, a student publication celebrating the literary and artistic expression of Seattle Central women, is published at the beginning of winter and spring quarters. Women’s Programs also sponsors student organizations such as Women in Science and Engineering (WISE) and EMPOWER (Empowerment Means Political Organizing for Women’s Rights), which promotes and supports education, awareness, participation and activism on political issues facing women and low income-individuals. A lending library provides resources for students interested in women’s issues. Campus and community resources can also be accessed through Women’s Programs.

The Wednesday Noon Lecture Series, free and open to all, brings a wide variety of guest speakers to campus to discuss various roles of women in society. Seattle Central students may also register for HDC 190, Women in Society, to receive credit for participating in the lecture/discussion series.
WORKFIRST Programs
801 E. Pine, Room 202
Seattle, WA 98122
(206) 587-3854

WorkFirst Services, which is coordinated by Women’s Programs, primarily assists parents who are receiving public assistance through the Temporary Assistance for Needy Families (TANF) program, and who wish to improve their job skills and further their education. Services include tuition assistance for low-income parents and WorkFirst Work Study. Services are also available to other low-income parents. WorkFirst classes and services are free to eligible students. Seattle Central’s current WorkFirst programs include:

CUSTOMIZED JOB SKILLS TRAINING
Seattle Central works with local employers to offer time-limited training programs to WorkFirst participants who may choose to obtain employment or continue educational programs to increase marketable skills (or both). Intensive job placement assistance for participating students is provided upon program completion.

WORKFIRST WORK STUDY
The WorkFirst Work Study program provides “on-the-job” work experience and additional income for WorkFirst students in conjunction with job skill courses, GED preparation or other basic skills courses.

TUITION ASSISTANCE FOR WORKING PARENTS
The WorkFirst Program provides funds for tuition, fees and books for eligible low-income working parents to take job skills courses and programs, when other financial aid is not available. For more information on specific educational opportunities or for consideration for these programs, please contact the Seattle Central’s Women’s Programs and WorkFirst offices.

Student LIFE

ART Gallery
M. Rosetta Hunter Art Gallery
(206) 344-4379

The Art Gallery, located in the Atrium, is an educational exhibition space which enhances the academic goals and contributes to the cultural enrichment of the institution with exhibits and activities reflecting and serving our multicultural population. The Gallery presents approximately 12 exhibits through the academic year, and one show in the summer. Many feature the work of Seattle Central students.

Hours: 9:30 a.m. to 3:30 p.m., Monday through Friday
5 p.m. to 7 p.m., Tuesdays and Wednesdays

BOOKSTORE
(206) 587-4148
http://seattlecentral.bkstore.com

The Bookstore is located across the street from the main college building on Broadway. The bookstore is well stocked with new and used textbooks, general interest books, school supplies, school spirit clothing, gifts, snacks and personal care items. The Bookstore offers a textbook buy-back service every day with a special student buy-back during final exam week of each quarter. Hours of operation and online textbook and merchandise ordering are available on the website.

CHILDCARE Center
(206) 587-6901

The Childcare Center is located in Room BE1113 and is certified to care for children ages 18 months through 5 years of age. The Center provides quality care with developmentally appropriate and culturally relevant activities for children of student-parents. The teacher-to-child ratio is maintained at 1:10 or lower for preschool age children and 1:7 or less for toddlers. The Center is open from 7:50 a.m. - 4:30 p.m. during fall, winter and spring quarters. Tours of the Center are available upon request. Registration is required.

Priority is given to the children currently enrolled in the Center. A short waiting list will be kept for the upcoming quarter only. Open enrollment for the waiting list is generally on the 8th Wednesday of the preceding quarter. Student-parents are responsible for reenrolling their children each quarter. Call for registration dates.
COPY Center
(206) 587-5419
BE 3105A
The Copy Center provides copying service for students, faculty and staff. It is equipped with self-service machines, and employees are available to assist in copying, selling blue books, scantrons, envelopes, transparencies and course packets. US FAX service is also available.

COPY CENTER HOURS
Fall, Winter & Spring Quarters
7:30 a.m. – 7:30 p.m. – Monday – Thursday
7:30 a.m. – 4:00 p.m. – Friday & during quarterly breaks

ERICKSON THEATRE Off Broadway
The theatre is located at 1524 Harvard Avenue, between Pike and Pine Streets on Capitol Hill. It is an open community performance space. The theatre’s intimate size and reasonable cost make it an ideal facility for experimental work, improvisational groups and student productions from Seattle Central’s drama department.

FOOD Services
(206) 344-4319
The Atrium cafeteria is open from 7:30 a.m. until 3:00 p.m. Monday - Thursday and until 2:30 p.m. on Friday. The Atrium features a variety of cafeteria-style food, including a breakfast menu, burgers, pizza, beverages, salads, sandwiches and snacks.

The C-Store (convenience store) is open from 7:30 a.m. until 8:00 p.m. (Mon–Thurs), and until 2:30 p.m. on Friday. The C-Store stocks different types of drinks, snacks, pre-wrapped sandwiches, bakery products and essential school supplies.

The Buzz Espresso Stand by the Broadway entrance welcomes students, employees and visitors to the campus with a wide variety of espresso, coffee and smoothies. It is open from 7:00 a.m. until 8:00 p.m. (Mon- Thurs) and until 2:30 p.m. on Friday. Student-prepared pastries, including specialty desserts and breads, are also available for purchase in The Buzz pastry case during much of the quarter. The Buzz serves over 75,000 cups per year.

During the instructional quarter, students from the Culinary Arts program prepare and serve a variety of specialty menu meals in the Square One and One World restaurants. These are open to the public. Call (206) 587-5424 for menu information.

Please note that summer hours for all food service outlets may vary.

RECREATION & Fitness
Charles H. Mitchell Student Activity Center
(206) 587-6315 Front Desk Phone Line
www.seattlecentral.edu/sac
The Mitchell Activity Center offers a broad array of recreational and fitness activities including a basketball gym, a running track, indoor squash and racquetball courts, a well-equipped game room, locker rooms with saunas, a full weight room and cardiovascular workout equipment. Free classes that promote health and fitness (weight training, yoga and aerobics) are regularly scheduled.

Hours: 6 a.m. to 9 p.m., Monday through Saturday 12 p.m. to 5 p.m., Sunday
Membership for non-students is also available.

SAFETY
(206) 587-5442 Campus Security
BE 1131
Seattle Central Community College is committed to the safety and well being of all students, staff, faculty and visitors; therefore, it is extremely important that all safety procedures and protocols be followed at all times while on campus and/or in classrooms.

For all on-campus security issues, please call 206-587-5442 or stop by room BE 1131 for immediate assistance.

For all on-campus emergencies, call 911 on either campus or personal phone. When it is safe to do so, please call campus safety and security at 206-587-5442 to report the emergency as well.

When calling 911 or the campus safety and security office, please stay on the line and calmly answer all questions asked by the emergency or campus dispatcher; do not hang up unless directed to do so. Please describe in detail the exact nature of the incident, accident, or emergency that you are calling about.

In the event of an on-campus injury or accident, students and/or staff should report the incident to the safety and security office as soon as it is safely possible to do so. Please remember that instructors must be notified of an accident or injury occurring during class time.

See page 41 for more information on personal safety.

Student ATHLETICS
(206) 527-3745 (Men’s) & (206) 527-3773 (Women’s)
www.northseattle.edu/services/athletics
The intercollegiate men’s and women’s basketball teams, the Seattle Community Colleges Storm, are based at North’s Wellness Center. These teams compete in the
North Division of the Northwest Athletic Association of Community Colleges conference. Students from all three Seattle Community Colleges are eligible to play for the teams. Athletic scholarships for both men and women are granted by the coaches each year.

---

**Student INSURANCE**

For information on student injury and sickness insurance, contact the Student Leadership office at (206) 587-6924. International students should contact the International Programs office.

*See page 35 for information on Student Insurance.*

---

**Student LEADERSHIP DIVISION**

(206) 587-6924

Mission Statement: The Student Leadership division facilitates leadership and supports student involvement, creating connections for student success.

Located above the Bookstore, the Student Leadership division offers students a wide variety of learning opportunities outside the formal classroom. Through involvement in co-curricular and extra-curricular social, cultural, and service programs and activities, students can identify and develop leadership skills and promote social and cultural sharing. Opportunities for involvement include:

**Associated Student Council**

The Associated Student Council (ASC) is the official student government of Seattle Central, and is responsible for representing student interests to the college administration and for facilitating and organizing student committees that enhance students’ experiences at Central. The ASC consists of six student executives, chosen through a rigorous peer-selection process annually, and six associates who can apply throughout the year to work on specific projects.

**Student Ambassador Corps**

The Student Ambassador Corps is a team of seasoned student leaders dedicated to encouraging the success of their fellow students by informing them of resources and opportunities available at Central. They also serve the college by assisting with programs and initiatives that arise throughout the year.

**College Activities Board**

The College Activities Board (CAB) is a team of eight students who develop and organize events and activities on campus that celebrate the diversity of our community, promote student involvement and foster collaboration among student organizations. CAB members gain hands-on experience in all aspects of event planning, including booking, promoting and management.

---

**Leadership Institute**

(206) 587-3890

Drop-in training sessions every Tuesday at 1:30 p.m. are open to all students. Facilitated by various Central staff members, the sessions cover essential leadership topics such as time management, individual core values and listening skills. Students may also take HDC 121: Intro to Leadership (see course descriptions).

**Leaders Among Leaders**

Leaders Among Leaders is an advanced leadership development program designed to help students elevate their understanding of contemporary leadership theory and practice. Students who successfully complete the program will earn a certificate of recognition.

**Phi Theta Kappa**

Phi Theta Kappa is the international academic honor society of the two-year colleges. Members of Central’s chapter, Alpha Chi Zeta, promote Phi Theta Kappa’s mission to recognize and encourage the academic achievement of two-year college students and to provide opportunities for individual growth and development.

**Seattle Central Alumni Association**

(206) 587-5491

The mission of the Seattle Central Alumni Association is threefold: to connect alumni with current students to help facilitate their career and professional development, to create a sense of advocacy for the college in the community, and to provide opportunities for alumni to give back to Seattle Central through service to the college. Student Leadership coordinates events and contact information.

**Student Clubs**

Each year Central students form nearly 50 diverse student-run organizations. Start your own club or join a club already formed. A complete list is available in the Student Leadership office.

**Student Organizations Resource Council**

The Student Organizations Resource Council (SORC) is a team of six students who facilitate the organization and orientation of Central’s club life. This team helps clubs access the information, resources and training available to them through the Student Leadership office.

**Student Committees**

Students participate in campus planning and decision-making through involvement in campus-wide committees. Applications for all committees are available in Student Leadership.

**Student Development Transcript**

The Student Development Transcript provides an official record of students’ involvement, service and leadership in clubs, boards and committees. This record may be added to school, job and scholarship applications.
**Student PUBLICATIONS**

The Women’s Forum  
(206) 587-3854

Published twice a year through Women’s Programs, the Women’s Forum features articles, poetry and artwork by and about Seattle Central students.

---

**TRANSPORTATION & PARKING**

**Bus Service**  
Seattle Central Transportation Services  
Room BE1143  
(206) 587-6931 or 6932  
www.seattlecentral.edu/transportation

Due to limited parking and environmental concerns, carpooling, walking, biking and busing are strongly encouraged. Central’s main campus is well-served by the Metro bus system. Students registered for 10 or more credits are eligible to purchase a discounted ORCA transit pass issued by the college. The ORCA pass may be used to ride Community, Everett, Kitsap, Metro, Pierce and Sound Transit. For additional information and/or inquiries about other transportation options and benefits, contact our office or visit the web.

**Parking Services**  
(206) 587-6932  
www.seattlecentral.edu/transportation

Student parking in the garage before noon is limited to students with Seattle Central carpool permits. Because the supply of parking spaces is often insufficient to meet this demand, a parking space lottery is held each quarter. Student carpools with 3 or more in a vehicle park free with a permit. Inquire at Parking Services.

From noon through the evening, single occupant student parking is available either by permit or without permit on a first-come, first-served basis ($7/day). Purchase permits at the Cashier’s office. For forms, rates and more, visit the web.

---

**Affiliate Organizations**

**The Seattle Central FOUNDATION**  
(206) 587-5491  
www.seattlecentral.edu/foundation

The Seattle Central Community College Foundation supports students by providing the resources to ensure students reach their highest potential while pursuing their education at Central. The Foundation awards scholarships in all areas of study, provides childcare assistance, and supports a college-wide tutoring service. In addition, the Foundation supports faculty development, and other essential programs and activities which are not funded by state or federal funds.

The Foundation staff and Board of Directors are committed to the idea of creating possibility through education, by giving students the opportunities and access they might not otherwise have. The SCCC Foundation is a 501c3, non-profit organization. Interested students should contact the Foundation office.

#### Definition and Rationale of General Education

*See page 4.*

---

#### General Education Learning Outcomes

Seattle Central students will achieve personal and professional goals in diverse and multicultural settings because they are able to:

**Think:** Analyze, create, and reflect to address and appreciate challenges and opportunities

- Gather, interpret, and evaluate information
- Identify problems and issues
- Formulate hypotheses
- Generate and implement creative strategies
- Create and appreciate aesthetic work
- Evaluate their thinking process

**Collaborate:** Work effectively with others to learn, complete tasks, and pursue common goals

- Identify problems and create action plans
- Apply understanding and knowledge of group process
- Pursue and critically evaluate different social and cultural perspectives
- Manage conflict productively
- Engage in community and civic life

**Communicate:** Exchange ideas and information through intentional listening, speaking, signing, reading, writing, or presenting

- Determine the purpose and context for communicating
- Organize and present information purposefully
- Seek feedback and revise to enhance effectiveness
- Attend to conventions of communication to minimize barriers
- Consider perspectives, experiences, and cultural differences to develop understanding

**Connect:** Apply knowledge and skills to solve problems

- Select and use theoretical models, quantitative and qualitative techniques, information sources, and technology tools
- Identify and solve problems using logical strategies and evaluate results
- Gather data from various reliable sources and assess the validity and relevancy
- Critically evaluate solutions using research-based evidence
- Use technology and apply to a wide range of practices, fields, and industries

**Continue Learning:** Self-evaluate and act to improve knowledge and skills

- Analyze own performance and revise to improve
- Transfer learning by applying it in other contexts
- Increase knowledge by identifying gaps and acting to fill them
- Seek mentors and share knowledge with others
- Provide and receive feedback

---

#### Associate of Science Degree Learning Outcomes

Seattle Central Community College students completing the A.S. degree should:

- Have college-level knowledge and skills in critical thinking, quantitative analysis, and written composition
- Have college-level mastery of information literacy and be technologically literate
- Demonstrate effective oral and written communication, teamwork and collaboration in scientific, mathematical and other settings
- Have the ability to design and conduct experiments as well as to analyze and interpret data
- Understand methods of inquiry specific to traditional and contemporary areas of knowledge in mathematics and the natural and physical sciences
Understand the interdisciplinary and multicultural nature of knowledge

Demonstrate academic honesty and ethical behavior

Be able to appreciate and apply their knowledge of science in the outside world

ASSOCIATE OF ARTS DEGREE (A.A.)

The Associate of Arts (A.A.) Degree is a 90-credit transfer degree that fulfills the general education requirements for most four-year degrees in arts and sciences. To earn the A.A. degree, students must achieve a cumulative grade point average (GPA) of 2.0 or better in courses numbered 100 and above, complete at least 15 credits at the Seattle Community College (North, Central or South) awarding the degree and meet all of the degree requirements. Students should contact an advisor to develop their individual programs of study.

See pages 7–9 for college transfer course requirements for A.A. or A.S. degree.

ASSOCIATE OF ARTS (A.A.)

Emphasis in Sustainable Agriculture

Sustainable Agriculture Education (SAgE) is a new emphasis within the Science and Math Division. An Associate of Arts (A.A.) degree with a Sustainable Agriculture emphasis provides a practical education for students interested in a transferable two-year degree and continued natural resource-related studies or immediate entry into the workforce. SAgE offers a suite of core courses and four pathways of focus: Urban Food Systems, Small Farm Systems, Farmland Ecological Restoration and International Sustainable Development. For details, contact the Advising Office.

www.seattlecentral.edu/learn/sage.

ASSOCIATE OF ARTS (A.A.)

Emphasis in Deaf Studies

The Deaf Studies emphasis offers two years of intensive study in American Sign Language and Deaf culture, providing a cultural and communication foundation about deafness and Deaf culture. It is designed for students who plan to work in agencies which provide services for the deaf and hard of hearing; for students seeking further degrees in fields such as education, social work, counseling or linguistics; and for those seeking enhanced communication and relationships with deaf relatives, co-workers, friends and consumers. Contact the Seattle Central Advising Office for further information.
ASSOCIATE OF SCIENCE
Transfer Degree
See page 7 for information.

ASSOCIATE OF SCIENCE DEGREE (A.S.)
Direct Transfer Degree
The Associate of Science (A.S.) is also designed to transfer to a four-year college or university. However, there are certain major areas of study in which the student may not be able to take all the courses necessary to transfer with junior standing. Please contact an advisor for more information on this degree program.

ENGINEERING PRE-MAJORS
Science & Math Division
(206) 587-3858
The courses listed below generally meet requirements for the first and second years of study toward completion of a four-year engineering program, but may not constitute a complete two-year program leading to junior standing. Students who anticipate transferring to a specific school should consult with a counselor for assistance in course selection.

SUGGESTED COURSES
Chemistry: CHEM& 161, 162, 163 (some majors require only 8 credits)
Engineering: ENGR& 111; ENGR 142, 161, 170, 171; ENGR& 214, 204, 225, 215, 224
English: ENGL 106; ENGL& 230
Math: MATH& 151, 152, 153; MATH 220, 238
Physics: PHYS& 221, 222, 223

OTHER REQUIREMENTS
Credits in general education, English and liberal studies as required for an A.A. or A.S. degree.
See pages 7–9 for A.A. degree requirements.

ASSOCIATE IN ELEMENTARY EDUCATION
A.E.E. – DTA/MRP Degree
K-8 Education Pre-Major
Teacher Training/Education Programs
www.teachertrainingprogram.com
(206) 587-3895
This program is designed for students transferring to a four-year university to pursue a professional teaching degree. It is designed to prepare students for a major-ready pathway (MRP) to B.A. in Elementary Education (K-8) programs in Washington state. It takes approximately two years to complete based on full-time enrollment.

ASSOCIATE IN MATH EDUCATION
A.M.E. – DTA/MRP Program
Secondary (9-12) Math Education Pre-major
Teacher Training/Education Programs
www.teachertrainingprogram.com
(206) 587-3895
This program is a major-ready (MRP) direct transfer degree program, designed for students who want to transfer to a university to earn a degree plus a teaching certificate for secondary (6-12) math. It takes approximately two years to complete based upon full-time enrollment. The program provides a solid foundation for transfer to B.A. in Math Education degree (grades 6-12) programs in Washington state.

BACHELOR OF APPLIED SCIENCE
Applied Behavioral Science
Health & Human Services Division
(206) 587-6900
The Bachelor of Applied Science program offers a substantive, human services bachelor’s degree for direct service practitioners. It is designed for students with an Associate of Applied Science two-year degree in social and human services, or a related degree. Applications are accepted for fall and spring quarter entry. A minimum of 2.0 cumulative GPA is required for application; however, acceptance into the program is competitive. Additional course work is under development. Contact the program office for further information.

PREREQUISITE:
An Associate of Applied Science degree in Human Services (consisting of 90-120 credits).
## Required Courses:
- ENGL& 101 English Composition I .................................. 5
- ENGL& 102 English Composition II ................................. 5
- CMST& 101 Intro to Communication ............................... 5
- SOC& 101 Intro to Sociology ........................................ 5
- PSYC& 100 General Psychology ..................................... 5
- Related Electives* ..................................................... 5

*Select from any Social Science/Humanities College transfer course.

**Total** 30

### Human Services (Core Courses)
- SHS 100 Intro to Human Services ................................. 5
- SHS 103 Survey of Institutions .................................... 5
- SHS 106 Interviewing & Counseling ............................. 5
- SHS 108 Group Dynamics & Counseling ........................ 5
- SHS 197 Field Placement: Human Services .................. 3
- SHS 198 Field Placement: Human Services .................. 3
- SHS 199 Field Placement: Human Services .................. 4

**Total** 30

### Bachelor of Applied Behavioral Science
- ABS 310 Professionalism & Ethical Practice ................... 5
- ABS 320 Applied Social Psychology ............................. 5
- ABS 330 Info Literacy & Program Assessment ................ 5
- ABS 340 Applied Environmental Science ...................... 5
- ABS 350 Quantitative Principles in Assessment ............ 5
- ABS 360 Public Policy Analysis .................................. 5

## Adult Basic Education & English as a Second Language

### Basic & Transitional Studies Division
(206) 587-4180

Basic Studies programs provide instruction for those who want to improve basic verbal and math skills or earn a high school diploma in order to get better jobs, continue their education, and prepare for college. Each of the programs in this area is designed to meet a particular set of student needs.

### Adult Basic Education

Adult Basic Education (ABE) enables adults to improve basic reading, writing, and math skills. Students in this program can start at a level matching their current skills and progress at their own pace. Classes in basic math and communication skills are designed to help adults become more self-sufficient, find better jobs, or qualify for entry into post-secondary education programs. These non-credit courses respond to current community needs through seminars and classes and may help students work more effectively with others, understand how they can increase their own learning, and increase personal responsibility. In addition to teacher-led classes, students can learn basic skills through the use of computers and improve their computer literacy skills. Classes are offered from Level 2 through Level 4. Course descriptions are listed under Adult Basic Education (ABE). Tuition is set at $25 per quarter, determined by the State Board for Community and Technical Colleges.

### English as a Second Language

English as a Second Language (ESL) classes help non-native English speakers to understand, speak, read, and write English in order to carry out daily activities, get or keep a job, advance in the workplace or continue their educational goals. A wide range of class levels start at level 1 (beginning) and progress through level 5. Emphasis is on improving listening, comprehension, pronunciation, vocabulary development and English structure. Tuition is set at $25 per quarter, determined by the State Board for Community and Technical Colleges.

*NOTE: International students take ESL classes offered through International Programs.*
**College PREPARATORY ENGLISH**

This program is designed for students preparing for workforce or academic study at U.S. colleges. The classes help the non-native speaker develop speaking, reading, and writing skills needed for college-level study. Beginning with grammar and vocabulary skills, the courses advance to note-taking, composition, oral presentation and class discussion skills at increasingly advanced levels. Two levels of Transitional English as a Second Language are available. Students must qualify for transitional ESL by taking the COMPASS/ESL test. Pre-college level courses require payment of regular college tuition. Course descriptions are listed under Languages & Literature/English as a Second Language.

*NOTE: International students take ESL classes offered through International Programs.*

---

**PRE-COLLEGE Courses**

Many students entering college or returning after some time away from studies need additional work to prepare for college-level courses. For these students, the Seattle Community Colleges offer a series of courses in English, mathematics and human development. Placement is determined by performance on entrance tests required for admission to specific college programs. Courses in this category are those numbered below 100. They are described in the course description sections for English, Mathematics, and Human Development. For more information contact the division counselor at (206) 587-5408.

---

**4 CONTINUING Education**

(206) 587-5476

The Office of Continuing and Professional Education offers a variety of credit and non-credit educational opportunities for individuals, organizations, and businesses. It does this through a variety of flexible, innovative, credit, non-credit and distance education programs.

---

**COMMUNITY EDUCATION Classes**

(206) 587-5448

Community Education programs focus on lifelong learning needs for personal enrichment, training and development. These programs respond to current community needs through seminars, workshops and classes that are non-credit and may range from a one-evening, three-hour offering to quarter-long classes. Community Education courses are listed under non-credit classes in Central’s quarterly class schedules.

---

**COMPUTER TRAINING Programs**

(206) 587-5448

The Computer Training programs work to strengthen a range of skills from introductory computer courses to high-end 3-D animation. A variety of computer training programs that include Microsoft Office Suite, database software, multimedia software, web design, auto CAD and Revit Architecture are available.

---

**3-D ANIMATION Multimedia Courses**

(206) 587-5448

Seattle Central offers a full range of training workshops and projects for current and aspiring professionals in the interactive multimedia industry. Focus of the instruction is on state-of-the art software packages and programs from visual layout to 3-D animation.
COOPERATIVE EDUCATION & SERVICE-LEARNING

(206) 587-5422
www.seattlecentral.edu/coop

The office of Cooperative Education and Service-Learning provides students with a variety of resources and opportunities to enhance their academic, professional and personal growth, leadership development and sense of civic responsibility.

Cooperative Education Program

Cooperative Education is an educational program offered to students enrolled in college transfer or workforce education programs. Students are able to earn credit for their jobs (with permission), paid or unpaid internships, volunteer service to the community and/or international travel/study experiences.

Service-Learning

Service-learning integrates community service and academic instruction by focusing on critical reflective thinking and civic responsibility to enhance the learning experience. The Cooperative Education and Service-Learning Office lists internship, volunteer and service-learning opportunities as a resource for students and also provides access to organizations who recruit on campus throughout the year.

Travel/Study Courses

Seattle Central provides students (resident and non-resident) with an opportunity to earn credit for various international travel/study experiences. Students can earn credit for language enhancement, research-based, or work/internship/volunteer activities.

ONLINE TRAINING/Courses

(206) 587-3843

Individuals who have severe time constraints, but who want to receive training in personal enrichment courses, computers and professional development can sign up for a variety of non-credit classes from the college’s Continuing Education Department.

TEACHER TRAINING/EDUCATION Programs

(206) 587-3895
www.teachertrainingprogram.com

The office of Teacher Training/Education Programs offers diverse programs related to teacher training and education. The department offers the following credit and non-credit programs and courses:

Teaching English to Speakers of Other Languages Certificate Program (TESOL)

The non-credit TESOL certificate program has been created for those who are interested in teaching English overseas. The program includes a practicum and introduces major approaches and effective methods in the second language acquisition field.

Associate in Math Education DTA/MPR

See page 56.

Associate in Elementary Education DTA/MPR

See page 56.

Future Math Teacher Para-pipeline Program

This program is open to working paraprofessionals who wish to pursue an alternate route to an associate in math education degree, and transfer to a university to become math teachers. The program provides full tuition scholarships and other forms of support.

Future Teachers of America (FTA)

This is a collaborative program between Seattle Central and multiple universities. The program provides advising, scholarships and other forms of support for students of diverse backgrounds who are underrepresented in the field of education. The FTA Program pathway reaches from the community college through the university teaching certificate program.

CUSTOMIZED/CONTRACT Certificate Training

(206) 587-5483

Continuing and Professional Education, in partnership with government and industry partners, conducts a number of extended training programs that result in a professional certificate. Certified specializations such as Nutritional Therapist, Sustainable Building Advisor, Personal Trainer, and many others reflect a growing trend in short-term, high-impact development for high-demand professionals with special knowledge and skills. Continuing Education units are also available for professional development requirements.
5  |  DISTANCE EDUCATION/ELearning

(206) 587-4060
www.seattlecentral.edu/distance/

The Distance Education Office at Seattle Central provides information and support services for students taking online, correspondence, telecourses, and visual media courses. Students may take occasional distance education classes or they may earn an Associate of Arts degree at their own pace while experiencing the same curriculum, content, and challenges as on-campus courses. For students interested in upgrading skills, a variety of non-credit Distance Education classes are also offered, including computer and information technology courses.

See pages 18–20 for information on distance education options.

6  |  HIGH SCHOOL—COLLEGE

HIGH SCHOOL/COLLEGE Links

Running Start
(206) 587-3820
http://seattlecentral.edu/runstart

The Running Start program gives high school juniors and seniors whose test scores place them in college level coursework the opportunity to enroll in tuition-free, college-level classes for credit while earning high school credit at the same time.

See page 21 for more information.

TechPrep
(206) 903-3222

Students earn college credit while in high school and start their careers in fields such as computer applications, information technology, marketing, wood construction, business communications and many others. High school courses counted as college credit allow students to earn an Associate of Applied Science or industry-specific certificate faster. TechPrep is tuition-free.

See page 21 for more information.

PRE COLLEGE Courses

Please see pages 12 and 248 for these college preparation courses.

GED PREPARATION

(206) 587-4180

Adults may demonstrate they have reached an education level equal to a high school diploma by taking the General Educational Development (GED) test. GED preparation helps students improve their reading, writing and math skills before taking the test. The course also covers the science and social studies skills required to pass the test. The class stresses math for practical problem-solving, English usage, reading comprehension and test-taking skills.

Ability to read at or above eighth grade level or completion of ABE Level 3 is required for students. Students who pass the GED test earn a GED certificate, which is accepted by colleges, workforce training programs, unions, and many employers as equivalent to a high school diploma. (See course descriptions under General Educational Development.) Tuition is $25 per quarter, determined by the State Board for Community and Technical Colleges.

See pages 21–23 for more information.

HIGH SCHOOL Completion

(206) 587-5450

For students who have not completed work for a high school diploma, High School Completion offers the opportunity to earn the diploma through two options: the Standard High School Diploma and the Associate Degree Conversion Diploma. Students planning to work toward a high school diploma should obtain a copy of “Requirements for the High School Diploma” brochure from the Admissions Office for complete information.

See pages 22–23 for details about the diploma options and possible tuition waiver for high school completion.
7 | INTERNATIONAL Programs

INSTITUTE OF ENGLISH
(206) 587-3893
www.seattlecentral.edu/international
The Seattle Central Institute of English (SCIE) is a self-supporting intensive academic English program offering a variety of accelerated English as a Second Language courses and related training for international students. Most SCIE students are either preparing to enter U.S. colleges and universities, or are interested in improving their English language skills for personal or business use in their home countries.

See page 25 for further information.

TRAVEL/STUDY ABROAD
(206) 587-3899
See page 25 for information on district-wide Travel/Study Abroad courses.

8 | WORKER RETRAINING Program

WORKER RETRAINING
The Worker Retraining program offers a variety of services to dislocated workers: individuals who have been laid off and are collecting unemployment insurance, have been issued a WARN notice, are displaced homemakers, or had to close a small business due to the economic downturn. To get a new start on a career, interested individuals should attend a Worker Retraining orientation session. Worker Retraining helps recipients to gain new skills in order to return to the workforce in competitive wage jobs. Services may include:

- Tuition assistance (subject to income guidelines and availability of funds)
- Help with applying for other funding such as Federal Trade Act Assistance, NAFTA and regular financial aid
- Educational planning
- Interest assessment
- Career advising/counseling
- Job search skills
- Internships
- Job placement

See page 26 for additional information on the Worker Retraining Program.
Professional-Technical Programs

Seattle Central Community College offers degrees and certificates in more than 30 workforce education areas. These programs, which vary in length from one to seven quarters, are designed to prepare students for careers and/or to expand skills in their career area. Several professional-technical programs offer short-term training certificates; students may build skills and add certifications over time to progress in their fields. Contact the program office for information. Seattle Central Community College is accredited by the Northwest Commission on Colleges and Universities.

APPAREL DESIGN

Business, Information Technologies & Creative Arts Division
(206) 587-3830

Apparel Design is a full-time, six-quarter program offering an Associate of Applied Sciences degree. Courses are designed to prepare students for employment in the garment industry, and focus on the technical, design and business aspects of apparel manufacturing. The curriculum includes courses in garment construction, production patternmaking and pattern grading, design, fashion history and computer applications specifically related to apparel design. Development of a professional portfolio and fashion collection as well as completion of a supervised internship are an integral part of the curriculum.

NOTE: Program courses are under frequent review to maintain industry relevancy. Please check with division for current program guidelines.

BUSINESS INFORMATION TECHNOLOGY

Business, Information Technology & Creative Arts Division
(206) 587-3830

The Business Information Technology program prepares students for employment in a wide range of industry specialties requiring information technologies, effective communications, customer relations, and organizational management. The integrated curriculum emphasizes project-based learning, information literacy, diversity, and professionalism. A cumulative GPA of 2.0 or higher is required to attain the BIT Certificate and/or A.A.S. Degree.

NOTE: Program courses are under frequent review to maintain industry relevancy. Please check with division for current program guidelines.

### Specialty Desserts & Breads

Seattle Culinary Academy’s Specialty Desserts & Breads program offers an innovative teaching environment along with new, state-of-the-art Culinary Arts and Specialty Desserts & Breads kitchens. Extensive theory is combined with hands-on education from highly skilled instructors focusing on artisanal breads, European pastries and desserts, cheese making and chocolate creations. This program is fully accredited by the American Culinary Federation.

Sustainable principles and practices shape our curriculum. Throughout the year, the new greenhouse will provide the opportunity to learn “seed to plate” practices and supplies fresh herbs for savory and sweet preparations sold in our dining rooms and pastry shop.

Courses prepare graduates to work in restaurants, hotels, pastry shops, bakeries, private clubs, catering businesses and food service institutions committed to quality and environmental wellness. This program is appropriate for individuals of all skill levels — from beginners to those with industry experience who wish to develop a broader range of skills.

Specialty Desserts & Breads is a five-quarter certificate program. Students may enter the program fall, winter or spring quarters. The Associate of Applied Science (A.A.S.) degree can be earned with the completion of 16 additional elective credits. A cumulative GPA of 2.0 or higher in all core and related instructional courses is required to attain a Culinary Arts Certificate and/or A.A.S. degree.

### DEAF INTERPRETER TRAINING

Health and Human Services Division
V/TTY (206) 344-4347

Also see Interpreter Training Program, page 69.

The two-year Deaf Interpreting Certificate program prepares Deaf individuals to work as intermediary interpreters for Deaf consumers with special needs and Deaf-Blind consumers. Increasingly, this career has become an option for Deaf individuals.

Deaf interpreters work in areas such as colleges, public schools, and early childhood education, as freelance interpreters in human services areas such as vocational rehabilitation, social and mental health agencies. Graduates may also be employed in theaters, libraries, corporations, museums, or other settings in which deaf and hearing people interact.

New students are accepted in the fall of each year. Eligibility for all certificates and degrees requires a cumulative GPA of 2.0 or above in all coursework. Contact the program counselor for application procedures, schedule information and revisions.

### DENTAL HYGIENE

(206) 587-4186  
Health and Human Services Division  
(206) 344-4347

Seattle Central’s two-year (seven-quarter) Dental Hygiene Program is accredited by the American Dental Association. Registered Dental Hygienists are licensed oral health professionals who focus on preventing and treating oral diseases to protect both teeth and gums and the total health of patients. They provide direct oral health care services in settings such as private dental offices, public and community health clinics, managed care organizations, correctional institutions, schools, nursing homes, and oral health research facilities.

The range of patient services performed by dental hygienists varies from state to state and may include performing oral health care assessments, educating patients about preventive oral health care techniques, cleaning and polishing teeth, taking and developing x-rays, administering local anesthetics, placing and contouring dental fillings, and providing additional preventive oral care services.

Eighteen students are accepted into the program each fall after successfully completing prerequisites listed below with a 2.5 minimum GPA in each class, completing the program application, and participating in the student selection/interview process.

### EXPANDED FUNCTION DENTAL AUXILIARY

Health and Human Services Division  
206.587.4186  
www.efdacentral.net/

Expanded Function Dental Assistants are dental assistants who have additional training that permits them to place and contour dental fillings. This 14-credit program prepares dental assistants for these expanded functions, and for the Washington Restorative Examination (WARE) given by the Dental Assisting National Board (DANB) as well as the Restorative Section of the Western Regional Examining Board (WREB) Exam. Entrance to the EFDA program is subject to Washington Dental Assisting career pathway requirements. Contact the division for prerequisites and requirements.

www.seattlecentral.edu/proftech/PROvideo.php

The Film and Video Communications Program at Central is a two-year A.A.S. degree program characterized by interdisciplinary teaching and cooperative educational opportunities, with an emphasis on development of technical and creative skills needed to work in the industry. Faculty use current technology in the curriculum and rely on experts from the media industry. Graduates are prepared for entry-level employment as audio, lighting, set, camera and/or production technicians; photojournalists; and producers, directors, editors, and independent video and film makers.

**NOTE:** Program courses are under frequent review to maintain industry relevancy. Please check with division for current program guidelines.

TOTAL CREDITS 101-103

GRAPHIC DESIGN

Business, Information Technologies & Creative Arts Division
(206) 587-3830

This two-year (6-quarter) program combines computer-based knowledge and practical skills for employment in the graphic design and interactive design fields. In classes and up-to-date computer labs, students learn design, typography, illustration, and digital production to prepare them for positions in print, interactive and electronic design. Full-time and adjunct faculty are practicing professionals, and the curriculum is monitored by an industry-based Technical Advisory Committee to maintain contemporary standards.

Students completing this program are prepared for entry-level positions in advertising agencies, producing layouts and presentations; retail, corporate, and in-house graphics departments; as freelance print and interactive designers; and in design studios assisting in the design and creation of corporate logos, identity systems and branding, posters, brochures and web and motion graphics.

NOTE: Program courses are under frequent review to maintain industry relevancy. Please check with division for current program guidelines.

INFORMATION TECHNOLOGY

Information Technology Programs
(206) 516-3150

Seattle Central’s Information Technology three-to-seven-quarter certificate and Associate of Applied Science degree (A.A.S.-T.) programs prepare students for an industry with a growing need for skilled technicians. IT offers certificates and/or degrees in six areas: Applications Support, Database Administration and Development, Network Design and Administration, Programming, Web Design, and Web Development. After completion of one of the six programs, graduates can expect to find employment as help desk analysts, programmers, web designers and developers, software support specialists, network designers and administrators, database designers and administrators and IT security specialists.

NOTE: Program courses are under frequent review to maintain industry relevancy. Please check with division for current program guidelines.

INTERPRETER TRAINING PROGRAM

Health and Human Services Division
(206) 344-4347

Also see Deaf Interpreter Training, page 64.

Seattle Central’s Interpreter Training program is one of the few two-year Associate of Applied Science - T (A.A.S.-T) degree programs in interpreting in Washington. The program prepares graduates to facilitate communication between Deaf and hearing people using American Sign Language and English. It has a national reputation as a training program and for producing graduates with marketable skills.

A professional interpreter may work in a variety of settings such as education, social service, religion, government, business, performing arts, professional conferences, job training programs, scientific/technical areas, health fields, law, and law enforcement. Interpreters may specialize in one area or freelance, depending on their personal skills and preferences.

Approximately 40 students per year are accepted in this sequential program beginning each fall quarter. Applicants are advised to submit applications before the end
of spring quarter. Contact the division office for program revisions and the program counselor for application procedures and schedule information.

**PREREQUISITES**

Successful completion of ASL& 121-123 and ASL& 221-223 or show commensurate ability.

NOTE: Eligibility for graduation requires a minimum 2.5 GPA in all technical specialty and 2.0 GPA in related instruction courses.

---

**MARINE TECHNOLOGY**

Seattle Maritime Academy
4455 Shilshole Avenue NW, Seattle, WA 98107
www.seattlecentral.edu/maritime
(206) 782-2647

The Seattle Maritime Academy (SMA) offers technical vocational training and professional certification preparation for the workboat industry, commercial fishing and the Merchant Marine. Students may enroll in the formal certificate programs or pursue maritime training on a part-time basis.

**Marine Engineering Technology**

The Marine Engineering Technology program combines practical shipboard experience and requisite courses in engineering with additional courses in computation, communication and human relations. Emphasis is placed on the theory, design, operation and maintenance of marine propulsion plants and equipment. Students go to sea once a week during the second and third quarters aboard the college’s training vessels. The academic program is followed by a 60-day at-sea internship on a large commercial vessel.

SMA offers the Marine Engineering Technology curriculum as a 73-77 credit program, culminating in a certificate in Marine Engineering Technology from Seattle Central. Students will also be eligible for a U.S. Merchant Mariners document endorsed with any and/or all of the following engine room (QMED) ratings: Electrician; Oiler; Pumpman; Refrigeration Engineer; and/or Junior Engineer. If the student’s at-sea internship was on a vessel with steam propulsion, he/she will also be eligible for a “fireman/watertender” QMED rating. Graduates also receive eight months of sea-service credit towards a license as Designated Duty Engineer of Steam or Motor Vessels of Not More Than 1,000 Horsepower. This sea service credit is two-thirds of the total required sea service for this license. The MET certificate program also qualifies each graduate for an STCW “ratings forming part of an engineering watch” endorsement. Students who elect to take the Survival Craft Course also satisfy the requirements for a Lifeboatman endorsement.

**Marine Deck Technology**

The Marine Deck Technology program combines practical shipboard experience and requisite courses in nautical science with additional courses in computation, communication and human relations. Emphasis is placed on the theory, design, operation and maintenance of deck equipment and applied navigation skills. Students go to sea once a week during the second and third quarters aboard the college’s training vessels. The academic program is followed by a 30-day at-sea internship on a large commercial vessel.
SMA offers the Marine Deck Technology curriculum as a 63-64 credit program, culminating in a certificate in Marine Deck Technology from Seattle Central. Each graduate who successfully completes the program receives eight months of sea service credit towards a license as Master of Inland Steam or Motor Vessels of Not More Than 100 Gross Tons, or eight months of sea service credit towards a license as Mate of Near Coastal Steam or Motor Vessels of Not More Than 200 Gross Tons. This sea service credit is two-thirds of the total required sea service for the license. On completion, the student also receives eight months of sea service credit towards an Able Seaman-Special endorsement or one-third of the required sea service credit for any other Able Seaman endorsement. Combining the eight months of sea service from the academic program with the two months of actual sea service on SMA's training vessels gives each graduate ten months of sea service towards AB-Special. Graduates satisfy both the written and practical examination requirements for both the Able Seaman and the Lifeboatman endorsements. The MDT certificate program also qualifies each graduate for an STCW “ratings forming part of a navigational watch” endorsement. Graduates also receive six months of sea service credit towards a license as Apprentice Mate (Steersman) of near coastal uninspected towing vessels.

- Diesel Engine Maintenance & Operation
- Vessel Handling

### Certification Preparatory Courses:

- Lifeboatman
- Master 100 Ton
- Refrigeration Technician (testing)
NURSING: L.P.N. TO R.N. TRANSITION

Licensed Practical Nurses who possess an unencumbered Washington state license, have completed the prerequisites and first-year support courses, and meet admission criteria, may enter the second year of the RN Associate degree after successful completion of one-quarter transition courses.

NUR 106 LPN-RN Transition ......................... 8
NUR 120 LPN-RN Transition: Assessments & Intervention 1

TOTAL PREREQUISITE LPN-RN COURSES 9

NOTE: Eligibility for graduation requires a minimum 2.5 GPA in all required technical specialty and related instruction courses.

NURSING R.N. ASSOCIATE DEGREE

Nursing (206) 587-4123

The associate degree nursing program prepares men and women to become Registered Nurses. It is approved by the Washington State Board of Nursing and accredited by the National League for Nursing Accrediting Commission. The program includes general education courses, nursing theory, lab and clinical practice.

New students are accepted into the six-quarter program each fall. See website for application deadlines and admission procedures. Graduates are awarded an Associate of Applied Science – Transfer (A.A.S.-T.) degree and are eligible to take the National Council of State Boards of Nursing Examination (NECLEX-RN) and apply for a license as a registered nurse in Washington State.

Any required non-nursing course may be completed before entering the nursing program. For more information contact the division office.

PREREQUISITES

BIOL& 241 Human Anatomy and Physiology I * ............... 5
BIOL& 242 Human Anatomy and Physiology II * ............... 5
BIOL& 260 Microbiology ........................................... 5
CHEM& 121 Intro to Chemistry .................................. 5

 Eligible for Math 107

* Science courses MUST be taken within 3 years prior to entrance to the program.

Nursing Assistant Certified (required) TEAS-Test of Essential Academic Skills, with an Adjusted Individual Total Score of 75% or higher.

NOTE: A 2.5 GPA is required in each nursing, science and related instruction course in the program.

ADVANCED PLACEMENT

Students who have taken nursing education courses within the past three years and who meet the prerequisite and grade requirements may be considered for advanced placement.

SCHOOL OF OPTICIANNRY

School of Opticianry (206) 344-4321

This two-year program provides an Associate of Applied Science (A.A.S.) degree in dispensing opticianry and is nationally accredited by the Commission on Opticianry Accreditation (COA). According to the Washington State Administrative Code and licensing guidelines: “The ophthalmic dispenser (dispensing optician) prepares duplications of and dispenses lenses, spectacles,
eyeglasses, and/or appurtenances for intended wearers on written prescriptions from physicians or optometrists; and in accordance with such prescriptions, the dispenser measures, adapts, adjusts and fabricates such lenses, spectacles, eyeglasses and/or appurtenances to the human face for the aid or correction of visual or ocular anomalies of the human eye. Other responsibilities may include business/administrative functions including record maintenance, purchasing, maintenance of supplies and equipment, physiognomy measurements and preparation of job orders.

Graduates must pass a state licensing exam and have four hours of HIV/AIDS education to practice in this field. Students may enter during fall and winter quarters only. For more information contact the division office.

**PREREQUISITES**

Eligibility for ENGL&101 and MATH 110.

### PHOTOGRAPHY, COMMERCIAL

**Business, Information Technologies & Creative Arts Division**

(206) 587-3830

The Commercial Photography Program prepares committed students for careers as professional image-makers. Centered on digital photography, emphasis in this program is placed on individual attention in a supportive learning environment with state-of-the-art facilities and equipment. This rigorous program assists students in realizing their creative potential and professional direction while providing technical and business skills necessary to earn a living. Students graduate with marketable portfolio(s), web presence, business and marketing plans, prepared to succeed in a changing and competitive profession.

**NOTE:** Courses are under frequent review to maintain industry relevancy. Check with division for current program guidelines.

### PUBLISHING ARTS

**Business, Information Technologies & Creative Arts Division**  
(206) 567-3830

Publishing Arts focuses on the creative and technical skills demanded by careers in graphic communications. The program links the current digital publishing software with the processes that produce print, web and new media. Using the latest tools, learn to publish designs on posters, T-shirts, notecards, books, web pages, or create an individual online portfolio. Build a solid foundation in the Adobe Creative Suite, and produce letterpress, screen and giclée prints, shoot and edit digital photos and video, and color manage the work. Earn a one-year certificate and/or pursue an A.A.S. degree in one of the Creative Academy programs.

### RESPIRATORY CARE

**Health and Human Services Division**  
(206) 344-4347

Respiratory Care is an allied health specialty in the treatment and management of patients with cardiopulmonary disorders. The seven-quarter program includes the study of the therapeutic use of medical gases, medications, aerosols, lung drainage, ventilatory support, cardiopulmonary resuscitation, airway management, respiratory disease management and diagnostic testing. Under the direction of the physician, the respiratory care practitioner works with other health professionals to deliver effective health care.

The program offers an Associate of Applied Science (A.A.S.) degree and is fully accredited by the Committee on Accreditation for Respiratory Care.

NOTE: Because the A.A.S. degree may not transfer, students wishing to transfer to a four-year institution should see an advisor and take college transfer English and science courses.

Graduates are eligible for licensure as Respiratory Care Practitioners in Washington state, and are also eligible and prepared for the National Board Registered Therapist credentialing exams. The required 7 hours of HIV/AIDS education is included. New classes begin Fall Quarter only. For advanced placement consideration, contact the division office for specific requirements.

**Program courses are under frequent review to maintain industry relevancy. Please check with division for current program guidelines.**

### Service Learning

Cooperative Education & Service-Learning  
Room BE 1103  
(206) 587-6997  
www.seattlecentral.edu/service-learning

Service Learning is an educational program combining community involvement with academic instruction and is linked to specific classes as either a requirement or an option. Course assignments and final grades are determined by the faculty of the linked course. Advantages of Service Learning include the opportunity to enhance understanding of course content, build experience for a résumé, explore career options, and earn college credit. Please contact the Service Learning department for more information.

### Social & Human Services

**Social & Human Services & Child & Family Studies**  
(206) 587-6900  
Health and Human Services Division  
(206) 344-4347

The Social and Human Services program provides training for employment in the social and human service field. It helps develop the professional values, skills and knowledge necessary to assist individuals with personal, interpersonal, and situational problems. The first year offers training in communication, human problems, community resources, interviewing and counseling, group dynamics and social change. The second year provides opportunity for specialization through field placement, supplemental social science courses and specialized coursework.

Options to the Social and Human Services degree are the Chemical Dependency Specialist Certificate, the Child and Family Studies Certificate or the Associate of Applied Science (A.A.S.) degree with an emphasis in Child and Family Services. For information on entrance requirements and additional coursework, contact the division office.

### Chemical Dependency Specialist

The Chemical Dependency Specialist program includes an integrated classroom instruction and field-based clinical experience. Students acquire competencies in the areas of interviewing, group dynamics, case management, physiology and pharmacology related to chemical dependency; the impact of chemical dependency on family members; and specific counseling interventions for working with chemical dependent clients. Courses meet the State of Washington Division of Alcohol and Substance Abuse requirements for chemical dependency counselor certification. Courses are offered day and evening. For further information contact the division office.

**NOTE:** Additional courses may be needed to meet state certification requirements. Consult the division counselor before enrolling.
**PREREQUISITE**
Eligibility for ENGL& 101 & MATH 084.

**Certificate**

---

**SURGICAL TECHNOLOGY**

Health and Human Services Division  
(206) 344-4347

This three-quarter program prepares men and women to share in the responsibility of the operating room team in the care of the patient requiring surgery. The surgical technologist is at all times under the supervision of the physician and/or registered nurse.

The program consists of instruction in the basic sciences, medical terminology, surgical functions in the operating room, operating room equipment and aseptic techniques, and is nationally accredited by the Commission on Accreditation of Allied Health Education Programs (CAAHEP). The clinical practice is coordinated by a college instructor and take place in various hospitals in the greater Puget Sound area. Graduation requirements include a minimum 2.0 GPA in each surgical technology course and related instruction and must be completed in the designated quarter to proceed to the next quarter. Entry is during the Fall Quarter only. For more information contact the division office.

**NOTE:** This program is currently under revision. See an advisor.

**PREREQUISITES**
Eligibility for ENGL& 101 and 100 level college math.

**Certificate**

### WOOD CONSTRUCTION

2310 South Lane, Seattle, WA 98144  
(206) 587-5460

The Wood Construction program prepares students for employment in the following three areas: Cabinetmaking & Fine Woodworking, Carpentry, and Marine Carpentry (Boatbuilding). All students enrolling in any full-time Wood Construction Certificate program are required to complete 13 credits of Related Instruction.

#### Cabinetmaking & Fine Woodworking Certificate

This program prepares students for employment in the cabinetmaking and fine woodworking trades.

Cooperative Education & Service-Learning
(206) 587-5422

Cooperative Education is a “work for credit” program offered to students enrolled in college transfer or work-force education programs. Students earn academic credit for jobs, paid or unpaid internships, or volunteer service in the community. Cooperative Education is a coordinated effort among the student, the employing organization, and the college. It provides students with an opportunity to explore or clarify career choices, acquire career-related experience, improve existing skills or learn new skills applicable to future employment, and earn college credit.

Permission required. Contact the Cooperative Education Office for additional information.

Welcome

For students who intend to transfer to a four-year college or university, starting at North Seattle Community College offers real advantages - strong academic preparation and advising services, small classes, an innovative integrated studies program, broad eLearning options and a variety of partnerships with four-year schools. While many graduates have continued their studies at universities such as Dartmouth, Penn State, and UC Berkeley, most North students transfer to the University of Washington. In fact, North consistently ranks among the highest of all community colleges in the number of students who are accepted to the University of Washington’s main campus. And North graduates fare well - for two of the last three years, a North transfer student has won the UW President’s Medal for academic excellence.

North also provides outstanding career training in more than 50 certificate and degree programs including those in emerging fields such as nanotechnology, IT for healthcare, biomedical equipment technology and green real estate. The new program for anesthesia technicians will be one of the first west of the Mississippi.

In addition, North helps people earn GEDs, learn English, enhance basic skills and/or pursue a new skill or personal interest.

The college also provides a rich student life. Concerts, plays, intercollegiate basketball, fitness programs, an award-winning literary magazine, and diverse student population add depth to students’ experiences. Conveniently located in a quiet residential neighborhood five miles north of downtown, the campus includes environmentally sensitive wetlands which have inspired a college-wide commitment to sustainability.

Come for a visit and learn how North changes lives.
Welcome

ADVISING
(206) 527-3658 ■ advisornorth@sccd.ctc.edu
www.northseattle.edu/enroll/advise/

Advising provides resources and educational planning for students seeking college transfer degrees, professional-technical degrees and certificates, and students enrolled in Adult Basic Education (ABE), English as a Second Language (ESL), General Equivalency Diploma (GED) and Adult High School Completion programs.

Advisors help students select courses and programs to reach their educational goals. Students seeking degrees or certificates attend new student orientation sessions, where they receive information about North and their program of study, and are assisted in selecting classes. Currently enrolled students work with advisors to develop educational plans based on the degrees or certificates they are pursuing. Advising provides resources and workshops on college transfer planning and provides opportunities for students to meet with four-year college representatives.

CAREER SERVICES and INTERNSHIPS

Career Services
(206) 527-3685 ■ careerservices@sccd.ctc.edu
www.northseattle.edu/services/career/

Career Services provides students with full-time and part-time job listings, job search training, labor market information, and assistance clarifying career and occupational goals. Career Services also has a computer lab with Internet access to support student job searches and career planning.

Internships
(206) 527-3787
www.northseattle.edu/services/internships/

Internships provide students with the opportunity to earn college credit while gaining practical work experience in their field of study. The Internship Program begins with CWE 101, which is a two-credit course designed to assist students in developing an internship. Once an internship is developed, CWE 110 provides three credits for the internship.
CLASS SCHEDULE Quarterly
www.northseattle.edu/schedule

Each college produces a quarterly Class Schedule listing the specific courses being offered that quarter. This schedule is available approximately six weeks before the start of each quarter in both printed and online formats. To receive a printed copy, call (206) 527-3600 to be put on the mailing list. View or download the online class schedule at the website above.

COMPUTER Labs
(206) 527-3630
www.northseattle.edu/kiosk/netid/

Students at North have access to 70 computers in the Library and 50 more in the open computer lab in IB3303. In addition, all students with a NSCC NetID account can access the North wireless network from many areas on campus.

COUNSELING
(206) 527-3676
www.northseattle.edu/services/counseling/

The Counseling Center offers individual appointments, classes and workshops, and online self-help to aid students to identify career interests, select programs of study and investigate careers and majors. It also offers students assistance to improve concentration, study skills, test taking, time management, and other academic skills; to manage stress, crisis, and communication; and to strengthen emotional and social skills.

DISABILITY Services
(206) 527-3697 ■ FAX (206) 985-3958
TTY (206) 526-0079
www.northseattle.edu/services/disability/

The role of Disability Services is to provide physical and program accommodations to persons with documented disabilities. This office obtains and files disability-related documents, certifies eligibility for services, helps determine academic adjustments, and consults for the provision of such accommodations. Academic adjustments are provided to ensure access to all community college courses, programs, counseling, activities and facilities.

Disability Services provide or arrange a variety of auxiliary services such as sign language interpreters, assistive technology, exam modifications and academic assistance. To avoid delays, auxiliary requests such as Brailing and books on tape require six weeks advance notice. Interpreting services for ongoing classes require four weeks notice and interpreting services for special requests or one-time services need at least one week notice.

This office also offers consultations to faculty and staff to help design accommodations that provide equal access.

For specific details and additional information on eligibility and policies, see page 43.

DISTANCE LEARNING/eLearning
(206) 527-3738

North’s eLearning Support Center provides logistical support and information to distance learners as well as campus students in web-enhanced classes. Academic divisions and workforce education programs offer many credit courses and curricula through several non-traditional delivery modes, including full online and hybrid online instruction, video streamed media and two-way live teleconferencing. These delivery modes bring new learning options and opportunities to students who have diverse learning styles, those who require flexibility in their schedules, and those who do not live within commuting distance. Students can earn an A.A. Degree and/or receive specific certificates through fully online courses.

See pages 18–20 for complete information on eLearning options.

INTERNATIONAL Programs
(206) 527-3672 ■ international@sccd.ctc.edu
FAX (206) 527-3794
http://isp.northseattle.edu/

International Programs (IP) oversees admissions of international students for study in the U.S. as well as Study Abroad Programs for domestic students. IP provides international student admissions, activities and services for students who have non-resident visas. IP processes admission applications for international students and assists them after admission. Contact this office for information about international admissions, or for assistance with academic issues, immigration regulations, housing or personal concerns. Field trips and other student activities promoting intercultural communication and enhanced experience of American culture are also provided by this office. Students interested in Study Abroad should contact the IP Office to learn about programs and scholarship opportunities.

See page 24 for more information.
**Library and Media Services**

(206) 527-3607  
http://dept.sccd.ctc.edu/nslib/

Library and Media Services offers a wide range of books, eBooks, journals, magazines, DVDs, videos, CDs, digital cameras and digital voice recorders for checkout or use in the library or classroom. Computer workstations provide access to the online library catalog, the internet, databases, magazines, e-journals, journals, newspapers, encyclopedias and more. Students have access to the collections of all Seattle Community Colleges and a national library collection database. Librarians can help students take full advantage of library resources. The librarians also offer for-credit classes in information literacy.

Media equipment available includes VCRs, televisions, DVD and CD players, sound systems, video cameras, computers with data projectors and document cameras. Housed in Media is a new service called Student Instructional Media Production Center (SIMPC) where students get support and help with incorporating multimedia (digital/analog) into their assignments and presentations. Listening/viewing carrels, individual study carrels and group study rooms are available throughout the library.

**Student Success Services**

Student Success Services helps students progress through college and includes Advising, Counseling, Disability Services, Running Start, and the Women’s Center. See individual listings for details.

**Testing Center**

(206) 527-3674  
www.northseattle.edu/enroll/testing/

Students seeking a degree or certificate or enrolling in most English or mathematics classes must take placement tests prior to registration. These tests help the student and advisor to select appropriate courses. The placement tests are offered during weekly drop-in hours and at other posted times. ESL placement tests and GED exams require appointments. For testing schedule and detailed information, visit the website or the Testing Center.

**Tutoring Services**

There are three major tutoring centers at North Seattle Community College and many departments offer subject-specific tutoring arranged through the department secretary.

**The Loft**

(206) 526-0078  
www.northseattle.edu/services/loft/

The Loft Writing Center is located in the Library and offers tutoring assistance on reading, writing, listening or speaking assignments for any class offered at North. The multimedia lab in The Loft offers computer software intended to strengthen skills in reading, writing, listening, vocabulary, spelling and pronunciation in English and other languages.

**The Math/Science Learning Center (MLC)**

(206) 527-3746  Room ED1845B  
http://webshare.northseattle.edu/MLC

The Math/Science Learning Center offers free tutoring assistance to all North students currently enrolled in math, physics, chemistry or computer science classes. Biology tutoring is also offered in a lab setting. In addition to peer tutors, the MLC provides computers and various references. Students are encouraged to use the MLC as an avenue to start a study group and to share ideas.

**Accounting and Business Learning Center**

The Accounting & Business Learning Center offers students coaching on accounting and business statistics questions and problems. Other Business Engineering & Information Technology (BEIT) Division programs that offer tutoring help include Real Estate, Electronics and Information Technology. Please contact your BEIT faculty or the BEIT Division Office for information on tutoring locations and times.

**Veterans’ Services**

(206) 527-3699  
www.northseattle.edu/services/veteran.htm

The Veterans’ Affairs office assists veterans, reservists, active duty personnel and eligible family members to receive VA educational benefits.

See page 30 for financial aid information.
WOMEN’S Center
(206) 527-3696
www.northseattle.edu/services/women/

The Women’s Center assists students, both women and men, who need information and referrals regarding housing, health care, child care, transitional housing, family planning and more. The center provides referrals for domestic violence, sexual assault, divorce, and personal and family counseling. It also sponsors programs on gender issues.

WORKFIRST Programs
(206) 527-3787 ■ nsccinfo@sccd.ctc.edu
www.northseattle.edu/programs/workforce/

The WorkFirst Program is designed for students receiving cash assistance from Temporary Assistance for Needy Families (TANF) who wish to upgrade their skills to prepare for better jobs. Participating students receive funding for tuition and books. North’s WorkFirst Program components are described below.

Basic Education Program
This program offers the opportunity to earn a GED, prepare for career/technical programs, improve basic technology skills, learn life and time management skills and develop employable skills.

Job Skills Training
Job Skills Training offers short-term training certificate programs of 1 to 2 quarters in length. These certificate programs enable students to build a college credit base as they acquire solid industry-focused skills. Programs include Certified Nursing Assistant, Medical Assistant, Broadband Cable Technician, Customer Service and more.

High-Wage/High-Demand Job Training Program
The High-Wage/High-Demand Program provides certificates in programs that require a minimum of 3 to 4 quarters. These certificate programs are for high-demand occupations in the Seattle/King County area that offer average starting wages of more than $15 an hour. Programs include Computerized Accounting, Medical or Legal Assistant, IT for Healthcare and more.

Work Study
Work Study enables students to meet their work requirements through part-time employment on campus. Students who are enrolled in ABE/GED classes or program prerequisite classes may work 19.5 hours per week. Earnings from Work-Study may affect a student’s food stamp allocation.

Student LIFE

ART Gallery
(206) 528-4557
www.northseattle.edu/services/art.htm

The Art Gallery features exhibits of regional artists in a range of media with six shows per year. It is located in IB 1322A, behind the Bookstore.

Hours: 11:00 a.m.–3:00 p.m. Weekdays
6:00 p.m.–8:00 p.m. W-Th evenings
Closed between shows.

BOOKSTORE
(206) 527-3637
www.northseattle.edu/services/bookstore.htm

The Bookstore is well-stocked with new and used textbooks, supplemental course materials, general interest books, school supplies, and sundry items. The Bookstore offers a year-round textbook buy-back service. Students save 25% when they buy used textbooks. Beginning in Fall 2010, the Bookstore will offer a textbook rental service. For further information on this rental service: http://whywaitforbooks.com.

CHILD CARE Center
(206) 527-3644
www.northseattle.edu/services/childcare/

For the children of students at North, the ASB Child Care Center provides a safe, supportive, welcoming and diverse environment that fosters student access, retention and success. The child care center is licensed by the Department of Early Learning of Washington state and participates in the City of Seattle’s Comprehensive Child Care Program. It serves children ages 18 months through five years old. Call for tours or fee information.

Hours: 7:30 a.m. to 4:00 p.m. Monday – Friday.

FOOD Services
(206) 527-3781

North provides three dining areas: the North Star Cafe, Sam n’ Chips Sandwich Bar and Espresso Lounge. Food service is available in the cafe during the academic quarter, but not during quarter breaks. Limited food service is available in the Espresso Lounge during quarter breaks.
HOUSING
(206) 527-3641 ■ nsccinfo@sccd.ctc.edu
On-campus housing is not available. However, a bulletin board lists various accommodations that are available in the local area. Call if you need housing or if you have a room or apartment available for students to rent.

SAFETY & SECURITY
(206) 527-3636
www.northseattle.edu/services/security
The well-being and safety of students are of utmost importance. The office provides notices of possible threats, provides security services and maintains a campus crime log. In the event of an on-campus crime, serious accident or injury, students should call 911 first, and then notify campus security. Contact the office for non-life threatening incidents or injuries as well. Campus pay phones are programmed for one-button, free calls to security and 911.

STAGE ONE THEATER
(206) 527-3661
Stage One Theater presents a major theatrical production each quarter. These productions offer students the opportunity to work as performers, designers, stage managers, technicians and other positions, often learning alongside professional directors and guest performers.

Student CLUBS
(206) 527-3641 ■ nsccinfo@sccd.ctc.edu
Clubs provide students with opportunities to develop leadership skills and to promote personal and intellectual growth. Participation provides experience in planning, organizing and working in teams. For information about the types of student clubs, contact the program coordinator or visit the Student Leadership and Multicultural Programs Department in the College Center building.

Student GOVERNMENT
(206) 527-3641
www.northseattle.edu/services/govt.htm
The Student Leadership Council, North’s official student government, identifies and represents the interests of the student body to the college administration. Members work collaboratively with campus staff to provide programs and services that enhance and support students’ academic success. Members receive a stipend and training and mentoring designed to strengthen their leadership skills and to provide a foundation for success.

Student INSURANCE
For information on student injury and sickness insurance, contact the Cashier’s Office at 206-527-3627.
See page 35 for information on Student Insurance.

Student ATHLETICS
(206) 527-3745 Men’s Basketball Program
(206) 527-3773 Women’s Basketball Program
www.northseattle.edu/storm
The intercollegiate men’s and women’s basketball teams, the Seattle Community College Storm, are based at North. Storm teams compete in the North Division of the Northwest Athletic Association of Community Colleges conference. Students from all three Seattle Community Colleges are eligible to play for the teams. Athletic scholarships for both men and women are granted by the coaches each year.

Student LEADERSHIP & MULTICULTURAL Programs
(206) 527-3643 ■ nsccinfo@sccd.ctc.edu
www.northseattle.edu/services/sleaders.htm.
These programs provide opportunities for students to develop leadership skills, foster intellectual and personal growth, and network and grow friendships through participating in co-curricular and leisure activities in a welcoming, supportive environment that values, celebrates and reflects diversity.
The program designs student-centered programs that complement learning, build leadership skills, shape campus policies and procedures, promote student participation, instill personal confidence, and encourage goal setting and values clarification to develop responsible citizens for a multicultural and global society.
TRANSPORTATION & PARKING
(206) 526-0060
www.northseattle.edu/services/transportation
North is served by several Metro bus routes. Carpooling, walking, busing, biking and van pooling are encouraged and incentives may be provided. Students registered for 10 or more credits are eligible to purchase a discounted ORCA transit pass issued by the college through the Cashier’s Office. ORCA passes may be used to ride Community, Everett, Kitsap, Metro, Pierce and Sound Transit. Contact the transportation coordinator in security at 526-0060 for more information.

Parking
(206) 527-3636
On-campus parking is available to those students who buy a permit. Due to space limitations, students are advised to buy a parking permit when registering. State motor vehicle laws and city traffic codes are strictly enforced. The campus speed limit is 15 m.p.h.

WELLNESS CENTER/Student Recreation
(206) 527-3631
Information Line (206) 527-3649
www.northseattle.edu/services/wellness/
The Wellness Center offers a variety of fitness activities such as yoga, Pilates, resistance training and cardiovascular training. The Wellness Center fee of $1 per credit up to 10 credits entitles students to use the facility and to participate in free, drop-in sessions.

ALUMNI Association
(206) 527-3604
www.northseattle.edu/info/alumni.htm
The Alumni Association of North Seattle Community College was established to build and sustain meaningful relationships with our former students in order to foster the success of current and future students. All students who have attended the college, even if they did not complete a certificate or degree, are considered alumni. The goals of the Alumni Association are to provide alumni recognition; encourage participation in lifelong learning; offer professional development and networking opportunities; establish volunteer opportunities, including mentorship for current students; and gather feedback to enhance college programs and services. Membership is free. Join online at www.northseattle.edu/edfund/alumni.htm.

North Seattle Community College EDUCATION FUND
(206) 527-3604 ■ nscceducationfund@sccd.ctc.edu
www.northseattle.edu/edfund/
A non-profit 501(c)(3) organization guided by a Board of Directors comprised of community and business leaders, the Education Fund works to provide support for students by providing tuition scholarships and emergency assistance (short-term loans to cover transportation, books, utilities, and other expenses); by providing professional development grants for faculty and staff; and by facilitating in-kind donations of instructional equipment. Students and North employees interested in scholarship and grant applications should contact the Education Fund office.
GENERAL EDUCATION
Definition and Rationale
See page 4.

GENERAL EDUCATION
Essential Learning Outcomes
North Seattle Community College serves a diverse student population with a wide variety of education backgrounds and goals. As a learning community, we foster and promote the following outcomes:

KNOWLEDGE
- Facts, theories, perspectives and methodologies within and across disciplines

INTELLECTUAL AND PRACTICAL SKILLS, INCLUDING
- critical thinking and problem-solving
- communication and self-expression
- quantitative reasoning
- information literacy
- technological proficiency
- collaboration: group and team work

PERSONAL AND SOCIAL RESPONSIBILITY, INCLUDING
- civic engagement: local, global, and environmental
- intercultural knowledge and competence
- ethical awareness and personal integrity
- lifelong learning and personal well-being

INTEGRATIVE AND APPLIED LEARNING
- Synthesis and application of knowledge, skills, and responsibilities to new settings and problems

ASSOCIATE OF SCIENCE DEGREE
Learning Outcomes
Students completing the Associate of Science degree should:
- Recognize the interdisciplinary nature of the sciences and use scientific inquiry to critically evaluate a proposal, claim, process or theory.
- Generate significant questions about the physical world and use the tools of science or engineering to design and conduct an experiment; draw conclusions based on a systematic collection and analysis of qualitative and quantitative data.
- Recognize and interpret the meaning of quantitative and mathematical symbols and apply appropriate logic, tools and processes to make meaningful decisions and solve problems. Utilize multiple representations, including graphical, symbolic, numerical and narrative, to analyze and solve problems.
- Obtain, comprehend, analyze, evaluate, internalize and act upon knowledge in order to understand and communicate complex scientific systems and reasoning.
- Use appropriate documentation to exchange spoken, written and visual information in order to communicate effectively and to participate as an effective team member within the scientific community and other appropriate settings.
- Apply scientific or technical knowledge and practice to a variety of disciplines in order to understand issues, solve problems and engage in responsible practices.
- Apply modes of inquiry from the social sciences to issues and problems found in individuals’ lives and work, in their local, national and global communities, and to find effective and ethical solutions to society’s problems and challenges.
- Explore, interpret and represent human experience through the arts.
ACADEMIC PROGRAMS
(206) 527-7306

North Seattle Community College offers a full range of college transfer courses that apply toward a four-year program of study. In addition to the Associate of Arts (A.A.) and Associate of Science (A.S.) degrees, North also offers an Associate in Business (A.B.) degree, and Associate of Fine Arts (A.F.A.) degrees in Art and Music.

For detailed information on the A.A. degree, see pages 7–10.

Students are encouraged to complete a two-year degree program for greater ease of transfer to a four-year institution, but can take individual classes for transfer. It is strongly recommended that students confer with an academic advisor to ensure course transferability.

Students planning to earn an A.A., A.F.A., A.B. or A.S. degree must meet minimum standards of preparation. Those whose records and test scores indicate a need for additional preparation may be required to complete preliminary work in the college preparatory program.

College transfer courses are offered in several disciplines, including:

- American Ethnic Studies
- Anthropology
- Art
- Astronomy
- Biology
- Botany
- Business
- Chemistry
- Communications
- Computer Science
- Earth Science
- Economics
- Engineering
- English
- Environmental Science
- Gender Studies
- Geography
- Geology
- Global Studies
- Health
- History
- Humanities
- International Studies
- Languages & Literature
- Mathematics
- Meteorology
- Music
- Nanotechnology
- Nutrition
- Oceanography
- Philosophy
- Physics
- Political Science
- Science
- Service Learning
- Social Science
- Sociology
- Sustainability
- Undergraduate Research
- Theater
- Women Studies

ASSOCIATE OF ARTS DEGREE (A.A.)
The Associate of Arts (A.A.) Degree is a 90-credit transfer degree that fulfills the general education requirements for most four-year degrees in arts and sciences. To earn the A.A. degree, students must achieve a cumulative grade point average (GPA) of 2.0 or better in courses numbered 100 and above, complete at least 15 credits at the Seattle Community College (Central, North or South) awarding the degree and meet all of the degree requirements. Students should contact an advisor to develop their individual programs of study.

See pages 8–9 for college transfer course requirements for A.A. or A.S. degree.

ASSOCIATE OF SCIENCE DEGREE (A.S.)
Direct Transfer Agreement
The Associate of Science (A.S.) is also intended to be a transfer degree. However, there are certain major areas of study in which the student may not be able to take all the courses necessary to transfer with junior standing. Please contact an advisor for more information on this degree program.

A.S. degree requirements include satisfactory completion of at least 90 approved credits with a 2.0 cumulative GPA. At least 15 college level credits must be earned at the Seattle Community College awarding the degree.

Two different study options are offered:

1. biological sciences, environmental/resources sciences, chemistry, geology and earth sciences
2. engineering, computer science, physics and atmospheric science.

Course requirements and GPAs vary from one transfer university to another. Contact an advisor.
ASSOCIATE IN BUSINESS (A.B.)

Direct Transfer Agreement

Students who complete the A.B. can fulfill many of the general education and business major prerequisites required for many Washington state public four-year college and university business programs.

NOTE: New students must complete the degree requirements outlined here. Returning students may choose to fulfill requirements in effect through Spring 2009. Students who choose this option will have through Spring Quarter 2014 to complete their degree.

Associate in Business Requirements

This degree shall be granted only to students who have completed 90 college level credits with a minimum cumulative 2.0 GPA.

NOTE: While many Washington state universities accept transfer of this degree, each has individual requirements and/or acceptable course substitutions needed for their specific programs. Also, admission to many business schools is competitive and higher grades are often required. It is essential to learn the requirements of your transfer school and to consult Advising.

GENERAL EDUCATION REQUIREMENTS

Communication Skills
ENGL& 101 English Composition I .................. 5
ENGL& 102 Composition II .......................... 5

Quantitative/Symbolic Reasoning Skills/Intermediate Algebra Proficiency
MATH 116 Applications of Math to Management, Life & Social Sciences ................. 5

Visual, Literary, and Performing Arts
Choose from a minimum of two different prefixes* .................... 15

Individuals, Cultures, and Societies
ECON& 201 Micro Economics ..................... 5
ECON& 202 Macro Economics .................. 5
Non-ECON& prefix course .......................... 5

The Natural World
MATH& 148 Elements of Calculus .................. 5
Physical, biological, and/or earth sciences ................. 10
(at least one 5-credit laboratory course must be included)

BUSINESS REQUIREMENTS

ACCT& 201 Principles of Accounting I .................. 5
ACCT& 202 Principles of Accounting II .................. 5
ACCT& 203 Principles of Accounting III ................. 5
BUS 200 Law & Society ..................... 5
-OR-
POLS& 200 Intro to Law .......................... 5
-OR-
BUS& 201 Business Law ..................... 5

TOTAL CREDITS 90

* One U.S. Cultures class. See advisor for other electives.

Special Opportunities for UPPER DIVISION COURSES

EASTERN WASHINGTON UNIVERSITY AT NORTH SEATTLE COMMUNITY COLLEGE
(509) 359-6254 (EWU Dept of Engineering & Design)
www.ewu.edu/x64235.xml

EWU and North offer an ABET-accredited Bachelor of Science degree in Electrical Engineering on the North campus. Coursework is taught by faculty members from both schools through a series of distance education and regular classroom courses that include hands-on laboratories. To qualify, students must apply directly to EWU.

WASHINGTON STATE UNIVERSITY ONLINE
(206) 527-3658 North Advising

North and Washington State University (WSU) Online offer co-admission to North students who have earned an associate’s degree within 16 consecutive quarters and meet the minimum cumulative GPA. WSU Online offers a number of degrees that are earned completely through online classes.

WESTERN WASHINGTON UNIVERSITY AT NORTH SEATTLE COMMUNITY COLLEGE
(206) 527-3719 www.wce.wwu.edu/Depts/TEOP/Seattle/Index.shtml/

Western Washington University’s Teacher Education Outreach Program offers the following evening programs at North Seattle Community College: Elementary Teacher Education, B.A.E., with Special Education major and Elementary Teacher Certification; Secondary Teacher Education, M.I.T. and Secondary Teacher Certification.
Degrees & Certificates in FINE ARTS

Arts, Humanities and ABE Division
(206) 527-3709

A Certificate of Fine Arts is offered in Art, Jewelry Design and Drama, and an Associate of Fine Arts degree is offered in Art and Music. Students must complete at least 15 college transfer level credits (numbered 100 or above) with a GPA 2.0 or better at North.

Certificate of Fine Arts in Art
Candidates for the Certificate of Fine Arts (C.F.A.) in the field of Art must complete a minimum of 85 credits in college transfer-level courses with a GPA of 2.0 or better. At least 15 of these credits must be taken at North. The C.F.A. certifies completion of approved work and is suitable for art professionals, but it is not a transfer or workforce certificate. Please see the Associate of Fine Arts degree for transfer information.

Art students are required to be advised by a full-time art faculty member. Some art courses are offered only once a year, so consultation is critical. Any course substitutions require approval. Faculty recommends two studio courses per quarter as maximum. Although it may be possible to complete the C.F.A. in two years, more time is encouraged to better assimilate skills and allow for more flexible scheduling. Students must submit a portfolio of at least eight pieces during their final quarter for final approval by faculty, in order to be granted the C.F.A..

Most General Education requirements are met by art course content (communication by ART 251, 252, 253; human relations by ART 290); however, students must take a 5-credit computation course.

REQUIRED ART COURSES
ART & 101 Design ........................................ 5
ART 102 3-D Design ...................................... 5
ART 111 Drawing ........................................... 5
ART 112 Figure Drawing .................................. 5
ART 113 Figure Drawing .................................. 5
ART 251, 252, 253 Art History (5 ea.) ............... 15
ART 290 The Art Business ................................ 5
Approved ART ELECTIVES (either group)* .......... 4-5
Approved ART Electives – Group 1* ................. 15
Approved ART Electives – Group 2** ............... 12-15

GENERAL EDUCATION REQUIREMENT
Computation Course ....................................... 5
Select from MATH& 107 or higher, BUS 116 or ACCT 110 or higher.

TOTAL CREDITS 81-85

*APPROVED ART ELECTIVES
Approved Art Electives must be taken in sequence; however, completion of a sequence is not required.

**Group 1: 2-Dimensional Art
ART 110 Visualizing Science & Technology ........ 5
ART 114, 115 Digital Photography .................. 5 ea.
ART 121, 122, 123 Printmaking ....................... 5 ea.
ART 201, 203 Painting .................................. 5 ea.
ART 205, 206, 207 Watercolor ....................... 5 ea.
ART 210, 214 Computer Art .......................... 5 ea.

**Group 2: 3-Dimensional Art
ART 211, 212, 213 Sculpture ........................ 5 ea.
ART 221, 222, 223 Ceramics ......................... 5 ea.
ART 281, 282, 283 Jewelry Design .................. 5 ea.
ART 285 Metal Techniques for Small-Scale Sculpture .... 5

Associate of Fine Arts Degree in Art (A.F.A.)
Candidates for the Associate of Fine Arts in Art must complete a minimum of 100 college transfer-level course credits with a GPA of 2.0 or higher. At least 15 credits must be earned at North.

The A.F.A. degree does not currently transfer with the same transfer rights to area colleges as the A.A. degree. However, it is accepted by The Evergreen State College and some other colleges. Students seeking a Bachelor of Arts or Bachelor of Fine Arts degree should consult North’s A.A. degree requirements, their art advisor, and the university to which they intend to transfer about equivalency requirements.

All A.F.A. students in art must have an art advisor to plan their program. All studio art courses must be taken in sequence. Not all courses are offered each quarter. Substitutions require approval.

Along with the art course requirements, the A.F.A. in Art has General Education requirements. During the final quarter students must submit a portfolio of at least eight pieces for evaluation.

REQUIRED ART COURSES
ART 101 Design ........................................... 5
ART 102 3-D Design ...................................... 5
ART 111 Drawing ........................................... 5
ART 112 Figure Drawing .................................. 5
ART 113 Figure Drawing .................................. 5
ART 251, 252, 253 Art History (5 ea.) ............... 15
ART 290 The Art Business ................................ 5
Approved ART ELECTIVES* .................................. 20-25

GENERAL EDUCATION REQUIREMENTS
ENGL& 101, 102 Composition (5 ea.) ............... 10
Computation .............................................. 5
Select from MATH& 107 or higher, BUS 116, BUS 152 or ACCT 110 or higher.
Visual, Literary & Performing Arts (non-Art) .......... 5
Individuals, Cultures & Societies .......................... 5
The Natural World ........................................ 5

TOTAL CREDITS 95-100
*APPROVED ART ELECTIVES

Approved Art Electives must be taken in sequence; however, completion of a sequence is not required.

**Group 1: 2-Dimensional Art**
- ART 110 Visualizing Science & Technology ......................... 5
- ART 114, 115 Digital Photography ................................. 5 ea.
- ART 121, 122, 123 Printmaking ................................. 5 ea.

- ART 205, 206, 207 Watercolor .................................... 5 ea.
- ART 210, 214 Computer Art ........................................ 5 ea.

**Group 2: 3-Dimensional Art**
- ART 211, 212, 213 Sculpture ...................................... 5 ea.
- ART 221, 222, 223 Ceramics ....................................... 5 ea.
- ART 281, 282, 283 Jewelry Design .................................. 5 ea.
- ART 285 Metal Techniques for Small-Scale Sculpture . . . . 5

**Certificate in Jewelry Design (C.J.D.)**
Candidates for the Certificate in Jewelry Design must complete 60 credits in college transfer-level courses with a 2.5 or better. The required jewelry design classes (25 credits) must be taken at North. Upon completion of the required courses, a student must exhibit at an approved venue a solid body of work expressing their mastery of materials. Final approval and recommendation to award the C.J.D. rests with the art faculty.

The Certificate in Jewelry Design certifies completion of approved work, and is suitable for students currently working in art, but it is not a transfer or workforce certificate. Students seeking a B.A. or B.F.A. should consult North Associate of Arts degree requirements and the graduation requirements of the university to which they intend to transfer.

All C.J.D. art students must plan their program with an art advisor. Some of the art courses are offered only once a year, so consultation is critical. This certificate is a four-quarter program that can be completed in the following Summer Quarter. Substitution may be made only with the approval of the art advisor and the Dean of Arts, Humanities & ABE.

Most General Education requirements for this certificate are met by course content in various art courses:
- Communications by ART 251, 252, 253; Human Relations by CMST 210 or CMN 125 or CMST 230 or 165; however, students must take a 5-credit computation course (ACCT 110 or above).

**REQUIRED JEWELRY DESIGN COURSES**
- ART 281 Jewelry Design I ........................................... 5
- ART 282 Jewelry Design II ......................................... 5
- ART 283 Intro to Alloying & Casting ............................. 5
- ART 284 Bench Techniques & Practices .......................... 5
- ART 285 Metal Techniques for Small Scale Sculpture . . . . 5

**REQUIRED ART COURSES**
- ART 251, 252, 253 Art History ................................. 5
- ART 101 Design .................................................. 5
- ART 111 Drawing .................................................. 5
- ART 210 Computer Art ........................................... 5
- ART 290 The Art Business ........................................ 5

**GENERAL EDUCATION REQUIREMENTS**
- Communication .......................................................... 5
  - Met by ART 251, 252, 253 above
- Human Relations ....................................................... 5
  - Select from CMST 210 or 230
- Computation ............................................................. 5
  - Select ACCT 110 or above

**TOTAL CREDITS** 60

**Certificate in Fine Arts (C.F.A.) in Acting**
Candidates for the Certificate in Fine Arts in Acting must have successfully completed 90 credits in college transfer-level courses with a GPA of 2.0 or better. At least 30 credits must be earned at North and the final quarter of enrollment must be at NSCC.

The Certificate in Fine Arts: Acting is not a transfer program, so students seeking a B.A. or B.F.A. in Drama should consult the degree requirements for the Associate of Arts degree at North and the graduation requirements for the university at which they intend to enroll. C.F.A. students in drama must have a drama advisor so that they can plan their two-year program. Students who wish to receive this certificate must submit a portfolio of work and/or a special performance during their final quarter for evaluation by the drama faculty. The specific courses are to be planned with the drama advisor who will also review and recommend final certification. Substitutions may be made only with the approval of the drama advisor and Humanities Associate Dean.

General Education requirements of 5 credits each are met by communication, computation and human relations courses.

**REQUIRED DRAMA COURSES**
- DRMA 121 Beginning Acting ........................................ 5
- DRMA & 101 Intro to Theatre ....................................... 5
- DRMA 122, 123 Intermediate Acting (5 ea.) ..................... 10
- DRMA 221, 222, 223 Advanced Acting (5 ea.) ............... 15
- DRMA 298 Portfolio or Public Performance .................. 5

**DRAMA-RELATED ELECTIVES** 20-25
- Select 20 credits from the Drama-related list below.

**TECHNICAL THEATER ELECTIVES** 15
- Select 15 credits from Technical Theater list below.

**GENERAL EDUCATION REQUIREMENTS**
- All General Education credits should be completed by 4th quarter.
  - Communication ....................................................... 5
    - Select from CMST & 101, 220, 230 (5 ea.)
## Programs of Study

### 2010-2012 CATALOG

**SEATTLE COMMUNITY COLLEGES**

#### Computation
- Select from MATH & 107, BUS 116 or ACCT 110 (5 ea.) or MATH 110 (3 credits)

#### Human Relations
- Select from PSYC 245, SOC 102 or PSYC & 100 (5 ea.)

**TOTAL CREDITS 90**

### DRAMA-RELATED ELECTIVES

Choose 20 credits from:

- **ART & 100** ........................................... 5
- **ART** 251, 252, 253 ............................... 5 ea.
- **DRMA** 116 .......................................... 4
- **DRMA** 108, 109, 110, 200, 201, 202, 271, 272, 273, 291, 292, 293, 298 ................ variable 2-5
- **ENGL & 112, 224, 225, 226, 227, 228, 244, 245, 246** ... 5 ea.
- **ENGL** 258 ........................................... 5
- **HUM** 104, 110, 200 ............................... 5 ea.

- **MUSC** 140 ........................................... variable 1-5

### TECHNICAL THEATER ELECTIVES

To be taken for 2-5 credits each, in at least 3 different quarters. Students should confirm their credit needs before enrolling.

- **DRMA 211, 224, 231, 241, 251, 261** variable 2-5

### Associate of Fine Arts in Music (A.F.A. Degree)

Candidates for the Associate of Fine Arts in Music must complete at least 92 credits in college transfer-level courses with a GPA of 2.0 or higher. At least 15 credits must be earned at North.

The A.F.A. in Music is a degree that not only allows music majors to obtain required transfer courses, but also rewards successful students for their work at North. The A.F.A. is not universally recognized as a transfer degree like the A.A. degree, but all courses are currently transferable. Students seeking a Bachelor of Arts degree with a music major should consult both the Seattle Community Colleges A.A. degree requirements and those of the university to which they intend to transfer. All A.F.A. in Music candidates must have a music advisor. During the final quarter students must present a special performance/project/recital for evaluation by the music faculty.

### ADULT BASIC EDUCATION

**(206) 527-7303**

Adult Basic Education (ABE) provides instruction for those who want to improve basic English and math skills or earn a GED in order to get better jobs, continue their education, and improve their lives.

Students must attend an orientation session and meet with the adult education advisor to enroll and to receive details. See course descriptions under Adult Basic Education for details and call the office for fees.

To take ABE classes, a student must be a U.S. citizen, have permanent resident status, or have a green card. Students with different visa status, for example B2, F2 or J2, should visit the Office of International Students Programs in room CC 2357 or call (206) 527-3672.

Each of the programs in this area is designed to meet a particular set of student needs.

*See page 12 for further information.*
Many students entering college or returning after some time need additional work to prepare for college courses. The Seattle Community Colleges offer a series of courses in English, mathematics and human development. Placement is determined by performance on entrance tests required for admission to the specific college program. Courses in this category are those numbered below 100. Look in the course description sections for English, mathematics and human development.

**ENGLISH AS A SECOND LANGUAGE**
(206) 527-7303

English as a Second Language classes are offered to help non-English speaking persons understand, speak, read and write English in order to carry out daily personal activities; to get, keep or advance in a job; continue their educational goals; or increase their understanding of American culture.

Classes are designed for pre-literate to high-intermediate levels. For a student to be eligible for ESL classes, he or she must be a U.S. citizen, have permanent resident status, or be a refugee or immigrant. Emphasis is on improving skills for listening, speaking, reading and writing. See course descriptions under English as a Second Language for details. Contact the ESL advisor or Testing Office for placement test information and fees. Contact the ESL advisor or the Admissions/Registration Office to begin classes.

*International students take ESL courses through International Programs.*

**CONTINUING EDUCATION CLASSES**
(206) 527-3705
www.learnatnorth.org

Continuing Education classes are mostly non-credit and non-graded. Believing that learning is a life-long process of discovery and adventure, North’s Continuing Education program provides non-credit courses to adults who wish to update or learn a new skill or explore a new interest. Students can select from more than 200 classes in the following areas: computers, art and crafts, dance, music and drama, writing, fitness and sports, business, cooking, wine and foreign language. Discover all that Continuing Education has to offer on our website.

**CUSTOMIZED BUSINESS TRAINING**
(206) 527-3706

Customized training allows a company to respond to the need to upgrade and expand the technical and professional skills of its employees. Classes are provided at the company’s site or at one of our convenient locations.

**DISTANCE EDUCATION/eLEARNING**
(206) 527-3738
www.virtualcollege.org

North offers many credit courses that do not require any campus visits. Online classes are designed so students can keep in close contact with their instructors using virtual bulletin boards, discussion rooms and/or email. Hybrid courses blend on-campus and “virtual” classroom instruction, saving travel time and expense. Student/teacher ratios in these classes are the same as classes held on campus. All distance education classes transfer the same as on-campus credit classes. Students can earn an A.A. degree completely online or with many fewer campus visits.

*See pages 18–20 for complete information on all eLearning options.*
North offers several options for high school students who would like to begin college classes during high school, and other options for those who have not completed high school.

HIGH SCHOOL/COLLEGE LINKS

Running Start  
(206) 527-3682  
www.runstart.northseattle.edu
The Running Start program gives academically motivated high school students who are at the 11th- or 12th-grade level, and whose test scores place them in college-level coursework, the opportunity to take college-level courses for high school and college credit at the same time.  
See page 21 for more detail.

TechPrep  
(206) 903-3222
Students earn college credit while in high school and start their careers in fields such as accounting, business communications, Cisco programs, computer applications, information technology, marketing, medical assisting, drafting and many others. High school courses counted as college credit allow students to earn an Associate of Applied Science degree or industry-specific certificate faster. Tech Prep is tuition-free.  
See page 21 for more detail.

Upward Bound  
(206) 527-3691  
http://webshares.northseattle.edu/upwardbound/  
Upward Bound, a program funded by the Department of Education, provides high school students with services that support better academic performance during high school and prepares them for college admissions. The program serves potential first generation college students and students from low-income households from three area high schools: Franklin, Roosevelt and Indian Heritage Middle College.  
Upward Bound offers support to its program participants throughout the year. Academic year services include after-school sessions, tutoring, academic advising, college preparation, field trips and cultural events. In the summer, students gather on the North campus for seven weeks of academic classes and activities to simulate the experience of college.  
See page 22 for more detail.

GED PREPARATION

Arts, Humanities & Adult Basic Education Division  
(206) 527-7303
The General Educational Development (GED) is a certificate of successful completion of the five-part GED test (reading, writing, social studies, science, and math). It is an equivalent of a high school education and is usually accepted in place of a diploma. The GED Preparation program prepares adult students 18 and older to take the exams. Students review reading, math, grammar, writing, and test-taking. These classes stress math for practical problem-solving, English usage, and reading comprehension and test-taking skills.  
PREREQUISITE: Placement by orientation coordinator or instructor permission.
GED 050 GED Test Preparation
GED 051 GED Math
GED 060 Advanced GED Preparation
GED 061 Advanced GED Math
See page 22 for additional information.

HIGH SCHOOL COMPLETION

Arts, Humanities & Adult Basic Education Division  
(206) 527-7303  
www.northseattle.edu/programs/prep/highschl.htm
High School Completion offers students 19 years of age and older who have not completed work for a high school diploma, the opportunity to earn a diploma by taking specific courses at North and the other Seattle Community Colleges for high school credit. Students still need to pass the High School Proficiency Exam (HSPE), complete a culminating project and create a “High School and Beyond” plan for graduation.  
See page 23 for details on two options for high school completion.
North Seattle Community College serves over 600 students from 50 countries who study in North’s Intensive English Program, career training or college transfer programs. Many are also active in campus activities and organizations. New students must take either the ESL Placement Test or the COMPASS (college level) Test before starting school. Students who take the TOEFL test must have scores sent directly to North.

A three-day orientation program prepares students to begin a successful academic experience. The International Programs office is dedicated to helping students succeed in their studies and adjust to life in Seattle, offering assistance with admissions, academic and immigration advising, scholarships and housing.

Students study at different levels based on their English proficiency. Quarterly classes develop skills in conversation, listening, reading, writing, grammar, study skills, note-taking, vocabulary and American culture.

Advanced students may take regular college classes. Upon successful completion of the Intensive English Program (IEP) or testing into college-level English, students may enter one of the college’s academic or technical programs.

See pages 24–25 for more information.

TRAVEL/STUDY ABROAD

(206) 527-3672

Students interested in Study Abroad should contact the International Programs Office to learn about programs and scholarship opportunities.

Also see page 25 for information on district-wide Travel/Study Abroad courses.

WORKER RETRAINING Program

(206) 527-3787
www.northseattle.edu/wrp

Worker retraining at North Seattle Community College is a package of services, opportunities, and specialized instructional programs to help you return to work as soon as possible. A person may be eligible for Worker Retraining Assistance, if he or she:

- Is unemployed and is collecting Washington State Unemployment Benefits
- Has exhausted unemployment benefits in the past two years
- Has been working in the home, experiences a significant loss of income and needs to re-enter the work force
- Has received a WARN letter
- Has closed a business due to economic downturns
- Working in a not-in-demand job
- Has lost a job because of a disaster
- Is a recently separated veteran

Worker Retraining benefits include:

- Priority Registration
- Tuition Assistance (subject to income eligibility)
- Career Planning Services
- Internships and Job Placement Assistance
- High wage, high demand training programs
- Tutoring assistance
- Employment Security staff on campus
- Assistance with TAA and NAFTA paperwork
- Liaison to other agencies, programs and funding

See page 26 for additional information.
North Seattle Community College offers degrees and certificates in more than 40 workforce education areas. The programs vary in length from one to seven quarters and are designed to prepare students for careers and/or to expand skills in their career area. Several professional-technical programs offer short-term training certificates. Students may build skills and add certificates over time to progress in their fields. Contact the program office for information on short-term certificates. North Seattle Community College, including these programs, is accredited by the Northwest Commission of Colleges and Universities.

**ACCOUNTING**

Business, Engineering & Information Technologies Division  
(206) 527-3730

The Accounting program provides in-depth study in the field of accounting and advanced accounting studies for those preparing to take professional examinations. It leads to an accounting certificate or associate’s degree and prepares graduates for employment in the industry. It is recommended that three-quarter accounting sequences (e.g., 201, 202, 203) be completed at the same campus.

**Accounting**

This two-year program prepares students for immediate accounting and future supervisory positions. The program includes accounting and business skills as well as college transfer and supporting courses designed to strengthen the students’ self-assurance and leadership qualities.

Computerized Accounting Technology
This certificate is a four-quarter program that provides computerized accounting skills using popular accounting software. The program bridges the gap between manual and computerized accounting systems with students gaining practical experience and expertise with basic and mid-range accounting systems. Graduates gain viable entry and/or advancement in the accounting job market with large and small organizations.

ALLIED HEALTH SCIENCES
Health & Human Services Division
(206) 527-3790
www.northseattle.edu/health/aas
North Seattle Community College offers an Associate of Applied Science (A.A.S.) degree in Allied Health Sciences for graduates of certificate programs in Medical Assisting, Practical Nursing, and Pharmacy Technician (listed in this program section).

Associate of Applied Science Degree (A.A.S.)
DEGREE CRITERIA INCLUDE:
1. A North health occupation certificate with a minimum of 45 technical credits specific to that occupation. Graduates from similar programs at other Washington community colleges or accredited vocational-technical schools may also be candidates.
2. Completion of specific technical courses, related General Education or related instruction.
3. Completion of 90 credit hours.
4. An overall GPA of 2.0. Other requirements may be established by faculty or administrative policies.

PROGRAM REQUIREMENTS FOR MEDICAL ASSISTING, PHARMACY TECHNICIAN & PRACTICAL NURSING:

a. 45 (minimum) - 60 (maximum) vocational-technical credits.

b. Minimum of 25 credits in General Education or related instruction courses: Communication (5); Computation/Quantitative Reasoning (5); Human Relations (5); and 10 credits from the list of approved courses for the A.A. degree, which must include 5 credits from Multicultural, U.S. Cultures or Global Studies.

c. Up to 20 elective credits may be taken as necessary to complete the 90 credits required for the degree.

ANESTHESIA TECHNICAL SERVICES
Health and Human Services Division
(206) 527-3790
www.northseattle/health/anesthesia-tech
This program helps prepare incumbent anesthesia support staff for national certification through the American Society of Anesthesia Technologists and Technicians (ASATT). A minimum of 19 credits with a 2.5 grade or above in all classes is required to earn the certificate. As of January 2010, courses are only available online. The courses do not need to be taken in sequence unless applying for the certificate.
PREREQUISITES

1. Existing health care professional with certification, equivalent to an LPN, Certified Medical Assistant or NREMT-P (Paramedic), 15 months (2600 hours) of experience in anesthesia support and program advisor permission.
   -OR-
   15 months (2600 hours) experience as an Anesthesia Technician or equivalent and program advisor permission
   -OR-
   Program advisor permission based on a review of previous documented experience, training and education.

3. Math: COMPASS placement test into MATH 098 within 2 years of application date, or college transcript showing successful completion of MATH 097 or equivalent within the past 5 years.

4. English: COMPASS placement into ENGL& 101 within 2 years of application date, or college transcript showing successful completion of ENGL 097/098 or equivalent within the past 5 years.

BUSINESS

Business, Engineering & Information Technologies Division
(206) 527-3730

The Business programs prepare students for the workplace demands of the local community and the economic challenges of the global marketplace. Day and evening programs offer a number of college transfer business courses, information technology and highly technical courses. Areas of specialization include management, professional office support, customer service, e-business, information technology support, international business and trade, along with development of interpersonal skills.

DRAFTING—ARCHITECTURAL ENGINEERING DRAFTING

Business, Engineering & Information Technologies Division
(206) 527-3730

This program prepares students for a variety of entry-level jobs in engineering, construction firms, and public agencies in the construction and design industry. Students learn basics of conventional hand drafting, CAD and Building Information Modeling (BIM), basic applied mechanics, cost estimating, shop drawing preparation, and construction materials and processes. The two-year sequence leads to an Associate of Applied Science degree. A one-year certificate is also offered.

### EARLY CHILDHOOD EDUCATION

Health & Human Services Division  
(206) 527-3783

North offers two certificates and an Associate of Applied Science degree in early childhood education. The A.A.S. degree is a two-year teacher preparation program focusing on the educational and developmental needs of children from birth to 8 years old. Career opportunities include positions as a childcare teacher, preschool teacher or nanny.

ELECTRONICS

Business, Engineering & Information Technologies Division
(206) 527-3730

Electronics and associated technologies at North prepare students for careers in this diverse and expanding field. Ongoing changes in the electronics technology programs reflect changing community and industry needs. Instruction emphasizes a hands-on approach, the use of sophisticated test equipment unique to each discipline, and a solid base of pertinent information. These programs provide high-skill learning opportunities, including professional certification and Associate of Applied Science degree options.

* Students interested in Electronics Technology should contact the program advisor at (206) 528-4588 or the Advising Center at (206) 527-3658 before enrolling. Courses and programs are transferable to certain four-year institutions.
Broadband Cable
This certificate program prepares students for entry-level positions in the broadband cable TV industry.

ELECTRONICS ENGINEERING TECHNOLOGY

Business, Engineering & Information Technologies Division (206) 527-3730

This two-year program of study, designed as a “plus two” or transfer program, prepares students for advanced technical training. Many graduates transfer into the Bachelor of Science degree program in electronics engineering technology at a four-year institution such as Western Washington University, Central Washington University, or Eastern Washington University. The course work provides an excellent foundation in applied engineering for those who wish to enter the workplace upon completion.

NOTE: Because of the complexity regarding course sequence and prerequisites, students should seek advanced planning assistance with an advisor.

## ELECTRONICS TECHNOLOGY

**Business, Engineering & Information Technologies Division**  
(206) 527-3730

This program provides opportunities for students interested in the operation, maintenance and repair of a wide array of electronics equipment, creating a broad foundation in electronics training. Instruction emphasizes a hands-on approach, use of sophisticated test equipment, and a solid base of information concerning computer hardware and software for technical applications. This program offers job training directed toward immediate employment and future advancement with companies specializing in manufacturing or servicing all types of electronic equipment.

## EMERGENCY MEDICAL TECHNICIAN (EMT)

**Health & Human Services Division**  
(206) 527-3790  
www.northseattle.edu/health/emt/

The Department of Social and Health Services specifies the Emergency Medical Technician (EMT) knowledge and skills required to qualify as an EMT. In addition, a number of policies have been adopted by the faculty and administration at North Seattle Community College to fulfill the needs of the program’s graduates and employers and to maintain accreditation with the Office of Emergency Medical Services for King County and the State Office of Emergency Medical Services, Washington State Department of Health in Olympia.
Students need to contact the Health and Human Services Division office to obtain specific requirements for enrollment in this course. A written first aid entrance exam is required.

### HVAC SERVICE

**Business, Engineering & Information Technologies Division (206) 527-3730**

The HVAC program, in partnership with HVAC Learning Systems and Lennox, provides system training in heating, ventilation, air-conditioning and refrigeration. The only one of its kind in the country available at a two-year college, North’s HVAC program tailors skills to employer needs and can help students get an internship or entry-level job with career potential.

**PREREQUISITES**

### INDUSTRIAL POWER & CONTROL TECHNOLOGY

**See Sustainable & Conventional Energy & Control Technology on page 121.**

### INFORMATION TECHNOLOGIES

**Business, Engineering & Information Technologies Division (206) 527-3730**

**Network Infrastructure & Security Support Specialist**

The Information Technology program offers both a certificate and an Associate of Applied Science Degree in Information Technology (A.A.S.-T.). Satisfactory completion of the Network Infrastructure & Security Support Specialist program qualifies a student for the A.A.S.-T. The program trains entry-level network and infrastructure support technicians and administrators in specific computer networking skills and general troubleshooting of hardware and software related problems. Please see a college advisor about taking any courses other than those that have been identified.

Graduates of the Network Infrastructure & Security Support program find jobs as Network Technician, Assistant Network Administrator, PC Technician, Workstation Support Technician, Technical Support Technician or Computer Systems Technician.

**INTERNSHIPS**

Business, Engineering and Information Technology
(206) 527-3730

Internships provide opportunities to earn college credit while gaining practical, “hands on” work experience in their field of study. The Internship Program consists of CWE 101 “Portfolios, Job Search and Interviewing” and CWE 110 “Internships.” CWE 101 is a 2-credit course designed to assist students in developing an internship, and CWE 110 provides 3 credits for the actual internship itself. For more information regarding the Internship program at North, please contact the Internship Office directly.
MEDICAL ASSISTING
Health & Human Services Division
(206) 527-3790
www.northseattle.edu/health/medasst/

The Medical Assisting program is accredited by the Commission on Accreditation of Allied Health Education Programs (CAAHEP), 1361 Park St., Clearwater, FL 33756), on recommendation of the Curriculum Review Board of the American Association of Medical Assistants’ Endowment (AAMAE). Graduates of this program are also eligible for the Washington State Health Care Assistant (HCA) certificate at levels A, C and E, obtainable through an employer. State certification does NOT constitute a “certified” medical assistant. The CMA credential is obtained through a national exam (see the program advisor for details).

The Medical Assisting options are all open-entry/open-exit, self-paced, variable-length. Each program option combines traditional instruction with computer- and text-assisted and individualized learning appropriate to student needs. Students must practice hands-on procedures, take exams and complete competency check-offs in the classroom with an instructor. Instructors, classrooms and equipment are available during scheduled hours. Students are encouraged to establish a regular schedule each quarter to foster successful completion of as much work as possible at the college where instructional assistance is available.

Students will have additional expenses other than the fees charged by the college. A separate list is available at the division office or from an advisor.

PREREQUISITES FOR MEDICAL ASSISTING AND ALL MEDICAL ASSISTING PROGRAM OPTIONS
Courses must be taken within the last 10 years or the COMPASS test is required. Contact the Testing Center.

General: A high school diploma or GED or 18 years of age. Certain TechPrep agreements can be accepted (see MA program advisor). Applicant should have oral English skills sufficient to communicate accurately with others in the program advisor). Applicant should have oral English skills in Healthcare. Program advisors.

**Clinical Lab Assisting**

An option of the Medical Assisting program, this program is intended to prepare the student for clinical laboratory entry-level positions such as phlebotomist or clinical lab assistant. Students study basic anatomy and physiology, medical terminology and pathology, lab safety, regulations/legal requirements, specimen collection and preparation, phlebotomy, various ‘CLIA-waived’ tests and 7 hours of HIV/AIDS. Students perform phlebotomy and lab testing procedures in the classroom. This is an open-entry/open-exit, self-paced, variable-length program. See page 109 for explanation.

Students will have additional expenses other then the fees charged by the college. A separate list is available at the division office or from an advisor.

**Medical Transcription**

An option of the Medical Assisting program, this program is intended to provide more in-depth training in transcription for current medical professionals who want to enhance their qualifications. Students with no medical training may complete the program and acquire entry-level medical transcription skills. Students will study basic anatomy and physiology, medical terminology and common pathology, as well as communication skills. This is an open-entry/open-exit, self-paced, variable-length program. See page 109 for explanation.

Students will have additional expenses other than the fees charged by the college. A separate list is available at the division office or from an advisor.

### Medical Office Administration

An option of the Medical Assisting program, this program is intended to prepare the student for work in the administrative, clerical and management areas of an ambulatory care setting. It covers anatomy and physiology, terminology, pathology, safety, communication, professionalism and job search skills to enhance understanding in the clinic/office. No hands-on patient care tasks or procedures are included. This is an open-entry/open-exit, self-paced, variable-length program. See page 109 for explanation.

Students will have additional expenses other than the fees charged by the college. A separate list is available at the division office or from an advisor.

- **AMA 109** Pharmacology ........................................ 1
**NANOTECHNOLOGY**  
Math, Science & Social Science Division  
(206) 527-3746

The nanotechnology degree prepares graduates for entry-level technician positions in the nano/micro-fabrication industry and related manufacturing industries. Nano or micro-technology is the basis for the manufacturing of a wide range of technology products such as computer chips, flat panel displays, solar power arrays, robotics, industrial parts, biological implants, DNA monitoring, medical and pharmaceutical equipment. This cross-disciplinary program combines elements of materials science, chemistry, biology, physics, electronics and engineering. Students learn clean room procedures and maintenance of nano/micro fabrication and characterization equipment. Graduates may enter a wide range of materials-based industries.

**Certificate**

This one-year certificate prepares people with work or academic experience in micro-electronics, biotechnology, optics or similar technical field to learn nanoscience and become proficient in nanotechnological protocols.

**Prerequisites:**

One year of college-level chemistry and two quarters of college-level physics, with a 2.0 or higher.

NURSING, PRACTICAL (LPN)
Health & Human Services Division
(206) 527-3790
www.northseattle.edu/health/pracnurs/
Candidates for the Practical Nursing certificate must meet specific course requirements established by the Washington State Board for Practical Nurse Examiners. The four-quarter program prepares graduates for practical nursing careers in acute care, long-term care and out-patient services. The first quarter is devoted to classroom and laboratory studies emphasizing nursing skills, general medical knowledge and behavior. The remaining program includes extensive clinical experience in health care agencies.
New daytime classes currently begin in Fall and Winter Quarters. Contact the division office for entry requirements, information on approval procedures, the application process and the schedule for the required information session.

NOTE: If a student is in good standing at the start of the 3rd quarter and has fulfilled all LPN to RN prerequisites, the student can request to be admitted directly into the LPN to RN Ladder program following the 4th quarter of the LPN program. In the transition phase (through graduation in 2011) of the implementation of the updated curriculum, some courses may be taken after completing the LPN to RN Ladder program before formal graduation will be granted. These courses include, but are not limited to, the courses stated in the "Additional Courses Required for Progression to the LPN to RN Ladder Program."

PROGRAM PREREQUISITES
MATH: COMPASS test placement into MAT 098 within the last two (2) years or transcript showing successful completion of MAT 098 Intermediate Algebra or MAT 100 Math for Health Careers within seven (7) years of application date.
MATH requirement for Fall 2010: Compass placement into MATH 107 Math in Society or higher within 2 years of application date or transcript showing successful completion of AHE 103 Math for Health Careers or other higher math within 7 years of application date.

NOTE: To complete the program, a 2.0 grade or better is required in all nursing courses.

NURSING: ASSOCIATE OF APPLIED SCIENCE - T DEGREE
North Seattle Community College’s LPN-to-RN Ladder program provides an option for LPNs to complete coursework for a 3-quarter RN program that will make them eligible to take the Registered Nurse (RN) state boards.

Successful completion of the program earns an Associate of Applied Science - T Degree of Nursing. Students must first successfully complete an LPN certificate program and the general education and related instruction requirements.

PARENT EDUCATION
Health & Human Services Division
(206) 527-3783

North Seattle offers parent education programs each quarter with classes held on- and off-campus and online. Parents who enroll in the “Parent Education Child Study Laboratory” participate once a week with their child in a parent-operated cooperative preschool, pre-3, toddler, or infant education program. The student’s child is enrolled from 1–4 days a week, depending on the child’s age. Enrolled parents also attend parenting classes and learn decision-making and group management skills as officers or committee members in the cooperative. The program gives parents the opportunity to study child development and behavior; learn new ways to interact with children; share ideas and experiences with other adults; and share in their child’s early development and group experiences.

PHARMACY TECHNICIAN
Health & Human Services Division
(206) 527-3790
www.northseattle.edu/health/phtech/

Pharmacy technicians support pharmacists, who are legally responsible for all prescription orders and drug dispensing. The program emphasizes knowledge, skills and the varied responsibilities of the pharmacy technician. Students completing program requirements earn a certificate and are eligible to take the national certification exam, and apply to the Washington State Board of Pharmacy for a certificate to practice as a Pharmacy Technician. Graduates are employed in hospitals, home infusion, long-term care, independent and chain community pharmacies, outpatient clinics, insurance carriers and pharmacy software companies. Employment opportunities have remained strong in this health service occupation since its inception in 1975.

Applicants should contact the division office regarding enrollment and current information. The program begins in Fall and Spring.

**SUSTAINABLE & CONVENTIONAL ENERGY & CONTROL TECHNOLOGY**

Business, Engineering & Information Technologies Division  
(206) 527-3730

The Sustainable and Conventional Energy and Control Technology program offers a one-year certificate and a two-year Associate of Applied Science Degree. This program prepares students for entry level employment in companies or government organizations that manufacture, service, sell, design or support electrical and electronic systems that control machinery, automation, and/or processes. Emphasis is placed on the control of large electrical currents and large electromechanical systems through solid state, digital, and microprocessor devices. The program involves in-depth study of industrial controls, fluid power, AC and DC rotating equipment, instrumentation and measurement, and system control principles. Sustainable and Conventional Energy and Control differs from Electronics in the scale and application of electrical, electronic and mechanical systems, and may be considered “Industrial Electronics.”

**While students must test into ENGL 093 to start the degree, they must complete ENGL & 101 to finish.**
The Watch Technology Institute teaches watch repair, theory and practical applications. Faculty members have industry experience and are WOSTEP-certified trainers. The Institute is one of very few currently accredited programs in the U.S. that are partnered with Rolex Watch USA and the Watchmakers of Switzerland Training and Educational Program (WOSTEP).

After the successful completion of the program, students may take the WOSTEP exams for certification. Interested students should contact Elaine Rolf at (206) 526-0169 or at erolf@sccd.ctc.edu.

Students may also take Jewelry Design courses (ART 281, 282, 283) which are not required for the certificate or degree.

GENERAL EDUCATION COURSES

Multicultural, U.S. Cultures or Global Studies 5

TOTAL CREDITS 192
Welcome

Welcome to South Seattle Community College. South has educational opportunities to meet a wide variety of interests and needs, whether on the main campus in West Seattle, through online courses, or at one of the satellite campuses. Real-world experience is emphasized through team-learning projects and portfolio development, or internships and classes that engage students in the learning process.

The main campus is located on 87 wooded acres in a residential West Seattle neighborhood, overlooking downtown Seattle and Elliott Bay. The six-acre college Arboretum is adjacent to the site of the developing Seattle Chinese Garden.

The Northwest Wine Academy features the only operating winery at a two-year college in western Washington, and our University Center offers classes toward a B.A. degree from four-year partner institutions. South’s Bachelor of Applied Science in Hospitality Management celebrated its first graduating class in spring 2009.

South is one of the most culturally diverse colleges in the state, a strength celebrated though the annual Rainbow Festival. At South, faculty and staff help people enrich, even transform their lives through educational opportunities close to home. Come visit in person or on the website: www.southseattle.edu. It is never too late to get started.

MISSION

South Seattle Community College is a constantly evolving educational community dedicated to providing quality learning experiences which prepare students to meet their goals for life and work. The college values and promotes a close involvement with the community and strong partnerships with business, labor and industry.

The college commits to serving the diverse needs of students in our communities by providing:

- College transfer programs and professional-technical programs which prepare students to succeed in their careers and further their education
- Responsive workforce education training developed in collaboration with business, labor and industry
- Student-centered and community-centered programs and services which value diversity, support learning, and promote student success
- Lifelong learning opportunities for the cultural, social, professional and personal development of the members of our communities.
Specialized TRAINING CENTERS

Georgetown Campus of South Seattle Community College
Apprenticeship & Education Center
Puget Sound Industrial Excellence Center
6737 Corson Avenue South
(206) 764-5350
http://georgetown.southseattle.edu/

South Seattle Community College’s Georgetown Campus is a leader in green and sustainability education, offering courses in residential energy auditing, weatherization, and specialized contract training. It houses the Puget Sound Industrial Excellence Center (PSIEC) – Where Industry Meets Innovation. It provides a wide variety of training and services for the industrial business community. Also located on the Georgetown Campus is South’s Apprenticeship & Education Center, one of the largest facilities of its type on the west coast, serving apprentices and journey-level workers in more than 20 trades.

The Georgetown Campus received a 2008 Governor’s Economic and Workforce Development Award and a 2009 Vision 2020 Award from the Puget Sound Regional Council.

NewHolly Learning Center
7058 32nd Avenue S.
2nd floor of the Learners Building
Seattle, WA 98118
(206) 768-6642
http://www.southseattle.edu/programs/holly.htm

NewHolly is a community whose mission is to foster the success of youth, adults and families. In implementing this mission, South Seattle Community College, along with community partners, values and promotes services that build on strengths, diversity and multiculturalism, public-private collaboration, an open and engaged community, and a commitment to innovation. South Seattle Community College offers Adult Basic Education (ABE), English as a Second Language (ESL), General Education Development (GED), and a Corrections Training program at NewHolly.

* Source: State Board for Community and Technical Colleges Data Warehouse

** State-funded
The Advising Center assists students in interpreting entry assessment scores and provides an overview of certificate and degree programs. Advisors help students select quarterly course schedules. They provide advising and educational planning for students seeking college transfer degrees to a four-year college or university. The advising staff also guides those seeking professional-technical degrees and certificates, students enrolled in Adult Basic Education (ABE), English as a Second Language (ESL), General Equivalency Diploma (GED) and Adult High School Completion programs. In addition, advisors assist students in finding the appropriate resources at South to help with academic success.

Counselors are available to provide a comprehensive assessment of each student’s interests, abilities, values, life experiences, and past educational and work experiences. They also provide career counseling and assist students in establishing their educational plans.

AANAPISI Program
Asian American Native American Pacific Islander (AANAPISI)
206-764-5196
http://www.southseattle.edu/programs/aanapisi.htm
South is one of the first institutions to be designated as an Asian American Native American Pacific Islander (AANAPISI) Serving Institution. This project provides programs and resources designed to improve student transition, retention, graduation and transfer to four-year institutions. Though the AANAPISI program does not offer financial aid to students, it does provide resources for the development of new programs to support the student’s success and experience at South, including:

- Workshops to educate the family and to improve the student’s first year experience
- Linked developmental English with a college success course and a peer navigator to provide a community for students and to connect them with campus resources
- Service learning opportunities
- Two new degree programs:
  - Associate of Arts degree with an Asian Pacific Islander (API) Studies emphasis
  - Associate of Elementary Education
- Access to higher education resources through the Asian American Pacific Islander Higher Education Resource Center (AAPIHERC) website. This website will house the Making Achievement Possible (MAP) college success video series, transition portfolio and other resources. See www.aapihero.southseattle.edu.

The U.S. Department of Education provides funding to colleges with the AANAPISI designation.

CAREER DEVELOPMENT Services
WorkSource Affiliate
(206) 764-5304
http://careerservices.southseattle.edu/
This comprehensive WorkSource – Career Center offers a full spectrum of services to students. It is the home of the innovative student pre-graduation employment program “Embedded Career Services,” which partners with faculty to help students obtain employment upon program completion.

The WorkSource – Career Center also assists students and the community by providing multiple computer stations equipped with computerized career exploration systems, state-of-the-art software, and internet capacity to research companies and search for jobs online.

Students and community members may schedule an appointment with Career Center staff for assistance in preparing electronic and traditional resumes. Appointments are available for career counseling and job mentoring. The staff facilitates job seekers with advanced online job search, career networking techniques, and locating the hundreds of jobs posted daily to the Internet. Regional jobs are listed daily from a wide variety of employers.

CLASS SCHEDULE Quarterly
(206) 764-5300
http://classes.southseattle.edu
Each college produces a quarterly Class Schedule listing the specific courses being offered that quarter. This schedule is available approximately six weeks before the start of each quarter in both printed and online formats. To receive a printed copy, call (206) 764-5300 to be put on the mailing list. View or download the online class schedule at the website above.
DISABILITY SUPPORT

Educational Support Services

(206) 763-5137
V/TTY 1-800-833-6384 ■ TDD 1-800-833-6388
www.southseattle.edu/campus/facility/Department.asp?number=43

The role of the Disability Support Services office is to provide physical and academic accommodations to persons with documented disabilities. This office obtains and files disability-related documents, certifies eligibility for services, helps determine academic adjustments, and consults for the provision of such accommodations. Academic adjustments are provided to ensure access to all community college courses, programs, counseling, activities and facilities.

Disability Support Services provides or arranges a variety of auxiliary services such as sign language interpreters, assistive technology, exam modifications, and academic assistance. To avoid delays, auxiliary requests such as Brailing and books on tape require six weeks’ advance notice. Interpreting services for ongoing classes require four weeks’ notice and interpreting services for special requests or one-time services need at least one week’s notice.

This office also offers consultations to faculty and staff to help design accommodations that provide equal access.

*Please see page 43 for specific details and additional information on eligibility and policies.*

INTERNATIONAL Programs

(206) 764-5360 ■ email: ip@sccd.ctc.edu
www.southseattle.edu/international/

This office supports the development of global citizenship through programs and services that support international students studying at South, and South students studying abroad. Key functions of the office include International student admissions and comprehensive support services, oversight of the Intensive English Program, and the development of resources and programming for faculty, staff and student exchanges.

*See pages 24–25 for additional information.*

LIBRARY

(206) 764-5395
http://dept.seattlecolleges.com/sslib/

The library supports the college’s mission by providing students, faculty, staff and the community with the services, information, resources, and equipment necessary to accomplish the college’s academic and institutional goals. The library acquires and maintains relevant collections in a variety of formats and offers services to promote their use and to foster informational literacy skills for patrons.

The library also plays an active role in the instructional program by offering course-related library instruction, and by consulting with faculty about collection development and services. Goals include service excellence through timely, competent and cheerful service; a comfortable physical environment; and responsiveness to the changing needs of patrons.

The library collection includes over 50,000 print books, reference volumes and periodicals, as well more than two dozen databases with access to thousands of periodicals, books and other sources.

MULTICULTURAL

Office of Diversity & Retention

(206) 768-6455

The Diversity & Retention Department includes an Office of Diversity & Retention, a Cultural Center, and the Women’s Center. Diversity & Retention is a network of departments working together to foster an inclusive campus community by providing education about diversity, social justice, gender equity, and multiculturalism. We advocate for the academic persistence and success of students of color and underrepresented groups through leadership opportunities, support services, programming, and college-wide initiatives. Diversity matters.
OPPORTUNITY GRANT Program
(206) 764-5200
www.southseattle.edu/resources/opportunitygrant.htm
The goal of the Opportunity Grant Program is to assist low-income adults to reach the educational tipping point and beyond in high-wage, high-demand professional-technical careers by providing financial support and student support services. Reaching the tipping point allows students to complete 45 credits, receive a credential, and increase job skills and knowledge through career pathways.

SENIOR Programs
Senior Adult Education
(206) 764-5339 (Continuing Education)
www.LearnatSouth.org
To meet the growing demand for lifelong learning opportunities, South Seattle Community College offers many classes and discussion groups designed especially for senior adults. Classes cover a wide range of topics and reflect a broad range of interests. Special programs, workshops and events are regularly scheduled.

Classes are normally held during daytime hours, on campus or in senior centers or retirement centers. Generally, there are no long assignments, examinations or letter grades.

Reduced tuition is available for ten-week courses. Registration is by mail, phone, on campus or on the website.

Senior Tuition Waiver
In addition to the Senior Adult Education programs, persons over 60 may enroll in college transfer courses for audit (no homework, exams, or credit). Under this tuition waiver, seniors may attend up to two classes for a small fee. Eligible classes include the humanities, natural and social sciences and some vocational programs. See the quarterly schedule for details. Registration under the waiver needs instructor approval after the first week of the quarter. As this special waiver is available for audit only, a student enrolled under this option will not receive an official grade or transcript.

STUDENT ASSESSMENT and Testing Services
(206) 768-6765
www.southseattle.edu/resources/sas.htm
Student Assessment Services conducts placement testing for English, ESL, math and chemistry as well as GED certification examinations. See the college website for the Assessment Calendar, links to study questions, study aids and more. Students are welcome to visit the Assessment office located in the Robert Smith Building, Room 76.

TRIO – STUDENT SUCCESS Services
(206) 764-5326
http://trio.southseattle.edu/
Student Success encourages student retention by providing students with resources that help them to progress in college, graduate and transfer to four-year universities. Key features include:

1) educating students about how the college system works and how to improve their academic performance and problem-solving skills

2) creating a welcoming environment where students feel a sense of belonging in the college setting

3) adapting college educational policies and services in response to wide-ranging and changing student development needs

The program’s primary components are CLIC (Collaborative Learning and Instruction Center), college orientation courses, transfer and scholarship assistance, and information regarding cultural events and resource referrals.

Student Success Services is funded through the U.S. Department of Education’s Title IV TRIO grants. The program works with first-generation college students, low-income students, and physically and/or learning-disabled students, as outlined in the Department of Education guidelines. Students are encouraged to participate in the program throughout their attendance at South until they graduate or transfer.

TRANSFER by Major
(206) 764-5387
The Transfer by Major program is designed to help students connect with a university of their choice in the state of Washington. Students participating in the program receive important information regarding both their major and the admission guidelines of the university. The program is voluntary and intended as a guide in the transfer program.
TUTORING Services

Tutoring Center
(206) 763-5137
www.southseattle.edu/campus/facility/Department.asp?number=72

The Tutoring Center offers a variety of services. Students may arrange for individual or small group assistance with courses in which they are having difficulty. Students should contact the Tutoring Center for more information.

MAST: The Math and Science Tutoring Center
(206) 763-5137
www.southseattle.edu/campus/facility/Department.asp?number=45

Drop-in help is available for all levels of math and science to students who come to the Robert Smith Building, Room RS 18. An instructor and peer tutors are available to help students solve problems and improve their math skills. Students can earn credit while working in MAST.

Writing Center
(206) 768-6412
http://dept.seattlecolleges.com/ssccwrite/

The Writing Center assists students with their writing assignments and promotes writing across the curriculum. Students work with trained peer writing assistants who help them explore and develop ideas, clarify their thoughts and produce a polished, finished product. User-friendly word processing programs are available for student use. The Writing Center is located on the second floor of the library, LIB 205.

Writing and Language Lab (The WALL)
(206) 764-5363

The Writing and Language Lab (The WALL) assists students with their writing assignments and oral presentations. Students work with faculty or tutors and in study groups in a lab setting. The WALL is particularly designed for students who do not speak English as their first language and for students in the Adult Basic Education program. However, all students enrolled at South are welcome. The WALL is located in the Robert Smith Building, Room 16.

VETERANS’ Affairs

(206) 764-5811

This office provides services and referrals for veterans. See pages 30–31 for further veterans’ assistance and financial aid information.

WOMEN’S Center

(206) 768-6801
www.southseattle.edu/campus/facility/Department.asp?number=86

The Women’s Programs at South are located in the Student Life Office, Room 128 in the Jerry Brockey Center. Women’s Programs provide services such as tuition assistance, referrals, community resource information on health care and childcare, and support groups.

WORKFIRST/BFET Programs

(206) 764-5835 or (206) 768-6666
www.southseattle.edu/programs/workretr.htm

WorkFirst offers short-term and long-term training in technical education programs such as health care, transportation, information technology, manufacturing technology and more. Temporary Assistance to Needy Families/TANF recipients, low-income adults and Basic Food, Employment Training (BFET) recipients receive tuition assistance for job skills training, GED/ABE and technical education.

Also see Career Development/WorkSource Affiliate on page 125 and Worker Retraining, page 139.
Student LIFE

ART Gallery
(206) 764-5337
The South Seattle Community College Art Gallery serves the campus population and the surrounding community showing artwork that promotes art education and an appreciation of many artistic forms. The student population is its primary audience, and often the exhibits supplement academic instruction. The Art Gallery emphasizes diversity and frequently shows student artwork. The gallery is open from Monday to Friday and is free. Hours: M, 11 a.m. - 6 p.m. T, W & Th, 9 a.m. - 6 p.m. F, 12 p.m. - 5 p.m.

BOOKSTORE
(206) 764-5338
The Bookstore is well-stocked with new and used textbooks, general interest books, school supplies, school spirit items, food, beverages, gifts and greeting cards. Textbooks and other supplies may be purchased online and picked up in the store or shipped directly. The Bookstore buys back books daily; the best time to sell back books is the last week of each school quarter.

CHILDCARE Center
(206) 764-5348
The Childcare Center is state-certified and provides quality care for children of South Seattle Community College students, employees and the community. Since 1976 the program has offered a convenient on-campus location with a family-oriented atmosphere, parent education opportunities, flexible scheduling, and a curriculum that stimulates and challenges toddler and preschool-aged children while providing them with an opportunity to gain socialization skills. Staff trained in early childhood development create a welcoming and supportive environment. Contact the Childcare Center for specific information regarding enrollment, fees, and hours.

COPY Center
(206) 768-6662
The Copy Center is located in the Library. Printing is done by Copy Center staff, or can be done on a self-service copier. Various sizes and colors of paper, including resume quality, are available. The Copy Center also creates transparency for classroom presentations.

FOOD Services
(206) 764-5344
A variety of meal and snack selections is available in the campus Cafeteria, Deli and Grill, ranging from complete hot meals or quick food items to custom-made sandwiches, beverages, snacks and takeout items. Both breakfast and lunch items are available. In addition, the Culinary Arts and Baking and Pastry Arts students prepare and serve award-winning cuisine in two dining rooms, also located in the Food Science Building. The Café Alki offers cold starter plates, soups, sandwiches and a selection of moderately priced hot food entrees. The Alhadeff Grill, with more upscale dining, offers a full menu. The dining rooms are open for lunch weekdays during the instructional quarter. Reservations are encouraged. Bernie’s Pastry Shop, located in Cascade Court, is a retail sales outlet featuring baked goods prepared by students during the instructional quarter, as well as soup, sandwiches, coffee, espresso, cold beverages, and more.

HOUSING
(206) 764-5332
On-campus housing is not available. However, a bulletin board located in the Jerry Brockey Student Center lists various accommodations available in the local area. Check out the bulletin board for housing needs, or phone us with room or apartment rental availability.

RECREATION & Intramurals
(206) 768-6670
South Seattle Community College offers a variety of recreation programs throughout the academic year, including excursions to Sonics games, hiking and kayaking. Students also have the opportunity to join team sports, such as ping-pong and basketball, on a club level. For a list of activities, contact the recreation coordinator or visit the Student Life Office in the Brockey Student Center, Room 135.

Fitness Center
(206) 768-6471
The Fitness Center provides the campus community with an opportunity to promote a healthy lifestyle at this weightlifting and training facility. Running machines, stair steppers, weight machines and free weights are available, as well as lockers and showers. Student ID is required.
SAFETY
(206) 763-5157

The well-being and safety of students are of utmost importance. It is vital that students follow strict safety procedures with equipment in all classes, especially technical-vocational classes. In the event of an on-campus accident or injury, the accident should be reported to the Security Office so the injury can be addressed and an accident report completed. Students should immediately call 911 for serious injuries. Instructors must be notified if the accident occurs during class.

For further information on personal safety, see page 41.

Student ATHLETICS
(206) 527-3745 (Men’s)
(206) 527-3773 (Women’s)
www.northseattle.edu/services/athletics

The intercollegiate men’s and women’s basketball teams, the Seattle Community Colleges Storm, are based at North’s Wellness Center. Storm teams compete in the North Division of the Northwest Athletic Association of Community Colleges conference. Students from all three Seattle Community Colleges are eligible to try out for the teams. Athletic scholarships are granted by coaches each year.

Student CLUBS
(206) 764-5330

By getting involved in clubs, students participate in team-building exercises and strengthen their organizational and leadership skills. Students also have the opportunity to organize new student clubs at South. For more information and a list of current student clubs, please contact the club center coordinator or visit the Student Life Office located in the Jerry M. Brockey Student Center, Room 142.

Student GOVERNMENT
(206) 768-6751

The United Student Association (USA) is the official governing body for students at South. Student officers are elected each spring to represent student interests. The USA meets weekly in the Jerry M. Brockey Student Center, Room 128. For more information about how to get involved and how to become a paid student representative, contact the USA president or vice president. Office mailboxes are located in the Student Life office, Room 131.

Student Leadership

Develop your personal and leadership skills while attending college. Student Life provides monthly workshops, funding to attend local and regional student conferences, and opportunities to advocate for student interests by serving on campus-wide committees. Contact the United Student Association advisor for more information.

Student Leadership Development Transcript

Document your extra-curricular involvement at South by signing-up for the Student Leadership Development Transcript. Include this document in your university admissions packets, scholarship and job applications. For more information, contact the United Student Association advisor.

Student INSURANCE

For information on student insurance, contact the Cashier’s Office at (206) 764-5388.

See page 35 for information on Student Injury and Sickness Insurance.

STUDENT LIFE Office
(206) 764-5332
http://studentlife.southseattle.edu/index.html

The Office of Student Life oversees several areas in order to support and assist students in making their experience at South Seattle a successful one: new student orientation; concerns & complaints; lost & found; Fitness Center; The Sentinel (student newspaper); sports & recreation; student clubs; United Student Association (USA); student anthology; student development transcript and a student lounge with free coffee and tea. The Student Life office is located in the Jerry Brockey Student Center, Room 135.
Student NEWSPAPER — THE SENTINEL
(206) 768-6477
www.southseattle.edu/campus/facility/Department.asp?number=123
The Sentinel is the student newspaper at South. The production office is located in the Student Life Office, Room 119 in the Jerry Brockey Student Center. In keeping with the mission of the college, The Sentinel is committed to promoting free and responsible discussion of campus and community issues while providing an educational experience for the student staff. The newspaper is published on a regular basis and is available for free both on and off campus. Students are invited to place free classified ads and submit letters to the editor and guest columns for publication.

TRANSPORTATION & PARKING

Bus Service
(206) 553-3000 (Metro Rider Information)
Due to space limitations and environmental concerns, carpooling and bus transportation are strongly encouraged. Students registered for 10 or more credits are eligible to purchase a discounted ORCA transit pass issued by the college at the Cashier’s office. The ORCA pass may be used to ride Community, Everett, Kitsap, Metro, Pierce and Sound Transit. For inquiries about other transportation options and benefits, contact the campus Transportation Coordinator in Room 50 in the Robert Smith building.

Parking Services
(206) 763-5157
Student permits may be purchased during registration on a first come, first served basis. State motor vehicle laws and city traffic codes are strictly enforced. The campus speed limit is 15 m.p.h. Parking fees are determined by District policy. Parking can be paid on a daily basis without a quarterly permit. Student single occupant parking permits are purchased at the Cashier’s Office; evening purchases can be made during the second week of the quarter in the Registration Office. Daily permits are purchased at dispenser machines located at the North Gatehouse, South Parking Lot, or the Visitors Parking Lot in front of the Robert Smith Building. Carpooling is strongly encouraged; carpool applications are available from the Transportation Coordinator in the Registration Office, Room 62A in the Robert Smith Building. Many incentives are available, including discounted passes for parking and buses.

AFFILIATE Organizations

South Seattle Community College FOUNDATION
(206) 764 5809
www.southseattle.edu/foundation/founmain.htm
The South Seattle Community College Foundation, a non-profit 501 (c)(3), tax-exempt organization, promotes and supports educational programs and training pursuits. Since its inception in 1981, the South Foundation has received more than $10 million in contributions from individuals, clubs and organizations, corporations and foundations.
The South Foundation serves an increasingly important role in supporting college programs and students. Foundation scholarships, which provide pre-paid tuition, are awarded three times each year. Interested students should contact the Foundation Office for an application and for more information.

Definition and Rationale of General Education

See page 4.

General Education Learning Outcomes

Student Learning Outcomes are also known as General Education Requirements. These are the knowledge and abilities every student should have upon graduating with a certificate or degree from South Seattle Community College. While each academic or technical program has its own specific outcomes, these outcomes are the core curriculum for the college.

Communication

- Read and listen actively to learn and communicate
- Speak and write effectively for personal, academic and career purposes

Computation

- Use arithmetic and other basic mathematical operations as required by program of study
- Apply quantitative skills for personal, academic and career purposes
- Identify, interpret and utilize higher level mathematical and cognitive skills (for those students who choose to move beyond the minimum requirements as stated above)

Human Relations

- Use social interactive skills to work in groups effectively
- Recognize the diversity of cultural influences and values

Critical Thinking & Problem-Solving

- Think critically in evaluating information, solving problems and making decisions

Technology

- Select and use appropriate technological tools for personal, academic and career tasks

Personal Responsibility

- Be motivated and able to continue learning and adapt to change
- Value one’s own skills, abilities, ideas and art
- Take pride in one’s work
- Manage personal health and safety
- Be aware of civic and environmental issues

Information Literacy

- Access and evaluate information from a variety of sources and contexts, including technology
- Use information to achieve personal, academic and career goals, as well as to participate in a democratic society

Associate of Science Degree Learning Outcomes

Students who successfully complete this program will show:

- An ability to apply knowledge of mathematics and science to complex problems
- An ability to design and conduct experiments, as well as to analyze and interpret data
- An ability to think critically in evaluating information, solving problems and making decisions
- An ability to function on diverse, multi-disciplinary teams
- An ability to access and evaluate information from a variety of sources including the internet
- An understanding of professional and ethical responsibility
- An ability to communicate effectively with written, oral, and visual means
- The broad education necessary to understand the impact of scientific and engineering solutions in a global and societal context
- A recognition of the need for and an ability to engage in life-long learning
- An ability to use modern scientific and engineering techniques, skills, and technology necessary for scientific and engineering practice
ACADEMIC PROGRAMS
(206) 768-6600

South Seattle Community College offers the Associate of Arts (A.A.) degree to meet the general education requirements for four-year baccalaureate degrees in arts and sciences. In addition to the general A.A. degree, the College offers an A.A. option in Asian and Pacific Islander Studies, an Associate in Business (A.B.), and an Associate in Elementary Education (A.E.E.) Direct Transfer Agreement/Major-Ready Program (DTA/MRP). The College also offers an Associate of Science (A.S.) transfer degree, with several major-specific pathways (or “tracks”) which include Biology, Chemistry, Computer Science, Physics, and various Engineering specialties. Students should contact an advisor for details.

Students are encouraged to attain an Associate of Arts or Associate of Science transfer degree at South in order to ease transfer to a four-year institution, but students may also take individual classes for transfer. Students should confer with an academic advisor to ensure course transferability to their target four-year institution.

Students may be required to complete work in the college preparatory program if their records and test scores indicate a need for additional preparation in order to complete a degree program. College preparatory courses are not credited toward transfer degree requirements.

College transfer courses at South Seattle Community College are offered in several disciplines, including the following:

- American Ethnic Studies
- Anatomy & Physiology
- Anthropology
- Art
- Astronomy
- Business/Accounting
- Biology
- Chemistry
- Communications
- Computer Science
- Drama
- Earth Science
- Economics
- Education
- Engineering
- English Composition
- Environmental Science
- General Science
- Health
- History
- History of Ideas
- Humanities
- Journalism
- Law
- Modern Languages & Literature
- Literature
- Mathematics
- Music
- Nutrition
- Philosophy
- Physical Education
- Physics
- Political Science
- Psychology
- Religion
- Sociology

See pages 8–9 for college transfer course requirements for A.A. or A.S. degree.

ASSOCIATE OF ARTS DEGREE (A.A.)
www.southseattle.edu/programs/academ/degree.htm

The Associate of Arts (A.A.) Degree is a 90-credit transfer degree that fulfills the general education requirements for most four-year degrees in arts and sciences. To earn the A.A. degree, students must achieve a cumulative grade point average (GPA) of 2.0 or better in courses numbered 100 and above, complete at least 15 credits at the Seattle Community College (North, Central or South) awarding the degree and meet all of the degree requirements. Students should contact an advisor to develop their individual programs of study.

See pages 8–9 for college transfer course requirements for A.A. or A.S. degree.

ASSOCIATE OF ARTS (A.A.)
Emphasis in Asian Pacific Islander Studies

This interdisciplinary transfer degree program examines history and contemporary issues affecting Asians, Asian Americans and Pacific Islanders. The flexible curriculum draws from a wide range of classes including literature, history, music, anthropology, art, religion and humanities. The A.A. with API Studies Emphasis can be a student’s pathway to transfer to a four-year institution offering programs and degrees in a number of fields, including American/Comparative Ethnic Studies or Asian Studies. Additionally, students will gain an intercultural perspective that can prepare them for careers in education, social work, business, government and public policy, hospitality management, law, journalism, community leadership and advocacy. Certain requirements for this degree differ from the general A.A. degree requirements. Students should contact the Advising Office for details.
ASSOCIATE IN BUSINESS (A.B.)

Direct Transfer Agreement (DTA)

This degree is designed for students planning to transfer into a baccalaureate business degree program. It will satisfy the lower division education requirements for business and/or accounting degrees at Washington’s public 4-year colleges and universities.

Basic Requirements (English and Math) .............................. 15
Visual, Literary, and Performing Arts ................................. 15
   Choose from a minimum of two different prefixes.
   Must include 5 credits in CMST
Individuals, Cultures, and Societies ................................. 15
The Natural World (Including a lab science) ......................... 15
Business Electives ....................................................... 25
General Electives ....................................................... 5
TOTAL CREDITS .................................................................. 90

ASSOCIATE IN ELEMENTARY EDUCATION (A.E.E.)

DTA/MRP Degree

K-8 Education Transfer Pre-major Program

(206) 768-6600

Designed for students transferring to a four-year college or university, the program provides courses, specific advising on prerequisites and a solid foundation for direct transfer in a Major-Ready Program (MRP) to programs offering a B.A. in Elementary Education (K-8) in Washington. Students must also complete a minimum of 30 hours of K-8 classroom experience.

Basic Requirements ....................................................... 20
   Includes Composition and Math for teachers
Visual, Literary, and Performing Arts ................................. 15
   Includes Public Speaking
Individuals, Cultures, and Societies .................................. 25
   Includes U.S. and World History
The Natural World ........................................................... 15
   Includes life science, physical science and at least one Lab course.
Education ................................................................. 7
   Includes a 30-hour practicum
General Electives ........................................................... 8

NOTE: Included among the credits above are the following requirements: proficiency in intermediate Algebra (Math 098 or equivalent); US Cultures (5); Global Studies (5); Integrated Studies (8); Gender/Culture (5). A course may qualify in more than one category. See an advisor for specific details.

TOTAL CREDITS (MINIMUM) ............................................. 90

ASSOCIATE OF SCIENCE DEGREE (A.S.)

Transfer Pre-major Program

www.southseattle.edu

The Associate of Science (A.S.) transfer degree requirements include satisfactory completion of at least 90 approved credits with 2.0 cumulative GPA. At least 15 credits must be earned at the Seattle Community College (North, Central or South) is awarding the degree. The A.S. degree has two distinct degree options and many additional pathways to four-year degrees in various disciplines. The life sciences include biology, botany, environmental science, health, nutrition, oceanography and physical education; the physical sciences include astronomy, chemistry, computer science, engineering, geology, physics and science. The science pre-major A.S. degree programs prepare students for transfer to science programs at four-year colleges and universities and will give students basic skills needed for scientists working in various fields. Students study basic mathematical and scientific principles with an emphasis on problem solving and critical thinking. Credits earned with the A.S. degree at South can be applied toward the first two years of a four-year baccalaureate degree in one of the sciences. Students planning to transfer to a four-year institution should be aware that they must complete all admission requirements for their destination institution. Contact the Advising Office for more details.

Basic Requirements ....................................................... 20
   Select from ENGL 101; MATH 151, 152 or 153 or MATH 240;
   CSC 142 (depending on pre-major area).
Areas of Knowledge ...................................................... 15
   Courses taken must have at least three different prefixes and
   must be from both areas: Visual, Literary, and Performing Arts
   and Individuals, Cultures, and Societies.
Major Areas of Study .................................................... 31-58
TOTAL CREDITS (MINIMUM) ............................................. 90

Ninety credits are required for the degree. The number of credit requirements for major areas of study vary depending on the chosen pre-major. Students should consult with an advisor before preparing their academic plan and should also refer to the official College Website for current information.
**BACHELOR OF APPLIED SCIENCE (B.A.S.) DEGREE**

**Hospitality Management B.A.S.**

Technical Education  
(206) 768-6783  
www.southseattle.edu/programs/bas/index.html

The Bachelor of Applied Science (B.A.S.) in Hospitality Management program at South prepares students who have completed a two-year technical degree or approved associate degree with a broad skill set of industry-specific competencies. Students take upper-division classes to prepare for management, marketing, human resource and technical positions in all facets of hospitality, including tourism, hotel operation, restaurant management, catering, cruise ship-casino operations, and travel. Students have opportunities to gain occupational competencies through internships and networking with industry leaders. This program is unique in its focus on providing applied management training for students in the region’s largest hospitality industry.

*For detailed information on admissions criteria or other requirements refer to the Hospitality Management Student Handbook. Contact the Technical Education office for a copy.*

**ADDITIONAL B.A. & B.S. DEGREE OPPORTUNITIES**

**The University Center at South**  
www.southseattle.edu/universitycenter

The University Center offers several ways for students and community members to complete a four-year degree at South. Choose from the following options as outlined on the website.

**Eastern Washington University**  
(425)564-5100  
www.ewu.edu/sscc

**Bachelor of Science in Technology: Applied Technology**

For students who specialize in web design and development, computer applications/helpdesk, network administration, business information technology and more. To participate, students must first obtain an Associate of Applied Science at South Seattle, or be near completion of one, in any of the following programs: Computer Applications/Help Desk, Network Administration or Business Information Technology (BIT). All four years will be at South. Three of the four years pay South’s tuition rates; the fourth year students pay EWU’s tuition rates.

**Heritage University**

(206) 764-5371  
www.southseattle.edu/programs/university/heritage.htm

**Bachelor of Arts in Education**

Earn a Bachelor of Arts in Education. Includes a Residency Certificate and Endorsements in K-8 and English as a Second Language. The Bachelor’s program is open to those with A.A. or B.A. degrees. Freshmen entering South can be dual-enrolled with Heritage for the B.A. degree. There are convenient evening classes.

**Master in Teaching (K-8) Degree**

For those with a B.A. degree who have taken the Teacher State Test – West B.

**Master in Education Degree**

For those seeking continued studies in educational administration, professional certification or development.

**City University of Seattle**  
(800)426-5596, x5318  
www.CityU.edu/SSCC

**Bachelor of Science in Business Administration (B.S.B.A.)**

Students with an A.A. degree can complete a B.S. degree in Business Administration.
Adult Basic Education
(206) 764-5363

Adult Basic Education classes, covering math, reading, writing, and communication skills, are offered each quarter. Students may start through the third week of the quarter on a space-available basis.

These courses are low cost and the fee may be waived for low income students. Call the department for fee information. See course descriptions under Adult Basic Education (ABE) for details.

Non-credit English as a Second Language (ESL)
These classes help non-English-speaking people understand, speak, read, and write English in order to carry out daily personal activities, get or keep a job or advance in the workplace or prepare for transition to credit-bearing educational programs.

Non-credit ESL classes (pre-literate to intermediate levels) emphasize development of reading and writing skills and vocabulary, improving listening comprehension, pronunciation and oral expression. (See course descriptions under English as a Second Language for details.) Student enrollment depends on eligibility and space availability. Students are placed in class based on their CASAS Test results. Call the department for fee and registration information.

Transitional ESL
Pre-college level ESL courses require payment of regular tuition. These classes help non-native speakers develop better speaking, reading and writing skills needed for college-level study. They are designed for students preparing for professional-technical or academic study at U.S. colleges. Beginning with grammar and vocabulary skills, students advance to note-taking, composition, oral presentation and class discussion skills. ESL skills labs provide additional practice in pronunciation, listening, and daily conversion outside of the classroom.

Family Literacy
Family Literacy classes combine ESL or Basic Skills with Parent Education.

See pages 142–163 for this list of programs.

COMMUNITY LIFELONG LEARNING Classes
(Non-credit and non-graded classes)
(206) 764-5339 ■ cedstaff@sccd.ctc.edu
www.LearnatSouth.org

Lifelong learning classes are non-credit courses that focus on personal enrichment. An array of short-term courses are offered in such fields as languages and culture, gardening, food and wine, health and wellness, career planning, business basics, family and financial planning, and computer applications. New classes, including online classes, are developed continually. Register online.

FINANCIAL PLANNING
Affiliate of the College for Financial Planning
(206) 764-5339
www.LearnatSouth.org

As an affiliate of the College for Financial Planning, South Seattle Community College offers both the educational course of instruction and the “Live Review” for those seeking to develop a professional career as a financial planner and/or those studying for the national certification examination for financial planners. Content areas include financial planning and insurance, investment planning, income tax planning, retirement planning, employee benefits and estate planning.
SENIOR ADULT EDUCATION
(206) 764-5339
www.LearnatSouth.org

To meet the growing demand for lifelong learning opportunities, South Seattle Community College offers many classes and discussion groups designed especially for senior adults. Classes cover a wide range of topics and reflect a broad range of interests.

Classes are normally held during daytime hours, on campus and in senior centers and retirement centers. There are usually no long assignments, examinations or letter grades.

Reduced tuition is available for ten-week courses. Registration is by mail or online.

Senior Tuition Waiver
In addition to the Senior Adult Education programs, persons over 60 may enroll in college courses. See page 36 for further information.

6 | HIGH SCHOOL—COLLEGE GED

HIGH SCHOOL – COLLEGE Programs

Running Start
(206) 764-5805

Running Start is a program for high school juniors and seniors who qualify for college-level work through college placement testing. This program provides tuition-free college-level credit courses that may count toward both high school requirements and college credit at the same time. Many students have completed their high school diploma requirements and a two-year college degree simultaneously through this program. Running Start students will pay some fees. Students who qualify for free or reduced lunch may have these fees waived. See page 21 for more information.

TechPrep
(206) 764-5394

Students earn college credit while in high school and start their careers in fields such as automotive technology, business information technology, culinary arts, drafting, computer-aided design, horticulture, marketing and many others. High school courses counted as college credit allow students to earn an Associate of Applied Science degree or industry-specific certificate faster. TechPrep is tuition-free. See page 21 for more information.

Trio Educational Talent Search
(206) 768-6474

This program serves 600 students from middle and high schools in south and west Seattle. Students explore their options for colleges, universities, training programs and future careers. The program provides academic support, test preparation assistance, personal counseling, academic advising, and cultural activities. ETS provides students with opportunities to visit colleges and offers assistance in applying for college, financial aid and scholarships.

Upward Bound
(206) 764-6676

This program serves 50 high school students from disadvantaged backgrounds at Evergreen High School and Tyee High School. It provides personalized instruction in basic academic skills, science, foreign language, and other arts and academic disciplines; personal counseling, academic advising; social and cultural activities; and...
assistance in applying to colleges and applying for financial aid and scholarships. Students also spend six weeks on the South Seattle Community College campus during the summer for intensive academic and college preparatory program activities.

See page 22 for more information.

Career Link Academy
(206) 764-7946
www.southseattle.edu/programs/.careerlk.htm/

The Career Link Academy prepares students for success in college and careers while they work toward earning a high school diploma. Students who are 16 to 20 years old, have left high school without a diploma or have a GED and want to gain skills for success in college and beyond, can be assisted by Career Link at South Seattle to prepare for education and future careers. Tuition for students is free and support is available for transportation, books, supplies, and work-related needs. In addition, Career Link at South Seattle offers support through this program and other campus programs for students to enroll in regular college classes. All Career Link students at South Seattle receive ongoing academic advising and assistance to ensure they are on track to graduate and have a High School & Beyond plan in place.

See page 21 for more information.

PRE-COLLEGE COURSES
(206) 768-6600

Many students entering college or returning after some time away from studies need additional work to prepare for college-level courses. For these students, the Seattle Community Colleges offer a series of courses in English, mathematics and human development. Placement in one or more of these courses is determined by performance on entrance tests required for admission to specific college programs. Courses in this category are those numbered below 100. They are described in the course description sections for English, Mathematics, and Human Development.

SAT PREPARATION COURSES
(206) 768-6600

South helps students prepare for the SAT (Scholastic Aptitude Test) college entrance exam by offering math and verbal SAT prep courses most quarters. Held on Saturdays, the courses offer a thorough review of core topics and provide test-taking strategies. Students also have the opportunity to be exposed to a college environment, as well as to earn college credit. Running Start students can take the courses at no cost.

GENERAL EDUCATIONAL DEVELOPMENT (GED) PREPARATION
(206) 764-5363

GED preparation is an opportunity for adults who have not graduated from high school to earn a certificate that is equivalent to a high school diploma. Students may demonstrate that they have reached an education level equal to a high school diploma by passing the five GED tests. To prepare for these tests, the Seattle Community Colleges offer GED courses which cover the subjects on which students will be tested: reading, writing, mathematics, science and social studies, as well as test taking skills. Students must be at least 16 years old to enroll in GED courses or to take GED exams. These courses are low cost and the fee may be waived for low income students. Call the department for fee information.

HIGH SCHOOL COMPLETION
(206) 764-5805

High School Completion offers students who have not completed work for a high school diploma the opportunity to earn the diploma through one of two options. Students planning to work toward a high school diploma need to bring in an official transcript to be evaluated. Prerequisite: qualifying score on the COMPASS examination.

An individual enrolled through Running Start who satisfactorily completes an associate’s degree, including an associate of arts degree, associate of science degree, associate of technology degree, or associate in applied science degree, shall be awarded a state high school diploma from the college upon written request from the student.

See pages 22–23 for detailed information on High School Completion; also see Career Link, this page.
INTENSIVE ENGLISH PROGRAM

(206) 764-5360

The Intensive English Program (IEP) is a self-supporting program offering a variety of accelerated English as a Second Language courses for international students. The majority of IEP students are preparing for academic and technical programs here at South. Additional programs include customized short-term English programs for international groups, and the Summer Institute, a study-tour program highlighting communicative skills and sightseeing in Seattle.

Successful completion of the IEP enables students to enter one of the college’s academic or technical programs without a TOEFL requirement or further placement testing.

See page 25 for more information on International Programs.

TRAVEL/STUDY ABROAD

(206) 764-5360

Assistance with identifying educational opportunities abroad is available through the International Programs Office. Explore information on exchange programs in Japan, Denmark and Italy; Service Learning though the Seattle Community Colleges Global Impact programs in Vietnam, Peru, Tanzania and India; and the quarter-long programs in Spain, Costa Rica, London, Italy, and Peru. See the Study Abroad Advisor to select courses that will apply to South’s degree requirements.

See page 25 for additional information on district-wide Travel/Study Abroad Courses.

WORKER RETRAINING Program

(206) 764-5835

The Worker Retraining program offers a variety of services to dislocated workers: individuals who have been laid off and are collecting unemployment insurance, have been issued a WARN notice, are displaced homemakers, or had to close a small business due to the economic downturn. To get a new start on a career, interested individuals should attend a Worker Retraining Orientation Session. Worker Retraining helps recipients to gain new skills in order to return to the workforce in competitive wage jobs. Services may include:

- Tuition assistance (subject to income guidelines and availability of funds)
- Help with applying for other funding such as Federal Trade Act Assistance, NAFTA and regular financial aid
- Educational planning
- Interest assessment
- Career advising/counseling
- Job search skills
- Internships
- Job placement

See page 26 for additional information on the Worker Retraining Program.
South Seattle Community College’s Georgetown Campus is located on a 19-acre parcel of land in the heart of Seattle’s industrial zone, Washington’s largest manufacturing center. The area is home to more than 4,000 businesses and 70,000 employees, supporting the largest number of family-wage jobs in Seattle. The campus is located near major airport, seaport and manufacturing operations, making it an ideal location for industrial and craft training and related services. South Seattle Community College supports a strategic objective to provide quality workforce training and apprenticeship opportunities that meet high occupational needs. The Georgetown campus hosts the Apprenticeship and Education Center, the Puget Sound Industrial Excellence Center (PSIEC), the Washington Safety and Health Training Institute (WASHTI) and multiple community and educational programs.

The Georgetown Campus consists of five training and instructional facilities with more than 100,000 square feet dedicated for classrooms, labs and offices. New buildings feature classrooms with increased technology and flexibility for instruction. Labs provide larger spaces for instruction and hands-on learning indoors. The new Gene J. Colin Education Facility is an excellent state-of-the-art space for classroom instruction, conferences and seminars, allowing for short-term and contracted training and community and business collaboration through the Puget Sound Industrial Excellence Center.

### Apprenticeship & Education Center

(206) 764-5350
http://georgetown.southseattle.edu/

The Georgetown Campus trains more than 4,000 apprentices and journey-level workers annually in 20 different trades. Each of the training centers provides classroom and laboratory space with training equipment focused upon specific trade needs. Each program offers certificate options. The various certificates plus an associate of applied science degree option, provide students with flexibility to reach their educational goals. The apprenticeship programs offer immediate employment while training at family-wage jobs. Students learn in the classroom and labs and obtain practical hands-on experience in industry. Upon completion, the student is knowledgeable and experienced in his or her chosen trade or occupation. Programs usually last 3-5 years. General requirements are that participants be 18 years of age; possess a valid driver’s license; and go through a selection process which may include, but is not limited to, both written and physical testing, drug testing and an interview by a joint apprenticeship committee. The Apprenticeship & Education Center is currently cooperating with Joint Apprenticeship Committees to provide related and supporting instruction for apprentices and journey-level students in the following areas:

**PUGET SOUND INDUSTRIAL EXCELLENCE CENTER**

(206) 764-5350  
http://georgetown.southseattle.edu/  
The Puget Sound Industrial Excellence Center (PSIEC) serves as a focal point for business, labor and community in support of economic development, educational opportunities, family wage jobs and global competitiveness in greater South King county. The PSIEC provides customized workforce training in manufacturing, construction, bilingual safety training and small business operations. New training programs focus on green jobs training, including energy conservation, energy auditing, building science, and environmental sustainability practices. As part of the Seattle Community Colleges, the PSIEC has direct access to a wide range of high-quality instructors and training resources. The center also hosts career fairs and workforce development initiatives.  
PSIEC Programs & Services include:  
- Green Jobs Training  
- Computer Skills Training  
- Safety Training/Accident Prevention  
- Specialized Craft Training  
- Workforce Development Initiatives and Events

**WASHINGTON STATE SAFETY INSTITUTE**

(206) 764-5350  
http://georgetown.southseattle.edu/  
The Washington Safety and Health Training Institute (WASHTI) is a coalition of apprenticeships, labor, government, businesses and community-based agencies committed to training and promoting workplace safety. WASHTI provides training in industrial first aid as well as classroom and online OSHA 30 instruction. Students gain hands-on experience in fall protection, scaffold and ladder safety, staging and leading edge training, equipment safety, confined spaces, and trade specific ergonomics. Safety and health awareness curriculum is designed to meet the short and long term needs of industry.
South Seattle Community College offers degrees and certificates in more than 20 workforce education areas. These programs, which vary in length from one to seven quarters, are designed to prepare students for careers and/or to expand skills in their career area. Several professional-technical programs offer short-term training certificates; students may build skills and add certifications over time to progress in their fields. Contact the program office for information. South Seattle Community College is accredited by the Northwest Commission of Colleges and Universities.

**AERONAUTICAL TECHNOLOGY**

**Aviation Maintenance Division (206) 764-5394**

South offers both certificate and degree programs in Aviation Maintenance and Aeronautical Technology.

The Aviation Maintenance certificate program offers a preparatory program in airframe and powerplant (A&P) mechanics. The two-year (8 quarters) curriculum provides training on current aviation airframes and powerplants. Students who successfully complete the curriculum are awarded a certificate of completion qualifying them to take the Federal Aviation Administration examination for the airframe and powerplant mechanic license. Either the airframe or the powerplant component may be taken separately. Completion of both components is highly recommended for increased employment opportunities. Students may qualify for advanced program placement if they provide acceptable documentation from any F.A.A. certified airframe and powerplant program and meet the course challenge requirements.

The aviation maintenance airframe and powerplant curriculum is approved by the F.A.A. (Air Agency Certificate # HQ6T956N).

The A.A.S. and A.A.S.-T degree programs provide graduates of recognized airframe and powerplant programs and experienced F.A.A.-certified mechanics the opportunity to expand their knowledge and training, and earn an Associate of Applied Science degree.

Prereq: Minimum Compass Test Scores: Writing = 65, Reading = 75, Math = 54 Prealgebra.

ESL/Compass Scores: Grammar & Reading = see Compass; Listening = 75.

**Aviation Airframe Mechanic**

### Apprenticeship Programs

South Seattle Community College (SSCC) provides an Associate of Applied Science degree option for students already enrolled in an approved SSCC Joint Apprenticeship and Training Council (JATC) apprenticeship program in the following areas: Electricians, Boeing Machinist, Puget Sound Electricians, Sprinkler Fitters, and Metcutters.

Students enrolled in apprenticeship classes who are interested in this degree should contact their Apprenticeship Coordinator for more information and specific details.

The A.A.S. degree is 90–100 credits. Degree requirements are fulfilled in the following categories:
- Hands-on apprenticeship training . . . . . . Maximum of 22 credits
- On-site apprenticeship classes . . . . . . Various over 2–5 years
- General Education classes . . . . . . Minimum of 13 credits
- Elective classes . . . . . . Various from 5–29 credits

### Auto Body Collision Repair

**Automotive Collision Technology Training Center**  
(206) 764-5391

Individuals employed in automotive collision, repair, and refinishing face constant challenges and variety. Career opportunities include frame technicians, body technicians, refinish technicians, advanced positions such as shop managers and owners, damage appraisers, and insurance adjusters. The curriculum is modular and competency-based, and program completion generally requires seven quarters. Advanced standing may be granted for work experience and/or related training.

The Auto Body Collision Repair program is a NATEF/ASE Master-certified training program and offers ASE certificate options. See an instructor for more information.

The A.A.S. degree provides an opportunity to develop leadership and communication skills and increase general knowledge.

There are additional costs for books and supplies. Each student is responsible for the purchase of certain supplies and required tools before the instruction begins.

AUTOMOTIVE TECHNOLOGY
Automotive Technology Training Center
(206) 764-5391

The Automotive Technology program qualifies students for employment in auto maintenance and related fields. Additional career opportunities include advancement to auto shop supervisor, service department head, auto service advisor, sales representative, and shop owner. The certificate program can be completed in six quarters. The A.A.S.-T degree provides an opportunity to develop leadership and communication skills and increase general knowledge. There are additional costs for books and supplies. Students are also responsible for the purchase of required materials such as hard-toed boots, coveralls and tools (minimum $300).

The Automotive Technology program is a NATEF/ASE Master certified training program and offers ASE certificate options. See an instructor for more information.

Medical Office Clerk
The Medical Office Clerk certificate program prepares individuals to work in a variety of medical office facilities including hospitals, clinics, physician, dental, optical, chiropractic and physical therapy offices, insurance companies and government offices. Emphasis is on interpersonal communication, insurance billing, medical terminology, software programs and conversational skills in a medical setting. Skill development includes clerical functions, keyboarding, billing and patient relations.
Prerequisite: Enter program with 25 wpm keyboarding skills, or take BUS 104 first.

### COMPUTING TECHNOLOGY

**Technical Education Division (206) 764-5365**

The Computing Technology program provides the opportunity to learn IT fundamentals and prepares the student for industry certification exams such as A+, Network+, Linux+, and CCNA. The program is designed for maximum flexibility in career choice and adaptation to changes in this industry. Specialized labs provide essential hands-on training in installation, maintenance, troubleshooting, and performance tuning of networks and in specialized software for Web Design students. Computing Technology offers three Associate of Arts degrees: Network Administrator, Network Technician, and Web Media and Technology. These degrees may be completed in approximately two years. Call for additional options.

#### Network Administration

This program is for students who want to specialize in IT networking and become decision-makers relating to the design, implementation, security, and management of computer networks. Students work with hardware operating systems, LAN, WAN and wireless environments. The program constantly evolves along with the fast-changing networking world.

#### GENERAL EDUCATION ELECTIVES

Minimum of 5 credits in one of these areas:

- Visual, Literary and Performing Arts
- Individuals, Cultures and Societies

**TOTAL CREDITS** 98
**CULINARY ARTS**

Culinary Arts Department (206) 764-5344  
www.chefschool.com

Restaurant industry leaders recognize that the Culinary Arts program at South Seattle Community College provides outstanding culinary arts training. The prestigious American Culinary Federation Educational Institute accredits South’s Culinary Arts Program. The department works closely with the hospitality industry to develop innovative, realistic programs that provide students with skills needed for successful employment.

Culinary Arts students learn the food production skills necessary to operate multifaceted food service operations on campus. A Food Court features a cafeteria with classic and contemporary menus, a short order grill, grab-and-go items, and a delicatessen. Two waited-service dining rooms, Café Alki and Alhadeff Grill, feature cooked-to-order menus with preparation typical of upscale restaurants in the Northwest. Food management classes train students in inventory control, operations analysis, purchasing, production, supervision, and personnel management. Students prepare for careers in dining room service, food production, and supervision for hotel, restaurant, catering and institutional food service operations.

The Culinary Arts and Pastry and Baking Arts programs require all uniforms, tools, and books which will be used throughout the program to be purchased by the first day of class. Please check with the Culinary Arts Office at (206) 764-5344 for a complete list of uniform and tool kit options, prices, and for a list of required texts.

PAstry & BAKING ARTS

Culinary Arts Department (206) 764-5344
www.chefschool.com

The Pastry and Specialty Baking program covers basic and advanced skills in pastry and specialty baking and decorating. It includes cakes and Danish; French and Swiss pastries; fancy desserts; confections; tortes; fillings; specialty breads; decorating; and sugar and chocolate work. Graduates are prepared for pastry positions in hotels, fine restaurants, clubs, and a variety of positions in retail and wholesale bakeries. This program is accredited by the American Culinary Federation Educational Institute Accrediting Commission.

**DIESEL & HEAVY EQUIPMENT TECHNOLOGY**

**Diesel Technology Training Center (206) 764-5391**

Graduates of this program find career opportunities in trucking, heavy equipment, construction, industrial machinery, marine diesel, and materials handling. Additional and more advanced opportunities may be available as shop service representatives, service managers, foremen and construction equipment superintendents.

The certificate program can be completed in six quarters. Advanced standing may be granted for work experience and/or related training. The Associate of Applied Science degree builds upon previously acquired knowledge and skills to develop leadership and communication abilities.

There are additional costs for books and supplies. Students are responsible for getting required tools before instruction begins.

ENGINEERING TECHNOLOGY

Academic Programs (206) 768-6600

Engineering technicians play a key role in implementing designed solutions to technical problems. These tasks are accomplished with a solid background in mathematics, physics, and applied engineering, as well as skills in problem-solving and creative thinking. Successful graduates of the engineering technology program are qualified to seek employment as engineering technicians or may transfer to a four-year college to pursue a degree in Engineering or Engineering Technology.

LANDSCAPE HORTICULTURE

Technical Education (206) 764-5394

The Landscape Horticulture program offers training in landscape design and construction, greenhouse and nursery operations, irrigation systems, plant problem diagnostics, pruning, plant identification, soil science and much more. Students may choose between a certificate program, an Associate of Applied Science degree or individual courses to meet specific needs. Graduates typically find employment in landscape construction firms, pest management services, tree care companies, garden centers, wholesale nurseries, park maintenance departments and greenhouses. There are many opportunities for self-employment in this field.

NURSING
Nursing (206) 768-6654
www.southseattle.edu/programs/nursing.htm

Nursing programs offered by South include Certified Nursing Assistant, Licensed Practical Nurse and the Licensed Practical Nurse to Registered Nurse Ladder Program which can lead to an Associate of Applied Science -T degree.

Certified Nursing Assistant
This one-quarter course prepares students for the certification test for an entry-level position in the health care field. It includes 50 hours of actual skills applications at a clinical site.

Certificate
NUR 170 CNA – Basic Health Care .............. 12

Licensed Practical Nurse
Students are admitted into this program on a competitive basis. Details of the application process are on the website. Students build on what they learned in the Certified Nursing Assistant (CNA) course in this three quarter program. Upon successful completion of the program, students are qualified to take the Washington Practical Nurse state examination to become an LPN.

PREREQUISITES/RELATED INSTRUCTION
A current CNA license in Washington State, and a 2.0 in all nursing prerequisites:
BIOL & 241 Human Anatomy & Physiology I ............... 5
BIOL & 242 Human Anatomy & Physiology II .......... 5
BIOL & 260 Microbiology ................................ 5
ENGL & 101 English Composition I ...................... 5
MATH & 107 Math in Society ............................. 5
PSYC & 200 Lifespan Psychology ...................... 5

Certificate
TECHNICAL SPECIALTY COURSES
NUR 171 LPN I – Fundamentals of Nursing ........ 12
NUR 172 LPN II – Medical Surgical Nursing ......... 12
NUR 173 LPN III – Medical Surgical Nursing II ....... 12
NUR 174 LPN IV – Maternity/Pediatrics .............. 12

TOTAL CREDITS 78

LPN to RN Ladder Program Associate of Arts - T Degree (A.A.S.-T)
Students must first successfully complete an LPN certificate program and the general education and related instruction requirements.

PREREQUISITES/RELATED INSTRUCTION
A minimum of 36 credits from an accredited Practical Nursing program; have a current LPN license in Washington state, and a 2.0 cumulative GPA in prerequisite courses, including:
BIOL & 241 Human Anatomy & Physiology I ........ 5
BIOL & 242 Human Anatomy & Physiology II ........ 5
BIOL & 260 Microbiology ................................ 5
ENGL & 101 English Composition I ...................... 5
MATH & 107 Math & Society ............................. 5
PSYC & 200 Lifespan Psychology ...................... 5

TOTAL PREREQUISITE COURSES 30

The prerequisite courses count in the degree

TECHNICAL SPECIALTY COURSES

### SUPERVISION & MANAGEMENT

**Technical Education (206) 764-5394**

Designed for middle managers seeking to sharpen their skills or attain a promotion, the Supervision and Management program is also open to employees who are interested in advancing to management.

Levels of recognition are provided during progressive phases of the program, including a Certificate in Personnel Management (upon completion of six specific courses), a Certificate in Nonprofit Leadership (upon completion of six specific courses), a Certificate of Achievement (upon completion of a minimum of 55 credits), and an A.A.S. degree (upon completion of the required course of study). The Supervision and Management program is articulated to four-year institutions.

### TRUCK DRIVING, COMMERCIAL

**Technical Education (206) 764-5394**

The Commercial Truck Driver training program provides training for long-distance truck drivers, local drivers, dispatchers and inner-city bus drivers. Students learn technical aspects of driving various sizes and combinations and gain the knowledge and skills needed to operate today’s highly sophisticated commercial vehicles. Students use a truck simulator on campus as well as perform actual range and road driving in various commercial vehicles.

The program includes 360 hours of training. Requirements for enrollment are a valid Washington driver’s license, a Department of Transportation (DOT) physical examination (form available from Department of Licensing), Commercial Driver Licensing (CDL) learner’s permit endorsement, and a copy of the student driver’s license abstract.

The program also offers an A.A.S. degree with additional courses from the Diesel and Heavy Equipment Technology program.
WELDING FABRICATION TECHNOLOGY

Technical Education (206) 764-5394 & (206) 764-5352

Metal fabrication and welding are important components of many trades and the demand for trained welders and fabricators continues to rise. Job opportunities and skill needs are diverse, including general and production welding, blueprint reading, layout, cutting and fitting, finishing and materials handling.

Training includes all aspects of welding and fabrication operations including blueprint reading, planning operation sequence, applying geometry, heat effects and metal properties, layout, positioning, fitting, welding and material handling. Special projects are also offered for the journey-level welding fabricator desiring to update skills and certification.

Graduates are prepared for positions such as welders, fabricators, shop supervisors, estimators and shop owners in boatbuilding, automotive, machine fabrication, commercial fishing gear, piping systems, and building construction and maintenance. This program prepares students to pass welder certification tests through the Washington Association of Building Officials (WABO).

WINE INDUSTRY TRAINING

Culinary Arts (206) 764-7942 http://nwwineacademy.com
The program provides introductory and professional development classes relating to the wine industry, including certificates, Associate of Arts and Associate of Arts – T degrees in these areas: Wine Making (learning to produce quality wines and develop an individual style of wine); Wine Marketing and Sales; and Food and Wine Pairing (the intricacies of bridging food and wine). The program prepares individuals for careers in the wine industry, and provides advanced skill training for those already employed in the industry. Must be 21 years or older to apply.

### INTERNSHIP/COOPERATIVE EDUCATION

Career Development Services
(206) 764-7935
http://careerservices.southseattle.edu/internship.html

The Internship Program offers the opportunity to apply what students learn in class in a professional setting. Internships are credit-bearing experiences that complement classroom learning and require permission. The Internship Office provides regular orientations and support for any South student who is interested in learning more. For additional information, visit the website.
Welcome

Programs at Seattle Vocational Institute lead to jobs with a future, personal achievements and educational advancement. SVI is a division of Seattle Central Community College and collaborates with colleges in the Seattle Community College District as well as with business, labor, government and community-based organizations.

SVI is located in the heart of the city’s Central District and is the area’s largest delivery system for short-term workforce training and education leading directly to employment.

- Basic skills courses enable students to improve their reading, writing, math and critical thinking skills
- Short-term, open-entry job training programs lead to real-world jobs with livable wages
- Personal and professional development courses are designed to enhance the development of individual potential and success in the workplace

This independent job-training institute joined the Seattle Community College District as part of the State Legislature’s 1991 Workforce Training and Education Act.

MISSION

The Seattle Vocational Institute provides basic skills, vocational and workforce training opportunities through competency-based, open-entry, short-term programs that lead to jobs with a future, personal achievements and educational advancement, collaborating with business, labor, government and community groups.

GETTING STARTED at SVI

Admissions (206) 587-4945
Bright Future (206) 587-6304

Registration (206) 587-4980
Student Assistance (206) 587-4969
Worker Retraining (206) 587-4936

LEARNING OUTCOMES

The success of SVI’s workforce training programs is best measured by:

- the number of students who successfully complete their training programs
- the number of students placed into jobs upon program completion
- the level of wages earned by program completers in their first placement upon completion
- evidence that SVI graduates successfully retain jobs
- the number of students who participate in further education and training

ADMISSIONS
(206) 587-4945
Admission to Seattle Vocational Institute is open to anyone who meets the following criteria:
- is competent to profit from the curricular offerings of the institute and
- is 18 years or older or
- is a high school graduate or has a GED or
- has applied for admission under the Bright Future (Running Start) program or
- is 16 years or older and is seeking a GED (with Seattle Public Schools’ approval)
Applications for Admission are accepted on a continuing basis. Admission is required for students pursuing a Certificate of Completion in a vocational training program. Admission standards vary from program to program. Students need to meet the criteria for the individual program, ability to benefit, and/or test requirements. Each program’s requirements are listed on that program’s profile page.

ABE/GED
Free open-entry classes are offered for Adult Basic Education and GED classes for those that qualify. The Educational Planning Workshop is the first step. Contact the Admissions Office for Educational Planning Workshop dates.

ESL
Free open-entry English as a Second Language classes are offered on a space available basis. The first step is an ESL evaluation. Contact the Admissions Office for ESL evaluation dates.

REGISTRATION
(206) 587-4980
Admissions Process
Applying for college can be an overwhelming experience. At SVI we take it one step at a time. We have a process that helps the student determine career goals and how to attain them, and SVI provides support every step of the way. Seattle Vocational Institute is the “Steps to Success School!”

Step 1 – Begin the Admission Processes/Meet with the Admissions Specialist

1. Fill out admission forms (Application for Admission) including the WRT preliminary application and turn in to Admissions staff between 8 a.m. and 4:30 p.m. in room 111.
2. Have high school transcripts or GED sent to SVI Registrar directly. Please see an Admission Specialist if you...
did not graduate from high school or did not obtain your GED.

Step 2 – Apply for Financial Aid/Funding
Office is open 8 am - 4:30 pm in room 111A. Also check for WRT, WBL, or OG funding eligibility in WorkForce Development Office—room 109.

Step 3 – Attend an ESL Evaluation if English is not your native language.
Check with Admissions for the exact schedule.

Step 4 – Attend an Educational Planning Workshop
The Educational Planning Workshop runs consecutively most weeks for three half days, Tuesdays, Wednesdays and Thursdays 1-5 p.m. Evening Educational Planning Workshops are also available from 5-9 p.m. for three evenings several times within the quarter. The workshop consists of the following:
1. Admissions, Funding, Child Care, Background Check, Math & Reading Warm-ups
2. Programs, Goal Setting, Life Skills, Orientation, Math Review
3. CASAS Testing

Step 5 – Follow Through on all Requirements
1. Work to improve your reading and/or Math skills if your CASAS scores need to meet minimum levels for your program. Attend free Intensive Labs if necessary. Take CPAt test if necessary.
2. Make sure your Funding (FA, OG, WRT, WBL, SP) is secured.
3. Make sure high school transcripts or GED have been received by SVI Registrar.

Seattle Vocational Institute now offers programs and courses that bear credits. Students applying for graduation must complete the required course credits mandated with a cumulative attendance percentage of 85%. Please be aware of certificate program requirements. Due to the nature of vocational education, SVI does not allow for Advanced Placement, Transfer of Clock Hours and/or Credit from another school and does not recognize prior and/or experiential learning for credit.

**FINANCIAL AID** and Assistance
(206) 587-4977
Federal and state financial assistance is available for students attending SVI.
Depending on eligibility, assistance consists of work study and grants, including Pell Grants, State Need Grants, Worker Retraining, WorkFirst funding, and Federal Supplemental Opportunity Grants.
Funding and Financial Aid information is given in the Educational Planning Workshop. Financial aid application information is electronically transmitted to a federal processing center.
Early application is encouraged. Late applicants may have their entry into school delayed. In order to maintain financial aid eligibility, students must maintain satisfactory academic and attendance progress.

**College Refund Policy**
Students must complete an Add/Drop Form for a refund to be issued. Refunds will be made as stated below subject to a $5.50 administration fee. (In those instances where the fee subject to refund is less than $5.50, the minimum forfeiture will be reduced to that amount.)
Withdrawal due to class cancellation by the institution...100%
Withdrawal prior to the first day of class (less admin. fee)...100%
Withdrawal during the first five instructional days of class (less admin. fee)..................100%
Withdrawal from the 6th instructional day through the 20th calendar day of the quarter (less admin. fee)...50%
NOTE: This tuition and lab fee refund schedule applies to regular SVI programs only. Tuition refund policies for customized programs are defined in the training agreement for each customized program.

**PROGRESS, GRADES & TRANSCRIPTS**

**Attendance**
Students must maintain an average of 85% total attendance for Satisfactory Attendance Progress.

**Grades**
Seattle Vocational Institute uses the decimal/letter grading system of the Seattle Community College District VI. See page 38 of this catalog.

**Satisfactory Academic Progress**
Student Progress Policy (District Policy 311) says that students are expected to make satisfactory academic progress while enrolled at the Seattle Community Colleges. Satisfactory progress means that students are passing and completing their coursework in their educational programs.
To maintain Satisfactory Progress, all students must pass each and every class with a minimum 2.0 GPA and maintain an 85% attendance percentage. Individual programs of study may have additional requirements including higher GPA requirements for certain courses. Please see SVI Student Handbook for details.

Students enrolled at SVI who meet any of the following criteria will be contacted by college personnel and may be placed on probation:

- Students who do not earn a 2.0 GPA or better in every class
- Students who do not earn the individual program required GPA for particular classes or meet other requirements
- Students who do not achieve 85% or better attendance
- Students who have a pattern of not successfully making up attendance deficiencies by the 10th day of the subsequent quarter

Program Coordinators/Administrators will work with students to develop an educational plan and identify strategies and resources tailored to individual needs and circumstances.

Students who are in violation of one or more satisfactory progress standards will receive a letter from the college; it will be sent to the home address that is on record with the college registration office. The letter will explain what the student needs to do and resources that are available to help the student meet the student progress standards in the future.

**Probation & Reinstatement**

Students who fail to meet the satisfactory progress requirements during a college quarter will be placed on probation in the subsequent quarter and will be notified in writing of their placement on probation during that quarter. Students who fail to maintain the required GPA and/or the required attendance in each course will be placed on probation for one college quarter.

**Academic Probation**

Students who earn less than the required GPA at the end of each quarter for which they enroll, will be placed on Academic Probation in the subsequent quarter. They will be notified in writing of their placement on Academic Probation during that subsequent quarter. Students on probation cannot enroll in the next quarter of programs until the probation is removed.

- In order to end Academic Probation the student must meet with their lead or designated instructor on a weekly basis to discuss progress, repeat the course or courses in which a grade of less than 2.0 was awarded (less than 2.9 for Medical and Dental Assistant students) and achieve the required GPA.

**Attendance Probation**

Students unable to make up enough hours are withdrawn from the current quarter, placed on Attendance Probation and given until the end of that quarter to make up the missing hours.

Students who demonstrate satisfactory academic and attendance progress will be removed from probationary status. Students may not advance to the next quarter unless the probation status is removed.

**Enrolling and Withdrawing from Classes**

**Program Enrollment**

Students may enroll in programs prior to the first day of the session without instructor permission. Absolutely no documents will be processed after the tenth day of the session.

**Withdrawing from classes**

To officially withdraw from classes at Seattle Vocational Institute, students must complete an Add/Drop Form, available at the Registration Office. Students should return the Add/Drop Form to the Registration Office to officially withdraw.

- During the first 10 days of the college quarter, students may withdraw from a course without a “W” appearing on their transcripts.
- From the third week to the eighth week of the quarter, students may withdraw and a “W” will be recorded and will remain on their transcripts.
- After the eighth week of the quarter, students may not officially withdraw from a class, regardless of academic status. After a “W” is issued, the course may be repeated only once.

**Repeating a Course**

At SVI, students enroll in programs in cohorts. Students must complete all program courses for that quarter before enrolling in the next quarter’s courses for that program. If a student receives a “W” or a failing grade, the student must repeat and receive a passing grade for the course before being allowed to enroll in the next quarter’s program courses. A student is allowed to repeat the course one time. Under exceptional circumstances, the Executive Dean may allow an additional repeat.

**Grade errors**

Grade errors should be reported to the Registration Office within six months from the date of issue of that grade. Grade errors reported after this time may not be changed. Students are encouraged to consult with their instructors before initiating a grade review process.
Academic & Student SUPPORT SERVICES

Transcripts
Students who wish to obtain an official transcript (a copy of their permanent academic record) must make a request in writing to the Registration Office. This service costs $4 per copy and requires up to one week for processing. Official, sealed transcripts are generally required by other institutions when students transfer. Students may also obtain an unofficial copy of their transcripts at any time, at no charge.

Transcripts may be released directly to a student or a designated second party only upon presentation of positive identification (such as a driver’s license). Release of transcripts to a second party requires a written release from the student authorizing that person to pick up a transcript. Transcripts will not be released to a student’s parent without the student’s written consent or unless the parent can establish the student’s dependency as defined by the Internal Revenue Code of 1954, Section 152. Transcripts will not be released if students have not fulfilled all of their financial obligations to SVI and the Seattle Community College District.

Graduation Requirement
To earn a Certificate of Completion from Seattle Vocational Institute, students must complete all required courses within their vocational program, have a minimum GPA of 2.0, meet individual program requirements, and have a cumulative minimum attendance percentage of 85% of total program hours. Students must apply for graduation one quarter prior to completion. Please see the SVI Student Handbook for details.

Student Rights & Responsibilities
As a unit of Seattle Community College District VI, students of the Seattle Vocational Institute comply with the Student Rights and Responsibilities of the District.

See pages 39–44 of this catalog.

Policy, Fee & Program Changes
Policies and procedures contained in this catalog are subject to change by the SVI administration; SVI also reserves the right to change fee schedules, tuition amounts and program content.

Admissions & PROGRAMS
(206) 516-2948
The Admissions Coordinator can help individuals review program and course options, and can provide information about the job market.

Outreach Coordinators are available to assist students with placement in programs.

BOOKSTORE
See page 50 for the Bookstore at Seattle Central Community College.

CHILDCARE
(206) 344-4426
(206) 344-4489
First A.M.E. provides on-campus childcare for SVI students on a space-available, first-come, first-served basis. For information, call the numbers above.

DISABILITY Services Center
(206) 587-4183 (V/TTY)
Seattle Central Community College provides support services to help SVI students with disabilities meet their educational needs. Students with disabilities requiring accommodations are asked to contact the office at Central prior to registration, present certified documentation and meet with a counselor. There are two counselors, one who focuses on disabilities, and one who works directly with Deaf students.

See pages 43 and 48 for a complete description of disability support services.

FOOD Service
Vending machines and microwave ovens are available in the 2nd floor Cafeteria and the 5th floor Student Lounge.
JOB PLACEMENT & Career GUIDANCE

Workforce Development Office (WDO)
(206) 516-2940

New listings for full-time and part-time jobs are posted and updated in the SVI Job Resource Center. In addition, the WDO has computers for use in writing résumés. Information on employers and current wages for different occupations are also available. Pre-employment, Life Skills, and Stress Management workshops are offered periodically. These workshops provide information on how to manage stress, make initial contact with potential employers, write a résumé and interview successfully. Students who need personal counseling or assistance will be referred to appropriate community resources by a Student Assistant Specialist.

SAFETY & Security
(206) 587-4933

For all on-campus security issues, call this number. For serious emergencies, dial 911.

Security personnel are on duty every day; however, they are not responsible for loss or theft. Students should take appropriate precautions to keep their personal property safe.

The students’ well-being and safety are of utmost importance. It is vital that everyone follow strict safety procedures recommended in working with equipment in professional-technical classes. In the event of an on-campus accident or injury, students and faculty should report the accident to the Security Office so the injury can be addressed and an accident report completed. Do not hesitate to call 911 for serious injuries. Instructors must be notified if the accident occurs during class.

See pages 41 and 51 for additional information on personal safety.

Student ASSISTANCE
(206) 587-4969

A Student Assistance Specialist is available to help students determine life goals, solve problems, reduce stress and barriers to success. The Student Assistance Specialist is a resource for life issues and can provide referral services.

Student COUNSELING
(206) 516-3190

The Counseling Department is coordinated by a teaching and learning partnership which allows candidates of the University of Washington Master of Social Work Program to provide direct student services in counseling and mentoring for students under the direction of the SVI Counseling staff.

Worker RETRAINING

See page 26 for information on Worker Retraining.

WORKFIRST Program
(206) 516-2948

The SVI Work-First Program works in partnership with the Department of Social and Health Services (DSHS) to assist DSHS Work-First participants with tuition assistance and books. DSHS refers qualified participants to SVI for services including:
- Tuition assistance
- Educational planning
- Interest assessment
- Career advising/counseling
- Job search skills
- Internships
- Job placement
- Work-First Work Study

Interested WorkFirst participants should inform their DSHS Case Managers of their interest in attending SVI. The DSHS Office will in turn notify SVI.
ADULT BASIC EDUCATION

(206) 516-3198

The Adult Basic Education program is designed to enhance basic skill levels in math, reading, writing and critical thinking. The integrated instruction uses lecture/discussion, computer-assisted learning, small group work and independent learning in developing competence in Washington state learning standards for math, reading and writing. Classes are open-entry and available at no cost to the student on a space-available basis. The Educational Planning Workshop is required for entry.

COURSES INCLUDE:
- ABE 040 Levels 2–4 Integrated Basic Skills–Reading, Math & Writing

ENGLISH AS A SECOND LANGUAGE

Variable Length

Intermediate/advanced level classes are offered for non-native speakers of English. Emphasis is on vocabulary development, reading and writing needed to function effectively on the job, in a continued educational program, or in daily situations. Classes are available each quarter, at no cost to the student, on a space-available basis. Placement test required.

COURSES INCLUDE:
- ESL 050 English as a Second Language - Levels 4-6

GED: GENERAL EDUCATIONAL DEVELOPMENT Preparation

This open-entry/open-exit, variable-length course prepares adult students for the General Educational Development examination. It combines traditional instruction with computer-assisted and individualized learning appropriate to student needs. Students ready for final testing in one or more of the five subject areas will be assisted in making their appointments at the most appropriate GED testing location. Classes are offered each quarter at no cost to the student. Students may start at any time on a space-available basis. The Educational Planning Workshop is required for entry.

Courses include:
- GED 050 Basic GED Preparation Level 5
- GED 070 Intensive GED Preparation

BRIGHT FUTURE Program

(206) 587-6304

The Bright Future Program is a Running Start-funded program serving students from all area high schools. Students can complete all of their minimum graduation requirements at their high schools, and take vocational classes at Seattle Vocational Institute. The Bright Future program gives students an opportunity to start their college courses early by allowing qualified high school students access to accredited programs at Seattle Vocational Institute.

The program is designed to assist the participants in earning a high school diploma and a certificate of completion in one of SVI’s professional-technical programs. Students are eligible to enroll in the vocational programs of the Allied Health Division (Dental Assistant, Medical Administrative Specialist and Medical Assistant), Business Computers Division (Administrative Office Professional, Computer-Based Accounting and Network Technician), the Pre-Apprenticeship Construction Training program and the School of Cosmetology. Coursework completed at SVI counts toward high school graduation requirements as well as Professional-Technical certification. Bright Future students begin their college careers early and develop marketable skills for future employment.
Worker Retraining Program

(206) 587-4965

The Worker Retraining Program offers a variety of services to dislocated workers. A dislocated worker is an individual who:

- Is currently collecting unemployment insurance after a job layoff
- Has exhausted unemployment benefits within the past two years
- Was self-employed, and is now unemployed due to closure of their own small business
- Is a displaced homemaker who now has to return to work due to separation, divorce, or other inability of the financial supporting partner to provide
- Has received a WARN letter
- Is working in a not-in-demand job
- Has lost a job because of a disaster
- Is a recently separated veteran

Services are devoted to helping workers get a new start on a career in high-wage/high-demand jobs through the provision of tuition assistance. Additional services can include:

- Application assistance for Federal Trade Act Assistance
- Educational planning/interest assessment
- Career advising/counseling
- Job search skills
- Internships
- Job placement
- Advocacy for additional support from community partner agencies who offer Workers Investment Act Funding (WIA) and other funding sources

Finally, the Worker Retraining Program works in partnership with the Employment Security Department (ESD). One of the roles is reviewing Commission Approved Training applications (CAT) that authorize permission for people receiving unemployment benefits to retain their benefits while attending school.

Also see WorkFirst on page 169.

Allied Health

Acute Care Hospital Nursing Assistant
2 Quarters

40 Credits

Note: The program is not offered at the present time, but may be offered in the future. Please check with the SVI Admissions Office for current course offerings.

This competency-based training program prepares students for work in an acute care hospital setting. The program is designed according to industry-level standards. Emphasis is on in-patient care, interpersonal relations and treatment procedures. Students learn bedside care, admitting and discharge protocols, communication, specimen collection and testing. Care of both the surgical and long-term care patient is covered. The student will experience simulated procedures as well as the clinical practices necessary to demonstrate proficiency in all areas of content. Preparation for the Nursing Assistant Certification examination is an integral part of the curriculum. Each student will have 165 hours of training delivered in an actual clinic, hospital or nursing home setting prior to receiving the Certificate of Completion.

Dental Assistant
4 Quarters

72 Credits

The Dental Assistant Certificate of Completion Program has been granted full accreditation by the American Dental Association. This program prepares students for entry-level employment within the dental industry. Students are taught chair-side dental assisting through lecture, hands-on experience and 275 hours of externship. Classes are conducted in a state-of-the-art dental environment located at SVI, with dental services available on Wednesday and Thursday. Certified SVI instructors conduct classes and a licensed dentist lectures and demonstrates patient procedures. Coursework includes anatomy and physiology, medical terminology, clinical procedures, and specialty dental courses that prepare the student for employment following completion of the program.

Medical Assistant
4 Quarters ................................. 80 Credits

Medical Assistants are allied health professionals who perform a wide range of roles in physician’s offices, clinics and other health care settings. They are proficient in many clinical and administrative tasks and are vital members of the health care delivery team. The Medical Assistant Certificate of Completion Program teaches the business and clinical skills to become a Medical Assistant. This fully accredited program provides the mechanism for graduates to take the National Board Examination to become a nationally Certified Medical Assistant. Emphasis is on both front and back office. Front office skills include patient relations, medical insurance, finances, coding, anatomy and physiology, medical terminology, interpersonal communication skills, administrative procedures, skill development in computer usage and transcription. Back office skills include clinical skills such as medical and surgical asepsis, charting, patient prep, procedure set-ups, prioritizing, medication calculation and administration, EKG, diagnostic imaging theory, and lab skills such as hematology, urinalysis, basic microbiology and phlebotomy.

The SVI Medical Assistant program is accredited by the Commission on Accreditation of Allied Health Education Programs* (www.caahep.org) on recommendation of the Curriculum Review Board of the American Association of Medical Assistants Endowments (AAMAE).

* Commission on Accreditation of Allied Health Education Programs, 1361 Park Street, Clearwater, FL 33756. (727) 210-2350.
### Medical Administrative Specialist

3 Quarters | 60 Credits
--- | ---

A Medical Administrative Specialist manages the administrative duties involved in patient care and is the liaison between inpatient, outpatient and medical staff. Work settings may include hospitals, doctor’s offices, clinics and nursing homes. A typical day for a MAS would include patient reception, interpreting doctor’s handwriting, ordering and scheduling tests, chart assembly, data entry, verifying insurance, performing transfers, discharging and admitting hospitalized patients. Preparation to pass both the Certified Medical Administrative Specialist (CMAS) certification examination, administered by the American Medical Technologists (AMT), and the Certified Health Unit Coordinator (CHUC) certification exam, administered by the National Association of Health Unit Coordinators, Inc. (NAHUC), is an essential part of the program. The job outlook for this position is increasing due to population growth and expanding medical technology.

### Medical Laboratory Assistant/Phlebotomy

1 Quarter | 18 Credits
--- | ---

This one-quarter Medical Laboratory Assistant/Phlebotomy program provides students with the theory, skills and practice necessary to get hired as medical laboratory assistants and phlebotomists. Work settings may include hospitals, medical laboratories, blood banks, clinics, and doctor’s offices. A typical day for an MLA/Phlebotomist would include drawing blood, collecting other specimens, maintaining laboratories and supplies, informing and instructing patients, processing specimens, keeping accurate records, and communicating results. An essential part of the program includes preparation to pass the following: Certified Medical Laboratory Assistant (CMLA) and the Registered Phlebotomy Technician (RPT) certification examinations administered by the American Medical Technologists (AMT); the Clinical Assistant (CA) and the Phlebotomy (PHLEB) certification examinations administered by the National Accrediting Agency for Clinical Laboratory Sciences (NAACLS); and the Phlebotomy Technician (PBT) exam administered by the American Society for Clinical Pathology (ASCP). To sit for these examinations, medical laboratory assistants and phlebotomists must complete the required hours of work experience. The job outlook for these positions is increasing due to population growth and expanding medical technology.

**Administrative Office Professional**  
2 Quarters  
40 Credits

The Administrative Office Professional program prepares the student with the skills and knowledge needed for a satisfying career in today's business office. The program covers a wide variety of computer application software including MS Windows, MS Word, MS Excel as well as web-design software and MS PowerPoint to produce business documents. The office-simulated environment focuses on customer service and professional standards that meet the hiring needs of the modern office. This program includes an externship that provides students with an opportunity to use learned skills in an actual office environment.

**Computer-Based Accounting**  
3 Quarters  
60 Credits

The Computer Based Accounting Certificate of Completion Program prepares students for financial careers as bookkeeping, accounting, payroll, accounts payable, and accounts receivable clerks. Students will develop a solid understanding of business operations and accounting fundamentals and learn direct computerized accounting applications in QuickBooks software. In addition to Microsoft Office applications in MS Word and MS Excel, students receive training in time management, email applications and web browsing using a wide variety of search engines and the Windows operating system. Students learn professional skills, business communication, keyboarding, ten-key, business math and employment skills in a financial office simulation course, and on the job in an externship.

Network Technician  
3 Quarters  
60 Credits  
The 990 clock-hour Network Technician Program offers hands-on training based on the student’s aptitude, motivation, self-discipline and attitude. Students develop skills in PC hardware configuration, troubleshooting, repairing and upgrades, and learn operating system software commonly used for computers and networking, such as Microsoft and Linux. Strong emphasis is placed on basic marketable skill sets. Vendor-based equipment options such as CISCO, Intel and 3Com are investigated, practiced and evaluated. This program emphasizes critical thinking skills so that students can answer most of their own questions and perform research to resolve problems. In a 3rd quarter project students demonstrate expertise in a specific field of their interest based on their own proposal. Comprehensive CompTIA A+ Certified Service Technician exam preparation is included.

Cosmetology

Cosmetology  
5 Quarters  
100 Credits  
The Cosmetology Program includes training in multi-ethnic hairdressing and cosmetology services. A Certificate of Completion includes 1,650 hours of training. Students completing the program will be eligible for advanced placement towards an A.A.S. degree from Seattle Central Community College. The core curriculum is designed to prepare students for employment and to take the State Board of Cosmetology Licensing Examination. The School of Cosmetology is a Pivot Point Member School. Group and individual instruction utilizing Pivot Point techniques and specialized ethnic hair techniques for hair sculpting, scalp care, wet and thermal hair styling, ethnic hair care, hair coloring, permanent waving, chemical relaxing, skin care, make-up, manicures, pedicures and sanitary and safety measures are typical learning experiences. Advanced students gain additional experience involving customer work under the supervision of state licensed instructors in cosmetology. A detailed estimation of costs and tuition is available.

Salon Services  (206) 587-5477
The School of Cosmetology Salon is open to the public from 9:00 am until 7:00 pm on Tuesdays and Wednesdays and from 9:00 am until 5:00 pm on Thursdays and Fridays. The Salon is located at 1500 Harvard Avenue, Seattle, WA. Senior Citizens (65 years and older) receive a discount for all services rendered. A licensed Cosmetology Instructor is on staff during all salon hours.

PRE-APPRENTICESHIP CONSTRUCTION TRAINING (P.A.C.T.)

Pre-Apprenticeship Construction Training 2 Quarters 40 credits

The Pre-Apprenticeship Construction Training program is designed to assist adult men and women, especially people of color, to gain the skills needed to make them successful competitors for entry-level jobs in construction trade apprenticeship programs. Participants study and apply subjects and skills that are relevant to the work-sites of many occupations, and tour many apprenticeship schools and construction job sites. Students learn basic carpentry skills and terminology, shop math, and effective and safe operation of powertools and demonstrate their competency. Students learn and receive certification in forklift operation, road flagging, OSHA 10 safety, and first aid/CPR. There is additional emphasis on learning skills and adopting attitudes that lead to becoming a positive and productive member of any work-site team/organization. The focus is on building habits for success, including time management, understanding non-verbal communication, taking the initiative, group/team communication, and line/staff/team organization.

TOTAL CREDITS 40

Flagging Certification

This 7-hour course prepares students for the road flagging certification examination. Students learn how to establish and maintain a safe traffic flow in a construction zone and how to understand both hazardous and safe behaviors involved in a variety of flagger situations. Students review the materials that are needed to successfully pass the Washington State flagger certification examination. Call (206) 587-4950 for exact dates and room number.

MTA 165 Road Flagging Certification 0.5 credit

Forklift Certification

This 15-hour course trains students in the functions and parts of a forklift, OSHA forklift regulations, safety habits in forklift operation, and the proper picking, placing and moving of a variety of loads through the worksite. Students will also take the test to become a Washington State certified forklift operator. Call (206) 587-4950 for exact dates and room number.

MTA 172 Forklift Operation & Certification 1 credit

**Common Course Numbering (&)**

As of summer 2008, all Washington community colleges, including the Seattle Community Colleges, are using a Common Course Numbering (CCN) System. The system identifies courses that are equivalent at community colleges across the state to make it easier for students to transfer between two-year colleges.

Courses identified with an ampersand (&) are part of the CCN system (examples: ACCT& or HIST&). However, courses without an “&” will continue to transfer between two-year and four-year colleges under individual Direct Transfer Agreements (DTA), as in the past. For further explanation of the CCN system visit [www.seattlecolleges.edu/coursesSearch.aspx](http://www.seattlecolleges.edu/coursesSearch.aspx).
# COURSE/PREFIX Index

## PREFIX to Course

NOTE: Prefixes are revised to fit the statewide Common Course Numbering system implemented in Summer 2008. See pages 4 and 177 for further CCN information.

</table>
ACCT 110 (5) N
Intro to Accounting/Bookkeeping I
Covers development of the accounting cycle for the sole proprietor, covering service and merchandising, types of businesses, special journals, payroll and financial statements.

ACCT 120 (5) N,S
Intro to Accounting/Bookkeeping II
Explores specialized accounting procedures for merchandising businesses and partnerships. Intro to accounting for corporations. Prereq: ACCT 110 with 2.0 or higher.

ACCT 121 (3) S
Intro to Accounting Computer Applications I
Provides opportunity to complete applications using manual and computerized systems. Prereq: ACCT 110/111 with 2.0 or higher and concurrent enrollment in ACCT 120.

ACCT 131 (5) N
QuickBooks
Hands-on use of QuickBooks to record business transactions, prepare customer invoices, pay vendors and record payroll. QuickBooks organizes and summarizes all financial data and produces a myriad of reports.

ACCT& 201 (5) C,N,S
Principles of Accounting I
(Formerly ACC 210 – Financial Accounting Fundamentals I) Defines basic accounting concepts, principles and procedures for recording business transactions and developing financial accounting reports. Recommended: ACCT 110 or sophomore standing (S).

ACCT 214 (5) S
Accounting Systems
Computer applications of basic accounting concepts, principles and procedures, including but not limited to discussions of QuickBooks, Excel, and Microsoft Accounting. Prereq: ACCT 110, 120, &201 or &202 with 2.0 or higher.

ACCT 215 (3) N
Accounting for Small Business Owners
Gain skills in accounting and financing practices necessary to successfully operate your own small business. Learn cash flows; financing; cost-volume-profit analysis; controlling tax liabilities; insurance; federal, state and local reporting requirements; risk management; investing in long-lived assets and using ratios to evaluate operations.

ACCT 251 (5) N
Intermediate Accounting I
First of two intermediate courses which provide a comprehensive study of financial accounting theory and financial accounting reporting.

ACCT 252 (5) N
Intermediate Accounting II
Second of two intermediate courses which provide a comprehensive study of financial accounting theory and financial accounting reporting. Prereq: ACCT& 202 or ACC 220 or permission.

ACCT 255 (5) N
Individual Income Tax I
Intro to individual tax laws (as opposed to business tax laws). Includes preparation of many common forms.

ACCT 256 (5) N
Taxation of Corporations & Partnerships
Theory of taxation and application to the preparation of partnership and corporate tax reports and tax returns. Prereq: ACCT& 202 or ACC 220 and ACC 255 or permission.

ACCT 257 (5) N,S
Business Tax Accounting
Basic principles, practices and governmental regulations (federal, Washington state and local) involved in business tax accounting. Includes filing returns, record-keeping, tax planning, registrations and business licenses. Prereq: ACC 120 or ACCT& 202 (N) or ACC 220 or permission.

ACCT 258 (5) N
Practical Income Tax Preparation I
Builds on ACCT 225. Covers current tax year update information, training in tax preparation software, client information gathering and return preparation processes. Gain real experience working with clients preparing basic level tax returns in a structured environment. Prereq: ACCT 225 or permission.

ACCT 259 (5) N
Practical Income Tax Preparation II
Further develop individual income tax skills by reviewing the subtitles in the basic law practiced in ACCT 258. Learn new and more complex aspects of individual income tax. Study ethics in the profession and methods/resources to conduct basic independent research. Prereq: ACCT 255 & 258 or instructor permission.

ACCT 260 (5) N
Peachtree Accounting
A hands-on approach to learning Peachtree Accounting Software, widely used by service and merchandising businesses and accountants. Utilize various modules to prepare internal and external reports. Prereq: ACCT 110, ACCT& 201 or ACC 210 or permission.
ACCT 261 (5) N
Accounting Information Systems
Examines accounting information systems as part of enterprise resource planning systems. Focuses on the activities performed in the major business cycles and the flow of accounting data and information in those systems, whether manual or computerized. Includes systems analysis, design and implementation, internal controls, fundamental database concepts, and flowcharting.

ACCT 264 (5) N
Tax Research and Advanced Topics
Learn federal tax research and IRS tax dispute resolution procedures and skills. Covers ethics related to professional tax preparation and representation. Includes a comprehensive study of tax law as it applies to gifts, estates and trusts. Prereq: ACCT 255.

ACCT 265 (5) N
Accounting for Not-for Profit & Governmental Entities
Covers basic accounting principles and practices as applied to governmental and nonprofit entities; emphasizes use of funds in planning, budgeting and controlling operations of such agencies. Prereq: ACCT& 202 or ACC 220 or permission.

ACCT 270 (5) N
Cost Accounting
Study of the measurement, analysis, and reporting of financial and non-financial cost information relating to the acquisition and use of resources in the organization. Prereq: ACCT& 203 or ACC 230 or permission.

ACCT 275 (5) N
Auditing
Intro to generally accepted auditing standards, the auditor’s opinion, professional ethics, audit evidence, internal control, and audit procedures Prereq: ACCT 251.

ACCT 290 (2-5) N
Independent Study in Accounting
Collaboration between student and instructor to perform research in the field of accounting. Prereq: Permission.

ACCT 298 (1-5) C
Special Topics — Accounting
Seminar on selected topics or activities in accounting. Prereq: Permission.

ACCT 299 (1-5) C
Independent Study — Accounting
Independent study of selected accounting topics. Prereq: Permission.

ADULT BASIC EDUCATION

ABE 020 (1-15) C,N
Adult Basic Education — Level 2
Covers reading, writing and math skills. Review and apply language skills, correct usage and spelling. Math includes computation and application problems with addition, subtraction, multiplication and division. Prereq: Division placement test.

ABE 021 (1-15) C,N
Adult Basic Education — Level 2 Math
Covers addition, subtraction, multiplication and division of whole numbers.

ABE 022 (1-15) C,N
Adult Basic Education — Level 2A Communication Skills
Learn to participate in groups, recognize learning styles, recall and restate information. Covers reading using simple, familiar materials such as menus, signs, work schedules. Learn writing by completing personal information on forms, copying text and writing in simple sentences.

ABE 024 (1-15) C,N
Computer Assisted ABE — Level 2
Computer lab class provides an opportunity to practice basic skills learned in class or learn new skills independently. Use popular computer programs as well as specialized basic skills software. Emphasizes keyboarding and computer literacy skills for those new to personal computers.

ABE 030 (1-15) N,S
Adult Basic Education — Level 3
Concentrates on reading comprehension, making inferences, recognizing fact and opinion, vocabulary development and writing simple paragraphs. Prereq: ABE 020 (N,C) or division placement test.

ABE 031 (1-15) C,N,S
Adult Basic Education — Level 3 Math
Review of whole numbers. Concentration on fractions and decimals. Intro to percents. Prereq: ABE 021 or division placement test (N,C).

ABE 032 (1-15) C,N,S
Adult Basic Education — Level 3 Communications Skills
Covers reading, writing and communication skills for review of basic grammar, punctuation and spelling. Concentrate on reading comprehension, main idea, vocabulary development, making inferences. Covers single paragraph writing. Prereq: ABE 031 or division placement test (C).

ABE 034 (1-15) C,S
Computer-Assisted ABE — Level 3
More advanced computer-assisted practice in reading, writing and math. Learn from textbooks, fiction, policies and procedures manuals, and purchase agreements. Write resumes, reports and formal letters. Compute percentages, ratios, proportions, simple formulas and interpret graphs and charts.

ABE 040 (1-15) C,N,S
Adult Basic Education — Level 4
Focuses on reading comprehension, making inferences, recognizing fact and opinion, vocabulary development, basic sentence patterns, paragraphs, punctuation, capitalization and correct word usage. Covers multi–paragraph essays. Prereq: ABE 030 or division placement test (N,C).

ABE 041 (1-15) C,N,S
Adult Basic Education — Level 4 Math
Review of ratio and proportion, percents and measurement. Prereq: ABE math level 3 or division placement test (N,C).

ABE 042 (1-15) C,N,S
Adult Basic Education — Level 4 Communication Skills
Further development of skills in reading, vocabulary, grammar and multi-paragraph essays. Prereq: ABE 030 or division placement test (N,C).

ABE 044 (1-15) C,N,S
Computer-Assisted ABE — Level 4
More advanced computer-assisted practice in reading, writing, math and test-taking skills. Instructional activities will improve general reading, writing, math and test-taking skills. Take practice tests and work with instructor until ready to take the college division placement test (C,S). Covers the basics of Microsoft Office applications. Self-paced with a high level of student/teacher interaction (N).

ABE 049 (1-15) C,N
Basic Skills Support
Provides specific support to assist students in completing Professional-Technical programs and building job-related language skills. Prereq: Concurrent enrollment in a Professional-Technical program.

ABE 054 (1-15) C,N
Computer-Assisted ABE — Level 5
Use computers to improve basic skills of reading, writing and math. Prepare to take the College Placement Test and receive scores high enough to enter developmental education courses in English and math. Take practice tests and work with instructor until ready for the actual test.
### Allied Health

**ABE 060** *(1-15) C,S*
**Adult Secondary Education ASSET/COMPASS Prep**
Preparation to pass exams needed to enter a college program.

**ABE 061** *(1-15) C*
**Adult Secondary Education Math Level 6**
Preparation to pass the math portion of the COMPASS exams.

**ABE 062** *(1-15) C*
**Adult Secondary Education – Level 6 Communications Skills**
Preparation to pass the Communications portion of the COMPASS exam needed to enter a college program. Emphasizes effective essay writing, reading college text and adapting to the college culture.

**ABE 064** *(1-15) C*
**Computer Assisted ABE – Level 6**
Advanced computer-assisted skill-building in reading, writing, math and test-taking. Prepare for the COMPASS Test. Take practice tests and work with instructor until ready to take the actual test.

**ABE 070** *(1-3) C,N,S*
**Educational Interview for ABE/GED Students**
Helps ABE/GED students at all competency levels identify their current abilities, characteristics, styles and readiness to learn. Intro to campus resources.

**HSC 091** *(5) C*
**EDP Skill Enhancement I**
Assessment portion of the National External Diploma Program (EDP). Measures reading, writing and math skills. Work individually with an instructor to identify skills needed for successful completion of the diploma program. [www.nedp.org](http://www.nedp.org)

**HSC 092** *(5) C*
**EDP Skill Enhancement II**
Project portion of the National External Diploma Program (EDP). Working with an instructor, complete five projects that demonstrate skills in 65 generalized competencies, including communication and computation. Demonstrate occupational preparedness by completing a sixth individualized project based on employment or other specific experiences. Must complete these projects with 100% accuracy.

### Allied Health (Continued)

**AHI 100** *(3) N*
**Intro to Medical Vocabulary**
General survey of medical terminology introducing health service workers to the basic rules and fundamentals in medical vocabulary-building.

**AHE 100** *(5) N*
**Critical Thinking & Communication Skills in Health Care**
Build skills in thinking, reading, writing and oral communication related to health care occupations. Focuses on critical thinking and effective communication. Practice teaching these skills and making presentations. Prereq: ENGL 097/098 or placement in ENGL& 101.

**AHE 101** *(8) S*
**Front Office Medical Assisting Procedures**
Provides skills needed for employment in a call center environment. Emphasizes practical skill development and application of policies and procedures within company guidelines.

**AHE 103** *(3) N*
**Math for Health Careers**
For those entering health care medical programs. Review basic arithmetic and algebra and apply concepts to health care of children and adults. Covers decimal and fractional numbers, ratios, percents and basic algebra techniques to solve equations involving unknowns and proportions. Prereq: MATH 081 or placement into MATH 084 and permission. Recommended: ENGL& 101.

**AHE 104** *(9) S*
**Medical Office Procedures & Document Processing**
Learn basic administrative skills and procedures using MS Office Suite and keyboarding, including creating patient medical documents. Includes appointment processing, written and oral communications, medical records management, filing systems, office environment and patient education. Prereq: Typing 35 wpm, CASAS Reading score of 220 and basic skills in Microsoft Office Suite.

**AHE 105** *(10) S*
**Medical Terminology, Insurance Billing & Coding**
Includes medical terms, therapeutic interventions, pharmacology and surgical terms. Intro to medical insurance processing, coding, claims and the use of Medisoft for invoicing and scheduling for ambulatory care settings, dental offices and hospitals. Prereq: Typing 35 wpm, CASAS Reading score of 220 and basic skills in Microsoft Office Suite.

**AHE 108** *(5) N*
**Bridge to Success**
Preparation for entry into chosen health care programs. Focuses on facilitating individual growth into a successful, competent and caring health care professional, with emphasis on the relationship and acquisition of study skills and job skills.

**AHE 111** *(9.5) C*
**Nursing Assistant**
Covers instruction and hands-on experience in basic nursing care skills and supervised clinical training in a long-term care facility. Develop job search skills. Prepare for the State of Washington Nursing Assistant Certified Examination, certification exam.

**AHE 117** *(1) C*
**Medical Terminology I**
Intro to medical terminology. Emphasizes vocabulary and knowledge to communicate with health care team. Prereq: Enrollment in Surgical Technology.

**AHE 118** *(5) N*
**Intro to Phlebotomy I**
Provides theory of basic blood collection techniques and supervised blood collection practice. Provides support for ESL and Adult Basic Education students.

**AHE 119** *(7) N*
**Intro to Phlebotomy 2**
Provides theory of basic blood collection techniques, supervised blood collection practice and a clinical externship of 120 hours. Provides support for ESL and Adult Basic Education students.

**AHE 124** *(4) S*
**Software Applications for Health Care**
Learn Patient Accounting Software. Features include standard HCFA health insurance claims forms, diagnoses codes, patient ledgers, statements, patient appointment book and specialized reporting. Take concurrently with Medical Coding and Insurance Processing (AHE 130).
**AHE 127 (1) C**  
**Medical Terminology II**  
Continuation of AHE 117. Terminology of the circulatory/lymphatic, urinary, reproductive and musculoskeletal systems and their pathophysiology. Prereq: Enrollment in Surgical Technology.

**AHE 130 (5) S**  
**Medical Coding & Insurance Processing**  
Intro to diagnosis and procedural coding. Covers basic ICD-9 (International Classification of Diseases) and the CPT (Current Procedural Terminology) coding systems, which are recognized by the insurance industry, the physician and medical office as the standard for billing and reimbursement. Includes documentation, information flow, insurance forms and medical office policies. Take concurrently with Software Applications for Health Care (AHE 124).

**AHE 131 (8) S**  
**Medical Coding, Insurance, Medi-Soft**  
Provides skills needed for employment in a call center environment. Emphasizes practical skill development and application of policies and procedures within company guidelines.

**AHE 137 (1) C**  
**Medical Terminology III**  
Continuation of AHE 127. Terminology of the respiratory, integumentary, endocrine, nervous systems and their pathophysiology. Prereq: Enrollment in Surgical Technology.

**AHE 140 (10) C**  
**Central Supply/Instrument Technician**  
For students interested in being a certified Central Supply/Instrument Technician. Addresses infection control, supplying and processing and distribution of supplies. Gain knowledge in safety, inventories, interpersonal skills, communication, interdisciplinary teams, professionalism and ethics.

**AHE 145 (4) S**  
**Medical Document Processing**  
Provides skills needed for employment in a call center environment. Emphasizes practical skill development and application of policies and procedures within company guidelines.

**AHE 150 (0.5) C**  
**HIV/AIDS Education**  
Meets requirements for health care professionals under RCW 18.130. Covers etiology and epidemiology of HIV, transmission and infection control, testing and counseling, clinical manifestations and treatment and psychosocial issues. Approved by the Washington State Department of Licensing.

**AHE 151 (1) C**  
**Standard Precautions/First Aid**  
Covers blood-borne pathogens and infections that students may be exposed to in the health care setting, methods of prevention, and regulations surrounding workplace safety. Learn about equipment and supplies and practice using them.

**AHE 152 (1) C**  
**Healthcare Provider CPR**  
American Heart Association Certificate – Health Care Provider CPR is for those in or entering health care with patient contact. Covers skills competency for infant, child and adult CPR that might be needed in the professional health care setting. Certificate awarded on completion. Prereq: Permission.

**AHE 155 (3) C,N**  
**Medical Terminology I**  
Fundamentals of medical terminology, with emphasis on basic rules, vocabulary building, abbreviations and knowledge of medical terms relating to body systems and medical specialties.

**AHE 156 (3) C**  
**Medical Terminology II**  
Continuation of AHE 155. Prereq: AHE 155.

**AHE 157 (3) C**  
**Medical Terminology III**  
Continuation of AHE 166. Prereq: AHE 166.

**AHE 158 (5) S**  
**Medical Terminology**  
Intro to the concept of word building with Greek and Latin word roots, prefixes and suffixes, resulting in the acquisition of a large medical vocabulary. Also available as correspondence course.

**AHE 165 (1) C**  
**Intro to Pathology for Medical Assistants**  
Intro to common diseases and medical conditions for each body system including signs and symptoms related to laboratory tests and treatments. Focuses on the role of the medical assistant in helping the physician with patient care and in triage situations.

**AHE 167 (3) C**  
**Emergency Medical Technician**  
Provides training in pre-hospital emergency care. Follows Department of Transportation EMT Basic Curriculum, State of Washington law and King County EMS guidelines.

**AHE 168 (3) C**  
**Emergency Medical Technician Continuing Education**  
Provides appropriate continuing education for EMTs to meet the State of Washington’s requirements for recertification and upgrading.

**AHE 169 (4) C**  
**Pathophysiology for Health Professions**  
Overview of human physiological changes which cause or are the result of pathologic processes. Expands knowledge of human anatomy and physiology of the pathophysiological processes in major organ systems of the body. Covers key concepts of homeostasis.

**AHE 190 (10) N**  
**Emergency Medical Technician**  
Provides training in pre-hospital emergency care. Follows Department of Transportation EMT Basic Curriculum, State of Washington law and King County EMS guidelines.

**AHE 191 (2-5) C**  
**Work Experience – Allied Health**  
Allows students to earn work experience credit in Allied Health field. Prereq: Permission.

**AHE 205 (3-4) N**  
**Medical Insurance Online**  
Offers detailed instruction in outpatient medical reimbursement from federal, state and private payers including traditional and managed care systems. Emphasizes all aspects of insurance claim processing from patient registration to reconciliation of payment. Focuses on optimal customer relations and reimbursement strategies.

**AHE 210 (4) N**  
**Medical Office Practice**  
Covers administrative medical office procedures and responsibilities of the medical assistant.
AHE 211 (7) N
Administrative Procedures/Insurance Billing & Coding
Practical in principles and competencies, both manual and computerized, in single-entry bookkeeping, medical insurance billing and coding and accounts receivable. Develops skills for seeking employment in medical assisting.

AHE 232 (5) N
Intro to Clinical Software
Review of health information systems including clinical, administrative and enterprise health information systems. Learn reports, queries, databases, interfaces, integrated systems and modules. Prereq: MATH 098, ENGL 101 or ENG 101 and BUS 106.

AHE 234 (5) N
HIPAA & Network Security
Review of HIPAA regulations and guidelines, basic IT network security and intro to health informatics. Prereq: IT 100 and IT 101 or BUS 169.

AHE 242 (2) N
Basic Blood Collection Techniques
Theory and laboratory practice in supervised blood collection to meet requirements for job entry as a phlebotomist (blood drawer). Prereq: Take or placement into ENGL 101 or ENG 101.

AHE 250 (4) N
Examining Room Procedures I
Covers routine clinical, diagnostic and therapeutic procedures used by a physician in outpatient settings. Includes theory, demonstration and practice.

AHE 251 (5) N
Examining Room Procedures/Pharmacology
Continuation of AHE 250. Covers additional procedures, including medication administration, minor surgery assisting and first-aid/CPR. Includes theory, documentation and practice.

AHE 290 (7) N
Medical Assistant Externship
232 hours of unpaid experience in a medical office.

AHE 296 (2) C,N
Clinical Seminar
Seminar format to share and compare clinical experiences, hold evaluative critiques and obtain additional instructional support in special areas of medical assisting.

AHE 299 (1-3) C
Allied Health Seminar
Seminar format to address current trends and issues in allied health occupations.

AME 150 (5) N,S
America’s Ethnic History
Intro to U.S. history as a multicultural phenomenon. Emphasizes the interaction of American Indian, African, European, Latino and Asian immigrants in the development of the U.S. Focuses on conflict and cooperation in the areas of economics, politics and culture.

AME 151 (5) N,S
Societies & Cultures of the U.S.
Intro to contemporary issues in American ethnic and race relations. Emphasizes racism, prejudice, stereotypes and equity issues through an examination of Asian, African and Indigenous Americans. Focuses on diversity of interests and identities within each community.

AME 200 (5) N
Leadership & Social Change
Examines issues raised by civil rights struggles in the United States. Covers the forces shaping social change, the role of the individual or “change agent,” and the personal skills required of change agents. Incorporates community service as a central teaching technique.

AME 201 (5) S
Diversity & Social Justice
Combines theoretical frameworks, practical issues and experiential activities to help students develop skills and identify plans of action in eradicating the multiple forms of social oppression. Use critical analysis as an investigative tool to examine racism, sexism, hetero-sexism, able-ism, class-ism, religious oppression and aspects of internalized oppression.

ANESTHESIA TECHNOLOGY SERVICES

ATEC 102 (2) N
Anesthesia-Related Anatomy & Physiology
Review of basic physiology and anatomical structures relevant to procedures in anesthesia. Emphasis on airway, invasive lines, regional anesthesia and safe patient positioning.

ATEC 105 (3) N
Basic Pharmacology for Anesthesia
Examine basic principles of pharmacology. Focus on drugs and delivery methods found in the perioperative environment.

ATEC 106 (3) N
Anesthesia Machines, Medical Gases & Scavengers
In-depth analysis of anesthesia machines, their components, operations and troubleshooting. Includes the operation and regulation of medical gases and scavengers.

ATEC 108 (4) N
Clinical Monitoring
Covers basic and advanced monitoring equipment and techniques of anesthesia. Focuses on theory, preparation, application, troubleshooting, safety and asepsis.

AMERICAN SIGN LANGUAGE
see Languages & Literature, page 247
ANTH 100 (5) C,N,S
Survey of Anthropology
(Formerly ANT 100) Survey of the physical and cultural development of human beings. Includes evolution, archaeology, social structure, material culture, human ecology and communications.

ANTH 106 (5) C,N,S
American Mosaic
(Formerly ANT 102 – Intro to American Culture) Focuses on implications and consequences of America’s cultural uniqueness. Provides an insightful look at ourselves from anthropological and sociological perspectives. Field trips. May be taken as SOC 102.

ANTH 113 (5) C,N
Africa
A survey of cultures, languages and social diversities of Africa south of the Sahara. Examines Africa’s role in the contemporary world.

ANTH 125 (5) C,N,S
Human Variation
(Formerly ANT 180) Covers past and present evolutionary forces contributing to variations in human populations. Investigates the biological and social concept of race.

ANTH 130 (3-5) C,N,S
World Cultures
Exploration of ethnic traditions of the world, the concepts of worldview and the way people think in various cultures, using an ecological approach. Emphasizes cultural relativism to examine traditional religious practices and educational systems in a comparative framework.

ANTH 135 (3-5) C
Cultural Ecology
The development of human societies with special emphasis on relationships between environments and respective cultures throughout the world. Focus on conflicts between traditional cultures and pressures of modernization.

ANTH 201 (5) C,S
Contemporary Issues in Anthropology
(Formerly ANT 200) Analysis of current environments on a particular topic in cultural or physical anthropology. Topic varies by quarter; check with instructor for specific course content.

ANTH & 204 (5) C,N,S
Archaeology
(Formerly ANT 205 – Principles of Archeology) Intro to archaeology and the interpretation of archaeological remains.

ANTH & 205 (5) C,N,S
Biological Anthropology
(Formerly ANT 201 – Physical Anthropology) Intro to biological and cultural evolution of humans with evidence from fossil and contemporary populations. Examines physical and biological variations of humans past and present. Emphasis on developing a working vocabulary of anthropological terms.

ANTH & 206 (5) C,N,S
Cultural Anthropology
(Formerly ANT 202) Intro to human culture, including social organization, economic, political systems, religion, technology, values, art and language. Cultural perspective focuses on contemporary literate and pre-literate societies.

ANTH 210 (5) C,N,S
Indians of North America
(Formerly ANT 110) Ethnographic survey of North American native cultures. Examination of historical and contemporary problems regarding legislation, treaties, reservations, fishing rights and education.

ANTH 211 (5) S
Peoples of Mainland Southeast Asia
(Formerly ANT 210) History and contemporary issues of the nations of Burma, Cambodia, Laos, Thailand and Vietnam and the tribal people who live there.

ANTH 212 (3) N
Methods of East African Archaeological Research
(Formerly ANT 216) Intro to paleo-anthropological research in East Africa in “digging up” hominid evolutionary past. Analyze archeological remains. Observe terrain and type of environment occupied by early hominid. Discuss patterns of tool manufacture and use. Lectures and field participation at actual archeological sites in Kenya, East Africa (Koobi, Fora, Lake Turkana).

ANTH 213 (3) N
East African Hominid Evolution
(Formerly ANT 215) Surveys origin and relations of the extinct forms of humankind that have been discovered in East Africa. Review of some of the earliest hominids of the late Cenozoic Era through the present. Focuses on the biocultural stages of evolution to modern hominid. Includes lectures and field sessions on site in Kenya, East Africa.

ANTH & 216 (5) C,N,S
Northwest Coast Indians

ANTH & 228 (5) C,N,S
Cultures of the Middle East
(Formerly ANT 255) Multidisciplinary intro to Middle Eastern cultures including ecological, economic, political and religious factors contributing to the region’s diversity. Exploration of historical and contemporary forces and changing interpretations by both Westerners and Middle Easterners.

ANTH 275 (5) C,N,S
Medical Anthropology
Explores culture, society and medicine from a global perspective.

ANTH 298 (1-5) C,N,S
Special Topics in Anthropology
Independent study or fieldwork in anthropology. Periodic meetings with instructor. Prereq: Permission.

ANTH 299 (3-5) C,N,S
Special Problems in Anthropology
Small group setting to cover selected topics in anthropology. Prereq: Permission.
APPAREL DESIGN

Courses above 100 require completion of all entry requirements to the Apparel Design Program.

**ADS 096 (2) C**
**Intro to Apparel Design Construction I**

For the novice who has little or no sewing experience and is preparing for entry into the Apparel Design Program. Use industrial sewing equipment to construct a simple garment and samples. Covers sewing terms, measurement, working with patterns, fabric preparation, layout and cutting.

**ADS 098 (2) C**
**Intro to Apparel Design Construction II**

For the intermediate beginner or those updating their sewing and machine-handling skills in preparation for entry into the Apparel Design Program. Use industrial sewing and pressing equipment to complete more complex sewing technique samples and a sample garment. Covers industrial equipment use, working with commercial and production patterns and construction sequencing. Prereq: ADS 096 or prior sewing experience with understanding of patterns, grainline and layout.

**ADS 100 (2) C**
**Intro to Apparel Design Construction III**

Builds on ADS 096 and 098. For the advanced beginner wishing to update sewing skills and gain experience using industrial sewing and pressing equipment for entry into the Apparel Design Program. Covers industrial sewing techniques for more advanced sample and garment production, fashion fabric selection, use of commercial and production patterns and construction sequencing. Prereq: ADS 098 and/or knowledge and skills to sew a variety of garments, handle a sewing machine, know construction terminology, pattern use, lay out, cutting, grains and grainline.

**ADS 101 (4) C**
**Construction Techniques for Professional Applications**

Presents professional garment construction techniques and methods to construct samples and garments to industry standards. Emphasizes accuracy, use of industrial sewing and pressing equipment and developing specification packages using industry guidelines. Prereq: ADS 100 and program entrance requirements.

**ADS 102 (4) C**
**Intermediate Construction for Professional Applications**

Builds on skills from ADS 101 by producing samples and garments using intermediate construction techniques and meeting industry quality standards. Emphasizes industrial equipment use and proficiency and enhanced specification package development. Prereq: ADS 101.

**ADS 103 (4) C**
**Mass Market Production Techniques**

Apply ADS 101 and 102 skills. Focuses on using industrial factory methods to produce quality garments for mass production and to target markets. Continuation of specification development and industrial equipment use. Prereq: ADS 102.

**ADS 111 (4) C**
**Design Through Flat Patternmaking I**

Intro to development of production patterns using the flat pattern and drafting method. Focuses on fundamental patternmaking practices and developing basic patterns to be modified using various pattern manipulations. Prereq: ADS 100.

**ADS 112 (4) C**
**Pattern Development Through Draping**

Focus on pattern development using draping techniques to create a basic sloper and other garments. Combines draping with basic flat pattern manipulations to create patterns for garment designs. Prereq: ADS 111.

**ADS 113 (4) C**
**Design Through Flat Patternmaking II**

Continue development of flat pattern and draping techniques from ADS 111 and 112. Use production pattern blocks to create a variety of more complicated garment designs. Prereq: ADS 112.

**ADS 122 (2) C**
**Professional Alterations & Fitting I**

Intro to professional ready-to-wear garment alteration techniques, evaluation methods and industry fitting standards. Includes business management practices, record keeping, output efficiency and client relations. Prereq: ADS 101 and 102.

**ADS 138 (3) C**
**Fashion History**

Identify key clothing items from major historical periods and gain tools for communicating clothing concepts. Explore how human relations, social influences and cultural ideals affect fashion. Enhance understanding of current trends in society and fashion. Prereq: ADS 100.

**ADS 139 (2) C**
**Intro to Apparel Manufacturing**

**ADS 140 (3) C**
**Business Practices in Fashion**

Explore various aspects of conducting business in the fashion industry including general apparel industry practices, various job categories, business communications and trends. Prereqs: ADS 101, 111, 139 and MIC 141.

**ADS 141 (2) C**
**Textile Technology & Design I**

**ADS 142 (2) C**
**Textile Technology & Design II**

Second of a 3-part series on textile technology and design. Explores color design trends and their application in the apparel market. Focus on experimentation with hues, values and saturation to gain an understanding of basic color theory. Prereqs: ADS 141 and MIC 142.

**ADS 197 (1-5) C**
**Work Experience – Apparel Design**

Earn work experience credit and practical hands-on skills through the completion of an internship in the apparel design field. Prereq: permission.

**ADS 205 (4) C**
**Ready-to-Wear Construction**

Focuses on tailoring and ready-to-wear construction. Uses a variety of methods to construct samples and garments from pattern designs for specific target markets. Coordinates with ADS 227. Prereq: ADS 103.

**ADS 207 (4) C**
**Active Sportswear Construction**

Emphasizes sportswear and outerwear construction techniques used in the garment industry. Produce more complex and advanced garments made from patterns developed in ADS 228. Prereqs: ADS 205 and 227. Coreq: ADS 228.

**ADS 215** (4) C
Intro to Pattern Grading for the Garment Industry
Learn to grade patterns up to large sizes and down to small sizes according to certain specifications and measurements, using the grid and shift method. Prereqs: ADS 103 & 113.

**ADS 221** (2) C
Professional Alterations & Fitting II
Builds on ADS 122 skills. Learn methods for altering more complex garments. Continued emphasis on professional garment alteration and fitting techniques, evaluation methods and business practices. Prereqs: ADS 102 & 122.

**ADS 226** (4) C
Intermediate Pattern Grading
Enhances skills acquired in ADS 215 and applies methods to more complex and difficult patterns. Intro to computer-aided technology for pattern grading. Prereq: ADS 215.

**ADS 227** (4) C
Pattern Design for Ready to Wear
Focuses on advanced ready-to-wear and tailored garments. Employs a variety of methods to produce patterns from blocks, measurements, tears and line drawings. Coreq: ADS 205. Prereqs: ADS 103 & 113.

**ADS 228** (4) C
Pattern Design for Active Sportswear
Emphasis on patternmaking for active sportswear and outerwear. Develop patterns from samples and sketches to industry standards. Emphasis on patterning for functionality for specific activities. Prereq: ADS 207.

**ADS 229** (2) C
Design a Line
Explore elements of designing a line of clothing to industry standards. Focus on development of boards for line presentations and design of a clothing line for production in ADS 250. Prereqs: ADS 207, 215 & 228

**ADS 230** (4) C
Portfolio & Resume Development

**ADS 240** (3) C
Computerized Pattern Grading
Grade patterns using computer-aided design technology. Prereq: permission.

**ADS 243** (2) C
Textile Technology & Design III
Third of three-part series. Integrate concepts and skills from ADS 141 & 142 and apply them to the development of surface designs for fabrics and garment silhouettes. Focus on design methodology, textile technology and apparel industry practices. Prereqs: ADS 142 & MIC 142.

**ADS 250** (8) C
Final Line Design & Development
Produce the line of clothing designed in ADS 229. Includes pattern development, sample construction, building final garments and producing specification packages. Create a display of this collection and collaboratively produce the Apparel Design Portfolio show where the collections are viewed by industry professionals and the public. Prereqs: ADS 197, 207, 226, 228, & 229.

**ADS 298** (1-5) C
Special Topics – Apparel Design
Seminar on selected topics in Apparel Design. For students who wish to upgrade their skill in an area related to but not offered as part of the regular ADS curriculum. Prereq: Permission.

**MIC 141** (3) C
Computer Applications for Apparel Design I
(Formerly ADS 151) Covers basic computer applications used in the apparel design field, including specification development and technical drawing. Prereq: ADS 100.

**MIC 142** (3) C
Computer Applications for Apparel Design II
(Formerly ADS 152) Continue building computer skills, terminology and procedures. Emphasizes graphics programs commonly used in the industry to produce technical drawings and visual presentations. Prereq: MIC 141.

**ART 102** (5) C,N,S
Design
Continuation of ART 101. Intro to three-dimensional space organization utilizing the elements of design. Construction in sculptural formats. Required for art majors. Prereq: ART 101

**ART 103** (5) C,S
Design
Tutorial in individual problems in design. Prereq: Permission.

**ART 105** (5) C,S
Survey of Modern Art
Understanding today’s cultural environment and viewpoint by using art and architecture to analyze cultural philosophies of the past that affect today’s aesthetic values.

**ART 110** (5) N
Visualizing Science & Technology
Hands-on course to increase ability to represent complex information using the principles and elements of the visual arts. Explore modes of illustration and presentation from pencil to pixel and from paper to PowerPoint.

**ART 111** (5) C,N,S
Drawing
Study of line, value, space, perspective and composition through the use of charcoal, pencil, pen and brush.

**ART 112** (5) C,N,S
Drawing
Drawing from the human figure in black and white media. Focus on composition. Emphasis on proportion and shading in short sketches as well as long poses. Prereq: ART 111 or permission.

**ART 113** (5) C,N,S
Drawing
Continuation of ART 112. Drawing from human figures in black, white and color media. Emphasis on expression and composition. Prereq: ART 112 or permission.

**ART 114** (5) N,S
Intro to Digital Photography I
Intro to digital camera use, photography basics and Photoshop editing. Students must provide their own digital camera with 3 or more megapixels, Auto, Auto-P, Aperture Priority, Shutter Priority and full manual Exposure Modes. Students expected to have or buy accessories costing approximately $175-$599.
ART 115 (5) N,S
Digital Photography II
Covers more photography basics involving lab, lighting, models and presentation. Camera should have 3 or more megapixels, Auto, Auto-P, Aperture Priority, Shutter Priority and full manual Exposure Modes. Students expected to have or buy accessories costing approximately $175-$599. Prereq: ART 114 or permission.

ART 121 (5) C,N,S
Intro to Printmaking
Study and application of basic relief print media. Covers linocuts, woodcuts, multicolor prints and experimental monoprints. Introduces relief and intaglio techniques, with emphasis on small editions. Recommended: Some drawing background.

ART 122 (5) C,N
Intro to Printmaking (Intermediate)
Covers various aspects of printmaking, with an emphasis on intaglio printmaking processes. Introduces drypoint, engraving and etching with hard and soft grounds. Learn water and acid etching and the use of photosensitive emulsions on metal plates. Recommended: Some drawing background.

ART 123 (5) C,N
The Painterly Print: Monotype & Monoprint
Develop technical and conceptual skills to create the painterly print. Emphasis on sequential imagery, layered impressions, color use and inks, use of the press, plates and papers and evolution of personal imagery. Covers variation, using a matrix and altered monotypes. Recommended: Some drawing background.

ART 163 (3) S
Intro to Still Photography
Covers basic photographic techniques using 35mm photographic equipment. Includes camera, exposure, lighting, composition, black and white darkroom work and digital imaging.

ART 166 (5) S
Video Art I
Focuses on the art of digital video editing and shooting using Adobe Premiere. Explore in-depth digital video editing, effects, transitions, graphics animation, sound and music integration, selecting format, basic DVD authoring and distribution strategies and options. Create a finished digital video film. Also offered as CTN 166. Recommended: ART 210.

ART 170 (3-5) C,S
Photography as an Art
Traces the history and distinctive properties of photography. Includes camera, exposure, lighting, composition, black and white darkroom work and digital imaging.

ART 201 (5) C,N,S
Painting

ART 202 (5) C,N,S
Painting
Further development of color and composition. Individual instruction. Prereq: ART 201 or permission.

ART 203 (5) C,N,S
Painting

ART 205 (5) C,N,S
Water Color Painting
Intro to water color painting. Covers basic wash techniques, color mixture, value contrast, composition and wet into wet. Recommended: Some drawing background.

ART 206 (5) C,N,S
Water Color Painting
Continuation of ART 205, based on a series of water color problems utilizing skills learned in the previous quarter. Further work with composition. Prereq: ART 205 or permission.

ART 207 (5) C,N,S
Water Color Painting
Individual water color projects in series. Prereq: ART 206 or permission.

ART 210 (5) N,S
Computer Art
First of 2 courses. Image design, creation and manipulation using vector-based and pixel-based programs. Combines fine art and technical aspects of digital composition for production of media formats including print and web-based. Previous drawing/design and basic computer skills strongly recommended.

ART 211 (5) C,N,S
Sculpture
Fundamentals of composition in the round, in clay and plaster, using basic techniques of carving, casting and building. Prereq: One quarter of drawing, design, or permission.

ART 212 (5) C,N,S
Sculpture
Fundamentals of relief composition in clay, plaster and wood using basic techniques of carving, casting and building. Prereq: ART 211 or permission.

ART 214 (5) C,N,S
Advanced Computer Art

ART 215 (5) C,S
Advanced Computer Art II
Continuation of ART 214. Advanced projects and intro to advanced programs. Prereq: ART 214.

ART 216 (5) S
Multimedia Art I
Covers the key artistic concepts and practical skills in multimedia design and production: linear and nonlinear storytelling and the role of interactivity from aesthetic and technical viewpoints. Includes a survey of industry-standard multimedia production tools. Build several interactive projects using Macromedia Flash. Also offered as CTN 164. Recommended: ART 210.
ART 217 (5) S
Multimedia Art II
Expand multimedia design and scripting skills. Technical focus on Macromedia Flash development using complex animation, advanced design and action scripting for increased interactivity. Covers event/event handler logic, creating variables, setting values and using Flash to create animation and effects for video. Also offered as CTN 205. Prereq: ART 216 or CTN 164.

ART 221 (5) N
Ceramic Art
Beginning basic pottery design and construction. Emphasizes hand building coils and slabs, basic glazing and beginning pot throwing on the potter’s wheel.

ART 222 (5) N,S
Ceramic Art
Develop throwing skills. Understand basic glaze composition and kiln operation. Continue studies in techniques of surface decoration. Prereq: ART 221 or permission.

ART 223 (5) N,S
Ceramic Art
Continuation of ART 222. Advanced work on the wheel. Emphasis on combining methods of construction. Learn basic glaze skills. Prereq: ART 222 or permission.

ART 251 (5) C,N,S
Art History
Study of the major forms of visual expression including Paleolithic, Egyptian, Mesopotamian, Greek, Roman and Early Christian periods. Emphasis on European and Middle Eastern art (C, S).

ART 252 (5) C,N,S
Art History
Continuation of ART 251 with emphasis on the Medieval period through the Renaissance focusing on European and Middle Eastern art.

ART 253 (5) C,N,S
Art History
Continuation of ART 252 with emphasis on the 17th century Baroque through 20th century Western/Modern Art.

ART 254 (3-5) C,S
Survey of the Art of the Pacific Northwest
Focus on visual arts of the Pacific Northwest, from early coastal tribal art to the present day. Covers architecture, sculpture, painting and analysis of contemporary art in public places.

ART 255 (5) C,N,S
History of the Art of Asia
Study of the paintings, drawings, sculpture, architecture and crafts of India, China, Japan and other countries of Southeast Asia. Study of influences brought about through invasion, assimilation and transformation of Hinduism, Buddhism, Daoism and Confucianism as reflected in the arts, history and culture.

ART 281 (5) N
Jewelry Design I
Basic jewelry design and construction with precious and/or semi-precious metals. Simple stone setting, tool usage, soldering, metal testing, properties and characteristics of metals and stone. Recommended: One quarter each of design and drawing.

ART 282 (5) N
Jewelry Design II
A continued exploration of metal fabrication and jewelry design, covering surface enrichment, advanced forming techniques, faceted stone setting and intro to enameling. Prereq: ART 281.

ART 283 (5) N
Intro to Alloying & Jewelry Casting
Explore the alloying and casting processes of Jewelry Design. Learn lost wax casting and rubber molding processes. Prereq: ART 282 or permission.

ART 284 (5) N
Bench Techniques & Practices in Metal
Covers advanced bench skills and production techniques which encourage creation of innovative pieces with personal statements. Emphasis on creating a body of work that is ready for exhibition. Prereq: ART 283.

ART 285 (4) N
Metal Techniques for Small Scale Sculpture
Metalsmithing techniques for functional and sculptural objects. Learn the physical properties of metal and create objects that express personal images and creative thoughts in metal sculpture, hollowware and model making. Includes field trips to metal fabrication studios.

ART 290 (5) N
The Art Business
Fundamentals of the business aspects of art, including designing and packaging the portfolio for A.F.A./C.F.A. degrees, photographic artwork, building a resume, marketing, copyrights, contracts and other essential business practices. Recommended: At least two college-level art courses.

ART 291 (2) C,N
Art Seminar
Readings and discussion in the philosophy and ideas of artists and art movements with criticism and analysis of works of art.

ART 298 (3) C,S
Special Problems in Film Media
Advanced film production involves scripting, budgeting and scheduling. Emphasis on information film production, interior and studio lighting for color, sync-sound recording and editing techniques.

ART 299 (1-5) C,N,S
Special Problems in Art
Individual or seminar instruction. May be repeated to earn a maximum of 9 credits. Prereq: Second year art major, level of ability and permission.

ASTRONOMY

ASTR 100 (5) C,N,S
Survey of Astronomy
(Formerly AST 100) Emphasis on astronomical concepts fundamental to an understanding of the solar system, stars, galaxies and origin and history of the universe.

ASTR 110 (5) C,N,S
The Solar System
(Formerly AST 101) Survey of planets of the solar system with emphasis on recent space exploration and the comparative evolution of the Earth and the other planets. Includes light optics, telescopes and the history and development of astronomy. Night observing sessions required as part of the lab. Prereq: MATH 098 or higher with 2.0 or permission. Recommended: test into ENGL& 101 or ENG 101 or higher.

ASTR 201 (5) C,N,S
The Universe & the Origin of Life
Modern views of atomic and molecular evolution from the big bang theory through the formation of the solar system and emergence of life on earth. Discuss extraterrestrial intelligent life and the ultimate fate of the cosmos. Recommended: AST 100 or some science background.

**Course Descriptions**

Note: Courses include instruction in safety, environmental awareness, human relations and work ethics.

**ABR 192** (3) S  
Blending Color  
Prepare a vehicle for a blend, blend single-stage, blend base coat, clear coat or tri-coat finishing. Prereq: ABR 131.

**ABR 193** (3) S  
Solving Paint Application Problems  
Identify paint application problems caused by contamination, paint defects caused by spraying techniques and solve paint problems related to drying, curing of paint and those caused by improper preparation. Prereq: ABR 131.

**ABR 194** (3) S  
Finish Defects, Causes & Cures  
Covers identifying paint film defects, causes and corrective methods, surface defects and corrective methods of repair. Prereq: ABR 131.

**ABR 197** (1-5) S  
Internship I  
Provides instructional link between classroom and on the job experience; reinforces and documents on-the-job learning experiences; and provides opportunities for faculty and student interaction.

**ABR 299** (1-12) S  
Special Topics in Automotive Collision Repair  
A special topics course for an individual or group in Automotive Collision Repair.

**MVM 100** (4) S  
Intro to Automotive Technology I  
Includes safety and MSDS; tools and equipment; looking for information; repair orders; repair manuals and parts and time estimating guides; component identification; component theory and fasteners; function and construction of each component; diagnosis and service procedures. Prereq: Basic math skills, at least 9th grade reading level or permission.

**MVM 102** (4) S  
Intro to Automotive Technology II  
Includes vehicle inspection; tube, oil and filter; cooling system, belt and hose; heating and air conditioning system; driveshift; manual and automatic transmission problems, as well as servicing vehicles by performing. Covers the function and construction of each component, and diagnosis and service procedures. Prereq: MVM 100, basic math skills, at least 9th grade reading level or permission.

**MVM 298** (VARIABLE) S  
Special Topics in Motor Vehicle Maintenance  
A special topics course on an individual or group study basis on topics in the field of motor vehicle maintenance.

**AUT 100** (4) S  
Intro to Electricity  
Covers safety in the shop, basics of electricity from electron theory to Ohm’s law. Also covers use of multimeters on the three types of circuits. Prereq: MVM 100 or equivalent.

**AUT 102** (4) S  
Advanced Electrical Systems  
Covers understanding and using schematics. Includes battery, starting and charging system operation and testing. Prereq: AUT 100 or equivalent and MVM 100 or permission.

**AUT 104** (3) S  
Automotive Electronics  
Covers electrical accessories on the vehicle including lighting, power windows, door locks, seats, windshield wipers and defogger. Prereq: MVM 100 or equivalent, AUT 100 and 102 or permission.

**AUT 106** (3) S  
Basic Power Accessories  
Covers basic computer operation and applications on the vehicle, using scan tools to diagnose electronically controlled components and accessories. Prereq: MVM 100 or equivalent, AUT 100, 102 and 104 or permission.

**AUT 110** (3) S  
Clutches, Drivelines & Half Shafts  
Covers basic principles involving clutches, drivelines and half shafts, including function and construction of each component, diagnosis and service procedures. Prereq: MVM 100, basic math skills, at least 9th grade reading level or permission.

**AUT 112** (3) S  
Manual Transaxles & Clutches  
Covers the basic principles involving manual transaxles, including function and construction of each component, diagnosis and service procedures. Prereq: MVM 100, AUT 110, basic math skills, at least 9th grade reading level or permission.

**AUT 114** (3) S  
Manual Transmissions, Transfer Cases & Drive Axles  
Covers basic principles involving manual transmissions, transfer cases and drive axles, including function and construction of each component, diagnosis and service procedures. Prereq: MVM 100, AUT 110, basic math skills, at least 9th grade reading level or permission.

**AUT 116** (6) S  
Air Conditioning & Heating  
Covers basic principles involved in air conditioning systems, function and construction of each component, diagnosis and service procedures. Prereq: MVM 100, basic math skills, at least 9th grade reading level or permission.

**AUT 118** (4) S  
Automatic Transmission Diagnosis & Service  
Covers band adjustment, T.V. linkage, shift linkage, neutral safety switches, flush coolers and cooler lines; repair of external transmission leaks; draining oil, replacing filters and fill transmission; removing, cleaning and replacing valve body; road test to test transmission for problems. Prereq: MVM 100, basic math skills, at least 9th grade reading level or permission.

**AUT 120** (6) S  
Advanced Automatic Transmission Service  
Covers removal and replacement of automatic transmissions and replacing bands, clutches, bushings and seals, to make the transmission serviceable. Prereq: MVM 100, basic math skills, at least 9th grade reading level or permission.

**AUT 122** (4) S  
Steering & Suspension  
Covers chassis design, materials, fasteners and safety; wheel bearings and service; steering and suspension system components. Covers how they work, diagnosis and service. Prereq: MVM 100, basic math skills, at least 9th grade reading level or permission.

**AUT 124** (4) S  
Tires & Wheel Alignment  
Covers chassis design, materials, fasteners and safety; tire and wheel service; inspection and diagnosis of suspension and steering components; and wheel alignment diagnosis and service. Prereq: MVM 100, basic math skills, at least 9th grade reading level or permission.

**AUT 126** (3) S  
Basic Brake Systems  
Intro to automotive brake systems. Covers operation, diagnosis and service of master cylinders, wheel cylinders, hydraulic valves, brake hoses and lines, drum brakes and parking brake components. Prereq: MVM 100, basic math skills, at least 9th grade reading level or permission.

**AUT 127** (4) S  
Advanced Brake Systems  
Covers operation, diagnosis and service of disc brakes, power brakes and ABS brake components. Prereq: MVM 100, basic math skills, at least 9th grade reading level or permission.
AUT 102 (4) S
Automotive Engine Diagnosis/ Remove & Replace
Covers diagnosing engines for compression. Prereq: MVM 100 or permission.

AUT 104 (8) S
Automotive Engine Rebuild
Covers engine disassembly, cleaning of engine components, cylinder head rebuilding, overhauling engine blocks and reassembly of an automotive engine. Prereq: MVM 100 and AUT 128 or permission.

AUT 106 (4) S
Minor Tune-Up Procedures
Covers shop safety, basic mechanical engines, Ohm’s law, physics laws that apply to the automobile, battery starting and charging systems as they apply to engine runability. Includes using and maintaining emission-related equipment in the shop. Prereq: MVM 100, AUT 100, 102, 104 and 106 or equivalent, or permission.

AUT 136 (6) S
Advanced Drivability & Fuel Systems
Covers gasoline fuel systems, including mechanical and electric fuel pumps, carburetors, throttle body and port fuel injection systems. Prereq: MVM 100, AUT 100, 102, 104, 106 and 136 or equivalent, or permission.

AUT 140 (4) S
Engine Computers
Covers automotive engine computer, its multiple power and ground supplies and how these affect the running of the vehicle. Includes inputs and outputs of the vehicle, how each contributes to the running of the engine and how to diagnose each one. Prereq: MVM 100, AUT 100, 102, 104, 106, 136 and 138 or equivalent, or permission.

AUT 142 (6) S
Emission Controls & Diagnostic equipment
Covers all emission-related items on the vehicle and the federally mandated OBD II system. Includes use and operation of super charges and turbo charges on cars. Prereq: MVM 100, AUT 100, 102, 104, 106, 136, 138 and 140 or equivalent, or permission.

AUT 299 (2-18) S
Special Topics - Automotive
Special topics for individual or group study. Prereq: Permission.

AVIATION MAINTENANCE TECHNOLOGY
Prerequisites for this program include Compass or ESL/Compass Test Scores: 65 in Writing; 75 in Reading (and Grammar for ESL); 54 pre-algebra in Math; and 75 in Listening for ESL.

AMT 111 (17) S
Basic Science for Aviation
Provides a firm foundation for maintenance on both small and large aircraft. Covers aircraft terminology, mathematics, basic physics, aircraft drawing and interpretation of diagrams. Includes specifications and properties of modern aircraft materials, fabrication and their use, hardware, fitting, corrosion control, cleaning, proper use of tools, precision instruments required for maintenance and overhaul practices. Also covers nondestructive inspection, aircraft systems, components, ground handling and servicing procedures, Federal Aviation Regulations, maintenance records, publication, weight and balance control. Prereq: High School Completion/GED or equivalent.

AMT 112 (17) S
Basic Electricity for Aviation
Introduces basic concepts of electricity and magnetism; the circuit properties of resistance, inductance and capacitance; methods of power generation for alternating and direct current systems and power utilization. Emphasis on principles and practical application, keeping mathematics to a minimum. Learn to repair and adjust generators, alternators, motors and control units, read schematics, fabricate and install complete circuits and troubleshoot and repair malfunctioning systems and components. Prereq: AMT 111.

AMT 113 (17) S
Airframe Structure & Repair
Experience working with five types of aircraft structure materials: wood, fabric, composite/fiberglass, plastic and metal. Provides realistic exposure to approved airframe structural repair practices. Includes inspecting materials; installing common fasteners in composite and metal structures; forming, heat treating and fabricating metal structures; and intro to brazing, gas and arc welding of steel magnesium and titanium. Prereq: AMT 111 and 112.

AMT 133 (17) S
Powerplant Theory & Maintenance
Covers theory, operation and maintenance of the internal combustion reciprocating engine, including dismantling, inspection, repair or replacement of parts and partial reassembly of an aircraft powerplant. Covers theory, operation and overhaul of gas turbine engines. Intro to current maintenance practices and inspection of the compressor, burner and turbine sections. Includes inspection, repair and servicing of aircraft internal combustion cooling, exhaust and induction systems used on reciprocating and gas turbine engines. Prereq: AMT 111 and 112.

AMT 214 (17) S
Airframe Systems
Intro to five basic airframe systems and their components: hydraulic-pneumatic power, landing gear, ice and rain control, cabin environmental control and fuel systems and management. Prereq: AMT 113.

AMT 215 (17) S
Advanced Airframe
Refines basic skills and concepts in addition to performing rigging and assembly, testing, evaluation of aircraft instrument systems, advanced electrical systems, communication and navigation systems and aircraft inspections for conformity and airworthiness in accordance with approved procedures. Prepare for the FAA Airframe exam. Prereq: AMT 113 and 214.
Course Descriptions

**2010-2012 CATALOG**

**COMBINED CAMPUS**

**194**

**AMT 234 (17) S**

**Powerplant Systems & Components**

Covers six systems: engine fuel system and fuel metering system, carburetion and fuel injection; ignition system for reciprocating engines and turbine engines; turbine engine electrical starting systems; powerplant lubrication systems; electrical and mechanical indicating systems; and powerplant ice and rain control systems. Prereq: AMT 133.

**AMT 235 (17) S**

**Advanced Powerplant**

Learn about aircraft propellers used with both small and large piston or turbo-prop engines. Includes engine fire detection and extinguishing, engine electrical systems and turbine engine pneumatic starting systems. Covers reciprocating and turbine engine test run and run-in and troubleshooting, powerplant inspection methods and techniques. Reviews carburetion, ignition, basic powerplants, lubrication, propellers, electrical systems and weight/balance control. Emphasis on FAA regulations, airworthiness safety, personal and technical ethics. Prereq: AMT 133 and 234.

**AMT 298 (12) S**

**Special Topics: Aviation Maintenance**

Overview of various parts of the aircraft and their operation, including methods of corrosion detection, removal, treatment and correct painting techniques. Prereq: Permission.

**AMT 299 (5) S**

**Special Topics: Maintenance for Aviation Professionals**

Basic aircraft maintenance on a variety of aircraft systems and components by arrangement.

**BAKING**

**BIOL 102 (5) C,N,S**

**General Biology**

Emphasis on common plant and animal activities, energy pathways via respiration and photosynthesis and metabolic activities. Stresses other physiological differences between animals and plants. Lab included. Prereq: BIOL 100 and 160.

**BIOL 103 (3) C**

**Nutrition for Food Service Professionals**

Identification of the known nutrients for human health; demonstration of dietary quality guidelines; utilization of dietary guidelines in meal planning, including modification of existing recipes to meet nutritional recommendations.

**BIOL 106 (5) C**

**Biotechnology & Society**

Intro for non-science majors to biotechnology and its impact on society. Includes cloning, DNA, antibodies, gene therapy, plant biotechnology, the human genome project, DNA fingerprinting, genetic testing, diverse products made through biotechnology and the ethical, legal and social implications of this technology. Prereq: Eligibility for MATH 084 and ENGL & 101 or ENGL 101 (C).

**BIOL 107 (5) C,N,S**

**Intro to Comparative Animal Behavior**

Overview of current thinking and research in the science of animal behavior, including a brief history of the development of animal behavior as a science. Focuses on evolutionary principles and how they influence the behavior of animals. Discover how animals learn and how learning and instinct shape behavior. Explore how strategies employed by different species affect survival. Gain insight into human behavior from a new perspective and understand why and when sociality and apparent altruism can be advantageous to animals. Prereq: Eligibility for MATH 084 and ENGL & 101 or ENGL 101 (C).

**BIOL 120 (5) C,N,S**

**Marine Biology**

Emphasis on natural history, ecology, distribution, habitat, adaptation, interrelationships of local species. Field trips and lab included. Prereq: High school biology or permission, eligibility for MATH 084 and ENGL & 101 or ENGL 101 (C).

**BIOL 125 (5) N**

**Biology of the Pacific Northwest**

Discover fundamental principles of biology and ecology through readings, experiments and field trips. This online course fulfills the lab science requirement.

**BIOL 128 (5) C,N,S**

**Survey of Human Anatomy & Physiology**

(Formerly ANP 128) Basic organization of the body; functions and interactions of body parts; response of the body to the environment. Lab included. Prereq: Eligibility for MATH 084 and ENGL & 101 or ENGL 101 (C).

**BIOL 130 (5) N**

**Northwest Ornithology**

Intro to biology and ecology of Northwest bird species through readings, experiments and local field study to sites throughout the Pacific Northwest.

**BIOL 160 (5) C,N,S**

**General Biology with Lab**

(Formerly BIO 101 - General Biology) Basic biological concepts with an emphasis on biological molecules, cell structures and processes, genetics, and a survey of biodiversity. Lab fee. Prereq: Eligibility for MATH 084 and ENGL & 101 or ENGL 101 (C).

**BIOL 161 (5) C,N**

**Human Genetics**

Intro to genetics. Covers fundamental principles, including Mendelian inheritance, sex determination, complex traits and behavioral genetics, gene structure and function, mutations and chromosome abnormalities, population genetics and evolution, the human genome and genetic technologies. Discusses current issues, including stem cells, cloning, genetic testing, genetically modified plants and animals, gene therapy, forensics and biotechnology. Includes lab. Fulfills the QSR requirement for A.A. degree. Prereq: CHEM 139 (or passing score on placement exam) and MATH 141 or 122 with 2.0 or higher and eligible for ENGL & 101 or ENGL 101.

**BIOL 166 (5) C,N,S**

**American Foodways**

(Formerly BIO 160) Explore the evolution of the North American diet and eating rituals through an historical perspective. Includes influences in supermarkets from the Native American population and immigrants from Europe, Asia, Africa, South America and the Pacific Islands. Covers the physiological and metabolic aspects of each culture’s nutrition. Prereq: Eligibility for MATH 084 and ENGL & 101 or ENGL 101 (C).

**BIOL 198 (1-5) C,N**

**Biology Workshop**

Problem-solving workshop approach to biology topics considered appropriate by the instructor and/or biology faculty. Additional topics may include study skills, note-taking systems, test-taking strategies and group problem-solving approaches. Prereq: Permission.
BIOL 211, 212, 213 (5 EA) C,N,S
Majors Biology (Cellular, Animal, Plants)
(Formerly BIO 201/202/203) A three-quarter intro to biology sequence in preparation for advanced study in areas such as medicine, dentistry, cell biology, microbiology, or veterinary medicine. BIOL 211 focuses on cellular biology, BIOL 212 on the biological diversity in animals and BIOL 213 on evolution, ecology and biological principles of monera, fungi, protista and plants. Lab included.

BIOL 211 (5) C,N,S
Majors Cellular
(Formerly BIO 201) Initial course of series, focusing on cellular biology: cell structure, organization, metabolism, energetics, the gene and molecular, chromosomal, Mendelian and microbial genetics.

BIOL 212 (5) C,N,S
Majors Animal
(Formerly BIO 202) Continuation of series. Emphasis on the biological diversity of animals, general principles of animal physiology, growth and development. Prereq: BIOL 211 or BIO 201. One quarter college chemistry (pref. inorganic series) or permission (C).

BIOL 213 (5) C,N,S
Majors Plant
(Formerly BIO 203) Continuation of series with an emphasis on prokaryotes, fungi, algae, and plants including their diversity, anatomy and physiology. Includes evolutionary and ecological principles relevant to biological studies. Lab fee. Prereq: BIOL 211 or BIO 201. One quarter college chemistry (pref. inorganic series) or permission (C).

BIOL 228 (4) C
Molecular Cellular Methods I
For science major transfer students. Covers theory and laboratory techniques emphasizing recombinant DNA technology with emphasis on experiential learning. Addresses lab safety, solution preparation, and the process of ethical science.

BIOL 229 (4) C
Molecular Cellular Methods II
For science major transfer students. Covers theory and laboratory techniques emphasizing protein purification and characterization technology with emphasis on experiential learning. Addresses lab safety, solution preparation and the process of ethical science.

BIOL 239 (5) C
Virology – Emerging Viruses & Public Health
Intro to virology, with special emphasis on emerging pathogens. Covers biological and relevant public health themes, explaining the science in the context of severe health crises of our times and their challenges. Prereq: Eligible for ENGL 101 and MATH 084, BIOL 160 or permission.

BIOL 241 (5) C,N,S
Human Anatomy & Physiology I
(Formerly ANP 213 – Anatomy & Physiology I) Covers fundamental principles and establishes a basis for advanced study of anatomy and physiology and clinically-related subjects in the paramedical fields. Lab. Prereq: BIOL& 160 or BIO 101 or CHEM& 121 or CHE 101.

BIOL 242 (5) C,N,S
Human Anatomy & Physiology II
(Formerly ANP 214 – Anatomy & Physiology II) Continuation of BIOL 241. Lab. Prereq: BIOL& 241 or ANP 213.

BIOL 260 (5) C,N,S
Microbiology
(Formerly BIO 280) History and methods of microbiology: microbial classification, metabolism, culture requirements, molecular genetics, viruses, antimicrobial methods and drugs, immunology, epidemiology and pathogenesis. Lab included. Prereq: Two college-level biology or chemistry lab courses, or permission.

BIOL 290 (5) C,N
General Genetics
Intro to genetics for science majors. Mendelian inheritance, linkage and recombination, extensions of Mendel, sex determination, multifactorial traits, gene structure and function, mutations and chromosome abnormalities, population genetics, the human genome, genetic technologies, current applications (including cloning, genetic testing, genetically-modified plants and animals, gene therapy and forensics) and related ethical issues. Prereq: 10 credits of college-level biology or permission.

BIOL 295 (5) C
Immunology
For biotechnology and biology majors. Natural and specific immunity. Aspects of humoral and cellular immunity including antibody structure and function, immunogenetics, development of hematopoietic cells, B and T cell function, antigen presentation, autoimmunity, cytokines and immunity to different types of disease. Non-lab course. Prereq: BIOL& 260 or BIO 280.

BIOL 297 (1-5) C,N,S
Special Topics in Anatomy & Physiology
(Formerly ANP 298) Anatomy and/or Physiology seminar or activity.

BIOL 298 (1-5) C,N,S
Special Topics – Biology
Seminar on selected topics or activities in the biological sciences. Prereq: Variable, dependent on topic.

BIOL 299 (1-5) C,N,S
Independent Study - Biology
Independent study of approved topics in the biological sciences. Prereq: Permission.

BIOMEDICAL EQUIPMENT TECHNOLOGY
See Electronics Technology, page 223.

BOTANY

BOT 110 (5) C,N,S
Plants & People
Practical application relevant to everyday lives. Covers economic plants (grains, legumes, fruits), food values, plant parts, poisonous plants of urban areas, textiles and wood. Lab included. Prereq: Eligibility for MATH 084 and ENGL 101 or ENG 101 (C).

BOT 112 (5) C,N,S
The Plant Kingdom
Intro to the diversity and life processes of prokaryotes, algae and plants. Includes evolution, life histories, anatomy and physiology, and ecology of these biological groups. Lab fee. Prereq: Eligibility for MATH 084 and ENGL 101 or ENG 101 (C).

BOT 113 (5) C,N,S
Plant Classification
Intro to classification and diversity of seed plants. Focuses on the characteristics, collection and identification of regional plants. Lab fee. Prereq: Eligibility for MATH 084 and ENGL 101 or ENG 101 (C).

BOT 299 (1-5) N,S
Independent Study – Botany

Course Descriptions Combined Campus
BUSINESS

NOTE: It is recommended that students at North Seattle Community College see an advisor or counselor for prerequisites.

BUS 090 (2-5) C,S
Foundation in Business Prep
Offered as a two-quarter course listed as BUS 090a and 090b. Lecture/lab to develop competencies in office administration and computation. Includes keyboarding, intro to computers (Windows, Word) and intro to business communications. Prereq: ASSET test scores indicating basic English, reading/writing and math skills or permission.

BUS 091 (2-17) C,S
Foundation in Business Prep II
Two-quarter course listed as BUS 091a and 091b. Continuation of BUS 090. Lecture/lab to develop competencies in office administration and computation. Includes keyboarding, computer software (Excel and Access) and intermediate/advanced business communications.

BUS 100 (3) C
Fundamentals of Supervision
Basic course in first-line supervision, covering total responsibilities of a supervisor. Includes the function of management, human relations and motivation, effective communications, systems concepts and problem-solving.

BUS& 101 (5) C,N,S
Intro to Business
(Formerly BUS 101) Survey of American business in a global context: business and economic terminology, forms of business ownership, management, accounting, finance, international marketing and foreign exchange rates. Also covers small businesses, business start-ups and franchising.

BUS 102 (3) C
Business Organization & Management
Development of modern management: organization and operation, division of responsibility, line and staff organizations, executive leadership and management, business control and procedures and basic management problems.

BUS 103 (3) C
Personnel/Human Resource Management
Covers organizational structure of the modern business office; recruitment and training; management of human resources; employee rights and ethical issues; legal responsibilities; and team-oriented collaboration for human relation dynamics.

BUS 104 (3) C,S
Keyboarding
Keyboarding using Word for students with little or no typing experience. Includes alpha/numeric keyboard and word processing of correspondence documents. May be taken for S/NC grade.

BUS 105 (4) N,S
Keyboarding
Beginning keyboarding taught on the computer. Intended for students with no keyboarding experience. Emphasizes touch keyboarding with speed and accuracy on alphabetic and number keys. Introduces basic word processing concepts and letter and memo formatting.

BUS 106 (3) C,N,S
Keyboarding/Skillbuilding
Development of speed and accuracy of letter, symbol and number keys through drills and timings. May be taken for S/NC or decimal grade and may be repeated for credit (N,S). Prereq: Keyboarding of 25 net wpm (C) - BUS 104 or BUS 105 (N).

BUS 110 (5) S
Business Mathematics
Mathematical processes and techniques currently used in business and finance: percentages, simple/compound interest, discounts, arithmetic of payroll, taxes, bank statements, reconciliation, trade and cash discounts, retail pricing, consumer credit, annuities, business and consumer loans. Prereq: Keyboarding of 25 net wpm (C) - BUS 104 or BUS 105 (N).

BUS 111 (3) C,S
Intro to Marketing
Essential to survival in today's customer-driven business, marketing should demonstrate value, quality and service exceeding customer demands while maintaining channel relationships and meeting company goals and objectives. Prereq: Eligible for ENGL& 101 through English placement test or completion of ENGL 097/098.

BUS 112 (5) C,N,S
Computational Skillbuilding
Intro to basic operation of touch addition, subtraction, multiplication and division on the electronic printing calculator. Use of memory register and applications to solve business math problems. Enrollment may be for S/NC audit or decimal grade.

BUS 113 (3) C,S
Business Math/Spreadsheets
Use business math applications to work with checking accounts, percentages, invoices, discounts, payroll, insurance and other business applications. Use Excel software to create spreadsheets. Prereq: No math test required (N); placement at MATH 085 level on COMPASS test (C).

BUS 114 (5) N
Records Management
Learn the components of correct document and information management and the rules as established by the Association of Records Managers (ARMA) for correctly applying filing guidelines to manual, alphabetic, numeric, geographic and subject filing systems.

BUS 115 (5) C,N,S
Project Management Intro & Overview
Overview of project management from a business perspective, including project estimation, feasibility, planning, risk management, contingency planning, scheduling and control. Apply project management principles to student project. Prereq: IT 101 or BUS 169; BUS 236.

BUS 116 (5) C,N,S
Leadership & Management Skills
Learn to integrate people, projects and sponsors to complete tasks and deliverables on time. Covers effective leadership, leading vs. managing and styles of each. Includes responsibilities, team development and dynamics, personality types, influence without authority, conflict management, organizational and cultural influence on a project. Prereq: IT 101 or BUS 169; BUS 236.
BUS 120 (5) S
Business Communications/ Writing Improvement II
Develops business and accounting-specific occupational-technical vocabulary usage and pronunciation. Minimum score on ASSET test (reading 36, writing 39) or SLEP test (50) required for enrollment.

BUS 121 (5) S
English Communications & College Preparatory Writing III
English grammar and terminology related to business English rules; emphasizes punctuation, rules in business communications, word usage and spelling. Prereq: Satisfactory English placement test score or completion of or concurrent enrollment in ENGL 093/094 (N); Passing score on ASSET test (S).

BUS 123 (5) N
Word for Business
Create and edit business documents such as letters, memos, reports, basic tables and charts, electronic forms, outlines, mail merges and column text. Learn to share work for composition, revisions and merging and integrate other Office applications. Recommended: Familiarity with computer usage or successful completion of BUS 169 or IT 101.

BUS 124 (5) N
Excel for Business
Covers all fundamental techniques for creating worksheets, charts, databases and macros. Recommended: Familiarity with computer usage or successful completion of BUS 169 or IT 101.

BUS 125 (5) N
Access for Business
Use Microsoft Access to design, create and edit tables, queries, forms and specialized reports. Manipulate data using specific criteria, queries and filters. Learn to import/export data among various applications software. Recommended: Familiarity with computer usage or successful completion of BUS 169 or IT 101.

BUS 126 (2) N
Powerpoint for Business
Learn Microsoft PowerPoint to create visuals to accompany your business and personal presentations. Create, change, customize and save PowerPoint files. Add and manipulate graphics and apply appropriate design elements to presentations. Prereq: ENGL 097/098 placement or ENGL 095/096 completion.

BUS 127 (2-3) N,S
Outlook for Business
Covers a basic knowledge of Outlook and the effective use of electronic communication.

BUS 131 (5) C,N,S
Integrated Communications I
Review and refine basic English grammar, spelling, punctuation and word usage skills by composing effective basic business letters and memos. Intro to oral communication skills essential to successful giving/receiving of information and cultural aspects of the communication process. Prereq: Satisfactory English placement test score (N,C), ASSET: W&R=46, SLEP: combined=65.

BUS 132 (5) C,S
Integrated Communications II
Further develop communication skills integrating business English grammar, punctuation and word usage skills with composition of effective, complex business documents. Develop research, business report writing and documenting skills. Practice oral presentation techniques, handling of questions, problem-solving and conflict-resolution techniques. Complete meeting preparation tasks. Prereq: BUS 131 with 2.0 or higher.

BUS 138 (3) S
Leadership for Ground Service Companies
Intro to leadership for SEA-TAC airport employees. Covers leadership styles and skills in various organizational settings. Includes developing productive teams, motivating employees, handling difficult people and situations, learning practical skills and the role and responsibilities of a leader/manager within the company policy and procedures guidelines.

BUS 139 (18) S
Customer Service/Call Center Training
A short-term program designed to provide skills needed for employment in a call center environment. Emphasizes practical skill development and application of policies and procedures within the company guidelines.

BUS 140 (5) C,N,S
Customer Relations
Develops skills to identify and resolve customer complaints, handle difficult customers and utilize effective verbal and nonverbal communication methods. Learn appropriate professional use of various electronic media and contribute positively to the service culture of an organization. Examines future trends and changes in work environments.

BUS 147 (5) N
Intro to Legal Systems
Learn the legal systems and basic legal forms. Become familiar with courts, their operational structure and the roles of bailiffs, clerks and other support offices. Learn how small claims, trial and appellate courts conduct proceedings and use forms (pleadings).

BUS 151 (3) N
Intro to Entrepreneurship
Overview of the entrepreneurial process, examination of the marketplace and discussion of successful business strategies. Product selection, selling and marketing strategies. Sources of information and assistance.

BUS 152 (5) N
Entrepreneurship: Product/Service Selection, Pricing & Marketing
Intro to product selection, channels of distribution, pricing, marketing and selling strategies. Write the product, pricing and marketing sections of a business plan. Prereq: BUS 151 and BUS 154.

BUS 153 (5) N
Entrepreneurship: Planning Business Financials
Intro to financial planning, financing and operations processes. Review forecasting assumptions, prepare financial needs projections, study new business financing and prepare plans for growth and contingencies. Complete the business plan. Prereq: BUS 152 or instructor's permission.
Course Descriptions

**BUS 154 (5) N**
Entrepreneurship Overview
Overview of the entrepreneurial process. Develop a business plan using the student’s own business idea. Learn skills and characteristics of successful entrepreneurs, techniques for evaluating business opportunities, planning tools, selling and marketing basics, financial analysis, record keeping, regulations of Washington State, and step by step procedures for starting a small business.

**BUS 155 (3) N**
Independent Study
With the aid of coaching, develop a feasibility plan as the basis or start of your business plan.

**BUS 156 (5) N**
Intro to e-Business/Commerce
Overview of the principles of electronic commerce: the origin and growth of e-commerce; comparison with traditional commerce; the relationship of e-commerce to the Internet; electronic money; electronic contracts, legal issues, stock trading; catalogs, accounting, auditing and taxation, international aspects and e-marketing. Prereq: ENGL& 101 or ENGL 101 eligibility or completion of ENGL 097/098.

**BUS 169 (5) N,S**
Using Computers in Business
Focuses on representative business software for word processing, database, spreadsheet applications, graphic presentations and uses in business. Includes the basics of the disk operation system (DOS), Windows contemporary computer terminology and legal and safety considerations. Prereq: BUS 104 or CTN 100 (S) and keyboard skills.

**BUS 170 (4) C,S**
Information Technology I

**BUS 171 (4) C**
Information Technology II
Intro to Powerpoint and more advanced functions of Excel and Word, including Excel amortization schedules, hyperlinks and templates with multipiles; and Word form letters, labels, documents with tables and integration using OLE and Word Art. Prereq: BUS 170 and keyboard 35 net wpm, or concurrent enrollment in BUS 106.

**BUS 172 (4) C**
Information Technology III
Use technology to integrate text, data and charts in business projects. Covers advanced Word, PowerPoint and Excel functions; gain additional skill with email and Internet. Prereq: BUS 171 and keyboard 45 wpm or concurrent enrollment in BUS 106.

**BUS 174 (2) C**
Career Development I
Successfully research and identify job leads. Focuses on approaching companies for job shadow opportunities, practicing effective informational and position interviewing techniques.

**BUS 175 (5) C,S**
Applied Business Statistics – A Decision-Making Process
Intro to concepts and techniques used extensively in public and private sector decision-making, including statistical techniques in accounting, finance, marketing, production and personnel management. Focuses on real data applications, active learning, quantitative privacy and statistical thinking, and using computer software. Prereq: BUS 110 or MATH 098 (S).

**BUS 176 (2) C**
Career Development II
Apply business skills by taking a short-term volunteer position for a local non-profit organization. Identify appropriate non-profit agencies, develop networking opportunities, and secure a volunteer job.

**BUS 177 (5) S**
Spreadsheets
Learn and use Microsoft Excel to manipulate numbers, track sales and expenses, create budgets and charts to help make informed business decisions. Use calculations and pre-defined formulas to organize data, process statistical information and more. Emphasis on using Excel software tools needed to pass the core MOS exam although passing MOS exam is not required to pass the course. Prereq: BUS 169 or equivalent.

**BUS 178 (5) C**
Intro to Web Design/Development with Dreamweaver
Focuses on website design, concepts and processes necessary to develop, maintain and upload a commercial website to a worldwide server through the use of Dreamweaver software. Covers design, color, graphics, sound and navigation. Prereq: Keyboard 25 net wpm plus BUS 170, MIC 101, or MIC 150.

**BUS 179 (5) S**
Word Processing
Covers comprehensive word processing using Microsoft Word. Includes basic skills and more advanced techniques such as tables, envelopes, templates and mailmerge. Prereq: BUS 169 or 170 or equivalent.

**BUS 181 (5) C,S**
Intro to Desktop Publishing
Creation of documents using desktop publishing software on the PC. Combines text-processing and graphics to create brochures, newsletters and other business materials using a popular software. Prereq: 25 net wpm and working knowledge of Word (C).

**BUS 182 (5) C,S**
Information & Records Management
Study the basic alphabetic, numeric, subject and geographic filing principles necessary to manage filing systems, as established by the Association of Records. Includes computer practice using a database software simulation. Intro to Microsoft Access database features.

**BUS 183 (2) C**
Career Development III
Effectively plan and create a project proposal for an area business or non-profit organization. Research the organization, investigate its needs, create a project solution, present the proposal and implement the result for the organization.

**BUS 184 (5) C**
Business Database Applications

**BUS 185 (5) C**
Small Business Management
Covers qualifications needed by the small business manager and entrepreneur; planning, organizing and marketing activities; forecasting methods and sources of financial resources; tools for decision-making.

**BUS 186 (5) N**
Sustainable Business
Examines the relationships between business, social and economic development and the environment. Explores how emerging technologies are reshaping energy utilization and management for businesses and their communities. Prereq: BUS101 or permission.

### Chemistry

**CHEM 106 (5) N,S**  
Intro to Food Science  
(Formerly CHE 105) Studies the biological and chemical consequences of food preparation. Lectures and lab explore questions such as why cut potatoes turn brown, why starch thickens sauces and why bread rises.

**CHEM 110 (5) C,N,S**  
Chemistry Concepts with Lab  
(Formerly CHE 100 – Chemistry & Society) Stresses a humanistic approach to chemistry and de-emphasizes mathematical problem-solving. Reveals chemical principles, facts and theories through practical applications, computer graphic illustrations and experiments. Includes lab.

**CHEM 121 (5) C,N,S**  
Intro to Chemistry  
(Formerly CHE 101 – Chemistry [S] or Fundamentals of Inorganic Chemistry [N,C]) Continuation of organic chemistry and intro to biochemistry. Lab included. Prereq: CHEM& 121 or CHE 101.

**CHEM 122 (5) C,N,S**  
Intro to Organic Chemistry  
(Formerly CHE 102 – Fundamentals of Organic Chemistry [N,C]) or Chemistry [S]) Continuation of organic chemistry and intro to biochemistry. Lab included. Prereq: CHEM& 121 or CHE 102.

**CHEM 139 (5) C,N,S**  
General Chemistry Prep  
(Formerly CHE 139 – Intro to General Chemistry) Lecture. Includes chemical mathematics, basic atomic structure, chemical bonding, chemical equation balancing, mole concept and chemical stoichiometry. Fulfills QSR requirement for A.A. degree. Prereq: MATH 098.

**CHEM 161 (6) C,N,S**  
General Chemistry with Lab I  
(Formerly CHE 140) For science majors. A three-quarter sequence introducing basic concepts of chemistry: structure and bonding, chemical reactivity, physical measurement, stoichiometry, structure of matter, gas laws, intermolecular forces, solutions, chemical kinetics, equilibrium, acid/base, thermodynamics, redox and electrochemistry. Fulfills the QSR requirement for A.A. degree. Satisfies the general chemistry requirement for science majors and various pre-professional programs. Several pre-engineering and other programs require only CHEM&161 and 162 or CHEM 140 and 150. Prereq: CHEM& 139 or (passing grade on placement exam) and MATH& 141 or 122 with 2.0 or higher.

**CHEM 162 (6) C,N,S**  
General Chemistry with Lab II  
(Formerly CHE 150) For science majors. Covers chemistry principles, structure of matter, atomic and molecular theory, the elements, quantitative relationships, nuclear chemistry, aqueous solutions, kinetics, chemical thermodynamics, oxidation and reduction, electrochemistry, periodicity, equilibrium systems, qualitative analysis and organic chemistry. Fulfills the QSR requirement for A.A. degree. Prereq: CHEM& 161 or CHE 140 or CHE 191.

**CHEM 163 (6) C,N,S**  
General Chemistry with Lab III  
(Formerly CHE 160) For science majors. Covers chemistry principles, structure of matter, atomic and molecular theory, the elements, quantitative relationships, nuclear chemistry, aqueous solutions, kinetics, chemical thermodynamics, oxidation and reduction, electrochemistry, periodicity, equilibrium systems, qualitative analysis and organic chemistry. Fulfills the QSR requirement for A.A. degree. Prereq: CHEM& 162 or CHE 150.

**CHEM 191, 192 (9 EA.) N**  
General Chemistry (two-quarter sequence)  
CHEM 191 and 192 are equivalent to CHEM& 161, 162 and 163 (formerly CHE 140, 150 and 160). Explores the principles of chemistry, structure of matter, atomic and molecular theory, the elements, periodicity, quantitative relationships, nuclear chemistry, aqueous solutions, oxidation and reductions. Both courses fulfill QSR requirement for A.A. degree. CHEM 191 Prereq: CHEM& 139 or CHE 139 or passing score on chemistry placement exam and MATH 102 or MATH& 141 or MAT 122. CHEM 192 Prereq: CHEM& 162 or CHE 150 or CHE 191.

</table>
| **CHEM 241** (4) C,N,S | **Organic Chemistry I**  
(Formerly CHE 231) Structure, nomenclature, reactions and synthesis of the main types of organic compounds. Prereq: CHEM 241 or CHE 160. | | |
| **CHEM 242** (4) C,N,S | **Organic Chemistry II**  
(Formerly CHE 235) Further discussion of physical properties and transformations of organic molecules, especially aromatic and carbonyl compounds. Prereq: CHEM 241 or CHE 231. | | |
| **CHEM 243** (4) C,N,S | **Organic Chemistry III**  
(Formerly CHE 236) Polymolecular compounds and natural products, lipids, carbohydrates, amino acids, proteins and nucleic acids. Prereq: CHEM 242 or CHE 235. | | |
| **CHEM 251** (4) C,N,S | **Organic Chemistry Lab I**  
(Formerly CHE 238) Preparation of representative compounds. Prereq: CHEM 241 or CHE 231 or concurrent enrollment. | | |
| **CHEM 252** (4) C,N,S | **Organic Chemistry Lab II**  
(Formerly CHE 239) Preparations and qualitative organic analysis. Prereq: CHEM 242 or CHE 235 or concurrent enrollment and CHEM 251 or CHE 238. | | |
| **CHEM 255** (3) N | **Biotechnology**  
First of two courses (second course now being developed). Survey of basic principles of biochemistry and molecular biology, emphasizing chemical events in living systems in terms of metabolism and structure-function relationships of biologically important molecules. For chemistry, biochemistry, medicine, dentistry, pharmacy or medical technology majors. | | |

<table>

### Child & Family Studies

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Credits</th>
<th>Type</th>
<th>Description</th>
</tr>
</thead>
</table>
| **CFS 110** (3) C | **Planning Age-Appropriate Activities & Environments for Young Children**  
Intro to working with children and their families to design safe, healthy, inviting, culturally relevant and anti-bias learning environments for children and family members. Prereq: Eligibility for ENGL 101 and MATH 084. | | |
| **CFS 120** (3) C | **Supporting Young Children’s Physical & Intellectual Development**  
Examines physical, cognitive, creative and linguistic developmental needs and stages of children birth through 12, and methods and strategies for planning for holistic development. Prereq: Eligibility for ENGL 101 and MATH 084. | | |
| **CFS 130** (3) C | **Guiding & Supporting Young Children’s Social & Emotional Development**  
Covers the social, emotional, self-esteem and cultural identity developmental needs and stages of children birth through 12, and methods and strategies for planning for holistic development. Addresses guidance and managing difficult behavior. Prereq: Eligibility for ENGL 101 and MATH 084. | | |
| **CFS 145** (3) C | **Activities that Foster Development During the School-Age Years**  
Examines physical, social, emotional, cognitive and moral development of school-age children (ages 5-14) within social and cultural contexts including the family, peer group and community. Covers individual differences, typical issues and areas of concern. Includes roles of practitioners and history and philosophies of various program models. Prereq: Eligibility for ENGL 101 and MATH 084. | | |
| **CFS 155** (3) C | **Development During the Adolescent Years**  
Examines early, middle and late adolescent (ages 12-21) development within social and cultural contexts including family, peer group and community. Explores issues youth face, youth culture and values, cultural responses to coming of age and rites of passage. Includes roles of practitioners and history and philosophy of various program models. Prereq: Eligibility for ENGL 101 and MATH 084. | | |
| **CFS 180** (3) C | **Guiding Behavior & Social Development During the School-Age & Adolescent Years**  
Examines theories of social-emotional development (ages 5-18), learning styles and application to diverse guidance strategies. Explores self-esteem, group belonging, cultural identity and diverse familial patterns. Examines both typical development and challenges youth face which may affect their development and behaviors. Prereq: Eligibility for ENGL 101 and MATH 084. | | |
| **CFS 208** (3) C | **Planning Activities & Spaces for School-Age & Youth Programs**  
Theoretical and practical examination of successful, diverse, culturally relevant and anti-bias environments. Includes facility design, appropriate materials, family involvement, programming and activities. Applicable to recreation, tutoring, health, education, social services, cultural arts and before/after school environments. Includes on-site visits to programs. Prereq: Eligibility for ENGL 101 and MATH 084. | | |
| **CFS 215** (3) C | **Mathematics & Science Methods for Working With Young Children**  
Explores the many ways young children integrate math and science concepts into their daily lives and how to support their classroom learning. Emphasis on promoting cognitive development and overcoming traditional biases which have been barriers for girls and children of color in science and math. Prereq: Eligibility for ENGL 101 and MATH 084. | | |

COMPUTER INFORMATION SYSTEMS

COMPUTER SCIENCE

CSC 100 (5) S
Beginning Computers
Covers basic computer terminology; characteristics of hardware and software; capabilities, limitations and problems associated with computers; intro to email and the Internet.

CSC 102 (1-5) C,N
Using Computers – Modules
Covers computer topics chosen by the instructor and/or division. Topics may supplement content in another course (word processing for English, graphics for math or spreadsheets for economics). Class format varies. Prereq: Permission.

CSC 110 (5) C,N,S
Intro to Computer Programming
Overview of computer program design and problem-solving with a focus on problem analysis, program development, testing and debugging. Use decision and loop structures to develop a variety of programs to solve scientific and technical problems. Programming language used may vary. Fulfills QSR requirement for A.A. degree. Prereq: MATH 098 or MATH 106.

CSC 111 (5) C,N,S
Computers for Math & Science
Learn to electronically find, share and access scientific information on the Internet and use applications to collect, analyze and present data. Create a website, handle email, compress documents, test and debug computer programs. Includes hardware, software, networks and privacy. Prereq: MATH 098.

CSC 121 (5) C,N,S
Computer Programming for Engineers
Covers the general principles of modern programming, including how to design, implement, document, test and debug computer programs. Based on Java. Covers objects, messages, expressions, statements, methods, classes, conditionals, iterations, arrays and collections. Fulfills QSR requirement for A.A. degree. Prereq: CSC 110 and MATH& 141 or MAT 122. May be taken as ENGR 142.

CSC 143 (5) C,N,S
Computer Programming II
Continuation of CSC 142, Covers classes and interfaces, inheritance, graphics, exceptions, stream I/O, recursion, analysis of algorithms and some dynamic structures (lists, stacks, trees). Intro to advanced Java language features and new programming topics. Learn the tools for building efficient software systems: dynamic data allocation, recursion and analysis of algorithms. Fulfills QSR requirement for A.A. degree. Prereq: CSC 142.

CSC 180 (3) N
Scientific Computing & Bioinformatics
Intro to computer applications used in biotechnology. Focuses on storing, manipulating, processing, graphics and analyzing scientific data. Includes computers as research tools for obtaining scientific information. Prereq: MIC 101. Recommended: CHEM & 123 or CHE 103.

CSC 198 (1-5) N
Computer Workshop
Covers computer topics considered appropriate by the instructor and/or division. May be supplemental to another course.

CSC 298 (1-5) C,N
Special Topics
A seminar of selected topics or activities in computer science. Prereq: Variable, dependent on topic.

CSC 299 (1-5) C,N
Independent Study
Independent study of approved topics in computer science. Prereq: Permission.

COMPUTING TECHNOLOGY

Also see Computer Science, Information Technology and Network Technologies.

CTN 101 (5) S
Intro to Computing Technology
Learn the common hardware components of computing systems, including the technical knowledge to make decisions about hardware selection, configuration, and upgrading for software optimization. Covers basic network topologies and management schema. Prereq: CSC 100 or concurrent enrollment.

CTN 120 (5) S
Databases I
Overview of database concepts and applications. Emphasis on MS-Access and its role in Microsoft Office. Includes practical experience setting up related database systems and developing tables, queries, forms and reports. Prereq: CSC 100.

CTN 121 (5) S
Databases II
Continuation of CTN 120 with emphasis on application development, using Access automation tools. Intro to SQL Server with emphasis on writing SQL queries, and applications that use Access front-ends to reach SQL Server back-ends. Intro to working with views, joins, creating tables and databases from script, backing up and setting permissions. Prereq: CTN 120.
FINDING COURSES
Course names and course prefixes are cross-referenced in an index beginning on page 178. For example:

PREFIX TO NAME
HIN . . . . . . . . . Watch Technology
NAME TO PREFIX
Watch Technology . . . . . . . . . HIN
Common Course Numbering explanation is on page 177.

CTN 131 (5) S
Intro to Computer Programming
Intro to computer programming using Microsoft’s Visual Basic NET as the environment to explore elementary programming techniques. Emphasizes program structures such as Loops, Sequences, and Windows interfaces. Prereq: CSC 100 or permission.

CTN 141 (5) S
Intro to Operating Systems
Intro to operating systems’ purpose, functions and structure. Use the command line for troubleshooting and configuration and for writing batch files. Study structures and management concepts that are common to all operating systems. Uses Windows OS. Prereq: CSC 100.

CTN 142 (5) S
Operating Systems II
Study the implementation and administration of the most recent Microsoft Windows operating system to help students prepare for the Microsoft Certified Professional (MCP) exams. Focus on general operating systems’ architectural concepts including file, memory, I/O, and process management methods. Learn Unix and Windows operating systems’ intrinsic structure and functionality. Prereq: Successful completion of CTN 101.

CTN 160 (5) S
Web Production I
Intro to internet media development using xhtml, cascading style sheets, tables, frames, forms, and cas-p. Deploy and test sites on a web browser. Prereq: CSC 100 or permission.

CTN 161 (5) S
Web Production II
Intro to web development using stream-lined development tools and image editors. Integrate graphics and complex code to produce professional quality web sites. Tools might include Macromedia Dreamweaver and Adobe Photoshop or current industry standards. Prereq: CTN 160 or permission.

CTN 163 (5) S
AS/400 I
Intro to XML specification and accompanying standards. Covers the basic XML, XML syntax, DTDs, XML schemas, XSL transformations, XML namespaces and XHTML. XML is used in many newer software products and web pages. Prereq: CTN 160 or CTN 131.

CTN 165 (5) S
Usability Design
Focus on combining design, usability testing and technology. Explore how to include usability testing at the start of the technology project and carry usability through the development cycle. Learn to analyze results and change the interface to reflect testing results. Prereq: CTN 160 and ART 210 with a 2.0 or above.

CTN 170 (5) S
Hardware I
Covers computer hardware repair and service. Focus on primary peripherals, installation of software, and hardware designs for Windows operating systems recognition. Covers work habits, customer interaction, reference materials, and basic linear thinking troubleshooting. Includes choices, installation, configuration and economic guidelines for repair or replacement decisions. Prereq: CSC 100, CTN 101 or equivalent.

CTN 171 (5) S
Hardware II
Focus on the A+ certification prep for hardware and software technologies. Covers knowledge and hands-on competency in core hardware and operating system technologies including installation, configuration, diagnosing and preventive maintenance. Includes customer interaction techniques and systematic approaches to troubleshooting. Prereq: CTN 170 with C or higher.

CTN 172 (5) S
Hardware III
Focus on A+ certification and preparation for certification tests relevant to most current CompTIA testing. Includes troubleshooting, customer interaction and networking information included in testing. Prereq: CTN 171.

CTN 197 (1-15) S
Computing Internships
Bridges the gap between work and learning by reinforcing and documenting student learning experiences on the job.

CTN 224 (5) S
Web Server Configuration & Management
Focuses on building, maintaining, and optimizing web servers. Includes security, user management, and authentication and access tracking. Prereq: CTN 101 and 160; CTN 270 recommended.

CTN 267 (5) S
XML I
Comprehensive intro to the XML specification and accompanying standards. Covers the basics of XML syntax, DTDs and an overview of XML schemas, XSL transformations, XML namespaces and an intro to XHTML. Prereq: CTN 131 and 160 or permission.

CTN 270 (5) S
Local Area Networks I
Intro to networking concepts, terminology and technologies including history, OSI reference model, standards, common protocols, data translation techniques, data transmission processes and network structures. Includes error handling, communication hardware and popular network operation systems. Prereq: CSC 100. Recommended: CTN 101.

CTN 272 (5) S
Local Area Networks II
Intro to the Novell NetWare family of network operating systems. Install Novell NetWare on student file servers, and configure the network operating system by creating users and groups, directory structures, login scripts, print services, security policies and performing server maintenance. Install and configure client operating systems and connect clients to file servers. Prereq: CTN 270.
Course Descriptions

**CTN 274 (5) S**
Local Area Networks III
Covers advanced topics in computer networking, including remotely installing operating systems, implementing network security, setting up directory services such as Active Directory, designing and implementing policies, setting up and implementing print services and configuring distributed file systems. Prereq: CTN 270 with 2.0 or higher.

**CTN 277 (5) S**
Network Security I
Intro to the concepts and practices used to guard organizational data and computer systems. Select and deploy practical and effective solutions used to identify, assess and prevent external network threats. Covers Microsoft and Linux operating systems for server security, firewall security and remote access solutions. Prereq: CTN 270.

**CTN 278 (5) S**
Wireless Communication I
Intro to wireless communication and wireless LAN technologies. Covers WLAN use, design, installation, security and troubleshooting. Studies the 802.11 standards including WiFi, light-based and radio-based WLANs, Bluetooth and cellular technology concepts. Learn how and why wireless communication works and how to select and setup the correct wireless devices for the best network solution. Prereq: CTN 270 or equivalent.

**CTN 279 (5) S**
TCP/IP
Examines the TCP/IP protocol stack in detail. Includes TCP/IP protocol services, data formats, DNS, DHCP, IP network management, security basics for TCP/IP environments and IPv6 & SMTP. Prerequisites: CTN 142 and 282.

**CTN 282 (5) S**
Cisco I
The official “CCNA Exploration course”. First of four courses in the Cisco training in preparation for the Certified Cisco Network Associate certification exam. Intro to networking terminology, devices, addressing, media, protocols, design models, regulations and network management. Prereq: CTN 270.

**CTN 283 (5) S**
Cisco II
CCNA Exploration of Routing Protocols and Concepts. Covers how a router learns about remote networks and determines the best path to those networks. Includes static routing and dynamic routing protocols, basic router configuration, management and troubleshooting techniques. Prereq: CTN 282 with 2.0 or higher.

**CTN 284 (5) S**
Cisco III
CCNA Exploration of LAN Switching and Wireless. Focuses on Layer 2 switching protocols and concepts used to improve redundancy, propagate VLAN information, and secure the portion of the network where most users access network services. Includes VLAN segmentation using routers and switches and intro to WLAN. Prereq: CTN 283 with 2.0 or higher.

**CTN 285 (5) S**
Cisco IV
CCNA Exploration of Accessing the WAN. Intro to WAN converged applications and quality of service (QoS) including PPP, Frame Relay, broadband links, WAN security concepts including threat types, network vulnerabilities analysis procedures and mitigation, and ACLs. Includes implementation procedures using IP addressing services for an Enterprise network, configuring NAT and DHCP/IPv6, and Security Device Manager (SDM). Preparation for CCNA Exam. Prereq: CTN 284 with 2.0 or higher.

**CTN 286 (5) S**
Help Desk, Research & Customer Service
Learn effective customer service and help desk techniques and methods to conduct research necessary to solve technical problems efficiently. Emphasizes customer interaction and soft skills. Accomplish, document, evaluate, and present research to the customer. Study help desk techniques and infrastructure. Prereq: CSC 100 or equivalent. Recommended: at least one hardware, operating system, programming or networking class.

**CTN 287 (1-10) S**
Special Topics in Industrial Computing Technology
Special topics in individual or group study in the Computing Technology field. Prereq: Permission.

**CTN 288 (1-5) S**
Special Topics in Industrial Computing Technology
Accommodates individuals who wish to learn new skills or to update specific skills by creating an agreement or contract with the college. Prereq: Permission.

**ICT 103 (2) S**
Computer Applications
Intro to popular applications software. Hands-on experience with a word processor, spreadsheet, database manager and MS-DOS.

**COOPERATIVE WORK EXPERIENCE**

**CWE 101 (2) N**
Portfolio, Job Search & Interviewing
Develop effective cover letters, resumes, portfolios, job search strategies, interviewing techniques and conduct an informational interview. Videotape and critique a mock interview. Apply skills to job seeking and to transferring to other schools. Prereq: ENGL 095/096 or higher or COMPASS placement into ENGL 097/098 or permission.

**CWE 110 (3) N**
Internship
Apply skills and training in the workplace in a field related to student’s studies. Use current related employment, develop an opportunity or apply through the Internship Office. Develop learning objectives, complete performance evaluations on the job and develop a capstone portfolio. Prereq: CWE 101 with a 2.0 or higher or permission.

**CWE 197 (1-8) C**
Cooperative Education/Work Experience
Earn credit for work or internship experiences.

**COORDINATED STUDIES PROGRAMS/LEARNING COMMUNITIES**

Learning Communities study a major theme from a variety of academic disciplines. A team of faculty and students use critical thinking to study important issues and concerns for the entire quarter. Students enroll for the entire program. Each program is taught by a team of diverse faculty members who conduct lectures and lead student seminars, field trips and group projects.

In Learning Communities, students and faculty work together on local and global issues requiring creative and active participation from all those in the classroom. Though separate courses are listed on a student’s transcript, the program is conducted as one coordinated course and each program becomes a unique sum, greater than the total of the parts.

This innovative approach to teaching and learning has won national recognition for the Seattle Community College District. The sense of community and excitement generated by Learning Communities creates an atmosphere that is especially memorable and profound.
### CULINARY ARTS • CENTRAL •

#### Culinary Arts

**Specialty Breads & Desserts**

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Credits</th>
<th>Description</th>
</tr>
</thead>
</table>
| BAK 101     | (4) C   | Intro to Desserts & Breads (Theory)  
Intro to baking/cooking methods and the scientific principles used in this field. Covers ingredient responses to temperature, friction and storage: mise en place; ingredient functions and characteristics; tools/equipment; and trade terminology. Includes discussion of yeast doughs, quick breads, syrups, icings, sauces and creams, pastries, pies and tarts, cake mixing and baking. Prereq: Admission to program. |
| BAK 102     | (3) C   | Bread & Food Preservation  
Presents theory and ingredients, including why specific baking techniques work. Emphasizes the formation and exercise of judgment in baking practice, relationships between procedures and products and evaluation of product quality. Includes discussion of bread history; buttercreams; soufflés and merengues; frozen desserts; chocolate sugar/work; bread and bread sculpture; centerpieces; and wedding cakes. Prereq: BAK 101. |
| BAK 103     | (4) C   | Advanced Theory  
Presents advanced theory and ingredients in chocolate process, fair trade practices, cacao bean growing and chocolate making. Learn the scientific principles of sugar process, sugar alcohol, sugar cooking stages, fat functions and characteristics. |
| BAK 105     | (1.5) C | Restaurant Baking (Theory)  
For culinary arts students. Expands on science and principles of baking, including yeast doughs and formulas, icing techniques, basic cake types and characteristics of desserts. Prereq: CUL 102. |
| BAK 111     | (6) C   | Intro to Desserts & Breads (Practicum)  
Application of baking theory to production. Includes mise en place and preparation of a variety of doughs, breads/rolls, breakfast breads/pastries, cookies, tarts, sponge and tea cakes and decorated cakes. Prereq: Admission to program. |
| BAK 112     | (8) C   | Beginning Desserts & Breads (Practicum)  
Further application of baking theory to production, including exercising judgment and product success/failure analysis. Includes preparation of pastry creams, egg foams, butter creams, merengues, mousses, soufflés, custards, frozen desserts, holiday desserts, compotes, chocolate candies, sauces and fillings. Prereq: BAK 111. |
| BAK 113     | (8) C   | Intermediate Desserts & Breads (Practicum)  
Development of independent bakery skills, including organization, accuracy and communication. Practice assessment of product texture, taste and appearance. Includes preparation using advanced techniques of intricate chocolate work, European cakes and plated desserts, with increased emphasis on presentation and artistic skills. Prereq: BAK 112. |
| BAK 115     | (1) C   | Restaurant Baking (Practicum)  
For culinary arts students. Production of baked goods including ganache, custards, creams, puddings, mousses and purees. Prereq: CUL 102. |
| BAK 116     | (1) C   | Fine Dining Baking (Practicum)  
For culinary arts students. Applies baking theory to production of yeast doughs (bread, puff pastry and choux), breads, focaccia, cakes, icings, decorations, mousses, tortes, puff pastries and fine plated desserts. Prereq: BAK 115. |
| BAK 117     | (1) C   | Intro to Cheese Making  
For culinary arts students. Learn cheese making and fermentation techniques in the culinary field, including cheese diversity, milk composition, and the eight basic steps. |
| BAK 123     | (2) C   | Advanced Desserts & Breads (Theory)  
Design and develop a line of bakery goods. Learn how to purchase goods, inventory goods, calculate cost analysis and develop a bakery line for presentation. Prereq: BAK 101. |
| BAK 124     | (8) C   | Advanced Buffet Desserts & Wedding Cakes (Practicum)  
Design and develop a line of wedding cakes and petits fours using the latest industry techniques. Produce jam and preserves using organic fruits and vegetables. Prereq: BAK 101. |
| BAK 125     | (8) C   | Advanced Desserts & Breads: (Practicum)  
Design and develop a line of bakery goods. Purchase and inventory goods and calculate cost analysis as an extension of the class project. Prereq: BAK 113 or permission. |
| BAK 126     | (3) C   | Advanced Food Preservation  
Learn scientific principles as applied to lactic acid fermentation including cheese making, charcuterie and vegetable ferments. Explore scientific principles applied to yeast products, fermented foods and food preservation including flour facts and alcohol fermentation. |
| BAK 210     | (1) C   | Science & Baking  
Overview of food science for baking students. Begin developing baking formulas for those who need gluten-free, diabetic diet and other special baking products. |
| BAK 299     | (1-5) C | Special Projects, Specialty Desserts & Breads  
Independent study course for individual projects in the desserts/pastry field. Prereq: permission. |
| BIOL 103    | (3) C   | Nutrition for Food Service Professionals  
Identification of known nutrients for human health; demonstration of dietary quality guidelines; utilization of dietary guidelines in meal planning, including modification of existing recipes to meet nutritional recommendations. |
| CUL 101     | (6) C   | Food Theory I  
Intro to fundamentals of professional cooking, including history of the food service history; professional attributes; kitchen safety, tools and equipment identification; knife safety and cutting techniques; basic kitchen ratios; mise en place; moist and dry heat cooking; stocks; egg cookery; intro to vegetables, starches, meats, poultry, fish and shellfish; and basic aromatic and flavoring combinations. Prereq: Admission to program. |
| CUL 102     | (5) C   | Food Theory II  
Continuation of professional cooking, particularly theory relating to quantity food production. Includes trade terminology, heavy equipment, tool identification, mise en place, soups, salads, meats, fish, poultry, vegetables, starches, sandwiches, butchering, garnishes and presentation. Prereq: CUL 101. |
CUL 103 (4) C
Food Theory III
Covers professional cooking at the casual American restaurant. Explore the cultural roots of contemporary American cooking and the cultural and technical background of dishes. Includes recipe and menu writing, and chemical changes that occur when heat in various forms is applied to food. Practice identification, selection, receiving and handling of ingredients such as herbs, spices, vegetables, fish and shellfish. Prereq: CUL 102.

CUL 104 (6) C
Food Theory IV
Emphasizes preparation of international quantity cooking. Includes mise en place, item market- ing, equipment operation and preparation of meals. Prereq: admission to program. 

CUL 106 (1.5) C
Intro to Culinary Arts (Theory)
Intro to culinary arts. Includes the theory of the various types of moist and dry heat cooking methods; product identification; preparation methods for stocks, sauces, vegetables and side dishes. Prereq: Admission to program.

CUL 111 (6) C
Intro to Professional Cooking (Practicum)
Intro to fundamentals of professional cooking. Includes kitchen safety and operations, knife skills, basic food and stock preparation, teamwork and leadership, general housekeeping, sanitation and clean up. Prereq: Admission to program.

CUL 112 (8) C
Quantity Cooking (Practicum)
Prepares meals for on-campus casual American restaurant. Work pantry, sauté, grill and fryer stations. Use traditional and contemporary culinary techniques to produce a culturally diverse selection of soups and salads, casual entrees and desserts. Practice fabrication of various meats, seafood and vegetables and various wet and dry cooking methods. Includes concepts of mise en place, collaboration and seasonality. Develop skills in organization, speed, plate presentation and evaluation of finished products. Prereq: CUL 112.

CUL 113 (8) C
Restaurant Cooking (Practicum)
Practice cooking creativity with classical and contemporary Northwest, Spanish, Oaxacan, French, Pan-Asian and Middle Eastern cuisines. Focus on seasonal ingredients, sustainable purchasing practices, healthy cooking techniques, plate presentation, accuracy, speed, effective working habits, palate development, care for ingredients, safety, professionalism and organization. Produce dishes for “One World” restaurant and private dining room. Prereq: CUL 113.

CUL 114 (8) C
International Cooking (Practicum)
Covers the fundamentals of grape growing and winemaking, including table, sparkling and fortified wines. Includes sensory evaluation of classic grape varieties and their growing regions with emphasis on Washington state wines. Learn strategies for food and wine pairing. Prereq: Admission to program.

CUL 120 (2) C
Intro to Wine
Practicing professionalism and commitment to food science. Focus; practice advanced technique; and build culinary competition skills. Lead others while practicing professionalism and commitment to producing quality food. Prereq: CUL 114.

CUL 151 (1) C
Sustainable Food Systems Practices I
Intro to the current ecological, economical and political issues relating to the food system. Raises awareness of issues of the food system from producer to consumer, exploring agriculture, fisheries, dairy, meat and poultry production, water and waste. Includes trade, health and social justice issues within the food system. Prereq: Admission to program or permission.

CUL 152 (1) C
Sustainable Food Systems Practices II
Continuation of CUL 151. Prereq: CUL 151 with 2.0 or better or permission.

CUL 153 (1) C
Sustainable Food Systems Practices III
Explore issues relating to a sustainable food system: globalization, food politics, food security and social justice. Examine climate change as it relates to the food system, water and waste issues, heritage foods, and practical application of ideas in the kitchen. Learn to navigate and purchase from the local producer market. Prereq: CUL 152 or permission.

</thead>
<tbody>
<tr>
<td>CUL 299</td>
<td>Individual Projects Hospitality &amp; Culinary Arts</td>
<td>Permission required.</td>
<td></td>
</tr>
<tr>
<td>HOS 101</td>
<td>Customer Service Practicum I</td>
<td>Application of basic customer service theory in a full service restaurant or pastry case. Includes busing, housekeeping, mise en place for both casual and formal restaurant settings and customer service and sales techniques in bakery counter settings. Prereq: Admission to program.</td>
<td></td>
</tr>
<tr>
<td>HOS 102</td>
<td>Customer Service Practicum II</td>
<td>Refine customer service skills by further practice in a pastry case or full-service restaurant. Includes dining room arrangement, customer service and wait staff duties. In the bakery counter setting, practice product rotations and merchandising. Prereq: HOS 101.</td>
<td></td>
</tr>
<tr>
<td>HOS 103</td>
<td>Customer Service Practicum III</td>
<td>Acquire expertise in customer service by performing opening/closing procedures, using a variety of service techniques and training bus staff. Prereq: HOS 102.</td>
<td></td>
</tr>
<tr>
<td>HOS 104</td>
<td>Customer Service Practicum IV</td>
<td>Intro to leadership positions in the front of the house. Includes maitre ‘d duties, managing reservations and cashiering. Prereq: HOS 103</td>
<td></td>
</tr>
<tr>
<td>HOS 106</td>
<td>Advanced Bakery Counter Service (Practicum)</td>
<td>Explains advanced counter service techniques. Includes training beginning students in customer service (pastry sales, general housekeeping and pastry case mise en place); responsibility for daily setup; and supervision of merchandising and product organization. Prereq: HOS 105.</td>
<td></td>
</tr>
<tr>
<td>HOS 108</td>
<td>Dining Room &amp; Kitchen Management</td>
<td>Covers management and supervision and training practices within the hospitality and culinary arts industries. Includes tableside cooking and service for COD projects. Prereq: CUL 104.</td>
<td></td>
</tr>
<tr>
<td>HOS 109</td>
<td>Advanced Customer Service Practicum</td>
<td>Further exploration of customer service including communication strategies, behavior assessments, complaint resolution, customer characteristics, professionalism, teamwork, buffet arrangements and display of ice carvings. Prereq: HOS 101.</td>
<td></td>
</tr>
<tr>
<td>HOS 110</td>
<td>Principles of Sanitation</td>
<td>Fundamentals of food service sanitation and its importance to the industry. Includes microorganisms in food spoilage and food-borne illness, ways of limiting microbial contamination and growth, creating a clean and sanitary environment, accident prevention and first aid. Material Safety Data Sheets, sanitation in crisis situations, principles of designing safe and sanitary kitchens and government regulations.</td>
<td></td>
</tr>
<tr>
<td>HOS 111</td>
<td>Dining Room Theory</td>
<td>Covers the theory and operation of table service in a variety of dining environments. Includes dining room safety, proper service and etiquette, guest interaction, menu knowledge and ticket writing. Use a variety of dining room equipment. Prereq: HOS 110.</td>
<td></td>
</tr>
<tr>
<td>HOS 122</td>
<td>Purchasing &amp; Inventory Theory</td>
<td>Intro to principles of food costing and inventory procedures. Encompasses formal and informal purchasing methods, flow of goods, food buying, legal and ethical purchasing considerations, market analysis, stock rotation, bid specifications, yield and cost comparisons, quality tests and inventory. Prereq: HOS 101.</td>
<td></td>
</tr>
<tr>
<td>HOS 123</td>
<td>Food Costing Principles &amp; Application</td>
<td>Explores connection between profit and food cost; discusses product waste and defines costing terms and purchasing units. Use mathematics skills to make conversions, cost bulk and sub-recipes and calculate the selling price of a menu item. Prereq: HOS 101.</td>
<td></td>
</tr>
<tr>
<td>HOS 124</td>
<td>Computerized Menu Planning</td>
<td>Learn various menu layouts and designs. Use proper menu language, word processing and Excel programs to create menus and cost recipes. Perform weight to volume conversions. Prereq: MIC 102.</td>
<td></td>
</tr>
<tr>
<td>HOS 150</td>
<td>Measurements &amp; Meanings</td>
<td>Covers the ways measurements, numerical expressions and calculations are used in the culinary and pastry arts. Learn to perform basic calculations, use percents, measure ingredients, calculate and adjust the yield of recipes, cost recipes, price menu items and interpret data in chart and graph format. Prereq: Program enrollment.</td>
<td></td>
</tr>
<tr>
<td>HOS 197</td>
<td>Work Experience Hospitality &amp; Culinary Arts</td>
<td>Earn credits while working in the hospitality industry.</td>
<td></td>
</tr>
<tr>
<td>HOS 201</td>
<td>Functions of Management</td>
<td>Covers management and communication theories and practices within the culinary arts and baking industries. Includes current issues: intro to hospitality, Americans with Disabilities Act, sexual harassment and other legal and human resource issues. Covers communications skills, functions of management, beverage management and financial statement analysis and resume writing. Prereq: Quarters 1-4 of Specialty Desserts and Breads or Culinary Arts program.</td>

</thead>
<tbody>
<tr>
<td>FSD 100</td>
<td>Food Safety &amp; Sanitation</td>
<td>(3) S</td>
<td>Intro survey for food service students. Covers sanitation guidelines as suggested by the National Restaurant Association’s “Service Safe” program. Fundamentals of hazard analysis of critical control point (HACCP) management.</td>
</tr>
<tr>
<td>FSD 101</td>
<td>Orientation to Food Production</td>
<td>(1) S</td>
<td>Intro to classic cooking, history, terminology, cooking methods, sanitation and safety guidelines, USDA meat identification and use of hand tools. Prereq: Standard entry into Food Science Dept. or permission.</td>
</tr>
<tr>
<td>FSD 160</td>
<td>Culinary 1</td>
<td>(5) S</td>
<td>Intro to basic quantity cooking and production skills in five areas: 1) vegetable and starches, knife and tool use, industry sanitation and safety guidelines; 2) short order breakfasts and lunches, including eggs, meats, hot sandwiches and “fast food,” while learning speed, portion control, station management and customer service; 3) basic salads and sandwiches for volume operations, produce specifications, storage and usage, sandwich meats and fillings, baked goods, knives and cutting; 4) basic sauce station skills including stocks, sauces and variations, soups and spice combinations; 5) storeroom controls, organization, receiving, storage, issuing, inventory management, recipe costing, yield determination, HACCP components and use of computerized inventory record applications.</td>
</tr>
<tr>
<td>FSD 165</td>
<td>Culinary 2</td>
<td>(15) S</td>
<td>Covers 5 more complex quantity food production areas: 1) organization and management of food service areas, portion control, sauces and meat, fish and poultry identification; 2) sauté/line station production and organization, sauté skills for meat, poultry, seafood and pasta, pan sauce preparation, use of wine and liquors, and presentation; 3) complex front-of-house operations, terminology, tray and arm service, Continental and French service; 4) advanced pantry and deli preparation and organization, speed skills, quantity production, presentation and seasonal production; 5) restaurant trade meat cutting of beef, veal, lamb, pork, poultry and seafood, plus receiving, storage and processing of produce, yield testing and HACCP guidelines. Covers industry standards of sanitation and safety throughout. Prereq: FSD 165 with 2.0 or higher or permission.</td>
</tr>
<tr>
<td>FSD 180</td>
<td>Theory 3 - Garde Manger/Advanced Cold Food</td>
<td>(5) S</td>
<td>Covers cold food preparation: cold sauces, pickling, smoking, hors d’oeuvres, finger food, canapés and related topics. Includes the art of garde manger, forcemeats, gelatin and aspic, pâtés, terrines, galantines and mousse, elements of charcuterie, sausage making and curing of meats. Prereq: FSD 170 with 2.0 or higher or permission.</td>
</tr>
<tr>
<td>FSD 185</td>
<td>Culinary 3</td>
<td>(15) S</td>
<td>Covers 5 areas: 1) advanced quantity cookery, production, organization and management, contemporary and classic methods, braising, stewing and composed food items; 2) intermediate sauté/line preparation, organization, coordination and speed development, complex garnitures and sauces; 3) intermediate dining room service, flambé, tableside techniques, industry performance and opportunities, training others, cashing and hosting; 4) restaurant operation revenue sources, product costs, human relations and supervisory business skills; 5) sauce and soup preparation, compound sauces, flavor enhancers, national and specialty soups, wines and liquors in sauces. Covers industry standards for sanitation and safety throughout. Prereq: FSD 175 with 2.0 or higher or permission.</td>
</tr>
<tr>
<td>FSD 190</td>
<td>Theory 4 - Restaurant Cost Controls</td>
<td>(5) S</td>
<td>Overview of the manager’s role in cost control and the relationship between operational standards and controlling costs. Prereq: FSD 180 with 2.0 or higher or permission.</td>
</tr>
<tr>
<td>FSD 195</td>
<td>Culinary 4</td>
<td>(15) S</td>
<td>Continue study in 5 areas: 1) interpersonal human relations skills and effective purchasing techniques; 2) advanced sauté/line preparation emphasizing coordination and speed, complex garnitures and sauce building; 3) advanced dining room service, flambé and tableside techniques, industry performance and opportunities, training of others, cashing and hosting; 4) cold food preparation and display, canapés, finger sandwiches and savories, cold set mousses, platter design and buffet setup; 5) meat cutting, portion cutting, specialty meat products, yield testing, cost analysis, meat specification for bid, menu item development and team management. Covers industry sanitation and safety standards throughout. Prereq: FSD 185 with a 2.0 or higher; or permission.</td>
</tr>
<tr>
<td>FSD 197</td>
<td>Internship in Culinary Arts</td>
<td>(1-15) S</td>
<td>Individual internship in the culinary, restaurant, banquet and other food-related industries. Prereq: Permission.</td>
</tr>
<tr>
<td>FSD 200</td>
<td>Theory 5 - Management Techniques</td>
<td>(5) S</td>
<td>Covers management techniques related to supervisor, sous chef and restaurant managers, including diversity, communication, expectations, employee training, delegation, job descriptions, performance reviews, standard operating procedures, coaching and counseling. Also examines menu and restaurant design, resumes and cover letters. Prereq: FSD 190 with 2.0 or higher or permission.</td>
</tr>
<tr>
<td>FSD 205</td>
<td>Restaurant Production</td>
<td>(15) S</td>
<td>Covers 5 areas: 1) baking - ingredients, scaling, mixing yeast and enrobed doughs, shaping breads, breakfast and savory items, and finishing methods; 2) supervising and training others in dining room service, scheduling, layout of seating and tableware for regular and special events, marketing specialty products, and receptions; 3) supervise, train and coordinate others in à la minute restaurant cooking, scheduling, requisitioning, purchasing and portion control; 4) capstone test - plan and execute a pre-fixed menu or 3-course banquet, using skills in menu development, purchasing, costing, labor assignment, food preparation and front of the house supervision; 5) supervise, train and coordinate short order café restaurant cooking, scheduling, requisitioning, purchasing, portion control and production skills. Covers sanitation and safety throughout. Prereq: FSD 195 with 2.0 or higher or permission.</td>
</tr>

</tbody>
</table>
| **FSD 215** | (15) | S | Banquets & Catering  
Covers 5 areas: 1) baking – ingredients, scaling, mixing, baking and finishing of cakes, pies and tarts, basic frostig and dessert sauces; 2) management development for cold food production, coordination of others, scheduling, requisitioning, purchasing, demonstrating portion control and production skills; 3) supervise and coordinate others in quantity food preparation environment, demonstrating scheduling, requisitioning, purchasing, portion control and production skills and basic cooking to others; 4) capstone – plan and execute a formal buffet, emphasizing layout, design, hot and cold foods, menu development, purchasing, costing, labor assignment, food preparation and front of the house supervision; 5) cold food preparation and display techniques, pate, terrine, galantines, charcuterie, meat curing and platter presentation. Prereq: FSD 195 with 2.0 or higher or permission. |
| **FSD 299** | (1-15) | S | Special Topics in Culinary Arts  
This is an Internship course on an individual basis in the Culinary Industry. Prereq: Permission. |
| **HOS 203** | (3) | N,S | Commercial Food Nutrition  
Complete overview of the six nutrient categories — carbohydrates, lipids, protein, vitamins, minerals and water. Practical information on how the body uses nutrients, food sources and alternatives for each nutrient and methods of evaluating nutrition information. Use of the Food Guide Pyramid to evaluate dietary intake. Includes a practical evaluation of nutrition information. |
| **PST 101** | (5) | S | Pastry and Baking Orientation  
Learn trade terminology, scaling and measuring procedures, mixing methods, identification and proper use of hand tools and mechanized baking equipment, plus safety procedures and sanitation. Covers portion control, baking math and ingredient functions in baking. Prereq: Enrollment in program or permission. |
| **PST 102** | (5) | S | Intro to Baking Management  
Learn bakery and pastry production management, including procedures and organizational tools for day to day operations of a bakery or pastry shop. Study standardized formulas, cost control, AP and EP, menu mix, purchasing, receiving, storeroom organization, formula cost analysis, safety and sanitation, trade terminology, professional and ethical behavior and attitude. Prereq: PST 101 or permission. |
| **PST 103** | (4) | S | Decoration Theory I  
Covers theory and practical applications of decorative confectionary mediums. Learn techniques, ingredients and tools used in center-piece, show piece and confectionary display production, including performance test and showpiece requirements. Includes rye dough, royal icing flow, marzipan, macaronade, rose paste, and chocolate tempering. Prereq: PST 102 or permission. |
| **PST 104** | (4) | S | Decoration Theory II  
Covers theory and practical applications of decorative confectionary mediums. Learn techniques, ingredients and tools used in center-piece, show piece and confectionary display production, including performance test and showpiece requirements. Covers pastillage, gum paste, rolled fondant, modeling chocolate, rock sugar, and poured sugar. Prereq: PST 102 or permission. |
| **PST 105** | (4) | S | Decoration Theory III  
Covers theory and practical applications of decorative confectionary mediums. Learn techniques, ingredients and tools used in center-piece, show piece and confectionary display production, including performance test and showpiece requirements. Covers pastillage, gum paste, rolled fondant, modeling chocolate, rock sugar, and poured sugar. Prereq: PST 102 or permission. |
| **PST 111** | (15) | S | Baking I  
| **PST 112** | (15) | S | Pastry I  
Covers French pastry and beginning decorating and finishing. Make primary doughs and bases using classical techniques: Pate Feuilleté, pâte à choux, pâte sucrée and assorted pie doughs. Includes elementary assembling and finishing for cakes and tarts, pastry ingredients and their functions, baking methods, assessment of doughs and batters, sponges, safety and sanitation. Prereq: PST 111, FSC 100 and HOS 203 with 2.0 or better or permission. |
| **PST 113** | (15) | S | Baking II  
Covers beginning and intermediate bread baking, terms and techniques of bread production including proper mixing, fermentation, shaping, proofing, baking and finishing. Prepare laminated and rich Yeasted doughs (Viennoiserie). Deepen learning about bread ingredients and their functions, baking methods, laminating procedures, assessment, safety and sanitation. Prereq: PST 112 or permission. |
| **PST 197** | (1-15) | S | Internship in Pastry & Baking  
Individual internship in Pastry and/or Baking Arts industries. Prereq: permission. |
| **PST 211** | (15) | S | Pastry II  
Covers advanced French pastry and plated desserts. Make more complex pastry doughs and bases using classical techniques. Includes dessert ingredients and their functions, advanced product finishes and decorations, plated dessert design and production. Study dessert sauces and garnishes, flavor profiles and combinations, banquet desserts, safety and sanitation. Prereq: PST 113 or permission. |
| **PST 212** | (15) | S | Pastry III  
Covers terms and techniques of chocolate work, seasonal baking and show pieces, including tempering, candy cooking, enrobing, piping and product finishes. Also covers use of local, sustainable, natural and organic dairy and seasonal produce in baked and dessert products. Learn storage and care, stock rotation, safety and sanitation. Produce a decorative display piece. Prereq: PST 211 or permission. |
| **PST 213** | (15) | S | Pastry IV  
Covers terms and techniques of advanced pastry decoration by making complicated desserts and highly decorated cakes, including advanced mousses, Bavarians and meringues. Learn practical management skills through student lead experiences: delegation, leadership, time management, conflict resolution, customer relations, inventory control, product receiving and rotation, safety and sanitation. Prereqs: PST 102 and 212 or permission. |
| **PST 299** | (1-15) | S | Special Topics in Pastry & Baking  
Special topics on an individual or group basis related to Pastry and Baking Arts industries. |
DENTAL ASSISTING
See Dental Assisting Program at SVI, page 171.

DENTAL HYGIENE
Admission to the Dental Hygiene Program and successful completion of all prerequisite coursework with a 2.5 grade or higher are required.

NOTE: Use of computers integrated into all DHY courses.

DHY 100 (4) C Fundamentals of Dental Hygiene I
Examines the theory and scientific principles underlying the assessment, planning and implementation of clinical procedures in dental hygiene. Focuses on the scope of practice in Washington state, legal and ethical principles that govern the profession and professionalism. Learn effective communication, infection control, instrumentation, vital signs assessment, screening examinations, documentation and use of computers.

DHY 101 (3) C Clinical Dental Hygiene I
First in a series of supervised clinical and pre-clinical experiences involving the assessment, planning and implementation of patient care and clinical dental hygiene.

DHY 102 (2) C Health Promotion
Explores the process of health-related behavioral change through planned interventions in patient education and health promotion. Emphasizes theories of change, the effect of cultural norms and values in client-provider interaction and communication skills to assess the patient's perceptions, needs and motivation to change.

DHY 103 (4) C Dental Radiology I
Study of radiation hygiene and the fundamentals of radiology relevant to dentistry. Includes demos and practice in exposing, processing and interpreting intra-oral radiographs. Covers principles and rules for patient and operator safety.

DHY 104 (2) C Preventive Dentistry
Study of dental deposits, dental diseases, causes and prevention including the relationship between plaque and oral disease processes, dental caries and gingivitis. Includes use and methods of researching professional literature and using oral health prevention measures such as patient education, self-care, fluoride and physiotherapies.

DHY 105 (2) C Oral Biology
Study of oral histology, including the microscopic structures and organization of tissues of the teeth, the embryologic development of the primary and secondary dentitions and the development of the oral cavity. Covers general pathiology, including the mechanisms and characteristics of disease and disease process.

DHY 106 (3) C Pharmacology
Learn the general pharmacological and therapeutic actions of drugs with emphasis on those used in dentistry. Includes dosage, routes of administration, drug interactions, drug effects on the oral cavity, indications, contra-indications and factors in patient treatment planning.

DHY 107 (3) C Periodontology I
Learn the periodontal structures of the mouth and periodontal instrumentation, including types of instruments, names, setups and their proper application to periodontal therapy and treatment. Covers techniques for providing periodontal therapy, using adjunctive periodontal therapeutic agents, patient selection, treatment and post-treatment evaluation.

DHY 108 (2) C Human Pathophysiology
Study of human pathology including the etiology, predisposing factors, mechanisms of disease and characteristics of the disease process in each body system. Emphasizes specific disease entities that are most commonly seen in the clinical dental hygiene setting or that may influence an individual's dental care.

DHY 109 (3) C Head & Neck Anatomy
Study the anatomy and function of the head and neck. Learn the location, characteristics and function of the hard and soft tissues of the head, neck and oral cavity, including all anatomic features, the circulatory system, muscular system, cranial nerves and teeth.

DHY 110 (2) C Dental Anatomy & Morphology
Study the anatomy and function of the head and neck. Learn the location, characteristics and function of the hard and soft tissues of the head, neck and oral cavity, including all anatomic features, the circulatory system, muscular system, cranial nerves and teeth.

DHY 111 (3) C Dental Radiology II
Continue study of radiation hygiene and radiology relevant to dentistry. Includes laboratory demos and practice in exposing, processing and interpreting intra-oral radiographs and extra-oral techniques.

DHY 112 (3) C Restorative Practice & Materials I
First of six-course sequence in clinical restorative dentistry. Focuses on the chemical, physical and mechanical properties of dental materials commonly used by hygienists and on their manipulation. Learn to place restorations into prepared cavities.

DHY 113 (3) C Restorative Practice & Materials II
Second of six-course sequence in clinical restorative dentistry. Deepen learning of chemical, physical and mechanical properties of dental materials, their manipulation and placing restorations into prepared cavities.

</table>

- **DHY 121 (4)**: Clinical Dental Hygiene II

- **DHY 122 (2)**: Oral Pathology
  - Study lesions, pathologies and abnormal conditions of the head, neck and oral cavity.

- **DHY 130 (2)**: Fundamentals of Dental Hygiene III
  - Examines the scientific principles underlying the assessment, planning and implementation of clinical procedures. Focuses on the selection of detection and scaling instruments, selection and use of ultrasonic instruments, use and application of desensitization agents, custom trays, margination, area-specific curets, periodontal files, Nabor's probe and tooth whitening. Covers risk assessment, presentation and written case documentation in development of individualized treatment plans for clinic patients.

- **DHY 131 (4)**: Clinical Dental Hygiene III
  - Third in a series of supervised clinical experiences with patient care involving assessment, planning and implementation of clinical procedures.

- **DHY 150 (9)**: Supported Learning in Dental Hygiene Theory & Practice
  - Individualized study in dental hygiene theory and/or practice personalized to meet the needs of dental assistants who have graduated from an accredited program and are making the transition into dental hygiene.

- **DHY 200 (2)**: Fundamentals of Dental Hygiene IV
  - Fourth in a series focusing on the scientific principles underlying the assessment, planning and implementation of clinical procedures. Emphasizes biochemistry of food, nutritional counseling in dental hygiene practice, and personal, professional and community issues related to HIV/AIDS.

- **DHY 201 (8)**: Clinical Dental Hygiene IV
  - Fourth in a series of supervised clinical experiences with patient care involving the assessment, planning and implementation of clinical procedures.

- **DHY 203 (2)**: Ethics & Jurisprudence
  - Focuses on the ethical, legal and regulatory issues facing a dental hygienist in a private dental office, community agency or independent practice. Through simulated cases, consider professional traits, theories of moral development, ethical dilemmas and principles, the Washington State Dental Practice Act, the hygienist-patient relationship and risk management in dental hygiene practice.

- **DHY 208 (2)**: Periodontology II
  - Deepen study of periodontal diseases, including prevention, cause, prevalence, recognition, patient education, advanced treatment planning and appropriate treatment. Apply prevention and treatment techniques to patients with moderate to severe disease.

- **DHY 215 (2)**: Selective Populations
  - Study the specific care modifications required to effectively deliver oral health services to patients with special mental, emotional and physical challenges or medical problems such as salivary dysfunctions, neurological impairments, immune system dysfunctions, cancer treatments and surgery.

- **DHY 217 (2)**: Community Rotations
  - Clinic rotations to existing community dental clinics servicing low-income patients, non-English speaking clients, pedodontic and adolescent patients, and special needs populations.

- **DHY 220 (3)**: Fundamentals of Dental Hygiene V
  - Fifth in a series focusing on the scientific principles underlying the assessment, planning and implementation of clinical procedures. Emphasizes higher level concepts needed for successful board certification and national examinations.

- **DHY 221 (8)**: Clinical Dental Hygiene V
  - Fifth in a series of supervised clinical experiences with patient care involving the assessment, planning and implementation of clinical procedures. Provide care to a broader range of clients in clinic. Emphasizes refining and integrating previously learned concepts and skills into an effective pattern of comprehensive case management. Demonstrate clinical judgment and decision-making based on scientific evidence and treatment outcomes.

- **DHY 222 (1)**: Community Health I
  - First of three courses in public and community health approaches to the prevention and management of dental and oral health needs. Emphasizes identification of community dental health programs with experience in schools, nursing homes, community centers and hospitals.

- **DHY 223 (2)**: Community Health II
  - Study community dental health program planning and development focusing on prevention of dental disease and practice through learning projects. Develop a community outreach program and execute it.

- **DHY 224 (2)**: Community Health III
  - Covers community dental health program planning and development focusing on prevention of disease. Integrates concepts and techniques regarding the selection and delivery of oral health services and education to underserved populations. Emphasizes program implementation and evaluation.

- **DHY 230 (3)**: Fundamentals of Dental Hygiene VI
  - Explores the scientific principles underlying the clinical practice of dental hygiene. Develop high-level skills to enhance patient assessment, management and treatment.

- **DHY 231 (8)**: Clinical Dental Hygiene VI
  - Sixth in a series of supervised clinical experiences with patient care involving the assessment, planning and implementation of clinical procedures.
DHY 233 (2) C  
Restorative Practice & Materials III  
Third laboratory course in restorative dental practice and materials focusing on correct placement of dental restorations on mannequins in the laboratory and patients in the clinic. Develop manipulative and carving skills in placement of amalgam and composite restorations as allowed by Washington state law.

DHY 234 (2) C  
Restorative Practice & Materials IV  
Fourth laboratory course in restorative dental practice and materials focusing on correct placement of dental restorations on mannequins and patients. Develop manipulative and carving skills in placement of amalgam and composite restorations as allowed by Washington state law.

DHY 235 (2) C  
Restorative Practice & Materials V  
Fifth laboratory course in restorative dental practice and materials focusing on correct placement of dental restorations on mannequins and patients. Develop manipulative and carving skills in placement of amalgam and composite restorations as allowed by Washington state law.

DHY 236 (2) C  
Restorative Practice & Materials VI  
Final laboratory course in restorative dental practice and materials focusing on correct placement of dental restorations on mannequins and patients. Develop manipulative and carving skills in placement of amalgam and composite restorations as allowed by Washington state law.

DHY 238 (1) C  
Professional Issues  
Covers the practice of dental hygiene including resume development, interviewing techniques, patient scheduling systems, employment contracts, dental staff relations, understanding the business aspects of a dental practice, and development of a personal philosophy of practice.

DHY 240 (2) C  
Fundamentals of Dental Hygiene VII  
Focuses on the scientific principles underlying clinical practice dental hygiene. Focuses on inter-professional relations, team-building, sharing new knowledge and the responsibilities of a practicing dental hygienist for professional development and lifelong learning.

DHY 241 (8) C  
Clinical Dental Hygiene VII  
Seventh in a series of supervised clinical experiences with patient care involving the assessment, planning and implementation of clinical procedures in dental hygiene.

DHY 245, 246, 247, 248, 249, 250, 251 (1-5) C  
Applied Practice in Dental Hygiene  
Applied practice in dental hygiene to meet the individual needs of students who require additional practice and reinforcement of techniques and skills in dental hygiene.

DHY 298 (1-5) C  
Special Projects in Dental Hygiene  
Individualized study in dental hygiene related subject matter arranged to meet the needs of students with specific levels of skills and background.

---

**DIESEL & HEAVY EQUIPMENT TECHNOLOGY**

*NOTE: These courses include instruction in safety, environmental awareness, human relations and leadership.*

HDM 101 (3) S  
Intro to Heavy Duty  
Covers the basics of hand tools, power tools, safety, measuring instruments, repair orders, lubrication and some of the specialized tools used in the heavy-duty industry.

HDM 102 (6) S  
Electrical-Electronics, Basic  
Covers safety procedures when working with electricity and fundamental electrical theory. Includes types of circuits, Ohm’s law, use of common test equipment and reading wiring diagrams. Prereq: HDM 101 or permission.

HDM 103 (3) S  
Intro to Truck & Trailer Maintenance  
Includes training on material safety data sheets (MSDS) and the identification of tools and their uses. Includes how to work safely with tools and equipment in a repair shop. Prereq: Permission.

HDM 104 (6) S  
Batteries, Generators & Alternators  
Diagnose and repair charging systems commonly used in heavy-duty truck and equipment maintenance. Prereq: HDM 102.

HDM 105 (4) S  
Truck & Trailer Preventive Maintenance  
Covers preventative maintenance including inspection of trucks and trailers, service of vehicles and changing oil and lubing, according to manufacturers’ specifications for problem prevention. Prereq: HMD 103.

HDM 106 (5) S  
Cranking & Lighting Systems  
Covers theory, operation and repair of starter motors commonly used in the industry, including control devices and wiring used with these motors. Covers troubleshooting and the use of common test equipment. Includes knowledge of truck equipment lighting systems and the hardware to control them. Prereq: HDM 102.

HDM 107 (9) S  
Hydraulics & Pneumatics  
Covers theory, basic operation principles, design, function, testing and repair of selected types of hydraulic and air pumps, motors, hoses and accessories used on mobile equipment, as well as application and repair of pressure, flow and directional control valves and actuators. Prereq: HDM 101 or permission.

HDM 109 (4) S  
Truck & Trailer Repair  
Covers how to make minor repairs to trucks and trailers, change tires, repair tires and adjust wheel bearings to manufacturers’ specifications. Prereq: HDM 105.

HDM 113 (6) S  
Basic Welding & Cutting – Diesel & Equipment Technician  
Intro to SMAW (shielded metal arc welding), oxy-acetylene and carbon arc skills involved in the repair and maintenance of heavy-duty trucks and construction equipment. Perform several pertinent tasks and projects contained in an industry-approved competency-based learning module. Prior knowledge of hand and basic power tools is helpful. Prereq: Enrollment in Diesel and Heavy-Duty Equipment Technology Program, or permission.

HDM 123 (12) S  
Diesel Engine Repair & Performance  
Study and perform diagnosis, repair, tune-up and servicing procedures on current diesel engines used in the heavy-duty truck and equipment industry. Disassemble, clean and inspect engines and components, installing replacement parts as needed. Prereq: HDM 101 or permission.
HDM 124 (5) S
Preventive Maintenance
Learn preventive maintenance practices commonly found in the trucking and equipment industry. Includes inspection and determination of failures along with the necessary repairs. Covers proper handling and disposal of hazardous material. Prereq: HDM 101 or permission.

HDM 127 (8) S
Drive Train
Covers diagnosis and repair of Drive Train components, including mechanical clutches, flywheels, standard transmissions, torque converters and automatic/power shift transmissions. Learn to troubleshoot, diagnose, disassemble and reassemble transmissions common to the industry; and to check universal joints, drivelines, differential assemblies and final drive units. Prereq: HDM 101 or permission.

HDM 128 (4) S
Basic Gasoline Engines
Study the basic operation of gas engines, diagnosing their condition by disassembling various types of current model engines. Prereq: HDM 101.

HDM 138 (15) S
Steering, Suspension & Brakes
Study components and systems relating to truck or equipment running gear. Covers theory, operation, diagnosis and repair of wheels, tires, brakes, steering and suspension systems. Prereq: HDM 101 or permission.

HDM 171 (2) S
Lift Truck Operator
Learn current regulations and practical fork lift operation in order to obtain a lift truck operator’s safety certification card. Prereq: HDM 101 or permission.

HDM 191 (4) S
Advanced Gasoline Engines
Theory and operation of fuel and ignition systems used on industrial gas engines commonly found in the heavy-duty industry. Covers common types of ignition and carburetion systems. Prereq: HDM 128 or permission.

HDM 193 (6) S
Heating, Ventilation & Air Conditioning
Study the operation, system diagnosis and repair of heating, ventilation and air conditioning systems related to trucks and equipment. Covers retrofit of R-12 systems to R-134a refrigerant. Prereq: HDM 101 or permission.

HDM 197 (1-7) S
Internship Heavy Duty Diesel
Gain experience and practice with mechanical repair procedures and skills performed regularly on the job site. Tasks, skills content, format and projects vary depending on the job site. Prereq: Permission.

HDM 198 (1-10) S
Special Topics Heavy Duty Mechanical Repair
Study selected procedures and skill tasks for truck and heavy equipment technicians. Course content, format and projects vary. Prereq: Permission.

HDM 201 (5) S
Shop Practices
Apply the knowledge and tasks learned in prior mechanical skills units, including repair and service work on a variety of heavy-duty trucks and equipment. Repair procedures and shop policies will simulate work site situations. Students electing to work within the industry will complete a minimum of 66 supervised hours in trade-related employment. Prereq: Permission.

HDM 298 (1-10) S
Advanced Special Topics Heavy Duty Mechanical Repair
Advanced study of selected procedures and skill tasks for truck and heavy equipment technicians. Course content, format and projects vary. Prereq: Prior work site experience and permission.

DRAFTING • NORTH •

Architectural Engineering Drafting
TDR 109 (1) N
Architectural Engineering Drafting Lab
A supervised drafting development lab where students can work on class projects to increase competency and hands-on skills using appropriate software or hand drafting techniques. May be repeated.

TDR 111 (5) N
Intermediate CAD Drafting for Construction & Design
Continuation of TDR 111. Focuses on team usage of external sources, creation of blocks, paper space/model space, file management and exchange and plotting as it relates to construction/design industry. May introduce isometrics and 3-D concepts. Emphasis on production skills. Prereq: TDR 111, TDR 174 or permission.

TDR 113 (5) N
Basic Drafting
Learn the basic fundamentals of hand drafting. Focus on drafting equipment and its use, basic linework, hand lettering, orthographic projections, isometrics and basic sheet layout. Select discipline options including structures for construction/design or basic mechanical drawings. Open lab.

TDR 115 (5) N
Civil & Site Drafting
Develop site plans including basic contours, utility features, simple road layout and storm drainage features. Perform simple calculations.

TDR 124 (5) N
Material & Methods of Construction
Intro to the basic materials used in construction, with discussion of manufacturing, fabrication, design and assembly processes for large and small buildings. Focus on steel, concrete, wood and masonry construction.

TDR 134 (5) N
Systems in Building
Focuses on the major building systems including HVAC, water and waste, fire protection, electrical and structural. Intro to the Uniform Building Code, type of construction and history. Includes heat loss calculation and lateral loads and their resisting elements, plus earth work and foundations.

TDR 144 (5) N
Design & Construction Environment
Covers basic organizational, business and legal aspects of the construction/design industry. Includes business forms, contractual obligations, employment issues, registration duties to the public, safety and other issues which may affect business.

TDR 160 (5) N
Applied Mechanics I
Primarily for non-engineering students. Covers basic concepts of force systems, equilibrium, moments, centroids, moments of inertia and simple beam design as applied to structural steel. Includes loading criteria, tributary loads and deflection.
<table>
<thead>
<tr>
<th>Course Code</th>
<th>Credits</th>
<th>Type</th>
<th>Description</th>
</tr>
</thead>
</table>
| TDR 161     | 5       | N    | Applied Mechanics II  
A continuation of TDR 160. Covers basic wood beam design. Includes allowable stress, loading criteria, shear and deflection. Covers basic truss analysis. |
| TDR 174     | 4       | N    | Intro to CAD for Architectural & Engineering Drafting  
Intro to the basic concepts of Computer Aided Drafting (CAD). Uses AutoCAD to produce construction drawings and details. Covers the impact of CAD on productivity and contemporary design practice. |
| TDR 175     | 4       | N    | Intermediate AutoCAD for Architectural & Engineering Drafting  
Covers more advanced AutoCAD commands and features and reinforces basics. Increase productivity and complexity of project assignments. Build the tools necessary to compete for AutoCAD positions in the design community. |
| TDR 176     | 4       | N    | Advanced AutoCAD for Architectural & Engineering Drafting  
Advanced concepts of AutoCAD. Develop productivity tools such as macros, templates and system customizing. Begin to work in 3-D. |
| TDR 258     | 5       | N    | Contract Drawing Preparation I  
Preparation of architectural drawings with emphasis on wood frame structures and light commercial buildings. Includes building codes, specifications and building department requirements for obtaining building permits. Use Revit Architecture CAD program. |
| TDR 259     | 5       | N    | Contract Drawing Preparation II  
Similar to TDR 258 with emphasis on structural drawings required for obtaining building permits. Use Revit Structure CAD program. Discusses requirements for mechanical, electrical, civil and landscaping drawing sets. |
| TDR 265     | 5       | N    | Structural Detailing  
Prepare shop drawings for both structural and reinforcing steel using guidelines from American Institute of Steel Construction and Concrete Reinforcing Institute. Use local shop detailing procedures. Open lab. |
| TDR 269     | 5       | N    | Construction Estimating  
Intro to quantity take-offs and pricing of materials by working on problems common to the general contractor. Focus on creating an ordered method. |
| TDR 270     | 5       | N    | Advanced Estimating  
A continuation of TDR 269. Covers labor and business costs. Develops a system to prepare estimates for complete jobs from current contract documents. |
| TDR 297     | 2-10    | N    | Special Topics in Construction & Design Drafting with CAD  
Study selected topics in Construction and Design Drafting with CAD as considered appropriate by the instructor and/or CDD w/CAD faculty. Course content, format and projects vary. |
| TDR 299     | 1-3     | N    | Drafting Design Projects  
An independent laboratory course consisting of specially arranged sessions and substantial independent study to explore areas of special interest or expand specific drafting and/or computer skills. |
| TDR 131     | 3       | S    | Intro to CAD 2-D  
Learn the features, limitations and considerations associated with the operation of a computer-aided design/drafting (CAD) system. Practice using the AutoCAD micro-based CAD software. Prereq: TDR 121 or concurrent enrollment. |
| TDR 133     | 3       | S    | Intermediate CAD 2-D  
Builds on skills developed in TDR 131, providing students with additional instruction on advanced commands of the AutoCAD micro-based CAD software. Prereq: TDR 131. |
| TDR 160     | 5       | S    | Surveying /CAD Civil  
Covers basics of surveying and mapping, survey planning and operations, measurement of distances, angles and elevations. Includes taking field notes, calculating and plotting the survey data. Prereq: MATH 111, 112, TDR 123, 131 or permission. |
| TDR 169     | 4       | S    | CAD – Electrical  
Covers basic skills in electronic schematic drafting using 3D CAD capabilities. Learn drafting styles used in electrical plans, such as power stations, industrial and house wiring. Use layout symbols for electric power systems and plot plans for residential/commercial electrical plans. Emphasis on real world applications to engineering problems. Prereq: TDR 131 and MATH 112 or permission. |
| TDR 179     | 4       | S    | CAD – Mechanical  
Covers techniques used to prepare mechanical engineering drawings: basic mechanism geometry, detail and assembly drawings, emphasis on appropriate presentation of data. Prereq: TDR 123 & TDR 131. |
| TDR 228     | 4       | S    | CAD Sheet Metal/HVAC  
Understand CAD operation including interactive graphics systems start-up, setup of drawing session, menus and commands, geometry, editing, drawing storage and retrieval using the latest version of AutoCAD. Prereq: TDR 123 & TDR 131 or permission. |
| TDR 230     | 3       | S    | Basic CAD – 3-D  
Intro to the capabilities of the 3D CAD software, using a feature-based parametric solid modeling design with many industry applications. Covers true 3-D surfaces and 3-D viewing options, the use of X, Y, Z filters and the user-defined coordinate system (UCS). Prereq: TDR 123 and 131. |

**Finding Courses**

Course names and course prefixes are cross-referenced in an index beginning on page 178. For example:

**Prefix to Name**

HIN Watch Technology

**Name to Prefix**

Watch Technology HIN

Common Course Numbering explanation is on page 177.
DRMA 121 (5) C,N,S
Acting
Theory and practice of acting fundamentals. Exercises in voice, movement, observation, imagination and script analysis. Culminates in scene study, production and performance process. Recommended: DRMA& 101 or DRA 100 or DRMA 120.

DRMA 122 (5) C,N
Acting
Continuation of DRMA 121 with emphasis on characterization and further scene study. May culminate in public performances. Prereq: DRMA 121.

DRMA 123 (5) C,N
Intro to Technical Theatre
Intro to the technical aspects of theatre: lights, sets, props and sound. Learn how these areas are created and managed and how each impacts a production. Work on the technical aspects of mainstage productions.

DRMA 170 (3) N
Theater Appreciation
For non-majors who wish to know more about the theatrical event, specifically within the Seattle area. Read and evaluate scripts and performances occurring locally, visit theaters and studios, talk with actors, directors and designers, as well as participate in the theatrical experience with a taste of acting and improvisation.

DRMA 180 (5) N
Music Theater Production
Covers the techniques of musical theater through participation in the production of a musical. Participation in any one of several areas: acting, dance, stage management, technical theater, and business management. Specific work is contracted between student and instructor. Acquisition of dramatic roles determined by audition. Recommended: DRMA& or DRA 100 or 121.

DRMA 182 (4) N
Intro to Musical Theater
Basic instruction in dramatic and vocal discipline of musical theater. Learn basic techniques of analysis, rehearsal and performance of musical theater through the study of scenes and in-class performance of designated scenes. Recommended: MUSC 119, 130 and/or DRMA& 101 or DRA 100 or 121.

DRMA 200 (1-5) C,N
Series – Special Projects in Drama
Individual student-initiated and developed performances/projects under faculty supervision. Prereq: Permission.

DRMA 201, 202 (1-5) C,N
Special Studies
Special project course. Content, credit and expectations are achieved through discussion with students, including tailoring the projects to student needs, instructor abilities, time frames and department activities. Prereq: Permission.

DRMA 204 (5) C,S
Jazz I
Intro to the world of concert Jazz dance. Includes basic concepts and principles of Jazz technique, muscle strengthening and flexibility exercises, building vocabulary of connective movements and skills for basic auditioning and memorizing choreography.

DRMA 205 (5) C,S
Jazz II
Continuation of DRMA 204.

DRMA 206 (5) C,S
Jazz III
Continuation of DRMA 205.

DRMA 211 (1-5) C,N
Theater Management
Special project course in theater management. Content, credit and expectations achieved through discussion with students, including tailoring projects to student needs, instructor abilities, time frames and department activities. Prereq: Permission.

DRMA 221 (5) C,N
Advanced Acting
Examination of acting styles and techniques with emphasis on scene study and analysis in contemporary and classical drama. Prereq: DRMA 123 or permission.

DRMA 222 (5) C,N
Advanced Acting
Continuation of DRMA 221. Prereq: DRMA 221 or permission.

DRMA 223 (5) C,N
Advanced Acting
Continuation of DRMA 222. Emphasis on longer acting projects and monologue repertoire. Prereq: DRMA 222 or permission.

The following courses are variable-credit special projects in different aspects of theater. Content, credit and expectations are arrived at through discussion with students, a tailoring of the projects to student needs, instructor abilities, time frames and department activities. Prereq: Permission.

DRMA 224 (1-5) C,N
Production & Stage Management

DRMA 231 (1-5) C,N
Props & Sound

DRMA 241 (1-5) N
Costuming

DRMA 251 (1-5) C,N
Stage Scenery

DRMA 261 (1-5) C,N
Stage Lighting

DRMA 271 (1-5) C,N
Acting

DRMA 272 (1-5) N
Acting

DRMA 273 (1-5) N
Acting

DRMA 281 (1-5) C,N
Directing

DRMA 284 (5) N
Playwriting

Develop writing skills for one-act plays by exploring dramatic structure, character development and the author’s stylistic voice. Learn the roles of director, dramaturge, actor and other theatrical artists in the writing process. Includes critical analysis of published plays, readings and critiques of student work. Prereq: ENGL& 101 or ENG 101 placement or permission.

DRMA 285 (2-5) N
Playwriting 2
Continue to hone playwriting skills in plot, characterization, author’s stylistic voice, play structure and dialogue. Further understand the roles of director, dramaturge, actor and others. Prereq: DRMA 284 or permission.

DRMA 286 (2-5) N
Playwriting 3
Continue to hone the skills of plot, characterization, play structure, dialogue, the author’s stylistic voice and theatrical collaboration. Covers the initial development process for a full-length play. May be repeated for credit. Prereq: DRMA 285 or permission.

---

**Course Descriptions Combined Campus**

**Human Development**
Intro to the field of child development. Using an ages and stages approach, examines physical, cognitive language, social and emotional development of children from birth through young school age. Study major theorists and the use of research. Learn basic observation skills and apply the information to child development.

**Issues & Trends in Early Childhood Education**
Examines the profession of early childhood education and the historical and political perspectives for understanding ECE in a changing society. Addresses current educational problems and trends, underlying values assumptions and guides for professional action.

**Program Planning**
Overview of the components of creating a child-responsive learning environment for 3- to 5-year-old children that maximizes each child’s social, motor, cognitive and expressive development through play. Evaluate the physical environment of two ECE programs using accreditation criteria from the National Academy of Early Childhood Programs.

**Foundations of Early Learning**
Covers special needs of infants, toddlers and 2-year-olds in care-giving settings. Includes brain research, developmental tasks, environmental components for optimal development, caregiver/teacher roles, working with parents and curriculum planning.

**Signing with Young Children**
Intro to American Sign Language (ASL) not only as a second language, but as a valuable tool for enhancing communication with children. Sign language provides a tactile method for children to learn, play and express themselves.

**Music & Creative Expression**
Stimulates both beginning and experienced early childhood teachers to provide a wide variety of musical activities for children’s active participation in movement and music making. Develop ease in supporting and leading musical activities while learning a method for selecting and planning a fun, creative and skill-developing music education program for preschool children and older toddlers.

**Behavior Management**
Explores two approaches to discipline—behaviorism and child-centered guidance. For behaviorism, learn to manage the difficult child, administer effective rewards, construct cognitive behavior modification interventions and build desired new behavior through chaining and shaping. For guidance, learn to construct a social learning environment that facilitates social problem-solving and personal responsibility.

**Connecting to Children**
The 4 modules listed on page 104 provide an opportunity to demonstrate performances essential to the effective influencing of young children.

**Understanding Literacy**
Covers philosophies and definitions of literacy. Explores radical, non-traditional thinking of the concept through readings, guest speakers and research.

**Cultivating Conversation**
Learn to facilitate the verbal expression of young children by practicing the techniques of responsive listening and informative talk and applying those skills to everyday conversations with children.

**Creating the Conditions for Learning**
The 20 modules listed on page 104 provide an opportunity to demonstrate performances necessary to create learning environments for children ages 2 to 5. They challenge teachers to investigate and engineer the broad range of quality activities that meet the needs and circumstances of their own school without conflicting with most early childhood models or theoretical approaches.

**Mathematics & Design**
Prepares the profession for developing a sense of competence and enjoyment in exploring cognitive-mathematical activities in children ages 3-5. Covers activities for printing, designing, counting, number sequencing, patterning, graphing, problem-solving and exploring the world of logical-mathematical thinking. Helps develop effective habits of mind (wondering, figuring it out, predicting and challenge seeking) and the ability to work cooperatively for extended periods.

**Professional Development**
Covers topics on the care and development of children for early childhood care personnel, educators and parents.

**Physical Education in Early Childhood Education**
Explores the outdoor physical environment for children in preschools and childcare settings. Analyze the fundamental motor patterns, the need for risk and personal confidence, the role of natural environments in the development of children and create the ideal physical development program for young children.

**Art for Young Children**
Provides the experience of art to children 3 to 8 years old. Explores self-expression in painting, drawing, clay and collage. Conduct a series of art classes for children to practice relating in ways that facilitate the children’s self-expression in these fundamental media.

**Children & Nature**
Discover the joys of connecting young children with nature. Nature influences social skills, enhances learning, fuels imagination, instills a reverence for the environment and helps children with sensory integration deficit.
CCE 204 (2) N  
Autism & Related Disorders  
Covers aspects of autism spectrum disorder, including its definition, causes, characteristics, behaviors, diagnosis, current research and treatments, and hands-on strategies for working effectively with children on the autism spectrum.

CCE 232 (4) N  
Parent Involvement in Early Childhood Education  
Examines the ways teachers can open themselves and the school to include parents as a part of the learning community. Includes expectations parents and teachers have for each other, the tasks parents face in growing up with their children, assertive and supportive help, communicating the aims of school in a democracy and dealing with difficult issues that affect both school and home, such as abuse, death and divorce.

CCE 234 (3-4) N  
Staff Relationships  
Covers interpersonal communication skills needed to function effectively as a contributing, collaborative, helping staff member in the workplace, including Early Childhood Education settings.

CCE 240 (3) N  
Multicultural Dialogues in Early Childhood Education  
Examines the concept of multiculturalism and how it relates to the ECE classroom. Through dialogues, readings and projects, students assess their beliefs, teaching environment and style in order to identify changes and promote respect for differences that accompany children and families.

CCE 261 (1-6) N  
Reading in Early Childhood Education  
Individualized program of study relating to specific problem or content area under faculty supervision. Credits based on work accomplished. Prereq: Permission.

CCE 285 (5) N  
The Project Approach  
For teachers who have been teaching several years. Explore how learning objectives assessment and emergent curriculum combine to foster a creative, personally expressive, co-active, celebratory curriculum for a democratic learning community.

CCE 292 (6-12) N  
Classroom Research  
Use the work setting as the environment to meet the needs of children through social, motor, cognitive, language and expressive skills. Under faculty supervision and peer interaction, examine quality education. Students will analyze their current knowledge and actions in their Early Childhood Education classroom.

ECON 100 (5) C,N,S  
Survey of Economics  
Examines basic principles of economics, determination of national prosperity, income distribution, the role of government, price determination, allocation of resources, economic systems and market behavior.

ECON 102 (5) C,N,S  
Public Economics & Government  
Examines politics, decision-making and current events of American government through basic principles of economics. Emphasizes the role of government related to economic efficiency within the context of diverse political interests.

ECON& 201 (5) C,N,S  
Micro Economics  

ECON& 202 (5) C,N,S  
Macroeconomics  
(Formerly ECO 201 – Principles of Macroeconomics) Intro to the aggregate measures in the economy: GDP, unemployment and inflation. Examines monetary and fiscal policies and their effects on the interest rate and inflation. Covers investment, economic activity and the employment of resources. Fullfills Global Studies and/or QSR requirement for AA degree. Prereq: MATH 098 or equivalent.

ECON 298 (1-5) C,N,S  
Special Topics in Economics  
Independent study or field work in selected economics topics under the supervision of sponsoring faculty. Prereq: Permission.

EDUC 197, 198, 199 (2-5) C,N  
Education Community Service  
Volunteer in an educational setting. Prereq: Permission.

EDUC 200 (1-5) C,N,S  
Peer Tutoring  
Tutor training and/or experience. Focus on tutoring techniques and problems in any setting. For more information contact Humanities Division at North (206-527-3709) or Central (206-587-4164); Science and Mathematics Division at Central (206-587-3858); Allied Health, Business, Languages & Cultures at Central (206-344-4347); or the College Transfer Division(s).

EDUC& 202 (5) S  
Intro to Education  
An introductory course to the Elementary Education profession. Provides an overview of the education profession and U.S. educational system, including historical development, social foundations, and diversity of educational institutions. The focus is on the K-8 system. Other topics include current theories, trends and issues in education and the community, roles and responsibilities of teachers, learners, and other school personnel. Prereq: ENGL 08 or permission.

EDUC& 203 (3) C,N,S  
Exceptional Child  
(Formerly CCE 113 – Human Exceptionalities) Emphasizes diversity and a value-based approach to human exceptionality and disability using a lifespan view. An historical perspective covers current trends and practices in early intervention, special and general education and life-long supports for individuals with disabilities and their families.

EDUC& 205 (5) C  
Intro to Education with Field Experience  
(Formerly EDU 206) Intro to K-12 education. Explores the complexity and dynamics of today’s K-12 education environment. Includes suggestions for all-inclusive teaching methods geared toward the increasingly diverse multi-ethnic, multi-cultural and multi-lingual student population. Covers the new federal education bill, as well as the state of Washington student learning goals including the Essential Academic Learning Requirements (EALRS) for student learning.
**EDUC 207 (2) S**  
*Classroom Management, Planning and Practicum*  
Provides support and makes links between classroom learning and field experience in elementary education. Focuses on classroom management, planning and broader issues of teaching and learning through the case study of teaching, lesson plans, student work, and other forms of practice. Emphasizes questioning, observation, and reflection on weekly class meetings, field observations and in-class efforts at a school setting. Prereq: ENGL 098 completion AND either prior completion/concurrent enrollment in EDUC& 202 or permission.

**EDUC 210 (5) C**  
*Intro to Bilingual Education — Strategies & Methods*  
Fundamental principles in the education of second language learners. Examines their unique academic needs and defines effective bilingual education strategies to address these needs, including the effects of culture on language development and content-area instruction.

**EDUC 211 (5) C**  
*Intro to Bilingual Education — History & Theory*  
Focuses on historical, legislative and sociopolitical background, including arguments for and against bilingual education. Includes a survey of research in bilingual education program design and an overview of the organization and structure of bilingual programs.

**EDUC 220 (3) C**  
*Assessing the Bilingual Student — Consideration for Regular & Special Ed Teachers*  
Study of issues teachers must consider when assessing bilingual students, including eligibility testing, validity and reliability of standardized tests, alternative assessment, pre-assessment procedures and placement of bilingual students in special education.

**EDUC 250 (1-3) C**  
*Paraprofessionals & Teachers: A Partnership*  
Comprehensive intro to knowledge and skills needed by paraprofessionals assigned to assist students in the instructional process and the teachers with whom they work. Includes roles and responsibilities of the paraprofessional, team-building and behavior management.

**EDUC 270 (5) C**  
*ESL Reading & Language Arts*  
Learn methods of assessment, placement and instruction of ESL students in reading and language arts. Focuses on instructional techniques for the literacy level and age of the ESL student and on integration of reading and language arts.

**EDUC 272 (5) C**  
*Integrating ESL in the Mainstream Classroom*  
Specifically for the teacher with bilingual and monolingual students in the same classroom. Overview of current theories of language acquisition with a focus on practical instructional strategies. Covers a wide repertoire of strategies drawn from bilingual, ESL and mainstream methodologies.

**EDUC 291 (5-10) C**  
*Using the World as a Classroom*  
Provides a unique opportunity to earn credit for various travel/study experiences in an international setting.

**EDUC 298 (9) C**  
*ESL Methods for Diverse Language Students*  
Examines the languages, cultures and diverse learning styles of limited-English-proficient (LEP) learners and fosters teacher proficiency in English as a Second Language (ESL) methods which respond appropriately to learners’ diverse needs and facilitate their English language development. Emphasis on communicative language teaching.

**ELECTRONICS**

**Sustainable & Conventional Energy & Control Technology**

**EEL 201 (5) N**  
*Energy Generation, Conversion & Sustainability*  
First of 3-course series covering the principles of electrical machines (AC and DC rotating equipment including wind turbine technology) used in electrical generation and conversion to mechanical energy. Covers basics of electricity, magnetism and single-phase circuits. Intro to three phase circuits and transformers. Prereq: EET 162.

**EEL 202 (5) N**  
*Industrial Motor Controls*  
Covers methods for controlling (starting, accelerating, stopping, reversing) AC and DC motors using both electromagnetic control devices and programmable logic controllers (Allen-Bradley MicroLogix1000 and SLC-500 line of PLCs.)

**EEL 203 (5) N**  
*Industrial Motor Drives*  
Covers the fundamentals of electric drives for both DC and AC motors and practical applications of using a PLC to control an electric drive.

**ELECTRONICS TECHNOLOGY**

Includes courses in Electronic Engineering Technology, Biomedical Equipment Technology, Digital Electronics, Sustainable & Conventional Energy & Control Technology, Telecommunication Technology, and Broadband Technology.

**EET 105 (3) N**  
*Intro to Technology*  
Survey of the field of electronics and technologies related to electronic occupations to learn the standards, practices and skills necessary for employment in electronic-related occupations.

**EET 109 (5) N**  
*Mathematical Applications for Circuit Analysis*  
Overview of basic mathematical applications for electronic circuit analysis. Includes fundamental concepts of operations with numbers, the metric system, fundamental algebraic concepts, graphing, exponential and logarithmic functions, right angle triangles, basic trig functions, vectors and complex numbers.
EET 112 (5) N
Fundamentals of Fluid Power & Alternative Energy
Intro to fluid power systems and photovoltaic systems. Covers hydraulic and pneumatic systems, fluid power components and schematics, electrical/electronic control of fluid power systems and electro-hydraulic servo-systems. Prereq: EET 109 or MATH& 141.

EET 114 (5) N
Applied Physics

EET 131 (5) N
IT Essentials I – A+ Certification
Part 1 of 2 A+ Certification courses. Intro to essentials of configuration and troubleshooting of computer hardware, Windows operating systems, computer security and networks with a focus on A+ Certification. Uses the IT Essentials curriculum developed by Cisco Systems and prepares students for the A+ Certification Essentials Test.

EET 132 (5) N
IT Essentials – A+ Certification (Advanced)
Part two of A+ Certification. Addresses advanced aspects of installing, maintaining and configuring, computer hardware, operating systems, networks and security systems. Prepares students for the Comptia A+ IT Technician or Remote Support Technician or Depot Technician test.

EET 135 (5) N
Intro to Broadband
Covers entry-level skills for technicians, including broadband cable video and telephony. Covers skills required for technicians working in this expanding data delivery industry. Addresses high-speed internet, TV/HDTV and digital voice (telephony) components of the broadband infrastructure. Prereq: EET 131.

EET 136 (5) N
Intro to Robotics
Intro to foundation concepts in building and programming robots. Students program microcontrollers and configure electronic components to enable robotic activity. Includes programming of LED lighting, digital pushbuttons, motion control, digital displays, light measurement and frequency and sound.

EET 160 (5) C,N
Intro to Electricity & Electronics
Survey of electronics and electricity addressing AC/DC, resistors, capacitors, inductors, semiconductors, amplifiers, operational amplifiers, digital systems, and microprocessors. Provides a quick, one-course overview of this material without the details and rigor of math found in standard course offerings.

EET 161 (5) C,N
DC Principles of Electronics
Covers physics as applied to electricity and magnetism, electrical and electronic terms and units. Intro to electronic measuring devices, electrical circuits, magnets, magnetism, meter movements and DC circuit analysis. Prereq: High school algebra.

EET 162 (5) N
AC Principles of Electronics

EET 163 (5) N
Solid State Electronics I
Semiconductor devices and their applications. Computer modeling and hands-on lab. Prereq: EET 160 or 161.

EET 165 (5) N
Analog Circuits & Devices I
Explanation of the op amp, nomenclature, identification, characteristics and parameters and basic circuit application. Computer modeling and hands-on lab Prereq: EET 163.

EET 166 (5) N
Analog Circuits & Devices II
Continuation of common analog devices, circuits and subsystems commonly found in the fields of communication and industrial controls. Computer modeling and hands-on lab. Prereq: EET 165.

EET 170 (5) N
Digital Circuits I

EET 171 (5) N
Digital Circuits II
Continuation of logic fundamentals, logic IC families and their characteristics, logic controls and associated circuitry. Computer modeling and hands-on lab. Prereq.: EET 170.

EET 197 (2-10) N
Special Topics in Electronics
Study of selected topics considered appropriate by the instructor and/or faculty. Course content, format and projects vary. Prereq: Permission.

EET 198 (1-2) C,N
Electronics Workshop
Open lab with instructor. Analog and digital course work enhancement. May include proper use of bench equipment, troubleshooting techniques, study skills and group problem-solving.

EET 241 (5) N
Principles of Telecommunications I
Intro to basic telephony: apparatus and plant design, network design, network traffic planning, private and switched networks, data systems and testing equipment. Hands-on lab.

EET 242 (5) N
Principles of Telecommunications II

EET 243 (5) N
Principles of Telecommunications III

EET 251 (5) N
Microprocessor Fundamentals I

EET 252 (5) N
Microprocessor Fundamentals II
Extends the machine level programming of EET251 into programming and troubleshooting practical microcontroller-based application examples using C programming. Prereq: EET 251.

EET 285 (3) N
Electronics Technology Project
Team-oriented course project capstone experience in electronics technology and related specialty programs. Students plan, design, implement and present an electronics-oriented project of suitable complexity. Prereq: EET 166 and 171.
EET 286 (5) N
Biomedical Equipment I
Covers standards of health care settings, clinical principles behind medical technology. Stresses maintenance and repair of clinical equipment. Labs emphasize function and calibration. Prereq: EET 165 and 170, and AHI 100 and BIOL& 128 or equivalent.

EET 287 (12.5) N
Biomedical Equipment II
Continuation of EET 286. Emphasizes specialized medical equipment technologies including imaging and clinical laboratory. Labs emphasize troubleshooting and repair. Includes preparation for the AAMI certification exam. Prereq: EET 286.

EET 289 (1-4) N
Special Topics in Electronics Technology
Selected topics in electronics technology. Prereq: Permission.

EET 290 (1-7) C,N
Special Projects in Electronics
Independent electronics study project assigned and directed by the instructor. Prereq: Permission and enrollment in electronics program.

AHE 190 (8) N
Emergency Medical Technician
Upgrade emergency medical care skills. Meets the Washington State Department of Social and Health Services criteria for EMT certification. Prereq: Contact the Allied Health Division office.

AHE 191 (2-5) N
EMT – Continuing Education
Provides continuing education for EMTs to meet annual requirements for recertification. Prereq: Certified or Licensed emergency medical technician status.

ENGINEERING

Mechanical Engineering Technology

MSC 101 (5) N
Intro to Material Science
Study of the molecular structure of different materials and the resulting effects in tensile strength and heat transmission. Emphasis on semiconductors and applications to electronic devices. Prereq: PHYS& 122 or PHY 102 and PHYS 118, CHEM& 121 or CHE 101, or equivalent; and MATH 118 and 120 or equivalent; or permission.

MET 102 (3) S
Creative Technical Problem-Solving
Intro to systematic procedures for engineering problem-solving. Review of basic math principles, geometry, algebra, trigonometry and basic physical principles related to analysis of technical engineering problems.

MET 180 (15) S
Electronic Assembly (Short Term Training)
Intro to wire harness construction, mechanical assembly and soldering skill for "through hole" and SMT. Includes small electric motor assembly, soldering of various terminals, wire tinning, passive and active components, integrated circuits and other special devices. Emphasis on component removal techniques through hole printed circuit boards, surface mount technology and basic soldering processes.

MET 205 (4) S
Technical Statics
Study of forces and force systems in equilibrium. Includes analysis for forces in trusses, frames and machine components; friction; location of centroids; and evaluation of area moments of inertia. Prereq: MATH 113.

MET 210 (4) S
Technical Strength of Materials
Studies principles of tension, compression and shear stress to determine the correct size for structural beams and shafts. Examination of distribution and magnitude of stress in welded and riveted joints, thin-walled cylinders, torsional members and beams. Prereq: MET 205.

MET 220 (4) S
Basic Hydraulics
Intro to the various components used in industrial hydraulic systems. Includes construction, characteristics, schematic symbols and typical applications. Build a hydraulic circuit with actual components in the fluid power laboratory.

MET 298 (1-10) S
Special Topics in Mechanical Engineering
Special topics for individual or group study in the mechanical engineering technology field. Prereq: Permission.

Engineering (Pre-major)

ENGR 110 (1) C,S
Engineering Orientation
Covers fields of engineering, career options and general information. Offered on a Satisfactory (S) grade basis only.

ENGR& 111 (4) C,N,S
Engineering Graphics I
(Formerly EGR 123 – Intro to Engineering & Graphics Design) Covers principles of orthographic projection, freehand sketching, pictorials, lettering, scales and use of instruments, basic dimensioning and descriptive geometry. Intro to computer-aided and designed drafting. Prereq: MATH& 141 or MAT 122.

ENGR& 112 (4) C,N,S
Engineering Graphics II
(Formerly EGR 124 – Intro to Engineering & Graphics) Continuation of ENGR& 111. Includes basic principles of revolution and principles used to solve problems relating to curved and warped surfaces; intersection of surfaces; development of common shapes and surfaces; and procedures for finding the locus of a line. Prereq: ENGR& 111 or EGR 123.

ENGR 116 (4) S
Engineering Design & Creativity
(Formerly EGR 111) Examine the nature of creativity and its process. Intro to analysis and solution of engineering problems, applications of vectors and calculus in statics and dynamics.

ENGR 140 (5) N
Engineering Problems
Covers problem-solving methods; analysis in measurements, probability and statistics; dimensions and unit systems; vector algebra; intro to scaler statics. Prereq: MATH& 141 or MAT 122.

<td>ENGR 214</td>
<td>(5)</td>
<td>C,N,S</td>
</tr>
<tr>
<td><strong>Statics</strong></td>
<td></td>
<td></td>
</tr>
<tr>
<td>(Formerly EGR 210 - Engineering Statics) Covers statics, Newton’s Laws, resultants, force systems, equilibrium diagrams, analysis by vector algebra of two- and three-dimensional structures, frames, machines, trusses, beams and friction. Prereq: MATH&amp; 152 or MAT 125 and ENGR 140 or PHYS&amp; 221 or PHY 201.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>ENGR 215</td>
<td>(5)</td>
<td>C,N,S</td>
</tr>
<tr>
<td><strong>Dynamics</strong></td>
<td></td>
<td></td>
</tr>
<tr>
<td>(Formerly EGR 230 - Engineering Dynamics) Studies motion and the forces which affect the motion, including rectilinear motion, curvilinear motion, plane motion, dynamic force analysis, work and energy, impulse and momentum. Prereq: ENGR&amp; 214 or EGR 210 with a 2.5 or better and MATH&amp; 152 or MAT 125.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>ENGR 224</td>
<td>(5)</td>
<td>N,S,C</td>
</tr>
<tr>
<td><strong>Thermodynamics</strong></td>
<td></td>
<td></td>
</tr>
<tr>
<td>(Formerly EGR 260) Intro to thermodynamics from a macroscopic point of view. Development of the laws of thermodynamics and application to energy transformations and state changes. Prereq: MATH&amp; 153 or MAT 126, PHYS&amp; 222 or PHY 202 and CHEM&amp; 161 or CHE 140.</td>
<td></td>
<td></td>
</tr>

## Additional Course Descriptions

- **Environmental Sciences**
  - **ENV 150 (5) C,N,S**
    - **Environmental Issues & Problems**
      - Covers natural principles governing operation of the environment including interactions between humans and the environment, emphasizing attitudes and actions to maintain a healthy ecosystem.
  - **ENV 160 (5) C**
    - **Principles of Sustainability**
      - Investigates a variety of local and global sustainable initiatives to combat degradation of the natural environment. Combines the basic science of environmental issues with a critical analysis of the societal value and environmental impact of trends in sustainability. Covers efforts by non-profit organizations, communities, education initiatives, political reform and personal choices. Prereq: Eligible for ENGR& 101 and MATH 084.
  - **ENV 170 (5) C,N**
    - **Energy & Resources: Now & Future**
      - Study of energy and material resources, both personal and worldwide production and consumption. Investigates the impact on the natural environment from production of coal, wind, solar and hydropower; gasoline, electricity and hydrogen fuel transportation; and natural gas and biomass heating options. Focus on sustainable alternatives to meet energy and material needs.
ENV 200 (2) C
Sustainable Food Systems Employment Seminar
Weekly seminar focusing on career opportunities within the Pacific Northwest food production and distribution system. Prereq: Eligibility for ENGL& 101 and MATH 084.

ENV 201 (5) N,S
General Ecology
Covers the nature of ecosystems, energy flow, bio-geochemical cycles, population dynamics, organization and dynamics of communities and identification of environmental problems.

ENV 202 (5) C
Principles of Agroecology
Intro to agriculture from an ecological perspective with focus on scientific principles and field-based practices. Includes the economic, political, social and environmental impacts of agriculture on food systems, with particular attention to local communities in western Washington. Lab and field trip. Prereq: Eligibility for ENGL& 101 and MAT 084.

ENV 203 (5) N,S
Environmental Issues & Problems II
Encompasses the role of technological humans in the global ecosystem. Covers current environmental topics with a view toward solutions. Includes urban growth, air and water pollution and siting of nuclear power plants. Prereq: An environmental science, geology or geography class, or permission.

ENV 205 (3) N
East African Bio-Cultural Ecology
Designed for educators interested in developing classroom materials based on topics and areas covered by the East Africa Study and Travel Program. Classroom work and a field trip.

ENV 208 (5) S
Forest Ecosystem Science, Management & Conservation
Intro to the natural and human dimensions of forest ecology and land use in the context of contemporary Pacific Northwest and global environmental issues. Prereq: MATH 084 and ENGL& 101 eligibility.

ENV 214 (1-3) C
Urban Food Systems Analysis
Covers shifting population demographics; urbanization; land development and growth management; urban-rural food systems dynamics; farmland preservation and bioregional agriculture; food security strategies; food banks; urban p-patch programs; food cooperatives; farmers markets. Prereq: MATH 084 and ENGL& 101 eligibility.

ENV 221 (5) S
Nuclear Choices
Covers nuclear-generated electricity, nuclear waste, and nuclear weapons, including those existing and those proposed for the near future. Explores possible defenses against nuclear war and ways to avoid it. Writing class.

ENV 224 (2) C
Sustainability Seminar Series
Explores sustainable development and invites speakers to demonstrate how they apply sustainable principles to their field of work.

ENV 228 (1-5) C,N,S
Special Topics
Seminar of selected topics and/or activities. Prereq: Variable, dependent on topic.

ENV 294 (1-3) C
Dental Coronal Anatomy
Covers dental anatomy related to the EFDA’s scope of restorative practice: tooth morphology, anatomical features and function. Emphasizes coronal anatomy, occlusion, Black’s classification of cavity preparation and bases of primary and permanent dentition.

ENV 298 (1-5) C,N,S
Independent Study
Independent study of approved topics in environmental sciences. Prereq: Permission.

EXPANDED FUNCTION
DENTAL AUXILIARY
Prereq: Acceptance into the EFDA program.

EFDA 100 (1) C
Procedures I
Reviews and reinforces the duties and skills of a dental assistant: oral hygiene instructions, radiographs, coronal polishing and fluoride treatments. Covers final impressions. Perform many of these procedures under “general” rather than “close” supervision of a dentist.

EFDA 101 (3) C
Restorative Lab I
Pre-clinical lab course. Practice skills and techniques on dentoforms and classmate. Clinical skills include radiographs, coronal polishing, fluoride treatments, use of dental materials, actual placement of amalgam and composite restorations on prepared typodont teeth, and taking final impressions on typodonts.

EFDA 110 (2) C
Dental Coronal Anatomy
Covers dental anatomy related to the EFDA’s scope of restorative practice: tooth morphology, anatomical features and function. Emphasizes coronal anatomy, occlusion, Black’s classification of cavity preparation and bases of primary and permanent dentition.

EFDA 111 (2) C
Dental Materials & Technique
Covers the chemical, physical and mechanical properties of dental materials, selection of the appropriate material, basic techniques, safety measures and proper handling protocol. Reviews cavity design and preparation of cements, bases and liners, placing, carving, polishing amalgam restorations and contouring and finishing anterior and posterior composites.

EFDA 200 (1) C
Procedures II
Increase knowledge and skills including oral anatomy, dental anatomy and morphology, radiology, pharmacology, dental materials, patient case management and restorative dentistry procedures. Perform restorative procedures on typodont and on patients. Prereq: EFDA 100.

EFDA 201 (3) C
Restorative Clinic II
Demonstrate clinical competence on patients using the full range of basic restorative procedures, from patient management to technical skill of operating field isolation and restoration placement and finishing. Prereq: EFDA 101.

EFDA 202 (1) C
WREB Preparation
Preparation for the Western Regional Examining Board (WREB) restorative examination for licensure. The WREB requires the placement, carving and finishing of one amalgam and one composite posterior class II restoration within a specific time frame at a minimum passing level. Practice simulation testing to develop sufficient proficiency. Prereqs: EFDA 100, 101, 110, 111.
EFDA 212 (1) C
Ethics & Jurisprudence
Covers the ethical, legal and regulatory issues for an EFDA in private dental offices and community settings. Includes professional traits, theories of moral development, ethical dilemmas and principles, the state dental practice act, the EFDA-patient relationship and risk management in the dental practice. Prereq: EFDA 100, 101, 110, 111.

FILM & VIDEO COMMUNICATIONS

COM 101 (5) C
Television Theory & Camera Composition
Intro to basic concepts and techniques for single-camera video production. Emphasis on being active members of a production team working through each stage of the production process: research, proposals, outlines and scripts; organizing and directing a production crew; function and operation of video cameras, sound equipment and lights; editing; field production; and professional behavior.

COM 102 (5) C
Television Production & Post-Production
Continuation of COM 101 on single-camera video production. Emphasis on production team process, pre-production and more detail in writing, casting, blocking, designing, shooting and editing. Explores the post-production process in shaping a final video piece. Requires team projects, full participation in an in-studio class project designed to maximize each student’s contribution and achieve a high technical standard under professional conditions.

COM 103 (5) C
TV Production Crew & Team Projects
Explores non-fiction storytelling and production of short-form documentary. Do research and fact checking; apply visualization and design to scripts; understand and perform the roles of producer, camera operator, designer, sound recorder, lighting tech and editor. Covers electronic news gathering (ENG) as practiced in a broadcast setting.

COM 130 (3) C
Television Production Design
Correlates with COM 102. Intro to the principles and processes of production design for film and television, including research, lighting, color, sets, props, plans, construction and painting. Develop and construct generic modules for sets, theatre sets and a versatile video set.

COM 140 (3) C
Intro to Media Images
Identify and critically assess the aesthetic and technical components of moving images.

COM 197 (1-3) C
Film & Video Communications
Earn work experience credit in the video field. Prereq: Permission.

COM 200 (4) C
Small Group Productions
Individuals or production teams pursue individual and small-scale projects. Covers topics such as personal video, oral history recording, video art, ethnographic video and video installation. Coreq: ENGL 155.

COM 214 (3) C
History of Film & Video
Examines the development of film as art and entertainment; early beginnings as novelty and sideshow; refinement as an art form; role in mass culture. Emphasizes the narrative film from the US and abroad. Screenings show works that are significant because of their place in history, aesthetic worth or stylistic interest.

COM 215 (3) C
Media Law & Ethics
Intro to the basic concepts of law applicable to the film, video, on-line industries and production situations. Covers the American legal system, contracts, licenses, regulatory codes, principles of intellectual property laws and the First Amendment.

COM 225 (5) C
Advanced Television Productions & Applied Communications
Expand and refine production skills. Assume roles for large-scale 16mm film and HD video project produced in as sophisticated and professional manner.

COM 230 (2) C
Technical Operations
Intro to basic concepts and techniques of multi-camera studio production. Produce and direct “live-to-tape” studio productions. Equipment covered includes studio cameras, teleprompter, switcher, audio board, intercom systems, VTRs and studio lighting dimmers. Prereq: 2nd year standing.

COM 235 (3) C
Production Management
Overview of the duties and responsibilities of a production manager: script, location, union requirements, production board, contracts and negotiations, and fiscal management. Rotate in the role of supervisor of a production crew for television and stage productions. Explore interpersonal interactions.

COM 236 (3) C
Audio Production
Explores basic sound theory, audio production and post-production skills used in film and video. Learn to capture and manipulate sound. Covers selection and handling of microphones, Time Code, Foley and sound effects, and the use of digital field recorders and mixers.

COM 240 (3) C
Production Operations
Refine post-production skills and complete a portfolio project that meets a high technical standard. Includes video compression, video on the web, motion graphics, audio sweetening, and working with graphic designers. Prereq: 2nd year standing.

COM 250 (2) C
Portfolio Preparation
Clarify career intentions and act upon them. Research job markets and trends, develop contact lists, a professional portfolio, a resume, cover letters, a portfolio reel, and a personal website. Prereq: 2.0 or better in all previous 200 level courses or permission from division Dean.

COM 260 (3) C
Directing
Covers basic principles and practices of directing for film and video. Explore script analysis, visualization and storyboarding, staging and blocking, working with other members of the production team, communicating with actors, and preparation for editing.

COM 270 (3-5) C
In-House Productions
A comprehensive exploration of the tools and techniques of cinematography. Learn the care and handling of motion picture cameras, lenses and accessories, film stocks, lighting and grip gear, exposure meters, and lab processes.

FOOD PRODUCTION

See Culinary Arts, pages 207-211.
FOREIGN LANGUAGES  
See Languages & Literature, pages 247-259.

FRENCH  
See Languages & Literature, page 256.

GENERAL EDUCATIONAL DEVELOPMENT

GED 050  (1-15)  C,N,S  
Basic GED Preparation Level 5  
Prepares learners to pass successfully any two of the five GED subject-area tests.

GED 051  (1-15)  C,N,S  
Basic GED Preparation Math Level 5  
Prepares learners to pass successfully the GED Math test.

GED 052  (1-15)  C,N,S  
Basic GED Preparation Communications Level 5  
Prepares learners to improve their general reading, writing and test-taking skills with special emphasis on reading for the GED Social Studies, Science and Language Arts tests.

GED 054  (1-15)  C,N,S  
Basic Computer-Assisted GED Preparation Level 5  
Provides learners the opportunity to improve their general reading, writing, math and test-taking skills for the GED tests through the use of micro-computers and relevant basic skills software.

GED 060  (1-15)  C,N  
Advanced GED Preparation Level 6  
Prepares learners to pass successfully the three remaining GED tests needed to complete the Official GED certificate.

GED 061  (1-15)  C,N  
Advanced GED Preparation Math Level 6  
Prepares learners to use the math concepts and applications needed to pass the math portion of the official GED test.

GED 062  (1-15)  C,N  
Advanced GED Preparation Communications Level 6  
Improves general reading, writing and test-taking skills with special emphasis on reading for the GED Social Studies, Science and Art and Literature tests.

GED 064  (1-15)  C,N  
Advanced Computer-Assisted GED Preparation Level 6  
Improves general reading, writing, math and test-taking skills for the GED tests through the use of micro-computers and relevant basic skills software.

GED 066  (1-15)  C,N  
Advanced GED Preparation Level 7  
Prepares learners to pass successfully the five remaining GED tests needed to complete the Official GED certificate.

GED 067  (1-15)  C,N  
Advanced GED Preparation Math Level 7  
Prepares learners to pass successfully the GED Math test.

GED 068  (1-15)  C,N  
Advanced GED Preparation Communications Level 7  
Prepares learners to improve their general reading, writing and test-taking skills with special emphasis on reading for the GED Social Studies, Science and Language Arts tests.

GEOGRAPHY

GEG 100  (5)  C,N,S  
Intro To Geography  
Intro to major concepts of geography, including patterns of human occupancy, analysis of population, settlement, resource use and environmental concerns.

GEG 155  (5)  C  
Global Political Geography  
Survey of political geography and scientific theory, offering students an analytical understanding of forces affecting the territorial and functional role of the state in today's world. Examines contemporary cases of territorial and functional change among states.

GEG 200  (5)  C,N,S  
Intro to Human Geography  
Intro to human patterns on the Earth's surface, distribution, political divisions and economic activities. Emphasis on the role of geography in understanding the developments and diffusion of value systems and cultural differences in the 20th century.

GEG 205  (5)  C,N,S  
Physical Geography  
Survey of character and location of different types of land forms, climates, soils, vegetation, minerals, water resources and significance to human occupancy.

GEG 207  (5)  C,N,S  
Economic Geography  
Focus on human survival. Examines resource scarcity and uneven distribution and use of technology to extract natural resources. Emphasis on competition for resources and major world conflicts, past and present, stemming from this competition.

GEG 230  (5)  C,N,S  
Urbanization in Developing Nations  
Focus on cities in their cultural and economic contexts, geographical patterns, internal structure, current problems in rapidly growing cities and selected policy solutions.

GEOLOGY

GEG 260  (5)  N  
Geopolitics of the Middle East  
Geopolitics is the “game nations play” to extend influence and control over nations. Focuses on the “game” as it relates to the Middle East and Arab, Afghan, Persian, Egyptian, Israeli and Palestinian people and current events and the geopolitics of petroleum. Course material is controversial.

GEG 298  (1-5)  C,S  
Special Topics in Geography  
Independent study in selected geography topics under faculty supervision. Prereq: Permission.

GEOLOGY

GEOL& 101  (5)  N,C,S  
Physical Geology  
(Formerly GEL 101) Covers the origin and development of minerals and rocks, changing features of the Earth's crust and the processes that have shaped these features. Lab included. One field trip may be required.

GEOL& 103  (5)  N,S  
Evolution of the Earth  
(Formerly GEL 103) Studies the formation and development through time of the solid Earth, atmosphere, and biosphere. Covers past movements and locations of the continents and interpretation of past environments as recorded in rock and fossil records. Lab included. One field trip may be required.

GEOL 104  (5)  N  
Intro to Remote Sensing/GIS  
Covers the fundamentals of ArcView and satellite remote sensing and the basics of using a geographic information system (GIS) to analyze and draw conclusions about the geology of Seattle and larger areas. Prereq: GEOL& 101, or PHYS& 123, or CHEM& 162, or equivalent permission.

GEOL 105  (5)  C  
Introductory Field Geology  
Survey of physical geology, including the Earth's interior and exterior. Covers the origin and evolution of the Earth, rocks and minerals, surface processes such as glaciation, river erosion and transport and mass movement. Field exercises involve data collection and analysis. Course may require extended overnight stays. Lab included.
GEOL 106 (5) N, S
Dinosaurs
(Formerly GEL 100.) Studies dinosaurs and the world they lived in. Covers origins, evolution, biology, behavior and extinction of dinosaurs and their relationship to birds and mammals. Intro to history of the biosphere, Earth’s climate and its changes.

GEOL 108 (5) N
Minerals, Gems & Fossils
Intro to the nature of earth materials, including minerals, with an emphasis on gem minerals and fossils. Covers mineral composition, structure, physical properties, and origins, along with gemology, color mechanisms, history and lore of gems, and uses of gems. Covers fossil identification, preservation and interpretation. Lab class.

GEOL& 110 (5) N, C, S
Geology & the Human Environment
(Formerly GEL 102.) Focus on the effects of geologic processes and materials on human activity and vice versa. Emphasizes awareness of geologic aspects of our everyday environment including problems, formulation, and evaluation of solutions. Lab included. Up to three field trips may be required.

GEOL 111 (1) N, C
Geology Field Day
(Formerly GEL 115.) A one-day field trip and five-hour lecture on active and ancient geology in the Pacific Northwest. Topics include faults, glaciers, fossils, landslides, and the Cascade Mountain Range. Lab credit. Also offered as SCI 111.

GEOL& 115 (5) N, S
Geology of the National Parks & Monuments
(Formerly GEL 200.) Study of the geology and geologic history of selected national parks and monuments in the context of the geologic history of North America, the Pacific Basin, and the Atlantic Ocean. Labs deal primarily with geologic maps. At least two field trips required.

GEOL 118 (1) N, C
Volcano Field Day
Intro to the origin and destruction of the Cascade volcanoes such as Mount St. Helens, Mount Rainier and Glacier Peak. Includes five hour lecture and one day field trip. Lab credit. Also offered as SCI 118.

GEOL 202 (3) N
Geology & Human Environment: East Africa
Cenozoic geologic evolution of East Africa with specific emphasis on the origin of the East African Rift Valleys and their relation to the evolution of early hominids.

GEOL 207 (5) N
The Ice Ages
Provides a history of the plants, animals, and continental ice sheets of the last three million years. Special attention to fossil and archaeological records of human beings. Lab included. Two Saturday field trips may be required.

GEOL 208 (5) C, N
Geology of the Northwest
Covers the geologic history and description of Washington, Oregon and Idaho, and selected nearby areas. Emphasis on use of geologic principles to interpret present landscapes. Lab and field trips included. Prereq: GEOL& 101 or permission.

GEOL 298 (1-5) N
Special Topics
Seminar on selected topics or activities in geology. Prereq: Variable, dependent on topic.

GEOL 299 (1-5) N
Independent Study
Independent study of selected geology topics. Prereq: GEOL& 101 and permission

GERMAN
See Languages & Literature, page 257.

GRAPHIC DESIGN

DES 101 (3) C
Drawing I
Provides the fundamentals and principles of drawing, especially as applied to graphic design. Emphasis on spatial perception, composition, accuracy and the ability to develop an idea or visual story with drawings.

DES 102 (3) C
Drawing II
Draw the human figure from live models. Use various media and techniques to create form with line and tone. Emphasis on drawing accurate, dynamic and expressive representations of the human figure using elements of design in good composition.

DES 103 (3) C
Drawing III
Conceptualize and illustrate using fundamental drawing skills and principles, including spatial perception, composition and figure drawing. Plan illustrations to fit within the context of a typographic design and layout.

DES 110 (3) C
History of Graphic Design
Covers the historical context of graphic design, trends, innovations and important individuals.

DES 121 (3) C
Typography I
Covers the terminology, process and social context of graphic design and typography. Learn the history of type, identification of type and type styles and how to use type to communicate effectively.

DES 122 (3) C
Typography II
Gain greater skill in recognition and practice of the elements of typographic style. Successfully complete specific graphic design projects in which typography is a major component. Includes page layout techniques, the grid and the process of information design.

DES 131 (3) C
Graphic Design I
Covers the terminology, process and social context of graphic design. Use traditional image-making techniques. Learn the language of graphic design to build communication and presentation skills.

DES 132 (3) C
Graphic Design II
Intro to color and its application to design.

DES 133 (3) C
Graphic Design III
Apply concepts from Graphic Design I and II to three-dimensional graphic design and packaging.

DES 145 (3) C
Graphic Production I
Intro to the basic skills, concepts and techniques necessary to successfully use the vector-based graphic program Adobe Illustrator.

DES 146 (3) C
Graphic Production II
Explores the foundation and building blocks necessary to successfully use the page layout program, Adobe InDesign.

DES 147 (3) C
Graphic Production III
Learn pixel-based image editing and creation using Adobe Photoshop. Focuses on basic skills, concepts and techniques.

DES 197 (2-5) C
Work Experience — Graphic Design
Earn work experience credit in Graphic Design. Prereq: Permission.
FINDING COURSES
Course names and course prefixes are cross-referenced in an index beginning on page 178. For example:

PREFIX TO NAME
HIN ............... Watch Technology

NAME TO PREFIX
Watch Technology ............... HIN

Common Course Numbering explanation is on page 177.

DES 223 (3) C
Typography III
Interpret an author’s written language into a meaningful visual form (a professional-quality casebound book) using the basic principles of traditional book design and typographic etiquette. Emphasizes creating and meeting typographic design criteria, as well as mastery of all necessary typographic elements in page layout software.

DES 224 (3) C
Typography IV
Explore type compositions using a variety of alternative media to create expressive and often handmade letterforms. Explore individual letterforms for assigned projects.

DES 231 (4) C
Graphic Design IV
Emphasizes conceptual problem-solving techniques in creative art direction for advertising. Continue to develop research skills.

DES 232 (4) C
Graphic Design V
Learn by redesigning and developing a style guide for an existing magazine. Includes studying the audience and existing advertising base.

DES 233 (4) C
Graphic Design VI
Focuses on the design and production of posters for a real client. Design and produce the invitation for the Creative Academy portfolio shows.

DES 234 (4) C
Graphic Design VII
Design and produce a corporate identity system and all collateral materials for a greater Seattle restaurant while learning the principles and procedures of logo design.

DES 235 (4) C
Graphic Design VIII
Create a self-promotional piece, participate in a review of portfolio work by outside professionals. Covers elements of exhibit design, Design and install the program final portfolio exhibit.

DES 236 (4) C
Graphic Design IX
Learn project management skills and industry business practices to succeed in a small studio or agency. Includes practical experience with setting and negotiating fees; writing proposals, confirmation agreements and design briefs; time management and effective workflow; basic accounting and business practices, professional ethics and presentation skills.

DES 241 (3) C
Illustration I
Intro to illustration media and techniques of various media through examinations of the work and process of contemporary illustrators.

DES 242 (3) C
Illustration II
Intro to the design and production of screen-printed posters and garments. Use drawing and computer-generated imagery for making transparent film. Learn to register multiple layers in the printing process. Understand the importance of good design and pre-press setup for working with commercial printers.

DES 243 (3) C
Illustration III
Intro to the history, design and process of letterpress printing. Compose hand-set type, lock-up jobs and print using a Vandercook flat-bed cylinder press. Learn to prepare film and polymer plates for use on the Vandercook press.

DES 251 (3) C
Multimedia I
Intro to the field of Web Design using Adobe Dreamweaver.

DES 252 (3) C
Multimedia II
Continue study in Web Design using Adobe Flash.

DES 253 (3) C
Multimedia III
Build a self-promotional website.

DES 254 (3) C
Multimedia IV
Intro to the field of motion graphics using Adobe After Effects.

DES 260 (3) C
Portfolio Prep
Develop, design and prepare a portfolio that represents individual creativity and demonstrates skills for seeking employment in the Graphic Design field.

DES 299 (1-5) C
Independent Study
Independent study on selected graphic design topics.

HEALTH

HEA 025 (5) S
Health
Covers physiology for understanding body functioning, including organic and functional disease and disease prevention. Prereq: Appropriate placement on English and Basic Skills tests.

HEA 125 (5) C,S
Health & Wellness
Overview of health as an individual and community-based social construct. Analyzes health determinants and health outcomes as a function of genetics, culture, environment and health behaviors. Emphasizes a holistic model and intellectual inquiry into what constitutes health and well-being. Prereq: MATH 084 and ENGL& 101 or ENG 101.

HEA 150 (5) N,S
Health & Human Sexuality
Covers principles of personality development, body functioning, problems and solutions. Includes human sexuality and family education relating to psycho-sexual development, behavior, problems and solutions.

HEA 160 (5) S
Human Wellness & Fitness
Comprehensive study of human wellness. Includes adequate fitness, nutrition, stress management, disease prevention, sexual wellness, spirituality, smoking cessation, substance abuse and weight control.

HEA 225 (5) C
Global Health
Examines global patterns of health and disease as a function of economic, social and cultural determinants. Includes measurement of health outcomes, comparative analysis of health care systems, health and disease patterns of epidemiology, transnational disease, health inequalities and major players in global health. Prereq: MATH 084, ENGL& 101 or ENG 101.
HEAT 226 (2) C
Advanced Global Health
Self-directed study, including research and presentation, of an area of global health. Prerequisite: HEA 225 or MATH 084, ENGL 101 or ENG 101 and permission.

HEA 299 (1-5) C,N,S
Independent Study
Independent study in health education. Prerequisite: Permission.

HEATING, AIR CONDITIONING & REFRIGERATION DESIGN/HVAC

HVC 101 (5) N
Essentials of HVAC
HVAC Learning Solutions course. Covers fundamental principles of heating, ventilation and air conditioning (HVAC). Includes safety, basic refrigeration, electricity, combustion and venting, air distribution and indoor air quality (IAQ).

HVC 210 (5) N
Cooling & Heating Systems Installation
HVAC Learning Solutions course. Covers basic theory and design of heating and cooling systems with an emphasis on the installation of furnaces, air handlers, AC refrigeration, heat pumps, air distribution systems and refrigeration piping. Covers electrical wiring for equipment and control systems. Prerequisite: HVC 101.

HVC 211 (5) N
Cooling & Heating Systems Service 1 & 2B
HVAC Learning Solutions course. Covers the basic theory and design of heating and cooling systems, including furnaces, air handler service and air distribution, AC refrigeration, heat pumps, electrical control subsystems, temperature control, system wiring and motors. Prerequisite: HVC 101.

HVC 212 (5) N
Cooling & Heating Systems Service 2A & NATE Preparation
HVAC Learning Solutions course. Covers the repair and maintenance of cooling systems in air handler service and air distribution, AC refrigeration and heat pumps. Reviews electrical control subsystems, temperature control, system wiring and motors. Prerequisite: HVC 211.

HISTORY

HIST 035 (5) S
U.S. History I
Reviews the significant contributions of the Colonial period, emphasizing political and constitutional developments from the American Revolution through Reconstruction. Emphasis on the Constitution and causes and consequences of the Civil War. Includes contributions and achievements of the Native American population.

HIST 036 (5) S
U.S. History II
Covers U.S. development from the Civil War to the present. Includes political, social and economic forces affecting the United States during the period of westward movement, industrialization, world wars, economic growth and world dominance. Covers the profound technological developments of the twentieth century in relation to the world of work.

HIST 037 (3-5) S
Washington State History
Covers the historical development of the Pacific Northwest, with emphasis on the development of Washington state. Looks at contemporary, economic, political and social problems.

HIST 040 (5) S
History Research
Studies the purposes and methods of historical research including choosing a topic, gathering data, taking notes, writing a research paper, footnoting and developing a bibliography.

HIST 095 (3) S
History of Asian Immigration to the West Coast
Covers the major Asian populations who have come to the U.S. and particularly to the Northwest.

HIST 099 (3) S
Intro to American Civilization
Intro to American history, government and culture for foreign-born and/or developmental level students. Includes past and present political and cultural aspects. Emphasizes the roots of American democracy and the U.S. system of federal government and their relationship to current events.

HIST 105 (3-5) C,S
Intro to American Civilization
Intro to American history, government and culture for foreign-born students. Includes past and present political, cultural and socioeconomic aspects. Emphasis on developing cross-cultural understanding and an appreciation of the diversity inherent in American culture.

HIST 106 (5) N
Survey of U.S. History
Survey of American history from pre-colonial to the present with an emphasis on political, social, cultural and economic developments.

HIST 108 (5) N
The World in Evolution to 1500
Comparative study of the world’s major civilizations (African, Chinese, European, Greco-Roman, Indian), with major emphasis on understanding value systems such as Christianity, Hinduism, and Judaism, and their expression in different political, social, economic and cultural-religious systems.

HIST 120 (5) C
Survey of History of Africa South of the Sahara
Surveys the complexity of African societies, including colonialism and its impact, the rise of socialism, cold war and the role of trade, kinship and ancestral spirit in light of the rise and fall of empires in Africa.

HIST 122 (1-2) C,N
Seattle History – Field Trips
First-hand view of historic Seattle. Includes lectures and field trips to historic sites.

HIST& 126 (5) C,N,S
World Civilizations I
(Formerly HIS 101 - World History to 1500) Reviews the historic foundations and development of the great civilizations from prehistoric days to the Renaissance with emphasis on social, political, cultural and economic aspects. Studies the nature of history and its role as an intellectual and academic discipline.

HIST& 127 (5) C,N,S
World Civilizations II
(Formerly HIS 102 - World History 1500-1800) Reviews the foundations of modern civilization with emphasis on the scientific, industrial and political revolutions that have transformed societies. Emphasis on the period of Western Renaissance and resulting cross-cultural contact on a global scale.

**Course Descriptions**

- **HIST 128 World Civilizations III**
  From the pre-Colonial period to the present. Intro to dramatic events and often-conflicting forces and ideologies affecting contemporary life. Account of modern peoples’ solutions to challenges and problems confronting civilization.

- **HIST 130 History of Broadcasting**
  Examines the development of broadcasting in radio and television. Explores the impact of cultural contributions, show business, news, advertising and telecommunications technology. Prereq: Enrollment in Central’s Film and Video Communications Program.

- **HIST 131 Asian-American History**
  Covers the experience of Asians in the United States from the period of immigration to the present. Emphasizes the impact of exclusionary immigration laws and the post-1965 development. Surveys the experiences of the Chinese, Japanese, Filipino, Korean, Asian, Indian and Southeast Asian refugees.

- **HIST 136 U.S. History I**
  Reviews U.S. history from the migration of the first Native peoples through Reconstruction. Focuses on encounters, territorial expansion and development of political, social, cultural, legal and economic institutions affecting the populations in regions that became the United States.

- **HIST 137 U.S. History 2**
  Covers U.S. history from the Civil War to the present. Focuses on industrial and urban development, immigration, race, ethnicity and reform, politics, economics, social change and Americans at war.

- **HIST 138 Survey of Chicano History**
  Surveys Chicano history from the Spanish European background and pre-Columbian civilization of Mexico to the social, economic and political experiences of the Chicano people in the U.S. Emphasis on Mexican history.

- **HIST 140 American Women’s History**
  Surveys American women’s roles, work, status, accomplishments, issues and movements, from the pre-Colonial period to the present.

- **HIST 145 Women, Race & Class**
  Focuses on the United States and its historical stratification by race, sex and class. Examines the experience of women in their own words, with emphasis on women of color. Examines “her story” to help in understanding the conflict facing the women’s movement.

- **HIST 146 U.S. History I**
  (Formerly HIST 113 – The Colonial & Early Republican Periods) Examines America in its formative period from its European, African and native pasts, tracing its development from origins to early nationhood. Emphasis on the American Revolution.

- **HIST 147 U.S. History II**
  (Formerly HIST 114 – Nineteenth Century U.S. History) Examines changes shaping American society in the 1800s: sectionalism, the Civil War, the westward movement, industrialization and emergence of the United States as a world power. Emphasizes social conflicts, including abolitionism, women’s rights, labor, manifest destiny and Reconstruction.

- **HIST 148 U.S. History III**
  (Formerly HIST 115 – Twentieth-Century America) Covers an era of conflict, war, uncertain peace, depression and great social changes. Emphasizes historical, economic, social, racial and political events that have formed the modern U.S.

- **HIST 150 Multicultural Experiences in the U.S.**
  Focuses on experiences of selected people of color in America. Emphasizes historical and contemporary development, including sociological and psychological aspects.

- **HIST 191 Biography in American History**
  Examines the place and role of selected figures in the making of American history, not as a search for the hero or heroine, but as an inquiry into the human potential for affecting society in terms of change and development.

- **HIST 200 Critical Issues for the 21st Century**
  Examines current global issues from diverse historical perspectives, using materials from diverse history sources and the research tools of the historian.

- **HIST 208 Russian History & Culture**
  Focuses on political, cultural and social life, stressing continuity and change from pre-revolutionary Tsarist Russia to the 1990s.

- **HIST 210 The Pacific Century**
  Study of the transformation of selected Pacific Rim countries and their contributions to the modern world. Emphasis on responses to the problems and challenges of economic, political and social development. Analyzes the impact of China and Japan on the region.

- **HIST 211 History of the Middle East**
  Examines the history of the Middle East (Arab countries, Turkey, Iran and Israel) from the emergence of Islam to the present. Includes cultural, economic and political aspects of history with emphasis on the modern period.

- **HIST 212 Vietnam Era**
  (Formerly HIS 215) Reviews American history from 1945 to the present, with special emphasis on the Vietnam war, its origins and its impact upon the American scene. Explores the civil rights movement, the cold war, the role of media, the rise of the “counter-culture,” and the development of suburbia.

- **HIST 214 Pacific Northwest History**
  (Formerly HIS 264) Surveys history of the Pacific Northwest and Washington state from the earliest times through exploration, settlement and the modern era. Emphasis on the growth of the Northwest in relation to national developments, including ethnic contributions. Includes a unit on Seattle history.

- **HIST 218 Field Trip: Europe**
  Take a field trip to Europe to visit historic monuments, cities, castles, museums, churches and other areas relative to studies in the classroom. Average length of experience is three weeks.

- **HIST 219 Native American History**
  (Formerly HIS 137) Traces White/Native American affairs from pre-Colonial America to the present. Probes White attitudes, values and misconceptions as well as Native American values, spiritual beliefs and the continuing struggle for sovereignty.
HIST 221 (5) N
Sports & Social Change in the 20th Century
Examines the development of sports and its importance for United States culture and society. Focuses on the struggles of athletes who resisted social restrictions, prejudices, gender and racial segregation and the role of sports in creating the diverse American society of the 20th century. Also explores the interplay between sports and immigration, technology and globalization.

HIST 230 (5) N
U.S. Environmental History
From pre-Colombian era to present. Focuses on how different groups of Americans have shaped their environments and on how the environment has shaped cultures, societies and economies in North America from before the arrival of Europeans to the present. Explores how and why attitudes toward the environment have changed. Provides historical context to facilitate understanding debates over environmental issues. Recommended ENGL& 101 eligible.

HIST 241 (5) S
History of Southeast Asia
Survey from pre-history to the present of the countries of contemporary Southeast Asia: Brunei, Burma, Indonesia, Kampuchea, Laos, Malaysia, Philippines, Singapore, Thailand and Vietnam.

HIST 242 (5) S
The Vietnamese-American War
Examines the war in Southeast Asia, 1945-1975, from multiple angles through narratives, perspectives and interpretations of the war. Focuses on themes such as protagonists and victims, concepts of winning and losing, popular re-imagining and memorializing the war.

HIST 251 (5) N,S
History of China
Surveys the development of Chinese society from ancient times to the present, including fine arts, literature, religion and thought. Emphasis on the modern period.

HIST 268 (5) C,N
History of Latin America
(Formerly HIS 268 - The Latin Americas) Covers the development of the Latin American republics, from Indian, European and African foundations through independence and the 20th century. Focuses on social, economic, cultural and political development.

HIST 269 (5) C
History of the Holocaust
Interdisciplinary examination of the context and origins of the Holocaust, using history, film/ documentaries and voices from the Holocaust. Emphasizes multiple perspectives, including perpetrators, victims, bystanders, resisters and rescuers. Analysis of modern institutions (nation-states, bureaucracies) and ideologies (anti-Semitism, scientific racism, nationalism) illuminates the meaning, impact and legacies of the Holocaust.

HIST 273 (5) N
Women of the American West
Examines women of diverse communities in the Trans-Mississippi West in all their different roles from before European contact to the end of the twentieth century. Explores race, ethnicity, class, labor, family, suffrage, politics, social reform, women’s groups, arts and entertainment, religion, cultural values and gender identity.

HIST 298 (1-5) C,N,S
Special Topics in History
Independent study in selected history topics under faculty supervision. Prereq: Permission.

HIST 299 (3-5) C,N,S
Special Problems in History
Small class format to study and discuss selected topics in history. Prereq: Permission.

HOSPITALITY
See Culinary Arts for programs for first and second years, pages 207-211.

Hospitality Management
(Bachelor of Applied Science)

• SOUTH •

These courses require acceptance into the BAS Hospitality program or permission.

HMG 301 (3) S
Intro to Hospitality
Survey of the various segments of the hospitality industry, including a brief history and current issues, with an emphasis on service.

HMG 302 (3) S
Hospitality Management
Survey of management theories, functions, methods, and concepts applied to hospitality settings.
HMG 420 (3) S
Ethical Leadership
Nature and sources of ethical conflicts and dilemmas. Leaders and organizations confront in the hospitality industry.

HMG 489 (3) S
Professional Career Development
Preparation for industry employment, including resume writing, interview skills, professional dress, and business etiquette.

HMG 490 (3) S
Internship-Lecture
Tracks student requirement of 1000 hours of industry experiences.

HMG 491 (5) S
Hospitality Management Capstone
Project-based course integrating all components in the curriculum.

HUMAN DEVELOPMENT

HDC 091 (3) N
Math for Math-Avoiders
Identify feelings and barriers to learning math. Learn anxiety management, relaxation techniques, test anxiety, and math study skills.

HDC 093 (2) N
Study Skills
Increase academic efficiency by learning about motivation, procrastination and memory. Includes note-taking and other skills and strategies for success.

HDC 096 (3) S
The College Puzzle – Understanding How the Pieces Fit
Intro to college life to assist individuals in understanding how the academic system works. Develops the basic skills and understanding necessary for active participation in all phases of the college experience.

HDC 100 (1-3) C,N,S
Career Planning
Intro to a systematic approach to help the individual gain a better understanding of self relating to occupational interests and goals. Includes testing and discussions of values, interests and skills.

HDC 101 (1-3) C,N,S
Orientation to College Success
Assists new students in their adjustment to community college. Includes goal-setting, self-motivation skills, identifying college resources, personal development and general study hints.

HDC 102 (3) C
College Survival Skills
Study skills for new or returning students. Includes time management, use of college support services, effective reading and note-taking, writing clarity, memory improvement and successful test-taking.

HDC 103 (3) C
Self-Awareness Through Critical Thinking & Problem-Solving
Covers methods of comparison, inference and deduction to solve abstract and practical problems. Sequential steps in the evaluation of people, knowledge and values, in which thinking becomes more complex and less categorical and absolute. Designed to start a reflecting process that helps in understanding how cultural beliefs, attitudes and values affect the way we think.

HDC 104 (2) C
Increasing Personal Power – Communication & Assertiveness
Intro to methods of self-expression, listening and response to others. Includes stress-reduction communication methods, active listening, passive listening, body language and conflict resolution. Based on the Wednesday noon Women’s Center lecture series. Explores barriers to and sources of women’s power.

HDC 105 (3) C
Career Assessment
Career information and personal assessment related to a specific occupation or career. Individual counseling and the development of a specific personal plan for further education or training. May include resume-writing or informational interviewing skills.

HDC 106 (1-2) S
Interviewing, Resumes, Job-Hunting & Employee/Employer Interaction
Short, intensive course in creative job-hunting techniques: how to identify personal skills and focus a job search; where and how to look for jobs; how to get hired.

HDC 110 (3) C
Pre-Training for High Tech & Trades
Prep for vocational study. Develop basic skills necessary in technical fields, the trades and other occupations. Includes work on math and technical anxiety, career planning, basic tool and computer use, problem-solving, assertiveness and basic study skills. Prereq: Permission.

HDC 111 (1) C
Math Study Strategies
Provides an opportunity for students to learn and adopt skills and strategies for a successful math experience. Covers knowledge needed to study math, how to discover math learning strengths, how to improve memory, listening, note-taking, reading and test-taking techniques.

HDC 112 (1) C
Managing Time & College Expectations
Develop specific skills to be more successful in college. Focuses on the development of effective time management skills and a thorough understanding of classroom and campus expectations and responsibilities.

HDC 113 (1) C
Reading & Textbook Note-Taking Strategies
Become a self-directed learner for reading and thinking academically and personally. Focuses on the development of practical knowledge and strategies to assist students towards that goal.

HDC 114 (1) C
Listening & Lecture Note-Taking Strategies
Increase listening and lecture note-taking skills.

**HUMANITIES**

**HUM 104** Visual Thinking & Communication Skills

Intro to thinking in images to release creativity; using the right brain in concert with the left brain; the focusing power of relaxed attention; idea sketching to generate, express and record ideas; use of new problem-solving strategies for problems defying usual solutions. Prereq: Placement in ENGL 098 or higher.

**HUM 105/ISP 105** Intercultural Communication

Interdisciplinary focus on the role of languages and culture in effective intercultural communication including values, patterns, history and attitudes that create and sustain cultures. Emphasis on skills and empathy gained from the study of diverse cultures through literature, theory and guest lecturers.
**HUM& 116 (5) C,S**  
**Humanities I**  
(Formerly HUM 101 - Humanities in Thought & Action) Covers significant movements in Western culture and values through major works of art, drama, literature, philosophy, music, architecture and language. From historical and political writings, learn of the forces affecting the humanities, from the beginning of civilization to the fall of the Roman Empire.

**HUM& 117 (5) C,S**  
**Humanities II**  
(Formerly HUM 102 - Humanities in Thought & Action) Continuation of HUM& 116. Covers the age of Charlemagne to the Enlightenment.

**HUM& 118 (5) C,N,S**  
**Humanities III**  
(Formerly HUM 103 - Humanities in Thought & Action) Continuation of HUM& 117, from the French and American Revolutions to contemporary issues. Recommended: Placement in ENGL& 101 or ENG 101 (N).

**HUM 120 (5) S**  
**Intro to Asian Cinema**  
Interactive online course. Studies films from Japan, China, Hong Kong, Taiwan, Korea, Vietnam, India, Iran, emphasizing non-Western cultures and perspectives, common human themes, creative expression and their influence on American cinema. Covers many genres of classic and modern films. Prereq: Placement in ENGL 101.

**HUM 125 (5) C**  
**Hip-Hop Theory & Culture**  
Identifies and critically examines the theoretical foundations of hip-hop culture and rap music, the evolution of hip-hop philosophy and the community from which it originated. Analyzes the influences that the background, music and style of the hip-hop generation have upon a multicultural nation and world. Prereq: Placement in ENGL 101 or ENGL 101.

**HUM 140 (5) N**  
**Transnational Cinema**  
Examines films from at least four non-Western cultures as means of storytelling, as art form, and as commercial product. Covers financial, political, and ideological conditions of the making and reception of these films. Considers how globalization and post-colonialism are reflected in these films and how Western viewers and critics understand and value them.

**HUM 149 (2) C**  
**Ways of Learning**  
Students study and write about their learning and learning styles. Keep journals, describe and analyze their past, present and planned education. Assess their education in other classes and prepare exit assessment projects.

**HUM 150 (5) C,S**  
**Ways of Knowing**  
Students study self-assessment or self-evaluation by writing and talking about their own education. Includes a study of learning styles and an exploration of individual learning styles.

**HUM 160 (5) C,N,S**  
**Asian Written Traditions**  
Intro to written traditions in philosophy, religion, history and literature of East and South Asia. Emphasis on original texts in translation in relation to social and cultural background. Recommended: ENGL& 101 or ENG 101 placement.

**HUM 187 (1-3) C**  
**Information Resources in Humanities**  
Explores political, economic, and cultural aspects of information related to creativity and intellectual life and the extent to which human expression is affected by the information age. Examines various strategies for identifying, locating, evaluating and applying information resources that affect the human experience.

**HUM 189 (3) C**  
**Using Learning**  
Students complete a portfolio project evaluating their own learning, create a product that reflects that evaluation and applies the learning to future goals outside the college.

**HUM 197 (2-8) C**  
**Work Experience – Humanities**  
Earn work experience credit in the humanities field. Prereq: Permission.

**HUM 200 (5) C,N,S**  
**Reading the Media**  
Examines the way cultural identities are constructed by and represented in contemporary media such as film, television, radio and newspapers. Prereq: Placement into ENGL& 101 or ENG 101 (N).

**HUM 210 (5) N,S**  
**Gay & Lesbian Studies**  
Intro to various complex historical, social and cultural issues surrounding gay and lesbian experience. Multi-disciplinary examination of coming out, gay identity and gay culture, gender issues, bisexuality, transgender identity, AIDS and gay rights. Uses fiction, poetry, autobiography, history, essays and plays. Looks at representations of gays and lesbians in film. Prereq: Placement into ENGL& 101 or ENG 101.

**HUM 234 (5) N**  
**Chinese Society & Thought**  
Covers concepts of Chinese civilization from the earliest days to the present. Emphasis on morality-based political philosophy of Confucianism with other conflicting or complementary views of people, nature, society and state.

**HUM 235 (5) C**  
**Holocaust Literature: Voices from the Holocaust**  
Examines literature written by survivors of the Holocaust or the Shoah. Read accounts by people who survived to write and publish their memories. Meet one of the authors. Develop an historical context for World War II and the rise of Nazi Germany. Use the context of events to understand the literature.

**HUM 261 (5) N,S**  
**Japanese Civilization**  
Covers the development of Japan as a society and nation including its origins, history, government, literature, economic institutions, material culture, social organizations and religions.

**HUM 270 (5) C**  
**Sequential Art: History & Criticism of Comic Book & Graphic Novels**  
Graphic, sequential storytelling offers an attractive and convenient opportunity to study visual language. Surveys the history of comic books and graphic novels, using several theories of visual communication to enhance visual literacy. Study cartoonists’ works as channels of human expression and as evidence of changing and differing cultural conditions.

**HUM 289 (5-10) C**  
**Chinese Language Through Experiential Activities**  
Self-paced experiential education for undergraduates who plan to take advantage of language study opportunities outside the USA, such as living with a family for total language immersion or attending a language school while studying the local cultures. All course requirements must be completed upon return to the USA.
INDUSTRIAL FIRST AID

IFS 100 (2) S
Industrial First Aid & Safety
Offered at Duwamish Training Center. Covers mandate of Washington State’s Workman’s Compensation Act to recognize, treat and utilize advanced life support services available to the general public for ill or injured victims. Focuses on safety and prevention of industrial accidents and infectious disease control. Prereq: Covered by Washington State Workman’s Compensation Act.

INDUSTRIAL MANUFACTURING TECHNOLOGY

INT 100 (3) S
Overview of Manufacturing Processes
Study how machined parts are fabricated. Includes limited hands-on experience on both lathe and milling machines. For Engineering, Drafting and Quality Assurance majors.

INT 125 (5) S
Electrical Safety
Covers Federal OSHA and the State of Washington (WISHA) electrical safety standards for general industry. Includes types of hazards associated with electricity, single and three-phase systems, cord and plug connected equipment, hazardous locations and safety-related work practices, and understanding government regulations. Emphasis on electrical hazard recognition and OSHA inspection procedures.

INT 130 (5) S
Crans & Material Handling
Intro to various types of overhead cranes, hoists and powered industrial trucks used in general industry. Covers overhead and gantry cranes, wire rope, slings, crane inspection and maintenance, and operations and maintenance of industrial trucks. Discusses appropriate OSHA and ANSI standards and related requirements.

INT 155 (5) S
Pipe Fitting & Plumbing
Intro to the selection and use of pipe and tubing for purpose of supplying air, water, oil and electrical wiring to machinery.

INT 160 (5) S
Intro to Safety & Health
Covers both Federal OSHA (29 CFR 1910) and State of Washington (WISHA) general industry standards as they apply to the industrial manufacturing industry. Learn the hazards associated with the manufacturing industry and how to apply industry standards to ensure compliance with the Occupational Health and Safety Act of 1970.

INT 161 (5) S
Applied Industrial Hygiene
Intro to general concepts of industrial hygiene and sampling techniques. Includes common health hazards such as air contaminants and noise, hazard evaluation through screening and sampling and control methods for health hazards, including ventilation and personal protective equipment. Includes laboratories in the use and calibration of industrial hygiene equipment.

INT 162 (5) S
Construction Safety
Covers both OSHA (20 CFR 1926) and the State of Washington (WISHA) construction standards as they apply to construction industry. Learn how to apply these standards to ensure compliance with the Occupational Safety and Health Act of 1970.

INT 197 (1-10) S
Industrial Internship
Spend time in the field under the guidance of an instructor and/or mentor to learn about operations, policies, procedures, cultures and behavioral standards in a given private or public sector, paid or non-paid. Meet as a group during the internship. May be used as an internship during ongoing program coursework, upon completing the coursework or both. Prereq: Permission.

INT 210 (3) S
Industrial Ventilation
Covers principles of industrial ventilation as a means of controlling hazardous air contaminants and both Federal OSHA and the State of Washington (WISHA) ventilation standards as they apply to general industry. Learn the classification of ventilation systems, fundamentals of air flow, make-up air, ventilation systems, surveys and OSHA policy and procedures.

INT 215 (5) S
Accident Investigation
Covers industrial safety and health techniques used to conduct accident investigations in an industrial setting. Learn the proper techniques to conduct a complete and accurate investigation.
Control Technology
Publishing information on the web.

Database applications, web security and publishing information on the web.

Focuses on word processing, spreadsheets, and database applications.

Software applications

it 101 (5) n
Introduction to Computers
Covers the basics of computers and networks.

NOTE: Eligibility for ENGL& 101 or ENG 101 is recommended.

Most Information Technology courses require a computer lab fee. Contact the division office for specific fee information.

IT 100 (5) n
Introduction to Computer Systems & Networks
Covers the basics of computers and networks.

IT 101 (5) n
Software Applications
Focuses on word processing, spreadsheets, database applications, web security and publishing information on the web.

IT 102 (5) n
Introduction to Programming
Gain a basic understanding of the programming field. Learn to solve problems through programming logic and design and use efficient troubleshooting techniques to find and correct errors.

IT 103 (5) n
Introduction to Database Use & Design
Learn Microsoft Access and SQL, the design, creation and use of databases and strategies for keeping data current, accurate and secure. Prereq: IT 100, or EET 131 and IT 101, 102.

IT 104 (1) n
Using Computers
Provides current computer and software instruction to enhance the use of technology in a variety of fields. Topics may be chosen to supplement content in another course (creating research papers for English, spreadsheets for Accounting or databases for Allied Health) or to advance the student’s own personal technology skills. May be repeated for a total of 5 credits.

IT 111 (5) n
Internet & Web Authoring Using XHTML
Survey of basic Internet services and protocols including HTTP, FTP, email, information searching and security. Intro to HTML and XHTML including text formatting, tables, frames, forms and Cascading Stylesheets with an emphasis on well-formed valid code. Emphasizes setup and maintenance of websites and file and directory structure.

IT 115 (5) n
Intro to Object-Oriented Programming
Intro to problem-solving and object-oriented programming techniques using the Java programming language. Prereq: IT 106 and IT 111.

IT 120 (5) n
Network Essentials CompTIA Network+
Understand local area networking information in Microsoft courses on workstations and networking. Intro to current networking technology for local area networks (LANs), wide area networks (WANs) and the Internet. Prereq: EET 131 or permission.

IT 122 (5) n
Network OS 1 – Windows Client
Perform post-installation and day-to-day administration tasks in a single-domain or multiple-domain Microsoft Windows 2000 Pro network. Prereq: EET 131 or IT 120 or IT 142 or ITC 140 or permission.

IT 124 (5) n
Network OS 2 – Windows Server
Continuation of IT 122. Provides support professionals with skills to install, configure, customize, optimize, network, integrate and troubleshoot Windows 2000. Prereq: EET 131 or IT 122 (IT 122 may be taken concurrently) or permission.

IT 125 (5) n
Using Structured Query Language & SQL Server
Provides instruction in techniques for creating, modifying, deleting and query databases using SQL. Focuses on designing and understanding SQL queries using Microsoft SQL Server, although techniques can also be used with other relational DBMS like MySQL, Oracle and Access. Recommended: Work experience or class (such as IT 101) using a DBMS.

IT 126 (5) n
Network OS 3 – Windows Network Infrastructure
Continuation of IT 124. Covers capacity planning, multiple domain management, trust relationships, implementing RAS, interoperating with Novell Netware and Windows 2000 Pro troubleshooting. Prereq: IT 124.

IT 128 (5) n
Network OS 4 – Windows Active Directory
Continuation of IT 126. Provides support professionals with skills to design, implement and support Windows NT Server network operating system in a multi-domain enterprise environment. Examines implementing server directory services, server analysis and optimization, network analysis and optimization and troubleshooting. Prereq: IT 124 or permission.

IT 134 (5) n
Network Communications – TCP/IP
Learn to setup, configure, use and support Transmission Control Protocol/Internet Protocol (TCP/IP) on major operating systems used on computers in the networked environment. Prereq: IT 124 (may be taken concurrently) or permission.

IT 135 (5) n
Intro to Unix
Intro to the Unix operating system using Linux. Includes the fundamental Unix Commands, the Unix file system, vi editor, Unix shells and shell programming. Strongly recommended: Computer and Windows Operating System experience.

Course Descriptions

**ITC 134 (5) C**
Computer Operating Systems
Intro to concepts of processes, file systems and structures, software and hardware management, security and user authentication, resource allocation and memory management. Uses WINDOWS, DOS and LINUX operating systems. Prereq: MIC 101; ITC 140 as prereq or coreq or permission.

**ITC 136 (5) C**
Linux/Unix Operating Systems
Intro to the Linux/Unix client operating system, including the fundamental Linux/Unix commands in both the command line interface and graphics user interface. Not a Server Administration class. Prereq: MIC 101 with 2.0 or better, or previous computer work, or permission.

**ITC 140 (5) C**
Intro to Computer Hardware
Provides basic understanding of various hardware components, including installation and configuration. Learn how software interacts with and controls the computer’s hardware elements. Emphasizes analytical logic, troubleshooting skills and basic networking concepts. Prereq: MIC 101 or ITC 102 or equivalent.

**ITC 150 (5) C**
Intro to Information Security
Learn the foundations of information security and how to protect personal information. Covers laws, ethics, physical security, security policies and social engineering, and hands-on experience with firewalls, virus scanners, encryption and diagnostic tools. Covers digital certificates, authentication and network vulnerabilities. Work with local, Internet and wireless networks. Prereq: WEB 110 or NET 120 or NET 140 with 2.0 or higher or permission.

**ITC 151 (5) C**
Intro to Network Security
Intro to network security, building and administering secure network architectures. Covers firewalls, vulnerability scanners, encryption, risk monitoring and assessment tools, digital certificates, authentication and network vulnerabilities. Security Lab uses wired desktop systems and wireless PDAs to Linux, Macintosh and Windows systems used by small and medium businesses. Prereq: NET 120 with 2.0 or higher or permission.

**ITC 172 (5) C**
Visual Basic with ASP.NET
Intro to object-oriented, event-driven programming using Visual Basic (VB) in the Visual Studio.NET environment. Create Windows applications and write Windows interfaces to existing applications. Study of Visual Basic forms and tools and writing VB code modules, processing and functions. Intro to web applications. Prereq: ITC 110 or MIC 110.

**ITC 197 (3-5) C**
Work Experience in Information Technology
Earn work experience credit in the computer field. Prereq: Permission.

**ITC 200 (4) C**
User Experience Design
Studies how the user experience dictates the design, functionality, features and content of a website to successfully achieve the client’s business goals. Prereq: WEB 120 with 2.0 or better.

**ITC 210 (5) C**
Advanced Web Development
Provides hands-on experience working on a web team with real-world client projects. Offered with WEB 210, ITC 210 students provide the main database and programming skills while WEB 210 students provide the main design and development skills. Prereq: ITC 280 with a 2.0 or higher.

**ITC 216 (5) C**
Programming for the Web
Provides hands-on intro to web programming using a server-side programming language such as PHP or Perl. Reviews HTML and client-side language such as JavaScript, to validate and enhance web pages. Actual programming and scripting languages will reflect current industry usages. Prereq: Web 110 and ITC 110.

**ITC 220 (5) C**
Database Development for Programmers
Overview of database theory and systems. Work with relational databases, simple ADO, SQL and XML. Prereq: MIC 101 and one of these: MIC 110 or permission.

**ITC 222 (5) C**
SQL
Intro to the use of Structured Query language (SQL) to access and summarize database information, create and alter database objects, set constraints and create views. Intro to SQL embedded in programming environments such as ASP or CGI, or Net. Learn to use SQL to create and manage databases on a relational database management system. Prereq: ITC 220 or permission.

**ITC 224 (5) C**
Designing Database Solutions

**ITC 226 (5) C**
Database Administration
Provides practice with administrative activities, security and backup on a Relational Database Management System, using Administrative SQL and other tools offered by the Relational Database Management System. Prereq: ITC 222.

**ITC 255 (5) C**
Systems Analysis
Identify when a system needs to be upgraded or replaced. Analyze system components and requirements, charting process flow and data structures, determining feasibilities and providing alternate solutions. Prereq: MIC 101 or knowledge of MS Windows and MS Office. Recommended: ITC 110 or CSC 110.

**ITC 280 (5) C**
Web Database
Intro to the skills, tools and techniques needed to create database-driven websites and practical experience. The languages and methods used for database access will remain flexible to account for the most current industry standards. Prereq: WEB 110 with 2.0 or higher. Recommended: ITC 110.

**ITC 281 (5) C**
Advanced Web Databases
Intro to advanced web development and database topics such as XML, RSS and AJAX. Prereq: ITC 280 and WEB 120 with 2.0 or higher or permission.

**ITC 285 (5) C**
Capstone Project Class
Produce a major project that responds to a client problem or request. Work in teams or carry out an individual project as an intern/extern. Select and work closely with industry mentors. Emphasis on research, accuracy, technology skills, timeliness, teamwork, quality, client/customer satisfaction and usability. Prereq: Completion of first year of A.A.S.-T. degree.

**ITC 298 (1-5) C**
Special Topics
In-depth studies in new and emerging technologies relevant to the IT programs. Prereq: Permission.
MIC 101 (4) C
Intro to Microcomputer Applications
Intro to microcomputer applications for Windows. Includes an overview of Windows, the Microsoft Office System featuring Word, Excel, Access, PowerPoint, Internet Browsers, email, along with emerging software application topics and concepts.

MIC 102 (1) C
Using Computers
A series of one-credit short classes which provide a brief hands-on intro to one type of commonly used industry software using both PC and Macintosh. Attendance mandatory and additional 2-4 hours per week required during Computer Center hours. Lab fee.

MIC 103 (3) C
Computer Applications for Builders
Intro to basic personal computer hardware and software concepts as they apply to business transactions and the building trades. Prereq: Permission.

MIC 104 (2) C
Applied Software Applications
Covers an in-depth exploration of computer topics considered appropriate by the instructor and/or division. May supplement content in another course. Class format may vary. Courses cover various vendors’ applications including Microsoft Office and Adobe Creative Suites.

MIC 105 (2) C
Using Computers
Intro to Windows-based computers. Covers the operating system, email, word processing, spreadsheets and Internet browsing programs.

MIC 106 (5) C
Intro to Software Applications for K-12 Educators
Covers the use of essential software applications for teaching in a K-12 classroom. Provides a practical understanding of the computer, the Internet and applications to successfully teach and manage instruction in varied environments. Provides a strong technology foundation.

MIC 110 (4) C
Program Design & Development for Non-programmers
Intro to concepts involved in planning, developing, testing and debugging a computer program. Intro to programming language and principles of structured programming that can be applied to any programming language. Prereq: MIC 101 or equivalent programming experience.

MIC 115 (5) C
Intro to Programming Using Microsoft Visual Basic
Intro to basic programming design and techniques via online instruction and online interaction with instructor. Prereq: MIC 101 or equivalent experience.

MIC 120 (4) C
Database, Applications & Design with MS Access
Develop database application and design skills through use of MS Access. Emphasizes planning, creating and revising a database system. Prereq: MIC 101 or equivalent experience.

MIC 130 (3) C
Digital Imaging
Learn the use of digital imaging and illustration software on the Macintosh. Emphasizes creating and editing images for use in video and exporting to animation and nonlinear software packages.

MIC 131 (3) C
Nonlinear Editing
Learn to use a nonlinear editing system. Prereq: MIC 130 or equivalent.

MIC 141 (3) C
Computer Applications for Apparel Design I
Provides a basic understanding of various computer applications, ranging from word processing to graphic manipulation and their specific use in the field of apparel design. Complete fundamental tasks and learn selected advanced skills in each program.

MIC 142 (3) C
Computer Applications for Apparel Design II
Build on skills using Macintosh and/or PC computers to develop an understanding of computer procedures, terminology and practical skills related to Apparel Design.

MIC 150 (4) C
Internet & The World Wide Web
Intro to the global information network. Provides experience using browsers, email, search engines and other Internet and web tools. Focuses on finding valuable information and resources on the Internet. Understand the process of creating a web presence including basic HTML and web page editing tools.

MIC 160: P,W,E (4) C
Supporting Microsoft Applications
Learn essential technical support skills for end users and strengthen software skills of essential Microsoft applications. Prepare to pass the Microsoft Office Systems (MOS) certification exam at the proficient level. Prereq: MIC 101 or demonstrated experience with Windows OS and software.

MIC 170 (5) C
Microsoft Word
A complete look at Microsoft Word, focusing on features for technical writing, management, editing and formatting long documents. Prereq: MIC 101 or equivalent experience.

MIC 203 (3) C
Intro to Computer-Aided Drafting & Design (CADD)
Intro to computer-aided drafting and design on the personal computer. Use the 2-D tools in MiniCad for basic technical drawing to produce depictions of simple plans, elevations and construction details in a CADD environment. Prereq: MIC 103 or permission.

MIC 204 (3) C
Computer Aided Drafting & Design II (CADD)
Advanced techniques in CADD including file structures and dynamic drawing mechanisms. Prereq: MIC 203 or permission.
**Course Descriptions**

**MIC 215 (4) C**
Intro to Dreamweaver
Online course. Access online discussion board, lecture board, quiz and file sharing tools. Intro to Macromedia Dreamweaver, the most widely used software for web page development used by professionals and hobbyists. Create simple web pages as well as dynamic and comprehensive websites. Prereq: MIC 101 or equivalent.

**MIC 241 (3) C**
2D & 3D Animation
Learn to create animations. Covers 2-D animations and intro to 3-D animation concepts. Prereq: MIC 130.

**MIC 295, 296, 297 (1-3) C**
IT Certification Test Preparation I, II, III
Prepare for information technology application certification exams such as Microsoft Certification Application Specialist (MCAS). Includes practice tests and strategies for effective test-taking and test anxiety mitigation. Prereq: MIC or CIS enrollment or completion.

**MIC 298 (3-5) C**
Advanced Applications Project
Apply skills and knowledge to a major programming project that responds to a client problem or request. May work in teams or carry out an individual project as an intern/extern. Select and work closely with industry mentors. Emphasis on research, accuracy, programming skills, timeliness, teamwork, quality, client/customer satisfaction and usability. Prereq: Completion of first year of A.A.S. degree in Programming.

**WEB 105 (3) C**
Working on a Web Team
Overview of different web-related careers including web team job descriptions, functions, workflow, and processes. Study client interviews, project definition, requirements, scope and contract templates.

**WEB 110 (4) C**
Web Authoring I
Covers the mechanics of web page production starting with absolute basics. Covers document structure, text elements, list elements, links, tables and working with images and creating framesets. Focuses on creating HTML/XHTML files “by hand” with emphasis on browser compatibility issues and HTML/XHTML validation. Prereq: MIC 101 or computer experience.

**WEB 112 (3) C**
Typography for the Web
Intro to the elements of typography as applied to the Web. Prereq: WEB 110 or concurrent enrollment.

**WEB 114 (3) C**
Photoshop for the Web
Gain insight and skill with Adobe Photoshop. Covers the basic concepts of pixel-based image editing and making graphics for the web. Prereq: WEB 110 or concurrent enrollment.

**WEB 120 (4) C**
Web Authoring II
Covers more advanced elements of web page development and production. Includes style sheets, designing and coding “off” forms, XHTML and an intro to XML. Code elements by hand and create content compatible with all major browsers. Prereq: WEB 110 or permission.

**WEB 130 (3) C**
Web Design with Dreamweaver
Covers basic to advanced features of Dreamweaver. Plan, build, upload and maintain a professional website using Adobe Dreamweaver. Prereq: WEB 120. Knowledge of writing JavaScript is helpful.

**WEB 150 (3) C**
Intro to JavaScript
Studies programming concepts and techniques affecting web page design. Examines theoretical concepts that make the world of JavaScript programming unique. Uses a hands-on approach when examining programming styles. Examines different coding, the advancement of programming and problem-solving strategies. Prereq: WEB 110 or permission.

**WEB 160 (2) C**
Writing for the Web
Covers techniques for writing successful copy for a website.

**WEB 170 (3) C**
Web Animation Using Flash
Learn and practice digital web application of 2-D animation to increase skills as a web designer. Prereq: WEB 120. Knowledge of writing JavaScript is helpful.

**WEB 200 (4) C**
Theory of Web Design
Covers principles and practices of professional web site design, including site structure, page layout, navigation, color theory, typography and best coding practices. Prereq: WEB 110 with 2.0 or higher. Coreq: WEB 120.

**WEB 205 (2) C**
Web Career Strategies
Presents various tools and skills needed to transition into the web industry. Learn about web careers, presenting skills, finding appropriate positions and creating a portfolio. Prereq: ITC 200. Coreq: WEB 210 or permission.

**WEB 210 (5) C**
Advanced Web Design
Design and produce an effective web site for a live client with advanced web design techniques while practicing a team workflow process. Prereq: WEB 105, WEB 120 and WEB 200 with 2.0 or higher.

**INTERNATIONAL STUDIES**

**ISC 197, 198, 199 (2-5) C**
InterCultural Studies Internship
Learn about the country being visited, including a brief history, major political institutions, major celebrations and holidays, social and political institutions. Write a description of the experience as it relates to an education career, including exploration through informational interviewing, observations, readings and special topic research.

**ISP 101 (5) N**
The Global Society
Intro to the globalization of cultures and societies in producing the current world system. Includes human interaction, social institutions, social stratification, socialization, deviance, social control, social and cultural change within the context of international inequality.

**ISP 105 (5) C,N**
Understanding Intercultural Communications
Interdisciplinary focus on the values, patterns, history and attitudes that create and sustain cultures; emphasis on skills and empathy in intercultural communication gained from study of diverse cultures through literature, theory and guest lectures.

**ISP 110 (5) N**
Intro to Global Studies
Intro to living in an independent and interconnected world, including the diversity in the world’s biophysical landscape and examination of human inter-connectedness through time and space. Includes major global issues and problems such as migration, food and hunger and environmental pollution and development. Explores cultural diversity and unity at global, regional and national levels.

**ISP 112 (5) C,N**
The Contemporary World
Intro to the nation-state system, elements of power and major problems facing nation-states today, including population, hunger, nuclear proliferation, energy, nationalism and North-South/East-West relations. May be taken as POLS 112.
ISP 120 (5) N
Intro to Scandinavian Culture
Intro to Scandinavian culture, with an overview of the geography, heritage and history of the members of the Nordic Council: Denmark, the Faroe Islands, Finland, Greenland, Iceland, Norway, Sweden and Aland. Also covers Estonia.

ISP 160 (5) N
Asian Written Traditions
Intro to written traditions in philosophy, religion, history and literature of East and South Asia. Emphasis on original texts in translation in relation to social and cultural background. Recommended: ENGL 101 or ENG 101 placement.

ISP 170 (5) N
Intro to Contemporary China
Multi-disciplinary survey course on the people, history, culture and socio-economic political systems of Chinese society. No prior knowledge of Chinese civilization or language is required.

ISP 201 (5) C,N,S
Intro to International Political Economy
Studies international political economy through facets/events of post-World War II era. Covers postwar changes leading to the creation of international financial institutions, rise of MNCs, emergence of the United States as a major power, globalization of production debt crisis and structural adjustment policies. Emphasis on Asian Pacific, South Asian, Sub-Saharan African and Latin American countries.

ISP 205 (5) C,N,S
Women in the Global Context
Interdisciplinary intro to the study of women in Asia, Africa, Latin America, the Middle East and/or indigenous women in some Western societies. Explores commonalities and differences among women in various societies and cultures. Specific societies or regions covered vary by instructor.

ISP 210 (5) N
The Pacific Century
Study of the transformation of Pacific Asia and its contribution to the modern world. Emphasis on responses to problems and challenges of economic, political and social development. Attention to impact of China and Japan on contemporary Pacific Asia.

ISP 220 (5) N
World Hunger
Comprehensive information about world food situations and the problem of hunger using an ecological/food system approach. Analyzes various components of the food system to identify causes of hunger. Examines acute, chronic and hidden hunger and evaluates proposed strategies using scientific measures as well as the voices of people.

ISP 234 (5) N
Chinese Society & Thought
Covers concepts of Chinese civilization from the earliest days to the present. Emphasis on morality-based political philosophy of Confucianism with other conflicting or complementary views of people, nature, society and state.

ISP 251 (5) N
History of Chinese Civilization
Development of Chinese society from ancient times to the present, including philosophy, literature, fine arts, religion, foreign relations, science and technology.

ISP 255 (5) C,N,S
History of the Art of Asia
Survey course of the paintings, sculpture, architecture and crafts of India, China, Japan and Southeast Asia. Studies influences brought about through invasion, assimilation and transformation of Hinduism, Buddhism, Daoism and Confucianism as reflected in the arts, history and culture.

ISP 260 (5) N
World Migration
Study of human migration in time and space including pre-colonial, colonial and current transnational migrations. Examines causes of voluntary and involuntary migration and their impact on economic, social and cultural aspects of people’s lives. Covers how migration led to the formation of diasporas in different parts of the world. Studies recent trends in return migration among the Peruvian Japanese, Caribbean and Irish Americans and others.

ISP 261 (5) N,S
Japanese Civilization
The development of Japan as a society and nation including its origins, history, government, literature, economic institutions, material culture, social organizations and religions.

ISP 270 (5) S
Contemporary Scandinavian Society
Examines the distinctive policies, institutions and social norms of contemporary Scandinavian or Nordic societies: Denmark, the Faroe Islands, Finland, Greenland, Iceland, Norway, Sweden and Aland. Also covers Estonia.
INTERPRETER TRAINING

SPS 201 (5) C
Survey of Hearing Impairment
Basic anatomy and physiology of hearing mechanisms. Covers causes and types of treatment for hearing loss, both past and present. Also includes assistive technical devices, an intro to the measurement of hearing and a survey of the role of genetic hearing loss in deafness. Lab included.

ITP 115 (3) C
Survey of Interpreting
Overview of the field of interpreting. Includes history, terminology, competencies, professional ethics and environmental factors. Prereq: Acceptance into the ITP program or permission.

ITP 120 (2) C
Support Service Personnel Training
Focuses on specialist skills for support service providers, including cultural norms and etiquette, guiding and safety issues and commonly used communication modes of the Deaf-Blind. Emphasizes communication of environmental and visual information for guiding and support through interactive instruction, blindfold experiences, simulations, guided practice and guest presentations by Deaf-Blind people.

ITP 145 (3) C
Ethics of Interpreting
Exploration of how values, character and skills in interpersonal relations are developed. Includes discussion of the applications of the RID Code of Professional Conduct to different interpreting situations. Prereq: ASL& 223 with 2.5 or higher or demonstrated equivalent proficiency.

ITP 160 (4) C
ASL-to-English Interpretation I
Intro to interpretation from ASL to English in the consecutive mode. Application of the Gish approach to information processing. Studies dual task performance, short-term memory building, paraphrasing skills, shadowing techniques and other pre-interpretive skills. Prereq: ASL& 223 with a 2.5 GPA or higher. Coreq: ITP 161.

ITP 161 (4) C
English-to-ASL Interpretation I
Taken concurrently with ITP 160. Develop cognitive skills in translating from English to ASL in the consecutive mode. Emphasis on vocabulary development and ASL expressions. Prereq: ASL& 223 with a 2.5 GPA or higher or demonstrated equivalent proficiency. Coreq: ITP 160.

ITP 162 (4) C
ASL-to-English Interpretation II
Continuation of ITP 160 with interpretation of increasingly complex discourse. Gradual shift from consecutive to simultaneous interpretation. Prereq: ITP 160 with a 2.5 GPA or higher or permission. Coreq: ITP 163.

ITP 163 (4) C
English-to-ASL Interpretation II
Continuation of ITP 161. Increases fluency, facility and stamina, with increased difficulty of text, discourse and vocabulary from English to ASL in the consecutive mode. Prereq: ITP 161 with a 2.5 GPA or higher, or permission. Coreq: ITP 162.

ITP 164 (4) C
ASL-to-English Interpretation III
Continuation of ITP 162 with interpretation of increasingly complex discourse in the simultaneous mode. Demonstrate proficiency in interpreting ASL to English. Prereq: ITP 162 passed with 2.5 GPA or higher, or permission. Coreq: ITP 165.

ITP 165 (4) C
English-to-ASL Interpretation III
Continuation of ITP 163. Interpretation of increasingly complex discourse in simultaneous mode from English to ASL. Prereq: ITP 163 passed with a 2.5 GPA or higher, or permission. Coreq: ITP 164.

ITP 216 (3) C
Interpreting Specialized Settings
Intro to specialized settings within the field of interpretation. Covers basic vocabulary, ethical considerations and general issues involved with professional areas of interpretation, including mental health, medical, legal, educational (K-12), substance abuse programs, performance and religious settings. Prereq: Completion of ITP 260 with 2.5 or higher or permission.

ITP 220 (2) C
Deaf-Blind Interpreting
Focuses on specialist skills for Deaf-Blind interpreting, including cultural norms and etiquette, tactile modifications of ASL, commonly used communication modes, interpreting visual information and environmental consideration for the interpreter. Uses interactive instruction, simulations, guided practice, blindfold experiences and guest presentations by Deaf-Blind people.

ITP 245 (4) C
Applied Interpreting Experience I
Covers various models and experiences of interpreting required for functioning as professional interpreters. Observe working interpreters in field settings and apply skills with student partners in mock situations. Prereq: 2.5 or higher in previous ITP courses.

ITP 246, 247 (1-5) C
Applied Interpreting Support
Continued development of interpreting techniques with practical experience for students in mock interpreting field placements. Prereq: Completion of ITP 260 and 245 with a 2.5 or higher, or equivalent with permission.

ITP 250 (4) C
Applied Interpreting Experience II
Continuation of ITP 245 with some distribution of the required 80 hours. Apply interpreter knowledge and skills to real-life situations. Prereq: ITP 260 and 245 with 2.5 GPA or higher or equivalent with permission.

ITP 255 (4) C
Applied Interpreting Experience III
Continuation of ITP 250 with some distribution of the required 80 hours. Prereq: ITP 250 with a 2.5 or higher or equivalent with permission.

ITP 260 (4) C
Interpreting IV
Build further interpreting skills by using increasingly challenging material. Continue to increase stamina and duration of interpreting, facility with receptive and expressive finger spelling and use of idioms. Learn appropriate feedback and self-assessment techniques. Prereq: ITP 164 and ITP 165, with a 2.5 GPA or higher, or permission.

ITP 261 (4) C
Interpreting V
Continuation of ITP 260 with increasing complexity of discourse with a focus on dialogues, ASL story-telling and sign music. Prereq: Completion of ITP 260 with a 2.5 GPA or higher, or permission.
ITP 262  (4)  C
Transliteration
Intro to transliteration. Covers contact varieties of ASL used in transliteration. Establish a foundation for transliteration. Prereq: ITP 261 with 2.5 or higher or permission.

ITP 299  (1-5)  C
Independent Study
Selected topics in interpreter training. Complete a mutually-agreed-upon research project assigned by the appropriate supervising faculty. Prereq: Permission.

ITALIAN
See Languages & Literature, see page 257.

JAPANESE
See Languages & Literature, see page 257.

JOURNALISM

JRN 100  (5)  C,S
Media Writing
Covers newsworthiness, sources, news gathering techniques (beat, interview, observation, research); writing and editing stories for newspaper, radio and television; law and ethics; influence on society; and values.

JRN 101  (5)  C,S
Newswriting
Continuation of JRN 101. Emphasis on special assignments such as feature writing and in-depth reporting. Prereq: CMST& 102 or JRN 101 or permission.

JRN 103  (4)  S
News Editing
Editing of news copy for publication: headline writing and layout. Prereq: JRN 102 or permission.

JRN 104  (1-5)  C,S
College Publications
Intro to newspaper production. Includes writing, editing and layout. Examine current newspapers and produce news and feature articles. Prereq: JRN 102, or another newswriting course, or permission (S); ENGL& 101 or ENG 101 eligibility (C).

JRN 105  (1-5)  C,S
College Publications
Covers college publishing. Includes basics of advanced reporting and writing through work on college newspaper and other assignments. Prereq: JRN 104 or another newswriting course and mastery of basic news reporting techniques.

JRN 106  (1-5)  C,S
Publications Leadership
Advanced practicum on the student newspaper, arranged by contract. Focus on skills and responsibilities required of editorial or management positions (editor-in-chief, copy editor, business manager) for college newspapers.

JRN 199  (1-5)  S
Independent Study in Journalism
Internship on a professional publication through arrangement between editor and journalism instructor, or management position on college publication. Prereq: CMST& 102 or JRN 101 and 104, plus permission.

LANDSCAPE HORTICULTURE

LHO 108  (2)  S
Weed Identification & Management
Explore weed biology, become familiar with various weed management strategies (cultural, biological, chemical) and understand how to apply an integrated approach to weed management. Helps prepare for the weed section of the WSDA pesticide license exam.

LHO 109  (3)  S
Integrated Pest Management (IPM)
Learn the basic principles of integrated pest management (IPM). Covers pesticide laws, pesticide health and environmental concerns and development of an IPM plan. Prepares students for the Washington State Department of Agriculture pesticide license exam.

LHO 111  (3)  S
Greenhouse Operations
Intro to greenhouse operations and management, including production practices, maintenance methods and environmental control systems. Involves propagation and maintenance in the campus greenhouse. Includes industry overview through field trips to local production greenhouses.

LHO 112  (3)  S
Nursery Operations
Examine the world of retail and wholesale nursery operations through field trips to local nurseries. Learn the basic methods of business operations and apply them in the campus retail garden center.

LHO 115  (3)  S
Full Plant Identification
Gain a new appreciation of the plants around us. Learn to identify and properly use ornamental shrubs, trees, vines and ground cover adapted to the Pacific Northwest.

LHO 116  (3)  S
Winter Plant Identification
Learn about conifers adapted to the Pacific Northwest landscapes and broadleaf plants that provide special winter interest: flowers, fragrance, attractive bark and fruit.

LHO 117  (3)  S
Spring Plant Identification
Identify and properly use broadleaf evergreen and deciduous woody plants adapted to Pacific Northwest landscapes.

LHO 119  (3)  S
Native Plants for Northwest Landscapes
Explore the successful use of native plants in landscapes: plant identification and culture, native plants in urban landscapes, native plant revegetation and plant ecology.

**Course Descriptions**

- **LHO 120 (Herbaceous Plant Identification)** Identify and properly use plants adapted to and utilized for annual perennial plantings in the Pacific Northwest. Field trips to established gardens. Recommended: LHO 150.

- **LHO 121 (Landscape Design I)** Intro to drafting skills and working knowledge in residential landscape design. Includes drafting techniques, lettering, line work, graphics, scale work, developing a plot plan, orthographic and isometric drawings and creating a residential planting plan.

- **LHO 125 (Landscape Design II)** Covers principles of art and their application in the plan, including composition to create a sense of unity between all elements. Emphasis on spatial understanding, aesthetic and functional use of plants and trees and the historical background of the landscape arch. Includes study of the complete design program from client interview to final working drawings. Prereq: LHO 121.

- **LHO 135 (Intro to Irrigation & Drainage)** Study basic principles of hydraulics, drainage and irrigation systems, irrigation fixtures and apparatus.

- **LHO 137 (Landscape Management)** For designers, contractors and maintenance personnel who must understand landscape management operations. Covers turf management, hand tool and small equipment operation, maintenance practices, safety, environmental issues and the impact of design on maintenance requirements.

- **LHO 140 (Intro to Arboriculture)** Intro to the current science and practice of managing trees in urban landscapes. Prepares students for the ISA Certified Arborists Examination.

- **LHO 150 (Horticulture Science I)** Discover the basic principles of plant anatomy, physiology, adaptations, control of growth and development, plant-soil-water relations and ecological considerations. In two quarters.

- **LHO 151 (Horticulture Science II)** Exploration and discussion of plant-soil-water relations, metabolism, control of growth and development, plant adaptations, ecology and environmental considerations. Emphasizes group research project involving an environmental topic related to horticulture industry. Prereq: LHO 150.

- **LHO 152 (Soils)** In-depth study of soil properties, management and conservation. Emphasis on plant-soil relationship, evaluation of urban soils and use of appropriate soil amendments. Includes overview of inorganic and organic fertilizers.

- **LHO 155 (Pruning)** Covers the art and science of pruning in theory and practice. Develop skill at pruning broadleaf trees and shrubs, conifers, fruit trees, vines and roses.

- **LHO 160 (Garden Renovation)** Learn by renovating an existing garden. Includes site assessment, developing a timeline, removal and handling of materials, sourcing new plant material, installation and final evaluation of the process.

- **LHO 165 (Measuring a Landscape Site)** Review or learn how to measure a landscape site and convert your measurements into a base map. For landscape professionals and homeowners.

- **LHO 166 (Color Theory)** Learn the basic vocabulary of color to enhance garden design. Develop skills in plant combinations and aesthetics focusing on color theory and create planting combinations. Prereq: LHO 121, 125 or permission.

- **LHO 189 (Intro to Landscape Construction)** Intro to the standards and procedures of the industry. Covers the proper and accepted methods of a multitude of landscape installations. Includes construction specifications, project sequencing and safety practices.

- **LHO 197 (Internship)** Provides practical work experience and employment contacts by integrating academic studies with on-the-job training. Orientation to internships required prior to registration. Prereq: Permission.

- **LHO 201 (Career Coaching)** Successfully transition from training into a career. Work with an industry professional on portfolios, job-hunting strategies and presentation/interviewing skills. Prereq: LHO 100.

- **LHO 210 (Plant Problem Diagnostics)** Diagnose and manage plant problems: insect, disease, cultural and environmental maladies. Stresses a total plant health care approach that utilizes cultural, biological and chemical strategies. Prereq: LHO 109 or permission.

- **LHO 215 (Plant Propagation)** Covers the art and science of plant propagation by seed, cuttings, division and grafting. Includes field trips to plant production facilities. Recommended: LHO 111 or permission.

- **LHO 217 (Plant Propagation Workshop)** Continue to explore propagation and refine skills. Follow plant materials propagated in LHO 215. Work on production of specific species and quantities for sale in the campus retail garden center. Prereq: LHO 215 or permission.

- **LHO 222 (Turf Fertility)** Covers nutrient requirements of turf, reading fertilizer labels and calculating costs. Take and interpret soil tests, write a fertilizer program and diagnose basic nutrient deficiencies. Study how fertilizers interact with soils and affect microbial activity. Learn application techniques, calibration, leaching and environmental factors.

- **LHO 223 (Sports Turf Pest & Disease Management)** Learn to identify pests and diseases common to sports turf in the Pacific Northwest. Explore appropriate pest management practices. Emphasizes safety and legal responsibilities associated with pest management on sports turf.
LHO 236  (4)  S
Advanced Irrigation
In-depth study of systems and their relationship to our environment focusing on irrigation technology and theory and practical application. Prereq: LHO 135 or permission.

LHO 238  (3)  S
Maintenance Estimating & Bidding
Covers estimating material cost and quantity for bidding individual jobs and annual contracts. Includes design of efficient residential and commercial landscapes. Prereq: LHO 137 or permission.

LHO 250  (3)  S
Small Business Management for Horticulture
Covers organization and operation of horticulture-related small business: success and failure factors, capital sources, record-keeping, interpretation of financial statements, taxation, credits and collections, legal problems, management principles, proprietorships, partnerships, and corporations.

LHO 262  (4)  S
Landscape Design III
Refines the design process through a step-by-step problem-solving method. Emphasis on organization of outdoor spaces for use and enjoyment. Explores field of "hardscaping" and covers refining construction drawings to scale. Prereq: LHO 121 and 125 or permission.

LHO 264  (4)  S
Landscape Design IV
Covers elevation, sectional and perspective drawing. Prereq: LHO 125 or permission.

LHO 265  (3)  S
Landscape Contracts & Specifications
Covers practical application of bidding and estimating procedures and techniques within the landscape industry, as well as industry opportunities and standards. Prereq: LHO 189 or permission.

LHO 266  (4)  S
Landscape Design V
Refines the residential design process, reviewing sectional, elevation and perspective drawings with an emphasis on specifications and estimation. Focuses on designing "outdoor rooms" and theme gardens. Prereq: LHO 121, 125, 262 and 264 or permission.

LHO 267  (3)  S
CAD for Landscape I
Provides experience in designing landscapes, generating planting plans and reports, irrigation design, estimates and bids, supplier and purchasing information and customizing data libraries and client reports using the computer and professional software. Prereq: PC operation, file management and Windows.

LHO 268  (3)  S
CAD for Landscape II
Continuation of LHO 267 to enhance design skills by creating land and area symbols, elevation drawings, customizing supplier and purchase information, customizing plant and hardscapes libraries, creating customized reports and irrigation designs. Uses professional software. Prereq: LHO 267.

LHO 272  (4)  S
Landscape Construction Project – Fall
Practical application of standard landscape contractor's trade procedures and techniques to enhance the residential landscape. Covers equipment and tool care, safety and usage. Prereq: LHO 189.

LHO 273  (4)  S
Landscape Construction Project – Spring
Application of standard trade procedures/techniques for residential landscaping. Covers care and safe use of tools used in garden structures and in trade. Prereq: LHO 189 or permission.

LHO 276  (1)  S
Designing with Native Plants
Create garden vignettes using a native plant palette for different effects and types of cultural conditions. Some knowledge of Northwest plants is helpful; this is a design class, not a plant identification class. Prereq: LHO 119 or permission.

LHO 299  (2-4)  S
Special Topics
Special individual or group study topic in the landscape horticulture field. Prereq: Permission.

LANGUAGES & LITERATURE

American Sign Language

ASL 104  (5)  C
ASL Skills Enhancement
Maintain or increase skills learned in ASL& 121, 121 and 123 (formerly ASL 101 - 103). Performance will be videotaped for critique. Gain exposure to a variety of signing styles. Prereq: ASL& 123 or ASL 103 with a 2.0 GPA or higher or permission.

ASL 120  (5)  C
Intro to Deaf Studies
Overview of the treatment and psychological aspects of Deafness; history and education of Deaf people; and Deaf culture.

ASL& 121  (5)  C,N,S
American Sign Language I
(Formerly ASL 101 – First Year ASL) Continuation of ASL& 121 to build mastery of ASL grammar skills, increase vocabulary, and gain a deeper knowledge and appreciation of Deaf culture. Prereq: ASL& 121 or ASL 101 with a 2.0 or higher or permission.

ASL& 122  (5)  C,N,S
American Sign Language II
(Formerly ASL 102 - ASL II) Continuation of ASL& 121 to build mastery of grammar skills, increase vocabulary, and gain a deeper knowledge and appreciation of Deaf culture. Prereq: ASL& 121 or ASL 101 with a 2.0 GPA or higher or permission.

ASL& 123  (5)  C,N,S
American Sign Language III
(Formerly ASL 103 - ASL III) Continuation of ASL& 122 with focus on grammatical features such as spatialization, directionality, and non-manual components. Intensive work in vocabulary development and continued study of Deaf culture. Prereq: ASL& 122 or ASL 102 with a 2.0 or higher or permission.

*Course Descriptions Combined Campus Seattle Community Colleges.*

**ASL 125 (American Deaf Culture)**
Covers discussion of Deaf people as a culture, a group of people held together by strength of culture rather than disability. Examines Deaf minorities and current issues in the field.

**ASL 132 (Fingerspelling & Numbers Culture)**
Emphasis on receptive and expressive finger spelling and number use within a range of contexts. Learn strategies for maintaining uninterrupted language flow. Prereq: ASL& 223 or ASL 203 or ITP 165 with 2.5 or higher or permission.

**ASL 222 (American Sign Language IV)**
(Formerly ASL 201 – ASL IV) Emphasis on expressive skills development and ASL fluency. Attention to the correct formation of signs, movement, rhythm, phrasing, linking, and clarity, intensive vocabulary building and proficiency in ASL grammar. Prereq: ASL& 221 or ASL 201 with a 2.0 or higher or permission.

**ASL 223 (American Sign Language V)**
(Formerly ASL 203 – ASL VI) Continue vocabulary development and participate in most formal and informal conversations on general topics. At this level signing errors seldom interfere with understanding and rarely disturb native signers. Prereq: ASL& 222 or ASL 202 with a 2.0 or higher or permission.

**ASL 299 (Independent Study for ASL)**
Independent study of selected topic(s) in ASL. A mutually desirable research project is assigned by faculty.

**Chinese 121 (Chinese I)**
(Formerly CHI 101 – Elementary Modern Chinese) Intro to the standard language, emphasizing correct pronunciation and basic structure, with oral practice and structure skills. Emphasis on systematic study of the phonetics (Pinyin) and basic grammar. Covers everyday expressions and vocabulary, and background on history, culture and customs. Intended for students who have not previously studied Chinese. Recommended: Eligibility for ENGL 101 (C).

**Chinese 122 (Chinese II)**
(Formerly CHI 102 – Elementary Modern Chinese) Continuation of CHIN& 121. Prereq: CHIN& 121 or CHI 101 or permission.

**Chinese 123 (Chinese III)**
(Formerly CHI 103 – Elementary Modern Chinese) Continuation of CHIN& 122. Prereq: CHIN& 122 or CHI 102 or permission.

**Chinese 221 (Chinese IV)**
(Formerly CHI 201 – Second-Year Chinese) Continuation of CHIN& 123. Emphasizes using Chinese language in speaking, listening, reading, writing and translation. Prereq: CHIN& 123 or CHI 103 or permission.

**Chinese 222 (Chinese V)**
(Formerly CHI 202) Continuation of CHIN& 221. Studies similarities and differences between Chinese and English. Prereq: CHIN& 221 or CHI 201 or permission.

**Chinese 223 (Chinese VI)**
(Formerly CHI 203) Continuation of CHIN& 222. Use of Chinese in varied social settings. Includes writing academic papers and researching in Chinese. Prereq: CHIN& 222 or CHI 203 or permission.

**English: High School Completion**

**ENGL 040 (Composition I)**
Assessment and development of skills in language and communications including spelling, vocabulary, grammar and usage in a pre-technical career-oriented context. Emphasizes sentence and paragraph development to describe situations, objects and basic processes. Prereq: Appropriate testing and counseling.

**ENGL 041 (Composition II)**
Assessment and development of language skills and communications skills in a pre-technical career-oriented context. Emphasizes paragraph and multi-paragraph writing and revision in various formats and purposes. Research paper or project relating to educational or career opportunities. Prereq: Appropriate placement testing and counseling.

**ENGL 042 (Composition III)**
Assessment and development of language and communications skills in academic and career contexts. Analysis of models of effective writing and speaking. Research paper or project on career-oriented topic integrated with a personal, historical, technical or sociological perspective. Prereq: Appropriate placement testing and counseling.

**ENGL 044 (Composition IV)**
Assessment and development of language and communications skills in academic and career contexts. Analysis of models of effective writing and speaking. Research paper or project on career-oriented topic integrated with a personal, historical, technical or sociological perspective. Prereq: Appropriate placement testing and counseling.

**ENGL 045 (Literature I – World Literature)**
Survey of English literature through reading and discussing novels, essays, poetry and drama. Studies author’s purpose, style and point of view.

**ENGL 046 (Literature II – American Literature)**
Survey of the American heritage through its literature. Includes reading and analysis of fiction, poetry and drama. Write book reviews, biographical sketches and interpretations of characters or verse.

**English: Pre-College**

**ENGL 070 (Intro to Transitional English)**
Development of basic skills required for vocational/technical communications. Using computers to organize, write and edit technical communications. Take concurrently with ICT 098.

**ENGL 079 (English SAT Prep)**
Builds skills in persuasive writing; grammar rules, mechanics, and punctuation; sentence structure and revision; reading strategies and comprehension; and vocabulary development.
ENGL 080 (1-5) C,N,S
English Skills Shop
Individual and small group study to improve listening, speaking, study skills, reading comprehension and rate, vocabulary, phonics and word skills, spelling, grammar, writing sentences, paragraphs and essays. Prereq: Permission or placement; consult college testing office. Does not replace an ENGL 090-level class but may be taken concurrently with an 090-level class.

ENGL 081 (1-5) C,S
English Skills Shop
Continuation of ENGL 080. Prereq: ENGL 080.

ENGL 082 (1-5) C,S
Writing Skills II Prep
Continuation of ENGL 081. Prereq: ENGL 081.

ENGL 084 (2-5) S
Spelling & Vocabulary
Improving vocabulary through study of prefixes, suffixes, roots, context clues and essential vocabulary words; improving spelling through practice and study of spelling rules and patterns.

ENGL 086 (5-10) N,S
Grammar & Punctuation I
Open to native and non-native speakers of English. Emphasis on basic sentence-level grammar: prepositional phrases, subject-verb identification, conjunction and sentence types. Practice in thinking, writing, proofreading and editing. Prereq: Placement into ESL 090/7 or higher or placement on English placement test or teacher recommendation.

ENGL 088 (5) S
Grammar & Punctuation II
Open to non-native speakers of English only. Intensive study of clauses and reduced clauses (noun, adjective, adverb), form and usage as well as participle forms. Prereq: ESL 090/6/7 or higher or placement on English placement test or teacher recommendation.

ENGL 090 (2-5) S
Independent Study of Basic English
Addresses individual learning needs of students in college preparatory reading or writing skills. Credit awarded according to students’ mastery of various skills as determined by the successful completion of material specified by the instructor.

NOTE: Prerequisite for ENGL 091 through 099.
Appropriate placement on English placement test or permission (N).

ENGL 091 (3-5) C, S
Basic Reading & Study Skills I
Covers essential reading and study skills. Includes techniques for developing good reading skills and habits, vocabulary, comprehension, textbook reading and classroom skills. Prereq: See NOTE under ENGL 090.

ENGL 092 (3-5) C, S
Basic Writing Improvement I
Emphasis on the sentence. Includes basic sentence grammar and practice in thinking, writing, editing and proofreading. Prereq: See NOTE under ENGL 090.

ENGL 093 (3-5) C
Reading & Study Skills II
Development of college reading and study skills. Includes strategies for taking lecture notes, studying for exams, improving memory and reading comprehension and participating in small group discussions. Prereq: See NOTE under ENGL 090.

ENGL 094 (3-5) C,S
Writing Improvement II
Emphasis on paragraph structure and basic sentence grammar. Practice in thinking, writing, editing and proofreading. Assignments in writing clear sentences and paragraphs. Prereq: See NOTE under ENGL 090 (S). For students who have completed ENGL 092 but still need more work at that level (C).

ENGL 095 (3-5) C,N,S
College Preparatory Reading & Study Skills II
Emphasis on increasing reading speed and vocabulary, identifying the main idea and supporting ideas in expository reading, making inferences and evaluations and understanding figurative language. Includes study strategies for test-taking, note-taking and outlining. Prereq: See NOTE under ENGL 090.

ENGL 096 (3-5) C,N,S
College Preparatory Writing III
Build writing skills through clear, correct sentences, well-developed paragraphs and coherent short essays. Prereq: See NOTE under ENGL 090 or ESL 095 or permission (S).

ENGL 097 (3-5) C,N
College Preparatory Reading IV
Increase general knowledge of fiction and non-fiction through concepts and vocabulary needed to interpret, appreciate and respond to a wide range of reading selections. Prereq: See NOTE under ENGL 090.

ENGL 098 (3-5) C,N,S
College Preparatory Writing IV
Emphasis on writing skills for essays or longer papers. Practice in collecting, shaping, revising, editing and proofreading papers. Includes grammar, punctuation and other skills needed for effective writing. Prereq: See NOTE under ENGL 090 (N). For students who have completed ENGL 096 but still need more work at that level (C).

ENGL 099 (5) N,S
College Preparatory Writing V
Emphasis on writing skills for longer, more fully developed essays. Practice in collecting, shaping, revising, editing and proofreading papers. Includes some review of grammar, punctuation and other skills needed for effective writing. Prereq: See NOTE under ENGL 090.

English: College Level

ENGL 101 (5) C,N,S
English Composition I
(Formerly ENG 101 – Composition) Intro to the writing process. Writing assignments focus on non-fiction prose, with subject matter drawn from first-hand experience and observation. Prereq: Satisfactory performance on English placement test.
<table>

<th>Prerequisites</th>
</tr>
</thead>
</table>
| ENGL& 102   | (5)     | ENGL& 101 or ENG 101 | Composition II  
(Formerly ENG 102 – Composition) Continuation of the composition sequence with further instruction and practice in the writing process, concentrating on critical reading and writing techniques needed for the preparation and completion of documented essays. Prereq: ENGL& 101 or ENG 101. | ENGL 101 or ENG 101 |
| ENGL 103    | (5)     | S              | Transitional English  
Improvement of skills required for professional-technical communications. Assessment of reading, writing and oral improvement. Use of computer to teach principles of organizing, drafting and editing technical reports. Prereq: Satisfactory performance on English placement test. |
| ENGL 104    | (5)     | C,N,S          | Advanced English Grammar  
Study of rhetoric and grammar of the English sentence. Includes sentence structure, grammar of the paragraph, usage, diction and mechanics. This course is not remedial. Prereq: Eligibility for ENGL& 101 or ENG 101 or permission. | ENGL& 101 or ENG 101 |
| ENGL 105    | (3)     | C,S            | Applied Composition  
Covers skills and strategies needed to meet writing demands in college and on the job. Prereq: Satisfactory performance on English placement test. |
| ENGL 106    | (3)     | C,S            | Technical Writing  
Writing strategies geared to target audiences. Emphasis on research and problem-solving requiring critical reading and writing; development of ideas and argumentation. Includes layout and design, use of illustration, schematics and mathematics. Prereq: ENGL 105 or permission. | ENGL& 101 or ENG 101 |
| ENGL 108    | (3)     | S              | Technical Report Writing  
Technical writing for the professional or student. Covers technical communication skills needed in industry. Provides examples of written or oral presentations typically required in a technical work setting. Prereq: ENGL 106. |
| ENGL 109    | (5)     | S              | The Art of Reading  
Offers a variety of experiences in college-level reading with emphasis on the critical analysis of works selected from across disciplines. Develop a strategic approach to efficient reading and active learning. |
| ENGL& 111   | (5)     | C,N,S          | Intro to Literature  
(Formerly ENG 135) Study and analysis of fiction, poetry and drama with emphasis on understanding the art and techniques of each genre. Prereq: Placement into ENGL& 101 or ENG 101. |
| ENGL 112    | (5)     | C,N,S          | Intro to Fiction  
(Formerly ENG 132) Survey of 20th century fiction. Study and analysis of the art, elements, and techniques of short stories, novellas, and novels of American and international authors. Prereq: Placement into ENGL& 101 or ENG 101 (N). |
| ENGL& 113   | (5)     | C,N,S          | Intro to Poetry  
(Formerly ENG 131) Study, appreciation and analysis of the form, meaning, music and metaphor of poetry. Includes poems from diverse sources. Prereq: Placement into ENGL& 101 or ENG 101 or permission (N). |
| ENGL& 114   | (5)     | C,N,S          | Intro to Drama  
(Formerly ENG 133 – Intro to Dramatic Literature) Study and analysis of great works of the theater, including major themes and trends of playwrights from the Greeks to the present. Prereq: Placement into ENGL& 101 or ENG 101 (N). |
| ENGL 117    | (3)     | C              | American Dialects  
(Formerly ENG 114) Survey of the contributions other languages and dialects have made to American English, its make-up and creative communicative dynamics. |
| ENGL 118    | (5)     | C              | English Workshop  
Continuation of ENGL 151. Emphasis on writing, editing and proofreading manuscripts. Includes literary magazine production experience in editing, design and layout. Prereq: ENG 151 and ENG 152 or permission (N). Includes workshops and seminars for those with writing experience (C). |
| ENGL 120    | (5)     | C              | Writing for the Media – Advanced Script Writing  
Development of individual and small group scripts, teleplays, adaptation of short stories and individual projects. Projects to be used in the video festival. Coreq: COM 200. |
| ENGL 121    | (9)     |                 | English Workshop  
Continuation of ENGL 151. Emphasis on writing, editing and proofreading manuscripts. Includes literary magazine production experience in editing, design and layout. Prereq: ENG 151 and ENG 152 or permission (N). Includes workshops and seminars for those with writing experience (C). |
| ENGL 122    | (5)     | C              | Intro to Poetry  
(Formerly ENG 131) Study, appreciation and analysis of the form, meaning, music and metaphor of poetry. Includes poems from diverse sources. Prereq: Placement into ENGL& 101 or ENG 101 (N). |
| ENGL 123    | (5)     | C               | Intro to Drama  
(Formerly ENG 133 – Intro to Dramatic Literature) Study and analysis of great works of the theater, including major themes and trends of playwrights from the Greeks to the present. Prereq: Placement into ENGL& 101 or ENG 101 (N). |
| ENGL 124    | (5)     | C               | Intro to Poetry  
(Formerly ENG 131) Study, appreciation and analysis of the form, meaning, music and metaphor of poetry. Includes poems from diverse sources. Prereq: Placement into ENGL& 101 or ENG 101 (N). |
| ENGL 125    | (5)     | C               | Intro to Drama  
(Formerly ENG 133 – Intro to Dramatic Literature) Study and analysis of great works of the theater, including major themes and trends of playwrights from the Greeks to the present. Prereq: Placement into ENGL& 101 or ENG 101 (N). |
| ENGL 126    | (5)     | C               | Intro to Poetry  
(Formerly ENG 131) Study, appreciation and analysis of the form, meaning, music and metaphor of poetry. Includes poems from diverse sources. Prereq: Placement into ENGL& 101 or ENG 101 (N). |
| ENGL 127    | (5)     | C               | Intro to Drama  
(Formerly ENG 133 – Intro to Dramatic Literature) Study and analysis of great works of the theater, including major themes and trends of playwrights from the Greeks to the present. Prereq: Placement into ENGL& 101 or ENG 101 (N). |
| ENGL 128    | (5)     | C               | Intro to Poetry  
(Formerly ENG 131) Study, appreciation and analysis of the form, meaning, music and metaphor of poetry. Includes poems from diverse sources. Prereq: Placement into ENGL& 101 or ENG 101 (N). |
| ENGL 129    | (5)     | C               | Intro to Drama  
(Formerly ENG 133 – Intro to Dramatic Literature) Study and analysis of great works of the theater, including major themes and trends of playwrights from the Greeks to the present. Prereq: Placement into ENGL& 101 or ENG 101 (N). |
### ENGL 214 (5) C
**Major British Writers**
Covers 1920 to the present. Read a wide variety of authors and genres with attention to the multi-cultural forces that shape British literature today. Study the historical and social forces surrounding the literature for context. Prereq: Placement into ENGL& 101 or ENG 101.

### ENGL 218 (5) C
**Holocaust Literature: Voices From the Holocaust**
(Formerly ENG 235) Examines literature written by survivors of the Holocaust or the Shoah. Read accounts written by people who survived to write and publish their memories. Meet one of the authors. Develop an historical context for World War II and the rise of Nazi Germany to understand the literature.

### ENGL 219 (5) C,N,S
**Between the Wars**
(Formerly ENG 236) Explores the character, mood and atmosphere of post-WWI American writers, including African-American, Native-American, Asian-American and European-American. Considers the implications and nature of their work in the context of their time. Prereq: ENGL& 101 or ENG 101 placement.

### ENGL 224 (5) C,N,S
**Shakespeare I**
(Formerly ENG 141) Study of a representative selection of Shakespeare's comedies, tragedies, romances, and history. Covers the range of Shakespeare's career (without duplication of materials from ENGL& 225). May take one or both classes. Prereq: ENGL& 101 or ENG 101 placement.

### ENGL 225 (5) C,N,S
**Shakespeare II**
(Formerly ENG 142 – Shakespeare) Continuation of ENGL 224. May take one or both classes. Prereq: ENGL& 101 or ENG 101 placement.

### ENGL 226 (5) C,N
**British Literature I**
(Formerly ENG 211 – Major British Writers) the early Celtic period, the Roman occupation, the Anglo Saxon period, the Norse invasions, the Middle Ages to the English Renaissance before Shakespeare. Emphasizes the historical forces, social shifts and significant cultural clashes that form the context for this literature. Prereq: Placement into ENGL& 101 or ENG 101 (N).

### ENGL 227 (5) C,N,S
**British Literature II**
(Formerly ENG 212 – Major British Writers) From 1540 -1800. Covers Shakespeare and the English Reformation and Renaissance, English global expansion and awareness of science and The Age of Reason. Emphasizes the historical forces, social shifts and cultural differences that form the context for this literature. Prereq: Placement into ENGL& 101 or ENG 101.

### ENGL 228 (5) C,N,S
**British Literature III**
(Formerly ENG 213 – Major British Writers) Covers the French Revolution through the Romantic and Victorian periods through World War I (1785-1919). Emphasizes the historical forces, social shifts and cultural differences that form the context for this literature. Prereq: Placement into ENGL& 101 or ENG 101.

### ENGL 230 (3) C,N,S
**Technical Writing**
(Formerly EGR 231 – Technical Writing) Presents formats and mechanics of writing demands in occupational areas related to engineering technologies. Emphasis on project types; layout and design; use of illustrations, schematics and mathematics; writing for specific audiences; research and documentation; resume writing. (Not recommended for first-year transfer students.) Prereq: ENGL& 101 or ENG 101 for most degree and all Engineering transfer students. Appropriate test scores as designated by certificate programs. Fulfills portion of transfer requirements for UW Engineering Programs.

### ENGL 231 (3-5) N,S
**Children's Literature**
Studies children’s and adolescent literature from diverse cultures within the United States. Covers the power and elements of story and reflection of values. Prereq: Placement into or completion of ENGL& 101 or ENG 101 (N).

### ENGL 232 (5) S
**Young Adult Literature**
Emphasizes young adult literature from diverse cultures within the United States, exploring values reflected and the power and elements of story.

### ENGL 233 (2-5) S
**Coming of Age Across Cultures**
Studies “coming of age” literature in two or more countries.

### ENGL 240 (5) C,N,S
**Reading & Writing Autobiography**
Read autobiographies of well-known people and write your own. Involves both critical and personal writing assignments, with an emphasis on the personal dimension of writing. Recommended: ENGL& 101 or ENG 101.

### ENGL 241 (5) N
**Reading & Writing Autobiography**
Continuation of ENGL 240. Prereq: ENGL 240 and placement into ENGL& 101 or ENG 101.

### ENGL 244 (5) C,N,S
**American Literature I**
(Formerly ENG 221) Surveys literature of the United States from Colonial times to the early 19th century. Prereq: Placement into ENGL& 101 or ENG 101.

### ENGL 245 (5) C,N,S
**American Literature II**
(Formerly ENG 222) Covers 19th century writers with emphasis on short stories and growth of the American novel. Prereq: Placement into ENGL& 101 or ENG 101.

### ENGL 246 (5) C,N,S
**American Literature III**
(Formerly ENG 223) Covers late 19th and 20th century writers with emphasis on modern fiction, drama, poetry and trends in literature. Practice critical techniques. Prereq: Placement into ENGL& 101 or ENG 101.

### ENGL 251 (5) C,N,S
**Studies in the Novel**
Studies major novels associated with specific philosophical or chronological periods, such as the great Victorian novelists, the Naturalists and American Realists. Usually covers 5 novels per quarter. Prereq: Placement into ENGL& 101 or ENG 101 (N).

### ENGL 252 (5) C,N,S
**Novels of Western Literature**
Emphasis on European and American novels from the past two centuries viewed in the philosophical and historical contexts of the time. Prereq: Placement into ENGL& 101 or ENG 101 (N).

### ENGL 253 (5) N,S
**Studies in the Novel**
Continuation of ENGL 252. Prereq: Placement into ENGL& 101 (N).
ENGL& 254 (5) C,N,S
World Literature I
(Formerly ENG 110 - Ancient Literature) Critical readings and discussion of the creation stories and early literature of several ancient cultures, examining the material as myth, as history, as literature and as records of a culture’s self-image. May include Enuma Elish, Gilgamesh, The Theogony, The Iliad, The Odyssey, the plays of Sophocles and Aeschylus, parts of the Bible and writings of Virgil and Ovid. Prereq: Placement in ENGL& 101 or ENG 101.

ENGL 256 (5) C,N,S
World Literature III
(Formerly ENG 120 - Contemporary World Literature) Cross-cultural survey of 20th century literature from Latin America, Africa, Asia, Europe and the United States. Reading and discussion of major modern novelists who have influenced the form and content of other writers. Prereq: Placement into ENGL& 101 or ENG 101 (N).

ENGL 257 (5) C,N,S
Survey of Literary Masterpieces of the United States
(Formerly ENG 224) Illustrates the richness and variety of writing and represents enduring concerns and questions of American literature through selected works. Prereq: ENGL& 101 or ENG 101 placement.

ENGL 258 (5) C,N,S
Literature of American Cultures
(Formerly ENG 228) Surveys literature from a variety of cultures including Asian-American, African-American, European-American, Chicano and Latino-American and Native-American. Analysis of the writing and sociological, political, and historical contexts of the authors. Prereq: Placement into ENGL& 101 or ENG 101 (N).

ENGL 259 (5) C
African American Literature
(Formerly ENG 229) Explores African-American literature, poetry, short drama and essays. Prereq: Placement into ENGL& 101 or ENG 101.

ENGL 260 (5) C,N,S
Asian-American Literature
(Formerly ENG 225) Focuses on fiction and poetry of Asian-Americans, covered in order of their immigration: Chinese, Japanese, Filipino, Korean, Southeast Asian and the recent groups from Asia and the Pacific Islands. Prereq: ENGL& 101 or ENG 101 placement.

ENGL 263 (5) C,N
The Bible as Literature
Studies the Bible as an anthology of literary texts expressing the religious ideas of ancient Israel. Emphasizes reading the Old Testament and New Testament with literary and historical understanding. Prereq: Placement into ENGL& 101 or ENG 101.

ENGL 265 (5) C,N
Literature & Society
Studies patterns of literary expression as a guide to social attitudes and value systems, the part society plays in shaping literature and the degree to which literature reflects society.

ENGL 266 (5) C,S
Literature of Emerging Nations – Third World Literature
(Formerly ENG 226) Surveys traditional and contemporary literature from Africa, Asia and South America.

ENGL 267 (5) C,N
The Literature of the American West
(Formerly ENG 227) Covers literature about the American West by people of the American West with emphasis on cultural, historical, and sociological concerns. Prereq: Placement into ENGL& 101 or ENG 101.

ENGL 270 (5) C
The Beat Generation Writers
Focus on the literature of the Beat Generation Writers in the U.S. in the 1940s, such as Jack Kerouac, Allen Ginsberg and William Burroughs who continue to have an influence on American society today. Prereq: Eligibility for ENGL& 101 or ENG 101.

ENGL 291 (5) C,N,S
Literature by Women
Surveys the literature of women writers from Asian, African, European, Latino and Native American cultures. Explores the contexts and lives of the characters, considering culture and gender in their values and attitudes. Prereq: Placement into ENGL& 101 or ENG 101.

ENGL 292 (5) C,N,S
Literature by Women: Global Perspectives
Surveys literature by women from African, Asian, Latin American, Middle Eastern and other non-western cultures.

ENGL 293 (5) C,N,S
Special Studies in Literature – Science Fiction
Examines selected readings in science fiction and fantasy from the 19th century to present. May include American, British and continental European writers.

ENGL 296 (1-3) N,S
Special Topics in English
Taken as an addition to another course, often to Coordinated Studies. Requires critical thinking, reading, and writing. Includes elements of investigation and a final project. Prereq: Permission.

ENGL 299 (1-5) C,N,S
Independent Study
Create an individual project, syllabus and outcomes with instructor. Prereq: Permission.

English as a Second Language – Beginning and Intermediate

ESL 007 (1-15) C
ESL – Pre-Literacy
Emphasis on basic vocabulary, simple sentence structure, pronunciation, basic reading and writing needed for daily functioning. Concentrates on developing oral and listening skills through drills, dialogues, role-playing, dictation and conversation. Work on literacy skills.

ESL 010 (1-15) C,N,S
Level 1, Integrated Skills
Emphasis on basic vocabulary, simple sentence structure, pronunciation, basic reading and writing needed for daily functioning. Concentrates on developing oral and listening skills through drills, dialogues, role-playing, dictation and conversation. Work on literacy skills.

ESL 011 (1-15) C,N,S
Level 1A, Integrated Skills
Beginning course for non-native speakers of English with emphasis on vocabulary, pronunciation, basic reading and writing needed to meet daily survival situations.

ESL 012 (1-15) C,N,S
Level 1B
Beginning course for non-native speakers of English with emphasis on vocabulary, pronunciation, basic reading and writing needed to meet daily survival situations. Prereq: ESL 011 or placement.

ESL 013 (1-15) C,S
Level 1C
Beginning course for non-native speakers of English with emphasis on vocabulary, pronunciation, basic reading and writing needed to meet daily survival situations. Prereq: ESL 012 or placement.
ESL 015 (1-15) C,N,S
Level 1, Reading & Writing Skills
Practice in reading and writing skills needed for daily situations and jobs. Emphasis on basic vocabulary, simple sentences, and pronunciation.

ESL 016 (1-15) C,N,S
Level 1, Speaking & Listening Skills
Practice in speaking and listening skills needed for job and/or daily situations. Prereq: Placement into ESL 011 or 012.

ESL 017 (1-15) C,S
Level 1, Multiple Skills Lab
Tutoring in specific areas for students in ESL Level 1. Prereq: Permission.

ESL 018 (1-15) S
Level 1, Workplace Literacy
Beginning level for non-native speakers of English. Practice with job-related skills in reading, writing, speaking and listening.

ESL 019 (1-15) C,S
Level 1, VESL
Designed to help prepare limited English-proficient students for entry into specific job training programs such as electronic assembly, culinary arts and wood construction. Focuses on the basic vocabulary and communication structures required in the job training class and on the job.

ESL 020 (1-15) C,N,S
Level 2, Integrated Skills
Practice in listening skills, understanding idiomatic expressions and producing appropriate responses in contextual situations. Continued emphasis on basic vocabulary, reading and writing. Prereq: ESL 010, ESL 012 (N), or placement.

ESL 021 (1-15) C,N,S
Level 2A, Integrated Skills
Beginning-level course for non-native speakers of English. Continued emphasis on vocabulary development, reading and writing needed to function effectively in a job or daily situations. Prereq: ESL 010, 012, or placement (N); ESL 013 or placement (S,C).

ESL 022 (1-15) C,N,S
Level 2B, Integrated Skills
Beginning-level course for non-native speakers of English. Continued emphasis on vocabulary development, reading and writing needed to function effectively in a job or daily situations. Prereq: ESL 021 or placement.

ESL 023 (1-15) C,S
Level 2C
Intermediate-level course for non-native speakers of English. Continued emphasis on vocabulary development, reading and writing needed to function effectively in a job or daily situations. Prereq: ESL 022 or placement.

ESL 025 (1-15) C,N,S
Level 2, Reading, Writing & Grammar Skills
Practice in reading, writing, and grammar skills for survival and academic English. Emphasis on vocabulary development, reading comprehension and strategies, and writing for effective communication in a job or daily situations.

ESL 026 (1-15) C,N,S
Level 2, Speaking & Listening Skills
Practice in speaking and listening skills needed for job and/or daily situations. Prereq: ESL 012, 016, or placement at ESL Level 2.

ESL 027 (1-15) C,N,S
Intro to Computer-Assisted Language Learning
For non-native speakers of English. Emphasizes improving vocabulary, reading with understanding, and conveying ideas in writing while learning computer skills. Prereq: Placement at ESL Level 2 or higher or permission.

ESL 028 (1-15) C,N,S
Level 2, Workplace Literacy
Advanced beginning level for non-native speakers of English. Practice English skills needed to obtain or keep a job.

ESL 030 (1-15) C,N,S
Level 3, Integrated Skills
Intermediate-level course for non-native speakers of English. Continued emphasis on writing practice and reading to improve vocabulary, comprehension and speed and writing practice. Coping and cultural orientation skills needed for vocational or academic program. Prereq: ESL 020 or placement, ESL 022 (N).

ESL 031 (1-15) N,S
Level 3A, Integrated Skills
Intermediate-level course for non-native speakers of English with continued emphasis on improving vocabulary, reading comprehension and speed. Writing practice includes sentence construction and simple paragraphs. Prereq: ESL 020, ESL 022 or placement.

ESL 032 (1-15) N,S
Level 3B, Integrated Skills
Intermediate-level course for non-native speakers of English with continued emphasis on improving vocabulary, reading comprehension and speed. Writing includes sentence construction and simple paragraphs. Prereq: ESL 020, ESL 031 or placement.

ESL 033 (1-15) S
Level 3C
Intermediate-level course for non-native speakers of English with continued emphasis on improving vocabulary, reading comprehension and speed. Writing includes sentence construction and simple paragraphs. Prereq: ESL 032 or placement.

ESL 034 (1-15) N,S
Level 3D, Fast Track
Fast track course for students who are able to study at a faster pace than their classmates. Covers ESL 031, 032 and 033 in one quarter (North covers ESL 031 and 032). North students with less than a 75% average may return to other ESL classes as determined by their instructor. Prereq: Instructor recommendation only.

ESL 035 (1-15) N,S
Focus on Writing
For students who want to improve their writing skills. In-depth study of English word order, spelling problems, sentence boundaries, some persistent grammatical problems and simple paragraph writing. Prereq: Placement at Level 3 or teacher recommendation.

ESL 036 (1-15) C,N,S
Level 3, Speaking & Listening Skills
Practice in speaking and listening skills needed for job and/or daily situations. Prereq: ESL 022, or placement at ESL Level 3.

ESL 037 (1-15) C,N,S
Beginning Computer-Assisted Language Learning
For non-native speakers of English. Emphasizes improving vocabulary, reading with understanding, and conveying ideas in writing while learning computer skills. Prereq: Placement at ESL Level 3 or higher or permission.
Course Descriptions

**ESL 038** (1-15) N,S
**Level 3, Workplace Literacy**
Low intermediate level for non-native speakers of English. Practice English skills needed to obtain or keep a job.

**ESL 039** (1-15) C,S
**Level 3, VESL**
Intermediate level for non-native speakers of English. Focuses on workplace and survival English and beginning academic English. Includes career planning, test-taking, study skills, interview skills, resume writing, and computer and math skills. May also cover health, finances, college/training programs and/or citizenship.

**ESL 040** (1-15) C,N,S
**ESL Level 4 Integrated Skills**
Emphasis on oral and listening skills, reading instruction to improve vocabulary, comprehension, speed and writing practice. Prereq: ESL 030, ESL 032 or placement (N).

**ESL 041** (1-15) C,N,S
**ESL Level 4A, Integrated Skills**
Intermediate level course for non-native speakers of English with emphasis on improving vocabulary, reading comprehension and speed. Prereq: ESL 030, ESL 032 or placement (N); ESL 032 or placement (C, S).

**ESL 042** (2) N
**ESL Level 4B, Integrated Skills**
Intermediate level course for non-native speakers of English with continued emphasis on improving vocabulary, reading comprehension and speed. Writing practice includes sentence construction and paragraph development. Prereq: ESL 030, ESL 041 or placement.

**ESL 044** (1-10) C,N,S
**Level 4D Fast Track**
Fast track course for students who are able to study at a faster pace than their classmates. Covers ESL 041 and ESL 042 in one quarter. Prereq: Instructor recommendation only (N).

**ESL 045** (1-15) C,N,S
**Focus on Writing**
For students who want to improve their writing skills. In-depth study of English word order, spelling problems, sentence boundaries, some persistent grammatical problems and simple paragraph writing. Prereq: Placement at Level 4 or teacher recommendation.

**ESL 046** (1-5) C,N,S
**ESL Level 4, Listening & Speaking**
Practice, develop and improve speaking and listening skills needed for daily life, jobs and student educational goals. Emphasis on communication skills, not specific pronunciation.

**ESL 047** (1-15) C,N,S
**Intermediate Computer-Assisted Language Learning**
For non-native speakers of English. Emphasizes improving vocabulary, reading with understanding, and conveying ideas in writing while learning computer skills. Prereq: Placement at ESL Level 4 or higher and completion of ESL 037 or permission.

**ESL 048** (1-6) C,S
**ESL Test Preparation & College Readiness**
Develop skills necessary to transition successfully into an American college. Practice taking standardized English proficiency and placement tests. Provides information about the application process for financial aid and support services. Explores issues of time management, students’ own current abilities and styles of learning, barriers, learning deficiencies or skills gaps. Covers strategies for improvement. Prereq: None.

**ESL 049** (1-15) C,N,S
**Vocational ESL 4**
Supports vocational, technical and employment training.

**ESL 050** (1-15) C,N,S
**ESL Level 5, Integrated Skills**
High Intermediate ESL course to develop reading, writing and grammar skills for students preparing to take college level courses. Prereq: ESL 042, 044 or placement on the ESL Placement Test (C, S); Placement in ESL 051 or 052 (N).

**ESL 051** (1-15) C,N,S
**ESL Level 5A, Integrated Skills**
High intermediate ESL course with emphasis on reading, writing, speaking and listening in a variety of texts. Practice English skills needed to participate effectively and independently in conversations on everyday survival, work and social situations, in person and on the telephone.

**ESL 052** (1-15) C,N,S
**ESL Level 5B, Integrated Skills**
High intermediate ESL course with continued emphasis on reading, writing, speaking and listening, and grammar skills to prepare students for vocational or academic coursework and for employment. Prereq: ESL 051 or placement.

**ESL 055** (1-15) C,N,S
**Focus on Writing**
For students who want to improve their writing skills. Study English word order, spelling problems, sentence boundaries, some persistent grammatical problems and simple paragraph writing. Prereq: Placement at Level 5 or teacher recommendation.

**ESL 056** (1-15) C,N,S
**ESL Level 5, Speaking & Listening**
Upon completion, be able to listen actively and speak so others can understand and participate effectively and independently in conversations on everyday survival, work and social situations, in person and on the telephone.

**ESL 057** (1-15) C,N,S
**Advanced Computer-Assisted Language Learning**
For non-native speakers of English. Emphasizes improving vocabulary, reading with understanding, conveying ideas in writing, speaking comprehensibly, and listening actively while learning computer skills. Prereq: Placement at ESL Level 5 and completion of ESL 047 or instructor’s permission.

**ESL 059** (1-15) C,N,S
**Vocational ESL 5**
For students currently enrolled in the ESL Program. Provides specific support in vocational ESL and assists students pursuing career and professional technical programs. Prereq: Permission.

**ESL 060** (1-15) C,N,S
**ESL Level 6 Integrated Skills, Advanced ESL**
Emphasis on writing multi-paragraph compositions and reading a variety of texts. Prereq: Placement in ESL 061 or 062.

**ESL 061** (1-15) C,N,S
**ESL Level 6A Integrated Skills, Advanced ESL**
Emphasis on writing multi-paragraph compositions and reading a variety of texts. Continued work on grammar. Prereq: ESL 052 or placement.

**ESL 062** (1-15) C,N,S
**ESL Level 6B**
Emphasis on composition, reading a variety of texts, grammar and vocabulary expansion. Prereq: ESL 061 or placement.

**ESL 063** (10) C
**ESL for Information Technology 1**
1 of 3 non-sequential courses which integrate the Washington State Adult Basic Education ESL Levels 5 and 6 reading, writing, listening and speaking standards with MIC courses, which provide the context for ESL learning outcomes and activities.

**ESL 064** (10) C
**ESL for Information Technology 2**
1 of 3 non-sequential courses which integrate the Washington State Adult Basic Education ESL Levels 5 and 6 reading, writing, listening and speaking standards with MIC courses, which provide the context for ESL learning outcomes and activities.

<tr>
<td>ESL 088</td>
<td>3</td>
<td>N</td>
<td>Advanced English Pronunciation I</td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
<td>Advanced course on accurate English pronunciation. Covers features such as certain vowel and consonant sounds, word and sentence stress. Prereq: Placement in ESL 092/093 or higher or permission.</td>
</tr>
<tr>
<td>ESL 089</td>
<td>1-5</td>
<td>C,N</td>
<td>Pronunciation Practice &amp; Vocabulary Development</td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
<td>Advanced class on accurate English pronunciation. Practice pronunciation, listening, conversation and writing skills to reinforce the work of ESL classes or other vocational or academic courses. May be repeated a maximum of eight quarters (ESL 089A-H). Must be taken in conjunction with recommended ESL classes. Coreq: Enrollment in ESL 092-099 or permission (C). Prereq: ESL 094/095 placement or permission (N).</td>
</tr>
<tr>
<td>ESL 090</td>
<td>2-5</td>
<td>C,N,S</td>
<td>College Preparatory Speaking Skills for Non-Native Speakers</td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
<td>Emphasizes improving pronunciation and comprehension of spoken English by non-native speakers. Focuses on general and individual pronunciation problems, especially stress and intonation. Includes class presentations and group communications. Prereq: Permission.</td>
</tr>
</tbody>
</table>
ESL 091 (3-5) C,S
Listening & Note-Taking Skills for Non-Native Speakers
Improve listening, speaking and note-taking skills necessary for college lecture courses. Participate in lectures, workshop and videotaped lectures. Prereq: Placement on ESL COMPASS test.

ESL 092 (5) N,S
Basic English Reading for Non-Native Speakers
For non-native speakers reading below the seventh-grade level. Emphasis on reading comprehension and study skills. Prereq: Placement on English placement test or permission (S); ESL 051 or placement in English placement test (N). Coreq: ESL 093.

ESL 093 (5) C,N,S
Basic English Writing for Non-Native Speakers
Focus on control of English sentence structure, syntax, grammar and punctuation. Emphasizes writing skills. Prereq: placement on ESL COMPASS Test (C); ESL 051 placement on ESL Placement Test (N); ESL 051 or placement on English placement test (S). Coreq: ESL 092.

ESL 094 (3-5) C,N,S
College Preparatory English for Non-Native Speakers: Reading I
For non-native speakers of English who need practice with basic academic reading, vocabulary, and writing responses to readings. Emphasizes reading comprehension and speed. Prereq: Placement on ESL COMPASS test. Coreqs: ESL 085 and 095.

ESL 095 (3-5) C,N,S
College Preparatory English for Non-Native Speakers: Writing I

ESL 096 (3-5) C,N,S
College Preparatory English for Non-Native Speakers: Reading II

ESL 097 (3-5) C,N,S
College Preparatory English for Non-Native Speakers – Writing II
For non-native speakers. Practice developing coherent paragraphs into short essays. Review English writing styles and their application to academic writing. Prereq: ESL 093, placement on ESL Compass Test (C); ESL 094/095 or placement on ESL Compass Test (N). Prereq: ESL 095, placement on ESL Compass Test or permission. Coreqs: ESL 086 and 096 (S).

ESL 098 (5) C
College Preparatory English for Non-Native Speakers II – Reading
Emphasis on vocabulary, increasing comprehension and formulation of answers to essay questions. Reading includes college-level academic and vocational texts. Concurrent enrollment in ESL 091 or ESL 099 strongly recommended. Prereq: ESL 096, placement on the English placement test or permission.

ESL 099 (5) C
College Preparatory English for Non-Native Speakers II – Writing
Develop coherent paragraphs and short essays. Emphasis on complex paragraphs using appropriate style and techniques of paraphrasing and summarizing. Includes library research skills. Preparation for college-level writing. Prereq: ESL 097, placement on the English placement test, or permission. Recommended Coreq: ESL 091 or ESL 098.

French
FRCH& 121 (5) C,N,S
French I
(Formerly FRE 101 – Elementary) For students with no previous French studies. Covers fundamentals of grammar and syntax, pronunciation, oral and written exercises, reading and conversation and cultural aspects of the countries in which French is spoken. Oral practice with tapes required outside of class. Recommended: Eligibility for ENGL 101 (C).

FRCH& 122 (5) C,N,S
French II
(Formerly FRE 102 – Elementary) Continuation of FRCH& 121. Emphasis on pronunciation and oral and written communication. Prereq: FRCH& 121 or FRE 101 or permission.

FRCH& 123 (5) C,N,S
French III
(Formerly FRE 103 – Elementary) Continuation of FRCH& 122. Development of skills in oral and written communication while mastering pronunciation techniques. Prereq: FRCH& 122 or FRE 102 or permission.

FRCH 204 (2-5) C,S
Advanced French Language & Literature
Advanced study of core literature and grammar. Choose an area of interest and prepare regular compositions and presentations. May include creating and performing adaptations of plays and short stories. Prereq: FRCH& 223 or FRE 203 or permission.

FRCH 205 (2-5) C
Advanced French Language & Literature
Continuation of FRCH 204. Prereq: FRCH 204 or FRE 204 or permission.

FRCH 206 (2-5) C
Advanced French Language & Culture
Continuation of FRCH 205. Prereq: FRCH 205 or FRE 205 or permission.

FRCH 210 (4.5) C
French Civilization
Intro to aspects of contemporary French society. Taught in French. Part of overseas study program in France.

FRCH 212 (C)
Intermediate French Language & Culture
For those who have previously had four quarters of French or equivalent. Focuses equally on the four skills of language learning: speaking, comprehension, writing, and reading.

FRCH 215 (4.5) C
Intro to French Literature
Study of French literature and literary analysis for intermediate-level students through the study of selected modern texts. Taught in French. Part of overseas study program in France.

FRCH& 221 (5) C,N,S
French IV
(Formerly FRE 201 – Second Year) Detailed review of French grammar and syntax. Focus on writing, conversation and discussion of literary texts. Includes oral presentations on aspects of francophone cultures. Prereq: FRCH& 123 or FRE 103 or permission.

FRCH& 222 (5) C,N,S
French V
(Formerly FRE 202 – Second Year) Continuation of FRCH& 221. Prereq: FRCH& 221 or FRE 201 or permission.

FRCH& 223 (5) C,N,S
French VI
(Formerly FRE 203 – Second Year) Continuation of FRCH& 222. Prereq: FRCH& 222 or FRE 202 or permission.
GERM& 122 (5) C,N,S
German II
(Formerly GER 102 – Elementary) Continuation of GERM& 121. Focus on syntax, oral and written exercises, reading and conversation, fundamentals of grammar, pronunciation and culture. Prereq: GERM& 121 or GER 101 or permission.

GERM& 123 (5) C,N,S
German III
(Formerly GER 103 – Elementary) Continuation of GERM& 122. Emphasis on speaking, reading, writing and grammatical concepts and cultural discussions. Prereq: GERM& 122 or GER 102 or permission.

GER 299 (1-5) C,N
Independent Study in German
Furthers skills beyond the level of GERM& 123. Uses an intermediate text of contemporary short stories. Prereq: Permission.

ITAL 121 (5) C,N,S
Italian I
For beginning students. Intro to spoken and written Italian with emphasis on speaking, listening and reading comprehension. Covers phonetic system and basic grammar concepts. Includes Italian culture and contemporary customs as an aid in learning the language.

ITAL 122 (5) C,N,S
Italian II
Continuation of ITAL 121. Emphasizes pronunciation, oral and written communication.

ITAL 123 (5) C,N,S
Italian III
Continuation of ITAL 122. Emphasizes pronunciation, oral and written communication.

JAPN& 122 (5) C,N,S
Japanese II
(Formerly JPN 102 – Elementary) Continuation of JAPN& 121. Includes development of speaking, listening, reading and writing skills. Introduces the kanji (Chinese character) writing system and up to 30 basic characters. Prereq: JAPN& 121 or JPN 101 or permission.

JAPN& 123 (5) C,N,S
Japanese III
(Formerly JPN 103 – Elementary) Continues the development of language skills in all areas. Presents another 60 characters. Prereq: JAPN& 122 or JPN 102 or permission.

JAPN& 221 (5) C,N,S
Japanese IV
(Formerly JPN 201 – Second Year) Expands basic grammar, vocabulary and writing systems to intermediate level speaking, reading, writing and aural comprehension of the language. Acquire mastery of hiragana, katakana and 100 kanji. Prereq: JAPN& 123 or JPN 103 or permission.

JAPN& 222 (5) C,N,S
Japanese V
(Formerly JPN 202 – Second Year) Continuation of JAPN& 221. Further expands grammar, vocabulary and writing systems to intermediate level of speaking, reading and writing. Intro to new kanji. Prereq: JAPN& 221 or JPN 201 or permission.

JAPN& 223 (5) C,N,S
Japanese VI
(Formerly JPN 203 – Second Year) Continuation of JAPN& 222. Further expands basic grammar, vocabulary and writing systems to intermediate level of speaking, reading and writing. Intro to new kanji and the use of the Japanese dictionary. Prereq: JAPN& 222 or JPN 202 or permission.

JAPN 298, 299 (1-5) C,N,S
Independent Study for Japanese
Independent study of selected topic(s) in Japanese arranged with faculty. Prereq: Permission.

LAN 101 (5) C
Intro to Linguistics
Intro to the study of natural language. Presents the similarities in the basics of language as an instrument of thought and communication. Covers the sources for cultural differentiation between all linguistic materials.

</tbody>
</table>
VIET& 123 (5) S
Vietnamese III
(Formerly VTN 103 - Elementary 3) Prereq: VIET 121 or VTN 101 & VIET 122 or VTN 102, SLEP/ASSET scores indicating ENGL& 101 readiness or permission.

VIET& 221 (5) S
Vietnamese IV
(Formerly VTN 201 - Intermediate Vietnamese) Vietnamese for second-year students. Increase ability to communicate and interact through speaking, listening, reading and writing. Prereq: SLEP/ASSET placement scores indicating ENGL& 101 readiness, VIET 123 or VTN 103 or equivalent or/and permission.

LIB 101 (1-5) C,N,S
Intro to Information Resources
Develops critical thinking in the research process. Examine strategies for locating and using information resources. Students explore information policy issues such as copyright, censorship and freedom of information. Emphasizes proficiency using electronic resources and other research tools and retrieval techniques.

INFO 102 (1) C,S
Info in Action: Research Basics
Learn to define a research task, get started, identify and gain a solid understanding of the options available for research. Prereq: Eligible for ENGL& 101.

INFO 103 (1) C,S
Info in Action: Books & Media
Intro to the purpose, structure, and uses of books, ebooks and DVDs as sources of in-depth or historical information on a subject. Covers use of local and regional library catalogs to find books, and strategies to evaluate them. Prereq: Eligible for ENGL& 101.

INFO 105 (1) C,S
Info in Action: Scholarly Research
Intro to scholarly communications that form the basis of new information, including where these communications are published, how to search periodicals databases for scholarly articles, and how to evaluate and cite sources for academic research. Prereq: Eligible for ENGL& 101.

INFO 106 (1) C,S
Info in Action: Web Research
Examines the Internet as a conduit for research information from a wide range of sources. Discover strategies for uncovering difficult to find “deep web” resources and evaluating content from multiple sources. Prereq: Eligible for ENGL& 101.

LIB 140 (3) N,S
Internet Information Resources
Develop skills for locating and evaluating information resources on the Internet. Learn various search techniques for browsing from a hierarchical directory, searching for more specific information from search engines, or addressing specific sites using the URL (Uniform Resource Locator). Emphasizes how information is structured on the Internet. Recommended: Familiarly with common computer commands in Windows.

LIB 150 (1-2) C,N,S
Research in the Electronic Environment
Intro to research using electronic information systems: online library catalogs, periodical databases and the Internet. Emphasizes analyzing information needs, choosing appropriate resources and developing effective search skills and strategies. Explores database searching and search engines. Prereq: Eligibility for ENGL& 101 and basic computer skills.

LIB 180 (5) C,N
Research for the 21st Century
Build skills and techniques for success as an online learner and researcher. Through a research project on a global issue, examine various strategies for locating, evaluating and applying information resources with attention to information issues like intellectual property, censorship and freedom of information. Prereq: Placement in ENGL& 101.

LIB 299 (1-3) C,S
Special Problems in Library Research
Small groups cover selected topics in Library Science.

See also: HUM 187: Information Resources in Humanities and SSC 187: Information, Knowledge and Power.

LINGUISTICS
See Languages & Literature, page 257.

LOGISTICS

LOG 197 (1-5) S
Transportation/Logistics/Cargo Handling Internship
Optional. Provides significant experience in the areas of transportation, logistics management, or cargo handling and security. Apply classroom learning to real-life logistical issues. Each credit requires 55 working hours.

LOG 235 (3) S
Intro to Transportation & Logistics
Covers fundamentals of commercial transportation: operations and processes in efficient movement of cargo, logistics, supply chain management and the impact of these on the financial performance of business. Includes major transportation modes, the legal and regulatory environment, costing and pricing, security issues, managing transportation partnerships, and use of information and technology in the logistics sector.

LOG 236 (4) S
Intro to Airport & Seaport Operations
Intro to the structure, organization, and operation of a modern airport and seaport, including current issues and challenges. Covers the critical interface with private sector providers of agency, terminal, stevedoring, and line-handling services. Examines roles of customhouse brokers, freight forwarders, cargo consolidators and government regulatory agencies.

LOG 237 (4) S
Supply Chain Management
Examines the global supply chain with an emphasis on supply sources, distribution, production planning, information systems, customer service, inventory management, warehouse management, supply chain relationships, and challenges facing managers today. Covers supply chain management systems and relationships.
### Course Descriptions

**Domestic & International Freight Operations**

Examines current and enduring issues of freight operations, air and surface modes, inbound and outbound logistics, and private and public policies. Focuses on expectations: customers want reliable service and reasonable prices; employees and regulators want greater safety and security; citizens want access to services and responsible care of the environment without tax increases; and shareholders want at least market returns on their investments.

**Transportation & Border Security**

Covers border and transportation security, including the protection of seaports, ships, aircraft, trains, trucks and pipelines. Includes physical and procedural controls, and regulations of the Department of Homeland Security, Transportation Security Administration, Federal Aviation Administration, and the U.S. Coast Guard. Discusses current threats, counter terrorism, new technologies, and the importance of passenger and cargo security to the global economy.

### Marine Technology

**Deckhand Cook**

Two-quarter class. Learn cooking theory and train to prepare crew meals at sea. Also includes seamanship, specifically securing ropes and wires to barges, vessels and equipment maintenance checks and repairs and watch-keeping skills.

**Principles of Marine Mechanics**

Provides training in proper use of hand tools, power tools (both hand and stationary) and measuring instruments commonly used in mechanical trades. Covers safe work practices, including safety equipment, work procedures, etiquette and regulatory considerations. Includes fastenings, bearings, seals, gasketing methods and other relevant materials and equipment.

**Survival Craft**

A study of survival craft commonly found aboard ships today. Training in lifeboat operation and handling congruous to that required for the U.S. Coast Guard rating of Lifeboatman. Includes lifeboat nomenclature and equipment, launching procedures, handling by oars, inflatable and other types of lifesaving equipment.

**Leadership & Management**

Examines relevant concepts and principles in management, leadership and organizational communication as they apply aboard ship. Emphasis on instilling an attitude and work ethic required to realize the objectives of “Social Responsibility” advocated by the STCW Code. Satisfies the General Education Requirement in human relations.

**Seamanship**

Study in seamanship to prepare for employment aboard ship. Includes training in seamanship congruous to that required for the U.S. Coast Guard rating of Able Seaman (AB). Includes nomenclature, ship structure, vessel equipment, deck fittings, knots and splices, rigging and watchstanding duties.

**Marlinspike**

Practical instruction in use of line, cordage, wire rope and splicing methods. Includes reeling tackles and rigging stages, boatswains’ chairs, pilot ladders and emergency steering gear.

**Marine Safety**

Covers basic damage control, marine firefighting and other safety topics to prepare for employment in the marine industry. Includes stability changes to a damaged vessel, emergency repairs to hull and vessel systems, proper use of marine firefighting equipment, vessel safety equipment, shipboard emergency procedures and survival at sea.

**Marine Mathematics**

Reviews algebraic and trigonometric methods. Includes the basics of signed numbers, linear equations, fractions, percentages, plane geometry, measurement and variables which represent additional aspects of mathematics required to solve shipboard problems. Satisfies the General Education Requirement in computation. Prereq: Math placement exam or permission.

**Vessel Maintenance**

Practical experience in vessel cleaning maintenance procedures and routine operation of a ship. Tasks include washing, sanding, scaling, chipping, grinding, priming, painting, stenciling and other assigned work both on the interior and exterior of training vessels. Focus on proper technique, optimal resource utilization, cost effectiveness and corrosion prevention.

**Basic Piloting & Navigation**

Focuses on chart navigation and basic methods of piloting with emphasis on use of charts and navigational publications, the IALA “B” buoyage system and solving standard navigation problems. Covers how to determine geographic and luminous ranges of lights; correct for compass error, set and drift; plot dead reckoning tracks, running fixes and lines of position; solve time, speed and distance equations; predict tides and tidal currents; calculate simple ETA; and formulate anchorage procedures.

**Basic Vessel Handling**

Covers fundamentals of ship handling for small vessels based on single-screw theory. Instruction in ship handling techniques includes backing and filling, “Y-backing,” emergency stopping, flanking, and docking and undocking. Uses a small training vessel.

**Fundamentals of Marine Electricity**

Fundamentals of AC and DC electricity and elementary electronics. Focuses on basic theory, measurements and instruments, routine maintenance of electrical components and general operation of shipboard electrical systems. Prereq: MGO 119, MATH 101 or permission.

**Seamanship Practicum**

Introductory underway practicum. Receive indoctrination to both watchstanding duties and shipboard responsibilities of an able seaman. Perform all deck-related tasks one might expect to encounter when actually at sea. Involves 12-hour voyages weekly aboard SMA’s training vessels.

**Electronic Navigation**

Intro to standard electronic equipment and systems used to aid navigation and communication. Covers radar, gyro compass, depthsounder, Loran C, RDF, GPS, GMDSS and radiotelephone. Includes training in radar piloting and collision avoidance theory using SMA’s computer radar simulator.

**Note:** This course is not designed to satisfy the requirements of either 46 CFR 10.480 or 15.815. Students pursuing the license option will need to take a USCG-approved radar observer course from an organization so certified by the Coast Guard.
FINDING COURSES
Course names and course prefixes are cross-referenced in an index beginning on page 178. For example:
PREFIX TO NAME
HIN ............ Watch Technology
NAME TO PREFIX
Watch Technology .......... HIN
Common Course Numbering explanation is on page 177.

MGO 140 (3) C
Nautical Rules of the Road
Comprehensive study of navigation rules and regulations including purpose, technical provisions and application. Provides a comparative study of the international (COLREGS) and inland (U.S. domestic) rules with emphasis on practical interpretation and application.

MGO 147 (6) C
Marine Engineering Practicum
Introductory underway practicum. Receive an indoctrination to both watchstanding duties and shipboard responsibilities of a marine engineer. Covers how to read vessel blueprints, trace machinery systems and troubleshoot simulated malfunctions. Involves 12-hour voyages weekly aboard SMA's training vessels. Prereq: MGO 133.

MGO 166 (6) C
Navigation Practicum
Advanced underway practicum. Under supervision, assume role of mate aboard ship and be responsible for navigating the training vessel and operating all related navigational equipment as well as directing the deck crew while underway. Demonstrate competency, proficiency and confidence in navigating a vessel without guidance. Involves 12-hour voyages weekly aboard SMA's training vessels. Prereq: MGO 133.

MGO 177 (6) C
Advanced Engineering Practicum
Advanced underway practicum. Under supervision, assume the role of Designated Duty Engineer aboard ship and be responsible for all facets of the operation of the engine room and related equipment while the training vessel is underway. Demonstrate competency, proficiency and confidence in running an engine room without guidance. Involves weekly 12-hour voyages aboard SMA's training vessels. Prereq: MGO 147.

MGO 200 (4-5) C
At-Sea Internship
Provides real-world at-sea experience on vessels of at least 500 gross tons that operate beyond the boundary line. During 30–60 day internship demonstrate mastery of the competencies outlined in Table A-II/4 of STCW for ratings forming part of navigational watch or Table A-III/4 of STCW for ratings forming part of an engineering watch.

MTS 201 (2) C
Naval Architecture
Survey of ship design and construction of all types of vessels. Emphasis on basic naval architecture and management considerations regarding ship structure. Includes hull structure and components, vessel design process, design stresses, tonnage measurements and load line assignments.

MTS 202 (2) C
Stability
Covers principles, terms and procedures used in the determination of transverse, longitudinal and damage stability of ships. Includes physical laws affecting a floating body, effects of cargo operations, loose water, fuel consumption, grounding and flooding on vessel stability. Includes analyses of case studies involving loss of stability and how to perform trim and stability calculations.

MTS 210 (2) C
Marine Meteorology
A non-mathematical intro to meteorology with specific emphasis on marine applications. Focuses on ocean weather phenomena as they impact vessel operations and the role of the ship’s officer in observing, recording and analyzing developing weather patterns.

MTS 212 (4) C
Auxiliary Machinery & Ship Design
Intro to auxiliary machinery and naval architecture. Includes heat exchangers, pumps, air ejectors, steering gear, distilling plants, pressure vessels, piping systems, cargo handling equipment, vessel design, vessel structure and stability.

MTS 217 (4) C
Marine Diesel Engine Maintenance & Operation
Theory, fundamental operating procedures, troubleshooting and repair of marine diesel engines. Applied training in diesel engine labs.

MTS 221 (4) C
Applied Marine Electricity
Applied course in AC and DC motors, generator applications and electrical theory to typical marine equipment. Covers 3-phase circuits and transformers. Operate marine electrical equipment in the laboratory, on a panel board simulator and aboard SMA's training vessels (dockside). Prereq: MGO 127 or permission.

MTS 223 (3) C
Advanced Piloting & Navigation
Continuation of MGO 123. Emphasizes advanced aspects of navigation and piloting essential to ocean voyaging. Studies methods for determining ETA of CPA by distance off; learn navigational techniques for ocean sailing and perform advanced ETA computations involving time conversion. Includes use of a sextant in determining position and range, measuring speed by RPM, fuel consumption and use of the speed log.

MTS 228 (5) C
Marine Hydraulics
Emphasizes routine maintenance, troubleshooting and repair of marine hydraulic equipment. Disassemble, analyze and reassemble various hydraulic components through simulation models.

MTS 233 (5) C
Marine Refrigeration
Fundamentals of refrigeration cycles, system components, common refrigerants, theory of operation and preventive maintenance techniques as they apply in the marine industry.

MTS 257 (4) C
Advanced Marine Diesel Engines
Continuation of MTS 217. Advanced training in the disassembly and rebuilding of marine diesel engines. Special emphasis on air intake systems, fuel injectors, governors, lubrication systems, cylinder wear, ring wear, piston clearances, bearing wear and crankshaft alignment. Prereq: MTS 217.

MTS 263 (3) C
Propulsion Systems
Focuses on the principles, operation, maintenance and repair of select propulsion systems. Includes design and application of engines and related systems such as fuel, lubricating, cooling, exhaust and heat recovery. Includes reduction gears, shafting, bearings and propellers.

MTS 284 (2) C
Shipboard Pollution Prevention
Using a non-technical format, review issues in pollution prevention and control as they impact on the duties and tasks performed by deck and/or engineering personnel onboard ship.

**MATHEMATICS**

Courses prepare students for advanced mathematics courses or application to work settings. Courses may include individual laboratory, lecture, or lecture/laboratory combination. Computers, graphing calculators, or both may be introduced and/or used. Collaborative learning may be emphasized. Consult with an advisor to determine how a particular class will be taught, its specific content and credits awarded.

</table>
MATH 083* (5) S
Arithmetic
High school-level course emphasizing the structure of the number system. Review of fundamental arithmetic, particularly the addition and subtraction of fractions and decimals. Intro to elementary algebraic concepts and primary concepts of probability, statistics and geometry. Reviews problem-solving strategies and applications. Prereq: Basic computational math skills.

MATH 084* (5) C,N,S
Algebra I
Basic operations with algebraic expressions; solving and graphing linear equations and inequalities; word problems; systems of equations, rules of exponents. Prereq: MATH 081 or higher or placement exam (C, N).

MATH 085* (5) C,N,S
Algebra II
Factoring polynomials; rules of exponents; solving quadratic equations and graphs; roots and radicals; solving rational equations; problem-solving. Prereq: MATH 084 or higher or placement exam (C, N).

MATH 084/085 SEQUENCE (5 EA.) C,N,S
Algebra I & II, Express
Real numbers, linear equations, linear inequalities, systems of linear equations in two variables, polynomials and factoring, rational expressions and equations, radical expressions and equations, quadratic equations and problem-solving. Prereq: MATH 081 or placement.

MATH 089 (1-5) C,N,S
Independent Study

MATH 090 (1-5) N
Mathematics Modules
Review class on different topics in math ranging from arithmetic to precalculus to help students meet necessary prerequisites.

MATH 097 (5) N,S
Elementary Algebra
Fast-paced, for those with previous success in algebra. Includes linear and quadratic equations and graphs, inequalities, exponents, polynomials, rational expressions and radicals. Prereq: Placement exam.

MATH 098 (5) C,N,S
Intermediate Algebra
Covers real number system, polynomial and rational expressions, exponents and radicals, first and second degree equations, linear systems of equations and graphs. Intro to functions and logarithms. Prerequisite: Placement or Math 085 or Math 097 with 2.0 or better.

MATH 102 (5) C,N,S
College Algebra
For students in Math and Science. Bridges the gap between Intermediate Algebra and Pre-Calculus functions. Fulfills QSR requirement for A.A. degree. Strongly recommended in preparation for MATH& 141 or MATH 122 (S). Required for entry into MATH 120 (N). Prereq: MATH 098.

MATH 103 (5) C,N
Geometry & Visualization
Uses physical and computer constructions to investigate Euclidian and some non-Euclidian geometry in 2 and 3 dimensions. Covers point, line and plane symmetry with examples from tilings, rosette groups, wallpaper patterns and symmetries of Polyhedra. Includes Platonic and Archimedean solids and the geometry of perspective drawing. Prereq: MATH 098 or placement test.

MATH& 107 (5) C,N,S
Math In Society
(Formerly MAT 107 - Math for Liberal Arts) Primarily for liberal arts majors. Designed to enhance mathematics literacy. Instructors choose college-level topics centered around a theme such as Environmental Math, History of Math, or General Topics in Math. Fulfills QSR requirement for A.A. degree. Minimum 2.0 required to meet Intermediate Algebra proficiency and QSR. Prereq: MATH 098 or placement test.

MATH 109 (5) C,N,S
Elementary Statistics
(Formerly MATH 240) Covers descriptive methods, probability and probability distributions, samples, decisions, hypothesis testing and statistical inferences. Fulfills QSR requirement for A.A. degree. Prereq: MATH 098 or placement test.

MATH 110 (3) C,S
Applied Math for Technicians
Emphasis on applications of mathematics to vocational and technical courses. Prereq: Satisfactory performance on Math placement test.

MATH 111 (5) S
Applied Mathematics I
Intro to applied algebra, geometry and trigonometry. Includes algebraic operations, integral exponents, scientific notation, dimensional analysis, metric system, radicals, calculator fundamentals, first-degree equations, plane and solid geometry, solution of right triangles, systems of equations, graphs, determinants and applications. Prereq: Satisfactory performance on Math placement test.

MATH 112 (5) S
Applied Mathematics II
Includes factoring, algebraic fractions, fractional and quadratic equations, rational exponents, operations with radicals, oblique triangles, law of sines and cosines and trigonometric graphs. Prereq: MATH 111 or permission.

MATH 113 (5) S
Applied Mathematics III
Covers vector analysis, resolution of vectors, properties of logarithms, exponential and logarithmic equations, radical equations, analytic geometry, statistics, inequalities and applications. Prereq: MATH 112 or permission.

MATH 115 (3) S
Solutions to Word Problems in Algebra
Helpful in business, technical, physics and college transfer courses. Covers systematic techniques for solution of algebraic word problems. Prereq: MATH 085 or concurrent enrollment.

MATH 116 (5) C,N,S
Applications of Mathematics to Management, Life & Social Sciences
Emphasizes applications to business, finance, management, or life & social sciences. Covers mathematical models, graphs and exponential and logarithmic functions. May include ideas from statistics and probability. Fulfills QSR requirement for A.A. degree. Prereq: MATH 098 or placement test.

MATH 119 (3) C
Mathematics Behind Information Technology
Learn basic aspects of discrete mathematics common to information technology: scientific notation; binary and hexadecimal number systems; logical operations and the design of logical networks; set theory; relations and functions; combinatorics; graphs and directed graphs; regular expressions; and finite-state machines.

MATH 120 (5) N
Elementary Functions
Studies the general nature of functions: polynomial, rational, exponential, logarithmic and trigonometric. Fulfills the QSR requirement for A.A. degree, except does not meet QSR at UW. Prereq: MATH 102 or MATH 098 (with grade of 3.5 or better) and high school trigonometry or placement.
### Course Descriptions

**MATH& 131 (5) C,N,S**  
Math for Elementary Education 1  
(Formerly MATH 170) Covers the mathematics teaching at K-8 levels, including computing with whole numbers, fractions, decimals and percents; multiplicative comparisons and reasoning; ratio, rates, and proportions; negative numbers; algebra and graphing; relationships between time, distance and rate; patterns and functions. Fulfills the QRS requirement for A.A. degree. Prereq: MATH 098 with 2.0 or higher.

**MATH& 132 (5) C,S**  
Math for Elementary Education 2  
(Formerly MATH 171) Covers the mathematics elementary teachers are responsible for teaching at K-8 levels, including polyhedra, polygons, symmetry, tessellations, size changes, curves and curved surfaces, transformations, length, angles, area and surface area, volume, measure formulas, quantifying uncertainty, simulating probabilistic situations; sampling; and organizing and interpreting data with one and two variables. Prereq: MATH 170 with 2.0 or higher.

**MATH& 141 (5) C,N,S**  
Pre-Calculus I  
(Formerly MAT 122 - Pre-Calculus I, General Functions) Examines the general nature of polynomial, rational, exponential and logarithmic functions, and related functional and algebraic topics. Fulfills the QRS requirement for A.A. degree. Prereq: MATH 098 or placement test.

**MATH& 142 (5) C,N,S**  
Pre-Calculus II  
(Formerly MAT 123 - Pre-Calculus II, Trig Functions, Etc.) A study of right triangle trigonometry, trigonometric functions, related trig applications, and topics in analytic geometry. Fulfills the QSR requirement for A.A. degree. Prereq: MATH& 141 or MAT 122 or Placement test.

**MATH& 148 (5) C,N,S**  
Elements of Calculus  
(Formerly MAT 117 – Elements of Calculus) Differential and integral calculus with emphasis on polynomial, rational, exponential and logarithmic functions. Draws applications from social sciences, biology, medicine and ecology with special emphasis on business and economic applications. Prereq: Math 116 or Math& 141, with a 2.0 or better.

**MATH& 151, 152, 153**  
NOTE: Generally, institutions cover the same material over the entire sequence. However, some topics may be covered at different points in the sequence. It is recommended that students who transfer before completing the entire sequence should consult an advisor.

**MATH& 151 (5) C,N,S**  
Calculus I  
(Formerly MAT 124 – Calculus with Analytic Geometry) Covers limits, differentiation of algebraic and transcendental functions, definite and indefinite integrals, techniques of integration, vectors, vector-valued functions, multivariable calculus, partial differentiation, multiple integrals and applications. Each course fulfills the QSR requirement for A.A. degree. Prereq: MATH& 142 or MAT 123 (C, N) or placement test or MATH 120 (N).

**MATH& 152 (5) C,N,S**  
Calculus II  
(Formerly MAT 125 – Calculus with Analytic Geometry) Covers limits, differentiation of algebraic and transcendental functions, definite and indefinite integrals, techniques of integration, vectors, vector-valued functions, multivariable calculus, partial differentiation, multiple integrals and applications. Each course fulfills the QSR requirement for A.A. degree. Prereq: MATH& 151 or MAT 124.

**MATH& 153 (5) C,N,S**  
Calculus III  
(Formerly MAT 126 – Calculus with Analytic Geometry) Covers limits, differentiation of algebraic and transcendental functions, definite and indefinite integrals, techniques of integration, vectors, vector-valued functions, multivariable calculus, partial differentiation, multiple integrals and applications. Each course fulfills the QSR requirement for A.A. degree. Prereq: MATH& 152 or MAT 125.

**MATH 172 (5) C**  
Math for Elementary School Teachers 3  
Covers the mathematics elementary teachers are responsible for teaching at K-8 levels, including algebra and graphing; relationships between time, distance and rate; patterns and functions; quantifying uncertainty, simulating probabilistic situations; sampling; and organizing and interpreting data with one and two variables. Prereq: MATH 170 with 2.0 or higher.

**MATH 198 (1-5) C,N,S**  
Mathematics Workshop  
A problem-solving workshop using math topics considered appropriate by the instructor. May include study skills, note-taking systems, test-taking strategies and group problem-solving approaches.

**MATH 215 (2) N,S**  
Word Problems for MATH& 151 – Calculus  
Covers word problems. Develops critical thinking skills to transition between applied and theoretical calculus. May use new technologies for problem-solving. Enhances skills necessary to compete more successfully in math/science programs at four-year schools. Coreq: MATH& 151.

**MATH 216 (2) S**  
Word Problems for MATH& 152  
Covers word problems. Develops critical thinking skills and bridges the gap between applied and theoretical calculus. May use new technologies for problem-solving. Enhances skills necessary to compete more successfully in math/science programs at four-year schools. Coreq: MATH& 152.

**MATH 220 (5) C,N,S**  
Linear Algebra  
Intro to linear algebra and its implications. Includes systems of linear equations, matrices, determinants, vector spaces, eigenvalue problems, similarity transformations and the Jordan form. Prereq: MATH& 153 or MATH 126 or higher or permission or concurrent enrollment.

**MATH 224 (5) C,N,S**  
Vector Calculus  
Continuation of MATH& 153. Includes vector-valued functions, vector fields, line and surface integrals and the theorems of Green, Gauss and Stokes. Learn vector operators and the extension of the calculus to the vectors in 2-D and 3-D space. Prereq: MATH& 153 or MATH 126 or higher or permission (N) or concurrent enrollment (C,S).

**MATH 238 (5) C,N,S**  
Differential Equations  
Learn linear differential equations, second order differential equations, their applications, LAPLACE transforms and series solutions. Covers the elementary theory of differential equations and the interrelationship between pure mathematics and applied mathematics. Prereq: MATH& 152 or MATH 125 or higher; MATH& 153 or MATH 126 strongly recommended.

See Updated Course Information at [WWW.SEATTLECOLLEGES.EDU](http://WWW.SEATTLECOLLEGES.EDU)
FINDING COURSES
Course names and course prefixes are cross-referenced in an index beginning on page 178. For example:

PREFIX TO NAME
HIN ............ Watch Technology

NAME TO PREFIX
Watch Technology .......... HIN

Common Course Numbering explanation is on page 177.

MATH 239  (5)  N
Linear Systems of Differential Equations & Boundary Value Problems
Continuation of MAT 220 and 238. Includes analysis of systems of ordinary differential equations using eigenvalues and eigenvectors, and using the phase plane. Also includes solving partial differential equations and boundary value problems using the method of separation of variables and Fourier series. Fulfills Q.S.R. requirement for a A.A. degree. Prerequisite: MAT 220 & 238.

MATH 298  (1-5)  C,N,S
Special Topics in Mathematics
Problem-solving for special math topics. Prereq: Permission.

MATH 299  (1-5)  C,N,S
Independent Study
Independent study of problems or topics of special interest. Prereq: Permission.

MEDICAL ASSISTING
Also see Medical Assistant program at SVI. The Medical Assisting Program includes short options in Medical Office Administration, Medical Reception, Medical Transcription, Clinical Lab Assisting, Medical Fundamentals for Clinical Research Professionals, and Health Care Assistant Preparation.

There are basic health requirements needed for many Medical Assisting courses. See Advisor.

AHM 101 – 105  (1 EACH)  N
Series of 5 one-unit courses (to total 5 credits of Pathology) which cover a basic review of terminology, structure and basic anatomy, including cavities, regions, anatomical planes and directional terms for various systems and their related tests and procedures.

AHM 101  (1)  N
Pathology 1 – Digestive System

AHM 102  (1)  N
Pathology 2 – Urinary & Reproductive Systems

AHM 103  (1)  N
Pathology 3 – Nervous, Musculoskeletal & Endocrine Systems

AHM 104  (1)  N
Pathology 4 – Cardiovascular, Respiratory, Blood, Lymph & Immune Systems

AHM 105  (1)  N
Pathology 5 – Skin & Senses Systems, Oncology & Radiology

AHM 117  (1)  N
Intro to Lab & Clinical Safety
Covers safety, state and federal laws, regulations, organization, personnel and testing procedures of a laboratory. Includes requisitions, reports, specimen collection, infection, inflammatory and immune responses, infectious disease, standard precautions and quality control.

AHM 118  (1)  N
Intro to Patient History, Medical Records & Documentation
Covers medical records: starting a chart; entering data; charting methods; legal aspects; confidentiality; types of filing systems; and types of reports. Includes patient history and important information and components of a physical examination.

AHM 124  (1)  N
Intro to Medical Transcription
Intro to the career of medical transcription and the American Association for Medical Transcription. Covers transcription equipment and tools, basic guidelines, reports that are transcribed, turnaround time and correcting work. Presents the laws and ethics of medical transcription. Prereq: Successful completion of medical terminology or permission.

AHM 140  (1)  N
Phlebotomy 2
Presents more advanced techniques and increased skills in phlebotomy and difficult blood draws. Builds on skills learned in AMA 252. Prereq: AMA 252; health requirements.

AHM 141  (1)  N
Lab Equipment & Measurements
Intro to lab equipment, measurements and calculations related to lab specimen collection, processing and testing. Learn how math is used in collecting and preparing specimens, the use of military time, preparing reagents, dilution of specimens and calculating amount of preservative needed. Prereq: Assessment test score or placement into MATH 084/085 or 097 or higher; health requirements.

AHM 142  (1)  N
Non-Blood Specimen Collection
Covers knowledge and skills required to obtain specimens of body fluids or tissues other than blood. Includes techniques for collecting stool, sputum, urine, wound cultures and the preparation and testing of such specimens. Practice with other students. Prereq: Health requirements.

AHM 151  (1)  N
OB/GYN/Pediatric Theory
Learn theory of typical OB/GYN and pediatric office visits and procedures. Includes prenatal, pregnancy complications, parturition and postpartum, GYN exam and related conditions and procedures, measuring an infant or child, taking vital signs, collecting specimens, screening hearing and vision and common disorders of childhood.

AHM 152  (1)  N
Theory of Exams by Body Systems
Covers theory in various examinations and procedures grouped by body system, such as urinary catheterization, spirometry, visual acuity, irrigations, casting and removal, sputum collection and oxygen administration. Also includes symptoms of diseases in each system and intro to pathology.

AHM 153  (1)  N
Theory of Medication Calculation & Administration
Learn theory of calculating dosages and administering medications. Includes legal and ethical factors, medication order or prescriptions, dosages, drug labels, the six rights of drug administration and various routes to deliver medications.

AHM 154  (1)  N
EKG Theory
Covers theory and practicum of a standard electrocardiogram, including equipment, lead placement, basic interpretation of emergency conditions, the cardiac cycle and its relation to the tracing and artifacts. Covers basic theory of a stress EKG and Holter monitor.
Course Descriptions

AHM 155 (1) N
Phlebotomy Theory
Learn theory for blood collection by venipuncture and capillary puncture, anatomy and physiology of the cardiovascular system, equipment needed for venipuncture and techniques.

AHM 160 (1) N
Proofreading & Editing
Provides the basic skills for proofreading and editing medical documents, including language mechanics, steps of editing, proofreading guidelines and standard notations. Addresses legal and ethical considerations, such as editing that will not alter meaning and context. Prereq: Completion of medical terminology course or permission. Type 25 wpm and know MS Word.

AHM 161 (1) N
Medical Transcription Practice 1
Provides practical experience in medical transcription and completing medical reports using recorded dictation. Use AHM 124 skills and word processing to produce accurate documents with increasing speed. Prereq: AMA 124 or permission.

AHM 162 (1) N
Medical Transcription Practice 2
Gain complex practical experience in transcribing various medical reports using recorded dictation. Prereq: AHM 161 or permission.

AHM 163 (1) N
Medical Transcription Practice 3
Gain complex practical experience in transcribing various medical reports using recorded dictation. Build speed and accuracy transcribing a wide variety of documents. Prereq: AHM 162.

AHM 231 (1-3) N
Exam Review & Preparation
For those who have graduated an accredited medical assisting program and who are eligible to sit for the National CMA (Certified Medical Assistant) Exam offered through the AAMA (American Association of Medical Assistants). Variable credit lecture course that can be offered either on campus, or onsite at a facility that requests review for their employees.

AMA 100 (1) N
Intro to Healthcare
Overview of medical specialties, types of practices and the members of the health care team. Explores personal characteristics, certifications, professional organizations, career opportunities and the role of managed care. Presents a brief history of medicine, as well as the effects of attitudes and culture on the delivery of health care. Prereq: Placement into ENGL 101 or ENG 101 or completion of college English Composition within the last five years.

AMA 101 (2) N
Communications in Healthcare
Intro to effective communication, both oral and written. Addresses basic psychology related to communication in health care and includes cultural perspectives on illness, life-threatening illness, stress and burnout. Focuses on communication skills required in a medical setting in order to recognize individual needs and ensure accuracy and quality of information exchanged.

AMA 102 (1) N
Legal Concepts
Intro to legal terms and concepts related to ambulatory health care. Includes risk management, confidentiality, medical records, documentation, the physician’s public duties and the principles of medical law terms and issues.

AMA 103 (1) N
Ethical Concepts
Intro to ethical terms and concepts related to ambulatory health care. Includes medical, ethical and bioethical issues, AAMA Code of Ethics, AMA Ethical Guidelines, allocation of scarce resources, abortion and fetal tissue research, genetic engineering, artificial insemination and organ and tissue donation.

AMA 104 (2) N
Office Emergencies
Provides knowledge of various emergency situations that may occur in a medical office or clinic and the related equipment and actions required of the health care team. Does not qualify for first aid certification, nor does it include practice in CPR.

AMA 105 (1) N
Asepsis & Infection Control
Provides information vital to all health care workers in infection control in the ambulatory care setting. Includes the process and chain of infection, inflammatory and immune responses, stages of infectious disease, standard (and other) precautions, state and federal laws and regulations, medical and surgical asepsis, sterilization of instruments and equipment. Prereq: Health requirements.

AMA 106 (1) N
Patient History, Documentation & Physical Exam
Covers first patient contact, including the patient history and important information and initiating the patient medical record and charting methods. Presents the components of a physical examination from the assistant’s and physician’s perspectives. Prereq: Health requirements.

AMA 107 (1) N
Vital Signs & Measurements
Take a patient’s temperature, pulse and respiration, blood pressure, height and weight. Practice in a simulated ambulatory care setting. Includes normal ranges and abnormalities, factors that affect the vital signs, the physiology of the vital signs and related material. Prereq: Health requirements.

AMA 108 (1) N
Nutrition & Developmental Basics
Intro to nutrition and digestion through studying types of nutrients, how to read food labels, various life stages and nutrition, therapeutic diets and culture in relation to diet and nutrition.

AMA 109 (1) N
Pharmacology
Explores principles of pharmacology, including history, origin, sources, properties, uses and effects of drugs on living organisms. Covers uses and names of drugs, regulations and legal classifications, the PDR and other drug reference sources. Examines drug actions, routes of administration and forms of drugs, as well as the storage and handling of medications and controlled substances and emergency medications.

AMA 110 (1) N
Intro to Lab Safety
Focuses on safety, laws and regulations concerning the physician’s office laboratory as well as an intro to the lab’s departments, personnel and testing procedures. Covers quality control, lab requisitions and reports, specimen collection and the use of the microscope.

AMA 112 (1) N
Credentials & Employment
Preparation for obtaining appropriate credentials, certification and registration, and for the examination. Focuses on the medical assistant and offers information on credentialing of various allied health professionals such as limited x-ray technician, lab assistant, medical transcriptionist, medical office manager and EKG technician. Develop a job search strategy, prepare a resume and cover letter, complete an employment application and learn about interviews.
AMA 114 (1) N
Basic Psychology Principles
Covers principles of psychology as well as the various theories of Jung, Erickson and others. Studies influences on behavior including heredity, culture and environment. Prereq: 2.0 GPA and permission.

AMA 115 (1) N
HIV/AIDS
Includes curriculum topics for a 7-hour HIV/AIDS education program as outlined by the Washington State Department of Health. Includes the etiology and epidemiology of HIV, transmission and infection control, testing and counseling, clinical manifestations and treatment, legal and ethical issues and psychosocial issues.

AMA 116 (1) N
Principles of IV Therapy
Presents the theory of intravenous (IV) therapy and its application in ambulatory care. Includes related anatomy and site selection, equipment and supplies, ongoing maintenance, calculations, risks and complications. Also covers professional standards, national and state laws and the role of the medical assistant. Prereq: 2.0 GPA and permission.

AMA 120 (1) N
Front Office Basics
Intro to medical front office responsibilities and functions. Covers the office environment as well as computer basics and their medical applications, telephone techniques and basic triage.

AMA 121 (1) N
Patient Scheduling
Learn patient scheduling in an ambulatory care setting. Includes basic triage skills in gathering patient information verbally.

AMA 122 (1) N
Medical Records & Correspondence
Addresses the scope of medical records procedures, from how to initiate a new patient chart to entering data in the chart. Covers legal aspects, various types of filing systems and types of reports filed in a medical record. Intro to types of business correspondence, computer applications, USPS rates and regulations and faxing.

AMA 123 (1) N
Daily Financial Management
Learn medical practice daily financial tasks including both manual and computerized bookkeeping, banking documents and functions. Covers common tasks such as using petty cash and purchasing, accounts receivable and working with credit procedures.

AMA 125 (2) N
Intro to Medical Insurance & Coding
Provides knowledge of the history and evolution of medical insurance in this country and the terminology necessary to understand and submit claims. Compares various types of medical insurance, as well as DRGs and MCO models and legal and ethical issues.

AMA 170 – 181 (1-13) N
AP/Terminalogy/Pathology 1 – 12
AMA 170-181 is a series of individual 1-unit courses which introduce anatomy, physiology, pathology, tests and treatments. Study basic medical word structure and language and practice spelling and pronunciation in each course.

AMA 170 (2) N
AP/Terminalogy/Pathology 1
Intro
Cavities and regions of the body, anatomical planes and directional terms and divisions of the spine.

AMA 171 (1) N
AP/Terminalogy/Pathology 2
Skin & Senses

AMA 172 (1) N
AP/Terminalogy/Pathology 3
Digestive System

AMA 173 (1) N
AP/Terminalogy/Pathology 4
Male Reproductive/Urinary Systems

AMA 174 (1) N
AP/Terminalogy/Pathology 5
Female Reproductive System

AMA 175 (1) N
AP/Terminalogy/Pathology 6
Nervous System

AMA 176 (1) N
AP/Terminalogy/Pathology 7
Endocrine System

AMA 177 (1) N
AP/Terminalogy/Pathology 8
Musculoskeletal System

AMA 178 (1) N
AP/Terminalogy/Pathology 9
Cardiovascular System

AMA 179 (1) N
AP/Terminalogy/Pathology 10
Respiratory System

AMA 180 (1) N
AP/Terminalogy/Pathology 11
Blood/Lymph System

AMA 181 (1) N
AP/Termology/Pathology
12 Specialties: Cancer, Radiation, Pharmacology & Psychiatry

AMA 226 (1) N
Medical Insurance Coding 1
Provides practice in performing various medical insurance coding projects utilizing knowledge and skills obtained in AMA 125. Practice performing primarily ICD-9 and CPT coding, but includes all aspects of coding to simulate the process in an ambulatory health care setting. Prereq: AMA 125.

AMA 227 (2) N
Medical Insurance Billing
Provides advanced practice in performing medical insurance billing using skills obtained in AMA 125. Practice more complex medical insurance billing to build coding skill and accuracy. Prereq: AMA 125 and AMA 226 (AMA 226 may be taken concurrently) or permission.

AMA 230 (1) N
Medical Office Management
Intro to managing a medical office. Explore management styles, teamwork supervision, travel arrangements, time management, marketing, financial management, facility management and liability coverage. Create a procedure manual and a marketing brochure. Covers HR policies, hiring, training, evaluating, dismissing employees, conflict resolution, personnel records and laws.

AMA 240 (1) N
GYN/Pediatrics
Learn the theory and practice of assisting with typical OB/GYN and pediatric office visits and procedures. Includes prenatal visits, pregnancy complications, parturition and postpartum, GYN exam, measuring, vital signs, collecting specimens, screening hearing and vision and common childhood disorders.

AMA 241 (1) N
Male Reproductive System/Gerontology
Presents various disorders, exams and procedures of the male reproductive system. Covers gerontology, including facts and biases about aging, physiological and psychological changes in each body system. Also addressed are memory- or visually-impaired elderly patients and the issue of elder abuse. Prereq: Health requirements.
Exams by Body Systems

AMA 242 (2) N

Theory and practice in various examinations and procedures grouped by body system. Includes urinary catheterization, spirometry, visual acuity, irrigations, casting and cast removal, sputum collection and oxygen administration. Presents signs and symptoms of diseases in each system. Prereq: Health requirements.

Rehabilitation

AMA 243 (1) N

Intro to using physical and mechanical agents to aid patients. Covers the principles of body mechanics for the health care worker as well as transferring patients, assisting with ambulation and using assistive devices, therapeutic exercises and modalities. Emphasizes safety. Prereq: Health requirements.

Intro to Imaging

AMA 244 (1) N

Into to diagnostic imaging with an emphasis on radiology. Includes ultrasound, PET and CT scans, as well as MRI, radiation therapy and nuclear medicine. Radiology includes safety, contrast media, patient preparation and positioning.

Minor Surgery

AMA 245 (2) N

Learn theory and procedures for assisting a physician with minor surgery. Includes asepsis and sterile principles, surgical methods, common procedures, instruments, equipment, supplies, sterile field setup and the process. Focuses on the vital areas of patient education and consent, preparation and post-procedure follow-up care. Prereq: Health requirements.

Patient Prioritizing & Instruction

AMA 246 (1) N

Covers accurate prioritizing of patients and good patient instruction. Using effective oral and written communication, learn to prioritize a patient’s needs by phone or in-person and to interview them. Explain general office policies and general information, instruct in health maintenance, teach about disease prevention and locate community resources. Prereq: 2.0 GPA and permission.

Medication Calculations & Administration

AMA 250 (2) N

Learn theory and practical procedures in calculating medication dosages and administering medications. Includes legal and ethical factors, the medication order or prescription, dosages, drug labels, calculating dosages, the six rights of drug administration and various routes to deliver medications. Practice giving oral medications, various parenteral routes and injections intra dermally, subcutaneously and intramuscularly. Prereq: Health requirements.

Medical Office Clerk

AMA 251 (1) N

Learn theory and practical procedures for performing a standard electrocardiogram. Includes the equipment, lead placement, basic interpretation of emergency conditions, the cardiac cycle and its relation to the tracing and artifacts. Includes the basic theory of a stress EKG and Holter monitor, although not practiced. Prereq: Health requirements.

Phlebotomy

AMA 252 (2) N

Learn theory and practical experience in procedures for blood collection by venipuncture and capillary puncture. Covers the anatomy and physiology of the cardiovascular system, equipment needed and technique. Includes patient interaction, site selection, safety, evacuated tube vs. syringe method, use of a butterfly collection system, capillary puncture and troubleshooting the unsuccessful venipuncture. Prereq: Health requirements.

Hematology

AMA 253 (1) N

Learn the theory and practical procedures in hematology testing for the physician’s office laboratory. Tests include white and red blood cell counts, white cell differential, erythrocyte indices, erythrocyte sedimentation rate and automated hematology. Also covers specimen preparation, testing, quality assurance, normal ranges of results and documentation. Prereq: Health requirements.

Urinealysis

AMA 254 (1) N

Covers the importance of urinalysis in the diagnosis and treatment of various diseases and how to correctly perform a urinalysis. Includes safety, quality control, equipment and supplies, collection methods and the examination of urine physically, chemically and microscopically. Prereq: Health requirements.

Basic Microbiology

AMA 255 (1) N

Intro to the basics of microbiology as related to the medical assistant in a physician’s office laboratory. Includes classification, cell structure, equipment, safety, specimens, collection procedures and the microscopic examination of bacteria. Covers culture media and the microbiological culture, biochemical tests, identification systems, sensitivity testing, parasitology and mycology. Prereq: Health requirements.

Lab Tests & Chemistry

AMA 256 (1) N

Covers a variety of lab tests not covered elsewhere including pregnancy testing, infectious mononucleosis, blood typing, semen analysis, phenylketonuria, tuberculosis, blood glucose, cholesterol, triglycerides and blood urea nitrogen (BUN) testing. Learn theory, procedure, equipment, supplies, values and safety. Perform the tests in the classroom laboratory. Prereq: Health requirements.

Medical Assisting Externship

AMA 290 (7) N

Provides the opportunity to practice (unpaid) Medical Assisting skills and gain valuable experience in the ambulatory health care setting. Share experiences and information. On the site, the student is guided by the extern site supervisor in performing various administrative and clinical tasks as expected of an entry-level medical assistant. Requires 198 unpaid hours in the clinical setting. Prereq: Permission.

Medical Assisting Externship

AHE 290 (7) N

Medical Assistant Externship

232 hours of unpaid experience in a medical office.

Meteorology

MEY 100 (5) C,N,S

Meteorology

Intro to the composition, structure, motions and climate.

MEY 298 (1-5) C,N

Special Topics

See Business Program at South.
MUSIC

MUSC 100 (5) C,N,S
Music in the Western World
Intro to classical music. Provides an understanding of musical expression through works of the great composers. Emphasizes music listening through recordings, films and special performances.

MUSC 106 (5) S
Experience Rhythm
(Formerly MUS 105) Learn the basics of rhythm for a variety of musical styles. Create your own rhythm-based music, such as drumming, rap and dance music. Open to everyone.

MUSC 109 (5) S
World Beat: Global Studies Through Music
Examines societal beliefs, identity, history, world view, values and aspirations expressed by selected non-Western cultures (or groups within these cultures) through music. Features both traditional and contemporary popular music.

MUSC 110 (5) C,N,S
Intro to World Music
Covers the music of selected societies of the world within their cultural context. Using musical concepts on a cross-cultural basis, examine various cultural areas and societies.

MUSC 113 (5) N,S
Music in the United States
Overview of musical developments in the United States from Colonial times to the present, using live performances, videotapes and recordings. Examines contributions of ethnic/minority groups and the relevant social issues connected with these musical experiences.

MUSC 116 (5) C,S
Rock Music – History
Examines rock music as a musical, social, cultural, economic and political force in the United States. Emphasizes early rock music development.

MUSC 117 (5) S
Rock Music II
Examines rock music as a musical, social, cultural, economic and political force in the United States. Emphasis on the later decades of rock music development.

MUSC 119 (2-3) C,N,S
Beginning Group Instruction – Voice
Emphasis on beginning techniques of breath control, placement of tone, posture and other basic concepts. Recommended: enrollment in MUSC 125 for students without experience in reading music (C,S).

MUSC 120 (2) C,S
Intermediate Group Instruction – Voice
Continuation of MUSC 119. Prereq: MUSC 119 or permission.

MUSC 125 (5) C,N,S
Fundamentals of Music
Intro to reading and writing music for non-majors. Builds musical knowledge and skills to complement student's natural music ability.

MUSC 126 (2) C,N,S
Beginning Group Piano
(Formerly MUSC 121 - Beginning Group Piano - 1st Qtr) Laboratory course for the general student to develop technical proficiency and sight-reading skills.

MUSC 127 (2) C,N,S
Intermediate Group Piano I
(Formerly MUSC 122 - Beginning Group Piano - 2nd Qtr) Class piano for students with previous keyboard experience. Prereq: MUSC 126 or MUS 121 or permission.

MUSC 128 (2) C,N,S
Intermediate Group Piano II
(Formerly MUSC 123 - Beginning Group Piano - 3rd Qtr) Continuation of MUSC 127. Prereq: MUSC 127 or MUS 122 or permission.

MUSC 130, 134-139, 171-173 (1-2 EA) C,N,S
Individual Instruction Series
Credit hours vary. May be repeated. An additional fee is charged for all individual instruction in this series. Prereq: Permission.

MUSC 134 (1-2) C,N,S
Individual Instruction: Woodwinds

MUSC 135 (1-2) C,N,S
Individual Instruction: Percussion

MUSC 136 (1-2) C,N,S
Individual Instruction: Composition

MUSC 137 (1-2) C,N,S
Individual Instruction: Harpsichord

MUSC 138 (1-2) C,N,S
Individual Instruction: Guitar

MUSC 139 (1-2) C,N,S
Individual Instruction: Intermediate Guitar

MUSC 140 (1-5) C,N,S
College Choir
Focus on musicianship, vocal techniques and performance skills for the large choral ensemble through study of literature from all stylistic periods. Present one concert per quarter in various musical styles and cultures. Daily attendance required. May be repeated for up to 15 credits. Prereq: Ability to match pitch.

MUSC& 141 (5) C,N,S
Music Theory I
(Formerly MUS 101 – First Year Theory & Ear Training) Covers rudiments of music notation, scales, intervals and triads, rhythm and melodic sight-reading and dictation. Increases simple four-part writing and analysis and correlated keyboard exercises. For music majors and minors.

MUSC& 142 (5) C,N,S
Music Theory II
(Formerly MUS 102 – First Year Theory) Continuation of MUS&C 141. Elementary harmony and ear training including 4-part harmony. Prereq: MUSC& 141 or MUS 101 or MUS 125, or permission.
MUSC 143 (5) C,N,S
Music Theory III
(Formerly MUS 103 – First Year Theory) Continuation of MUSC& 142. Prereq: MUSC& 142 or MUS 102.

MUSC 144 (2) S
Vocal Jazz Ensemble
Small vocal ensemble which performs jazz music.

MUSC 145 (2) C,S
Pop Vocal Ensemble
Singing group featuring pop, Broadway show tunes and jazz. Focus on enjoyment and enrichment. Performances quarterly.

MUSC 146 (5) C
Jazz Ensemble I
Jazz Ensemble is the Jazz performance group for Seattle Central. Participate in jazz combo, duo, trio, quartet and big band settings. Music drawn from representative genres, composers and performers. Prereq: Ability to play an instrument and sight read music at a 12th grade level or higher.

MUSC 147 (5) C
Jazz Ensemble II
Continues the study of jazz performance repertoire, musicianship and technical skills from MUSC 146. Provides opportunity to learn the art of ensemble playing and singing in the jazz idiom. Focuses on small group and large ensemble rehearsal techniques, practice routines and improvisation. Prereq: Ability to sight read music at a 12th grade level or higher.

MUSC 148 (5) C
Jazz Ensemble III
Provides opportunity to perform in a small-combo and big band jazz ensemble. Explores the literature associated with modern jazz composers such as Dizzy Gillespie, Herbie Hancock, Thelonious Monk, Charles Mingus, Chick Corea and more. Examine and perform avant-garde and contemporary jazz styles in a small group setting. Prereq: Ability to read music at a 12th grade level or higher.

MUSC 149 (2) N
Jazz Combo
Performance class requiring reading and improvisational skills. Develops small ensemble skills in the jazz musician as a vocalist or instrumentalist.

MUSC 150 (1-5) N,S
Studio Jazz Orchestra

MUSC 151 (2-3) C,S
The Performance Experience
Instruction on presenting a public performance—the skills beyond the notes. Work as soloists or in small combinations. For chamber music groups, folk ensembles, traditional, ethnic groups and acoustic jazz groups. Prereq: Performance ability.

MUSC 153 (1-2) N
Contemporary Jazz Ensemble
Membership by audition. Combines talents of professional and student musicians in the big-band experience. Practice and perform in concert the newest big-band arrangements which cover all styles of big-band jazz. Evening rehearsals. Prereq: Ability to perform at group level and permission.

MUSC 154 (1-2) N,S
Symphonic Band
Features the finest in Wind band literature, both contemporary and traditional. Membership by audition.

MUSC 156 (5) C
Jazz Improvisation I
Develops skills in improvisation and confidence in playing or singing in solo and combo settings, representing standard compositions from the art of jazz. Prereq: Ability to sight read music at a 12th grade level or higher.

MUSC 157 (5) C
Jazz Improvisation II
Continues study of jazz improvisation with theoretical and technical concepts relating to the art of spontaneous improvisation. Work closely within a professional performance setting and learn the skills necessary for individual and group interaction in the traditional jazz combo and large ensemble presentations. Prereq: Knowledge of major/minor scales and basic keyboard skills.

MUSC 158 (5) C
Jazz Improvisation III
Augments repertoire by studying compositions of modern jazz improvisers such as Chick Corea, Herbie Hancock and Wayne Shorter. Learn techniques associated within the style and receive instruction on the fundamentals, repertoire and technical studies introduced in MUSC 156 and 157. Recommended: MUSC 157. Prereq: Knowledge of major/minor scales, modes and basic keyboard skills and permission.

MUSC 160 (5) S
The Blues & its Influence
Explores the development of the blues and its influence on jazz, rock, classical music and literature. Covers the social, economic and political forces that shaped African-American experiences in the U.S. as chronicled in blues music.

MUSC 161 (5) C,N,S
American Popular Music
History of American popular music from colonial times to contemporary styles. Analysis of musical characteristics, as well as social/cultural contexts of development.

MUSC 163 (5) C
Musical Theater Stage Performance
Covers principles of voice production, resonance and projection. Learn effective presentation of varied materials. Fills the gap between the teacher’s studio and professional performance.

MUSC 164 (2) S
College Chorus/South Singers
(Formerly MUS 141) Vocal ensemble. May be repeated for additional credit.

MUSC 165 (1-2) S
Community Chorale
(Formerly MUS 142) Performs literature for the large choral ensemble. Meets one evening weekly.

MUSC 166 (2) N,S
Vocal Ensemble
(Formerly MUS 143) Small vocal ensemble performs music from several different periods, including contemporary.

MUSC 171, 172, 173
Individual Instruction Series
See MUSC 130.

MUSC 182 (4) N
Intro to Musical Theater Production
Basic instruction in dramatic and vocal discipline of musical theater. Learn basic techniques of analysis, rehearsal and performance of musical theater through the study of scenes and in-class performance. Recommended: MUSC 119, 130 and/or DRMA& 101 or DRA 100 or 121.
**MUSC 185** (5) C  
**Computer Music & Recording**
Intro to the technical skills of electronic music production and recording. Covers the basic elements of music including listening, improvising, recording, arranging, mixing and digital editing. Create original music using stimuli. Learn mixing and audio production, including sound shaping, effects use and midi sequencing. Open to all students.

**MUSC 204** (5) C,N  
**History of Jazz**
Traces the roots of jazz in America, through films, lectures, recordings and live performances. Includes Rag, New Orleans, New York, Chicago, Kansas City, the Big Band era, Blues, Be-bop, Hard Bop, the New Thing, Free Form, Electric and Fusion Styles.

**MUSC 205** (5) N  
**Jazz Masters of the Twentieth Century**
A music literature course for the general student who wishes to study jazz music in more depth. Lectures, selected readings and major recordings by each artist.

**MUSC 213** (3) N  
**Music History - Post 1830 Romantic**
Chronological survey of Romantic Period. Emphasis on stylistic and historical trends through extensive listening, class discussion, and illustrated lectures.

**MUSC 221** (2) C,N,S  
**Advanced Group Instruction: Piano**
(Formerly MUS 221 - Group Piano - 1st Qtr) Continuation of MUSC 128. Technique, repertoire and theory, with emphasis on classical compositions. Prereq: MUSC 128 or MUSC 123 or permission.

**MUSC 222** (2) C,N,S  
**Advanced Group Instruction: Piano**
(Formerly MUS 222 - Group Piano - 2nd Qtr) Continuation of MUSC 221. Prereq: MUSC 221 or permission.

**MUSC 223** (2) C,N,S  
**Advanced Group Instruction: Piano**
(Formerly MUS 223 - Group Piano - 3rd Qtr) Continuation of MUSC 222. Prereq: MUSC 222 or permission.

**MUSC& 231** (3) C,N,S  
**Music Theory IV**
(Formerly MUS 201 - Second Year Theory) Continuation of MUSC& 143, completing the periods up to Impressionism. Chromatic harmony, modulations and related modern concepts. Prereq: MUSC& 143 or MUS 103.

**MUSC& 232** (3) C,N,S  
**Music Theory V**
(Formerly MUS 202 - Second Year Theory) Continuation of MUSC& 231. Advanced 4-part harmony, especially relating to form and development. Prereq: MUSC 231 or MUS 201.

**MUSC& 233** (3) C,N,S  
**Music Theory VI**
(Formerly MUS 203 - Second Year Theory) Continuation of MUSC& 232. Advanced music theory and practice from common practice to chromatic harmony. Prereq: MUSC& 232 or MUS 202.

**MUSC 298** (1-5) C,S  
**Practicum in Music**
Practicum in various skills in music, such as tutorial assistant in piano theory, coaching vocal students or apprenticeship in use of electronic equipment (Broadway Performance Hall).

**MUSC 299** (1-5) C,N,S  
**Practicum in Music**
Research musical performance in an area of interest determined by student and instructor. Prereq: Permission.

---

**NANOTECHNOLOGY**

**NANO 101** (5) N  
**Intro to Nanotechnology**
Intro to nanotechnology principles, applications, industry, ethics and careers. Includes basic concepts of nano/microelectronics, mechanical materials and their properties; applications of these materials to electronics, magnetism, mechanics, fluidics, optics, phononics and smart biological materials. Covers micro and nano sensors and actuators and processing, fabrication, modeling and testing. Prereq: MATH 098.

**NANO 150** (5) N  
**Internship/Pacticum**
Hands-on training in nano/micro-fabrication facility. Complete a design and fabrication project related to nano/micro-device and document and report on the project. Prereq: NANO 101, CHEM& 121 or CHE 101, PHYS& 121 or PHY 101 or permission.

**NANO 210** (5) N  
**Laboratory Procedures & Quality Control**
Learn the methodology and practices used in the nano/micro fabrication laboratory and production environments. Includes data collection and analysis, experimental design, quality and process control, cleanroom protocols, chemical hygiene, health and environmental impacts of chemical waste and special considerations for nano material waste. Prereq: NANO 101, CHEM& 121 or CHE 101 and MATH 109 or permission.

**NANO 220** (5) N  
**Materials Deposition & Characterization**
Learn the deposition and characterization technologies used in the nano/micro fabrication laboratory and production environments. Includes methods of physical and chemical materials deposition and lithography, materials composition and properties analysis and the vacuum technology required for materials fabrication. Prereq: NANO 101, CHEM& 121 or CHE 101 and MATH 098 or permission.

**NANO 225** (5) N  
**Intro to Micro / Nanofabrication**
Covers fabrication and characterization technologies in micro/nano laboratory and production environment, methods of physical and chemical materials deposition and lithography, materials composition and properties analysis, and vacuum technology. Fabricate, characterize, package and test electrical, mechanical and optical devices, nanomaterials and structures, and biologically interactive nanostructures. Prereqs: NANO 101, CHEM& 122 and MATH 098 or permission.

**NANO 230** (5) N  
**Nano/Micro Device & Material Fabrication & Testing**
Intro to device and material fabrication, packaging and testing. Covers fabrication of electrical, mechanical and optical micro/nano devices; nanomaterials and structures; biologically interactive nanostructures; and packaging and testing of nano and micro devices, materials and structures. Prereq: NANO 220, CHEM& 122 or CHE 120 with a 2.0 or higher and MATH 098 with 2.0 or higher or permission.

**NANO 250** (5) N  
**Capstone/Pacticum II**
Provides direct experience in a nano/micro-fabrication facility. Complete a design and fabrication project related to a nano/micro-device, document and report on the project. Prereq: Permission.
### NEW MEDIA

**NME 110,120,130 (6 EA) C**  
**Integrated Media Communications**  
Gain knowledge and skills in different forms of mass media, human relations, computation, communications and computers in an interdisciplinary setting.

### NETWORK TECHNOLOGIES

**Also See Network Technician at SVI.**  
North courses formerly listed as NET are now listed under Information Technology (IT). Courses are designed to prepare a student to meet IT industry benchmarks and vendor certification programs.

<td><strong>Network OS 2 – Windows Server</strong></td>
</tr>
<tr>
<td></td>
<td></td>
<td>Learn to install Windows Server and various file systems and to administer and manage Active Directory services and objects. Use Microsoft Management Console to monitor system performance and to administer Internet Information Services and user accounts, group accounts and group policies. Study print services, network protocols, virtual private networking, Routing and Remote Access Service, DHCP, WINS and DNS. Learn to back up data, implement disaster protection and recover from a disaster. Prereq: NET 122 with 2.0 or higher or concurrent enrollment in NET 122.</td>
</tr>
<tr>
<td>NET 126</td>
<td>5</td>
<td><strong>Network OS 3 – Windows Network Infrastructure</strong></td>
</tr>
<tr>
<td></td>
<td></td>
<td>Continuation of NET 124. Covers capacity planning, directory services, group policies, multiple domain management, trust relationships, implementing RAS, IPsec, interoperating with various network operating systems. Prereq: NET 124.</td>
</tr>
</tbody>
</table>

### NETWORK INFRATESTRUCTURE

**Also See Network Infrastructure – Cisco**  
Continuation of NET 144. Extends knowledge and practical experience with configuring LANs, hubs, switches, Internet-work Packet Exchange (IPX) routing, Interior Gateway Routing Protocol (IGRP), Wide Area Networks (WANs) and network troubleshooting. Covers Integrated Services Data Networks (ISDN), Point-to-Point Protocols (PPP) and frame relay design, configuration and maintenance. Prereq: NET 142, 144 or permission.

### ENTERPRISE APPLICATIONS

**Also See Network Infrastructure – Cisco**  
Capstone course for network infrastructure students. Simulate a small business environment in hardware and software from a case study and apply the skills from the foundation networking courses. Further explore enterprise applications and server needs of businesses as directed by industry standards and trends. Prereq: NET 126 with 2.0 or better or permission.

### NURSING

**Also see Acute Care Hospital Nursing Assisting Program and Medical Assisting programs at SVI, pages 171-173.**  
NOTE: Most courses require concurrent enrollment. Please check program section for specific requirements.

**Nursing Assistant – Certified**

- **NUR 100 (1) N**  
  **Modified Fundamentals of Care**  
  For current Washington State nursing assistants (NA-Rs or NA-Cs) to be taken as follow-up or concurrently with NUR 104.

- **NUR 104 (1) N**  
  **Nurse Delegation for the Nursing Assistant**  
  For current Washington State nursing assistants (NA-Rs or NA-Cs) to learn how to understand and accept nurse (R.N.)-delegated tasks.

- **NUR 105 (2) N**  
  **CPR & First Aid for Healthcare Providers**  
  Provides support for ESL and Adult Basic Education students. Covers American Red Cross (ARC) CPR/AED for the Professional Rescuer and Healthcare Provider, with 2-year valid certificate; and First Aid-Responding to Emergencies instruction with 3-year certificate, upon successful completion. Certificates required to work in skilled nursing facilities, adult family homes and hospitals.

- **NUR 107 (12) N**  
  **Nursing Assistant - Certified**  
  Covers basic nursing care skills including HIV/AIDS, and 72 hours of supervised clinical training in a long-term care facility. After successful completion students are eligible to take the Washington State NAC exam for certification as a Nursing Assistant. Prereq: CASAS 220 minimum score (reading & listening) or COMPASS 40 minimum reading score within last 3 years.
NUR 108 (2) N
Clinical Hospital Experience for Nursing Assistants—Certified
Increase hospital-based skills in an effort to obtain employment in an acute care facility. Requires mastery of a list of skills developed by acute care facilities.

NUR 110 (1) N
Body Mechanics for Healthcare Providers
Covers the anatomy involved in back injuries, all aspects of proper techniques for lifting, transferring, and positioning of patients, with a goal of prevention of injuries to the healthcare provider. Certificate issued upon successful completion.

Licensed Practical Nursing—North

NUR 099 (2) N
Intro to Critical Thinking in Nursing Practice
Intro to general critical thinking skills needed in nursing. Prereq: Successful completion of ENGL 101 or ENG 101 (2.0 or better).

NUR 115 (2) N
Intro to Patient Care
Intro to supervised clinical experience in a long-term care environment. Includes communication and documentation skills. Coreqs: NUR 116, 117 & 130.

NUR 116 (6) N
Nursing Fundamentals
Provides the theoretical background for basic nursing skills, including intro to nursing process, microbiology, nutrition, medical terminology and math equivalents. Coreqs: NUR 115, 117, & 130.

NUR 117 (2) N
Nursing Fundamentals Laboratory
Demonstration of nursing skills and procedures, and laboratory practice, including communication skills. Coreqs: NUR 115, 116, & 130.

NUR 118 (2) N
Clinical Nursing Skills I

NUR 119 (1) N
Clinical Nursing Skills II
Continuation of NUR 118; theory and labs linked with NUR 128 and 141. Prereq: First two quarters NUR courses. Coreq: NUR 128 & 141.

NUR 124 (5) N
Fundamentals of Anatomy & Physiology
Intro to structure and function (anatomy and physiology) of the human body. Provides foundation for clinically related subjects including nutrition and pathological body conditions. Prereq: Permission.

NUR 126 (3) N
Role of the LPN
Assist the student to further understand the role of the LPN and legal issues related to practical nursing. Prereq: First three quarters NUR courses. Coreq: NUR 139 & 154.

NUR 127 (6.5) N
Medical/Surgical Nursing—Child/Adult I
Covers common conditions of illness throughout the life span. Prereq: All first-quarter NUR courses. Coreq: NUR 118 & 131.

NUR 128 (6) N
Medical/Surgical Nursing—Child/Adult II
Continuation of NUR 127. Prereq: First two quarters NUR courses. Coreq: NUR 119, 127 & 141 and permission.

NUR 130 (2) N
Critical Thinking in Nursing Practice
Intro to critical thinking skills in nursing and the nursing process, with practice applying theory and skills. Coreqs: NUR 115, 116, & 117.

NUR 131 (3.5) N
Clinical Nursing Practice I
Supervised hospital and nursing home practice in medical/surgical care of the child/adult and chronic and convalescent patients. Includes communication and documentation skills. Prereq: All first-quarter NUR courses. Coreq: NUR 118 & NUR 127

NUR 133 (1.5) N
Family Nursing Theory
Study of the care of families, perinatal clients and their partners, infants and children. Nursing care for children will center on health promotion and wellness maintenance as well as parenting. Coreq: NUR 134.

NUR 134 (1.5) N
Family Nursing Clinical
Application of practical nursing care of families, including perinatal clients and their partners, infants and children in a childbirth center and pediatric setting. Nursing care for children will center on health promotion and wellness as well as parenting. Coreq: NUR 133.

NUR 139 (4) N
Transition to LPN Practice

NUR 141 (2) N
Clinical Nursing Practice II
Supervised hospital and nursing home practice with related ward conferences, to expand basic nursing care skills for the convalescent and chronically ill patient, medical/surgical patient, child or adult. Includes communication and documentation skills. Prereq: First two quarters NUR classes. Coreq: NUR 119 & 128

NUR 151 (2.5) N
Basic Pharmacology I & Pharmacy Calculations
Covers basic medications currently used, major drug classifications, generic and brand names, dosages, side effects and other drug interactions. Prereq: Permission.

NUR 152 (2.5) N
Basic Pharmacology II
Continuation of NUR 151. Prereq: Permission.

NUR 153 (.5) N
Administration of Medications
Application of NUR 151 and 152 to clinical setting. Prereq: NUR 151, 152 and 3rd quarter of LPN program.

NUR 154 (1) N
Intravenous Therapy Skills
Intermediate course in intravenous therapy which provides theoretical background for intravenous infusion and clinical application skills using the nursing process. Prereq: First three quarters NUR courses. Coreq: NUR 126 & 139.
**Course Descriptions**

**COMBINED CAMPUS**

**NUR 155 (1-6) N**  
**Special Topics in Practical Nursing**  
Assists foreign students, pre-nursing and advanced placement students to meet special needs for licensure or other student interests. Tailored to meet State Board (LPN) or faculty recommendations to accomplish student/program objectives. Prereq: Permission.

**Licensed Practical Nursing • South •**

**NUR 096 (3-5) S**  
**Intro to Applying Academic Study Strategies**  
Intro to learning strategies, thinking and metacognitive skills needed to succeed in the Healthcare Pathway and Nursing. Apply skills in class while being mentored. Coreqs: enrollment in LPN prereqs.

**NUR 097 (3-5) S**  
**Applying Academic Study Strategies**  
Continue developing learning strategies, thinking and metacognitive skills while being mentored. Coreqs: enrollment in LPN prereqs.

**NUR 098 (3-5) S**  
**Integrating Academic Study Strategies**  
Consolidate and extend learning strategies, thinking and metacognitive skills while being mentored. Coreqs: enrollment in LPN prereqs.

**NUR 170 (12) S**  
**CNA – Basic Health Care**  
Covers basic health care concepts needed to provide nursing care to adults, including maintaining and monitoring patient’s health status, clinical AIDS training and CPR. Covers the nurse’s role in aspects of aging and disability. Provides clinical experience in a variety of long term care settings. Prereq: CASAS score of 220 or higher in reading and math and attend a CNA orientation at SSCC.

**NUR 171 (12) S**  
**LPN I Fundamentals of Nursing**  
Covers concepts of health and wellness, foundations, history, legal ethical principles, and professional and personal boundaries of nursing. Includes medical terminology, total body assessment, nursing process, care plan, critical thinking and communication techniques. Covers health assessment of the body systems, promotion of health across the life span, basic needs of patients, and grief; loss and dying. Studies Integumentary, Gastrointestinal and Urinary Systems. Prereq: CNA certificate and all program prerequisites.

**NUR 172 (12) S**  
**LPN II Medical Surgical Nursing I**  
Analysis and integration of cross-cultural concepts into the nursing process. Covers the pathophysiological concepts of medical surgical nursing, causation of illness and response of the body to current treatment and healing processes of many common illnesses. Includes aging and pharmacological and nutritional concepts. Lab skills correlate to the systems studied. Clinical rotations in long term care facilities. Prereq: NUR 171.

**NUR 173 (12) S**  
**LPN III Medical Surgical Nursing II**  
Foundations of medical surgical nursing, including pathophysiological principles, the body’s attempt to heal and maintain itself, current treatment and promotion of healing. Integrates pharmacological understanding of classes of drugs and the nursing principles of administration and monitoring of medication. Practice in lab and in an acute setting. Prereq: NUR 172.

**NUR 174 (6) S**  
**LPN IV Maternity & Newborn Nursing**  

**NUR 175 (6) S**  
**LPN V Pediatric Nursing**  
Final course in the LPN preparation. Provides an opportunity to review the roles and responsibilities and State Regulations for practicing as a LPN in the State of Washington. Provides preparation for the PN-NCLEX exam. Focus on areas of special interest and complete an individual or group project. Prereq: NUR 172 and 173. Coreq: NUR 174 and ENGL& 101.

**NUR 199 (1-12) S**  
**LPN Practicum**  
Independent clinical practicum for LPN graduates to practice in a clinical setting with a preceptor, gaining in-depth experience in a chosen specialty area. Carry out full-shift nursing care and hone nursing skills in real-life situations in preparation for jobs or further LPN-RN studies. Prereq: NUR 170, 171, 172, 173, 174, NCLEX & LPI/J WA State certification.

**NUR 245 (5) S**  
**Nursing Theory I – Obstetric/Pediatric Nursing**  
Plan and implement care related to various complex conditions of obstetric and pediatric populations. Includes LPN vs. RN role, and the nursing process for this client population. Prereq: Admission to program. Coreq: NUR 246, 247 and 249.

**NUR 246 (1) S**  
**Nursing Lab I**  
Intro to basic concepts of drug therapy and advanced assessments and nursing skills in the obstetric and pediatric setting. Focuses on safe medication administration and nursing care. Emphasizes the role and responsibilities of the nurse in drug therapy. Prereq: Admission to program. Coreq: NUR 245, 247 and 249.

**NUR 247 (5) S**  
**Nursing Experience I**  
Covers supervised obstetric and pediatric nursing care. Develop nursing skills to plan and implement care for clients through the life span. Focuses on promoting normal growth and development and adaptation of children and families to illness. Practice pediatric assessment, planning and care in a supervised pediatric setting. Coreq: NUR 245, 246 and 249.

**NUR 249 (1) S**  
**Health & Wellness**  
Intro to theoretical foundations of health promotion and wellness maintenance across lifespan in a variety of health care settings. Coreq: NUR 245, 246, 247.

**NUR 252 (3) S**  
**Nursing Role – Leadership/Management/Ethical & Legal Issues**  

**NUR 255 (4) S**  
**Nursing Theory II – Psychosocial/Medical Surgical Nursing**  
NUR 257 (5) S
Nursing Experience II
Covers supervised ambulatory, community-based, acute or long term care practice (medical-surgical). Learn to plan and implement care for clients through the lifespans. Clinical hours focus on the psychosocial assessment and therapeutic interventions in psychiatric disorders in a supervised psychiatric care setting. Prereq: NUR 245, 246, 247, 249. Coreq: NUR 252, 255.

NUR 265 (5) S
Nursing Theory III – Medical/Surgical Nursing
Plan and implement advanced care related to various complex illnesses. Prereq: NUR 252, 255, 257. Coreq: NUR 266, 267, and 270.

NUR 266 (1) S
Nursing Lab II
Focuses on concepts of drug therapy and develops knowledge essential for safe medication administration of drugs that affect gastrointestinal, ocular, musculoskeletal, urinary and gynecological function and drugs used in the treatment of cancer and anti-infective medications. Covers the role and responsibilities of the nurse in drug therapy. Prereq: NUR 252, 255, 257. Coreq: NUR 265, 267, and 270.

NUR 267 (3) S
Nursing Experience III
Provides a choice of clinical observation opportunities in acute care to expand clinical skills. Prereq: NUR 252, 255, 257. Coreq: NUR 265, 266, and 270.

NUR 270 (3) S
Senior Practicum

NUR 223 (2) N
Advanced Nursing Skills
With NUR 225 and 231, provides laboratory practice of advanced nursing skills, to prepare for employment as an RN. Prereq: WA state LPN license.

NUR 224 (2) N
Health Promotion Education in Nursing
Provides theoretical knowledge related to planning and implementing educational processes in a health care setting. Prereq: WA state LPN license. Coreq: NUR 226, 227 & 228.

NUR 225 (6) N
Family Nursing
With NUR 231, develops theoretical knowledge of the continuum of wellness and complex health conditions related to family nursing, to prepare for employment as an RN. Prereq: WA state LPN license. Coreq: NUR 223 & 231.

NUR 226 (1.5) N
Care Management & Leadership in Nursing

NUR 227 (7) N
Complex Medical/Surgical-Psychiatric Nursing
Expands theoretical knowledge and nursing care related to various complex medical/surgical and psychiatric health conditions throughout the life span. Prereq: WA state LPN license. Coreq: NUR 228.

NUR 228 (5) N
Complex Nursing Medical/Surgical, Psychiatric Clinical Practice
Covers supervised ambulatory, community-based, acute or long-term care practice (medical-surgical) which enhances nursing skills in order to plan and implement care for patients with acute medical/surgical illnesses and psychiatric disorders. Promotes health through the life span. Prereq: WA state LPN license. Coreq: NUR 227.

NUR 231 (4) N
Family Nursing Clinical Practice
With NUR 223 and 225, prepare for work as an RN. Clinical hours focus on family nursing, normal growth and development, and adaptation of children and families to illness. In a supervised pediatric setting, practice assessment, planning, implementing care, and gain clinical experience with childbearing. Prereq: WA state LPN license.

NUR 233 (0.5) N
Advanced Nursing Skills II

NUR 234 (1.5) N
Implementation of Health Promotion & Health Care Education in Nursing

NUR 235 (1.5) N
Legal Aspects/Care Systems
Understand the role of a Registered Nurse in health care, the community and other health organizations. Explore the history of nursing, current health care, nursing and job market trends. Work with case studies involving legal and ethical nursing issues. Includes Washington State Nurse Practice, licensing, and uniform disciplinary laws and OBRA regulations. Intro to health care systems, funding, organization and function. Prereq: Successful completion of the first 2 quarters with 2.0 or better in all required courses. Coreq: NUR 223, 227 and 228.

NUR 237 (3) N
Advance Medical/Surgical Nursing Care
Covers theory needed to plan and implement culturally competent care for diverse populations related to various complex conditions of illness throughout the lifespan. Study how this care may impact treatment modalities. Prereq: LPN license in Washington state. Coreq: NUR 224, NUR 226and 238.

NUR 238 (5) N
Transition to Registered Nursing Practice

LPN-RN Transition • Central •
Nursing experiences continual changes in courses to keep current with medical technology.

NUR 106 (8) C
LPN-RN Transition
Designed for the LPN to make a successful transition to RN student at the 4th quarter level. Emphasis on applying critical thinking and nursing process to selected physiological and psycho-social alterations. Individualized instruction based on initial diagnostic assessment. Coreq: NUR 120.

**NUR 207 (4) C**

**Course Descriptions**

**NUR 101 (5) C**

**LPN-RN Transition: Assessments & Intervention**

Integrates critical thinking in practical care-giving situations. Emphasis on principles used in performing selected nursing skills in various contexts. Coreq: NUR 106.

**NUR 102 (3) C**

**Nursing I: Fundamentals of Nursing**

Intro to core nursing concepts, organized around the individual as a biopsychosocial being, constantly interacting with and adapting to a changing environment. Covers principles of critical thinking, the nursing process, the role of the nurse, cultural views of health and principles of growth and development with emphasis on the aging process. Addresses images and impressions of nursing, current trends in health care delivery and legal and ethical issues in nursing. Coreq: NUR 111, 122 and MATH& 107.

**NUR 103 (4) C**

**Nursing II: Medical-Surgical Nursing**

First of 4 medical-surgical theory courses. Develop a comprehensive understanding of homeostasis and the adaptation of clients to the complex processes of the physiologic mode. Emphasis on alterations in fluid and electrolyte balance, acid-base balance, endocrine functions, compromise in wound healing and peripheral vascular circulation. Prereq: Completion of 1st quarter with 2.5 or higher. Coreq: NUR 112, 123 & NTR 150.

**NUR 111 (3) C**

**Nursing Practice I**

**NUR 112 (3) C**

**Nursing Practice II**

Builds on NUR 111. Apply concepts relevant to adaptation in the basic physiological and psychosocial modes, client response and administration of medications. Assess the four adaptive modes. Gain experience in complete assessment, care planning and principled application of nursing skills in practice lab and clinical setting. Prereq: Completion of 1st quarter with 2.5 or higher. Coreq: NUR 102, 123 and NTR 150.

**NUR 113 (4) C**

**Nursing Practice III**

Builds on NUR 112. Emphasizes integrating nursing theory, clinical data, skills in providing nursing care and developing priorities. Assess the four adaptive modes, gain experience in individualized assessment and care planning and apply nursing skills in practice lab and clinical setting. Prereq: Successful completion of 2nd quarter. Coreq: NUR 103, 185 & PSYC& 200 or PSY 206.

**NUR 114 (3) C**

**Nursing Practice IV**

Builds on the foundation established in NUR 111, 112 and 113.

**NUR 122 (2) C**

**Psychosocial Nursing I**

First of 2 psychosocial nursing courses. Focuses on communication pertinent to the care of clients in various health care settings throughout the lifespan. Practice therapeutic and professional communication techniques. Assess adaptation in self-concept, role function and independence of clients who are coping with acute and chronic illness. Learn group process. Coreqs: NUR 101, 111 and MATH& 107.

**NUR 123 (4) C**

**Pharmacology for Nursing**

Intro to basic concepts of drug therapy, roles and responsibilities of nurses, and applying critical thinking and the nursing process for safe medication administration. Includes terminology, resources and regulations related to drug therapy and principles of pharmacoanetics, pharmacodynamics and pharmacotherapeutics. Major classifications of drugs include autonomic nervous system agents; parenteral fluids; electrolytes; vitamins and minerals; endocrine, neurologic, respiratory and selected cardiovascular agents; anesthetic, immune system and gastrointestinal agents. Coreqs: NUR 102, 112 & NTR 150.

**NUR 185 (2) C**

**Gerontology for Nurses**

Study adaptations of normal aging, differentiating these adaptations from disease and learn the implications for nursing care. Covers psychosocial, legal and ethical issues common in gerontological nursing practice. Prereq: Completion of 2nd quarter with a 2.5 or higher. Coreq: NUR 103, 113 and PSYC& 200 or PSY 206.

**NUR 190, 191, 192 (2 EACH) C**

**ADN Study Group I, II, III**

Enhances the lecture material presented in required core nursing courses each quarter. Focuses on understanding concepts relevant to adaptation in the basic physiological and psychosocial modes. Emphasizes the nursing process as the scientific basis for practice. Coreqs: Enrollment in all concurrent Nursing courses for the quarter specified.

**NUR 201 (2) C**

**Nursing IV: Psychosocial Nursing II**

Second of 2 psychosocial nursing courses. Builds on NUR 122 (or NUR 106). Focuses on caring for clients with mental illness using a system with cognitor and regulator subsystems to maintain adaptation in the four adaptive modes. Covers psychosocial assessment and therapeutic interventions in psychiatric disorders at three levels: integrated, compensatory and compromised. Prereq: Completion of 3rd quarter or LPN/RN Transition courses with 2.5 or higher. Coreq: NUR 211, 206, 216.

**NUR 206 (3) C**

**Nursing IV: Medical-Surgical Nursing**

Third of 4 medical-surgical courses. Builds on NUR 101, 102 & 103. Develop a comprehensive understanding of homeostasis and the adaptation of clients to the complex processes of the physiologic mode. Emphasizes alterations in select integumentary and immune or protective responses and surgical therapies. Prereq: Completion of 3rd quarter or LPN/RN Transition courses with 2.5 or higher. Coreq: NUR 201, 211, 216.

**NUR 207 (4) C**

**Nursing V: Medical-Surgical Nursing**

Fourth of 4 medical surgical courses. Builds on NUR 101, 102, 103 & 206. Develop a comprehensive understanding of homeostasis and the adaptation of clients to the complex processes of the physiologic mode. Emphasizes acute respiratory, acute cardiovascular, gastrointestinal and renal alterations. Prereq: Completion of 4th quarter with 2.5 or higher. Coreq: NUR 217, 220.
NUR 208 (6) C
Nursing VI: Developing Family Nursing
Develop a comprehensive understanding of homeostasis and the adaptation of maternal, newborn and pediatric clients to the complex processes of the physiologic mode. Emphasizes learning and promoting normal family development and understanding adaptive and maladaptive physiologic and psychosocial responses to childbearing, childrearing and illness in childhood. Prereq: Completion of 5th quarter with 2.5 or higher. Coreq: NUR 218, 230.

NUR 211 (3) C
Nursing Practice IV-A
In a psychiatric setting focus on adaptation in the basic physiological and psychosocial modes and client response. Integrates nursing theory, clinical data and skills in nursing care and developing priorities. Assess the four adaptive modes in clinical setting, gain experience in individualized assessment and care planning and apply therapeutic skills in practice lab and clinical setting. Prereq: Completion of 3rd quarter LPN/RN Transition courses with 2.5 or higher. Coreq: NUR 201, 206, 216.

NUR 216 (3) C
Nursing Practice IV-B
Focuses on concepts relevant to adaptation in the basic physiological and psychosocial modes and client response. Emphasizes comprehensive care and the relationships of the various components of client data and health care interventions. Assess the four adaptive modes, gain experience in individualized assessment and care planning and apply nursing skills in practice lab and clinical setting. Prereq: Completion of 3rd quarter Nursing or LPN/RN Transition with 2.5 or higher. Coreq: NUR 201, 206, 211.

NUR 217 (5) C
Nursing Practice V
Study adaptation in the basic physiological and psychosocial modes and client response. Emphasizes analysis of client data and health care interventions, initiating nursing assessments and interventions, health promotions and education and developing leadership skills. Assess the four adaptive modes, gain experience in individualized assessment and care planning and apply nursing skills in a variety of clinical settings. Prereq: Completion of all 4th quarter with 2.5 or higher. Coreq: NUR 207 & 220.

NUR 218 (3) C
Nursing Practice VI
Emphasis on adaptation in the developing family. Apply concepts from NUR 208 relevant to adaptation in the basic physiological and psychosocial modes and client response. Assess the four adaptive modes in the clinical setting. Obtain experience in individualized assessment, care planning, and principled application of nursing skills in a variety of clinical settings. Coreqs: NUR 208, 230.

NUR 220 (2) C
Health Promotions & Managing Care in Nursing
Intro to theoretical foundations of health promotion, education and wellness maintenance across the lifespan and to the leadership role in Nursing. Emphasizes planning health promotions and managing care in a variety of settings. Addresses leadership in nursing: traits, styles, problem-solving, change, team communication, conflict management, delegation, time management and the implications of health care trends. Linked to final medical-surgical rotation. Prereq: Completion of 4th quarter with a 2.5 or higher. Coreq: NUR 207 & 217.

NUR 230 (2) C
Transition to Professional Nursing Role
Covers the transition from the role of student to Registered Nurse. Focuses on the role of the RN in health care, the community and organizations. Emphasizes professional and legal obligations, obtaining and maintaining licensure, professional organizations, continuing education and job searching. Includes preparation for the NCLEX/RN exam. Prereq: Completion of 5th quarter with a 2.5 or higher. Coreq: NUR 208 & 218.

NUR 290, 291, 292 (2 EACH) C
ADN Study Group IV, V, VI
Enhances the lecture material presented in required core nursing courses each quarter. Focuses on understanding concepts relevant to adaptation in the basic physiological and psychosocial modes. Emphasizes the nursing process as the scientific basis for practice. Coreqs: Enrollment in all concurrent Nursing courses for the quarter specified.

NUR 299 (1-5) C
Independent Study in Nursing
Independent study in selected nursing topics under faculty supervision. Prereq: Permission.

NUTRITION
NTR 105 (5) N
Intro to Food Science
Studies biological and chemical consequences of food preparation. Explores questions such as: why cut potatoes turn brown, why starch thickens sauces and why bread rises.

NTR 150 (5) C,N,S
Human Nutrition
Intro to nutrition, emphasizing relationship of nutrition to growth, development, health, physical and mental functioning. Examination of sources, functions, interrelationships and human requirements of nutrients.

NTR 155 (5) C,N
Advanced Human Nutrition
Covers contemporary topics in nutrition. Emphasis on origins of the American diet, nutrition’s role in disease and behavior and the safety of the food supply. Prereq: NTR 150.

NTR 160 (5) N
American Food Ways
Explores the evolution of the North American diet and eating rituals. Looks at the foods available in U.S. supermarkets which reflect the contributions of American native populations and immigrants from Europe, Asia, Africa, South America and the Pacific Islands.

OCEANOGRAPHY
OCEA& 100 (5) C,N,S
Intro to Oceanography
Survey of the ocean in terms of physical, chemical, geological and biological processes and the human influence upon the ocean’s natural equilibrium processes.
OCEA& 101 (5) C
Intro to Oceanography with Lab
Explore the basic fields of ocean science: marine geology, biological, chemical and physical oceanography. Investigate natural disasters in the Pacific Northwest, the effects of climate change on the ocean, tribal whaling and fisheries decline. Lab. Prereqs: Eligibility for ENGL& 101 and MATH 084.

OCEA 298 (1-5) C
Special Topics: Oceanography
Selected topics or activities in oceanography. Prereq: Permission.

OCEA 299 (1-5) C
Independent Study
Study of selected topics in oceanography. Prereq: OCE 100 and permission.

OFFICE ASSISTANT
See Business Computers programs at SVI, page 174.

OPTICIANRY, SCHOOL OF

OPH 100 (2) C
Orientation to Ophthalmic Dispensing
Intro to optical mechanics, ophthalmic dispensing and optics and products. Overview of the optical business and the job of the ophthalmic dispenser. Prereq: Eligibility for ENGL& 101, MATH 110 and permission.

OPH 101 (5) C
Optical Theory I
Focuses on ophthalmic lens optics and eyeglass fabrication process. Intro to practical application of ophthalmic lens equations. Includes study of powers of spectacle lenses including ophthalmic prisms and aberrations.

OPH 102 (4) C
Optical Theory II
Continuation of OPH 101. Introduces refraction and refraction principles. Emphasis on light theories, propagation, ray tracing, plane surfaces and prisms.

OPH 103 (3) C
Optical Theory III
Covers multi-focal lenses: origin, development, types and applications. Includes study of presbyopia and other conditions requiring correction and introduces presbyopic prescription analysis.

OPH 105 (3) C
Ocular Anatomy & Physiology
Covers anatomy and physiology of the human eye, including relation of ocular anatomical structures to the visual process. Emphasis on oculicr terminology.

OPH 106 (5) C
Contact Lens Technology I
Covers basic principles of contact lenses: history, manufacturing methods, terminology, optics, equipment for fitting and evaluation of contact lens candidates. Lab demonstration on use of radius gauge, ophthalmometer, thickness and diameter gauges, shadow graph and biomicroscope.

OPH 107 (5) C
Ophthalmic Dispensing I
Intro to responsibilities of the ophthalmic dispenser, including facial measurements, cosmetic considerations, frame fitting and selection based on prescription. Includes practical projects, role-playing and demonstrations.

OPH 108 (5) C
Ophthalmic Dispensing II
Covers ophthalmic dispensing procedures relating to complex prescriptions: fitting, adjusting and ordering procedures with emphasis on multi-focal and absorptive lenses. Includes low-vision aids. Refines communication skills.

OPH 110 (3) C
Optical Lab Technology I
Covers lens surface grinding, ophthalmic laboratory procedures, laboratory safety procedures, lens planing and design as related to eyeglass fabrication and basic optical terminology. Prereq: Eligibility for ENGL& 101 and MATH 110.

OPH 111 (3) C
Optical Lab Technology II
Continuation of OPH 110. Intro to lab machinery, including applications, maintenance and repair, operation of focimeter, application of optical instruments and tools. Covers ophthalmic lens inspection process.

OPH 112 (3) C
Optical Lab Technology III
Continuation of OPH 111, with emphasis on lens edging process. Covers manual skills, processing flow of the finishing laboratory, lens standards and insertion of hand-edged projects into plastic and metal frames.

OPH 113 (5) C
Finishing I
Covers finishing work with emphasis on procedures and machinery for automatic edging. Studies American National Standards Institute guidelines. Intro to lens toughening procedures and stress testing.

OPH 197, 198, 199 (2-5) C
Work Experience – Opticianry
Earn work experience credit in the field of opticianry. Prereq: Permission.

OPH 203 (5) C
Contact Lens Technology II
Covers basic fitting techniques of hard and soft lenses. Includes patient instruction and contact lens adjustments. Examines bifocal, scleral and specialty lenses.

OPH 204 (6) C
Contact Lens Technology III
Continuation of OPH 203. Emphasis on available lenses, solutions and accessories; diagnostic and fitting skills; development of biomicroscopy and keratometry skills.

OPH 205 (2) C
Contact Lens Technology IV
Continuation of OPH 204. Emphasis on ocular surfaces in interaction with foreign objects, ocular pharmacology and the refractive examination.

OPH 211 (5) C
Finishing II
Continuation of finishing laboratory skills, with emphasis on efficient production flow. Includes layout of multi-focal lenses and study of plastic lenses and tinting.

OPH 212 (5) C
Finishing III
Continuation of OPH 211. Emphasis on efficiency, speed and accuracy. Includes finishing procedures for special lenses, frames and mountings.

OPH 215 (3) C
Benchwork Procedures
Independent work on projects to develop production skills and workmanship. Lab time is scheduled, but students choose project completion date.
 COURSE DESCRIPTIONS

SCC 2010-2012 CATALOG  SEATTLE COMMUNITY COLLEGES

PARINT EDUCATION

Parent-Child Study Laboratory

Students with children birth through 6 years of age enroll in classes according to the age of their child. The students attend the laboratory one day a week with their child and one evening class each month. Course content focuses on child development, positive guidance, health and safety, living in a diverse society, family issues and other parenting concerns depending on the age of the student's child.

FAM 040, 041, 042 (2.5) C
FAM 047, 048, 049 (3) S
FAM 050, 051, 052 (2.5) C
FAM 053, 054, 055 (3) S
FAM 060, 061, 062 (2.5) C
FAM 063, 064, 065 (3) S
FAM 070, 071, 072 (2.5) C
FAM 073, 074, 075, 079 (3) S
FAM 080, 081, 082 (2.5) C
FAM 083, 084, 085 (1-3) S
FAM 090, 091, 092 (2.5) C
FAM 093, 094, 095 (1-3) S
FAM 146, 147, 148 (1-3) N

PHARMACY TECHNICIAN

AHI 100 (3) N
Intro to Medical Vocabulary
General survey of medical terminology introducing health service workers to the basic rules and fundamentals in medical vocabulary-building.

PHA 112 (2) N
Pharmacy Law
Intro to federal and state laws regulating pharmacy practice. Emphasis on Washington state pharmacy law regulating pharmacy technicians.

PHA 141 (2) N
Sterile Products & Aseptic Technique II
Continuation of PHA 140. Focus on the preparation of cardiac and other iterable drips, IV antibiotics, chemotherapy, IVPs and TPNs. Intro to hospital application software. Includes lab.

PHA 145 (1) N
Pharmacy Ethics
Focus on commonly encountered ethical dilemmas from pharmacy practice. Intro to ethical decision-making models and problem-solving.

PHA 150 (3) N
Pharmacology I
Covers the principals of drug action including pharmacokinetics, anatomy and physiology of the nervous system and the drugs used in the treatment of disorders of the nervous system.

PHA 151 (3) N
Pharmacology II
Continuation of PHA 150. Covers the anatomy and physiology of the cardiovascular, gastrointestinal, endocrine and respiratory systems. Emphasis on the treatment of diseases of cardiovascular, gastrointestinal, and respiratory systems.

PHA 155 (1-4) N
Special Topics
Covers a variety of communication and leadership activities, including staff relationships, preparing a resume and interviewing. Prereq: Permission.
PHARMACY TECHNOLOGY I
Covers many uses of computers in pharmacy practice. Gain proficiency using two different pharmacy prescription-filling software programs. Fill real prescriptions in pharmacy lab.

PHARMACY TECHNOLOGY II
Continuation of PHA 160. Intro to the top 200 drugs. Use pharmacy software to process real prescriptions in the pharmacy lab. Study computerized insurance billing and report generation. Intro to hospital and nursing home application software.

PHARMACY RECORDS MANAGEMENT
General overview of skills required to work in a retail pharmacy (ambulatory care). Introduces the skills to interpret prescriptions, such as Latin abbreviations, the top 200 drugs and apothecary symbols. Covers inventory control, third party insurance billing and pharmacy record-keeping.

PHARMACY TECHNICIAN EXTERNSHIP
Gain pharmacy technician experience in participating agencies, classroom guidance in assimilating experience and classroom assistance with problems. (13 credits generally provided over two-quarters, 5 + 8 credits).

PHARMACY SELF-CARE PRODUCTS & PRACTICES
Addresses a broad range of health concerns, including how to identify common conditions amenable to self-care: how to select appropriate treatment options ranging from non-prescription to non-drug therapies; how to prevent adverse effects from the use of medications; and strategies to encourage healthier lifestyle habits. Also addresses the rationale behind conventional and alternative/complementary therapies.

PHLEBOTOMY
Also see Phlebotomy Program at SVI.

INTRO TO PHLEBOTOMY
Provides theory of basic blood collection techniques and supervised blood collection practice. Provides support for ESL and Adult Basic Education students.

INTRO TO PHLEBOTOMY 2
Provides theory of basic blood collection techniques, supervised blood collection practice and a clinical externship of 120 hours. Provides support for ESL and Adult Basic Education students.

PHILOSOPHY

PHILOSOPHY

PHILOSOPHY

INTRO TO LOGIC
(Formerly PHI 120) Examines the principles of Aristotelian and symbolic logic, deductive argument and proof. Covers the meaning of language and its place in the reasoning process. Includes the application of logic to other fields. Fulfills QSR requirement for A.A. degree.

INTRO TO SOCIAL ETHICS
Includes philosophical analysis of current or perennial issues in public affairs, such as the nature and scope of freedom in society, the justification of democratic government and the nature of social justice.

INTRO TO BIOETHICS
Examines ethical questions surrounding clinical medical practice, ethical issues in biomedical research and more general ethical questions concerning the maintenance and improvement of the health and well-being of communities at local and global levels. Focuses on newly emerging infectious diseases (AIDS, drug-resistant tuberculosis) and on environmentally-induced diseases, such as asthma, cancers, chemical sensitivity and reproductive disorders.

PRACTICAL REASONING & DECISION-MAKING
Emphasizes a non-symbolic approach to logic and critical thinking. Emphasis on analyzing and evaluating real life examples of reasoning.

HISTORICAL INTRO TO THE PHILOSOPHY OF SCIENCE
Covers the historical development of selected concepts from science and the philosophy of science.

INTRO TO ETHICS
Deals with questions: “What am I to do” and “why”; “What am I to be”; and “How can I be what I choose to be” Examines ethical principles of Aristotle, Mill, Aquinas, Kant, existentialism and situation ethics. Includes current problems in medical ethics. Explores ideas of duty, justice, responsibility, virtue and human excellence.

ENVIRONMENT & HUMAN RIGHTS
Addresses ethics and human rights standards in general as well as the relevance of norms and instruments for environmental concerns. Examines ways ethical principles and international human rights norms apply to specific environmental and sustainability issues. Covers practical measures taken by human rights organizations to effect change.

LIBERATION ETHICS
Examines the morality of liberation, through general theoretical and conceptual analysis, with the focus of inquiry on conceptions of liberty, oppression and justice. Also examines personal identity and individual community/social interaction; social/cultural groups within the United States and North America; and social/cultural groups outside of North America and Western Europe.

CONCEPTUALIZING RACE/CONFRONTING RACISM
Focuses on questions and topics of race. What is race? Do/should races exist? What is the nature of racism? What is the relationship between racism and other forms of oppression? Is there only one primary system of oppression? What, if any, is the nature of the relationship between believing that races exist and being a racist? Can we/should we eradicate racism? Is celebrating the distinctive features of racial identity racist or anti-racist?

Prereq: Eligibility for ENGL 101 or ENG 101.
PHIL 250 (5) C
Feminist Philosophical Perspectives
Focuses on questions such as the nature of sexism and feminism; “sisterhood” as an empowering, unifying truth or an oppressive, difference-stifling myth; the relationship between sexism and other forms of oppression; and between sex and gender. Is celebrating feminism a uniquely female way of knowing or is it being morally judgmental, sexist or feminist? Prereq: Eligibility for ENGL& 101 or ENG 101.

PHIL 255 (5) C
Marxist Philosophy Examined
Examines Marxist philosophy: What is the nature of capitalism? What is exploitation? What are some Marxist criticisms of capitalism? Does Marxism clarify or distort the phenomenon of racism? What reasons, if any, are there why lesbians, gays, or bisexuals should support Marxism? Is Marxism Eurocentric? Can a person consistently support both Marxism and feminism? Must a Marxist be opposed to religion? What is political freedom? Prereq: Eligibility for ENGL& 101 or ENG 101.

PHIL 267 (5) C,N,S
Philosophy of Religion
Explores major issues of religion, including the nature of religious experience, the idea of the holy, God and gods, the problem of evil, the quest for transcendence, the question of authentic and unauthentic religious forms, religious relativism, mysticism and the contemplative life.

PHIL 298 (1-5) C,N,S
Special Topics in Philosophy
Independent study in selected philosophical topics under faculty supervision. Prereq: Permission.

PHIL 299 (3-5) C,N,S
Special Problems in Philosophy
Examines great philosophical questions and philosophers by instructor and student agreement.

PHOTOGRAPHY – COMMERCIAL PHOTOGRAPHY

PHO 111 (4) C
Camera Techniques I
Learn the function and operation of a large format 4x5 view camera, 210 mm lens, tripod, exposure meter and other equipment needed to operate it. Study the function and operation of the camera controls: swings, tilts, rise and fall, angle of coverage and image circle of the lenses, apertures and shutter speeds. Addresses light meter functions and methods and techniques of determining proper film exposures. Prereq: 1st quarter standing.

PHO 112 (3) C
Camera Techniques II
Continue learning the use and operation of the large format 4x5 view camera. Develop additional skills in view camera control, adjustments and lenses with emphasis on perspective and distortion control. Emphasis on commercial photography studio assignments. Learn to assist a photographer through teamwork. Prereq: 2nd quarter standing.

PHO 113 (3) C
Studio Techniques I
Intro to color photography, color theory and photographic history by exploring important theoretical/technical career with an overview of professional Survey.

PHO 121 (4) C
Lighting Techniques I
Covers basic concepts of two-dimensional lighting: the laws, principles and professional practices with light, including direct/indirect sunlight and tungsten light sources. Emphasizes lighting for form, texture and separation with basic three-dimensional objects. Includes light safety procedures in a studio environment and with tungsten lighting equipment. Prereq: 1st quarter standing.

PHO 122 (4) C
Lighting Techniques II
Study advanced tungsten lighting techniques and light controls. Covers sensitive lighting techniques such as the relationship between the light sources and subject positioning in classic portraiture. Includes studio set-building skills. Prereq: PHO 121.

PHO 123 (3) C
Location Stock Techniques
Prepare for shooting on location. Learn basic techniques, equipment and logistical planning required to successfully shoot on location. Build sets on location and solve problems on site. Provides practical experience as a photographer’s assistant. Prereq: PHO 122.

PHO 131 (3) C
Digital Darkroom I
Explore darkroom procedures and equipment, including safe use of processing facilities, chemicals, developers, stop baths and fixers. Learn various films, film and paper speed, film development, print processing, contact printing, enlarging, working with variable contrast photographic papers, print finishing, dry mounting and presentation techniques. Experiment with alternative photographic methods and basic darkroom manipulation. Prereq: 1st quarter standing.

PHO 132 (3) C
Digital Darkroom II
Explore advanced means of contrast control including the Zone System. Study film processing techniques for multiple film formats. Develop advanced skills in black and white photography, film testing and evaluation. Prereq: 2nd quarter standing.

PHO 133 (3) C
Retail Photography
Understand the business practices and photographic techniques required for successful consumer photography. Examine photo-imaging business practices, marketing and merchandising, client location, purchaser and end-user of the various photographic products and/or services available. Study large format camera operation and traditional film processing techniques. Prereq: 3rd quarter standing.

PHO 141 (3) C
Professional Survey
Intro to professional photography as an aesthetic/technical career with an overview of photographic history by exploring important figures, trends and styles. Explore employment options, working relationships, entry-level issues, time management and basic organizational methods. Emphasis on synthesized research, active listening and public speaking. Prereq: 1st quarter standing.

<tr>
<td>PEC 133</td>
<td>2</td>
<td>S</td>
<td>Intro to basics, including offense and defense, current strategies, techniques, rules and trends. Practice basic skills in game situations. Emphasizes practical, skill-based training, technique and equipment.</td>
</tr>
<tr>
<td>PEC 136</td>
<td>2</td>
<td>C,N,S</td>
<td>Covers postures or asanas, breathing, meditation exercises for physical and mental fitness. Presents yoga as a philosophy and an art form, introducing a number of poses with their purposes.</td>
</tr>
<tr>
<td>PEC 137</td>
<td>2</td>
<td>S</td>
<td>Builds on PEC 136 with stronger asana/postures and further discussion of Yoga principles and philosophy. Prereq: PEC 136 or permission.</td>
</tr>
<tr>
<td>PEC 143</td>
<td>2</td>
<td>C,N</td>
<td>Develops cardiorespiratory fitness through progressive workouts including warm-ups, walking sessions and cool-downs. Covers safety, walking technique and issues and trends related to walking and physical fitness.</td>
</tr>
<tr>
<td>PEC 145</td>
<td>2</td>
<td>N</td>
<td>Develops cardiorespiratory fitness through progressive workouts including warm-ups, walking sessions and cool-downs. Covers safety, jogging technique and issues and trends in jogging and physical fitness.</td>
</tr>
<tr>
<td>PEC 150</td>
<td>1-3</td>
<td>N,S</td>
<td>Instruction in developing, executing and maintaining individualized fitness programs. Emphasis on cardiorespiratory fitness, muscular strength and endurance and flexibility. Includes fitness, nutrition and wellness.</td>
</tr>
<tr>
<td>PEC 151</td>
<td>1-3</td>
<td>N,S</td>
<td>Instruction in manipulating existing individualized fitness programs to meet personal goals, emphasizing health-related fitness. Includes fitness, nutrition and wellness.</td>
</tr>
<tr>
<td>PEC 155</td>
<td>3</td>
<td>N</td>
<td>Provides instruction in advanced rescue skills including two-person CPR, pocket mask, bag-valve-mask and automated external defibrillation (advanced certification available).</td>
</tr>
<tr>
<td>PEC 160</td>
<td>2</td>
<td>C,N</td>
<td>Development of cardiorespiratory and musculoskeletal fitness by incorporating choreographed, rhythmical movements performed on a bench designed for step aerobics. Sculpting incorporates handheld weights, resistance bands, body bars, and other equipment.</td>
</tr>
<tr>
<td>PEC 162</td>
<td>2</td>
<td>N</td>
<td>For all experience levels. Gain or maintain overall fitness levels. Workouts include warm-up, cardiovascular, cool-down, strengthening, and flexibility components. Perform dynamic, large-muscle movements on a bench designed for step aerobics. Sculpting incorporates handheld weights, resistance bands, body bars, and other equipment.</td>
</tr>
<tr>
<td>PEC 165</td>
<td>2</td>
<td>C,N,S</td>
<td>Improve muscular strength, muscular endurance and flexibility of the upper body, abdominals, back and lower body by using lightweight resistance equipment. Workouts consist of resistance exercise performed to music, stretching and fitness-related discussions.</td>
</tr>
<tr>
<td>PEC 170</td>
<td>2</td>
<td>N</td>
<td>Covers fundamentals of dance technique while improving strength, flexibility and anaerobic capacity. Builds postural awareness and develops motor skills through jazz style, which borrows from ballet and contemporary street dance. Includes safety, injury prevention, spinal health and nutrition.</td>
</tr>
<tr>
<td>PEC 175</td>
<td>2</td>
<td>N</td>
<td>Covers fundamentals of ballet style. Stresses proper technique and body mechanics to avoid dance-related injury. Emphasis on flexibility and strength, focusing on basic movements (plie, tendu, developpe and battement), joint stability and range of motion. Includes “kinesthetic memory,” basic nutrition, rest and the application of ballet to other dance and movement styles.</td>
</tr>
</tbody>
</table>
### COMBINED CAMPUS

#### PEC 180 (2) N
**Total Body Training**
Incorporates an overall conditioning plan through a variety of activities selected to improve aerobic stamina, muscular strength and endurance, and flexibility. Activities may include high-low and step aerobics, weight training/sculpting, kickboxing, yoga, Pilates and circuit training.

#### PEC 298 (1-5) N,S
**Special Topics**
Seminar on selected topics and/or activities in physical education. Prereq: Variable, depends on topic.

#### PEC 299 (1-5) N,S
**Independent Study**
Independent study of approved topics in physical education. Prereq: Permission.

---

### PHYSICS

#### PHYS& 100 (5) C,N,S
**Physics for Non-Science Majors**
(Formerly PHY 100 – Survey of Physics) Basic laws of physics, such as motion, sound, gravitation, energy, heat and temperature, electricity and magnetism, light, relative, quantum theory, and nuclear physics. For non-majors. Non-lab course.

#### PHYS 107 (5) C,N,S
**Intro to Physics**
For non-majors. Study basic laws of physics through inquiry and learn to use the scientific method to predict, test, analyze and extend experiments demonstrating key concepts of physics. Perform and author experiments and effectively document observations, experimental designs and analyses.

#### PHYS 111 (5) S
**Technical Physics I**
Includes force, linear and angular motion; work, energy, and power; rotation, torque, and power transmission; friction and the analysis of basic machines; structure of materials and the properties of solids. Prereq: MATH 111.

#### PHYS 112 (5) S
**Technical Physics II**
Explores properties of solids, liquids, and gases; temperature and the effects of heat; specific heat, heat transfer, basic thermodynamics, heat engines; wave motion; illumination; refractions, resonance and interference. Prereq: Basic algebra and PHY 111.

#### PHYS 113 (5) S
**Technical Physics III**
Covers electrostatics, direct current circuits, magnetism, electromagnetic induction, alternating current, capacitance, inductance, resonance, vacuum tubes and transistors. Prereq: Basic algebra and PHY 112.

#### PHYS 118 (5) N
**Technical Physics for Electronics**
Intro to the physics of electricity and magnetism. Includes study of energy, work, harmonic motion and waves, electrostatics, magnetism, electrodynamics and electromagnetic waves. Prereq: MATH 106 and SCI 101.

#### PHYS & 121 (5) C,N,S
**General Physics I**
(Formerly PHY 101) First of three non-calculus-based courses covering the field of physics. Includes kinematics, vectors, forces, dynamics, work, energy, momentum, torque and gravitation. Lab included. Fulfills QSR requirement for A.A. degree. Prereq: MATH 098 (with 2.2 or higher) (C); MATH 099.

#### PHYS & 122 (5) C,N,S
**General Physics II**
(Formerly PHY 102) Continuation of PHYS& 121. Covers heat, gas laws, electricity, magnetism and electrical circuits. Lab included. Fulfills QSR requirement for A.A. degree. Prereq: PHYS& 121 or PHY 101 or permission.

#### PHYS & 123 (5) C,N,S
**General Physics III**
(Formerly PHY 103) Continuation of PHYS& 122. Covers electromagnetic waves, optics, atomic and nuclear physics. Lab included. Fulfills QSR requirement for A.A. degree. Prereq: PHYS& 121 or PHY 101 (N); PHYS& 122 or PHY 102 or permission (C,S).

#### PHYS 198 (5) N
**Physics Workshop**
A problem-solving workshop approach to physics topics considered appropriate by the instructor and/or physics faculty. Prereq: Permission.

#### PHYS & 221 (5) C,N,S
**Engineering Physics I**
(Formerly PHY 201) Calculus-based study of kinematics, dynamics, energy, and momentum in linear and rotational coordinates and Newton’s Laws of Motion. Lab included. Fulfills QSR requirement for A.A. degree. Prereq: MATH& 151 or MAT 124 with 2.2 or higher (C); with 2.0 or higher (N,S) and one year of high school physics.

#### PHYS & 222 (5) C,N,S
**Engineering Physics II**
(Formerly PHY 202) Covers Maxwell’s classical laws of electricity and magnetism which developed from the study of the Laws of Coulomb, Ampere, Gauss and Faraday. Lab included. Fulfills QSR requirement for A.A. degree. Prereq: PHYS& 221 or PHY 201 and MATH& 152 or MAT 126.

#### PHYS & 223 (5) C,N,S
**Engineering Physics III**
(Formerly PHY 203) Intro to waves and oscillations and the study of sound, geometric and physical optics. Covers the dualistic particle-wave nature of microscopic phenomena as an intro to modern physics. Lab included. Fulfills QSR requirement for A.A. degree. Prereq: PHYS& 221 or PHY 201 (N); PHYS& 222 or PHY 202 (C,S).

#### PHYS 298 (1-5) C,N,S
**Special Topics**
Independent work in physics laboratory and/or library. Prereq: Permission.

#### PHYS 299 (1-5) C,N,S
**Independent Study - Physics**
Independent study of physics problems or topics. Prereq: Permission.

---

### POLITICAL SCIENCE

#### POLS & 101 (5) C,N,S
**Intro to Political Science**
(Formerly POL 101) Intro to theory, organization, politics and administration of government. Includes political theory, comparative systems, political socialization, public administration, political parties and elections and international relations. Foundation course for political science studies.

#### POLS 111 (5) C,N
**The American Presidency**
Examines the exploration of the American presidency. Includes the presidents’ personalities, character, leadership and public relations. Examines presidential campaigns and the roles of the president as Chief Diplomat, Chief Executive, Chief of State, Commander-In-Chief and Chief Bureaucrat.

#### POLS 112 (5) C,N
**The Contemporary World**
Intro to the nation-state system, elements of power and major problems facing nation-states today including population, hunger, nuclear proliferation, energy, nationalism and North-South/East-West relations. May be taken for international studies credit as ISP 112.
POLS 170 (5) C,S Minority Politics in America
Focuses on socio-political developments leading to current status of minorities in America. Covers critical review of proposed solutions to minority tensions.

POLS& 202 (5) C,N,S American Government
(Formerly POL 102) Survey of the origin and development of the U.S. government. covers Colonial history, the Confederacy and the creation of a federal system, the functions of Congress, the presidency and courts. Includes interest groups, civil liberties, political parties and elections.

POLS& 203 (5) C,N,S International Relations
(Formerly POL 230) Intro to international and regional governmental organizations. Examines major issues in the international arena including nationalism, rise of the Third World, imperialism, the arms race, environmentalism and foreign policy. Emphasis on issues which foster or frustrate world peace and prosperity.

POLS 205 (5) C,S Political Economy
Study of basic economic terms and concepts, by surveying various nations and regions politically and economically. Study how nations and regions economically compete with one another. Includes study of human and non-human resources, the international monetary system, government business activity, development and international law.

POLS 206 (5) C Bill of Rights
(Formerly POL 204) Survey of the origin and development of judicial review and concepts of civil rights and civil liberties. Covers due process, free speech, religion and equal protection. Includes background on current U.S. court and legislation decisions.

POLS 213 (5) N Women & Politics
Intro to concepts of power and policy issues as they relate to women. Covers theoretical, historical and empirical studies of women’s participation in social and political movements nationally and internationally. Studies women’s diverse roles in relation to family, economics, labor, government and law.

POLS 217 (3-7) N Internship in Politics
Intern as a participant-observer in a political campaign, political party or special interest group. Increase political sophistication by exposure to decision-making experiences. Prereq: Permission.

POLS 220 (5) N,S Comparative Political Systems
Covers democratic and authoritarian governments. Includes political and economic systems of wealthier nations of the West and less-developed Third World Nations. Examines Great Britain, France, Japan, Russia, China, India, Nigeria, Mexico and Iran.

POLS 255 (5) C,S Government & Politics of the Middle East
Problems of traditional society versus construction of a modern state. Emphasis on Arab-Israeli relations and impact on international affairs.

POLS 298 (1-5) C,N,S Independent Study in Political Science
Independent research and writing on selected political science topics under faculty supervision. Prereq: Permission.

POLS 299 (1-5) C,N,S Special Problems in Political Science
Seminar requiring study and written reports on political science topics. Prereq: Permission.

PSY 120 (5) C Psychology of Adjustment
Covers the study of personality within the framework of the social system and the application of proven psychological principles to problems of adjustment and conflict as faced in day-to-day living.

PSY 160 (5) N Psycho-Physical Development – The Life Span

PSYC& 200 (5) C,N,S Lifespan Psychology
(Formerly PSY 206 – Developmental Psychology) Survey of human physical, psychological, and social development from conception through death. Emphasis on major developmental theories, research and research methods of studying life-span development. Prereq: PSYC& 100 or PSY 110 or permission.

PSYC 207 (5) C,N,S Developmental Psychology
(Formerly PSY 206) Analysis of psychological development of the child in relation to biological, physical and sociological antecedent conditions from conception through adolescence. Prereq: PSYC& 100 or PSY 110 or permission.

PSYC 209 (5) N Fundamentals of Psychological Research
Examines the scientific method, hypothesis testing and designs of qualitative and quantitative research. Covers the search and evaluation of research literature in psychology, descriptive statistical analysis, fundamentals of scientific writing, ethical issues and cross-cultural considerations in psychological research. Includes a research project. Pre-req: PSYC& 100 or PSY 110 or equivalent.

PSYC 210 (5) C,N,S Personality & Individual Differences
Intro to the study of personality and individual differences, including theory, measurement and research. Application of psychological principles to problems of everyday living.

PSYC 217 (5) C Intro to Probability & Statistics for Psychology
Covers descriptive statistics, probability theory, probabilistic variables and experimental outcomes, distributions, experiments, sampling, hypothesis testing, normal distribution, T-tests and correlation. Fulfills QSR requirement for A.A. degree. Prereq: Intermediate algebra.

**Course Descriptions**

- **PSYC 220 Abnormal Psychology**
  - (Formerly PSY 215) Intro to theories of psychopathology and behavioral changes associated with abnormal behavior. Emphasizes ethical issues of diagnosis and treatment and major diagnostic categories such as schizophrenia, depression and anxiety disorders, and disorders of childhood and old age.

- **PSYC 222 Survey of Psychological Psychology**
  - Covers workings of the nervous system. Explores the brain’s capacity in language, hunger and thirst, learning and memory, emotions, sexual behavior, depression, schizophrenia and repair after injury. Recommended: PSYC& 100 or PSY 110.

- **PSYC 230 Human Sexuality**
  - Survey of current literature on development of sexual behavior. Includes historical, physiological, psychological and social components of sexuality and its deviations. May be taken as SOC 230.

- **PSYC 235 Contemporary Problems in Psychology**
  - (Formerly PSY 200) Major socio-psychological contemporary problems leading to maladaptive behavior and its roots in social disintegration, drug addiction, alcoholism and divorce. Examines violence, sexual harassment and molestation of women and children. Prereq: PSYC& 100 or PSY 110.

- **PSYC 240 Psychology of Human Relations**
  - (Formerly PSY 220) Covers dynamics of organizations and human resources in the workplace: motivational theory, leadership, group processes, organizational theory, participatory management, conflict management and counseling. Primarily for vocational students. Prereq: Satisfactory performance on placement test (S).

- **PSYC 245 Social Psychology**
  - Examines the effect of others on self-concept, social cognition, aggression, conformity, helping, loving and liking, competition and cooperation and prejudice and discrimination. Research and autobiography from two of the following groups provides content and illustration: African Americans, Asian Americans, Native Americans and Hispanic Americans. May be taken as SOC 245.
Adobe Illustrator I
Through the use of basic drawing and manipulation tools, learn vector-based objects and their application to print and the web. Create various art boards and color palettes, and conceptualize objects to create basic shapes and modify with editing tools. Learn final output to print, PDF and web formats.

Adobe InDesign and Acrobat
Create professional single and multiple page documents using Adobe InDesign. Using appropriate tools and terminology, place, adjust and control type and graphics in the industry-standard page layout application. Preflight and package files. Use Adobe Acrobat to create effective PDFs for both print and web publishing.

Adobe Photoshop I
Use Adobe Photoshop to process photographic images effectively. Focus on tools, terminology and image adjustment methods that provide the most efficient workflow and best quality images possible for a variety of purposes. Create color-adjusted, balanced photos in the appropriate resolution and file format for print, web or new media publishing.

Print Production
Create multicolor print projects while learning more advanced skills with screen printing, photopolymer letterpress, offset and digital printing processes. Trim, mount and finish projects for professional quality results.

Adobe Dreamweaver
Learn terminology, web functions and construction of basic web pages. Create functional websites using Dreamweaver. Study content organization and production using a variety of tools.

Production Adobe CS
Build advanced publishing software skills with more complex projects. Create and adjust vector and bitmapped color images and place them in multicolor documents for output to print, web and new media production.

Web Production
Learn FTP uploads and downloads and best practices for file preparation of web-related files. Create audio, video, still images, PDF and HTML files using appropriate font, color, resolution and size.

Work Experience: Publishing Arts
Cooperative Education offers on-the-job learning for college credit. Gain practical experience and explore publishing arts occupations. Credits based on hours worked per week in conjunction with assessment by an on-the-job supervisor. Minimum 2 credits work experience required during 2nd year. Prereq: Program faculty or Co-op office approval.

REAL ESTATE
All real estate courses meet Department of Licensing (DOL) requirements for renewal and educational clock hours of real estate and/or appraisal licenses.

DOL = Department of Labor

Real Estate Fundamentals
Intro to sales and listing practices, financing, appraising, title, real estate law, escrow and property management. Preparation for Washington State Real Estate Salesperson License Exam and DOL Sales/Broker Licensing Test. (60 DOL clock hours.)

Technology for Real Estate
Learn to use Microsoft’s Word, Excel, Outlook, Publisher and the Internet to create marketing materials, manage your time and contracts, use e-mail, create spreadsheets to track or analyze data, write letters, and use Internet resources, with specific emphasis on the real estate industry. Prereq: Some computer experience highly recommended. (50 DOL clock hours.)

Real Estate Fraud
Covers real estate fraud in the sales, finance and appraisal industries. Study fraud cases, the extent of the problem, and the impact on the market place. Learn how to avoid potential fraudulent acts. RES 100 may be taken concurrently. (10 DOL clock hours.)

Intro to Commercial Real Estate
Learn to list, sell and lease commercial real estate investment properties. Use finance as a tool to increase profits. Learn to establish market value and return on investments in office buildings, industrial properties, apartments, shopping centers and retail stores. (30 DOL clock hours.)

Real Estate Principles of Maintenance & Repair
Study maintenance and repair for residential and commercial properties. Learn to recognize maintenance problems and schedule preventative maintenance and repairs. Explore HVAC, roofing, landscaping and janitorial services. Analyze maintenance and service contracts. (15 DOL clock hours.)

Real Estate Math
Become skilled in basic real estate mathematics using a financial calculator. Apply principles of real estate transactions, valuation, finance and other investment analysis. Students provide calculator (HP10B2 or HP12C) and bring text to first class. (20 DOL clock hours.)

Green Real Estate
Learn about developing, building and marketing “Green Real Estate”: environmental sustainability, water and energy, architecture and design, materials, site selection and acquisition, demographics and psychographics of green-minded consumers. Allows Washington licensed real estate brokers to take BUILT GREEN Certified Professional Certificate exam. (30 DOL clock hours.)

Green Building Materials
Learn about environmentally friendly “green products.” Examine building materials from counters, tiling and fixtures to high-efficiency HVAC, graywater reuse and photovoltaic systems. Investigate integrating green building materials throughout design and construction. (30 DOL clock hours.)

Marketing, Education & Ethics in Sustainable Development
Understand the needs of green clients and communicate effectively with them. Covers marketing green projects through traditional strategies, new technologies, and creative approaches to reach green clients. Emphasizes basic education of clients and ethical responsibilities of agents in representing and selling green properties. Prereq: Recommend RES 130. (30 DOL clock hours.)
<table>
<thead>
<tr>
<th>Course Code</th>
<th>Units</th>
<th>Description</th>
<th>Prerequisites</th>
</tr>
</thead>
<tbody>
<tr>
<td>RES 133</td>
<td>(1.5)</td>
<td>Energy Efficient Design &amp; Development</td>
<td>Learn green techniques for constructing and maintaining energy efficient homes. Covers design and building processes, alternative envelope strategies, energy efficient and alternative energy generation systems, energy saving products, and rebate and incentive programs. Includes regional greenhouse gas issues and planning. (30 DOL clock hours.)</td>
</tr>
<tr>
<td>RES 134</td>
<td>(1.5)</td>
<td>Smart Locations, Integrated Communities, Sustainable Sites &amp; Water Protection</td>
<td>Covers integrated planning and strategies to lessen the impact of homes and communities on the environment and local watersheds. Includes considerations of transit, mixed-use development, habitat protection, green master planned communities and urban villages in low impact design. (15 DOL clock hours.)</td>
</tr>
<tr>
<td>RES 135</td>
<td>(1.5)</td>
<td>Healthy Buildings &amp; Indoor Air Quality</td>
<td>According to the EPA, air in our homes is 3-5 times more polluted than the outside air. Learn about the toxins found in homes and how to avoid them. Covers construction practices that affect air quality and reduce the occurrence of mold, dust, and other factors in our homes. (15 DOL clock hours.)</td>
</tr>
<tr>
<td>RES 140</td>
<td>(3)</td>
<td>Real Estate Sales Practice</td>
<td>Washington state-required course addresses the sales process: obtaining and servicing listings, prospecting, qualifying the buyer, showing real property, negotiating and servicing the sale. Includes time organization and goal-setting. Prereq: RES 100 or 110 or 210, or concurrent enrollment or a real estate license. (30 DOL clock hours.)</td>
</tr>
<tr>
<td>RES 141</td>
<td>(3)</td>
<td>Land Use Principles &amp; Practice</td>
<td>Introduces federal and state laws and regulations governing land use and environmental issues. Includes in-depth study of local (King County) regulations. Provides practical land use knowledge including the permit process. (30 DOL clock hours.)</td>
</tr>
<tr>
<td>RES 142</td>
<td>(3)</td>
<td>Inspecting Real Estate</td>
<td>Find deficiencies in residential and commercial buildings ranging from site drainage, weatherproofing, structure, heating, plumbing to electrical systems. Emphasizes inspection techniques and how best to handle the identified problems. (30 DOL clock hours.)</td>
</tr>
<tr>
<td>RES 143</td>
<td>(3)</td>
<td>Intro to Home Inspections</td>
<td>Intro to home inspections; professional practices, communications and standards including pre-inspection and inspection routines and American Society of Home Inspectors (ASHI) Standards of Practice. (30 DOL clock hours.)</td>
</tr>
<tr>
<td>RES 144</td>
<td>(4)</td>
<td>Inspecting Structural Framing &amp; Plumbing Systems</td>
<td>Learn to inspect foundations, wall, floor, ceiling and roof framing, public and private water systems, water heaters, drain piping, fixtures and faucets. Meets Domain 2. Structural Components: Tasks 1.1-1.4 and Domain 4. Plumbing: Tasks 4.1-4.5 of ASHI Home Inspector Training. Prereq: RES 143 or concurrent enrollment or permission. (40 DOL clock hours.)</td>
</tr>
<tr>
<td>RES 145</td>
<td>(4)</td>
<td>Inspecting Exteriors &amp; Roofing</td>
<td>Gain practical knowledge in the proper inspection of the entire exterior including roofs, skylights, siding, porches, decks, balconies, eaves, soffits, fascia, walkways, driveways, vegetation, grading, surface drainage, retaining walls, garages, carports and various types of roofs and flashings. Meets Domain 2. Exteriors: Tasks 2.1-2.5 and Domain 3. Roofing: Tasks 3.1-3.3 of ASHI Home Inspector Training. Prereq: RES 143 or concurrent enrollment or permission. (40 DOL clock hours.)</td>
</tr>
<tr>
<td>RES 146</td>
<td>(2)</td>
<td>Inspecting Heating Systems I</td>
<td>Gain hands-on skills for inspecting heating systems and identifying the energy source, type, material, condition, safety concerns and other issues related to gas and oil-fired forced-air furnaces and hot water heating plants as well as their distribution systems. Meets Domain 5. Heating: Tasks 5.1-5.3 of ASHI Home Inspector Training. Prereq: RES 143 or concurrent enrollment or permission. (20 DOL clock hours.)</td>
</tr>
<tr>
<td>RES 147</td>
<td>(3)</td>
<td>Inspecting Heating Systems II</td>
<td>Learn to inspect masonry and metal chimneys and exhaust vents; wood-burning furnaces and boilers; wood stoves; fireplaces; steam heating systems; electrical heating systems; wall and floor furnaces; room heaters and gas appliances to identify type, material, condition and safety concerns. Meets Domain 5. Heating, Tasks 5.1, 5.2, 5.3 and Domain 10. Fireplaces and Solid Fuel Burning Appliances, Tasks 10.1 &amp; 10.2 of the ASHI Home Inspector Training. Prereq: RES 146 or concurrent enrollment or permission.</td>
</tr>
<tr>
<td>RES 148</td>
<td>(3)</td>
<td>Inspecting Electrical Systems</td>
<td>Learn to inspect electrical systems. Study service boxes and their components, grounding and bonding, distribution panels, branch circuit wiring, outlets, switches, and junction boxes. Prereq: RES 143 or concurrent enrollment or permission. (30 DOL clock hours.)</td>
</tr>
<tr>
<td>RES 149</td>
<td>(4)</td>
<td>Inspecting Heat Pumps, A/C, Interiors, Insulation &amp; Ventilation Systems</td>
<td>Learn to inspect various types of heat pumps and air conditioning. Study inspection procedures for interiors: insulation, walls, floors, ceilings, crawl space, attics, exhaust fans and windows. Identify foundation defects, basement leakage and methods of correction. Prereq: RES 143 or concurrent enrollment or permission. (40 DOL clock hours.)</td>
</tr>
<tr>
<td>RES 150</td>
<td>(1.5)</td>
<td>Residential Sales &amp; Leasing Documentation</td>
<td>Understand Washington State real estate broker and agent practices. Emphasis on agency law, contract, torts and revised Multiple Listing forms. Prereq: RES 100 or RES 170 or concurrent enrollment. (15 DOL clock hours.)</td>
</tr>
<tr>
<td>RES 160</td>
<td>(1)</td>
<td>Ethics for Loan Originators</td>
<td>Understand ethical mortgage loan origination practices and issues. Includes review of specific WAC regulations regarding prohibited practices, disclosure requirements and advertising. Addresses identification and prevention of loan fraud and predatory lending. (10 DOL clock hours.)</td>
</tr>
<tr>
<td>RES 165</td>
<td>(3)</td>
<td>Real Estate Loan Originator</td>
<td>Examines the loan process, typical mortgage loan products and loan merchandising skills. Includes relevant laws and regulations and business development techniques. Coreq: RES 100 recommended. (30 DOL clock hours.)</td>
</tr>
<tr>
<td>RES 166</td>
<td>(4)</td>
<td>Real Estate Loan Processing</td>
<td>Learn to process residential Conventional/Conforming, Subprime, Jumbo, FHA and VA mortgages from application to closing. Use CALyx Point Loan Processing Software including Loan Applications, Good Faith Estimates, Truth-In-Lending and other required documents. Analyze credit reports, verifications of employment and assets. Prereq: Recommend RES 100 or taken concurrently. (40 DOL clock hours.)</td>

</table>

| RES 170     | (3)   | N       |
| ----- Real Estate Law ----- |
| Principles of law governing real estate including acquisition, encumbrance, transfer, rights and obligations of parties and Washington state regulations thereof. Prereq: RES 100 or 110 or 130, or RES 210 or concurrent enrollment or real estate-related experience. (30 DOL clock hours.) |

| RES 175     | (3)   | N       |
| ----- Intro to Title ----- |
| For those in real estate sales, finance, escrow, or title insurance fields. Covers fundamentals of title insurance, various types of liens, methods of clearing title, and other items of record and off-record that affect real property. (30 DOL clock hours.) |

| RES 176     | (1)   | N       |
| ----- Using Tax-Deferred Exchanges to Your Advantage ----- |
| Study Section 1031: Exchanges of the Internal Revenue Code pertaining to business and investment real property. Includes tax-deferred exchanges and advanced tax planning strategies, processes and pitfalls. (15 DOL clock hours.) |

| RES 177     | (1.5) | N       |
| ----- Real Estate Taxes ----- |
| Covers U.S. income taxes pertaining to real estate. Learn what constantly changing federal income tax laws affect residential, business, and investment properties. (Fulfills 15 DOL clock hours.) |

| RES 178     | (1.5) | N       |
| ----- Buyers Agency ----- |
| Presents torts, contract, and agency laws pertaining to real estate Buyer's Agents while emphasizing Washington law. Provides and discusses useful forms for a Buyer's Agent. (Fulfills 15 DOL clock hours.) Prereq: RES 100 or taken concurrently or real estate experience. |

| RES 180     | (3)   | N       |
| ----- Basic Appraisal Principles ----- |
| Intro to the appraisal process. Investigate influences on the types and value of real estate. Survey of real estate markets and analysis. Recommend concurrent enrollment in RES 100. (30 DOL clock hours.) |

| RES 181     | (1.5) | N       |
| ----- Standards of Professional Practice in Appraisal ----- |
| Focuses on requirements for ethical behavior and competent performance set forth in the Uniform Standards of Professional Appraisal Practice and Washington State Regulations. Prereq: RES 180 or appraisal experience. (15 DOL clock hours.) |

| RES 183     | (3)   | N       |
| ----- Basic Appraisal Procedures ----- |
| Presents methods used in valuation procedures. Understand property descriptions for appraisal reporting and apply to residential and commercial appraisals. Meets Jan. 1, 2008 Real Property Appraiser Qualification Criteria. Prereq: RES 180 or appraisal experience or permission. (30 DOL clock hours.) |

| RES 184     | (1.5) | N       |
| ----- Residential Market Analysis & Highest & Best Use ----- |
| Research residential markets by using supply and demand analysis. Learn and apply highest and best use analysis through case studies. Meets Jan. 1, 2008 Real Property Appraiser Qualification Criteria. Prereq: RES 180 or real estate or appraisal experience or permission. (30 DOL clock hours.) |

| RES 185     | (1.5) | N       |
| ----- Residential Appraiser Site Valuation & Cost Approach ----- |
| Learn advanced methods for site valuation and the cost approach in determining value of real property. Meets Jan. 1, 2008 Real Property Appraiser Qualification Criteria. Prereq: RES 180 or real estate or appraisal experience or permission. (15 DOL clock hours.) |

| RES 186     | (3)   | N       |
| ----- Residential Sales Comparison & Income Approaches ----- |
| Learn to estimate value using cost and sales comparison approaches. Learn to compute Capitalization Rates, Gross Rent Multipliers, finance and cash equivalency on the HP12C financial calculator. Bring your HP12C or borrow one from RES program if available. Meets Jan. 1, 2008 Real Property Appraiser Qualification Criteria. Prereq: RES 125 and RES 183 or real estate or appraisal experience or permission. (30 DOL clock hours.) |

| RES 187     | (1.5) | N       |
| ----- Residential Report Writing & Case Studies ----- |
| Gain writing and reasoning skills to complete the standard residential appraisal report. Overcome common report writing problems and learn options. Meets January 1, 2008 Real Property Appraiser Qualification Criteria. Prereq: RES 186 or concurrent enrollment or appraisal experience or permission. (15 DOL clock hours.) |

| RES 188     | (1.5) | N       |
| ----- Statistics, Modeling & Finance ----- |
| Study elementary statistical concepts and their application to real estate issues. Cover measures of central tendency, linear and non-linear trend analysis, linear regressions, complex multivariate automated valuation models (AVMs) and their application to mass appraisal and real estate finance. Uses HP12C calculator and Microsoft XL. Meets January 1, 2008 Real Property Appraiser Qualification Criteria. Prereq: RES 101, 125, & 186 or concurrent enrollment or appraisal experience or permission. (15 DOL clock hours.) |

| RES 189     | (1.5) | N       |
| ----- Advanced Residential Applications & Case Studies ----- |
| Discover the property and design elements, market conditions and other factors that create complexities in residential real estate and how these impact valuation. Measure supply and demand factors and their impact. Case studies include market analysis and feasibility determinations. Meets January 1, 2008 Real Property Appraiser Qualification Criteria. Prereq: RES 187 and RES 188 or concurrent enrollment or appraisal experience. (15 DOL clock hours.) |

<p>| RES 190     | (3)   | N       |
| ----- Real Estate Escrow I ----- |
| Intro to escrow principles, procedures and laws that govern and control escrow closing activities. Learn real estate and escrow documents, escrow closings, and title exceptions. Recommend RES 100 or concurrent enrollment. (30 DOL clock hours.) |</p>
<table>
<thead>
<tr>
<th>Course Code</th>
<th>Credits</th>
<th>Title</th>
<th>Prerequisites</th>
<th>Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>RES 191</td>
<td>(2)</td>
<td>Advanced Escrow Closing System</td>
<td>Covers computerized escrow closing: information entry, trust accounting, producing documents, letters and closing statements in the use of Advanced Escrow Closing software. Prereq: RES 190 or concurrent enrollment or six months escrow closing experience.</td>
<td>(20 DOL clock hours.)</td>
</tr>
<tr>
<td>RES 195</td>
<td>(3)</td>
<td>Real Estate Escrow II</td>
<td>Includes extensive work in real estate contracts, assumptions, mortgages (FHA, VA and conventional) and wraparounds. Prereq: RES 190 or 6 months recent experience in escrow.</td>
<td>(30 DOL clock hours.)</td>
</tr>
<tr>
<td>RES 200</td>
<td>(5)</td>
<td>Seminar in Current Real Estate Issues</td>
<td>Covers the latest information and laws on appraisal, sales, land development, title, finance, and current issues. Assists with career development through discussions with professionals and work-related research projects.</td>
<td>(50 DOL clock hours.)</td>
</tr>
<tr>
<td>RES 201</td>
<td>(3)</td>
<td>Principles of Real Estate Management</td>
<td>Intro to basic principles of commercial and residential property management including property analysis, management and planning, marketing, staffing and maintenance of real estate.</td>
<td>(30 DOL clock hours.)</td>
</tr>
<tr>
<td>RES 202</td>
<td>(3)</td>
<td>Multi-family Property Management</td>
<td>Learn important functions in residential property management, property analysis, rental policies, rental surveys, lease provisions, inspection, building codes, tenant relations, operating policies and financial result analysis.</td>
<td>(30 DOL clock hours.)</td>
</tr>
<tr>
<td>RES 203</td>
<td>(3)</td>
<td>Commercial Property Management</td>
<td>Learn commercial property management including personnel policies, marketing, tenant management, property maintenance, security, collection, lease provisions, and record keeping systems.</td>
<td>(30 DOL clock hours.)</td>
</tr>
<tr>
<td>RES 204</td>
<td>(3)</td>
<td>Community Association Management</td>
<td>Learn how successful associations are established, operated, and managed. Covers the basic principles and procedures of community associations such as a Home Owners Association or a Resort Association.</td>
<td>(30 DOL clock hours.)</td>
</tr>
<tr>
<td>RES 210</td>
<td>(3)</td>
<td>Residential Property Investments</td>
<td>Learn to invest in different types of residential properties. Study the principles, techniques, advantages and disadvantages of buying, selling and renting investments and the available financing options for various types. Recommend RES 100 or concurrent enrollment.</td>
<td>(30 DOL clock hours.)</td>
</tr>
<tr>
<td>RES 215</td>
<td>(3)</td>
<td>Business Opportunities: Purchase &amp; Sale</td>
<td>Explore the specialized field of buying and selling business opportunities. Cover all aspects from prospecting for buyers and sellers to closing the transaction and estimating value.</td>
<td>(30 DOL clock hours.)</td>
</tr>
<tr>
<td>RES 217</td>
<td>(3)</td>
<td>Real Estate Development &amp; Sustainability</td>
<td>Explore fundamental principles and procedures involved in developing residential, commercial and industrial real estate including sustainability and all the stages of a development project.</td>
<td>(30 DOL clock hours.)</td>
</tr>
<tr>
<td>RES 220</td>
<td>(3)</td>
<td>Real Estate Economics</td>
<td>Analyze impact of national, regional, community and neighborhood trends in real estate. Study trends in the money market, community growth patterns, land use controls, taxation in the Puget Sound Region.</td>
<td>(30 DOL clock hours.)</td>
</tr>
<tr>
<td>RES 221</td>
<td>(3)</td>
<td>Corporate Real Estate</td>
<td>Learn acquisition, disposal and management of properties in the corporate environment. Focus on best practices for maneuvering in the corporate real estate setting and understand asset management vs. property management. Use situational analysis and study typical legal documents.</td>
<td>(30 DOL clock hours.)</td>
</tr>
<tr>
<td>RES 225</td>
<td>(1.5)</td>
<td>Current Trends in Real Estate Market Analysis</td>
<td>Presents current economic, political and real estate information affecting the Puget Sound Region. Provides practical methodology to distill information into useful market report.</td>
<td>(15 DOL clock hours.)</td>
</tr>
<tr>
<td>RES 230</td>
<td>(5)</td>
<td>Professional Business Practices of Brokerage Management</td>
<td>Obtain practical knowledge of real estate brokerage operations: general business concepts, management practices and responsibility of a broker. Satisfies 30 hours of Brokerage Management and 30 hours of Business Management for Washington state.</td>
<td>(60 DOL clock hours.)</td>
</tr>
<tr>
<td>RES 235</td>
<td>(3)</td>
<td>Sales &amp; Marketing</td>
<td>Increase business and/or market share by incorporating sales and marketing techniques, including an action plan. Learn to differentiate yourself/business from your competition and generate effective marketing media strategy. Recommend RES 100 or RES 110 or RES 180 or concurrent enrollment.</td>
<td>(30 DOL clock hours.)</td>
</tr>
<tr>
<td>RES 241</td>
<td>(3)</td>
<td>Appraising Small Residential Income Properties</td>
<td>Provides a foundation in the principles, concepts and methods applicable to appraising 2-4 unit small residential income properties.</td>
<td>(30 DOL clock hours.)</td>
</tr>
<tr>
<td>RES 260</td>
<td>(2)</td>
<td>Real Estate Finance — Commercial</td>
<td>Review sources and methods for financing commercial and investment properties including alternative financing and the secondary market.</td>
<td>(30 DOL clock hours.)</td>
</tr>
<tr>
<td>RES 266</td>
<td>(3)</td>
<td>Real Estate Loan Underwriter</td>
<td>Intro to underwriting residential loans. Includes underwriting documents, analyzing appraisals, applications, verifications and formulas for buyer qualification.</td>
<td>(15 DOL clock hours.)</td>
</tr>
<tr>
<td>RES 280</td>
<td>(3)</td>
<td>Commercial Real Estate: Analyzing Markets &amp; Income</td>
<td>Learn research and analysis techniques in the appraisal of income property including property characteristics, sources of data, analysis of supply and demand and forecast of performance. Uses case studies in the multi-family, retail and lodging markets.</td>
<td>(30 DOL clock hours.)</td>
</tr>
<tr>
<td>RES 281</td>
<td>(1.5)</td>
<td>N</td>
<td>National USPAP Course</td>
<td></td>
</tr>
<tr>
<td>---------</td>
<td>-------</td>
<td>---</td>
<td>-----------------------</td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
<td>Focus on requirements for ethical behavior and competent performance set forth in the Uniform Standards of Professional Appraisal Practice and Washington State Regulations. Meets Jan. 1, 2008 Real Property Appraiser Qualification Criteria. Prereq: RES 183 or six months appraisal experience or permission. (15 DOL clock hours.)</td>
<td></td>
</tr>
<tr>
<td>RES 282</td>
<td>(3)</td>
<td>N</td>
<td>General Appraisal Applications</td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
<td>Increase ability to apply appraisal methods, techniques and procedures using case studies. Prereq: RES 125 and RES 281, or appraisal experience or approval; HP12C or similar financial calculator. (30 DOL clock hours.)</td>
<td></td>
</tr>
<tr>
<td>RES 290</td>
<td>(3)</td>
<td>N</td>
<td>Commercial Sales &amp; Leasing</td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
<td>Study the opportunities and responsibilities of representing commercial property owners, buyers, tenants and landlords. Learn to list, sell and lease various commercial properties. Explore basic evaluation and marketing tools. Learn to complete market surveys, commercial listing, sales and leasing agreements. Prereq: RES 100 or 110, or Washington Real Estate License or permission. Coreq: RES 125 recommended. (30 DOL clock hours and initial license renewal under RCW 18.85.095(2) (a).)</td>
<td></td>
</tr>
<tr>
<td>RES 295</td>
<td>(2)</td>
<td>N</td>
<td>Commercial Real Estate Investment Analysis</td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
<td>Learn commercial real estate investment analysis: fundamentals of commercial leases, perform analysis, use and selection of discount and capitalization rates, tax laws and applications of decision-making tools. Bring programmable financial calculator. Prereq: RES 110, 125 and 290 (may be concurrent enrollment) or real estate experience or permission. (20 DOL clock hours.)</td>
<td></td>
</tr>
<tr>
<td>RES 298</td>
<td>(2-6)</td>
<td>N</td>
<td>Special Projects/Internships in Real Estate</td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
<td>Research opportunities or unpaid work experience in real estate applications. Independent study on special projects. Credits vary. Prereq: Instructor permission. (20-60 DOL clock hours.)</td>
<td></td>
</tr>
</tbody>
</table>

| REL 150 | (5)   | S | Intro to Western Religions |
|         |       |   | A social-historical survey of religions that have developed west of the Indus River. Promotes a better understanding of those traditions and their cultural influences on history. |

| REL 151 | (1)   | C,S | Intro to Eastern Religions |
|         |       |     | A social-historical survey of religions that have developed east of the Indus River. Promotes a better understanding of those traditions and their cultural influences on history. |

| RCP 101 | (1)   | C | Respiratory Care Orientation |
|         |       |   | Intro to concepts and principles of the Respiratory Care program. Emphasizes preparation for school, college resources, financial assistance, classroom, study and communication skills, strategies for taking exams, time management, stress and anger management. |

| RCP 110 | (2)   | C | Intro to Respiratory Care |
|         |       |   | Explores the respiratory care profession. Focus on historical development as well as current overview of the respiratory care practitioner role. Emphasis on professionalism, ethical thought, death and dying in a multicultural society. |

| RCP 112 | (2)   | C | Applied Microbiology & Chemistry |
|         |       |   | Focus on microbiology in respiratory disease, including the history of microbiology, cell structure and relationships between humans and microbes. Covers microorganisms, differentiation of microorganisms, factors in disease and resistance, infection control and therapeutics for infectious processes in respiratory care. |

| RCP 114 | (4)   | C | Respiratory Care Fundamentals I |
|         |       |   | Intro to procedures used to assess and treat common respiratory diseases. Emphasis on skills needed to safely and effectively work in the hospital environment and to assess patients with cardiopulmonary disease. Covers hospital safety, gas physics, medical gas and aerosol therapy, bronchial hygiene and hyperinflation therapies. |

| RCP 115 | (1)   | C | Pharmacology for Respiratory Care I |
|         |       |   | Intro to the principals and practices of Respiratory Care Pharmacology with emphasis on the safe delivery of medications. Explores the basic concepts of pharmacology, aerosol delivery, dosage calculations and bronchodilator therapies for treatment. |

| RCP 120 | (4)   | C | Clinical Practice I |
|         |       |   | Respiratory care practicum. Continues the development of skills in real clinical situations at partner facilities around the Puget Sound area. Emphasis on hospital safety, patient assessment, and the application of therapeutic procedures. |

| RCP 123 | (1)   | C | Pathophysiology for Respiratory Care I |
|         |       |   | Study of the concepts and principles by which disease alters the normal function of the cardiopulmonary system. Emphasis will be to recognize obstructive diseases, recommend and apply therapeutic measures and analyze clinical data and responses to treatment. |

| RCP 124 | (5)   | C | Fundamentals of Respiratory Care II |
|         |       |   | Continuation of RCP 114. Emphasis on skills to safely and effectively care for patients with artificial airways. Covers artificial airways, bedside diagnostic testing, arterial blood gas analysis and non-invasive ventilation. |

| RCP 125 | (1)   | C | Pharmacology for Respiratory Care II |
|         |       |   | Continuation of RCP 115. Emphasis on medications used to treat primary respiratory disorders such as asthma. Covers steroid and non-steroidal asthma controllers, xanthine medications, mucus controlling drugs and aerosolized anti-infective medications. |

| RCP 130 | (5)   | C | Clinical Practice II |
|         |       |   | Respiratory care practicum. Continues the development of skills in real clinical situations at partner facilities around the Puget Sound area. Emphasis on more advanced techniques and diagnostics in acute care. |

| RCP 133 | (1)   | C | Pathophysiology for Respiratory Care II |
|         |       |   | Continuation of RCP 123. Study of concepts and principles by which disease alters the normal function of the cardiopulmonary system. Emphasis on recognizing respiratory failure and infectious diseases, recommending and applying therapeutic measures and analyzing clinical data and responses to treatment. |

| RCP 134 | (5)   | C | Fundamentals of Respiratory Care III |
|         |       |   | Continuation of RCP 124. Emphasis on mechanical ventilation of the critically ill adult. Covers the physiology, application, monitoring and discontinuation of mechanical ventilation, as well as alternative strategies for mechanical ventilation. |
RCP 135 (1) C
Pharmacology for Respiratory Care III
Continuation of RCP 125. Emphasizes pharmacologic agents used to facilitate mechanical ventilation in the critical care setting. Covers skeletal muscle relaxants, sedatives, analesics, diuretics and antibiotics.

RCP 137 (4) C
Cardiopulmonary Anatomy & Physiology
Provides an in-depth investigation into the structure and function of the cardiopulmonary and related body systems, emphasizing the interdependence of the body systems, including pulmonary, cardiac, vascular, renal systems. Covers the effects of aging, exercise and extreme environments on the cardiopulmonary system.

RCP 240 (4) C
Clinical Practice III
Respiratory care practicum. Continues the development of skills with emphasis on respiratory care in the intensive care setting. Apply skills in real clinical situations at partner facilities around Puget Sound area.

RCP 241 (2) C
Respiratory Care for Critically Ill Adults

RCP 243 (1) C
Pathophysiology for Respiratory Care III
Continuation of RCP 133. Study of concepts and principles by which disease alters the normal function of the cardiopulmonary system with emphasis on the pathophysiology of critical illness.

RCP 244 (3) C
Respiratory Care Fundamentals IV
Continuation of RCP 134. Emphasis on intensive care monitoring techniques. Covers electrocardiogram interpretation and hemodynamic monitoring.

RCP 245 (1) C
Pharmacology for Respiratory Care IV
Continuation of RCP 135. Emphasis on drugs used to treat the cardiac system as well as medications used in pediatric/neonatal respiratory care. Covers antihypertensive, medications to treat shock, antiarrhythmics, surfactant, nitric oxide and other medications used in critical care.

RCP 250 (6) C
Clinical Practice IV
Respiratory care practicum. Continues the development of skills in the intensive care and emergency settings. Apply skills in real clinical situations at partner facilities around the Puget Sound area.

RCP 251 (3) C
Respiratory Care of Infants & Children
An in-depth study of neonatal and pediatric respiratory care. Focuses on diseases specific to caring for our smallest patients. Covers fetal growth and development, labor and delivery, resuscitation, disease processes, assessment and therapy.

RCP 253 (1) C
Pathophysiology for Respiratory Care IV
A continuation of RCP 243. Study of concepts and principles by which disease alters the normal function of the cardiopulmonary system with emphasis on the pathophysiology of cardiovascular, neuromuscular, fibrotic diseases and sleep-disordered breathing.

RCP 254 (3) C
Respiratory Care Fundamentals V
Continuation of RCP 244. Emphasis on advanced concepts and skills needed to care for neonatal and pediatric patients. Covers techniques and equipment to manage neonatal and pediatric patients in the acute care environment, including oxygen therapy, bronchial hygiene, airway care, Continuous Positive Airway Pressure and mechanical ventilation.

RCP 255 (1) C
Clinical Practice V
Respiratory care practicum. Continues the development of skills with pediatric or adult critical care patients. Apply skills in real clinical situations at partner facilities around the Puget Sound area.

RCP 256 (3) C
Entry Level Exam Review
Survey of material on the National Board for Respiratory Care Entry Level exam. Emphasis on test taking and exam content.

RCP 260 (6) C
Clinical Practice VI
Continuation of RCP 256 exploring the equipment and techniques of respiratory care. Emphasis on cardiopulmonary diagnostic studies. Covers pulmonary function testing, exercise physiology and testing, bronchoscopy and polysomnography.

RCP 267 (2) C
Advanced Mechanical Ventilation
In-depth exploration of the application of mechanical ventilation across the age spectrum. Emphasis on the clinical application of mechanical ventilators and advanced modes of mechanical ventilation.

RCP 270 (6) C
Clinical Practice VII
Respiratory care practicum. Continues the development of skills with pediatric or adult critical care patients. Apply skills in real clinical situations at partner facilities around the Puget Sound area.

RCP 272 (4) C
Comprehensive Review of Respiratory Care
Survey of material on the National Board for Respiratory Care Advanced Practitioner exam. Emphasis on test taking skills, exam content and skills to prepare for entry into the field.

RCP 274 (2) C
Pulmonary Rehabilitation & Home Care

RCP 276 (3) C
Advanced Patient Assessment
Develop further critical thinking skills for assessing patients through history, physical examination, lab data, chest x-rays, pulmonary function tests and EKG data. Use clinical reasoning skills to develop and implement plans of care for the cardiopulmonary patients presented and discuss equipment, modifying treatment and evaluating patient progress. Practice with the National Board for Respiratory Care’s (NBRC) Clinical Simulation Exam.

RUSSIAN
See Languages & Literature, page 258.

SCIENCE
MSC 101 (5) N
Intro to Material Science
Intro to the molecular structure of different materials and the resulting effects in tensile strength and heat transmission. Emphasis on semiconductors and applications to electronic devices. Prereq: PHYS& 122 or PHY 102 and PHYS 118, CHEM& 121 or CHE 101, or equivalent; and MATH 118 and 120 or equivalent; or permission.
SCI 090 (5) N,S
Basic Scientific Ideas
Covers major concepts and ideas in science, exploring biology, physics, chemistry, geology, astronomy and ecology. Lab included. Satisfies science requirement of the high school completion program.

SCI 100 (5) C,N
Intro to Science
Covers basic principles and current scientific thought in the major fields of science, including history, philosophy, and methodology. No credit for students who have completed major-level science courses. Non-lab course.

SCI 101 (5) C,N,S
Intro to Physical Science
Through selected topics in the physical sciences, learn the process of science: Question, Observe, Organize/Analyze and Report. At each stage ask: Which aspects of this step are culturally dependent and which are not? Hands-on explorations guided by inquiry-based material.

SCI 104 (5) C,S
Physical Science
Intro to the physical world through everyday applications of physical science principles. Examines fundamentals of physics and chemistry in light of the scientific method.

SCI 110 (5) S
Intro to Robotics
Intro to design, construction and programming of autonomous mobile robots. Using complete robot kits (micro-controller, sensors, motors, building parts), work in teams to study design issues of mechanics, sensors, motors and control. Design and construct a robot that will accomplish a particular task.

SCI 111 (1) C,N
Geology Field Day
(Formerly SCI 115) Covers the best of the region’s geology, including the Seattle Fault, ancient glaciers, fossil forests, landslides, Cascade Mountains and northeastern Oregon. Lab credit. May be taken as GEOL 111.

SCI 112-118 (1 EA) C,N
Science Field Days
Series of 1-credit courses consisting of five hours of lecture and a one-day field trip. Requires varying transportation fees.

SCI 112 (1) C,N
Seashore Life
Explores seashore life in the Pacific Ocean and Puget Sound.

SCI 113 (1) N
Marsh Ecology
Explore the science of ornithology in the classroom and the field. Lab credit.

SCI 114 (1) N
Field Astronomy
Covers astronomy from a hands-on perspective in the field.

SCI 116 (1) C,N
Edible Plants of the Northwest
Focuses on edible and medicinal plants of the Pacific Northwest. Lab credit.

SCI 117 (1) C,N
Wildflowers of the Northwest
Classification and ecology of lowland to alpine wildflowers of the Pacific Northwest. Lab credit.

SCI 118 (1) C,N
Volcano Field Day
Intro to the origin and destruction of Cascade volcanoes such as Mount St. Helens, Mount Rainier and Glacier Peak. Lab credit. May be taken as GEOL 118.

SCI 119 (3) N
Natural History through Field Studies I
Study aspects of biology, zoology, hydrology, meteorology, geology, botany, and/or soil and environmental sciences through field observation and lab work. Includes a multi-day trip or multiple single-day trips. Transportation fee will be assessed. Previous students should take SCI 129.

SCI 121 (5) N
Natural Disasters
Natural disasters strike all over the world each year. Study how sciences such as geology and meteorology are used to identify, prepare for and possibly mitigate various natural disasters. Satisfies lab requirement for the A.A. degree. Placement into ENGL& 101 or ENG 101 strongly recommended.

SCI 129 (3) N
Natural History through Field Studies II
Study aspects of biology, zoology, hydrology, meteorology, geology, botany, and/or soil and environmental sciences through field observation and lab work. Includes a multi-day trip or multiple single-day trips. Transportation fee will be assessed. Students should take SCI 119 first.

SCI 298 (1-5) C,N,S
Special Topics
Seminar of selected topics or activities in the sciences. Prereq: Variable, dependent on topic.

SCI 299 (1-5) C,N,S
Independent Study
Independent study of approved topics in the sciences. Prereq: Permission.

FAM 012 (1-3) N,S
Life Enrichment for Seniors
Provides opportunities for seniors to stay informed on current social issues and meet the challenge of continual learning. Includes subjects in the fine arts, social sciences, humanities and sciences.

FAM 013 (1-3) N,S
Living Skills for Seniors
Covers information, resources and skills helping seniors to live healthy, independent lives. Includes topics in health, nutrition, consumer education, community resources, exercise, crime prevention, lip-reading and memory improvement.

FAM 014 (1-3) N,S
Positive Growth for Seniors
Includes classes in self-image, writing your life story, decision-making, widowhood, interpersonal communication and similar topics.

SEN 001 (0) N
Avocational Explorations for Seniors
Non-credit course. Provides opportunities for learning avocational skills and developing personal talents, hobbies and interests.
### Service Learning Courses

<table>

<th>Prerequisites</th>
<th>Description</th>
</tr>
</thead>
</table>
| SLN 101     | 2-3     | N             | Service Learning & Leadership  
Serve the campus and/or local community in conjunction with class seminars that require reading, writing and observation related to the work. Prereq: Instructor permission. |
| SLN 102     | 2-3     | N             | Service Learning & Leadership  
Continuation of SLN 101. Prereq: Instructor permission. |
| SLN 103     | 2-3     | N             | Service Learning & Leadership  
Continuation of SLN 102. Prereq: Instructor permission. |

### Social & Human Services Courses

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Credits</th>
<th>Prerequisites</th>
<th>Description</th>
</tr>
</thead>
</table>
| CDS 197, 198, 199 | (1-5) | C | Field Placement: Human Services  
Work experience in human services agencies, with individual and group supervision provided by agency professionals to share experiences and further develop work-related skills. Prereq: Permission. |
| SHS 100     | 5       | C             | Intro to the Human Services  
Overview of the human service field with emphasis on the role of the professional, includes career development, attitudes and values, behavioral and cultural differences, individual and group intervention techniques and community awareness. Prereq: Eligible for ENGL& 101 or ENG 101 and MATH 084. |
| SHS 103     | 5       | C             | Survey of Institutions  
Intro to social welfare institutions. Explores common social problems such as poverty, homelessness, substance abuse, racism, sexism. Emphasis on social systems set up to solve these problems. Use critical thinking skills in analysis of issues, presentation of quantitative information and interpretations of statistics on local community issues and concerns. Prereq: Eligible for ENGL& 101 or ENG 101 and MATH 084. |
| SHS 106     | 5       | C             | Principles of Interviewing & Counseling  
Intro to interviewing and basic counseling skills. Exploration of personal values, motivations, biases and needs. Development of beginning-level counseling skills and awareness of unique qualities each brings into the helping profession. Prereq: Eligible for ENGL& 101 or ENG 101 and MATH 084. |
| SHS 108     | 5       | C             | Group Dynamics & Counseling  
Intro to group work, including group processes, communication patterns, group and individual goal-setting, leadership and decision-making. Includes group participation, role-playing and simulations. Prereq: Eligible for ENGL& 101 or ENG 101 and MATH 084. |
| SHS 150     | 1       | C             | HIV/AIDS Workshop  
Meets requirements for social and human service professionals in the fields of counseling, alcoholism and/or substance abuse. Includes etiology and epidemiology of HIV, transmission and infection control, testing and counseling, clinical manifestations and treatment, and psychosocial issues. Approved by the Washington State Division of Alcoholism and Substance Abuse. |
| SHS 197, 198, 199 | (2-5 EA.) | C | Field Placement: Social & Human Services  
Work experience in human services agencies, with individual and group supervision provided by agency professionals to share experiences and further develop work-related skills. Prereq: Permission. |
| SHS 200     | 4       | C             | Theories of Counseling  
Intro to psychopathology and assessment and counseling theories. Covers ethics, personality theory, counseling techniques and issues, and development of a personal style of assessment and counseling. Prereq: SHS 106. |
| SHS 205     | 3       | C             | Crisis Management & Intervention  
Intro to crisis theory and techniques for beginning mental health/human services professional. Emphasis on high-stress populations requiring immediate intervention. Includes psychiatric emergencies, sexual assault, incest, battered women, death and dying, loss, assessment techniques and in-depth interviewing skills. Prereq: Eligible for ENGL& 101 or ENG 101 and MATH 084. |
| SHS 207     | 3       | C             | Behavior Management  
For human service professionals working with children, adolescents and adults with behavioral problems. Covers learning theory and its application to clients in a variety of settings. Includes knowledge and skills needed to effectively help clients manage their behavior. Understand and practice behavior modification and management. Prereq: ENGL& 101 or ENG 101 and eligible for MATH 084. |
| SHS 210     | 3       | C             | Multicultural Counseling  
Covers effective counseling approaches which take into account client differences in culture, gender, sexual orientation, physical abilities and ethnicity. Learn to interview client group representatives and assess community resources. Prereq: Eligible for ENGL& 101 or ENG 101 and MATH 084. |
| SHS 215     | 5       | C             | Adolescent Development & Treatment  
Focuses on adolescent development and concurrent social, cultural and sexual problems. Includes theory of normal and deviant behavior development, treatment theory and practice and effective use of community resources. Prereq: Eligible for ENGL& 101 or ENG 101 and MATH 084. |
| SHS 222     | 3       | C             | Conflict Management  
Intro to understanding and responding effectively to conflict situations. Assess real life conflict cases and design corresponding intervention strategies through video and case studies. Complete a conflict style inventory and practice conflict communication skills. Prereq: Eligible for ENGL& 101 or ENG 101 and MATH 084. |
| SHS 223     | 1       | C             | Multicultural Counseling – Gay, Lesbian, Bisexual, Transgender Counseling  
Overview of Gay, Lesbian, Bisexual, and Transgender (GLBT) culture and issues. Covers theory, research and practices associated with GLBT multicultural competence, as well as the intersections of GLBT culture and race, ethnicity, gender, religion, sexuality and social class. Prereq: ENGL& 101 or ENG 101 and MATH 084. |
| SHS 224     | 3       | C             | Leadership Theory & Skills  
Covers selected major theories of effective leadership and application of leadership skills in the work setting. Examines the characteristics of effective leaders, and evaluates students’ professional strengths for potential leadership development. Prereq: ENGL& 101 or ENG 101 and MATH 084. |
SHS 225 (1) C  
Relapse Prevention  
Defines behavioral and chemical characteristics of relapse and what relapse prevention involves. Focuses on relapse prevention categories, requirements of clients for a relapse prevention program, characteristics that have an impact on relapse, antecedents to relapse and some of the dysfunctional thinking patterns. Covers clinical and practical techniques and skills in an experiential environment. Prereq: Eligible for ENGL&101 or ENG 101 and MATH 084.

SHS 226 (1) C  
Adolescent Assessment  
Intro to adolescence from developmental, clinical and treatment perspectives. Focus on normal and dysfunctional adolescent development; assessment and diagnosis; progression of addiction/disease for the adolescent and the family; and implications for inpatient/outpatient treatment, aftercare, and relapse. Prereq: Eligible for ENGL&101 or ENG 101 and MATH 084.

SHS 231 (3) C  
Physiology/Pharmacology of Chemical Dependency  
Effects of chemical dependency on the body, including basic biochemical action, organ/system effects, poly drug interactions and physiological management of the disease. Prereq: Eligible for ENGL&101 or ENG 101 and MATH 084.

SHS 232 (3) C  
Chemical Dependency & the Family  
Examines chemical dependency problems in the family, including family roles and dynamics, adult children of alcoholics, interventions and family work as focus of treatment. Prereq: Eligible for ENGL&101 or ENG 101 and MATH 084.

SHS 233 (5) C  
Chemical Dependency Counseling  
Provides an overview of specialized recovery techniques, including individual, group and family approaches. Prereq: Eligible for ENGL&101 or ENG 101 and MATH 084.

SHS 235 (5) C  
Intro to Chemical Dependency  
Surveys use and abuse of legal and illegal drugs. Analyzes patterns of dependency and addiction associated with prescription, over-the-counter and illegal substances. Explores methods of prevention, control and treatment. Prereq: Eligible for ENGL&101 or ENG 101 and MATH 084.

SHS 242 (5) C  
Mental Health Diagnosis in Chemical Dependency & Other Human Service Settings  
Intro to the DSM IV system of determining diagnosis and current theory for etiology of the primary Axis I and Axis II disorders. Prereq: Eligible for ENGL&101 or ENG 101 and MATH 084.

SHS 245 (3) C  
Mental Health Overview  
Covers the relationship between mental functioning and body physiology: behavioral and physical dysfunctions; reactions to prolonged stress; theories of pain, holistic health, nutrition, cross-cultural perspectives on healing, biofeedback, meditation, psychosomatic diseases and stress reduction. Prereq: Eligible for ENGL&101 or ENG 101 and MATH 084.

SHS 250 (4) C  
Client & Community Advocacy  
Covers the role of the advocate in a helping situation, use of community advocacy resources and effective use of the media, law, negotiation and political process to achieve needed services for people. Prereq: Eligible for ENGL&101 or ENG 101 and MATH 084.

SHS 255 (5) C  
Co-Occurring Disorders: Treatment Issues & Services  
Explores skills and knowledge needed for working with clients with mental illness and chemical dependency. Covers symptomatology of frequently diagnosed mental disorders; criteria for substance and dependence; identifying referral needs and processes; treatment needs and barriers; and local services and case management available for the mentally ill chemically abusing (MICA) client. Prereq: Eligible for ENGL&101 or ENG 101 and MATH 084.

SHS 265 (5) C  
Management & Supervision  
Covers management skills for first-line supervisors in alcohol, drug, mental health, correctional, youth and other human service programs. Includes supervision, time management, motivation, leadership, discipline, personnel management, performance appraisals, communications, training and self-development. Prereq: Eligible for ENGL&101 or ENG 101 and MATH 084.

SHS 270 (3) C  
Law & Ethics in Chemical Dependency  
Studies the role of law and professional ethical standards in the delivery of chemical dependency services. Covers theoretical and practical applications using Washington Administrative Code requirements as case examples. Prereq: Eligible for ENGL&101 or ENG 101 and MATH 084.

SHS 275 (3) C  
Chemical Dependency & Domestic Violence  
Specifically designed for those working with chemically addicted, abusive clients and their interactions with family members. Study of treatment goals for domestic violence to foster client understanding of anger, making anger a useful tool and using healthy and appropriate modes of communication. Prereq: Eligible for ENGL&101 or ENG 101 and MATH 084.

SHS 280 (3) C  
Chemical Dependency Case Management  
Emphasis on oral and written communication skills. Formulate up-to-date, accurate and understandable case files and records. Learn federal and state confidentiality regulations in handling chemical dependent client records. Formulate concise treatment plans in accordance with legal requirements. Prereq: Eligible for ENGL&101 or ENG 101 and MATH 084.

SHS 296 (1) C  
SHS 297 (2) C  
SHS 298 (3) C  
Human Services Workshops  
Receive credit for participation in approved human services professional workshops on topics such as stress management, welfare rights, aging, alcoholism, family therapy, depression, law and mental health.

SHS 299 (1-5) C  
Independent Study Research  
Individual or group research projects on human service programs and problems. May include field or library research. Requires learning contract.
BACHELOR’S DEGREE IN APPLIED BEHAVIORAL SCIENCES

Admission to the Bachelor of Applied Behavioral Science program is required to take the following courses.

ABS 206 (5) C
Technical Writing & Applied Technology
Learn to efficiently compose memos, emails, letters of advocacy for clients, reports for court and other authorities, cover letters, case notes, grant proposals and more. Emphasis on using computer applications to produce these and other documentation, while meeting HIPAA (Health Insurance Portability and Accountability Act) and ethical standards. Required for BAS degree. Prereqs: ENGL& 101, 102 and MIC 101.

ABS 310 (5) C
Professionalism & Ethical Practice
Understand the framework for ethical decision-making and the professional ethical principles and codes of various helping professions. Apply concepts to ethical dilemmas in historic and contemporary societal issues.

ABS 320 (5) C
Applied Social Psychology
Examine the application of social psychological concepts and systems theory in human service settings including prevention, policy analysis, groups, professional and client relationships, and multi-cultural competence.

ABS 330 (5) C
Information Literacy & Program Assessment
Intro to organization, retrieval and evaluation of electronic and print information: college library systems, networked information systems, traditional scholarly resources, and concepts of research. Examine specialized resources of Social and Human Services disciplines.

ABS 335 (5) C
Human Services Practice
Learn to apply knowledge, professional values, sociocultural dynamics and ethics to theory-based models of practice. Covers assessment, information literacy, planning, practice evaluation and termination.

ABS 340 (5) C
Applied Environmental Science
Survey of basic environmental science concepts emphasizing the effect humans have on their environment and the repercussions for living in an impoverished environment. Focus on human population and natural resources, including issues of access and degradation.

ABS 350 (5) C
Quantitative Principles in Research & Assessment
Learn the quantitative organization of data central to scientific research and assessment design in applied behavioral sciences. Prereqs: PSYC& 100, PSYC 217, MATH 098, all with 2.0 or better.

ABS 360 (5) C
Public Policy Analysis
Learn the art and science of providing problem-solving advice to government decision-makers, managers, and citizens in order to influence government processes. Understand theoretical frameworks, problem definition, development of alternative solutions, predicting impact of choices, policy evaluation and modification of policies through policy case studies.

ABS 495 (5) C
Senior Capstone Project
Develop a project that reflects individual professional direction, synthesizes the student’s understanding of academic learning, and demonstrates writing and content commensurate with senior level work.

ABS 497 (5) C
Advanced Field Placement I
First of two quarters of applied professional work in a community setting consistent with the student’s area of interest. Meets requirements for supervised field practice required for licensure and professional accreditation in many professional specialties.

ABS 498 (5) C
Advanced Field Placement II
Second quarter of applied professional work in a community setting consistent with the student’s area of interest. Meets requirements for supervised field practice required for licensure and professional accreditation in many professional specialties.

Note: 400 level classes are under development.

SOCIAL SCIENCE

SSC 101 (3) N
Intro to Information Resources for the Social Sciences
Develops critical thinking by locating, evaluating and applying information resources in the social sciences. Explores information policy issues such as copyright, censorship and freedom of information. Emphasis on proficiency using research tools, retrieval techniques and various electronic resources, including the library’s information networks, catalog and the Web. Placement into ENGL& 101 or ENG 101 highly recommended.

SSC 103 (5) N
Human Dimensions of Work
Covers human relations issues in the modern workplace. Includes contextual approach to understanding human relations, scientific research methods and theories of worker motivation and satisfaction. Examines work in relation to the economy, social institutions, diversity, prejudice and discrimination, interpersonal dynamics, leadership, conflict resolution, stress and ethics. Focuses on practical understanding and effective ways of dealing with issues.

SSC 130 (3-5) C,N
Death, Dying & Living
Study of the experience surrounding dying and death. Examines such situations as dealing with the death of others, your own death, the biology of death, suicide and other issues.

SSC 187 (5) C
Information, Knowledge & Power
Explores theories of mainstream and alternative cultures and their impact on information in a democratic society. Addresses concerns about the political and economic aspects of information related to the ongoing struggle for equality and human rights. Examines various research strategies for identifying, locating, evaluating and applying information resources for social justice.

SSC/CDS 197, 198, 199 (1-15) C
Work Experience – Social Sciences
Earn work experience credit in the social science field. Prereq: Permission.

SSC 220 (3) N
Global Issues
Provides vocational technical students with insight into topics of an international nature.
FINDING COURSES
Course names and course prefixes are cross-referenced in an index beginning on page 178. For example:

PREFIX TO NAME
HIN ............ Watch Technology

NAME TO PREFIX
Watch Technology ............ HIN

Common Course Numbering explanation is on page 177.

SSC 290 (2) C,N
Curriculum Practicum
For educators. Examines the development of teaching/learning materials based on areas covered in the study and travel program. Includes class work and field trip.

SSC 294 (2-5) C,N
Practicum in the Social Sciences
Application of theory and methodology in actual practice. Provides experiential learning in a community service agency. Create an individual contract by arrangement.

SSC 297 (5-10) C,N
Travel/Study Experience
Hands-on learning opportunity for students in domestic and/or foreign travel. Focuses on learning outside the classroom and taking advantage of cross-cultural opportunities. Includes historic sites, geographical locations, geological formations, museums, art centers, regional customs and foods, language enhancement, specialized research libraries, local universities and legislatures available only through travel.

SSC 295, 298, 299 (2-5) C,N,S
Practicum in the Social Sciences
Learn about basic research techniques, assist in planning and conducting a research project and in processing the resulting data.

SWF 200 (5) N,S
Intro to Social Welfare
Overview of the social welfare system and social work profession, including roles, fields, client populations and career options. Focuses on values, ethics, social welfare policy, social problems, social work practices, services, knowledge and skills. Includes issues of diversity, social and economic justice and global perspectives. Prereq: ENGL& 101 or ENG 101.

SOCIOLGY

SOC 101 (5) C,N,S
Intro to Sociology
(Formerly SOC 110 - Survey of Sociology) Covers human social interaction with emphasis on group aspects of human behavior. Includes culture, socialization, family, education, urbanization, gender roles, social class, deviance, race, sexuality, demography and social change.

SOC 102 (5) C,N
Intro to American Culture
Focuses on unique American values, behavior and world view. Compares others' values and world views and studies the implications and consequences of these differences. Gain insight from the perspectives of anthropology and sociology. Includes field trips. May be taken as ANTH& 106.

SOC 105 (5) C,S
Sociology of African Americans
Evaluation of the sociological impact of the African-American experience in relation to various social systems in America.

SOC 106 (5) C
Sociology of Asian Americans
Examination of Asian-American experiences in the United States from a sociological perspective. Analyzes Asian-American ethnic communities, social institutions, activities and issues.

SOC 107 (3-5) C
Sociology of Filipinos in America
Examines the cultural, historical and situational forces shaping the Filipino community in America today. Studies the social and behavioral patterns of Filipino Americans within and outside of their community.

SOC 120 (3-5) C
Sociology of the Media
Sociological perspective of print and electronic media, including television, film, news and advertising. Analysis of media institutions and the way they affect social, political and cultural discourse and identities. Examines how American identity shapes and is shaped by the media, including changes in this identity from one period to another.

SOC 130 (5) C
Living, Death & Dying
Covers death and dying from a sociological perspective. Focus on relationships between death and other concepts such as socialization, stratification and culture. Examines resources and skills needed to work with the dying. Emphasizes a realistic look at death to reduce denial and increase preparation.

SOC 150 (5) C,N,S
Race & Ethnic Relations in the United States
Examines the majority-minority pattern of interaction in American society. Includes theories of race relations and issues shaping intra-and inter-racial ethnic relations.

SOC 170 (5) C
Intro to Contemporary China
Covers basic knowledge of the people, history, culture and socio-economic political systems of Chinese society. No prior knowledge of Chinese civilization or language is required.

SOC& 201 (5) C,N
Social Problems
(Formerly SOC 270) Covers processes of social and personal disorganization and reorganization in relation to poverty, crime, drug use, family dissolution, mental disorders, sexual minorities, overpopulation and other social problems.

SOC 220 (5) C
Sex Roles & Society
Survey of causes and consequences of sex/gender roles. Examines the relationships between men and women in the U.S. and other regions. Focuses on historical, biological, economical, psychological and anthropological perspectives, identifying and discussing the discernible recurring sex role patterns.

SOC 230 (5) C,N,S
Human Sexuality

SOC 245 (5) C,N,S
Social Psychology
Examines the effect of others on the individual in areas such as self-concept, social cognition, conformity, helping, loving and liking, competition and cooperation and prejudice and discrimination. Research and autobiography by two of the following groups provide content and illustration: African Americans, Asian Americans, Native Americans and Hispanic Americans. May be taken as PSYC 245.

SOC 250 (5) C,N
Marriage, Family & Intimate Relationships
Surveys the concept of family as a mode for personal living. Analyzes personal adjustment, parent-child relationships, marital and alternative structures and contemporary issues facing today's family systems.
**Course Descriptions**

**SOC 265 (5) C**
**Sociology of Food**
Using sociological theories and concepts, study the social status and role of food in societies and the production, distribution and working conditions in various food industries. Examine the socio-cultural, economic and political migrations of people and ideas through foods. Consider foods in relation to global economies, governments, the dynamics of power and societal ways.

**SOC 275 (5) C**
**Law & Society**
Covers the role of law in American society; what it is and what it should be. Survey of basic constitutional, business and personal legal concepts in theoretical and practical settings.

**SOC 280 (5) C**
**Exploring Contemporary SE Asia**
Explores the internal diversity and complexity of SE Asia to gain a clearer sense of this region and its connection to the social, political and economic global system. Examines the diversity of perspectives existing within localities, regions and societies.

**SOC 298 (1-5) C,N,S**
**Special Topics in Sociology**
Independent study in selected sociology topics under faculty supervision. Prereq: Permission.

**SOC 299 (3-5) C,N,S**
**Special Problems in Sociology**
Small group seminar to discuss selected sociology topics. Prereq: Permission.

**SPANISH**

*See Languages & Literature, page 258.*

---

**SUPERVISION & MANAGEMENT**

**SMG 100 (3) S**
**Leadership & Supervision**
Intro to management. Covers leadership theories, style skills in various organizational settings; developing techniques for productive work groups; managing a diverse work force; motivating employees; handling difficult people and situations; running effective meetings; and handling the responsibilities of being a leader, manager and supervisor.

**SMG 103 (3) S**
**Supervising a Diverse Workforce**
Examines perceptions held by supervisors and employees in connection with culturally and behaviorally diverse workers. Examines working with and supervising diverse population groups. Explores current legislation and challenges of an evolving workforce.

**SMG 110 (3) S**
**Financial Management**
Covers budget preparation at the organizational level using both private sector and public organization formats and formulas. Emphasis on budget development, presentation and justification of proposed allocations. Prereq: Basic understanding of business computations.

**SMG 120 (3) S**
**Hiring Personnel**
Examines supervisor’s role in staffing. Covers job analysis, descriptions and classifications, recruiting, selection, EEO and new employee orientation.

**SMG 131 (3) S**
**Supervision & Group Behavior**
Overview of group dynamics, moderation, strategies and productivity in the work place, with emphasis on diversity. Prereq: SMG 100.

**SMG 150 (3) S**
**Training, Orientation & Employee Development**
For students starting employee training in industry. Survey of basic teaching and learning processes; motivation; learning styles; occupational analysis; course organization; selecting and preparing training materials; presentation methods; and evaluation of student outcomes and learning styles.

**SMG 197 (1-15) S**
**Internship or Cooperative Education Experience**
Spend time in the field as an intern or cooperative education student under guidance of instructor and on-site mentor. Learn about operations, policies, procedures, culture and behavior standards in a business, industry, shop or other setting related to the student’s course, certificate or degree program. May be taken during or after coursework. Prereq: Permission.

**SMG 201 (5) S**
**The Manager as an Entrepreneur**
Study of the major steps, formation and growth for setting up a new small business or department, project or contract within a large organization. Focuses on entrepreneurial characteristics and the task of moving from concept to commercialization. Emphasis on time management, planning and projections, securing capital and marketing plans. Prereq: SMG 100.

**SMG 210 (3) S**
**Project Management**
Covers project planning basics: timelines, evaluation, implementing budgeting concepts and formulating a budget request strategy with specific and measurable outcomes. Focuses on team concepts. Includes computer lab applications.

**SMG 213 (2) S**
**Fund-Raising & Grant Writing**
Especially for nonprofits. Explores fundraising and grant writing, including identifying fund-raising needs and goals; designing a viable fund-raising program (campaign); creative fund-raising activities; writing grants; understanding grant requirements and their relationship to the nonprofit.

**SMG 217 (3) S**
**Organizational Behavior**
Intro to strategies for developing an effective organization. Provides history of the field, overview of areas in which organizational behavior interventions can be of use and the types of interventions used in work environments.

**SMG 220 (3) S**
**Personnel Performance Management**
Covers principles and techniques for employee performance programs, appraisals, coaching and counseling, disciplinary process and wage surveys. Explores reward systems, common disciplinary practice and employment law. Covers assessment of training needs, planning, development and evaluation of training programs.

**SMG 222 (3) S**
**Management & Labor Relations**
Covers the supervisory role in employee and labor relations. Includes history of management thought, labor negotiations, laws affecting labor agreements, union contracts and the supervisor’s role in the negotiating process.
SMG 223 (2) S  
Marketing, Meetings & Presentation Skills  
Explores the dynamics of the marketing process. Includes the relevance of marketing a nonprofit and communicating to its numerous constituencies. Covers productive meetings and presentational skills and techniques for nonprofit leadership.

SMG 233 (2) S  
Nonprofit Staff, Board & Volunteer Development  
Covers the development of staff, board and volunteers. Explores election of staff and board members, developing and capitalizing on their talents and skills, effective use of staff, drawing on the expertise of board members and expanding programs through the cultivation of volunteer/member development.

SMG 243 (2) S  
It’s the Law: Contracts & Liabilities  
Covers the law as it relates to contracts and liabilities in nonprofits. Focuses on legal issues that nonprofit staff and boards need to be aware of, including personnel contracts, grant contracts, personal service contracts, fund-raising contracts, service provider contracts, antitrust and related liabilities. Includes employment laws, officer/director liabilities and indemnification.

SMG 253 (2) S  
Executive Development & Leadership  
Focuses on the role of executives in a nonprofit. Explores dynamic and practical leadership skills including characteristics and styles; teambuilding; organizational leadership and board relations; constituent leadership; fund-raising; crisis management; and political leadership. Covers self-nurturing and expansion of professional competencies.

SMG 263 (2) S  
Nonprofit Strategic Planning  
Focuses on nonprofit planning including mission statement, program goals and objectives, annual plan and long range strategic plan. Covers membership development, fundaising plans and board, staff and constituent development.

SMG 265 (3) S  
Marketing Management  
Overview of marketing, promotion, advertising, sales, public relations and customer service in an organization. Compares, contrasts and defines the role of each function in business.

SMG 295 (VARIABLE) S  
Externship in Supervision & Management  
Earn college credit for supervisory work experience in the City of Seattle PREP program or others. Provides opportunity for the study, documentation and supporting evaluation of work experience and possible examination. Credit varies. Prereq: SMG 100.

SMG 298 (1-10) S  
Independent Study  
Provides opportunity for research, advanced study, or special projects. Work independently with an instructor. Credits vary. Prereq: Permission.

SMG 299 (1-10) S  
Special Topics  
Study an approved topic such as marketing, sales, advertising, retail management, promotion, customer service, consumer behavior, marketing research, entrepreneurship and business communication. May include a portfolio, project or activity to demonstrate competencies. Includes an oral presentation evaluated by faculty and industry representatives. Prereq: Permission.

Surgical Technology Lab  
Covers principles and techniques of operating room procedures. Includes surgical scrub techniques, gowning and gloving, aseptic technique, creating and maintaining a sterile field, draping materials, basic instrumentation and patient transport. Prereq: Permission.

STT 113 (8) C  
Surgical Technology I  
Intro to surgical technology, including legal and ethical aspects, relationships with co-workers, hospital organization and inter-departmental relations, physical and psychological aspects of patient care, operating room techniques and procedures. Prereq: Permission.

STT 115 (2) C  
Clinical Orientation  
Intro to health care and the operating room. Covers observation of the environment, routines, supplies and equipment, patient-team interaction and application of scientific principles. Prereq: Permission.
## Undergraduate Research

**UGR 214 (1-5) C,N**

### Intro to Scientific Research
Preparation for successful completion of an independent research project. Includes the application of scientific method, ethics, research methods, proposal writing and presentation techniques.

| Prereq: | CTD 131 |

**UGR 294 (1-5) C,N**

### Independent Research
Work collaboratively with peers and faculty, Design, complete and publicly present an original research project.

| Prereq: | CTD 298, 132, 133, 136 |

## Video Communications

See Film & Video Communications, page 226.

## Vietnamese

See Languages & Literature, page 258.

## Watch Technology

### HIN 111 (6) N

#### Watch Technology I – Intro
Surveys history of time measurement and the watch and clock trade. Develop safe practices regarding lab hazards, accident prevention and first aid. Intro to trade terminology of tools, equipment, technical drawing, measuring devices, applications appropriate to the trade and chemical and physical properties of materials. Coreq: HIN 112 and 113.

| Prereq: | HIN 111 and 112, 113 |

### HIN 112 (6) N

#### Watch Technology I: Tools, Equipment/Measurement
Use and maintain tools and equipment in a lab setting. Learn the types and appropriate uses of jeweler’s saw, tweezers, screwdrivers, files and the watchmaker’s lathe. Covers fundamentals of hardening, tempering and annealing steel. Includes measuring techniques and applying the metric system in the use of instruments and gauges. Coreq: HIN 111 and 113.

| Prereq: | HIN 111 and 112 |

### HIN 113 (10) N

#### Watch Technology I: Practicum
Apply knowledge from HIN 111 and HIN 112 in a lab environment. Practice making tools and develop basic skills to manufacture and repair watch and/ or clock parts. Identify and apply tools, equipment use and safety precautions. Practice measuring techniques and apply problem-solving skills to manufacturing. Coreq: HIN 111 and 112.

| Prereq: | HIN 111 and 112, 113 |

### HIN 121 (6) N

#### Watch Technology II: Professional Knowledge
Learn or review the math necessary to calculate formulas used in manufacturing and watch repair. Use formulas to find the length of mainsprings, calculate running time and beats per hour. Apply various polishing materials and techniques to master the manufacture of small parts.

| Prereq: | HIN 111 and 112 |

### HIN 122 (6) N

#### Watch Technology II: The Watchmakers’ Lathe
Intro to use, care and maintenance of specialty lathes using the watchmakers’ turns, the Jacot tool and pivot polishing machine.

### HIN 123 (10) N

#### Watch Technology II: Practicum
Apply knowledge from HIN 121 and HIN 122. Practice manufacturing watch stems and pivoting. Take the first WOSTEP intermediate exams. Identify and apply appropriate tools, equipment and safety precautions in a horological repair shop.

### HIN 131 (6) N

#### Watch Technology III: Winding & Setting Mechanisms
Learn to correct common errors in the mainspring barrel, the barrel bridge and mainplate. Learn common types of setting mechanisms. Practice correct disassembly, assessment and adjustment, re-assembly and lubrication procedures. Learn mathematical formulas for determining correct size of mainsprings. Coreq: HIN 121, 122 and 123. Coreq: HIN 132 and 133.

### HIN 132 (6) N

#### Watch Technology III: Watch Gear Trains
Intro to the mathematics involved in working with the gear train and tooth form; module; pitch and distance between centers, including calculations to determine running time and vibrations per hour, for mechanical watches and ratios. Learn to dismantle, assemble, maintain and repair the gear train of a watch. Coreq: HIN 121, 122 and 123. Coreq: HIN 131 and 133.

### HIN 133 (10) N

#### Watch Technology III: Practicum
Apply knowledge from HIN 131 and 132. Practice jewel setting and adjusting. Complete the third WOSTEP intermediate exam (winding, setting, gear train). Identify and apply appropriate tools, equipment and safety precautions in a horological repair shop. Coreq: HIN 121, 122 and 123. Coreq: HIN 131 and 132.

## Truck Driving – Commercial

### CTD 131 (18) S

#### Fundamentals of Truck Driving
Provides technical and background knowledge necessary to test for Washington State Commercial Driver’s License written test and then begin CTD - 132. Prereq: CDL Learner’s Permit - Department of Licensing; current DOT Physical Examination (long form and card); current copy of Driving Abstract (driving record); No DUs last 5 years.

### CTD 132 (7) S

#### Basic Driver Training
Provides technical and practical driving and operational skills necessary to safely and efficiently operate commercial motor vehicles. Students test for their Class “A” Washington State Commercial Driver’s License and after successful completion will have the basic entry-level skills to drive a commercial vehicle. Prereq: CTD 131.

### CTD 133 (7) S

#### Advanced Driver Training I
Provides technical and practical driving experience to safely and efficiently operate commercial motor vehicles in actual day-to-day driving situations. Includes operation of commercial motor vehicles under direction of employer. Prereq: CTD 132.

### CTD 136 (10) S

#### Heavy Duty Mechanics Basic Driver Training
Provides technical knowledge and practical skills to test for the Washington State Commercial Driver’s License. After successful completion of the basic entry level skills, provides student mechanics the skills to drive a commercial vehicle. Prereq: 1 Year of Heavy Duty Mechanic Skills; current DOT Physical Examination (long form and card); current copy of Driving Abstract (driving record); CDL Learner’s Permit - Department of Licensing.

### CTD 138 (24) S

#### Basic Fundamentals of Commercial Vehicle Driving
Provides technical and background knowledge to test for the Washington State Commercial Driver’s License written test. During the course, students will skill test for the Class “A” Washington State Commercial Driver’s License.

### CTD 298 (2-10) S

#### Special Topics/Training for Commercial Truck Driving
Provides short-term individual training for those who currently have or have had a CDL License.
HIN 141 (4) N
Watch Technology IV: Escapements
Intro to the role of escapement in the watch. Explores history and development of different escapements and their influence on timekeeping. Prereq: HIN 131, 132 and 133. Coreq: HIN 142 and 143.

HIN 142 (4) N
Watch Technology IV: External Parts
Learn about different case styles and parts that complete the case, including crystals, crowns, push buttons, dials, hands and gaskets. Prereq: HIN 131, 132 and 133. Coreq: HIN 141 and 143.

HIN 143 (48) N
Watch Technology V: Practicum
Apply knowledge gained in HIN 141 and 142. Prereq: HIN 131, 132 and 133. Coreq: HIN 141 and 142.

HIN 211 (6) N
Watch Technology V: Intro to Precision Timing
Learn concepts of precision timing with emphasis on the eight influences of isochronisms (friction, external influence, regulating pins, escapement, magnetism, temperature, poising of balance wheel, poising of hairspring). Apply theoretical concepts of precision timing to practice watches; analyze errors and make corrections to improve timekeeping of the watches. Prereq: Instructor permission, HIN 141, 142 and 143 with 2.0. Coreq: HIN 212 and 214.

HIN 212 (6) N
Watch Technology V: Intro to Electronic Watches
Learn fundamentals of electronics to understand how quartz watches work: tension, current, capacity, power, consumption, electric field, magnetic field, functioning of stepping motors, energy source and functioning of the transistors in switching. Intro to equipment designed specifically for testing quartz watches and practice using the equipment to analyze the various components of electronic watches. Prereq: Instructor permission, HIN 141, 142 and 143 with 2.0. Coreq: HIN 211 and 213.

HIN 213 (10) N
Watch Technology V: Practicum
Intro to repair of pocket watches and/or wristwatches and service, repair and replacement of external parts of watches. Work on precision timing, quartz watches, customer repairs including short jobs (battery, crystal, crown and stem replacement) and movement repairs. Prereq: Instructor permission, HIN 141, 142 and 143 with 2.0. Coreq: HIN 211 and 212.

HIN 221 (6) N
Watch Technology VI: Precision Timing 1
Continue study of theory and practical application of the principles of precision timing. Prereq: HIN 211, 212 and 213. Coreq: HIN 222 and 223.

HIN 222 (6) N
Watch Technology VI: Automatic Watches
Intro to the various self-winding (automatic) mechanisms for watches. Practice testing, adjusting, disassembly and assembly of automatic mechanisms. Study history and development of these mechanisms. Prereq: HIN 211, 212 and 213. Coreq: HIN 221 and 223.

HIN 223 (10) N
Watch Technology VI: Practicum
Apply knowledge from HIN 221 and 222. Practice repairing automatic watches and continue working on precision timing. Further develop skills with appropriate tools, equipment and safety precautions in a horological repair shop. Prereq: HIN 211, 212 and 213. Coreq: HIN 221 and 222.

HIN 231 (6) N
Watch Technology VII: Advanced Precision Timing
Refine and synthesize the art of precision timing. Each unit of the watch must be clean and well-adjusted. Check each unit systematically so that repairs are made in a timely fashion. Prereq: HIN 221, 222 and 223. Coreq: HIN 232 and 233.

HIN 232 (6) N
Watch Technology VII: Chronographs
Learn to repair the main types of chronographs: column wheels and cams. Learn the function and the components of chronographs and methods of checking the general condition and correct fitting of all the components. Understand and correctly apply lubrication, identify errors and carry out required corrections. Prereq: HIN 221, 222 and 223. Coreq: HIN 231 and 233.

HIN 233 (10) N
Watch Technology VII: Practicum
Apply knowledge from HIN 231 and 232. Practice repairing chronograph watches and continue working on precision timing. Further develop skills to identify and apply appropriate tools, equipment and safety precautions in a horological repair shop. Prereq: HIN 221, 222 and 223. Coreq: HIN 231 and 232.

HIN 241 (4) N
Watch Technology VIII: After Sales & Service

HIN 242 (4) N
Watch Technology VIII: Review of Courses

HIN 243 (8) N
Watch Technology VIII: Practicum

**WELDING FABRICATION TECHNOLOGY**

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Units</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>WFT 100</td>
<td>2</td>
<td><strong>Welding Processes &amp; Applications</strong>&lt;br&gt;Examines applications and criteria for selecting the most widely used types of weld joints and weld-related metal joining processes: gas metal arc welding, flux-cored arc welding, submerged arc welding, subarc welding, and resistance welding. Prereq: Basic math skills or permission.</td>
</tr>
<tr>
<td>WFT 101</td>
<td>1</td>
<td><strong>Use of Power Tools in Welding Fabrication</strong>&lt;br&gt;Covers use of power tools in welding fabrication. Includes use of calculators, data books, tables and model construction. Prereq: Basic math skills or permission.</td>
</tr>
<tr>
<td>WFT 102</td>
<td>1</td>
<td><strong>Use of Blueprints in Welding Fabrication</strong>&lt;br&gt;Introduction to blueprint reading for both mechanical and structural welded fabrications. Investigates use of lines, views and projections, extraction of dimensions and material list (&quot;takeoffs&quot;) and interpretation of fabrication details and operation sequences. Covers use of welding symbols. Prereq: Permission.</td>
</tr>
<tr>
<td>WFT 105</td>
<td>2</td>
<td><strong>Basic Layout Skills</strong>&lt;br&gt;Covers basic layout skills, ability to read blueprints, or permission.</td>
</tr>
<tr>
<td>WFT 106</td>
<td>2</td>
<td><strong>Advanced Layout</strong>&lt;br&gt;Covers class and lab work using parallel, round and radial layout methods as well as triangulation. Includes scaling up and down from models and construction of production locating and forming jigs. Includes field trip to on-campus or local industry CAD station. Prereq: WFT 106, basic math skills, ability to read blueprints, or permission.</td>
</tr>
<tr>
<td>WFT 108</td>
<td>3</td>
<td><strong>Fabrication Estimating &amp; Layout</strong>&lt;br&gt;Explores practical uses of basic math skills for estimating and layout in fabrication of welded products. Includes use of a calculator, data books, tables and model construction. Prereq: Basic math skills or permission.</td>
</tr>
</tbody>
</table>

**WFT 109**<br>**Development of Welding Procedure**<br>Explore and experiment in more depth with reasonable possibilities in joint design, process selection, filler products, weld position and essential and non-essential variables of a welding procedure. Serves as a "recipe development" course for making good welds. Prereq: Cutting, forming and arc welding skills, ability to read blueprints or permission. |

**WFT 110**<br>**Motor Vehicle Welding Fabrication**<br>Introduction to welding fabrication skills involved in maintenance and repair of highway and other motor vehicles. Prior knowledge of hand and basic power tools helpful. Prereq: Individual pace class based on student skills. Prereq: Enrollment in the Motor Vehicle Maintenance program or permission. |

**WFT 111**<br>**Use of Press Brake in Welding Fabrication**<br>Study the operating principles of press brake and practice fabrications. Explores advantages, disadvantages and limitations of the press brake through construction of sample projects. Includes industry visitation(s) to observe CNC production press brakes. Prereq: Basic math skills, ability to read blueprints, ability to lift 50 lbs., or permission. Prior fabrication experience is helpful. |

**WFT 112**<br>**Shielded Metal Arc Welding**<br>Incorporates practical exercises that convey knowledge of equipment along with theory of operation and applications of the (venerable and still-useful) Shielded Metal Arc Welding (SMAW) process also called "Stick Welding." Weld mild steel and stainless steel in a variety of industrial applications particularly for maintenance and repair. Can be used to join cast iron, bronzes and aluminum. Prereq: Some experience with OAW ("gas welding") or permission. |

**WFT 113**<br>**Use of Welding Symbols**<br>A progressive presentation of the scheme of welding symbols and their use in modern welding fabrication. Learn interpretation of welding symbols on blueprints. Prereq: WFT 105, ability to read blueprints, or permission. |

**WFT 114**<br>**Gas Metal & Flux Core Arc Welding**<br>Learn equipment and theory of operation and applications of the popular Gas Metal & Flux Core Arc Welding (GMAW & FCAW) processes, also called "MIG," "Dual-shield," and "Innershield." Weld mild steel, aluminum and stainless steel in a variety of industrial applications. Prereq: Some experience with OAW ("gas welding") desirable or permission. |

**WFT 120**<br>**Shielded Metal Arc Welding**<br>Study the operating principles of press brake and practice fabrications. Explores advantages, disadvantages and limitations of the press brake through construction of sample projects. Includes industry visitation(s) to observe CNC production press brakes. Prereq: Basic math skills, ability to read blueprints, ability to lift 50 lbs., or permission. Prior fabrication experience is helpful. |

**WFT 121**<br>**Basic Oxyacetylene Cutting & Joining**<br>Focusses on practical exercise in the safe and efficient use of the oxyacetylene flame for both cutting and joining applications. Covers flame cutting with hand and machine assists, welding, brazing, braze welding, hardfacing and soldering. |

**WFT 122**<br>**Air Carbon Arc Cutting (CAC-A)**<br>Focuses on lab exercises in the popular and efficient carbon arc cutting with Compressed Air (CAC-A), also called "arcair," "gouging," or "scarfing." Prepare weld joints and efficiently disassemble existing fabricated structures. Prereq: Some experience with hand tools or permission. |

**WFT 123**<br>**Use of Welding Symbols**<br>A progressive presentation of the scheme of welding symbols and their use in modern welding fabrication. Learn interpretation of welding symbols on blueprints. Prereq: WFT 105, ability to read blueprints, or permission. |

**WFT 124**<br>**Gas Metal & Flux Core Arc Welding**<br>Learn equipment and theory of operation and applications of the popular Gas Metal & Flux Core Arc Welding (GMAW & FCAW) processes, also called "MIG," "Dual-shield," and "Innershield." Weld mild steel, aluminum and stainless steel in a variety of industrial applications. Prereq: Some experience with OAW ("gas welding") desirable or permission. |

**WFT 125**<br>**Punching & Shearing**<br>Practical use of the power shear and punch to make weldment parts in a fabrication setting. Explores alternative methods of cutting. Includes industry visits to learn numeric control and production cutting devices and systems. Prereq: WFT 101, 105 and 106 or permission. |

**WFT 126**<br>**Motor Vehicle Welding Fabrication**<br>Study the operating principles of press brake and practice fabrications. Explores advantages, disadvantages and limitations of the press brake through construction of sample projects. Includes industry visitation(s) to observe CNC production press brakes. Prereq: Basic math skills, ability to read blueprints, ability to lift 50 lbs., or permission. Prior fabrication experience is helpful. |

**WFT 127**<br>**Gas Tungsten Arc Welding**<br>Learn equipment, theory of operation and applications of the Gas Tungsten Arc Welding (GTAW) process, also called "TIG" and "Heliair," that are used in pressure piping systems, aerospace products and with heat-sensitive metals. Prereq: Experience with OAW ("gas welding") and at least one arc welding process or permission.
WFT 128 (5) S  
Fabrication of Aluminum Weldments  
Learn to fabricate aluminum weldments, either new fabrications or maintenance operations. Prereq: Experience with at least one arc welding process to include GMAW or GTAW or permission. Recommended: Prior experience with steel fabrications.

WFT 129 (5) S  
Weldment Inspection & Evaluation  
Covers the basics of welding inspection methods and criteria for determining compliance with defined standards. Presents systematic evaluation methods in the light of design purpose with the aim of distinguishing quality from acceptability. Reviews applications of the more popular welding processes. Prereq: Experience with at least one arc welding process to include GMAW or GTAW, ability to lift 50 lbs., or permission.

WFT 130 (3) S  
Welding Certifications  
Explore the nature and purpose of welding performance certifications and examine popular certifications and tests. Study standards for performance that ensure consistent product quality. Develop proper performance techniques. Prereq: 4th-quarter standing or permission.

WFT 131 (3) S  
Material Handling  
Examines safe and efficient methods for handling, transporting and tracking materials, supplies and structures found in a welding fabrication shop. Includes using rigging devices, leverage and cranes. Covers methods of protective transport. Prereq: WFT 100, 101 or permission.

WFT 132 (5) S  
Maintenance & Repair Welding Techniques  
Explores welding fabrication techniques used to maintain and repair structures that are worn, damaged, or have missing parts. Presents identification and recognition of individual metal properties. Prereq: Knowledge of hand & power tools; experience with blueprint reading; OAC, OAW, TB, SMAW and CAC-A; ability to lift 50 lbs.; or permission.

WFT 133 (5) S  
Salvage & Reconstruction of Weldments  
Recommended sequel to WFT 132. Covers methods and techniques for the safe and efficient disassembly of welded fabrications and other mechanical structures. Emphasizes determining the causes for material failure as an essential part of repair. Prereq: WFT 132; knowledge of hand and power tools; blueprint reading experience; OAC, OAW, TB, SMAW, GMAW, FCAW & CAC-A; ability to lift 50 lbs.; or permission.

WFT 134 (5) S  
Use of Heat Treat  
Sequel to WFT 132. Examines the uses of heat in fabrication for other than parts joining. Presents common heat treat operations and their applications, which can enhance the usefulness and reliability of weld fabrications. Requires industry visits. Prereq: WFT 132; knowledge of hand and power tools; OAC, OAW, SMAW, GMAW, FCAW & CAC-A; ability to lift 50 lbs.; or permission.

WFT 135 (4) S  
Submerged Arc Welding  
Learn Submerged Arc Welding (SAW) equipment, principles of operation, welding techniques and applications. Totally different from underwater welding, “sub arc” is a wire-feed arc welding process in which the arc is submerged beneath a blanket of granular flux which acts as a cleaning agent. Includes individual industry site visits. Prereq: Experience with arc welding processes, especially GMAW and/or FCAW; ability to lift 50 lbs.; or permission.

WFT 136 (4) S  
Plasma Arc Welding  
Learn the equipment, principles of operation and techniques to perform Plasma Arc Welding (PAW). PAW is a developmental outgrowth of Gas Tungsten Arc Welding (GTAW) with limited, but important applications. Prereq: Experience with and a firm understanding of arc welding processes, especially GTAW; ability to lift 50 lbs.; or permission.

WFT 137 (4) S  
Construction of Welding Location Jigs & Fixtures  
Incorporates the use of fabrication locating jigs and fixture devices for welding, as well as for drilling, punching, forming and gauging dimensions for quality control. Covers jigs made from both standard fixtures and custom-built parts. Prereq: Blueprint reading; ability to perform basic layouts; experience with arc welding processes; ability to lift 50 lbs.; or permission.

WFT 138 (2) S  
Advanced Fabrication of Weldments  
Gain experience with all major fabrication areas including design and development, estimating, layout, cutting, forming, fit up, tack welding and product assessment. Encourages fabrication of an approved project of the student’s own design. Prereq: All the 100 WFT courses or permission.

WFT 139 (3) S  
Employee Rights & Responsibilities  
Exploration of employee’s rights and accompanying obligations in the welding fabrication workplace. Presents strategies to establish and maintain a time and effort commitment. Emphasizes record-keeping and marketing of fabrication skills with a frequently updated impact resume. Includes significant report writing. Prereq: WFT 100, 101, 109, 129, 130, 131 or permission.

WFT 140 (6) S  
Industry Internship  
Provides on-the-job training with college coordination to assist in analyzing and categorizing particular experiences in light of the large field of welding fabrication. Develop confidence, technical and job-keeping skills. Includes significant report writing. Prereq: All 100 WFT courses, ability to lift 50 lbs. and permission.

WFT 160 (9) S  
Aluminum Boat Building  
Participate in the fabrication of an aluminum boat or other approved projects. Includes both new construction of aluminum projects and maintenance and repair operations. Prereq: Prior experience with steel fabrication or wood construction recommended.

WFT 180 (10) S  
Beginning & Intermediate Blacksmithing  
Intro and development in the field of decorative forged metal work. Includes tool-making, garden and household hardware and fixtures formed from steel, copper, bronze and various finishes.

WFT 197 (6) S  
Industry Internship  
On-the-job training with college coordination to assist in analyzing and categorizing particular experiences in light of the large field of welding fabrication. Develop confidence, technical and job-keeping skills. Includes significant report writing.

WFT 200 (1) S  
Aviation Maintenance Welding  
Overview of welding operations commonly used for aircraft maintenance and repair. Prereq: Enrollment in AMT program or permission.
WFT 296 (3) S
Employment Success Skills
Identifies behaviors and characteristics that employees need on the job. Develop and gain confidence in communication and listening, teamwork and group interaction, problem-solving, decision-making and customer service.

WFT 297 (2-12) S
Special Topics in Welding Fabrication
A special topics course for an individual or group in welding fabrication field. Prereq: Permission.

WINE INDUSTRY

Students must be 21 to participate in wine-tasting.

WIN 101 (3) S
Intro to Enology
Intro to the science of winemaking, including history and geographical distribution; grape varieties and wine types; influence of climate and soil; wine fermentation, handling, storage and bottling methods; wine disorders; winery sanitation; and legal compliance. Lab fee.

WIN 102 (3) S
Enology Laboratory Analysis
Intro to vineyard and winery laboratory practices including basic chemistry principles, laboratory techniques and commonly used analysis methods for musts and wines. Lab fee. Prereq: Intro to Chemistry, WIN 101 or permission.

WIN 103 (4) S
Elements of Wine Production
Intro to production of wines including considerations that take place during the harvesting of grapes, transportation, stemming and crushing. May include field trip. Oriented for the beginning student. Lab fee. Prereq: WIN 101 and permission. Coreq: WIN 102 and 107.

WIN 104 (4) S
Elements of Wine Production II

WIN 105 (4) S
Elements of Wine Production III

WIN 107 (1) S
Winery Production I
Practical application of theories and principles from WIN 108. Lab fee. Prereq: WIN 101 or permission. Coreq: WIN 103.

WIN 108 (1) S
Winery Production II
Practical application of theories and principles from WIN 104. Lab fee. Prereq: WIN 103, 107 or permission. Coreq: WIN 105.

WIN 109 (1) S
Winery Production III

WIN 110 (1-3) S
Intro to Wine Science
An introduction to scientific aspects of wine composition and production for the student with a limited background in chemistry and microbiology. Prereq: WIN 101, 123, 133, MATH 098, CHEM 139.

WIN 121 (3) S
Intro to Viticulture
Intro to the theory of grape growing including botany, anatomy, history, distribution, propagation, varieties, wine type, climate, production practices, and common diseases and pests.

WIN 122 (3) S
Wine Chemistry & Microbiology
Covers wine chemistry and microbiology including wine acidity, sulfur dioxide, protein and phenolic equilibria and other concerns. Learn to make informed decisions on style, crush options, cellar practices, fining, stabilization and quality assurance. Prereq: Intro to Chemistry, WIN 101, 102 or permission.

WIN 123 (3) S
Sensory Evaluation
Intro to wine sensory evaluation methods including statistical analysis of trials, philosophy of wine styles and the common evaluation methods used in sensory testing. Lab fee. Prereq: WIN 101 and 121.

WIN 131 (3) S
Intro to Washington Wines
Intro to wines produced in Washington, including history, viticulture practices and winemaking styles. Includes sensory evaluation of representative Washington wines. Lab fee.

WIN 132 (3) S
Wine History & Appreciation
A survey of wine and its role in history, religion, art, culture and society from pre-history to now. Includes sensory evaluation of representative wines. Lab fee.

WIN 133 (5) S
Intro to Wines of the World
Intro to the world’s wine-producing regions, including history, viticulture practices and winemaking styles. Includes sensory evaluation of representative wines. Lab fee.

WIN 141 (3) S
Wine Marketing & Sales
Intro to wine marketing and sales methods, basic approaches to packaging, advertising, promotion, retail and wholesale selling of wine. Prereq: Intro to Business, Intro to Marketing or permission.

WIN 142 (3) S
Wine Business
Overview of winery operations with emphasis on inventory, pricing, forecasting, sales methods, allocating and distribution of wine from the manufacturer. Covers compliance for Washington State. Includes equipment, insurance, bonding, production, general management and the unique space needs of a winery. Prereqs: BUS& 101, BUS 114 and WIN 141.

WIN 151 (2) S
Intro to Food & Wine Pairing
Learn the basic elements of the character and key components of wines. Includes the four primary taste sensations present in everyday food (salty, sweet, bitter and savory) and how these affect the taste of wine. Lab fee. Prereq: WIN 101.

WIN 152 (3) S
Advanced Food & Wine Pairing
Continuation of WIN 151. Evaluate the character and key components of wines. Covers the different philosophies of classes and traditional pairs and opens the books on a new and emerging partnership between food and wine. Lab fee. Prereq: WIN 151.
WIN 153 – 157 (4 EA.) S

Food & Wine Pairing Series
Intro to the philosophies and techniques involved in bringing food and wine together in a cohesive pairing. Each class focuses on a specific group of wines. Participate in team demonstrations of food and wine pairings. Lab fee.

WIN 153 (4) S
Food & Wine Pairing – Varietals I
Focuses on Cabernet Sauvignon, Merlot, Pinot Noir, Chardonnay and Sauvignon Blanc. Prereq: WIN 101, 151, 152 (or concurrent enrollment) or permission.

WIN 154 (4) S
Food & Wine Pairing – Varietals II
Focuses on Zinfandel, Rhone style Syrah, Viognier, Pinot Grigio and others. Prereq: WIN 101, 151, 152 (or concurrent enrollment) or permission.

WIN 155 (4) S
Food & Wine Pairing – Varietals III
Focuses on Italian reds and whites, Rieslings and/or other specific varietals. Prereq: WIN 153 or 154 or permission.

WIN 156 (2) S
Food & Wine Pairing – Fortified Wines
Focuses on Sherry, Port, Madeira, Marsala and others. Prereq: WIN 153 or 154 or permission.

WIN 157 (2) S
Food & Wine Pairing – Desserts
Focuses on dessert wines: sweet wines, sparkling wines, red varietals and others. Prereq: WIN 153 or 154 or permission.

WIN 197 (1-5) S
Wine Industry Internship
Links classroom experience and on-the-job experience and reinforces and documents these experiences. Prereq: 2.5 GPA in WIN 101, 102, 103, 104, 105, 107, 108, 109, 122, 123, & 133.

WIN 140 (5) N
Women in American History
Focuses on the role of women in American history, with emphasis on frontier women, the industrial revolution, women’s rights movements and the new feminism.

WIN 200 (5) N
Intro to Women Studies: Issues of Gender, Race & Class in Contemporary Women’s Lives
Interdisciplinary, multicultural intro to Women Studies focusing on the way gender, race, class, sexuality and culture have shaped women’s lives. Examines why women occupy similar and different locations in the United States and international cultures. Reading includes both narrative and analytical approaches.

WIN 205 (5) C,N,S
Women in the Global Context
Interdisciplinary intro to the study of women in Asia, Africa, Latin America, the Middle East and/or indigenous women in some Western societies. Explores commonalities and differences among women in various societies and cultures. Focuses on women from specific societies or regions varying by instructor.

WIN 213 (5) N
Women & Politics
Intro to concepts of power and policy issues as they relate to women. Covers theoretical, historical and empirical studies of women’s participation in social and political movements nationally and internationally. Includes women’s diverse roles in relation to family, economics, labor, government and law.

WIN 257 (5) N
Psychology of Gender
Explores major psychological theories of sex differences. Examines studies of sex-role development and biological and environmental influences that may determine and maintain sex differences in aggression, cognitive abilities, achievement, motivation, affiliation and sexuality. May be taken as PSYC 257.

WMN 298 (1-5) N
Special Topics in Women Studies
Independent research and writing on selected women studies topics under faculty supervision.

WOOD CONSTRUCTION

WCO 110 (18) C
Intro to Professional Woodworking
Intro to wood construction skills and safety, including safe operation of basic hand and power tools, wood construction terminology and materials.

WCO 120 (1) C
Construction & Maritime First Aid
11-hour course to certify students in First Aid and CPR as required by Washington State Department of Labor and Industries WAC 296-24.

WCO 130 (18 PER QTR) C
Marine Carpentry

WCO 140 (18 PER QTR) C
Carpentry
Four quarters of work dealing with residential construction and remodeling, including technical knowledge and hands-on experience. Prereq: WCO 110. Q-1: Concrete forms & footings, floor systems & job safety. Q-2: General Fram construction, roof framing, staging, working at heights. Q-3: Finish work, setting windows & doors, machine safety. Q-4: Selected class projects.

WCO 141 (18 PER QTR) C
Residential Remodeling
Covers specific techniques in residential remodeling including bathrooms and kitchens, stairs, scaffolding design and construction, sheetrock demolition, installation and repair and siding application.
**Course Descriptions**

**WCO 142 (4) C**
**Intro to Carpentry & Blueprint Reading**
Intro to becoming a professional carpenter. Focuses on career pathways, craftsmanship, vocabulary, blueprint reading, and jobsite and tool safety. Covers materials, products, tools and best practices for constructing sustainable residential and light commercial construction. Emphasizes developing a strong work ethic, communication skills and collaboration strategies. Prereq: WCO 110 and 120.

**WCO 143 (5) C**
**Building Site Selection to Layout**
Develops skills in site selection, building layout, surveying, and moisture management. Covers appropriate selection of materials, products, tools and best practices for sustainable residential and light commercial construction. Prereq: WCO 110 and 120.

**WCO 144 (9) C**
**Foundation Systems: Forms to Concrete Finishes**
Develops skills in building foundations including form construction, concrete and cement placement, reinforcement and finishing. Covers appropriate selection of materials, products, tools and best practices for sustainable residential and light commercial construction. Prereq: WCO 110 and 120.

**WCO 145 (9) C**
**Framing Systems: Floor to Ceiling**
Develops skills in structural framing systems including building physics, framing layout, alternative and traditional framing techniques and energy efficiency strategies. Covers appropriate selection of materials, products, tools and best practices for sustainable residential and light commercial construction. Prereq: WCO 110 and 120.

**WCO 146 (5) C**
**Roof System: Framing to Roofing Installation**
Develops skills in roof systems including framing styles, roofing techniques, flashing, ventilation, roofing materials, and installation strategies and techniques. Covers appropriate selection of materials, products, tools and best practices for sustainable residential and light commercial construction. Prereq: WCO 110 and 120.

**WCO 147 (4) C**
**Stairs System: Rough Framing to Finished Stairwell**
Develops skills in stair systems, including interior and exterior framing styles, layout techniques, and design strategies and techniques. Covers appropriate selection of materials, products, tools and best practices for constructing durable stairways in residential and light commercial buildings. Prereq: WCO 110 and 120.

**WCO 148 (9) C**
**Exterior Finishes: Building Enclosure to Finish Trim**
Develops skills in building exterior systems including building enclosure design, siding installation techniques, installing insulation, window types and installation, flashing techniques and strategies, and trim design and installation techniques. Covers appropriate selection of materials, products, tools and best practices for sustainable residential and light commercial construction. Prereq: WCO 110 and 120.

**WCO 149 (9) C**
**Interior Finishes: Door Installation to Finish Trim**
Develops skills in building interior systems including drywall installation and finishing, door and trim installation, finish carpentry techniques and strategies. Covers appropriate selection of materials, products, tools and best practices for sustainable residential and light commercial construction. Prereq: WCO 110 and 120.

**WCO 150 (18 PER QTR) C**
**Cabinetworking & Fine Woodworking**

**WCO 160 (3) C**
**Architectural Blueprint Reading & Cost Estimating for the Building Trades**
Focuses on how to read and apply information gained from blueprints for cost-estimating and developing cutting lists.

**WCO 164 (2) C**
**Roof Framing & Stair-Building**
Develop and upgrade efficiency in stair- and roof-building with new techniques and skills.

**WCO 166 (3) C**
**Furniture Design & Construction**
Survey of furniture design trends in traditional and modern furniture.

**WCO 167 (4) C**
**Fine Furniture**
For students with solid cabinetmaking skills who are interested in learning techniques suited to making gallery-level fine furniture.

**WCO 170 (3) C**
**Boat Lofting**
Fundamental course in the development of lofting and fairbody. Covers the relationship of buttocklines, waterlines, sections and diagonals and how to interpret the lines and offsets for fairbody development.

**WCO 180 (1) C**
**Use & Application of the Hand Router**
Intro to the types and uses of the hand router. Includes basic operations, selection of router bits and an intro to jigs and templates.

**WCO 181 (2) C**
**Advanced Router Technique Jig & Template Use**
Covers construction of specialty jigs and templates for the hand router, including exploration and explanation of multiple uses and applications.

**WCO 197 (2-15) C**
**Work Experience – Wood Construction**
Earn work experience credit in the wood construction field. Prereq: Permission.

**WCO 299 (3-18) C**
**Special Projects in Boatbuilding**

**WORLD LANGUAGES**

See Languages & Literature, pages 247-259.
Seattle Community College District VI Administration

Board of Trustees
The Seattle Community College District is governed by a five-member Board of Trustees appointed by the governor of the state of Washington for sequential five-year terms. Current members serving on the Board are:

JORGE CARRASCO
GAYATRI EASSEY
THOMAS W. MALONE
CONSTANCE W. RICE
DONALD ROOT

Chancellor
JILL WAKEFIELD
B.A., Central Washington University; M.P.A., University of Washington; Ed.D., Seattle University.

Chancellor’s Office
HARRIETTA HANSEN
Senior Executive Assistant to the Chancellor & Secretary to the Board Professional Human Resources Certificate, University of Washington.

RICH NAFZIGER
Interim Director, External Affairs

PATRICIA PAQUETTE
Director, Communications
B.A., Post-baccalaureate Certificate, University of Washington.

EVELYN YENSON
Interim Executive Director, Office for Advancement
B.A., College of New Rochelle; M.A., University of Wisconsin.

Seattle Community Colleges Television & Web Operations
JOHN SHARIFY
General Manager, SCCtv
B.A., Princeton University; M.F.A., Columbia University.

Vice Chancellor’s Office
CARIN WEISS
Vice Chancellor
B.A., University of California at Berkeley; M.A., Ph.D., University of Washington.

FRANK ASHBY
Director, Research & Strategic Planning

LEROY DRAKE
Chancellor’s Executive Assistant for Partnerships
B.A., Tennessee State University; National Urban Fellow, Yale University.

CYNTHIA FELICE
Director, Grants & Strategic Initiatives
B.A., State University of New York at Geneseo.

JOYCE HANSEN
Manager, Web Services
B.S., Pacific Union College.

KAREN MICHAELSEN
2010-2011 Faculty Development Coordinator
(Seattle Central Community College, Librarian)
B.A., M.A., University of California at Santa Barbara; M.L.A., University of Washington.

GRACELYN SALES
Executive Assistant
A.A., North Seattle Community College.

Business and Finance Office
KURT BUTTLEMAN
Chief Financial Officer
B.S., University of Illinois; M.B.A., University of Washington; Ed.D., North Carolina State University.

MINOO DAMANPOUR
Manager, Purchasing

SUSAN ENGEL
Manager, Payroll & Benefits
B.S., Eastern Washington University.

NAJIB HALLAQ
Manager, Mailing, Receiving & Copy Centers
B.A., Baghdad University.

BETTY LUNCEFORD
Manager, Telecommunications

MICHAEL LOCK
Director, Information Technology
B.A., University of Washington.

MICHAEL PHAM
Director, District Financial Services
B.S., Central Washington University; M.B.A., City University.

LYNN CRIST
Director, Accounting Services
B.A., Colorado State University; CPA.

JIM WALLACE
Manager, Library Technical Services
M.L.S., University of California at Los Angeles.

Human Resources Office
CHARLES E. SIMS
Chief Human Resources Officer
B.S., University of Northern Colorado; M.A., University of Colorado.

Union Representatives
LYNNE DODSON
2009-2011 President, AFT Seattle Community Colleges, Local 1789, AFL-CIO
(Seattle Central Community College, Psychology)
B.A., M.S., California State University, Long Beach; Ph.D., University of Washington.

RODOLFO FRANCO
2009-2011 President, Washington Federation of State Employees Local 304
(North Seattle Community College, Maintenance Mechanic)
# CENTRAL Faculty & Administration

## OFFICE OF THE PRESIDENT

**PAUL TRACY KILLPATRICK**  
President  
*(Effective August 2010)*  
B.S., Oregon State University;  
M.S., Western Oregon State University;  
Ph.D., Oregon State University.

**LAURA MANSFIELD**  
Director, Communications  
B.A., Southeastern Louisiana University;  
M.P.H., Tulane University.

**DARLENE SUYEMATSU**  
Director, Foundation  
B.A., University of Washington.

**DAVID UNDERWOOD**  
Executive Assistant to the President  
B.A., Antioch University, Seattle.

**KATHRYN WOODLEY**  
Human Resources Officer

**CHERISA J. YARKIN**  
Executive Director of Strategic Initiatives & Institutional Planning  
A.A., City College of San Francisco;  
B.S., M.S., Ph.D., University of California, Berkeley.

## STUDENT SERVICES

**JOAN M. RAY**  
Vice President, Student Development & Services  
B.A., California State University at Los Angeles;  
M.Ed., Seattle University.

**PAMELA ADEN**  
Director, Disability Support Services  
Manager, Women’s Programs & WorkFirst Services  

**RICHARD APPLETON**  
Director, Student Academic Assistance  
B.A., University of California at Santa Barbara;  
M.S., Seattle Pacific University.

**DIANE M. COLEMAN**  
Associate Dean, Enrollment Services  
B.A., University of Maryland University College;  
B.A., M.A., Dominican University of California.

**LEXIE EVANS**  
Dean, Student Life & Engagement  
B.A., University of Washington;  
M.A., Western Washington University.

**NOEL MCBRIDE**  
Director, Financial Aid  
B.A., University of Washington.

**BRIGID MCDENVITT**  
Dean, Student Resources  
B.A., Western Washington University.

**CHRIS MOGADAM**  
Director, Physical Education & Mitchell Activities Center  
B.A., M.S., San Diego State University.

**GINA NAKAMURA**  
Outreach/Recruitment Coordinator  
B.A., University of Washington.

**DONNA S. NETZ**  
Director, Advising Center & Transfer Center  
B.A., Western Washington University;  
M.Ed., City University of Bellevue, Washington.

**CHRISTINE YOUNG**  
Director, Multicultural Services  
B.F.A., State University of New York at Buffalo;  
M.Ed., University of Washington.

## ADMINISTRATIVE SERVICES

**GEORGE GARY**  
Vice President, Administrative Services  
B.S., Long Island University;  
M.B.A., City University.

**JANET BARKER**  
Director, Business Operations  
B.S., Central Washington University.

**ROBERT HUSS**  
Manager, Safety & Security

**JEFF KEEVER**  
Director, Auxiliary Services  
B.A., Ohio State University.

**JOHN MCMAHON**  
Director, Facilities & Plant Operations  
B.S., Providence College;  
M.S., University of Hawaii;  
Ph.D., Oregon State University.

**JEFFREY WATTS**  
Director, Facilities & Capital Projects

## OFFICE OF INSTRUCTION

**KURT BUTTLEMAN**  
Interim Vice President for Instruction  
B.S., University of Illinois;  
M.B.A., University of Washington;  
Ed.D., North Carolina State University.

**QUEENIE BAKER**  
Director, Distance Education Program

**ONA CANFIELD**  
Director, Dental Hygiene  
A.A., A.S., Shoreline Community College;  
B.S., University Of Washington;  
M.Ed., Seattle University;  
Professional Technical Teaching Certificate.

**LINDA CHAUNCEY**  
Associate Dean, Seattle Culinary Academy  

**CARL O. ELLIS**  
Director, Seattle Maritime Academy  
B.A., University Of Puget Sound;  
M.A., Pacific Lutheran University;  
Ed.D., Nova Southeastern University.

**AL GRISWOLD**  
Executive Dean, Workforce Education  
B.A., Oregon State University;  
M.A., University of Phoenix.

**ANDREA INSLEY**  
Executive Dean, International Education Programs  
B.A., M.A., University of Washington;  
Ed.D., Oregon State University.

**JODY LAFLER**  
Dean, Business, Information Technologies & Creative Arts  
B.A., University of Colorado;  
M.A., University of Chicago.

**WAIFONG LEE**  
Executive Dean, Instructional Resources, Accreditation & Assessment  
B.S.Sc., Chinese University of Hong Kong;  
M.A., M.L.S., University of Hawaii;  
Ph.D., University of Arizona.

**CATHERINE MARZYCK**  
Assistant Dean, Institute Of English  
A.A.S., Columbia Basin College;  
B.A., Eastern Washington University;  
M.A.T., School For International Training.

**A. BARRETO OGLIVIE**  
Executive Dean, Continuing & Professional Education  
B.A., University of Washington;  
M.A., Ed.D., Seattle University.
WENDY ROCKHILL
Interim Dean, Science & Math
B.S., M.S., Washington State University; Ph.D., University of Washington.

ALISON STEVENS
Dean, Basic & Transitional Studies Division
B.A., Washington State University; M.A.T., Ph.D., University of Washington.

HARRIET M. WASSERMAN
Associate Dean & Director, Information Technology Services
M.S., University of Washington.

JAN WEST
Dean, Health & Human Services
Director, Bachelor of Applied Science
B.S., University of Wisconsin; M.Ed., University of Cincinnati.

AUDREY WRIGHT
Dean, Humanities & Social Sciences

THE FACULTY

AGAN, KAYLA
Information Technology: Cisco, CCNA, CCDA
CIS Tech Support Certificate, North Seattle Community College.

AINSWORTH, MARK
Biology
B.A., Kenyon College; Ph.D., University of California.

ALLEN, RISHA
Counselor
B.A., University of Washington; M.S., Seattle Pacific University.

ALLEY-BARNS, ROYAL
Art & Art History
B.A., B.S., M.A.T., University of Washington.

AL-MADANI, MOHAMMAD
Anthropology & Sociology
B.S., Muskingum College; M.A., Oregon State University; Ph.D., University of Florida.

ANDERSON, HEATHER
Institute of English
B.A., Western Washington University; M.A., TESOL, Seattle Pacific University.

AREGAYE, YESHEWAWOIN (MIMI)
Math
B.S., M.S., Wichita State University.

ARMITAGE, LEIGHTON
Institute of English

ARON, BRENDA
Interpreter Training
B.S., Gallaudet University; ASLTA Certified Instructor; M.S., McDaniel College; Professional Technical Teaching Certificate.

ATKINSON, GREG
Seattle Culinary Academy
B.S., Western Washington University; Certified Culinary Professional (C.C.P.); International Association of Culinary Professionals (I.A.C.P.); Professional Technical Teaching Certificate.

AZPITARTE, MARIA
Associate Degree Nursing
R.N., B.S.N., Seattle University; M.S., University of Portland; Professional Technical Teaching Certificate.

BACHAR, GREG
English
B.A., University of California at Los Angeles; M.F.A., University of Massachusetts.

BAILEY, MIA
Institute of English
B.A., M.A., University of Idaho.

BARRIE, DONALD J.
Art

BARTLETT, JOANNE
Mathematics
B.A., Teaching Certificate, University of Washington.

BERNARD, REGIS
Seattle Culinary Academy
Diploma, Versailles, France; Brevet de Maître, Professional School of Pastry; Rue Jean Ferandis, Paris; Professional Technical Teaching Certificate.

BERNSTEIN, BARBARA
American Sign Language
B.A., Gallaudet University; M.A., California State University, Northridge.

BLACK, CLAUDE
Accounting
B.A., University of Washington; M.B.A., City University.

BOON, REBECCA A.
ESL
B.A., University of Illinois; M.A.T., School for International Training.

BORGATTI, DAVID J.
Wood Construction
B.S., University of Miami; Professional Technical Teaching Certificate; Occupational Education Certificate, South Seattle Community College.

BOTZ, DANIEL D.
Mathematics
B.S., M.S., Western Washington University.

BOWMAN, STARLA
Dental Hygiene
A.A., Seattle Central Community College; B.S., Eastern Washington University; Professional Technical Teaching Certificate.

BRANKOVA, VERA
Business
M.B.A., City University; Ph.D., University of Washington.

CAMPBELL, ELIZABETH
Biology & Oceanography
B.A., Smith College; M.A., Boston University.

CARDENAS, JR., JAIME
History
B.A., University of California at San Diego; M.A., Ph.D., University of California at Los Angeles.

CASEY, SUSAN
English
B.A., Florida State University; M.A., University of Colorado at Boulder.

CASTELL, CAROLANN
Environmental Science, Meteorology & Oceanography
B.S., Florida State University; M.S., University of Washington.

CAUTER, JAMES
Music
B.A., California State University at Hayward; M.A., San Francisco State University.

CHAN, MUI
Associate Degree Nursing
R.N., B.S.N., M.N., University of Washington; Professional Technical Teaching Certificate.

CHEN, WEIAN (VICTOR)
ESL
B.A., Shanghai Teacher’s University; M.A., University of Idaho.

CHIN, SUSAN
Mathematics
B.A., Whitman College; B.A., M.S., University of Washington.
CHU, JANE C.
ESL
B.A., National Taiwan University; M.A., University of Washington.

CIOFFI, SANDY
Film & Video
B.A., Colgate University; Professional Technical Teaching Certificate.

CIOK, EDWARD
Institute of English
B.S., St. Peter’s College; M.S., State University at Buffalo.

CLAASSEN, GAIL
Institute of English
B.A., Evangel College; M.A., Biola University.

CLARK, RICHARD
English
B.A., Portland State University; M.F.A., University of Washington.

CLARY, HEATHER
Chemistry
B.S., Harvey Mudd College; M.S., Ph.D., University of Washington.

CLAYTON, GARY
School of Opticianry
Master of Ophthalmic Optics; American Board of Opticianry, Certified Optician; B.S., City University; Professional Technical Teaching Certificate.

COFFMAN, LYNN
School of Opticianry
A.A.S., Seattle Central Community College; B.A., University of Puget Sound; Professional Technical Teaching Certificate.

COLE, DOUGLAS
English
B.A., San Diego State University; M.A., Western Washington University.

COLLINS, MINNIE
Emeritus Faculty, English
B.A., Virginia Union University; M.A., George Washington University.

COMIDY, COLLEEN
Institute of English
B.A., University of Washington; M.A., New York University; M.A., University of Washington.

CONGER, STEVE
Information Technology Programs
B.A., Gonzaga University; M.A., University of Idaho; Professional Technical Teaching Certificate.

CONLEY, CHRIS
ESL
B.A., Minnesota State University, Moorhead; TESOL, M.A.T., School for International Training.

CORNUTT, LINDA L.
Associate Degree Nursing
A.D.N., B.S.N., Miami University at Oxford; M.S.N., Gonzaga University; Professional Technical Teaching Certificate.

COSTELLO, ROBERT
Network Design & Administration
B.S., The Evergreen State College; Professional Technical Teaching Certificate.

CROON, PAUL
English
B.A., University of Washington; M.A., University of Illinois at Chicago.

CRUM, SCOTT
Seattle Maritime Academy
U.S.C.G. Licensed Master of Inland Steam or Motor Vessels of any Gross Tons, and of Ocean Steam or Motor Vessels of not more than 1600 Gross Tons, and Licensed Second Mate of Ocean Steam or Motor Vessels of any Gross Tons; First Class Pilot of Vessels of any Gross Tons Upon Washington Main Ship Canal Between Dolphin Point and Randall Point; All Puget Sound and San Juan Islands (including Spieden Channel) Ferry Routes.

CUIZON, DAPHNE
ESL
B.A., University of Washington; M.A., Monterey Institute of International Studies.

DANZ, EILEEN
ABE & GED

DAVIDSON, FRAN
Child & Family Studies
B.S., University of British Columbia; M.A., Pacific Oaks College.

DAVIES, THOMAS
Institute of English
B.A., University of California at Los Angeles; M.A.T., University of Washington.

DELA CRUZ, ROCHELLE
ESL
B.A., University of Washington; M.A., University of Hawaii; Diplôme Supérieur, Université De Paris.

M.A., TESOL, School for International Training.

RIFAS, LEONARD
Humanities
B.A., University of California at Berkeley;
M.A., Ph.D., University of Washington.

REED, DONALD
Seattle Culinary Academy
B.A., University of Montana;
Pastry & Specialty Baking Certificate, South Seattle Community College;
Professional Technical Teaching Certificate.

ROBERTS, KATIE
ASL & Linguistics
B.A., Gallaudet University;
M.A., Teacher’s College, Columbia University;
Professional Technical Teaching Certificate.

ROBERTSON, REBECCA
Spanish
A.A., Tacoma Community College;
B.A., M.A., University of Washington.

RODMAN, KIM
ESL
B.A., University of Malaya;
M.Ed., University of Washington.

ROMBOUTS, ERNESTINE
Social & Human Services
B.S.W., University of Washington;
M.S.W., University of Denver;
Professional Technical Teaching Certificate.

RUTHERFORD, KAY
Communications

SALDIN, JOSEFINA A.
ESL
B.A., University of St. Thomas;
M.A., De La Salle University.

SALVERDA, MARC
Graphic Design
B.A., Washington State University;
Professional Technical Teaching Certificate.

SANSTAD, GORDON
Marine Carpentry
Occupation Education Certificate, South Seattle Community College;
Professional Technical Teaching Certificate.

SASAKI, YUKA
Music
B.A., Toho Gakuen;
M.M., Ph.D., University of Washington.

SCHMIDT, VIRGINIA H.
ESL, Institute of English
B.A., University of Washington.

SCHULTZ, TOM
Chemistry
B.S., M.S., Eastern Washington University.

SCHWARTZ, KRAIG
History
B.S., University of Wisconsin, Whitewater;
M.A., Pennsylvania State University;
Ph.D., University of Maine.

SERBA, ANNEJEANETTE
Surgical Technology
Surgical Technology Diploma, College of Technology of the University of Montana;
Professional Technical Teaching Certificate.

SERQUEBERHAN, MIRIAM
ESL
B.A., University of Massachusetts;
TESL Certificate, Executive Master of Not-For-Profit Leadership, Seattle University.

SHAH, JING-SONG
ESL
B.A., University of Sichuan;
M.A., University of Washington.

SHIN, KELLIE
Mathematics
B.A., University of California at Irvine;
M.S., Korea University.

SHIOSAKI, GREGG
Seattle Culinary Academy
Food Science & Hospitality Certificate, South Seattle Community College;
Professional Technical Teaching Certificate.

SHOOP, JANE
Library
B.A., University of Washington;
M.L.S., University of Denver.

SHULTZ, JOY
Physical Education
C.P.T., National Strength and Conditioning Association.

SIGELMANN, CAMILA
Apparel Design
A.A.S., Seattle Central Community College;
B.A., University of Washington;
Professional Technical Teaching Certificate.

SILVERMAN, LAWRENCE R.
English

SIMEON, STEVE
Counselor
B.A., M.S.W., University of Washington.

SINKULA, MIKE
Web Design
B.A., Chico State University;
Professional Technical Teaching Certificate.

SISON, Verna
ESL
B.A., University of San Carlos;
M.A., Seattle University.

Dean, Business, Engineering & Information Technologies
B.A., Saint Martin’s University;
M.B.A., Washington State University.

ROBERT FINEMAN
Dean, Health & Human Services
B.A., Temple University;
M.D., Ph.D., State University of New York,
Downstate Medical Center, Brooklyn.

PETER LORTZ
Dean, Math, Science, & Social Sciences
B.A., DePauw University;
M.S., Miami University.
THE FACULTY

ABE, BENJAMIN
Anthropology
B.A., Carleton College; M.S., Washington State University.

ADELSON, NANCY J.G.
Real Estate
B.A., University of Washington; Graduate Realtor Institute (GRI) Certificate; Professional Technical Teaching Certificate; Direct Endorsement Underwriter for FHA.

AGNELLO, ALISSA D.
Nanotechnology & Chemistry
B.A., Wellesley College; M.S., University of Washington.

AL FAIZ, AMAL
ABE & ESL
C.B., Academy of Bordeaux, France; B.A., Carleton College, Minnesota; M.Ed., Seattle University.

ALLEN, MICHAELANN
Medical Assisting
A.A.S., North Seattle Community College; Certified Medical Assistant; M.Ed., Seattle University.

ANDERSON, JANICE
ABE & ESL
B.A., University of Washington; M.Ed., Seattle University.

ANDERSON, STEVEN N.
Mathematics & Physics
B.S., B.S., Ph.D., University of Washington.

APPLE, ELINOR
Librarian
B.A., Middlebury College; M.L.S., University of Washington.

ATKINS, ROBERT J.
Psychology & Sociology
B.A., M.A., California State University; Ph.D., University of Washington.

BARNDT, J. KATIE
Biology & Sustainability
B.A., Whitman College; M.S., University of Washington.

BARTON, JAMILLA
ESL
B.S., Tulane University; M.A., Seattle Pacific University.

BAUER, JILL
ESL
B.A., Taylor University; M.A., Seattle Pacific University.

BATES, ARYANA
Librarian
B.A., Reed College; M.L.S., Rutgers University; Ph.D., Drew University.

BELGACEM, TAMARA
ESL
B.A., Fort Wright College; M.A., University of Puget Sound.

BENNETT, PAULA
English
B.A., M.A., Ph.D., University of Washington.

BERNHARD, SCOTT
French & Spanish
B.A., Brigham Young University; M.A., University of Washington.

BIRD, ELIZABETH L.
Parent Education
B.A., M.A., Pacific Oaks College.

BONNEY, CURTIS W.
ESL
B.A., New York University; M.F.A., San Francisco State University.

BOUKER, PATRICK
Accounting
B.A., M.B.A., Seattle University.

BOYER, MARGOT
English

BRADEN, JAMES
Business Information Technology

BRANNAN, DENISE G.
Mathematics

BROWN, MARY MARGARET
Parent Education
B.S.N., Indiana University; M.S., University of Colorado; Ph.D., University of California at Los Angeles.

BRUBAKER, ROBERT
History
B.A., M.A., Ph.D., University of Washington.

BUKER, NICHOLAS D.
Chemistry
B.S., University of Vermont; M.A., Ph.D., University of Washington.

CALLAHAN, BECKY
Parent Education
B.A., Washington State University; M.A., Pacific Oaks College; Washington State STARS Approved Trainer.

CAMPBELL, M. ELIZABETH
Computer Information Technologies
B.A., University of Washington; Professional Technical Teaching Certificate.

CARLSEN, J. DAWN
Parent Education
B.A., Western Washington University.
CARLSTROM, NORMAN
Architectural Engineering Drafting
B. Arch., New York Institute of Technology; Licensed Architect, Washington State; Professional Technical Teaching Certificate.

CHUNG, TERRI
English
B.A., Wellesley College; M.A., Stanford University.

CLAPP, J.C.
English
B.A., University of Wyoming; M.A., Utah State University.

COOK, THOMAS H.
Economics
B.A., University of Washington; M.A., Western Washington University; D.Min., Vision International University.

COSKO, PAULA
ABE & ESL
B.A., Teaching Certificate, ESL Advanced Certification, Seattle University; M.A., Antioch University.

CROWSER, CESILY
Parent Education
B.S., Occidental College.

DAHMS, JOEL M.
Biology
B.S., University of Washington; M.S., University of California.

DANIEL, NORIS
Early Childhood Education
B.S., Colorado State University; M.A., Pacific Oaks College; Professional Technical Teaching Certificate.

DAVIS, CHRISTOPHER
English
B.A., Wabash College; M.A., Simmons College.

DESOITO, JENNIFER
Mathematics
A.A., Seattle Central Community College; B.S., University of Washington; M.S., Texas A & M.

DONATO, VALERIE
Parent Education
B.A., Queens College, C.U.N.Y.; M.A., Pacific Oaks College; Professional Technical Teaching Certificate.

DRUMMOND, TOM
Early Childhood Special Education
B.A., M.Ed., University of Washington; Professional Technical Teaching Certificate.

EATON, JAMES
ABE & ESL
B.A., M.A., California State University at Chico.

EBERHARDT, DAVID
Business
B.S., University of Washington; M.A., City University.

ENGEL, RANDALL G.
Chemistry
B.A., Cornell College, Iowa; M.S., Western Washington University.

EYRES, DAVEN
Physics & Mathematics
B.S.E.E., M.S., University of Washington.

FIEGENBAUM, TIMOTHY
Electronics
B.T.E., National University; M.A., Webster University.

FINLEY, NANCY JAGO
Psychology
B.A., M.A., Western Washington University.

FRALEY, BREANNE
ESL
B.A., Mid America Nazarene University; M.A., Seattle Pacific University.

FURUTANI, JUSTINE
Chemistry
B.S., California Institute of Technology; M.S., University of California at Los Angeles.

FURUTANI, TRACY T.
Random Science
B.S., California Institute of Technology; M.S., Stanford University; Ph.D., University of Washington.

GARCIA, FRANK
Mathematics
A.A., Seattle Central Community College; B.A., Western Washington University.

GEARY, BARBARA
Allied Health
B.S., Wheaton College; M.A., Loyola University.

GERBER, CARO
ESL
B.A., Montana State University; M.S., M.A., University of Oregon; M.A., TESOL, Seattle University.

GERTLER, ANNA
ESL
B.A., Technical Credential, University of California at Los Angeles.

GERTLER, PESHA
English
A.A., Mt. Hood Community College; B.A., Reed College; M.A., University of Washington.

GOFORTH, JANE
Business
A.A.S., North Seattle Community College; B.A., University of Washington.

GOLDNER, BARBARA
Computer Science & Mathematics
B.A., Wellesley College; M.S., Stanford University.

GOULET, ELISABETH J.
Biology
B.S., University of Washington; M.S., Ph.D., Cornell University.

GRINLEY, MELISSA
Psychology
B.A., University of California at Davis; M.S., University of Washington.

HAINES, JEANIE
ABE & GED
B.A., Teaching Certificate, University of Washington.

HAMILTON, CAROL ANN
English
B.A., M.A., University of Washington.

HARRADINE, JANE
English & Drama
B.A., Pomona College; B.A., University of Washington; M.A., University of Idaho.
HEINLEIN, TRACY
English
B.A., Tulane University;
M.A., University of Southern Mississippi.

HILL, JOANNE
Physical Education & Yoga
B.A., Ohio University; Teacher Training
Certificate, The Center for Yoga.

HOLT, WILLIAM
Business
B.S., Washington State University;
M.A., Bastyr University;
Training Specialist Certificate, TQM
Certificate, University of Washington.

HOLT, BRIAN C.
Psychology
B.S., Washington State University;
M.A., Temple University.

HONG, JACKIE
Chemistry
B.S., University of Washington;
M.S., Western Washington University;
Professional Technical Teaching Certificate.

HOPT, LARRY W.
Accounting & Business
B.A., Boise State University;
J.D., University of Washington Law School;
Professional Technical Teaching Certificate.

HOTTINGER, SUSAN
ABE & ESL
B.A., University of Washington;
M.A., TESOL, Seattle University.

HRISTOVA, LENA
Nursing
A.D.N., Everett Community College;
B.S.N., M.S.N., University of Washington –
Bothell.

HULL, LYNNE
Art
B.F.A., University of Washington;
M.F.A., School for American Craftsmen.

IVerson, HEidi a.
Biology
B.S., California Polytechnic University;
Ph.D., University of Washington.

JACK, JENNIFER
Nursing Assistant - Certified
Certificate, Licensed Practical Nursing,
South Seattle Community College;
B.S., State University of New York –
Excelsior College.

JASSO, EDGAR
Mathematics
B.A., University of Guanajuato, Mexico;
M.S., UNAM University, Mexico.

Jenne, Ralph w.
Mathematics
B.A., University of Colorado;
M.A., Ph.D., University of Washington.

JENSEN, LAURA
ESL
B.A., University of California at
Santa Barbara;
TESOL, M.A., San Francisco
State University.

JINGUI, DANIEL J
Computer Science & Mathematics
B.A., B.S., M.S., University of Washington.

JUMP, FRANK E.
Electronics
B.S., U.S. Merchant Marine Academy;
Professional Technical Teaching Certificate.

KELLY, MICHELLE
Art
B.F.A., University of Washington;
M.F.A., Hunter College, City University of
New York

KERSNS, THOMAS, A.
Philosophy
B.A., University of Notre Dame;
M.A., Ph.D., Marquette University.

KOLOMYEVA, NATASHA (NATALYA)
Mathematics
B.S., Sevastopol Instrument Engineering
Institute; Higher Education Certificate,
Moscow State University.

KILDALL, JOSH
ESL
B.A., Western Washington University;
M.A., Seattle University.

KILL, MAUREEN
ESL
B.A., Mundelein College of Loyola
University;
M.E., National College of Education.

KINCAID, KATHERINE
Parent Education
A.A., Center for Early Education;
B.A., Immaculate Heart College.

KIRSCH, STEPHEN
Mathematics
B.S., St. Martin’s College;
M.S., Central Washington University.

KOSS, TERRY
Physics & Astronomy
B.S., University of Washington;
M.S., University of British Columbia;
Ph.D., University of Washington.

KUROSE, PAUL MITSUO
Mathematics
B.S., University of Washington;
M.A., University of California at Berkeley.

LANE, BRADLEY
English
B.A., Lambuth University;
M.Ed., Vanderbilt University.

LANE, JILL R.
Political Science
B.A., University of North Carolina at
Greensboro;
M.A., North Carolina State University.

LEARN, JULIA (JUDY) F.
Biology, Health & Nutrition
B.A., Spaulding College;
M.Ed., University of Louisville.

LI, DEANNA J.
Mathematics
B.S., University of the Philippines;
M.A., University of Washington;
Professional Technical Teaching Certificate.

LI, HON
Applied Mathematics
B.S., University of Michigan;
Ph.D., University of Washington.

LIPPERT, PAM
Mathematics
B.S., M.S., University of Wisconsin
at Milwaukee.

MA, DIANA
English
B.A., University of Washington;
M.A., University of Illinois;
Teacher Certificate, Antioch University.

MAO, JENNY
Counselor
B.S., Washington State University;
M.S., Western Washington University;
Ph.D., Washington State University.

MCCRACKEN, LAURA
English
B.A., Western Washington University;
M.A., New Mexico State University.

MCGUINNESS, MITCH
Biology
B.S., M.S., University of Washington.
MCKELVEY, BETH  
ESL  
B.A., University of Washington;  
M.A., San Francisco State University.

MCKIBBEN, MARGARET C.  
Librarian  
B.A., University of Chicago;  
M.L.S., University of Washington.

MEYER, MARK  
Art  
B.A., Ph.D., University of Texas.

MINATOYA, LYDIA  
Counselor  
B.A., St. Lawrence University;  
M.A., George Washington University;  
Ph.D., University of Maryland.

MOORE, MARGARET S.  
ESL  
B.A., Seattle University;  
M.A.T., School for International Training, Brattleboro, Vermont.

MURKOWSKI, ANN  
Biology  
B.S., University of Puget Sound;  
M.S., Western Washington University.

MURPHY, EILEEN MACRAE  
Mathematics  
B.A., M.A., University of Washington.

NAUSNER, LORELLEN  
ESL  
B.A., Claremont McKenna College;  
J.D., Loyola University School of Law;  
TESOL, University of Washington.

NICHOLS, DAWSON  
Drama  
A.B., Occidental College;  
M.A., Northwestern University;  
Ph.D., University of Washington.

NUTTING, MAUREEN  
History  
B.A., Fordham University;  
M.A., Ph.D., University of Notre Dame.

OFFENBACK, VINCE  
Computer Science & Engineering  
B.S.E.E., Drexel University;  
M.S.E.E., University of Washington;  
Professional Technical Teaching Certificate.

OLGUNIN, ENRIQUE  
Political Science & Ethnic Studies  
A.A., Orange Coast Community College;  
B.A., University of California at Los Angeles;  
Ph.D., Stanford University.

OWENS, KALYN  
Chemistry  
B.S., University of California at San Diego;  
Ph.D., University of California at Davis.

PALMER, BRIAN  
Music  
B.M., University of Idaho;  
M.M., University of Northern Iowa;  
M.A., University of Wyoming.

PATTERSON, JAMES  
Chemistry  
B.S., Washington State University;  
M.S., University of Washington.

PAZ, MARIA S.  
Librarian  

PURDY, CHRISTINA  
ESL & English  
B.A., Smith College;  
M.A., Southern Illinois University.

QUIG, STEVE  
Developmental English & English  

RAUSCH, SCOTT A.  
History  
B.A., Reed College;  
M.A., Ph.D., University of Washington.

REID, JIM  
Physics & Astronomy  
B.A., University of Oxford, England;  
M.Sc., University of Sussex, England;  
Ph.D., University of Calgary.

REIS, JANE LISTER  
Communication  
B.A., New York University;  
M.A., Seattle Pacific University.

REYNOLDS, MARLA  
ESL  
B.A., M.A., California State University.

RICKEL, MARTHA  
Nursing  
A.S., Nursing University of Arkansas at Little Rock;  
B.S.N., University of Arkansas for Medical Sciences;  
M.S.N., University of Texas at Austin.

RINGEN, VICKY  
Mathematics  
B.A., M.S., University of Washington;

ROLF, ELAINE  
Watch Technology  
Certificate, North Seattle Community College;  
WOSTEP Certificates;  
Professional Technical Teaching Certificate.

ROOT, PATRICIA  
Physical Education & Health  
B.S., M.S., University of Arizona;  
ACE, NSCA Certified.

RZONDKOVSKY, SEVA  
Spanish, Russian & Italian  
B.A., University of California;  
M.A., University of Washington.

SAUNDERS, CHRISTOPHER D.  
Electronics  
A.A.S., North Seattle Community College;  
Medical Imaging Technology, Picker Institute.

SARGIZI, MOVAKEL  
Biology & Health  
B.A., University of Washington;  
M.S., Western Washington University.

SAUNDERS, BRIAN  
Biology  
B.S., M.S., Western Washington University.

SCHAffER, DENNIS J.  
Computer Science Engineering  
B.S., Rensselaer Polytechnic Institute;  
M.S., Case Western Reserve University;  
Professional Technical Teaching Certificate.

SCHLADOR, SUZANNE  
Biology  
B.S., Loyola Marymount University;  
M.S., California State University at Long Beach.

SCHLEY, ANNETTE  
Business  
B.A., M.A., Wayne State University;  
Professional Technical Teaching Certificate.

SCHUESSLER, BOB  
Communication  
B.A., College of the Ozarks;  
M.A., Fairfield University;  

SEKULICH, ERIN  
Nutrition & Health  
B.H.K., University of British Columbia;  
M.S., Bastyr University.

SHARPE, LYNN  
ESL  
B.A., City College of New York;  
M.A., M.Ph., Columbia University.
SHTERN, YULIA  
ESL  
B.A., M.A., Russian State University, Moscow.

SIDOINE, KAAREN  
ABE & ESL  
A.A., Seattle Central Community College;  

SIMMONS, STEPHEN  
Architectural Engineering Drafting  
B.A., Howard University;  
Vocational Education Certificate, Central Washington University.

SMITH, JOSEPH  
Accounting  
B.A., M.B.A., University of Washington;  
C.P.A., Virginia Board of Accountancy;  
C.M.A., Institute of Management Accountants.

STAPLETON, SARA  
ESL  
B.A., University of Michigan;  
M.Ed., TESOL, Seattle University.

STILSON, TERRI  
Biology  
B.S., Florida State University;  
M.S., University of Florida.

STORMS, MELISSA  
English  
B.A., University of Oregon;  
M.A., Portland State University.

STUHLDREHER, KAREN  
Women Studies  
B.A., Ithaca College;  
M.A., University of Washington.

SWANLIJUNG, VERA  
Business & International Business  
B.S., Bennett College;  
M.B.A., City University;  
Professional Technical Teaching Certificate.

TENENBAUM, MOLLY  
English  
B.A., Sonoma State University;  

TORKELSON, KATHLEEN  
Architectural Engineering Drafting  
A.A.S., North Seattle Community College.

THORSTENSEN, UYEN  
Pharmacy Technician  
B.A., University of Washington;  
Certificate, Pharmacy Technician, North Seattle Community College;  
National Certified Pharmacy Technician.

TUINSTRA, SHERRY  
ABE & ESL  
B.A., M.A., TESOL, Seattle Pacific University.

VILCHES, CHRISTINE  
French  

VISHNYAKOVA, OLGA  
Philosophy  
B.A., M.S., Ph.D., Moscow State University.

VOORHIES, ANN C.  
Parent Education  
B.A., San Jose University;  
M.S.W., University of Washington.

WARD, JEAN  
Parent Education  
B.A., University of Washington;  
M.S.W., University of California at Berkeley.

WATTS, HARRY L.  
Mathematics  
B.A., Sul Ross University;  
M.S., University of New Mexico.

WHITTIER, NANCY  
Nursing  
A.A.S., R.N., Commonwealth College;  
Diploma of Nursing, Sentara Norfolk General Hospital School of Professional Nursing;  
B.S.N., Virginia Commonwealth University;  
M.N., University of Washington – Bothell.

WILKINSON, LYNDA  
Electronics  
A.A.S., British Columbia Institute of Technology;  
B.A., B.Ed., University of Montreal;  
Professional Technical Teaching Certificate.

WILLIAMS, BETTY S.  
Parent Education  
B.A., Vanderbilt University;  
M.S.W., University of Washington;  
Professional Technical Teaching Certificate.

WOODS, RONALD  
Accounting  
B.A., Seattle University;  
M.S., Georgetown University.

WU, JENNIFER  
Librarian  
B.A., California State University at Chico;  
M.L.S., University of Oregon.

XIE, HOWARD  
English, Developmental English & Chinese  
B.A., Jilin University, China;  
M.A., Virginia Polytechnic Institute and State University.

YAMAGUCHI, KEIKO  
Japanese  
B.A., Doshisha University, Kyoto;  
Certificate in Teaching Japanese as a Foreign Language, Japanese Ministry of Education;  

ZAHAJKO, CRISTINA C.  
Spanish & French  
B.A., M.A., University of Washington.
SOUTH Faculty & Administration

OFFICE OF THE PRESIDENT

GARY OERTLI
President
(Effective by Fall 2010)
B.A., M.A., University of Washington.

CAROLYN BEVAN
Research Analyst
B.A., Evergreen College;
M.P.A., Seattle University.

MARTHA BROWN
Director, Planning, Research & Assessment
B.A., Wellesley College;
M.A.T., Brown University;
Ed. D., Harvard University.

MICHAEL D. MUNSON
Director, Communications
B.A., Whitman College;
M.S., Northwestern University.

WENDY NAGASAWA
Executive Assistant to the President
A.A.S., Seattle Central Community College.

ELIZABETH PLUHTA
Director, Development
B.A., Gonzaga University.

KATHRYN VEDVICK
Director, Program Services
A.A., South Seattle Community College.

WENDY PRICE
Grants Coordinator
B.A., University of Oregon.

ADDITIONAL SERVICES

ROBERT D. SULLIVAN
Operations Manager, Brockey Center
B.S., Villanova University;
M.S., Antioch University.

JOEL BOUCHEY
Manager, Bookstore

OFFICE OF INSTRUCTION

JEAN HERNANDEZ
Vice President for Instruction
B.S., M.Ed., University of North Texas;
Ed. D., University of Washington.

KIM ALEXANDER
Associate Dean, Professional-Technical Education
B.S., Central Washington University.

LANA CONRAD
Director, Nursing
B.S., Dalhousie University, Nova Scotia;
M.A., McMaster University, Ontario;
Ph.D., University of Washington.

PINKY DALE
Dean, Apprenticeship & Specialized Training
B.A., Marylhurst University.

GAYLE FLAKUS
Assistant Manager, Georgetown Campus
B.S., Western Washington University.

MALCOLM GROTHE
Executive Dean, Professional-Technical Education
A.A.S., Highline Community College;
B.S., Southern Illinois University;
M.A.Ed., Seattle University;
Ph.D., Oregon State University.

JOSEPH HAHT
Director, Puget Sound Industrial Excellence Center
B.A., University of Portland;
M.P.A., University of Washington.

CHAD HICKOX
Interim Dean, Academic Programs
B.A., College of Idaho;
Ph.D., State University of New York at Buffalo.

KATHLEEN KWILINSKI
Director, International Programs
B.A., Seattle University.

KEITH MARLER
Director, Workforce Development
B.A., Los Angeles Baptist College;
M.Div., Northwest Baptist Seminary.

DONNA MILLER-PARKER
Dean, Basic & Transitional Studies
B.A., Idaho State University;
M.A., Seattle University.

LUISA MOTTEN
Director, Continuing Education
B.A., Smith College;
M.S., Drexel University.

MICHAEL RYAN
Dean, Professional-Technical Education
A.A., A.A.S., Seattle Central Community College;
B.A., University of Washington.

BENNET TAVES
Dean, Professional-Technical Education
B.S., M.S., State University of New York at Oswego.

MARY JO WHITE
Dean, Academic Programs
B.A., Western Washington University;
M.L.S., Ph.D., University of Washington.

STUDENT SERVICES

MARK MITSUI
Vice President for Student Services
B.A., Western Washington University;
M.Ed., University of Washington.

PATRICIA BILLINGS
Director, Financial Aid
B.A., The Evergreen State University.

SANDRA BOLT
Director, Student Assessment
B.F.A., Michigan State University;
M.S., Seattle Pacific University.

DUNCAN BURGESS
Director, Worksource Development & Career Services

ANISSA “CESSA” HEARD-JOHNSON
Dean, Diversity, Retention & Student Leadership
B.A., San Diego State University;
M.A., University of Oregon.

MAY LUKENS
Director, AANAPISI Grant
B.A., University of Washington;
M.B.A., San Diego University.

KIM MANDERBACH
Dean, Enrollment & Student Services
B.A., Pitzer College;
M.Ed., Seattle University.
SEBASTIAN MYRICK
Director, Educational Talent Search & Upward Bound
A.A.S., Everett Community College; B.A., Seattle Pacific University; M.P.A., University of Washington.

SHARON NORMAN
Retention Coordinator, Opportunity Grant Coordinator
B.S., Central Washington University.

VANESSA REED
Interim Director, Student Outreach, Admissions & Recruitment

LISA SEVER
Manager, Early Childhood Program
B.A., Washington State University.

MAUREEN SHADAIR
Director, Student Success Services
B.A., Whitworth College; M.A., Western Washington University.

VIRGINIA SULLIVAN
Manager, Advising & Running Start
B.A., University of Great Falls.

ROXANNE TILLMAN
Director, Special Student Services
B.A., M.A., University of Washington.

THE FACULTY

ABRAM, JABUS
Computing Technology
A.A., Seattle Central Community College; B.A., United Theological Seminary.

ALI, ABOUBAKER
ESL
B.S., State University of New York.

AMESQUITA, CARLOS
Automotive Technology
A.A.S., South Seattle Community College; NATEF Certification.

ANDERSEN, HOWARD S.
Automotive Technology
A.A.S., Chemeketa Community College; Master Technician A.S.E. Certified; G.M. and Chrysler Certification; Professional Technical Teaching Certificate.

ANGEL, LARRY
Economics
B.S., California Polytechnic State University; M.S., California State University.

ATCHISON, ARLENE
Mathematics

BAKER, CORINNE LEE
Business & Office Occupations
B.A., M.A., Brigham Young University.

BALDWIN, SARA
ESL
B.A., Goddard College; M.A., University of Minnesota.

BEAN, ROSALIE (KIT)
English
B.A., Stanford University; Teaching Certificate, College of Great Falls; M.A., TESOL Certificate, Seattle University.

BELLOWS-ROCHFORT, HALLIMA
ESL
B.S., New York University; M.A., University of Exeter; M.S., San Francisco State University.

BERGER, JEAN-CLAUDE
Pastry & Specialty Baking
Brevet from Ecole Hoteliere, Strasbourg, France; Professional Technical Teaching Certificate.

Bissonnette, Donald
ESL
B.A., Bridgewater State College; M.Ed., Lesley College.

Bobbitt, Van
Landscape & Environmental Horticulture
B.A., Central Washington University; M.A., California Polytechnic State University.

BOS, PETER
Wine Technology & Wine Making

BOURRET, ROGER
English & ESL
B.A., St. Michael’s College; M.Ed., University of Washington.

BROWNE, PATIENCE
Biology
B.S., Marlboro College; M.S., Moss Landing Marine Laboratories; Ph.D., University of California at Davis.

BUSCHHOFF, JAMES H.
ESL
B.A., State University of New York at Fredonia.

BUSH, DAN
History
B.A., M.A., Ph.D., University of Washington.

CHASE, LINDA
Home & Family Life Coordinator
A.A., North Seattle Community College; B.A., University of Washington.

CHINN, DORIENNE
ESL
B.S., University of Washington; M.Ed., Seattle University.

CLAPPER, KIRK (DOUG)
Heavy Duty Diesel Mechanics
Northshore Vocation School; ASE Certification.

CLARK, ELIZABETH SUSAN
ESL
B.A., University of California at Los Angeles; M.Ed., Seattle University.

COATES-WHITE, STEPHEN
Counseling
B.A., Whitman College; M.Ed., Seattle University.

COLLINS, DOUGLAS
ESL
B.A., University of Florida; M.A., University of Washington.

COSKEY, THEODORE C.
Mathematics, Astronomy & Environmental Science
B.A., University of California; M.S., University of Illinois; Professional Technical Teaching Certificate.

CUDABACK, EIRON
Anatomy
B.S., University of Washington.

DAEHNE, FRANK
Aviation
FAA License, AirFrame & PowerPlant, Spartan School of Aeronautics.

DAIGNEAULT, REGINA
Wine Technology
Court of Sommeliers, Level One Certified; Wine & Spirit Education Trust, Certified Intermediate and Advanced.

DANFORTH, BARBARA
Home & Family Life
B.S., Oregon State University.

DEBOO, SHIREEN
Librarian
B.A., Brandeis University; M.S., University of Washington.

DE JONG-KEEFE, AFKE
ESL
DELA-CRUZ, ROBERT
English
B.S., United States Military Academy at West Point; U.S. Command and General Staff College, Fort Leavenworth;
M.A., University of Pittsburgh.

DORMAN, RYAN
Mathematics
B.A., B.S., University of Washington;
M.A., University of Wisconsin.

DOWNS, RICHARD
Applied Academics
B.S., University of Minnesota;
M.S., Ph.D., University of Washington;
Registered Mechanical Engineer, State of Washington.

DWYER, ANN E.
ESL
B.A., Carleton College;
M.M.E., University of Montana;
TESOL Certificate, Seattle University.

EGUCHI, TERESA
Counselor

ENDSLEY, STEPHANIE
Chemistry
B.A., Gustavus Adolphus College;
M.S., University of Washington.

ESTERBERG, ASHA
Spanish
B.A., Bardal College;
M.A., University of Washington.

FARRELLY, BLANCA
ESL
A.A., College of San Mateo;
B.A., M.A., San Francisco State.

FAUL, KENNETH
Commercial Truck Driving

FORD, STEVEN
Auto Body Rebuilding & Refinishing
Journeyman Auto Body Repairman; Professional Technical Teaching Certificate.

FRANCO, MARC
Biology & Chemistry
B.S., University of Washington;
Ph.D., University of North Carolina;
Post Doctorate, University of Kiel, West Germany.

FRENCH, ALLAN
ESL
B.A., University of Washington;
M.A., Stanford University;
M.A., University of Wisconsin.

FUJIMOTO, AKEMI
Basic & Transitional Studies
B.A. English, Soka University, Japan;
M.I.T., School for International Training, Vermont.

GILMAN, HOLLY
English
B.A., M.A.T., University of Washington.

GIMNESS, ERIK
ESL
B.A., University of Puget Sound.

HALL, JUDY
Home & Family Life
Vocational Teaching Certificate, South Seattle Community College.

HARAN, SHARYN
Business & Office Occupations
B.A., Northeastern Illinois University; M.Ed., University of British Columbia.

HARDER, MARGO
ESL
A.A., Seattle Central Community College;
B.A., University of Washington.

HARNESS, JANE
ABE & GED
B.A., M.A., Seattle University.

HARRIS, CHRISTOPHER S.
Pastry & Specialty Baking
Western Culinary Institute; Professional Technical Teaching Certificate.

HENDRICKSON, KAREN,
Home & Family Life A.P.P.L.E. Coordinator
B.A., Agnes Scott College, Atlanta;
M.A., University of Michigan.

HERD, PAULA
Music
B.A., B.M., University of Washington;
M.A., San Diego State University.

HICKEY, MICHAEL
English
B.A., University of Arizona;
M.F.A., University of Washington.

HIRSHBERG, WENDI
Home & Family Life
B.A., Washington State University.

HOAGLAND, PHYLLIS (JOEY)
English
B.A., M.A., California State University at Fullerton;
M.A., Pacifica Graduate Institute.

HOFSTAD, CONNIE
Home & Family Life
B.A., Central Washington University.

HOLLY, DANICA
ESL
Ph.D., Comenius University, Czechoslovakia.

HORAN, JEANNE
Computing Technology
B.A., Washington State University;
M.B.A., City University.

HOUOT, ROBERT
Commercial Cooking & Classical Cuisine
Chef Diploma, Culinary Arts, Geradmer, France.

HOWARD, DONALD R.
Counselor
B.A., University of Washington;
M.Ed., Seattle University.

HUDSON, LOUISE
ESL
B.A., Washington State University;
Advanced TESOL Certificate, Seattle University.

HUGHES, BRIAN
Automotive Technology
Journeyman Automotive Technician; Professional Technical Teaching Certificate.

HUNTLER, REBECCA
Home & Family Life
B.A., Washington State University;
M.A., University of Denver.

IOSELOVICH, MARGARITA
ESL
M.A., Moscow State University.

JENNESS, JANET
Home & Family Life
B.A., Western Washington University.

JO, SINDY
Nursing - LPN
A.A.S., Pierce College;
B.S.N., University of Washington.
JOHNSON, JUDITH
ESL
B.A., University of California at Santa Cruz;
M.A., Seattle University.

JOHNSON, LINDA
ESL
B.A., University of Washington;
M.A., TESOL, Seattle University.

KAPP, JANET
Nutrition & Health
B.S., University of Arizona;
M.A., University of Washington.

KASIM, MICHELLE F.
Food Service Management
B.A., Washington State University;
Professional Technical Teaching Certificate.

KINDZIA, BEN
ESL
B.A., Bellarmine College;
M.A., Niagara University.

KINGSTON, LAURA
English
B.A., Pacific Lutheran University;
M.A., Western Washington University.

KLEYSTAD, ERIC R.
Airframe & Power Plant
A.A., Aircraft Maintenance Engineering Technician;
F.A.A. A&P Certificate;
F.A.A. Private Pilot License;
F.C.C. Advanced Radio License.

KOEPKE, CAROL
Computing Technology
A.A., Highline Community College;
B.A., Seattle University.

KOUTSKY, JAN
Art
B.A., Central Washington University.

KULIK, MIETEK
ESL
M.S., M. Curie Sklodowska University,
Poland.

LANTZ, MARY
Art
B.A., M.F.A., University of Minnesota.

LEAGJELD, DANIEL
Commercial Truck Driving
Professional Technical Teaching Certificate.

LARSEN, GWENDOLYN (ASTRID)
Psychology
B.A., Art Certification, Montana State University;
M.A., Antioch University.

LLEWELYN, KIM
Mathematics
B.S., M.A., University of Washington.

LEMLEY, JUDY
ABE & GED
B.A., Grand Valley State University;
ESL Certification, Seattle University.

LOCKHART, MARLA
Business & Office Occupations
B.S., Pepperdine University;
M.A., Keller Graduate School of Management.

LYMAN, HEIDI
Mathematics
B.S., M.S., University of Washington.

LYSAKER, KRISTIN
ESL
B.A., University of Wisconsin;
M.Ed., Seattle University.

MCCARTHR, SANDY
Mathematics
B.A., University of Puget Sound;
M.A., University of Washington.

MCCoy, KATRYNA
LPN & Nursing
B.S., Medical College of Georgia;
M.S., University of Washington.

MCCRATH, MICHAEL
Anthropology
B.A., University of Washington;

MCKNIGHT, KELLY
English
B.A., University of Texas at Austin;
M.Ed., Western Washington University.

MEARLS, JOANNE
ESL
B.A., Dominican College of San Rafael;
M.A., (Professional) Naval War College;
TESOL Certificate, Seattle University.

MILLER, SUE
Nutrition
B.A., Occidental College;
M.A. University of Washington.

MIRABELLA, DOLORES
English
B.A., Ladycliff College, New York;
M.A., Hofstra University, New York.

MOSS, JENNIFER
English
B.A., Grinnell University;
M.A., University of Iowa;
M.A.T., Seattle University.

NACHMAN, JON T.
ABE & GED
B.A., University of Michigan;
M.A., University of Washington.

NELSON, RANDALL (RANDY)
Librarian

NEWMAN, MARK
English
B.A., University of California at Los Angeles;
M.A., California State University;
Professional Technical Teaching Certificate;
Writer’s Program in Poetry, University of Washington;
TESOL, Seattle University.

NEWMAN, SANDRA
ESL
B.A., M.A., Stanford University.

NGUYEN, LOC H.
Engineering & CAD
B.A., University of Saigon;
A.S., Northeast Wisconsin Technical Institute;
B.S.M.E., Milwaukee School of Engineering;
Professional Technical Teaching Certificate.

NORDLING, JOHN
Accounting
B.S., M.B.A., Oregon State University; CPA;
Professional Technical Teaching Certificate.

OEHLSCHLAEGER-BROWN, JAN
Communication
B.A., University of Washington;
M.A., Portland State University.

O’HOP, CAROL
ESL
B.A., University of Washington;
TESOL Certification, Seattle University.

OTHMAN, JIHAD
Political Science & History
C.A., Ibrahimiya College, Jerusalem;
A.A., Skagit Valley College;
B.A., M.A., Ph.D., University of Washington.
PARK, BERT
Mathematics
B.S., State University of New York, Binghamton;
M.S., University of Minnesota.

PELLMAN, KATHERINE
Speech
B.A., M.A., City University of New York, Queens;
A.B.D., City University of New York.

PHIPPS, CATHERINE
Culinary Arts
A.A., Orange Coast College;
B.A., University of California at Irvine.

PIERCE, THOMAS
Humanities & Philosophy
B.A., Concordia College;
M.A., University of Washington.

POST, FRANK
Mathematics

QUILLIAN, SUZANNE
Developmental English
B.A., M.A., Southern Methodist University;
A.B.D., University of Texas at Austin.

RATHBUN, KATHY
ESL
B.A.Ed., Western Washington University;
M.Ed., Lesley College.

RENOUARD, QIANQIAN
Japanese
Level 1 Certificate, International Academy, Tokyo;
B.A., Doshisha University, Japan.

RICE, ROBERT
Psychology
B.A., M.A., Antioch University, Seattle.

RUEDIGER, OTTO
Commercial Truck Driving

RUJIZ, JESSE
Diesel Mechanics
Professional Technical Teaching Certificate;
Certificates in Diesel Mechanics, Mack Trucks.

RULLAN-MILLARE, REMEDIOS
ESL
B.A., M.A., University of the Philippines;
M.A., Ph.D., University of Washington.

SAFSTROM, PAUL
Intensive English Language Program
B.A., M.A., Seattle University.

SAUER, MARTIN
Mathematics

SCHMIDT, DIANE
Music
B.A., University of Puget Sound;
M.A., University of Washington.

SCHROYER, CAREY
Biology
B.S., Queen’s University;
B.S., D.C., Logan College of Chiropractic.

SETTLES, HOWARD L.
Commercial Truck Driving
Class A, Commercial Truck Driving License,
Endorsements T, P, X;
State of Washington CDL Examiner.

SHATUNOVA, OLGA
Mathematics
M.A., Moscow State University.

SILAS, BARBARA
ESL
B.A., University of Oregon;
M.A., TESOL, Seattle University.

SIMMONS, NATALIE
Mathematics
B.S., Washington State University;
M.A.Ed., Antioch University.

SITTERLEY, MARY
Nursing
R.N., St. Joseph’s School of Nursing;
B.A., Arizona State University;
M.Ed., M.N., University of Washington;
Professional Technical Teaching Certificate.

SKAMSER, SARAH M.
Landscape & Environmental Horticulture
B.S., Michigan State University;
State of Washington Landscapecer Certificate & Nursery Certificate;
Professional Technical Teaching Certificate.

SMITH, VICKY
Home & Family Life
B.A., University of Washington.

SOLYANIK, VALERII
Chemistry
M.S., Moscow Physical Engineering Institute;
Ph.D., Institute for High Energy Physics, Russia.

SPANNAGEL, SABRINA
Spanish

SPARKS, STEPHEN
Culinary Arts, Commercial
Cooking & Classical Cuisine
Certified Executive Chef, Certified Culinary Educator, American Culinary Federation;
Fellow Status in Epicurean World Master Chef Society, London.

SQUIRES, RODGER
Welding Technology
A.A.S., Seattle Central Community College;
Professional Technical Teaching Certificate.

STEFFANCIN, MICHAEL
Physics & Engineering
B.S., Georgia Tech;
M.S., University of Central Florida.

STEGALL, ED
Aviation
FAA License, AirFrame & PowerPlant.

STOFER, ANNETTE
ESL
B.A. Iowa State University; K-12 Certification, University of Iowa;
Advanced TESOL Certification, Seattle University.

STowers, ALLEN D.
Supervision & Management
B.A., M.A., Western Washington University;
Occupational Teaching Certificate.

SULLIVAN, JOHN
Mathematics
B.S.E.E., Gonzaga University;
M.B.A., Seattle University.

SUN, YILIN
ESL
Ph.D., University of Toronto, Canada.

SUNDE, ESTHER
Librarian

TAYLOR, MARY
ESL
B.A., Seattle University;
M.A., University of Washington.

THOMPSON, MICHAEL E.
History & Literature
B.A., M.A., Ph.D., Washington State University.
USHIMARU, KYLENE (KIM)  
Home & Family Life

VAUGHN, DONALD  
Commercial Truck Driving

VITTUM-JONES, MARJIE  
Mathematics  
A.A., Moorpark Community College;  
B.S., University of Washington;  
M.S., Western Washington University.

VU, BAXI  
ESL  
B.S., M.A., Seattle University.

WALSH, TIMOTHY E.  
English & Environmental Studies  
B.A., State University of New York at New Paltz;  
M.Ed., University of Washington.

WEBER, DAVID  
Welding Technology  
A.A.S, Lake Washington Technical College.

WHITHAM, KATHREN  
English  
B.A., M.A., Western Washington University.

WILKINSON, JAMES  
Anatomy  
B.S., University of New Mexico;  
M.S., University of Washington;  
B.A., M.S., M.A., Stephen F. Austin University.

WILLIAMS, ARLEEN  
ESL  
B.A., University of California at Santa Cruz;  
M.Ed., University of Washington;  
English Language Teaching Certificate, Universidad Nacional Autonoma de Mexico.

WRIGHT-THOMPSON, DELTHIA  
RN & Nursing  
A.A., Seattle Central Community College;  
B.A., Boston University;  
M.A., University of Washington.

ZOU, JIAN  
Mathematics  
B.Sc., Wuhan University of Industry, China;  
M.Sc., Ph.D., University of Toronto.
OFFICE OF THE EXECUTIVE DEAN

Student Support Specialist, Bright Future Program
B.A., M.A., University of Colorado.

ADMINISTRATIVE SERVICES

GREG LONERGAN
Manager, Administrative Services
B.S., California Polytechnic University at Pomona; B.A., Seattle University.

MICHAEL BAKER
Manager, Information Technology
B.A., The Evergreen State College.

STUDENT SERVICES

KENNITH YOUNG
Dean, Student Services
B.A., University of North Carolina; M.P.A., City University.

CRYSTAL BAKER
Program Coordinator, Admissions
Certificate of Completion, Seattle Vocational Institute.

GERALD BRADFORD
Workforce Planning & Placement, Recruiting Specialist
B.A., University of Washington.

PORTIA C. CARTER
Director, Student & Community Affairs
Director, Alumni & Fund Development
B.A., University of Washington.

TESSIE GOMEZ
Program Coordinator, Recruiter
A.A., Sienna College; Seattle Central Community College;
B.A., Kyoto University; M.A., Cornell University.

VINCENT A. HAYES
Director, Counseling Center
Faculty, Allied Health
B.A., Pacific University;
M.S.W., University of Washington.

ELMA HORTON
Student Assistance Specialist
A.A., Seattle Central Community College;
B.A., Seattle University;
M.A., City University.

VANESSA LAMB
Student Support Specialist, Pre-
Apprentice Construction Trades (P.A.C.T.)

BEVERLY NILES
Program Coordinator, Registration
Certificate of Completion, Renton Technical College.

YVONNE STARKS
Financial Aid Coordinator
Certificates of Completion, Spaulding Business College,
Seattle Vocational Institute.

OFFICE OF INSTRUCTION

NANCY VERHEYDEN
Dean of Instruction
B.A., Kent State University.

DAVID GOURD
Assistant Dean of Instruction
B.S., Central Connecticut University;
M.B.A., University of Connecticut;
M.S.T., State University of New York-Potsdam.

MICHAEL BAKER
Program Coordinator, Network Technician Program
B.A., The Evergreen State College.

ROSE BAILEY
Learning Specialist
Faculty, Allied Health, Business Computers & P.A.C.T.
B.S., Pacific University of Washington;
M.S., University of Washington.

ROBERTA BYRD-WRIGHT
Director & Faculty, Dental Assistant Program
B.S., Eastern Washington University;
WA Certified Dental Assistant; National, CA
and WA Licensed Dental Hygienist;
Registered Dental Hygienist.

TERESA FERGUSON
Program Administrator, Business
Computers Applications
Faculty, Allied Health & Business
Computers Applications
B.A., Western Washington State University;
M.B.A., City University.

DENISE LICHTY
Program Coordinator, Cosmetology
Faculty, School of Cosmetology
WA Esthetics, Barbering, Manicuring &
Cosmetology Instructor’s License;
Certificate of Completion, Renton Beauty School;
Certificate of Completion, Gene Juarez Academy.

GAIL OUATTARA
Program Coordinator, Health
Unit Coordinator Program
C.H.U.C., National Association of Health
Unit Coordinators.

TU PHAM
WorkFirst Program Coordinator

RICHARD ST. CLARE
Director & Faculty, Medical Assistant Program
B.S., M.B.A., Radford University;
Registered Medical Assistant.

POLLEN SPEED-MCINTYRE
Dental Clinic Director
Faculty, Dental Assistant Program
B.S., South Carolina State University;
M.S., D.D.S., University of Washington.

KENNETH YOUNG
Interim Workforce Development
Manager, Worker Retraining Specialist
B.A., University of North Carolina;
M.P.A., City University.

THE FACULTY

ARBOGAST, JANET
Basic & Transitional Studies & ESL
B.A., University of Washington;
M.Ed., Seattle University.

BACETICH, MICHELE
School of Cosmetology
Certificate of Completion, Gene Juarez
Academy; WA Esthetics, Barbering, Manicuring
& Cosmetology Instructor’s License.
