of the Engineering
Department

Education Pathway

What do you learn?

Faculty

Deck: Captains with experience in passenger vessels, tugs, ferries, tankers

Engineering: Licensed and Chief engineers with experience in diesel, steam, and gas turbine plants

What do you learn?

Topics

- Basic Seamanship
- Watchstanding
- Basic vessel construction
- Use of tools
- Maritime safety
- Survival craft
- Introduction to shipboard engineering

Careers/Jobs

Deckhand: Average salary \$48K annually
28 days on/28 days off

Oiler: Average salary \$63K annually
28 days on/28 days off
